(b)(i) If the county council designates the board of county commissioners as its administrative agent, the board may, by resolution, delegate any of its powers and duties as administrative agent to an executive committee the board establishes from the membership of the county council. The board shall name to the executive committee at least the individuals described in divisions (B)(1)(b) to (h) of this section and may appoint the president of the board or another individual as the chair of the executive committee. The executive committee must include at least one family county council representative who does not have a family member employed by an agency represented on the council.

(ii) The executive committee may, with the approval of the board, hire an executive director to assist the county council in administering its powers and duties. The executive director shall serve in the unclassified civil service at the pleasure of the
executive committee. The executive director may, with the approval of the executive committee, hire other employees as necessary to properly conduct the county council's business.

(iii) The board may require the executive committee to submit an annual budget to the board for approval and may amend or repeal the resolution that delegated to the executive committee its authority as the county council's administrative agent.

(6) Two or more county councils may enter into an agreement to administer their county councils jointly by creating a regional family and children first council. A regional council possesses the same duties and authority possessed by a county council, except that the duties and authority apply regionally rather than to individual counties. Prior to entering into an agreement to create a regional council, the members of each county council to be part of the regional council shall meet to determine whether all or part of the members of each county council will serve as members of the regional council.

(7) A board of county commissioners may approve a resolution by a majority vote of the board's members that requires the county council to submit a statement to the board each time the council proposes to enter into an agreement, adopt a plan, or make a decision, other than a decision pursuant to section 121.38 of the Revised Code, that requires the expenditure of funds for two or more families. The statement shall describe the proposed agreement, plan, or decision.

Not later than fifteen days after the board receives the statement, it shall, by resolution approved by a majority of its members, approve or disapprove the agreement, plan, or decision. Failure of the board to pass a resolution during that time period shall be considered approval of the agreement, plan, or decision.

An agreement, plan, or decision for which a statement is
required to be submitted to the board shall be implemented only if it is approved by the board.

(C) Each county shall develop a county service coordination mechanism. The county service coordination mechanism shall serve as the guiding document for coordination of services in the county. For children who also receive services under the help me grow program, the service coordination mechanism shall be consistent with rules adopted by the department of health under section 3701.61 of the Revised Code. All family service coordination plans shall be developed in accordance with the county service coordination mechanism. The mechanism shall be developed and approved with the participation of the county entities representing child welfare; developmental disabilities; alcohol, drug addiction, and mental health services; health; juvenile judges; education; the county family and children first council; and the county early intervention collaborative established pursuant to the federal early intervention program operated under the "Individuals with Disabilities Education Act of 2004." The county shall establish an implementation schedule for the mechanism. The cabinet council may monitor the implementation and administration of each county's service coordination mechanism.

Each mechanism shall include all of the following:

(1) A procedure for an agency, including a juvenile court, or a family voluntarily seeking service coordination, to refer the child and family to the county council for service coordination in accordance with the mechanism;

(2) A procedure ensuring that a family and all appropriate staff from involved agencies, including a representative from the appropriate school district, are notified of and invited to participate in all family service coordination plan meetings;
(3) A procedure that permits a family to initiate a meeting to develop or review the family's service coordination plan and allows the family to invite a family advocate, mentor, or support person of the family's choice to participate in any such meeting;

(4) A procedure for ensuring that a family service coordination plan meeting is conducted for each child who receives service coordination under the mechanism and for whom an emergency out-of-home placement has been made or for whom a nonemergency out-of-home placement is being considered. The meeting shall be conducted within ten days of an emergency out-of-home placement. The meeting shall be conducted before a nonemergency out-of-home placement. The family service coordination plan shall outline how the county council members will jointly pay for services, where applicable, and provide services in the least restrictive environment.

(5) A procedure for monitoring the progress and tracking the outcomes of each service coordination plan requested in the county including monitoring and tracking children in out-of-home placements to assure continued progress, appropriateness of placement, and continuity of care after discharge from placement with appropriate arrangements for housing, treatment, and education;

(6) A procedure for protecting the confidentiality of all personal family information disclosed during service coordination meetings or contained in the comprehensive family service coordination plan;

(7) A procedure for assessing the needs and strengths of any child or family that has been referred to the council for service coordination, including a child whose parent or custodian is voluntarily seeking services, and for ensuring that parents and custodians are afforded the opportunity to participate;
(8) A procedure for development of a family service coordination plan described in division (D) of this section;

(9) A local dispute resolution process to serve as the process that must be used first to resolve disputes among the agencies represented on the county council concerning the provision of services to children, including children who are abused, neglected, dependent, unruly, alleged unruly, or delinquent children and under the jurisdiction of the juvenile court and children whose parents or custodians are voluntarily seeking services. The local dispute resolution process shall comply with sections 121.38, 121.381, and 121.382 of the Revised Code. The local dispute resolution process shall be used to resolve disputes between a child's parents or custodians and the county council regarding service coordination. The county council shall inform the parents or custodians of their right to use the dispute resolution process. Parents or custodians shall use existing local agency grievance procedures to address disputes not involving service coordination. The dispute resolution process is in addition to and does not replace other rights or procedures that parents or custodians may have under other sections of the Revised Code.

The cabinet council shall adopt rules in accordance with Chapter 119. of the Revised Code establishing an administrative review process to address problems that arise concerning the operation of a local dispute resolution process.

Nothing in division (C)(4) of this section shall be interpreted as overriding or affecting decisions of a juvenile court regarding an out-of-home placement, long-term placement, or emergency out-of-home placement.

(D) Each county shall develop a family service coordination plan that does all of the following:
(1) Designates service responsibilities among the various state and local agencies that provide services to children and their families, including children who are abused, neglected, dependent, unruly, or delinquent children and under the jurisdiction of the juvenile court and children whose parents or custodians are voluntarily seeking services;

(2) Designates an individual, approved by the family, to track the progress of the family service coordination plan, schedule reviews as necessary, and facilitate the family service coordination plan meeting process;

(3) Ensures that assistance and services to be provided are responsive to the strengths and needs of the family, as well as the family's culture, race, and ethnic group, by allowing the family to offer information and suggestions and participate in decisions. Identified assistance and services shall be provided in the least restrictive environment possible.

(4) Includes a process for dealing with a child who is alleged to be an unruly child. The process shall include methods to divert the child from the juvenile court system;

(5) Includes timelines for completion of goals specified in the plan with regular reviews scheduled to monitor progress toward those goals;

(6) Includes a plan for dealing with short-term crisis situations and safety concerns.

(E)(1) The process provided for under division (D)(4) of this section may include, but is not limited to, the following:

(a) Designation of the person or agency to conduct the assessment of the child and the child's family as described in division (C)(7) of this section and designation of the instrument or instruments to be used to conduct the assessment;
(b) An emphasis on the personal responsibilities of the child and the parental responsibilities of the parents, guardian, or custodian of the child;

(c) Involvement of local law enforcement agencies and officials.

(2) The method to divert a child from the juvenile court system that must be included in the service coordination process may include, but is not limited to, the following:

(a) The preparation of a complaint under section 2151.27 of the Revised Code alleging that the child is an unruly child and notifying the child and the parents, guardian, or custodian that the complaint has been prepared to encourage the child and the parents, guardian, or custodian to comply with other methods to divert the child from the juvenile court system;

(b) Conducting a meeting with the child, the parents, guardian, or custodian, and other interested parties to determine the appropriate methods to divert the child from the juvenile court system;

(c) A method to provide to the child and the child's family a short-term respite from a short-term crisis situation involving a confrontation between the child and the parents, guardian, or custodian;

(e) A program to provide parenting education to the parents, guardian, or custodian;

(f) An alternative school program for children who are truant from school, repeatedly disruptive in school, or suspended or expelled from school;

(g) Other appropriate measures, including, but not limited
to, any alternative methods to divert a child from the juvenile court system that are identified by the Ohio family and children first cabinet council.

(F) Each county may review and revise the service coordination process described in division (D) of this section based on the availability of funds under Title IV-A of the "Social Security Act," 110 Stat. 2113 (1996), 42 U.S.C.A. 601, as amended, or to the extent resources are available from any other federal, state, or local funds.

The executive director shall supervise the commission's activities and report to the commission on the progress of those activities. Personnel employed by the commission who are subject to Chapter 4117. of the Revised Code shall retain all of their rights and benefits conferred pursuant to that chapter. The cabinet council shall establish a state appeals process to resolve disputes among the members of a county council concerning whether reasonable responsibilities as members are being shared. The appeals process may be accessed only by a majority vote of the council members who are required to serve on the council. Upon appeal, the cabinet council may order that state funds for services to children and families be redirected to a county's board of county commissioners.

The county's juvenile court judge senior in service or another judge of the juvenile court designated by the administrative judge or, where there is no administrative judge, by the judge senior in service shall serve as the judicial advisor to the county family and children first council. The judge may advise the county council on the court's utilization of resources, services, or programs provided by the entities represented by the members of the county council and how those resources, services, or programs assist the court in its administration of justice. Service of a judge as a judicial advisor pursuant to this section
is a judicial function.

council whenever the county council performs a function subject to
those rules or agreements.

(b) On application of a county council, the cabinet council

a state department participating on the council if an exemption is
necessary for the council to implement an alternative program or

application shall describe the proposed program or approach and
specify the rules or interagency agreements from which an
exemption is necessary. The cabinet council shall approve or
disapprove the application in accordance with standards and

implemented, including a reasonable period during which the
program or approach is being evaluated for effectiveness.

(5)(a) Each county council shall designate an administrative agent for the council from among the following public entities:

Any of the foregoing public entities, other than the board of county commissioners, may decline to serve as the council's administrative agent.

A county council's administrative agent shall serve as the council's appointing authority for any employees of the council. The council shall file an annual budget with its administrative agent, with copies filed with the county auditor and with the board of county commissioners, unless the board is serving as the council's administrative agent. The council's administrative agent shall ensure that all expenditures are handled in accordance with policies, procedures, and activities prescribed by state departments in rules or interagency agreements that are applicable to the council's functions.

The administrative agent of a county council shall send notice of a member's absence if a member listed in division (B)(1) of this section has been absent from either three consecutive meetings of the county council or a county council subcommittee, or from one-quarter of such meetings in a calendar year, whichever is less. The notice shall be sent to the board of county
commissioners that establishes the county council and, for the members listed in divisions (B)(1)(b), (c), (e), and (l) of this section, to the governing board overseeing the respective entity; for the member listed in division (B)(1)(f) of this section, to the county board of developmental disabilities that employs the superintendent; for a member listed in division (B)(1)(g) or (h) of this section, to the school board that employs the superintendent; for the member listed in division (B)(1)(i) of this section, to the mayor of the municipal corporation; for the member listed in division (B)(1)(k) of this section, to the director of youth services; and for the member listed in division (B)(1)(n) of this section, to that member's board of trustees.

The administrative agent for a county council may do any of the following on behalf of the council:

(i) Enter into agreements or administer contracts with public or private entities to fulfill specific council business. Such agreements and contracts are exempt from the competitive bidding requirements of section 307.86 of the Revised Code if they have been approved by the county council and they are for the purchase of family and child welfare or child protection services or other social or job and family services for families and children. The approval of the county council is not required to exempt agreements or contracts entered into under section 5139.34, 5139.41, or 5139.43 of the Revised Code from the competitive bidding requirements of section 307.86 of the Revised Code.

(ii) As determined by the council, provide financial stipends, reimbursements, or both, to family representatives for expenses related to council activity;

(iii) Receive by gift, grant, devise, or bequest any moneys, lands, or other property for the purposes for which the council is established. The agent shall hold, apply, and dispose of the moneys, lands, or other property according to the terms of the
gift, grant, devise, or bequest. Any interest or earnings shall be treated in the same manner and are subject to the same terms as the gift, grant, devise, or bequest from which it accrues.

(b)(i) If the county council designates the board of county commissioners as its administrative agent, the board may, by resolution, delegate any of its powers and duties as administrative agent to an executive committee the board establishes from the membership of the county council. The board shall name to the executive committee at least the individuals described in divisions (B)(1)(b) to (h) of this section and may appoint the president of the board or another individual as the chair of the executive committee. The executive committee must include at least one family county council representative who does not have a family member employed by an agency represented on the council.

(ii) The executive committee may, with the approval of the board, hire an executive director to assist the county council in administering its powers and duties. The executive director shall serve in the unclassified civil service at the pleasure of the executive committee. The executive director may, with the approval of the executive committee, hire other employees as necessary to properly conduct the county council's business.

(iii) The board may require the executive committee to submit an annual budget to the board for approval and may amend or repeal the resolution that delegated to the executive committee its authority as the county council's administrative agent.

(6) Two or more county councils may enter into an agreement to administer their county councils jointly by creating a regional family and children first council. A regional council possesses the same duties and authority possessed by a county council, except that the duties and authority apply regionally rather than to individual counties. Prior to entering into an agreement to
create a regional council, the members of each county council to be part of the regional council shall meet to determine whether all or part of the members of each county council will serve as members of the regional council.

(7) A board of county commissioners may approve a resolution by a majority vote of the board's members that requires the county council to submit a statement to the board each time the council proposes to enter into an agreement, adopt a plan, or make a decision, other than a decision pursuant to section 121.38 of the Revised Code, that requires the expenditure of funds for two or more families. The statement shall describe the proposed agreement, plan, or decision.

Not later than fifteen days after the board receives the statement, it shall, by resolution approved by a majority of its members, approve or disapprove the agreement, plan, or decision. Failure of the board to pass a resolution during that time period shall be considered approval of the agreement, plan, or decision.

An agreement, plan, or decision for which a statement is required to be submitted to the board shall be implemented only if it is approved by the board.

(C) Each county shall develop a county service coordination mechanism. The county service coordination mechanism shall serve as the guiding document for coordination of services in the county. For children who also receive services under the help me grow program, the service coordination mechanism shall be consistent with rules adopted by the department of health under section 3701.61 5180.21 of the Revised Code. All family service coordination plans shall be developed in accordance with the county service coordination mechanism. The mechanism shall be developed and approved with the participation of the county entities representing child welfare; developmental disabilities; alcohol, drug addiction, and mental health services; health;
juvenile judges; education; the county family and children first council; and the county early intervention collaborative established pursuant to the federal early intervention program operated under the "Individuals with Disabilities Education Act of 2004." The county shall establish an implementation schedule for the mechanism. The cabinet council may monitor the implementation and administration of each county's service coordination mechanism.

Each mechanism shall include all of the following:

1. A procedure for an agency, including a juvenile court, or a family voluntarily seeking service coordination, to refer the child and family to the county council for service coordination in accordance with the mechanism;

2. A procedure ensuring that a family and all appropriate staff from involved agencies, including a representative from the appropriate school district, are notified of and invited to participate in all family service coordination plan meetings;

3. A procedure that permits a family to initiate a meeting to develop or review the family's service coordination plan and allows the family to invite a family advocate, mentor, or support person of the family's choice to participate in any such meeting;

4. A procedure for ensuring that a family service coordination plan meeting is conducted for each child who receives service coordination under the mechanism and for whom an emergency out-of-home placement has been made or for whom a nonemergency out-of-home placement is being considered. The meeting shall be conducted within ten days of an emergency out-of-home placement. The meeting shall be conducted before a nonemergency out-of-home placement. The family service coordination plan shall outline how the county council members will jointly pay for services, where applicable, and provide services in the least restrictive...
environment.

(5) A procedure for monitoring the progress and tracking the outcomes of each service coordination plan requested in the county including monitoring and tracking children in out-of-home placements to assure continued progress, appropriateness of placement, and continuity of care after discharge from placement with appropriate arrangements for housing, treatment, and education;

(6) A procedure for protecting the confidentiality of all personal family information disclosed during service coordination meetings or contained in the comprehensive family service coordination plan;

(7) A procedure for assessing the needs and strengths of any child or family that has been referred to the council for service coordination, including a child whose parent or custodian is voluntarily seeking services, and for ensuring that parents and custodians are afforded the opportunity to participate;

(8) A procedure for development of a family service coordination plan described in division (D) of this section;

(9) A local dispute resolution process to serve as the process that must be used first to resolve disputes among the agencies represented on the county council concerning the provision of services to children, including children who are abused, neglected, dependent, unruly, alleged unruly, or delinquent children and under the jurisdiction of the juvenile court and children whose parents or custodians are voluntarily seeking services. The local dispute resolution process shall comply with sections 121.38, 121.381, and 121.382 of the Revised Code. The local dispute resolution process shall be used to resolve disputes between a child's parents or custodians and the county council regarding service coordination. The county council
shall inform the parents or custodians of their right to use the dispute resolution process. Parents or custodians shall use existing local agency grievance procedures to address disputes not involving service coordination. The dispute resolution process is in addition to and does not replace other rights or procedures that parents or custodians may have under other sections of the Revised Code.

The cabinet council shall adopt rules in accordance with Chapter 119. of the Revised Code establishing an administrative review process to address problems that arise concerning the operation of a local dispute resolution process.

Nothing in division (C)(4) of this section shall be interpreted as overriding or affecting decisions of a juvenile court regarding an out-of-home placement, long-term placement, or emergency out-of-home placement.

(D) Each county shall develop a family service coordination plan that does all of the following:

present in court for the dispositional hearing in order to affirm
the person's intention to become legal custodian, to affirm that
the person understands the effect of the custodianship before the
court, and to answer any questions that the court or any parties
to the case may have.
(4) Commit the child to the permanent custody of a public children services agency or private child placing agency, if the court determines in accordance with division (E) of section 2151.414 of the Revised Code that the child cannot be placed with one of the child's parents within a reasonable time or should not be placed with either parent and determines in accordance with division (D)(1) of section 2151.414 of the Revised Code that the permanent commitment is in the best interest of the child. If the court grants permanent custody under this division, the court, upon the request of any party, shall file a written opinion setting forth its findings of fact and conclusions of law in relation to the proceeding.

(5) Place the child in a planned permanent living arrangement with a public children services agency or private child placing agency, if a public children services agency or private child placing agency requests the court to place the child in a planned permanent living arrangement and if the court finds, by clear and convincing evidence, that a planned permanent living arrangement is in the best interest of the child, that the child is sixteen years of age or older, and that one of the following exists:

(a) The child, because of physical, mental, or psychological problems or needs, is unable to function in a family-like setting and must remain in residential or institutional care now and for the foreseeable future beyond the date of the dispositional hearing held pursuant to section 2151.35 of the Revised Code.

(b) The parents of the child have significant physical, mental, or psychological problems and are unable to care for the child because of those problems, adoption is not in the best interest of the child, as determined in accordance with division (D)(1) of section 2151.414 of the Revised Code, and the child retains a significant and positive relationship with a parent or relative.
(c) The child has been counseled on the permanent placement options available to the child, and is unwilling to accept or unable to adapt to a permanent placement.

(6) Order the removal from the child's home until further order of the court of the person who committed abuse as described in section 2151.031 of the Revised Code against the child, who caused or allowed the child to suffer neglect as described in section 2151.03 of the Revised Code, or who is the parent, guardian, or custodian of a child who is adjudicated a dependent child and order any person not to have contact with the child or the child's siblings.

(B)(1) When making a determination on whether to place a child in a planned permanent living arrangement pursuant to division (A)(5)(b) or (c) of this section, the court shall consider all relevant information that has been presented to the court, including information gathered from the child, the child's guardian ad litem, and the public children services agency or private child placing agency.

(2) A child who is placed in a planned permanent living arrangement pursuant to division (A)(5)(b) or (c) of this section shall be placed in an independent living setting or in a family setting in which the caregiver has been provided by the agency that has custody of the child with a notice that addresses the following:

(a) The caregiver understands that the planned permanent living arrangement is intended to be permanent in nature and that the caregiver will provide a stable placement for the child through the child's emancipation or until the court releases the child from the custody of the agency, whichever occurs first.

(b) The caregiver is expected to actively participate in the youth's independent living case plan, attend agency team meetings
and court hearings as appropriate, complete training, as developed and implemented under section 5103.035 of the Revised Code, related to providing the child independent living services, and assist in the child's transition into adulthood.

(3) The department of children and family services shall develop a model notice to be provided by an agency that has custody of a child to a caregiver under division (B)(2) of this section. The agency may modify the model notice to apply to the needs of the agency.

(C) No order for permanent custody or temporary custody of a child or the placement of a child in a planned permanent living arrangement shall be made pursuant to this section unless the complaint alleging the abuse, neglect, or dependency contains a prayer requesting permanent custody, temporary custody, or the placement of the child in a planned permanent living arrangement as desired, the summons served on the parents of the child contains as is appropriate a full explanation that the granting of an order for permanent custody permanently divests them of their parental rights, a full explanation that an adjudication that the child is an abused, neglected, or dependent child may result in an order of temporary custody that will cause the removal of the child from their legal custody until the court terminates the order of temporary custody or permanently divests the parents of their parental rights, or a full explanation that the granting of an order for a planned permanent living arrangement will result in the removal of the child from their legal custody if any of the conditions listed in divisions (A)(5)(a) to (c) of this section are found to exist, and the summons served on the parents contains a full explanation of their right to be represented by counsel and to have counsel appointed pursuant to Chapter 120. of the Revised Code if they are indigent.

If after making disposition as authorized by division (A)(2)
of this section, a motion is filed that requests permanent custody of the child, the court may grant permanent custody of the child to the movant in accordance with section 2151.414 of the Revised Code.

(D) If the court issues an order for protective supervision pursuant to division (A)(1) of this section, the court may place any reasonable restrictions upon the child, the child's parents, guardian, or custodian, or any other person, including, but not limited to, any of the following:

(1) Order a party, within forty-eight hours after the issuance of the order, to vacate the child's home indefinitely or for a specified period of time;

(2) Order a party, a parent of the child, or a physical custodian of the child to prevent any particular person from having contact with the child;

(3) Issue an order restraining or otherwise controlling the conduct of any person which conduct would not be in the best interest of the child.

(E) As part of its dispositional order, the court shall journalize a case plan for the child. The journalized case plan shall not be changed except as provided in section 2151.412 of the Revised Code.

(F)(1) The court shall retain jurisdiction over any child for whom the court issues an order of disposition pursuant to division (A) of this section or pursuant to section 2151.414 or 2151.415 of the Revised Code until the child attains the age of eighteen years if the child does not have a developmental disability or physical impairment, the child attains the age of twenty-one years if the child has a developmental disability or physical impairment, or the child is adopted and a final decree of adoption is issued, except that the court may retain jurisdiction over the child and
continue any order of disposition under division (A) of this section or under section 2151.414 or 2151.415 of the Revised Code for a specified period of time to enable the child to graduate from high school or vocational school. The court shall make an entry continuing its jurisdiction under this division in the journal.

(2) Any public children services agency, any private child placing agency, the department of job children and family services youth, or any party, other than any parent whose parental rights with respect to the child have been terminated pursuant to an order issued under division (A)(4) of this section, by filing a motion with the court, may at any time request the court to modify or terminate any order of disposition issued pursuant to division (A) of this section or section 2151.414 or 2151.415 of the Revised Code. The court shall hold a hearing upon the motion as if the hearing were the original dispositional hearing and shall give all parties to the action and the guardian ad litem notice of the hearing pursuant to the Juvenile Rules. If applicable, the court shall comply with section 2151.42 of the Revised Code.

(G) Any temporary custody order issued pursuant to division (A) of this section shall terminate one year after the earlier of the date on which the complaint in the case was filed or the child was first placed into shelter care, except that, upon the filing of a motion pursuant to section 2151.415 of the Revised Code, the temporary custody order shall continue and not terminate until the court issues a dispositional order under that section. In resolving the motion, the court shall not order an existing temporary custody order to continue beyond two years after the date on which the complaint was filed or the child was first placed into shelter care, whichever date is earlier, regardless of whether any extensions have been previously ordered pursuant to division (D) of section 2151.415 of the Revised Code.
(H)(1) No later than one year after the earlier of the date
the complaint in the case was filed or the child was first placed
in shelter care, a party may ask the court to extend an order for
protective supervision for six months or to terminate the order. A
party requesting extension or termination of the order shall file
a written request for the extension or termination with the court
and give notice of the proposed extension or termination in
writing before the end of the day after the day of filing it to
all parties and the child's guardian ad litem. If a public
children services agency or private child placing agency requests
termination of the order, the agency shall file a written status
report setting out the facts supporting termination of the order
at the time it files the request with the court. If no party
requests extension or termination of the order, the court shall
notify the parties that the court will extend the order for six
months or terminate it and that it may do so without a hearing
unless one of the parties requests a hearing. All parties and the
guardian ad litem shall have seven days from the date a notice is
sent pursuant to this division to object to and request a hearing
on the proposed extension or termination.

(a) If it receives a timely request for a hearing, the court
shall schedule a hearing to be held no later than thirty days
after the request is received by the court. The court shall give
notice of the date, time, and location of the hearing to all
parties and the guardian ad litem. At the hearing, the court shall
determine whether extension or termination of the order is in the
child's best interest. If termination is in the child's best
interest, the court shall terminate the order. If extension is in
the child's best interest, the court shall extend the order for
six months.

(b) If it does not receive a timely request for a hearing,
the court may extend the order for six months or terminate it
without a hearing and shall journalize the order of extension or
termination not later than fourteen days after receiving the
request for extension or termination or after the date the court
notifies the parties that it will extend or terminate the order. If
the court does not extend or terminate the order, it shall
schedule a hearing to be held no later than thirty days after the
expiration of the applicable fourteen-day time period and give
notice of the date, time, and location of the hearing to all
parties and the child's guardian ad litem. At the hearing, the
court shall determine whether extension or termination of the
order is in the child's best interest. If termination is in the
child's best interest, the court shall terminate the order. If
extension is in the child's best interest, the court shall issue
an order extending the order for protective supervision six
months.

(2) If the court grants an extension of the order for
protective supervision pursuant to division (H)(1) of this
section, a party may, prior to termination of the extension, file
with the court a request for an additional extension of six months
or for termination of the order. The court and the parties shall
comply with division (H)(1) of this section with respect to
extending or terminating the order.

(3) If a court grants an extension pursuant to division
(H)(2) of this section, the court shall terminate the order for
protective supervision at the end of the extension.

(I) The court shall not issue a dispositional order pursuant
to division (A) of this section that removes a child from the
child's home unless the court complies with section 2151.419 of
the Revised Code and includes in the dispositional order the
findings of fact required by that section.

(J) If a motion or application for an order described in
division (A)(6) of this section is made, the court shall not issue
the order unless, prior to the issuance of the order, it provides to the person all of the following:

(1) Notice and a copy of the motion or application;
(2) The grounds for the motion or application;
(3) An opportunity to present evidence and witnesses at a hearing regarding the motion or application;
(4) An opportunity to be represented by counsel at the hearing.

(K) The jurisdiction of the court shall terminate one year after the date of the award or, if the court takes any further action in the matter subsequent to the award, the date of the latest further action subsequent to the award, if the court awards legal custody of a child to either of the following:

(1) A legal custodian who, at the time of the award of legal custody, resides in a county of this state other than the county in which the court is located;
(2) A legal custodian who resides in the county in which the court is located at the time of the award of legal custody, but moves to a different county of this state prior to one year after the date of the award or, if the court takes any further action in the matter subsequent to the award, one year after the date of the latest further action subsequent to the award.

The court in the county in which the legal custodian resides then shall have jurisdiction in the matter.

Sec. 2151.3519. On receipt of a notice given pursuant to section 2151.3518 of the Revised Code that an emergency medical service organization, a law enforcement agency, or hospital has taken possession of a child and in accordance with rules of the department of job children and family services youth, a public children services agency shall do all of the following:
(A) Consider the child to be in need of public care and protective services;

(B) Accept and take emergency temporary custody of the child;

(C) Provide temporary emergency care for the child, without agreement or commitment;

(D) Make an investigation concerning the child;

(E) File a motion with the juvenile court of the county in which the agency is located requesting that the court grant temporary custody of the child to the agency or to a private child placing agency;

(F) Provide any care for the child that the public children services agency considers to be in the best interest of the child, including placing the child in shelter care;

(G) Provide any care and perform any duties that are required of public children services agencies under section 5153.16 of the Revised Code;

(H) Prepare and keep written records of the investigation of the child, of the care and treatment afforded the child, and any other records required by the department of job children and family services youth.

Sec. 2151.3534. (A) The director of job children and family services youth shall promulgate forms designed to gather pertinent medical information concerning a deserted child and the child's parents. The forms shall clearly and unambiguously state on each page that the information requested is to facilitate medical care for the child, that the forms may be fully or partially completed or left blank, that completing the forms or parts of the forms is completely voluntary, and that no adverse legal consequence will result from failure to complete any part of the forms.

(B) The director shall promulgate written materials to be
made available to the parents of a child delivered pursuant to section 2151.3516 of the Revised Code. The materials shall describe services available to assist parents and newborns and shall include information directly relevant to situations that might cause parents to desert a child and information on the procedures for a person to follow in order to reunite with a child the person delivered under section 2151.3516 of the Revised Code, including notice that the person will be required to submit to a DNA test, at that person's expense, to prove that the person is the parent of the child.

(C) If the department of job and family services determines that money in the putative father registry fund created under section 2101.16 of the Revised Code is more than is needed for its duties related to the putative father registry, the department may use surplus moneys in the fund for costs related to the development and publication of forms and materials promulgated pursuant to divisions (A) and (B) of this section.

Sec. 2151.3535. (A) The director of job children and family services youth shall distribute the medical information forms and written materials promulgated under section 2151.3534 of the Revised Code to entities permitted to receive a deserted child, to public children services agencies, and to other public or private agencies that, in the discretion of the director, are best able to disseminate the forms and materials to the persons who are most in need of the forms and materials.

The department of job children and family services youth shall develop an educational plan, in collaboration with the Ohio family and children first cabinet council, for informing at-risk populations who are most likely to voluntarily deliver a child under section 2151.3516 of the Revised Code concerning the provisions of sections 2151.3516 to 2151.3535 of the Revised Code.
(B) If the department of job and family services determines that money in the putative father registry fund created under section 2101.16 of the Revised Code is more than is needed to perform its duties related to the putative father registry, the department may use surplus moneys in the fund for costs related to the distribution of forms and materials pursuant to this section.

Sec. 2151.36. Except as provided in section 2151.361 of the Revised Code, when a child has been committed as provided by this chapter or Chapter 2152. of the Revised Code, the juvenile court shall issue an order pursuant to Chapters 3119., 3121., 3123., and 3125. of the Revised Code requiring that the parent, guardian, or person charged with the child's support pay for the care, support, maintenance, and education of the child. The juvenile court shall order that the parents, guardian, or person pay for the expenses involved in providing orthopedic, medical, or surgical treatment for, or for special care of, the child, enter a judgment for the amount due, and enforce the judgment by execution as in the court of common pleas.

Any expenses incurred for the care, support, maintenance, education, orthopedic, medical, or surgical treatment, and special care of a child who has a legal settlement in another county shall be at the expense of the county of legal settlement if the consent of the juvenile judge of the county of legal settlement is first obtained. When the consent is obtained, the board of county commissioners of the county in which the child has a legal settlement shall reimburse the committing court for the expenses out of its general fund. If the department of job children and family services considers it to be in the best interest of any delinquent, dependent, unruly, abused, or neglected child who has a legal settlement in a foreign state or country that the child be returned to the state or country of legal settlement, the juvenile court may commit the child to the department for the
Any expenses ordered by the court for the care, support, maintenance, education, orthopedic, medical, or surgical treatment, or special care of a dependent, neglected, abused, unruly, or delinquent child or of a juvenile traffic offender under this chapter or Chapter 2152. of the Revised Code, except the part of the expense that may be paid by the state or federal government or paid by the parents, guardians, or person charged with the child's support pursuant to this section, shall be paid from the county treasury upon specifically itemized vouchers, certified to by the judge. The court shall not be responsible for any expenses resulting from the commitment of children to any home, public children services agency, private child placing agency, or other institution, association, or agency, unless the court authorized the expenses at the time of commitment.

Sec. 2151.39. No person, association or agency, public or private, of another state, incorporated or otherwise, shall place a child in a family home or with an agency or institution within the boundaries of this state, either for temporary or permanent care or custody or for adoption, unless such person or association has furnished the department of children and family services youth with a medical and social history of the child, pertinent information about the family, agency, association, or institution in this state with whom the sending party desires to place the child, and any other information or financial guaranty required by the department to determine whether the proposed placement will meet the needs of the child. The department may require the party desiring the placement to agree to promptly receive and remove from the state a child brought into the state whose placement has not proven satisfactorily responsive to the needs of the child at any time until the child is adopted, reaches majority, becomes self-supporting or is discharged with the concurrence of the
department. All placements proposed to be made in this state by a party located in a state which is a party to the interstate compact for the placement of children shall be made according to the provisions of sections 5103.20 to 5103.22 of the Revised Code, or, if the interstate compact on the placement of children is in effect in this state, all placements proposed to be made in this state by a party located in a state that is a party to that compact shall be made according to the provisions of sections 5103.23 to 5103.237 of the Revised Code.

Sec. 2151.412. (A) Each public children services agency and private child placing agency shall prepare and maintain a case plan for any child to whom the agency is providing services and to whom any of the following applies:

(1) The agency filed a complaint pursuant to section 2151.27 of the Revised Code alleging that the child is an abused, neglected, or dependent child;

(2) The agency has temporary or permanent custody of the child;

(3) The child is living at home subject to an order for protective supervision;

(4) The child is in a planned permanent living arrangement.

Except as provided by division (A)(2) of section 5103.153 of the Revised Code, a private child placing agency providing services to a child who is the subject of a voluntary permanent custody surrender agreement entered into under division (B)(2) of section 5103.15 of the Revised Code is not required to prepare and maintain a case plan for that child.

(B) Each public children services agency shall prepare and maintain a case plan for any child for whom the agency is providing in-home services pursuant to an alternative response.
(C)(1) The director of children and family services youth shall adopt rules pursuant to Chapter 119. of the Revised Code setting forth the content and format of case plans required by division (A) of this section and establishing procedures for developing, implementing, and changing the case plans. The rules shall at a minimum comply with the requirements of Title IV-E of the "Social Security Act," 42 U.S.C. 670, et seq. (1980).

(2) The director of children and family services youth shall adopt rules pursuant to Chapter 119. of the Revised Code requiring public children services agencies and private child placing agencies to maintain case plans for children and their families who are receiving services in their homes from the agencies and for whom case plans are not required by division (A) of this section. The rules for public children services agencies shall include the requirements for case plans maintained for children and their families who are receiving services in their homes from public children services agencies pursuant to an alternative response. The agencies shall maintain case plans as required by those rules; however, the case plans shall not be subject to any other provision of this section except as specifically required by the rules.

(D) Each public children services agency and private child placing agency that is required by division (A) of this section to maintain a case plan shall file the case plan with the court prior to the child's adjudicatory hearing but no later than thirty days after the earlier of the date on which the complaint in the case was filed or the child was first placed into shelter care. If the agency does not have sufficient information prior to the adjudicatory hearing to complete any part of the case plan, the agency shall specify in the case plan the additional information necessary to complete each part of the case plan and the steps that will be taken to obtain that information. All parts of the
case plan shall be completed by the earlier of thirty days after
the adjudicatory hearing or the date of the dispositional hearing
for the child.

    (E) Any agency that is required by division (A) of this
section to prepare a case plan shall attempt to obtain an
agreement among all parties, including, but not limited to, the
parents, guardian, or custodian of the child and the guardian ad
litem of the child regarding the content of the case plan. If all
parties agree to the content of the case plan and the court
approves it, the court shall journalize it as part of its
dispositional order. If the agency cannot obtain an agreement upon
the contents of the case plan or the court does not approve it,
the parties shall present evidence on the contents of the case
plan at the dispositional hearing. The court, based upon the
evidence presented at the dispositional hearing and the best
interest of the child, shall determine the contents of the case
plan and journalize it as part of the dispositional order for the
child.

    (F)(1) All parties, including the parents, guardian, or
custodian of the child, are bound by the terms of the journalized
case plan. A party that fails to comply with the terms of the
journalized case plan may be held in contempt of court.

    (2) Any party may propose a change to a substantive part of
the case plan, including, but not limited to, the child's
placement and the visitation rights of any party. A party
proposing a change to the case plan shall file the proposed change
with the court and give notice of the proposed change in writing
before the end of the day after the day of filing it to all
parties and the child's guardian ad litem. All parties and the
guardian ad litem shall have seven days from the date the notice
is sent to object to and request a hearing on the proposed change.

    (a) If it receives a timely request for a hearing, the court

shall schedule a hearing pursuant to section 2151.417 of the Revised Code to be held no later than thirty days after the request is received by the court. The court shall give notice of the date, time, and location of the hearing to all parties and the guardian ad litem. The agency may implement the proposed change after the hearing, if the court approves it. The agency shall not implement the proposed change unless it is approved by the court.

(b) If it does not receive a timely request for a hearing, the court may approve the proposed change without a hearing. If the court approves the proposed change without a hearing, it shall journalize the case plan with the change not later than fourteen days after the change is filed with the court. If the court does not approve the proposed change to the case plan, it shall schedule a hearing to be held pursuant to section 2151.417 of the Revised Code no later than thirty days after the expiration of the fourteen-day time period and give notice of the date, time, and location of the hearing to all parties and the guardian ad litem of the child. If, despite the requirements of division (F)(2) of this section, the court neither approves and journalizes the proposed change nor conducts a hearing, the agency may implement the proposed change not earlier than fifteen days after it is submitted to the court.

(3) If an agency has reasonable cause to believe that a child is suffering from illness or injury and is not receiving proper care and that an appropriate change in the child's case plan is necessary to prevent immediate or threatened physical or emotional harm, to believe that a child is in immediate danger from the child's surroundings and that an immediate change in the child's case plan is necessary to prevent immediate or threatened physical or emotional harm to the child, or to believe that a parent, guardian, custodian, or other member of the child's household has abused or neglected the child and that the child is in danger of
immediate or threatened physical or emotional harm from that
person unless the agency makes an appropriate change in the
child's case plan, it may implement the change without prior
agreement or a court hearing and, before the end of the next day
after the change is made, give all parties, the guardian ad litem
of the child, and the court notice of the change. Before the end
of the third day after implementing the change in the case plan,
the agency shall file a statement of the change with the court and
give notice of the filing accompanied by a copy of the statement
to all parties and the guardian ad litem. All parties and the
guardian ad litem shall have ten days from the date the notice is
sent to object to and request a hearing on the change.

(a) If it receives a timely request for a hearing, the court
shall schedule a hearing pursuant to section 2151.417 of the
Revised Code to be held no later than thirty days after the
request is received by the court. The court shall give notice of
the date, time, and location of the hearing to all parties and the
guardian ad litem. The agency shall continue to administer the
case plan with the change after the hearing, if the court approves
the change. If the court does not approve the change, the court
shall make appropriate changes to the case plan and shall
journalize the case plan.

(b) If it does not receive a timely request for a hearing,
the court may approve the change without a hearing. If the court
approves the change without a hearing, it shall journalize the
case plan with the change within fourteen days after receipt of
the change. If the court does not approve the change to the case
plan, it shall schedule a hearing under section 2151.417 of the
Revised Code to be held no later than thirty days after the
expiration of the fourteen-day time period and give notice of the
date, time, and location of the hearing to all parties and the
guardian ad litem of the child.
(G)(1) All case plans for children in temporary custody shall have the following general goals:

(a) Consistent with the best interest and special needs of the child, to achieve a safe out-of-home placement in the least restrictive, most family-like setting available and in close proximity to the home from which the child was removed or the home in which the child will be permanently placed;

(b) To eliminate with all due speed the need for the out-of-home placement so that the child can safely return home.

(2) The director of children and family services youth shall adopt rules pursuant to Chapter 119. of the Revised Code setting forth the general goals of case plans for children subject to dispositional orders for protective supervision, a planned permanent living arrangement, or permanent custody.

(H) In the agency's development of a case plan and the court's review of the case plan, the child's health and safety shall be the paramount concern. The agency and the court shall be guided by the following general priorities:

(1) A child who is residing with or can be placed with the child's parents within a reasonable time should remain in their legal custody even if an order of protective supervision is required for a reasonable period of time;

(2) If both parents of the child have abandoned the child, have relinquished custody of the child, have become incapable of supporting or caring for the child even with reasonable assistance, or have a detrimental effect on the health, safety, and best interest of the child, the child should be placed in the legal custody of a suitable member of the child's extended family;

(3) If a child described in division (H)(2) of this section has no suitable member of the child's extended family to accept legal custody, the child should be placed in the legal custody of
a suitable nonrelative who shall be made a party to the proceedings after being given legal custody of the child;

(4) If the child has no suitable member of the child's extended family to accept legal custody of the child and no suitable nonrelative is available to accept legal custody of the child and, if the child temporarily cannot or should not be placed with the child's parents, guardian, or custodian, the child should be placed in the temporary custody of a public children services agency or a private child placing agency;

(5) If the child cannot be placed with either of the child's parents within a reasonable period of time or should not be placed with either, if no suitable member of the child's extended family or suitable nonrelative is available to accept legal custody of the child, and if the agency has a reasonable expectation of placing the child for adoption, the child should be committed to the permanent custody of the public children services agency or private child placing agency;

(6) If the child is to be placed for adoption or foster care, the placement shall not be delayed or denied on the basis of the child's or adoptive or foster family's race, color, or national origin.

(I) The case plan for a child in temporary custody shall include at a minimum the following requirements if the child is or has been the victim of abuse or neglect or if the child witnessed the commission in the child's household of abuse or neglect against a sibling of the child, a parent of the child, or any other person in the child's household:

(1) A requirement that the child's parents, guardian, or custodian participate in mandatory counseling;

(2) A requirement that the child's parents, guardian, or custodian participate in any supportive services that are required
by or provided pursuant to the child's case plan.

(J) (1) Prior to January 1, 2023, a case plan for a child in temporary custody may include, as a supplement, a plan for locating a permanent family placement. The supplement shall not be considered part of the case plan for purposes of division (E) of this section.

(2) On and after January 1, 2023, a case plan for a child in temporary custody shall include a permanency plan for the child unless it is documented that such a plan would not be in the best interest of the child. The permanency plan shall describe the services the agency shall provide to achieve permanency for the child if reasonable efforts to return the child to the child's home, or eliminate the continued removal from that home, are unsuccessful. Those services shall be provided concurrently with reasonable efforts to return the child home or eliminate the child's continued removal from home.

(3) The director of children and family services youth, pursuant to Chapter 119. of the Revised Code, shall adopt rules necessary to carry out the purposes of division (J) of this section.

If the court issues an order pursuant to section 2151.414 or 2151.415 of the Revised Code, the agency shall complete an administrative review no later than six months after the court's order and continue to complete administrative reviews no later than every six months after the first review, except that the court hearing held pursuant to section 2151.417 of the Revised Code may take the place of any administrative review that would
otherwise be held at the time of the court hearing. When conducting a review, the child's health and safety shall be the paramount concern.

(B) Each administrative review required by division (A) of this section shall be conducted by a review panel of at least three persons, including, but not limited to, both of the following:

1. A caseworker with day-to-day responsibility for, or familiarity with, the management of the child's case plan;

If a parent, guardian, custodian, guardian ad litem, or foster care provider of the child cannot be located after reasonable efforts to do so or declines to participate in the administrative review after being contacted, the agency does not have to include them in the joint meeting.

(E) The agency shall file the summary with the court no later than seven days after the completion of the administrative review. If the agency proposes a change to the case plan as a result of the administrative review, the agency shall file the proposed change with the court at the time it files the summary. The agency shall give notice of the summary and proposed change in writing before the end of the next day after filing them to all parties and the child's guardian ad litem. (1) If the court receives a timely request for a hearing, the
court shall schedule a hearing pursuant to section 2151.417 of the Revised Code to be held not later than thirty days after the court receives the request. The court shall give notice of the date, time, and location of the hearing to all parties and the guardian ad litem. The agency may implement the proposed change after the hearing, if the court approves it. The agency shall not implement the proposed change unless it is approved by the court.

(2) If the court does not receive a timely request for a hearing, the court may approve the proposed change without a hearing. If the court approves the proposed change without a hearing, it shall journalize the case plan with the change not later than fourteen days after the change is filed with the court. If the court does not approve the proposed change to the case plan, it shall schedule a review hearing to be held pursuant to section 2151.417 of the Revised Code no later than thirty days after the expiration of the fourteen-day time period and give notice of the date, time, and location of the hearing to all parties and the guardian ad litem of the child. (F) The director of children and family services may adopt rules pursuant to Chapter 119. of the Revised Code for procedures and standard forms for conducting administrative reviews pursuant to this section.

(G) The juvenile court that receives the written summary of the administrative review, upon determining, either from the written summary, case plan, or otherwise, that the custody or care arrangement is not in the best interest of the child, may terminate the custody of an agency and place the child in the

The public children services agency shall report each case to the uniform statewide automated child welfare information system that the department of children and family services shall maintain in accordance with section 5101.13 of the Revised Code. The public children services agency shall submit a report of its investigation, in writing, to the law enforcement agency.

(3) A request made pursuant to division (K)(1) of this section is not a substitute for any report required to be made pursuant to division (A) of this section.

The judge may dismiss the motion without a hearing but may not issue an order suspending the community notification requirement without a hearing. At the hearing, all parties are entitled to be heard, and the judge shall consider all of the factors set forth in division (K) of this section. If, at the conclusion of the hearing, the judge finds that the offender has proven by clear and convincing evidence that the offender is unlikely to commit in the future a sexually oriented offense or a child-victim oriented offense and if the judge finds that suspending the community notification requirement is in the interests of justice, the judge may suspend the application of this section in relation to the offender. Information received pursuant to the request shall be considered for purposes of this chapter as if it were a summary report required under section 3107.033 of the Revised Code. Sec. 3107.09. (A) The department of job children and family services youth shall prescribe and supply forms for the taking of social and medical histories of the biological parents of a minor available for adoption.

(B) An assessor shall record the social and medical histories of the biological parents of a minor available for adoption, unless the minor is to be adopted by the minor's stepparent or grandparent. The assessor shall use the forms prescribed pursuant to division (A) of this section. The assessor shall not include on the forms identifying information about the biological parents or other ancestors of the minor.

(C) A social history shall describe and identify the age; ethnic, racial, religious, marital, and physical characteristics; and educational, cultural, talent and hobby, and work experience background of the biological parents of the minor. A medical history shall identify major diseases, malformations, allergies, ear or eye defects, major conditions, and major health problems of the biological parents that are or may be congenital or familial. These histories may include other social and medical information relative to the biological parents and shall include social and medical information relative to the minor's other ancestors.

The social and medical histories may be obtained through interviews with the biological parents or other persons and from any available records if a biological parent or any legal guardian of a biological parent consents to the release of information contained in a record. An assessor who considers it necessary may request that a biological parent undergo a medical examination. In obtaining social and medical histories of a biological parent, an assessor shall inform the biological parent, or a person other than a biological parent who provides information pursuant to this
section, of the purpose and use of the histories and of the biological parent's or other person's right to correct or expand the histories at any time.

(D) A biological parent, or another person who provided information in the preparation of the social and medical histories of the biological parents of a minor, may cause the histories to be corrected or expanded to include different or additional types of information. The biological parent or other person may cause the histories to be corrected or expanded at any time prior or subsequent to the adoption of the minor, including any time after the minor becomes an adult. A biological parent may cause the histories to be corrected or expanded even if the biological parent did not provide any information to the assessor at the time the histories were prepared.

To cause the histories to be corrected or expanded, a biological parent or other person who provided information shall provide the information to be included or specify the information to be corrected to whichever of the following is appropriate under the circumstances:

(1) Subject to divisions (D)(2) and (3) of this section, to the assessor who prepared the histories if the biological parent or other person knows the assessor;

(2) Subject to division (D)(3) of this section, to the court involved in the adoption or, if that court is not known, to the department of health, if the biological parent or person does not know the assessor or finds that the assessor has ceased to perform assessments;

(3) To the department of health, if the histories were originally completed by the biological parent pursuant to section 3107.393 of the Revised Code or, regardless of whether the histories were originally completed pursuant to this section or...
section 3107.091 or 3107.393 of the Revised Code, the biological parent seeks to correct or expand the histories at the same time the biological parent completes a contact preference form pursuant to section 3107.39 of the Revised Code or a biological parent's name redaction request form pursuant to section 3107.391 of the Revised Code.

An assessor who receives information from a biological parent or other person pursuant to division (D)(1) of this section shall determine whether the information is of a type that divisions (B) and (C) of this section permit to be included in the histories. If the assessor determines the information is of a permissible type, the assessor shall cause the histories to be corrected or expanded to reflect the information. If, at the time the information is received, the histories have been filed with the court as required by division (E) of this section, the court shall cooperate with the assessor in correcting or expanding the histories.

If the department of health or a court receives information from a biological parent or other person pursuant to division (D)(2) of this section or the department receives information from a biological parent pursuant to division (D)(3) of this section, it shall determine whether the information is of a type that divisions (B) and (C) of this section permit to be included in the histories. If a court determines the information is of a permissible type, the court shall cause the histories to be corrected or expanded to reflect the information. If the department of health so determines, the court involved shall cooperate with the department in the correcting or expanding of the histories.

An assessor or the department of health shall notify a biological parent or other person in writing if the assessor or department determines that information the biological parent or other person provided or specified for inclusion in a history is
not of a type that may be included in a history. On receipt of the notice, the biological parent or other person may petition the court involved in the adoption to make a finding as to whether the information is of a type that may be included in a history. On receipt of the petition, the court shall issue its finding without holding a hearing. If the court finds that the information is of a type that may be included in a history, it shall cause the history to be corrected or expanded to reflect the information.

(E) An assessor shall file the social and medical histories of the biological parents prepared pursuant to divisions (B) and (C) of this section with the court with which a petition to adopt the biological parents' child is filed. The court promptly shall provide a copy of the social and medical histories filed with it to the petitioner. In a case involving the adoption of a minor by any person other than the minor's stepparent or grandparent, a court may refuse to issue an interlocutory order or final decree of adoption if the histories of the biological parents have not been so filed, unless the assessor certifies to the court that information needed to prepare the histories is unavailable for reasons beyond the assessor's control.

**Sec. 3107.091.** (A) As used in this section, "biological parent" means a biological parent whose offspring, as a minor, was adopted and with respect to whom a medical and social history was not prepared prior or subsequent to the adoption.

(B) A biological parent may request the department of **job children and family services youth** to provide the biological parent with a copy of the social and medical history forms prescribed by the department pursuant to section 3107.09 of the Revised Code. The department, upon receipt of such a request, shall provide the forms to the biological parent, if the biological parent indicates that the forms are being requested so
that the adoption records of the biological parent's offspring will include a social and medical history of the biological parent.

In completing the forms, the biological parent may include information described in division (C) of section 3107.09 of the Revised Code, but shall not include identifying information. When the biological parent has completed the forms to the extent the biological parent wishes to provide information, the biological parent shall return them to the department. The department shall review the completed forms, and shall determine whether the information included by the biological parent is of a type permissible under divisions (B) and (C) of section 3107.09 of the Revised Code and, to the best of its ability, whether the information is accurate. If it determines that the forms contain accurate, permissible information, the department, after excluding from the forms any information the department deems impermissible, shall file them with the court that entered the interlocutory order or final decree of adoption in the adoption case. If the department needs assistance in determining that court, the department of health, upon request, shall assist it.

The department of children and family services youth shall notify the biological parent in writing if it excludes from the biological parent's social and medical history forms information deemed impermissible. On receipt of the notice, the biological parent may petition the court with which the forms were filed to make a finding as to whether the information is permissible. On receipt of the petition, the court shall issue its finding without holding a hearing. If the court finds the information is permissible, it shall cause the information to be included on the forms.

Upon receiving social and medical history forms pursuant to this section, a court shall cause them to be filed in the records.
pertaining to the adoption case.

Social and medical history forms completed by a biological
parent pursuant to this section may be corrected or expanded by
the biological parent in accordance with division (D) of section
3107.09 of the Revised Code.

Access to the histories shall be granted in accordance with
division (D) of section 3107.17 of the Revised Code.

(C) This section does not preclude a biological parent from
completing a social and medical history in accordance with section
3107.393 of the Revised Code instead of this section.

an adoption, shall notify the public children services agency in
the county in which the prospective adoptive parent resides within
ten days after initiation of a home study required under section
3107.031 of the Revised Code.

(2) After a public children services agency has received
notification pursuant to division (A)(1) of this section, both the
public children services agency arranging an adoption in a county
other than the county where that public children services agency
is located, private child placing agency, private noncustodial
agency, or attorney arranging an adoption, and the public children
services agency shall share relevant information regarding the
prospective adoptive parent as soon as possible after initiation
of the home study.

(B) A public children services agency arranging an adoption
in a county other than the county where that public children
services agency is located, private child placing agency, or
private noncustodial agency, or an attorney arranging an adoption, shall notify the public children services agency in the county in which the prospective adoptive parent resides of an impending adoptive placement not later than ten days prior to that placement. Notification shall include a description of the special needs and the age of the prospective adoptive child and the name of the prospective adoptive parent and number of children that will be residing in the prospective adoptive home when the prospective adoptive child is placed in the prospective adoptive home.

(C) An agency or attorney sharing relevant information pursuant to this section is immune from liability in a civil action to recover damages for injury, death, or loss to person or property allegedly caused by any act or omission in connection with sharing relevant information unless the acts or omissions are with malicious purpose, in bad faith, or in a wanton or reckless manner.

(D) The director of job children and family services youth shall adopt rules in accordance with Chapter 119. of the Revised Code necessary for the implementation and execution of this section, including, but not limited to, a definition of "relevant information" for the purposes of division (A) of this section.

(E) This section does not apply to an adoption by a stepparent whose spouse is a biological or adoptive parent of the minor to be adopted.

(A) Order the assessor or department to redo or supplement the report or history in a manner the court directs;

(B) Appoint a different assessor to redo or supplement the report or history in a manner the court directs.

(C) The petition, the interlocutory order, the final decree of adoption, and other adoption proceedings shall be recorded in a book kept for such purposes and shall be separately indexed. Thereafter, any notification described in this division shall be sent to the new address.

(5) Whenever a social or medical history of a biological parent is corrected or expanded and the correction or expansion is made a part of the permanent record kept by the court, the court shall ascertain whether a request for notification has been filed in accordance with division (E)(2) of this section. If such a request has been filed, the court shall determine whether, at that

Sec. 3109.401. (A) The general assembly finds the following:

(1) That the parent and child relationship is of fundamental importance to the welfare of a child, and that the relationship between a child and each parent should be fostered unless inconsistent with the child's best interests;

(2) That parents have the responsibility to make decisions and perform other parenting functions necessary for the care and growth of their children;

(3) That the courts, when allocating parenting functions and responsibilities with respect to the child in a divorce, dissolution of marriage, legal separation, annulment, or any other proceeding addressing the allocation of parental rights and responsibilities, must determine the child's best interests;

(4) That the courts and parents must take into consideration the following general principles when allocating parental rights and responsibilities and developing appropriate terms for parenting plans:

(a) Children are served by a parenting arrangement that best provides for a child's safety, emotional growth, health, stability, and physical care.

(b) Exposure of the child to harmful parental conflict should be minimized as much as possible.
(c) Whenever appropriate, parents should be encouraged to meet their responsibilities to their children through agreements rather than by relying on judicial intervention.

(d) When a parenting plan provides for mutual decision-making responsibility by the parents but they are unable to make decisions mutually, they should make a good faith effort to utilize the mediation process as required by the parenting plan.

(e) In apportioning between the parents the daily physical living arrangements of the child and the child's location during legal and school holidays, vacations, and days of special importance, a court should not impose any type of standard schedule unless a standard schedule meets the needs of the child better than any proposed alternative parenting plan.

(B) It is, therefore, the purpose of this chapter, when it is in the child's best interest, to foster the relationship between the child and each parent when a court allocates parental rights and responsibilities with respect to the child in a divorce, dissolution, legal separation, annulment, or any other proceeding addressing the allocation of parental rights and responsibilities.

(c) Each school district and community school shall ensure that the data verification code is included in the student's
records reported to any subsequent school district, community school, or state institution of higher education, as defined in section 3345.011 of the Revised Code, in which the student enrolls. Any such subsequent district or school shall utilize the same identifier in its reporting of data under this section.

(F) Beginning with the school year that begins July 1, 1991, the board of education of each school district shall annually collect and report to the state board, in accordance with the guidelines established by the board, the data required pursuant to this section. A school district may collect and report these data notwithstanding section 2151.357 or 3319.321 of the Revised Code.

(G) The state board shall, in accordance with the procedures it adopts, annually compile the data reported by each school
district pursuant to division (D) of this section. The state board shall design formats for profiling each school district as a whole and each school building within each district and shall compile the data in accordance with these formats. These profile formats shall:

(1) Include all of the data gathered under this section in a manner that facilitates comparison among school districts and among school buildings within each school district;

(2) Present the data on academic achievement levels as assessed by the testing of student achievement maintained pursuant to division (B)(1)(d) of this section.

(H)(1) The state board shall, in accordance with the procedures it adopts, annually prepare a statewide report for all school districts and the general public that includes the profile of each of the school districts developed pursuant to division (G) of this section. (2) "Cost" means any expenditure for operating expenses made by a school district excluding any expenditures for debt retirement except for payments made to any commercial lending institution for any loan approved pursuant to section 3313.483 of the Revised Code.

(K) Any person who removes data from the information system established under this section for the purpose of releasing it to any person not entitled under law to have access to such information is subject to section 2913.42 of the Revised Code prohibiting tampering with data.

(L)(1) In accordance with division (L)(2) of this section and the rules adopted under division (L)(10) of this section, the department of education may sanction any school district that reports incomplete or inaccurate data, reports data that does not conform to data requirements and descriptions published by the department, fails to report data in a timely manner, or otherwise
does not make a good faith effort to report data as required by this section.

(2) If the department decides to sanction a school district under this division, the department shall take the following sequential actions:

(a) Notify the district in writing that the department has determined that data has not been reported as required under this section and require the district to review its data submission and submit corrected data by a deadline established by the department. The department also may require the district to develop a corrective action plan, which shall include provisions for the district to provide mandatory staff training on data reporting procedures.

(b) Withhold up to ten per cent of the total amount of state funds due to the district for the current fiscal year and, if not previously required under division (L)(2)(a) of this section, require the district to develop a corrective action plan in accordance with that division;

(c) Withhold an additional amount of up to twenty per cent of the total amount of state funds due to the district for the current fiscal year;

(d) Direct department staff or an outside entity to investigate the district's data reporting practices and make recommendations for subsequent actions. The recommendations may include one or more of the following actions:

(i) Arrange for an audit of the district's data reporting practices by department staff or an outside entity;

(ii) Conduct a site visit and evaluation of the district;

(iii) Withhold an additional amount of up to thirty per cent of the total amount of state funds due to the district for
current fiscal year;

(iv) Continue monitoring the district's data reporting;

(v) Assign department staff to supervise the district's data management system;

(vi) Conduct an investigation to determine whether to suspend or revoke the license of any district employee in accordance with division (N) of this section;

(viii) If the district is issued a report card under section 3302.03 of the Revised Code and incomplete or inaccurate data submitted by the district likely caused the district to receive a higher performance rating than it deserved under that section, issue a revised report card for the district;

(ix) Any other action designed to correct the district's data reporting problems.

(3) Any time the department takes an action against a school district under division (L)(2) of this section, the department shall make a report of the circumstances that prompted the action. The department shall send a copy of the report to the district superintendent or chief administrator and maintain a copy of the report in its files.

(4) If any action taken under division (L)(2) of this section resolves a school district's data reporting problems to the department's satisfaction, the department shall not take any further actions described by that division. If the department withheld funds from the district under that division, the department may release those funds to the district, except that if
the department withheld funding under division (L)(2)(c) of this section, the department shall not release the funds withheld under division (L)(2)(b) of this section and, if the department withheld funding under division (L)(2)(d) of this section, the department shall not release the funds withheld under division (L)(2)(b) or (c) of this section.

(5) Notwithstanding anything in this section to the contrary, the department may use its own staff or an outside entity to conduct an audit of a school district's data reporting practices any time the department has reason to believe the district has not made a good faith effort to report data as required by this section. If any audit conducted by an outside entity under division (L)(2)(d)(i) or (5) of this section confirms that a district has not made a good faith effort to report data as required by this section, the district shall reimburse the department for the full cost of the audit. The department may withhold state funds due to the district for this purpose.

(6) Prior to issuing a revised report card for a school district under division (L)(2)(d)(viii) of this section, the department may hold a hearing to provide the district with an opportunity to demonstrate that it made a good faith effort to report data as required by this section. The hearing shall be conducted by a referee appointed by the department. Based on the information provided in the hearing, the referee shall recommend whether the department should issue a revised report card for the district. If the referee affirms the department's contention that the district did not make a good faith effort to report data as required by this section, the district shall bear the full cost of conducting the hearing and of issuing any revised report card.

(7) If the department determines that any inaccurate data reported under this section caused a school district to receive excess state funds in any fiscal year, the district shall
reimburse the department an amount equal to the excess funds, in accordance with a payment schedule determined by the department. The department may withhold state funds due to the district for this purpose.

(8) Any school district that has funds withheld under division (L)(2) of this section may appeal the withholding in accordance with Chapter 119. of the Revised Code.

(9) In all cases of a disagreement between the department and a school district regarding the appropriateness of an action taken under division (L)(2) of this section, the burden of proof shall be on the district to demonstrate that it made a good faith effort to report data as required by this section.

(10) The state board of education shall adopt rules under Chapter 119. of the Revised Code to implement division (L) of this section.

(M) No information technology center or school district shall acquire, change, or update its student administration software package to manage and report data required to be reported to the department unless it converts to a student software package that is certified by the department.

(O) No person shall release or maintain any information about any student in violation of this section. Whoever violates this division is guilty of a misdemeanor of the fourth degree.

(P) The department shall disaggregate the data collected under division (B)(1)(n) of this section according to the race and
socioeconomic status of the students assessed.

(Q) If the department cannot compile any of the information required by division (I) of section 3302.03 of the Revised Code based upon the data collected under this section, the department shall develop a plan and a reasonable timeline for the collection of any data necessary to comply with that division.

Sec. 3301.0715. (A) Except as required under division (B)(1) of section 3313.608 or as specified in division (D)(3) of section 3301.079 of the Revised Code, the board of education of each city, local, and exempted village school district shall administer each applicable diagnostic assessment developed and provided to the district in accordance with section 3301.079 of the Revised Code to the following:

(1) Any student who transfers into the district or to a different school within the district if each applicable diagnostic assessment was not administered by the district or school the student previously attended in the current school year, within thirty days after the date of transfer. If the district or school into which the student transfers cannot determine whether the student has taken any applicable diagnostic assessment in the current school year, the district or school may administer the diagnostic assessment to the student. However, if a student transfers into the district prior to the administration of the diagnostic assessments to all students under division (B) of this section, the district may administer the diagnostic assessments to that student on the date or dates determined under that division.

For the purpose of division (A)(2) of this section, the district shall administer the kindergarten readiness assessment
provided by the department of education children and youth. In no case shall the results of the readiness assessment be used to prohibit a student from enrolling in kindergarten.

(3) Each student enrolled in first, second, or third grade.

Division (A) of this section does not apply to students with significant cognitive disabilities, as defined by the department of education.

(B) Each district board shall administer each diagnostic assessment when the board deems appropriate, provided the administration complies with section 3313.608 of the Revised Code. However, the board shall administer any diagnostic assessment at least once annually to all students in the appropriate grade level. A district board may administer any diagnostic assessment in the fall and spring of a school year to measure the amount of academic growth attributable to the instruction received by students during that school year.

(C) A district may use different diagnostic assessments from those adopted under division (D) of section 3301.079 of the Revised Code in order to satisfy the requirements of division (A)(3) of this section if the district meets either of the following conditions for the immediately preceding school year:

(1) The district received a grade of "A" or "B" for the performance index score under division (C)(1)(b) of section 3302.03 of the Revised Code or for the value-added progress dimension under division (C)(1)(e) of that section.

(2) The district received a performance rating of four stars or higher for achievement under division (D)(3)(b) of section 3302.03 of the Revised Code or for progress under division (D)(3)(c) of that section.

(D) Each district board shall utilize and score any diagnostic assessment administered under division (A) of this
section in accordance with rules established by the department of education or the department of children and youth. After the administration of any diagnostic assessment, each district shall provide a student's completed diagnostic assessment, the results of such assessment, and any other accompanying documents used during the administration of the assessment to the parent of that student, and shall include all such documents and information in any plan developed for the student under division (C) of section 3313.608 of the Revised Code. Each district shall submit to the department, in the manner the prescribed by each department prescribes, the results of the diagnostic assessments administered under this section, regardless of the type of assessment used under section 3313.608 of the Revised Code as follows:

(1) The results of the kindergarten readiness assessment to the department of children and youth;

(2) The results of all diagnostic assessments to the department of education. The department of education and the department of children and youth may issue reports with respect to the data collected. The Either department may report school and district level kindergarten diagnostic assessment data and use diagnostic assessment data to calculate the measures prescribed by divisions (B)(1)(g), (C)(1)(g), and (D)(1)(h) of section 3302.03 of the Revised Code and the data reported under division (D)(2)(e) of that section.

(E) Each district board shall provide intervention services to students whose diagnostic assessments show that they are failing to make satisfactory progress toward attaining the academic standards for their grade level.

(F) Beginning in the 2018-2019 school year, any chartered nonpublic school may elect to administer the kindergarten
readiness assessment to all kindergarten students enrolled in the school. A child under the age of twenty-two years who is in the custody of the child's parent, resides with a grandparent, and does not require special education is entitled to attend the schools of the district in which the child's grandparent resides, provided that, prior to such attendance in any school year, the board of education of the school district in which the child's grandparent resides and the board of education of the school district in which the child's parent resides enter into a written agreement specifying that good cause exists for
such attendance, describing the nature of this good cause, and consent ing to such attendance.

In lieu of a consent form signed by a parent, a board of education may request the grandparent of a child attending school in the district in which the grandparent resides pursuant to division (F)(11) of this section to complete any consent form required by the district, including any authorization required by sections 3313.712, 3313.713, 3313.716, and 3313.718 of the Revised Code. Upon request, the grandparent shall complete any consent form required by the district. A school district shall not incur any liability solely because of its receipt of a consent form from a grandparent in lieu of a parent.

Division (F)(11) of this section does not create, and shall not be construed as creating, a new cause of action or substantive legal right against a school district, a member of a board of education, or an employee of a school district. This section does not affect, and shall not be construed as affecting, any immunities from defenses to tort liability created or recognized by Chapter 2744. of the Revised Code for a school district, member, or employee.

(12) A child under the age of twenty-two years is entitled to attend school in a school district other than the district in which the child is entitled to attend school under division (B), (C), or (E) of this section provided that, prior to such attendance in any school year, both of the following occur:

(a) The superintendent of the district in which the child is entitled to attend school under division (B), (C), or (E) of this section contacts the superintendent of another district for purposes of this division;

(b) The superintendents of both districts enter into a written agreement that consents to the attendance and specifies
that the purpose of such attendance is to protect the student's physical or mental well-being or to deal with other extenuating circumstances deemed appropriate by the superintendents.

While an agreement is in effect under this division for a student who is not receiving special education under Chapter 3323. of the Revised Code and notwithstanding Chapter 3327. of the Revised Code, the board of education of neither school district involved in the agreement is required to provide transportation for the student to and from the school where the student attends.

A student attending a school of a district pursuant to this division shall be allowed to participate in all student activities, including interscholastic athletics, at the school where the student is attending on the same basis as any student who has always attended the schools of that district while of compulsory school age.

(13) All school districts shall comply with the "McKinney-Vento Homeless Assistance Act," 42 U.S.C.A. 11431 et seq., for the education of homeless children. Each city, local, and exempted village school district shall comply with the requirements of that act governing the provision of a free, appropriate public education, including public preschool, to each homeless child.

When a child loses permanent housing and becomes a homeless person, as defined in 42 U.S.C.A. 11481(5), or when a child who is such a homeless person changes temporary living arrangements, the child's parent or guardian shall have the option of enrolling the child in either of the following:

(a) The child's school of origin, as defined in 42 U.S.C.A. 11432(g)(3)(C);

(b) The school that is operated by the school district in which the shelter where the child currently resides is located and
that serves the geographic area in which the shelter is located.

(14) A child under the age of twenty-two years who resides with a person other than the child's parent is entitled to attend school in the school district in which that person resides if both of the following apply:

(a) That person has been appointed, through a military power of attorney executed under section 574(a) of the "National Defense Authorization Act for Fiscal Year 1994," 107 Stat. 1674 (1993), 10 U.S.C. 1044b, or through a comparable document necessary to complete a family care plan, as the parent's agent for the care, custody, and control of the child while the parent is on active duty as a member of the national guard or a reserve unit of the armed forces of the United States or because the parent is a member of the armed forces of the United States and is on a duty assignment away from the parent's residence.

(b) The military power of attorney or comparable document includes at least the authority to enroll the child in school.

The entitlement to attend school in the district in which the parent's agent under the military power of attorney or comparable document resides applies until the end of the school year in which the military power of attorney or comparable document expires.

(G) A board of education, after approving admission, may waive tuition for students who will temporarily reside in the district and who are either of the following:

(1) Residents or domiciliaries of a foreign nation who request admission as foreign exchange students;

(2) Residents or domiciliaries of the United States but not of Ohio who request admission as participants in an exchange program operated by a student exchange organization.

(H) Pursuant to sections 3311.211, 3313.90, 3319.01, 3323.04,
3327.04, and 3327.06 of the Revised Code, a child may attend
school or participate in a special education program in a school
district other than in the district where the child is entitled to
attend school under division (B) of this section.

(I)(1) Notwithstanding anything to the contrary in this
section or section 3313.65 of the Revised Code, a child under
twenty-two years of age may attend school in the school district
in which the child, at the end of the first full week of October
of the school year, was entitled to attend school as otherwise
provided under this section or section 3313.65 of the Revised
Code, if at that time the child was enrolled in the schools of the
district but since that time the child or the child's parent has
relocated to a new address located outside of that school district
and within the same county as the child's or parent's address
immediately prior to the relocation. The child may continue to
attend school in the district, and at the school to which the
child was assigned at the end of the first full week of October of
the current school year, for the balance of the school year.
Division (I)(1) of this section applies only if both of the
following conditions are satisfied:

(a) The board of education of the school district in which
the child was entitled to attend school at the end of the first
full week in October and of the district to which the child or
child's parent has relocated each has adopted a policy to enroll
children described in division (I)(1) of this section.

(b) The child's parent provides written notification of the
relocation outside of the school district to the superintendent of
each of the two school districts.

(2) At the beginning of the school year following the school
year in which the child or the child's parent relocated outside of
the school district as described in division (I)(1) of this
section, the child is not entitled to attend school in the school
district under that division.

(3) Any person or entity owing tuition to the school district on behalf of the child at the end of the first full week in October, as provided in division (C) of this section, shall continue to owe such tuition to the district for the child's attendance under division (I)(1) of this section for the lesser of the balance of the school year or the balance of the time that the child attends school in the district under division (I)(1) of this section.

(4) A pupil who may attend school in the district under division (I)(1) of this section shall be entitled to transportation services pursuant to an agreement between the district and the district in which the child or child's parent has relocated unless the districts have not entered into such agreement, in which case the child shall be entitled to transportation services in the same manner as a pupil attending school in the district under interdistrict open enrollment as described in division (E) of section 3313.981 of the Revised Code, regardless of whether the district has adopted an open enrollment policy as described in division (B)(1)(b) or (c) of section 3313.98 of the Revised Code.

(J) This division does not apply to a child receiving special education.

A school district required to pay tuition pursuant to division (C)(2) or (3) of this section or section 3313.65 of the Revised Code shall have an amount deducted under division (C) of section 3317.023 of the Revised Code equal to its own tuition rate for the same period of attendance. A school district entitled to receive tuition pursuant to division (C)(2) or (3) of this section or section 3313.65 of the Revised Code shall have an amount credited under division (C) of section 3317.023 of the Revised Code equal to its own tuition rate for the same period of attendance.
attendance. If the tuition rate credited to the district of attendance exceeds the rate deducted from the district required to pay tuition, the department of education shall pay the district of attendance the difference from amounts deducted from all districts' payments under division (C) of section 3317.023 of the Revised Code but not credited to other school districts under such division and from appropriations made for such purpose. The treasurer of each school district shall, by the fifteenth day of January and July, furnish the superintendent of public instruction a report of the names of each child who attended the district's schools under divisions (C)(2) and (3) of this section or section 3313.65 of the Revised Code during the preceding six calendar months, the duration of the attendance of those children, the school district responsible for tuition on behalf of the child, and any other information that the superintendent requires.

Upon receipt of the report the superintendent, pursuant to division (C) of section 3317.023 of the Revised Code, shall deduct each district's tuition obligations under divisions (C)(2) and (3) of this section or section 3313.65 of the Revised Code and pay to the district of attendance that amount plus any amount required to be paid by the state.

(K) In the event of a disagreement, the superintendent of public instruction shall determine the school district in which the parent resides.

(L) Nothing in this section requires or authorizes, or shall be construed to require or authorize, the admission to a public school in this state of a pupil who has been permanently excluded from public school attendance by the superintendent of public instruction pursuant to sections 3301.121 and 3313.662 of the Revised Code.

(M) In accordance with division (B)(1) of this section, a child whose parent is a member of the national guard or a reserve
unit of the armed forces of the United States and is called to
active duty, or a child whose parent is a member of the armed
forces of the United States and is ordered to a temporary duty
assignment outside of the district, may continue to attend school
in the district in which the child's parent lived before being
called to active duty or ordered to a temporary duty assignment
outside of the district, as long as the child's parent continues
to be a resident of that district, and regardless of where the
child lives as a result of the parent's active duty status or
temporary duty assignment. However, the district is not
responsible for providing transportation for the child if the
child lives outside of the district as a result of the parent's
active duty status or temporary duty assignment.

district, except a cooperative education district established
pursuant to section 3311.521 of the Revised Code, may establish

program. A board may use school funds in support of preschool
programs. The board shall maintain, operate, and admit children to
any such program pursuant to rules adopted by such board and the
rules of the state board of education adopted under sections
3301.52 to 3301.57 of the Revised Code.

A board of education may establish fees or tuition, which may
be graduated in proportion to family income, for participation in
a preschool program. In cases where payment of fees or tuition
would create a hardship for the child's parent or guardian, the
board may waive any such fees or tuition.

(B) No board of education that is not receiving funds under
March 17, 1989, shall compete for funds under the "Head Start Act"
with any grantee receiving funds under that act.

(C) A board of education may contract with any of the following preschool providers to provide services to preschool-age children, other than those services for which the district is eligible to receive funding under section 3317.0213 of the Revised Code:

If the school operates a program that uses the Montessori method endorsed by the American Montessori society, the Montessori accreditation council for teacher education, or the association Montessori internationale as its primary method of instruction, admission to the school may be open to individuals younger than five years of age but the school shall not receive funds under section 3317.022 of the Revised Code for those individuals. Notwithstanding anything to the contrary in this chapter, individuals younger than five years of age who are enrolled in a Montessori program shall be offered at least four hundred fifty-five hours of learning opportunities per school year.

If the school operates a preschool program that is licensed by the department of education under sections 3301.52 to 3301.59 of the Revised Code, admission to the school may be open to individuals who are younger than five years of age, but the school shall not receive funds under this chapter for those individuals.

(B)(1) That admission to the school may be limited to students who have attained a specific grade level or are within a specific age group; to students that meet a definition of "at-risk," as defined in the contract; to residents of a specific geographic area within the district, as defined in the contract; or to separate groups of autistic students and nondisabled students, as authorized in section 3314.061 of the Revised Code and as defined in the contract.

(2) For purposes of division (B)(1) of this section, "at-risk" students may include those students identified as gifted students under section 3324.03 of the Revised Code.

(C) Whether enrollment is limited to students who reside in
the district in which the school is located or is open to residents of other districts, as provided in the policy adopted pursuant to the contract.

(D)(1) That there will be no discrimination in the admission of students to the school on the basis of race, creed, color, disability, or sex except that:

(a) The governing authority may do either of the following for the purpose described in division (G) of this section:

(i) Establish a single-gender school for either sex;

(ii) Establish single-gender schools for each sex under the same contract, provided substantially equal facilities and learning opportunities are offered for both boys and girls. Such facilities and opportunities may be offered for each sex at separate locations.

(b) The governing authority may establish a school that simultaneously serves a group of students identified as autistic and a group of students who are not disabled, as authorized in section 3314.061 of the Revised Code. However, unless the total capacity established for the school has been filled, no student with any disability shall be denied admission on the basis of that disability.

(2) That upon admission of any student with a disability, the community school will comply with all federal and state laws regarding the education of students with disabilities.

(E) That the school may not limit admission to students on the basis of intellectual ability, measures of achievement or aptitude, or athletic ability, except that a school may limit its enrollment to students as described in division (B) of this section.

(F) That the community school will admit the number of
students that does not exceed the capacity of the school's programs, classes, grade levels, or facilities.

(G) That the purpose of single-gender schools that are established shall be to take advantage of the academic benefits some students realize from single-gender instruction and facilities and to offer students and parents residing in the district the option of a single-gender education.

(H) That, except as otherwise provided under division (B) of this section or section 3314.061 of the Revised Code, if the number of applicants exceeds the capacity restrictions of division (F) of this section, students shall be admitted by lot from all those submitting applications, except preference shall be given to students attending the school the previous year and to students who reside in the district in which the school is located. Preference may be given to siblings of students attending the school the previous year. Preference also may be given to students who are the children of full-time staff members employed by the school, provided the total number of students receiving this preference is less than five per cent of the school's total enrollment.

Notwithstanding divisions (A) to (H) of this section, in the event the racial composition of the enrollment of the community school is violative of a federal desegregation order, the community school shall take any and all corrective measures to comply with the desegregation order.

Sec. 3314.08. (A) As used in this section:

(1) "IEP" has the same meaning as in section 3323.01 of the Revised Code.

(2) "Resident district" means the school district in which a student is entitled to attend school under section 3313.64 or

2. The number of enrolled students in grades one through twelve and the full-time equivalent number of enrolled students in kindergarten, who are receiving special education and related services pursuant to an IEP;

3. The number of students reported under division (B)(2) of this section receiving special education and related services pursuant to an IEP for a disability described in each of divisions (A) to (F) of section 3317.013 of the Revised Code;

The number of students reported under divisions (B)(1) and (2) of this section who are not reported under division (B)(4) of this section but who are enrolled in career-technical education programs or classes described in each of divisions (A)(1) to (5) of section 3317.014 of the Revised Code at a joint vocational school district or another district in the career-technical planning district to which the school is assigned;

6. The number of students reported under divisions (B)(1) and (2) of this section who are category one to three English learners described in each of divisions (A) to (C) of section
3317.016 of the Revised Code;

(7) The number of students reported under divisions (B)(1) and (2) of this section who are economically disadvantaged, as defined by the department. A student shall not be categorically excluded from the number reported under division (B)(7) of this section based on anything other than family income.

A governing authority of a community school shall not include in its report under divisions (B)(1) to (9) of this section any student for whom tuition is charged under division (F) of this section.

(C)(1)(a) If a community school's costs for a fiscal year for a student receiving special education and related services pursuant to an IEP for a disability described in divisions (B) to (F) of section 3317.013 of the Revised Code exceed the threshold catastrophic cost for serving the student as specified in division (B) of section 3317.0214 of the Revised Code, the school may submit to the superintendent of public instruction documentation, as prescribed by the superintendent, of all its costs for that student. Upon submission of documentation for a student of the
type and in the manner prescribed, the department shall pay to the
community school an amount equal to the school's costs for the
student in excess of the threshold catastrophic costs.

(b) The community school shall report under division (C)(1)(a) of this section, and the department shall pay for, only
the costs of educational expenses and the related services
provided to the student in accordance with the student's
individualized education program. Any legal fees, court costs, or
other costs associated with any cause of action relating to the
student may not be included in the amount.

(2) In any fiscal year, a community school receiving funds
under division (A)(7) of section 3317.022 of the Revised Code
shall spend those funds only for the purposes that the department
designates as approved for career-technical education expenses.
Career-technical education expenses approved by the department
shall include only expenses connected to the delivery of
career-technical programming to career-technical students. The
department shall require the school to report data annually so
that the department may monitor the school's compliance with the
requirements regarding the manner in which funding received under
division (A)(7) of section 3317.022 of the Revised Code may be spent.

(3) Notwithstanding anything to the contrary in section
3313.90 of the Revised Code, except as provided in division (C)(5)
of this section, all funds received under division (A)(7) of
section 3317.022 of the Revised Code shall be spent in the
following manner:

(a) At least seventy-five per cent of the funds shall be
spent on curriculum development, purchase, and implementation;
instructional resources and supplies; industry-based program
certification; student assessment, credentialing, and placement;
curriculum specific equipment purchases and leases;
career-technical student organization fees and expenses; home and agency linkages; work-based learning experiences; professional development; and other costs directly associated with career-technical education programs including development of new programs.

(b) Not more than twenty-five per cent of the funds shall be used for personnel expenditures.

(4) A community school shall spend the funds it receives under division (A)(4) of section 3317.022 of the Revised Code in accordance with section 3317.25 of the Revised Code.

(5) The department may waive the requirement in division (C)(3) of this section for any community school that exclusively provides one or more career-technical workforce development programs in arts and communications that are not equipment-intensive, as determined by the department.

(6) For fiscal years 2022 and 2023, a community school shall spend the funds it receives under division (A)(5) of section 3317.022 of the Revised Code only for services for English learners.

(D) A board of education sponsoring a community school may utilize local funds to make enhancement grants to the school or may agree, either as part of the contract or separately, to provide any specific services to the community school at no cost to the school.

(E) A community school may not levy taxes or issue bonds secured by tax revenues.

(F) No community school shall charge tuition for the enrollment of any student who is a resident of this state. A community school may charge tuition for the enrollment of any student who is not a resident of this state.
(G)(1)(a) A community school may borrow money to pay any necessary and actual expenses of the school in anticipation of the receipt of any portion of the payments to be received by the school pursuant to section 3317.022 of the Revised Code. The school may issue notes to evidence such borrowing. The proceeds of the notes shall be used only for the purposes for which the anticipated receipts may be lawfully expended by the school.

(b) A school may also borrow money for a term not to exceed fifteen years for the purpose of acquiring facilities.

(2) Except for any amount guaranteed under section 3318.50 of the Revised Code, the state is not liable for debt incurred by the governing authority of a community school.

(H) The department of education shall adjust the amounts paid under section 3317.022 of the Revised Code to reflect any enrollment of students in community schools for less than the equivalent of a full school year. The state board of education within ninety days after April 8, 2003, shall adopt in accordance with Chapter 119. of the Revised Code rules governing the payments to community schools under section 3317.022 of the Revised Code including initial payments in a school year and adjustments and reductions made in subsequent periodic payments to community schools as provided under section 3317.022 of the Revised Code. For purposes of this division:

(1) A student shall be considered enrolled in the community school for any portion of the school year the student is participating at a college under Chapter 3365. of the Revised Code.

(2) A student shall be considered to be enrolled in a community school for the period of time beginning on the later of the date on which the school both has received documentation of the student's enrollment from a parent and the student has
commenced participation in learning opportunities as defined in the contract with the sponsor, or thirty days prior to the date on which the student is entered into the education management information system established under section 3301.0714 of the Revised Code. For purposes of applying this division and divisions (H)(3) and (4) of this section to a community school student, "learning opportunities" shall be defined in the contract, which shall describe both classroom-based and non-classroom-based learning opportunities and shall be in compliance with criteria and documentation requirements for student participation which shall be established by the department. Any student's instruction time in non-classroom-based learning opportunities shall be certified by an employee of the community school. A student's enrollment shall be considered to cease on the date on which any of the following occur:

(a) The community school receives documentation from a parent terminating enrollment of the student.

(b) The community school is provided documentation of a student's enrollment in another public or private school.

(c) The community school ceases to offer learning opportunities to the student pursuant to the terms of the contract with the sponsor or the operation of any provision of this chapter.

Except as otherwise specified in this paragraph, beginning in the 2011-2012 school year, any student who completed the prior school year in an internet- or computer-based community school shall be considered to be enrolled in the same school in the subsequent school year until the student's enrollment has ceased as specified in division (H)(2) of this section. The department shall continue paying amounts for the student under section 3317.022 of the Revised Code without interruption at the start of the subsequent school year. However, if the student without a
legitimate excuse fails to participate in the first seventy-two consecutive hours of learning opportunities offered to the student in that subsequent school year, the student shall be considered not to have re-enrolled in the school for that school year and the department shall recalculate the payments to the school for that school year to account for the fact that the student is not enrolled.

(3) The department shall determine each community school student's percentage of full-time equivalency based on the percentage of learning opportunities offered by the community school to that student, reported either as number of hours or number of days, is of the total learning opportunities offered by the community school to a student who attends for the school's entire school year. However, no internet- or computer-based community school shall be credited for any time a student spends participating in learning opportunities beyond ten hours within any period of twenty-four consecutive hours. Whether it reports hours or days of learning opportunities, each community school shall offer not less than nine hundred twenty hours of learning opportunities during the school year.

(4) With respect to the calculation of full-time equivalency under division (H)(3) of this section, the department shall waive the number of hours or days of learning opportunities not offered to a student because the community school was closed during the school year due to disease epidemic, hazardous weather conditions, law enforcement emergencies, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use, so long as the school was actually open for instruction with students in attendance during that school year for not less than the minimum number of hours required by this chapter. The department
shall treat the school as if it were open for instruction with     114899
students in attendance during the hours or days waived under this     114900
division.

(I) The department of education shall reduce the amounts paid     114901
under section 3317.022 of the Revised Code to reflect payments     114902
made to colleges under section 3365.07 of the Revised Code.

(J)(1) No student shall be considered enrolled in any     114903
internet- or computer-based community school or, if applicable to     114904
the student, in any community school that is required to provide     114905
the student with a computer pursuant to division (C) of section     114906
3314.22 of the Revised Code, unless both of the following     114907
conditions are satisfied:

(a) The student possesses or has been provided with all     114908
required hardware and software materials and all such materials     114909
are operational so that the student is capable of fully     114910
participating in the learning opportunities specified in the     114911
contract between the school and the school's sponsor as required     114912
by division (A)(23) of section 3314.03 of the Revised Code;

(b) The school is in compliance with division (A) of section     114913
3314.22 of the Revised Code, relative to such student.

(2) In accordance with policies adopted by the superintendent     114914
of public instruction, in consultation with the auditor of state,     114915
the department shall reduce the amounts otherwise payable under     114916
section 3317.022 of the Revised Code to any community school that     114917
includes in its program the provision of computer hardware and     114918
software materials to any student, if such hardware and software     114919
materials have not been delivered, installed, and activated for     114920
each such student in a timely manner or other educational     114921
materials or services have not been provided according to the     114922
contract between the individual community school and its sponsor.

The superintendent of public instruction and the auditor of     114923
state shall jointly establish a method for auditing any community school to which this division pertains to ensure compliance with this section.

The superintendent, auditor of state, and the governor shall jointly make recommendations to the general assembly for legislative changes that may be required to assure fiscal and academic accountability for such schools.

(K)(1) If the department determines that a review of a community school's enrollment is necessary, such review shall be completed and written notice of the findings shall be provided to the governing authority of the community school and its sponsor within ninety days of the end of the community school's fiscal year, unless extended for a period not to exceed thirty additional days for one of the following reasons:

(a) The department and the community school mutually agree to the extension.

(b) Delays in data submission caused by either a community school or its sponsor.

(2) If the review results in a finding that additional funding is owed to the school, such payment shall be made within thirty days of the written notice. If the review results in a finding that the community school owes moneys to the state, the following procedure shall apply:

(a) Within ten business days of the receipt of the notice of findings, the community school may appeal the department's determination to the state board of education or its designee.

(b) The board or its designee shall conduct an informal hearing on the matter within thirty days of receipt of such an appeal and shall issue a decision within fifteen days of the conclusion of the hearing.
(c) If the board has enlisted a designee to conduct the hearing, the designee shall certify its decision to the board. The board may accept the decision of the designee or may reject the decision of the designee and issue its own decision on the matter.

(d) Any decision made by the board under this division is final.

(3) If it is decided that the community school owes moneys to the state, the department shall deduct such amount from the school's future payments in accordance with guidelines issued by the superintendent of public instruction.

(L) The department shall not pay to a community school under section 3317.022 of the Revised Code any amount for any of the following:

(1) Any student who has graduated from the twelfth grade of a public or nonpublic high school;

(2) Any student who is not a resident of the state;

(3) Any student who was enrolled in the community school during the previous school year when assessments were administered under section 3301.0711 of the Revised Code but did not take one or more of the assessments required by that section and was not excused pursuant to division (C)(1) or (3) of that section, unless the superintendent of public instruction grants the student a waiver from the requirement to take the assessment and a parent is not paying tuition for the student pursuant to section 3314.26 of the Revised Code. The superintendent may grant a waiver only for good cause in accordance with rules adopted by the state board of education.

(4) Any student who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the
armed forces and who apply for enrollment in a community school not later than four years after termination of war or their honorable discharge. If, however, any such veteran elects to enroll in special courses organized for veterans for whom tuition is paid under federal law, or otherwise, the department shall not pay to a community school under section 3317.022 of the Revised Code any amount for that veteran.

Sec. 3323.022. The rules of the state board of education adopted in consultation with the department of children and youth for staffing ratios for programs with preschool children with disabilities shall require the following:

area of developmental deficiency identified by the department of education for the evaluation of such children.

Sec. 3323.32. (A) The department of education shall contract with an entity to administer programs and coordinate services for infants, preschool and school-age children, and adults with autism and low incidence disabilities. The entity shall be selected by the superintendent of public instruction in consultation with the director of children and youth and the advisory board established under section 3323.33 of the Revised Code.

The contract with the entity selected shall include, but not be limited to, the following provisions:

(5) Any other provision the department determines is necessary to ensure the quality of services to individuals with autism and low incidence disabilities.

(e) Take prompt corrective action, including paying amounts resulting from an adverse finding, sanction, or penalty, if the auditor of state, federal agency, or other entity authorized by federal or state law to determine compliance with the conditions, requirements, and restrictions applicable to a family services duty for which a grant included in the agreement is awarded determines compliance has not been achieved;

(f) Ensure that any matching funds, regardless of the source, that the county grantee manages are clearly identified and used in accordance with federal and state laws and the agreement.

(9) Provide for the department taking action
pursuant to division (C) of section 5101.24 of the Revised Code if 117224
authorized by division (B)(1), (2), (3), or (4) of that section; 117225

(10) Provide for timely audits required by federal and state 117226
law and require prompt release of audit findings and prompt action 117227

(D) A grant agreement does not have to be amended for a 117235
county grantee to be required to comply with a new or amended 117236
condition, requirement, or restriction for a family services duty 117237
established by federal or state law, state plan for receipt of 117238

(E) The department departments shall make payments authorized 117242
by a grant agreement on vouchers they prepare and may 117243
include any funds appropriated or allocated to them for 117244
carrying out family services duties for which a grant included in 117245
the agreement is awarded, including funds for personal services 117246
and maintenance. 117247

(F)(1) The director directors shall adopt rules in accordance 117248
with section 111.15 of the Revised Code governing grant 117249

they were internal management rules. Before adopting the rules, 117251
the director directors shall give the public an opportunity to 117252
review and comment on the proposed rules. The rules shall 117253
establish methodologies to be used to determine the amount of the 117254
grants included in the agreements. The rules also shall establish terms and conditions under which an agreement may be entered into after the first day of a fiscal biennial period. The rules may do any or all of the following:

(a) Govern the award of grants included in grant agreements, including the establishment of, and restrictions on, the form of the grants and the distribution of the grants;

(b) Specify allowable uses of the grants included in the agreements;

(2) A requirement of a grant agreement established by a rule adopted under this division is applicable to a grant agreement without having to be restated in the grant agreement. Sec. 5101.214. The director of job and family services and the director of children and youth may enter into a written agreement with one or more state agencies, as defined in section 117.01 of the Revised Code, and state universities and colleges to assist in the coordination, provision, or enhancement of the family services duties of a county family services agency or the workforce development activities of a local board, as defined in section 6301.01 of the Revised Code. The director also
may enter into written agreements or contracts with, or issue grants to, private and government entities under which funds are provided for the enhancement or innovation of family services duties or workforce development activities on the state or local level.

The director directors may adopt internal management rules in accordance with section 111.15 of the Revised Code to implement this section.

**Sec. 5101.216.** The director of job and family services and the director of children and youth, as applicable, may enter into one or more written operational agreements with boards of county commissioners to do one or more of the following regarding family services duties:

(A) Provide for the director directors to amend or rescind a rule the director directors previously adopted;

(B) Provide for the director directors to modify procedures or establish alternative procedures to accommodate special circumstances in a county;

(C) Provide for the director directors and board to jointly identify operational problems of mutual concern and develop a joint plan to address the problems;

(D) Establish a framework for the director directors and board to modify the use of existing resources in a manner that is beneficial to the department of job and family services, the department of children and youth, and the county that the board serves and improves family services duties for the recipients of the services.

**Sec. 5101.22.** The department of job and family services and the department of children and youth, as applicable, may establish performance and other administrative standards for the
administration and outcomes of family services duties and
determine at intervals the department decides departments decide
the degree to which a county family services agency complies with
a performance or other administrative standard. The department
departments may use statistical sampling, performance audits, case
reviews, or other methods it determines they determine necessary
and appropriate to determine compliance with performance and
administrative standards.

Sec. 5101.221. (A) Except as provided by division (C) of this
section, if the department of job and family services or the
department of children and youth determines that a county family
services agency has failed to comply with a performance or other
administrative standard established under section 5101.22 of the
Revised Code or by federal law for the administration or outcome
of a family services duty, the department shall require the agency
to develop, submit to the department for approval, and comply with
a corrective action plan.

(B) If a county family services agency fails to develop,
submit to the department, or comply with a corrective action plan
under division (A) of this section, or the department disapproves
the agency's corrective action plan, the department may require
the agency to develop, submit to the department for approval, and
comply with a corrective action plan that requires the agency to
commit existing resources to the plan.

(C) The department may not require a county family services
agency to take action under this section for failure to comply
with a performance or other administrative standard established
for an incentive awarded by the department. Instead, the
department may require a county family services agency that fails
to comply with that kind of performance or other administrative
standard to take action in accordance with rules adopted by the
department governing the standard.

(D) At the request of a county family services agency, the department shall assist the agency with the development of a corrective action plan under this section and provide the agency technical assistance in the implementation of the plan.

Sec. 5101.23. Subject to the availability of funds, the department of job and family services and the department of children and youth may provide annual financial, administrative, or other incentive awards to county family services agencies and local areas as defined in section 6301.01 of the Revised Code. A county family services agency or local area may spend an incentive awarded under this section only for the purpose for which the funds are appropriated. The departments may adopt internal management rules in accordance with section 111.15 of the Revised Code to establish the amounts of awards, methodology for distributing the awards, types of awards, and standards for administration.

There is hereby created in the state treasury the social services incentive fund. The director of job and family services and the director of children and youth may request that the director of budget and management transfer funds in the Title IV-A reserve fund created under section 5101.82 of the Revised Code and other funds appropriated for family services duties or workforce investment activities into the fund. If the director of budget and management determines that the funds identified by the director of job and family services or the director of children and youth are available and appropriate for transfer, the director of budget and management shall make the transfer. Money in the fund shall be used to provide incentive awards under this section.

Sec. 5101.24. (A) As used in this section, "responsible
county grantee" means whichever county grantee, as defined in section 5101.21 of the Revised Code, the director of job and family services determines and the director of children and youth determine is appropriate to take action against under division (C) of this section.

(B) Regardless of whether a family services duty is performed by a county family services agency, private or government entity pursuant to a contract entered into under section 307.982 of the Revised Code or division (C)(2) of section 5153.16 of the Revised Code, or private or government provider of a family service duty, the department of job and family services or the department of children and youth may take action under division (C) of this section against the responsible county grantee if the department determines any of the following are the case:

(2) A county family services agency fails to develop, submit to the department, or comply with a corrective action plan under division (B) of section 5101.221 of the Revised Code, or the department disapproves the agency's corrective action plan developed under division (B) of section 5101.221 of the Revised Code;

(3) A requirement for the family services duty established by the department or any of the following is not complied with: a federal or state law, state plan for receipt of federal financial participation, grant agreement between the department and a federal agency, or executive order issued by the governor;

(4) The responsible county grantee is solely or partially
responsible, as determined by the director of job and family services or the director of children and youth, for an adverse audit finding, adverse quality control finding, final disallowance of federal financial participation, or other sanction or penalty regarding the family services duty.

(C) The department may take one or more of the following actions against the responsible county grantee when authorized by division (B)(1), (2), (3), or (4) of this section:

(1) Require the responsible county grantee to comply with a corrective action plan pursuant to a time schedule specified by the department. The corrective action plan shall be established or approved by the department and shall not require a county grantee to commit resources to the plan.

(2) Require the responsible county grantee to comply with a corrective action plan pursuant to a time schedule specified by the department. The corrective action plan shall be established or approved by the department and require a county grantee to commit existing resources identified by the agency.

(3) Require the responsible county grantee to do one of the following:

(a) Share with the department a final disallowance of federal financial participation or other sanction or penalty;

(b) Reimburse the department the final amount the department pays to the federal government or another entity that represents the amount the responsible county grantee is responsible for of an adverse audit finding, adverse quality control finding, final disallowance of federal financial participation, or other sanction or penalty issued by the federal government, auditor of state, or other entity;

(c) Pay the federal government or another entity the final amount that represents the amount the responsible county grantee
is responsible for an adverse audit finding, adverse quality control finding, final disallowance of federal financial participation, or other sanction or penalty issued by the federal government, auditor of state, or other entity;

(d) Pay the department the final amount that represents the amount the responsible county grantee is responsible for of an adverse audit finding or adverse quality control finding.

(4) Impose an administrative sanction issued by the department against the responsible county grantee. A sanction may be increased if the department has previously taken action against the responsible entity under this division.

(5) Perform, or contract with a government or private entity for the entity to perform, the family services duty until the department is satisfied that the responsible county grantee ensures that the duty will be performed satisfactorily. If the department performs or contracts with an entity to perform a family services duty under division (C)(5) of this section, the department may do either or both of the following:

   (a) Spend funds in the county treasury appropriated by the board of county commissioners for the duty;

   (b) Withhold funds allocated or reimbursements due to the responsible county grantee for the duty and spend the funds for the duty.

(6) Request that the attorney general bring mandamus proceedings to compel the responsible county grantee to take or cease the action that causes division (B)(1), (2), (3), or (4) of this section to apply. The attorney general shall bring mandamus proceedings in the Franklin county court of appeals at the department's request.

(7) If the department takes action under this division because of division (B)(3) of this section, temporarily withhold
funds allocated or reimbursement due to the responsible county grantee until the department determines that the responsible county grantee is in compliance with the requirement. The department shall release the funds when the department determines that compliance has been achieved.

(D) If the department proposes to take action against the responsible county grantee under division (C) of this section, the department shall notify the responsible county grantee, director of the appropriate county family services agency, and county auditor. The notice shall be in writing and specify the action the department proposes to take. The department shall send the notice by regular United States mail.

Except as provided by division (E) of this section, the responsible county grantee may request an administrative review of a proposed action in accordance with administrative review procedures the department shall establish. The administrative review procedures shall comply with all of the following:

(1) A request for an administrative review shall state specifically all of the following:

(a) The proposed action specified in the notice from the department for which the review is requested;

(b) The reason why the responsible county grantee believes the proposed action is inappropriate;

(c) All facts and legal arguments that the responsible county grantee wants the department to consider;

(d) The name of the person who will serve as the responsible county grantee's representative in the review.

(2) If the department's notice specifies more than one proposed action and the responsible county grantee does not specify all of the proposed actions in its request pursuant to
division (D)(1)(a) of this section, the proposed actions not
specified in the request shall not be subject to administrative
review and the parts of the notice regarding those proposed
actions shall be final and binding on the responsible county
grantee.

(3) In the case of a proposed action under division (C)(1) of
this section, the responsible county grantee shall have fifteen
calendar days after the department mails the notice to the
responsible county grantee to send a written request to the
department for an administrative review. If it receives such a
request within the required time, the department shall postpone
taking action under division (C)(1) of this section for fifteen
calendar days following the day it receives the request or
extended period of time provided for in division (D)(5) of this
section to allow a representative of the department and a
representative of the responsible county grantee an informal
opportunity to resolve any dispute during that fifteen-day or
extended period.

(4) In the case of a proposed action under division (C)(2),
(3), (4), (5), or (7) of this section, the responsible county
grantee shall have thirty calendar days after the department mails
the notice to the responsible county grantee to send a written
request to the department for an administrative review. If it receives such a request within the required time, the department
shall postpone taking action under division (C)(2), (3), (4), (5),
or (7) of this section for thirty calendar days following the day
it receives the request or extended period of time provided for in
division (D)(5) of this section to allow a representative of the
department and a representative of the responsible county grantee
an informal opportunity to resolve any dispute during that
thirty-day or extended period.

(5) If the informal opportunity provided in division (D)(3)
or (4) of this section does not result in a written resolution to the dispute within the fifteen- or thirty-day period, the director of job and family services or the director of children and youth and representative of the responsible county grantee may enter into a written agreement extending the time period for attempting an informal resolution of the dispute under division (D)(3) or (4) of this section.

(6) In the case of a proposed action under division (C)(3) of this section, the responsible county grantee may not include in its request disputes over a finding, final disallowance of federal financial participation, or other sanction or penalty issued by the federal government, auditor of state, or entity other than the department.

(7) If the responsible county grantee fails to request an administrative review within the required time, the responsible county grantee loses the right to request an administrative review of the proposed actions specified in the notice and the notice becomes final and binding on the responsible county grantee.

(8) If the informal opportunity provided in division (D)(3) or (4) of this section does not result in a written resolution to the dispute within the time provided by division (D)(3), (4), or (5) of this section, the director shall appoint an administrative review panel to conduct the administrative review. The review panel shall consist of department employees and one director or other representative of the type of county family services agency that is responsible for the kind of family services duty that is the subject of the dispute and serves a different county than the county served by the responsible county grantee. No individual involved in the department's proposal to take action against the responsible county grantee may serve on the review panel. The review panel shall review the responsible county grantee's request. The review panel may require that the department or
responsible county grantee submit additional information and schedule and conduct an informal hearing to obtain testimony or additional evidence. A review of a proposal to take action under division (C)(3) of this section shall be limited solely to the issue of the amount the responsible county grantee shall share with the department, reimburse the department, or pay to the federal government, department, or other entity under division (C)(3) of this section. The review panel is not required to make a stenographic record of its hearing or other proceedings.

(9) After finishing an administrative review, an administrative review panel appointed under division (D)(8) of this section shall submit a written report to the director setting forth its findings of fact, conclusions of law, and recommendations for action. The director may approve, modify, or disapprove the recommendations. If the director modifies or disapproves the recommendations, the director shall state the reasons for the modification or disapproval and the actions to be taken against the responsible county grantee.

(10) The director's approval, modification, or disapproval under division (D)(9) of this section shall be final and binding on the responsible county grantee and shall not be subject to further departmental review.

(E) The responsible county grantee is not entitled to an administrative review under division (D) of this section for any of the following:

(1) An action taken under division (C)(6) of this section;

(2) An action taken under section 5101.242 of the Revised Code;

(3) An action taken under division (C)(3) of this section if the federal government, auditor of state, or entity other than the department has identified the responsible county grantee as being
solely or partially responsible for an adverse audit finding, adverse quality control finding, final disallowance of federal financial participation, or other sanction or penalty;

(4) An adjustment to an allocation, cash draw, advance, or reimbursement to a responsible county grantee that the department determines necessary for budgetary reasons;

(5) Withholding of a cash draw or reimbursement due to noncompliance with a reporting requirement established in rules adopted under section 5101.243 of the Revised Code;

(6) An action taken under division (C)(5) of this section if the department determines that an emergency exists.

(F) This section does not apply to other actions the department takes against the responsible county grantee pursuant to authority granted by another state law unless the other state law requires the department to take the action in accordance with this section.

(G) The director of job and family services and children and youth may adopt rules in accordance with Chapter 119. of the Revised Code as necessary to implement this section.

Sec. 5101.243. The director of job and family services and the director of children and youth may adopt rules in accordance with section 111.15 of the Revised Code establishing reporting requirements for family services duties and workforce development activities. If the director adopts the rules, the directors shall adopt the rules as if they were internal management rules and, before adopting the rules, give the public an opportunity to review and comment on the proposed rules.

Sec. 5101.244. (A) If the department of job and family services or the department of children and youth determines that a grant awarded to a county grantee in a grant agreement entered
into under section 5101.21 of the Revised Code, an allocation, advance, or reimbursement the department makes to a county family services agency, or a cash draw a county family services agency makes exceeds the allowable amount for the grant, allocation, advance, reimbursement, or cash draw, the department may take one or more of the following actions to recover the excess amount:

(1) The department may adjust, offset, withhold, or reduce an allocation, cash draw, advance, reimbursement, or other financial assistance to the county grantee or county family services agency as necessary to recover the excess amount.

(2) The department may enter into an agreement with the county grantee or county family services agency for repayment of the excess amount by the grantee or agency. The department may require that the repayment include interest on the excess amount, calculated from the day that the excess occurred at a rate not exceeding the rate per annum prescribed by section 5703.47 of the Revised Code.

(3) The department may certify a claim to the attorney general under section 131.02 of the Revised Code for the attorney general to take action under that section against the county grantee or county family services agency to recover the excess amount.

(B) In taking an action authorized under this section, the department is not required to take the action in accordance with section 5101.24 of the Revised Code.

(C) The director of job and family services and the director of children and youth may adopt rules under section 111.15 of the Revised Code as necessary to implement this section. The directors shall adopt the rules as if they were internal management rules.
Sec. 5101.25. The department of human job and family services, and the department of children and youth in consultation with county representatives, shall develop annual training goals and model training curriculum for employees of county family services agencies and identify a variety of state funded training opportunities to meet the proposed goals.

(b) The director shall not issue a waiver to a person for compliance with any of the requirements imposed under this section or any of the rules adopted under division (H) of this section.

(D) No certified children's crisis care facility shall do any of the following:

(H) Not later than ninety days after September 21, 2006, the director of children and family services youth shall adopt rules pursuant to Chapter 119. of the Revised Code for the certification of children's crisis care facilities. The rules shall specify that a certificate shall not be issued to an applicant if the conditions at the children's crisis care facility would jeopardize the health or safety of the preteens placed in the facility.

Not later than two business days after the parents enter into the agreements and sign the components of the form required to be signed and any discretionary components the parents choose to sign, the agency shall file the agreements and forms with the court. The agency shall give the parents a copy of the agreements and forms. At the time the agency files the agreements and forms with the court, the agency also shall file with the court all other documents the director of children and youth requires by rules adopted under division (D) of section 3107.083 of the Revised Code to be filed with the court. The court and agency shall keep a copy of the agreements, forms, and documents in the court and attorney's records. that the parent understands the adoption process, the 120166
ramifications of entering into a voluntary permanent custody 120167
surrender agreement, and each component of the form prescribed 120168
under division (B)(1) of section 3107.083 of the Revised Code. The 120169

(E) A juvenile court may approve an agreement entered into 120174
under division (B)(1) of section 5103.15 of the Revised Code 120175
between a public children services agency or private child placing
agency and the parent of a child who is less than six months of
age and will be, if adopted, an adopted person as defined in
section 3107.38 of the Revised Code without the parent personally

The agency shall give the parent a copy of the agreement and form.
At the time the agency files the agreement and form with the
court, the agency also shall file with the court all other
documents the director of children and family services youth
requires by rules adopted under division (D) of section 3107.083
of the Revised Code to be filed with the court. The court and
agency shall keep a copy of the agreement, form, and documents in
the court and agency's records. The agency shall file a copy of
the agreement, form, and documents with the probate court with
which a petition to adopt the child who is the subject of the
agreement is filed.

Sec. 5103.152. Not less than seventy-two hours before a
public children services agency or private child placing agency
enters into an agreement with a parent under division (B) of
section 5103.15 of the Revised Code, an assessor shall meet in
person with the parent and do both of the following:

(A) Provide the parent with a copy of the written materials
about adoption prepared by the department of job children and
family services youth under division (C) of section 3107.083 of
the Revised Code, discuss with the parent the adoption process and
ramifications of a parent entering into a voluntary permanent
custody surrender agreement, and provide the parent the
opportunity to review the materials and ask questions about the
materials, discussion, and related matters;

(B) If the child who is the subject of the agreement, if
adopted, will be an adopted person as defined in section 3107.45
of the Revised Code, inform the parent that the parent's child and
the adoptive parent may receive, in accordance with section
3107.47 of the Revised Code, identifying information about the
parent that is contained in the child's adoption file maintained
by the department of health unless the parent checks the "no"
space provided on the component of the form prescribed under
division (A)(1)(b) of section 3107.083 of the Revised Code or
signs and has filed with the department a denial of release form
prescribed under section 3107.50 of the Revised Code.

Sec. 5103.155. As used in this section, "children with
special needs" has the same meaning as in rules adopted under
section 5153.163 of the Revised Code.

If the department of job and family services determines that
money in the putative father registry fund created under section
2101.16 of the Revised Code is more than is needed to perform its
duties related to the putative father registry, the department may
use transfer surplus moneys in the fund to the department of
children and youth to promote adoption of children with special needs.

Sec. 5103.16. (A) Except as otherwise provided in this section, no child shall be placed or accepted for placement under any written or oral agreement or understanding that transfers or surrenders the legal rights, powers, or duties of the legal parent, parents, or guardian of the child into the temporary or permanent custody of any association or institution that is not certified by the department of children and family services under section 5103.03 of the Revised Code, without the written consent of the office in the department that oversees the interstate compact for placement of children established under section 5103.20 of the Revised Code or the interstate compact on the placement of children established under section 5103.23 of the Revised Code, as applicable, or by a commitment of a juvenile court, or by a commitment of a probate court as provided in this section. A child may be placed temporarily without written consent or court commitment with persons related by blood or marriage or in a legally licensed boarding home.

(B)(1) Associations and institutions certified under section 5103.03 of the Revised Code for the purpose of placing children in free foster homes or for legal adoption shall keep a record of the temporary and permanent surrenders of children. This record shall be available for separate statistics, which shall include a copy of an official birth record and all information concerning the social, mental, and medical history of the children that will aid in an intelligent disposition of the children in case that becomes necessary because the parents or guardians fail or are unable to reassume custody.

(2) No child placed on a temporary surrender with an association or institution shall be placed permanently in a foster...
home or for legal adoption. All surrendered children who are placed permanently in foster homes or for adoption shall have been permanently surrendered, and a copy of the permanent surrender shall be a part of the separate record kept by the association or institution.

(C) Any agreement or understanding to transfer or surrender the legal rights, powers, or duties of the legal parent or parents and place a child with a person seeking to adopt the child under this section shall be construed to contain a promise by the person seeking to adopt the child to pay the expenses listed in divisions (C)(1), (2), and (4) of section 3107.055 of the Revised Code and, if the person seeking to adopt the child refuses to accept placement of the child, to pay the temporary costs of routine maintenance and medical care for the child in a hospital, foster home, or other appropriate place for up to thirty days or until other custody is established for the child, as provided by law, whichever is less.

(D) No child shall be placed or received for adoption or with intent to adopt unless placement is made by a public children services agency, an institution or association that is certified by the department of \textit{job children and family services youth} under section 5103.03 of the Revised Code to place children for adoption, or custodians in another state or foreign country, or unless all of the following criteria are met:

(1) Prior to the placement and receiving of the child, the parent or parents of the child personally have applied to, and appeared before, the probate court of the county in which the parent or parents reside, or in which the person seeking to adopt the child resides, for approval of the proposed placement specified in the application and have signed and filed with the court a written statement showing that the parent or parents are aware of their right to contest the decree of adoption subject to
the limitations of section 3107.16 of the Revised Code;

(2) The court ordered an independent home study of the
proposed placement to be conducted as provided in section 3107.031
of the Revised Code, and after completion of the home study, the
court determined that the proposed placement is in the best
interest of the child;

(3) The court has approved of record the proposed placement.

In determining whether a custodian has authority to place
children for adoption under the laws of a foreign country, the
probate court shall determine whether the child has been released
for adoption pursuant to the laws of the country in which the
child resides, and if the release is in a form that satisfies the
requirements of the immigration and naturalization service of the
United States department of justice for purposes of immigration to
this country pursuant to section 101(b)(1)(F) of the "Immigration
(b)(1)(F), as amended or reenacted.

If the parent or parents of the child are deceased or have
abandoned the child, as determined under division (A) of section
3107.07 of the Revised Code, the application for approval of the
proposed adoptive placement may be brought by the relative seeking
to adopt the child, or by the department, board, or organization
not otherwise having legal authority to place the orphaned or
abandoned child for adoption, but having legal custody of the
orphaned or abandoned child, in the probate court of the county in
which the child is a resident, or in which the department, board,
or organization is located, or where the person or persons with
whom the child is to be placed reside. Unless the parent, parents,
or guardian of the person of the child personally have appeared
before the court and applied for approval of the placement, notice
of the hearing on the application shall be served on the parent,
parents, or guardian.
The consent to placement, surrender, or adoption executed by a minor parent before a judge of the probate court or an authorized deputy or referee of the court, whether executed within or outside the confines of the court, is as valid as though executed by an adult. A consent given as above before an employee of a children services agency that is licensed as provided by law, is equally effective, if the consent also is accompanied by an affidavit executed by the witnessing employee or employees to the effect that the legal rights of the parents have been fully explained to the parents, prior to the execution of any consent, and that the action was done after the birth of the child.

If the court approves a placement, the prospective adoptive parent with whom the child is placed has care, custody, and control of the child pending further order of the court.

(E)(1) This section does not apply to an adoption by a stepparent, a grandparent, a grandparent's husband or wife, a legal custodian, or a guardian.

(2) As used in division (E)(1) of this section:

(a) "Legal custodian" means a person who has been granted the legal custody of a child by a court of competent jurisdiction.

(b) "Legal custody" has the same meaning as in section 2151.011 of the Revised Code or in any other substantially equivalent statute.

If the applicant or employee, upon request, fails to provide the information necessary to complete the form or fails to provide impressions of the person's fingerprints, the administrator may consider the failure a reason to determine an applicant or employee ineligible for employment.

(6) A child day camp, other than an approved child day camp, may employ an applicant or continue to employ an employee until the criminal records check required by this section is completed and the camp receives the results of the check. Until the administrator has reviewed the results of the criminal records check and determines that the applicant or employee is eligible for employment, the camp shall not grant the applicant or employee sole responsibility for the care, custody, or control of a child. If the results indicate that the applicant or employee is ineligible for employment, the camp shall immediately release the applicant or employee from employment.

A fee charged under this division shall not exceed the fees the camp pays under this section. If a fee is charged, the camp shall notify the applicant at the time of the applicant's initial application for employment of the amount of the fee and that, unless the fee is paid, the camp will not consider the applicant for employment.

Except as provided in division (G)(2) of this section, any applicant who is denied a license or any owner whose
license is revoked may appeal in accordance with section 119.12 of the Revised Code.

(2) The following actions by the director are not subject to Chapter 119. of the Revised Code:

(b) The director ceases its review of an application because the applicant applied for licensure before five years had elapsed from the date the previous application was denied and the director does not issue the license.

(c) The director closes a license because the director has determined that the center, type A home, or type B home is no longer operating at the address stated on the license and did not notify the director of the address change as described in division (E) of this section.

(H) In no case shall the director issue a license under this section for a center, type A home, or type B home if the director, based on documentation provided by the appropriate county department of job and family services, determines that the applicant had been certified as an in-home aide, that the county department revoked that certification within the immediately preceding five years, that the revocation was based on the applicant's refusal or inability to comply with the criteria for certification, and that the refusal or inability resulted in a risk to the health or safety of children.

(I) An owner of a type B family day-care home that receives a license pursuant to this section is an independent contractor and is not an employee of the department of job children and family services youth.

The records shall be confidential, except that they shall be disclosed by the administrator to the director of children and youth upon request for the purpose of administering and enforcing this chapter and rules adopted pursuant to this chapter. Neither the center nor the licensee, administrator, or employees of the center shall be civilly or criminally liable in damages or otherwise for records disclosed to the director by the administrator pursuant to this division. It shall be a defense to any civil or criminal charge based upon records disclosed by the administrator to the director that the records were disclosed pursuant to this division.

The department shall inspect a part-time center or part-time type A home at least once during every twelve-month period of operation. The department shall provide a written inspection report to the licensee within a reasonable time after each inspection.

Inspections may be unannounced. No person, firm, organization, institution, or agency shall interfere with the inspection of a center, type A home, or licensed type B home by any state or local official engaged in performing duties required of the state or local official by this chapter or rules adopted pursuant to this chapter, including inspecting the center, type A home, or licensed type B home, reviewing records, or interviewing licensees, employees, children, or parents.

(ii) If division (B)(1)(b)(i) of this section does not apply regarding the complaint, the department may inspect the center or home.

(c) Division (B)(1)(b) of this section does not limit, restrict, or negate any duty of the department to inspect a center, type A home, or licensed type B home that otherwise is
imposed under this section, or any authority of the department to inspect a center, type A home, or licensed type B home that otherwise is granted under this section.

(2) If the department implements an instrument-based program monitoring information system, it may use an indicator checklist to comply with division (B)(1) of this section.

Upon the issuance of such an order, the person whose application is denied or whose license is revoked may appeal in accordance with section 119.12 of the Revised Code.

(E) The surrender of a center, type A home, or licensed type B home license to the department or the withdrawal of an application for licensure by the owner or administrator of the center, type A home, or licensed type B home shall not prohibit the department from instituting any of the actions set forth in this section.

(F) Whenever the department receives a complaint, is advised,

services youth shall register child day camps and enforce this section and sections 5104.211 and 5104.22 of the Revised Code and the rules adopted pursuant to those sections. No person, firm, organization, institution, or agency shall operate a child day camp without annually registering with the department.

(B) A person, firm, institution, organization, or agency operating any of the following programs is exempt from the provisions of this section and sections 5104.211 and 5104.22 of the Revised Code:

(3) Programs in which the department determines that at least one parent, custodian, or guardian of each child attending or participating in the child day camp is on the child day camp activity site and is readily accessible at all times, except that a child day camp on the premises of a parent's, custodian's, or guardian's place of employment shall be registered in accordance with division (A) of this section;

(4) Child day camps regulated by any state department other than the department of children and family services youth;

district established under section 755.04 of the Revised Code.

(C) A person, firm, organization, institution, or agency operating a child day camp that is exempt under division (B) of this section from registering under division (A) of this section may elect to register itself under division (A) of this section. All requirements of this section and the rules adopted pursuant to this section shall apply to any exempt child day camp that so elects to register.

(D) The director of children and family services youth shall adopt pursuant to Chapter 119. of the Revised Code rules prescribing the registration form and establishing the procedure for the child day camps to register. The form shall state both of the following:

(1) That the child day camp administrator or the administrator's representative agrees to provide the parents of each school-age child who attends or participates in that child day camp with the telephone number of the county department of health and the public children services agency of the county in which the child day camp is located;

(2) That the child day camp administrator or the administrator's representative agrees to permit a public children services agency or the county department of health to review or inspect the child day camp if a complaint is made to that department or any other state department or public children services agency against that child day camp.

(E) The department may charge a fee to register a child day camp. The fee for each child day camp shall be twenty-five dollars. No organization that operates, or owner of, child day camps shall pay a fee that exceeds two hundred fifty dollars for all of its child day camps.

(F) If a child day camp that is required to register under
this section fails to register with the department in accordance with this section or the rules adopted pursuant to it or if a child day camp that files a registration form under this section knowingly provides false or misleading information on the registration form, the department shall require the child day camp to register or register correctly and to pay a registration fee that equals three times the registration fee as set forth in division (E) of this section.

(G) A child day camp administrator or the administrator's representative shall provide the parents of each school-age child who attends or participates in that child day camp with both of the following:

(1) Telephone numbers of the county department of health and the county public children services agency of the county in which the child day camp is located;

(2) A statement that the parents may contact the county department or agency to make a complaint regarding the child day camp.

Sec. 5104.211. (A) The director of children and family services youth may periodically conduct a random sampling of child day camps to determine compliance with section 5104.013 of the Revised Code.

(B)(1) No child day camp shall fail to comply with section 5104.013 of the Revised Code in regards to a person it appoints or employs.

(2) If the director determines that a camp has violated division (B)(1) of this section, the director shall do both of the following:

(a) Consider imposing a civil penalty on the camp in an amount that shall not exceed ten per cent of the camp's gross
revenues for the full month immediately preceding the month in which the violation occurred. If the camp was not operating for the entire calendar month preceding the month in which the violation occurred, the penalty shall be five hundred dollars.

  (b) Order the camp to initiate a criminal records check of the person who is the subject of the violation within a specified period of time.

(3) If, within the specified period of time, the camp fails to comply with an order to initiate a criminal records check of the person who is the subject of the violation or to release the person from the appointment or employment, the director shall do both of the following:

  (a) Impose a civil penalty in an amount that is not less than the amount previously imposed and that does not exceed twice the amount permitted by division (B)(2)(a) of this section;

  (b) Order the camp to initiate a criminal records check of the person who is the subject of the violation within a specified period of time.

(C) If the director determines that a child day camp has violated division (B)(1) of this section, the director may post a notice at a prominent place at the camp that states that the camp has failed to conduct criminal records checks of its appointees or employees as required by section 5104.013 of the Revised Code. Once the camp demonstrates to the department that the camp is in compliance with that section, the director shall permit the camp to remove the notice.

(D) The director may include on the web site of the department of job children and family services youth a list of child day camps that the director has determined to not be in compliance with the criminal records check requirements of section 5104.013 of the Revised Code. The director shall remove a camp's
name from the list when the camp demonstrates to the director that the camp is in compliance with that section.

(E) For the purposes of divisions (C) and (D) of this section, a child day camp will be considered to be in compliance with section 5104.013 of the Revised Code by doing any of the following:

(1) Requesting that the bureau of criminal identification and investigation conduct a criminal records check regarding the person who is the subject of the violation of division (B)(1) of this section and, if the person does not qualify for the appointment or employment, releasing the person from the appointment or employment;

(2) Releasing the person who is the subject of the violation from the appointment or employment.

(F) The attorney general shall commence and prosecute to judgment a civil action in a court of competent jurisdiction to collect any civil penalty imposed under this section that remains unpaid.

(G) This section does not apply to a child day camp that is an approved child day camp.

Sec. 5104.22. (A) The director of children and family services youth, no later than September 1, 1993, and pursuant to Chapter 119. of the Revised Code, shall adopt rules establishing a procedure and standards for the approval of child day camps that will enable an approved child day camp to receive public moneys pursuant to sections 5104.30 to 5104.39 of the Revised Code. The department of job children and family services youth may charge a reasonable fee to inspect a child day camp to determine whether that child day camp meets the standards set forth in this section or in the rules adopted under this section. The department shall
approve any child day camp that meets both of the following:

1. The department inspects the camp and determines that it meets the standards established in rules adopted under this section;

2. The camp is accredited by the American camp association or a nationally recognized organization that accredits child day camps by using standards that the department has determined are substantially similar and comparable to those of the American camp association. The department shall approve a child day camp for a period of one year and shall inspect an approved child day camp on an annual basis.

(B) An approved child day camp shall comply with this section and section 5104.21 of the Revised Code and the rules adopted pursuant to those sections. If an approved child day camp is not in substantial compliance with those sections or rules at any time, the department shall terminate the child day camp's approval until the child day camp complies with those sections and rules or for a period of two years, whichever period is longer.

Sec. 5104.25. (A) Except as otherwise provided in division (C) of this section, no child day-care center shall permit any person to smoke in any indoor or outdoor space that is part of the center.

The administrator of a child day-care center shall post in a conspicuous place at the main entrance of the center a notice stating that smoking is prohibited in any indoor or outdoor space that is part of the center, except under the conditions described in division (C) of this section.

(B) Except as otherwise provided in division (C) of this section, no type A family day-care home or licensed type B family day-care home shall permit any person to smoke in any indoor or
outdoor space that is part of the home during the hours the home is in operation. Smoking may be permitted during hours other than the hours of operation if the administrator of the home has provided to a parent, custodian, or guardian of each child receiving child care at the home notice that smoking occurs or may occur at the home when it is not in operation.

The administrator of a type A family day-care home or a licensed type B family day-care home shall post in a conspicuous place at the main entrance of the home a notice specifying the hours the home is in operation and stating that smoking is prohibited during those hours in any indoor or outdoor space that is part of the home, except under the conditions described in division (C) of this section.

(C) A child day-care center, type A family day-care home, or licensed type B family home may allow persons to smoke at the center or home during its hours of operation if those persons cannot be seen smoking by the children being cared for and if they smoke in either of the following:

(1) An indoor area that is separately ventilated from the rest of the center or home;

(2) An outdoor area that is so far removed from the children being cared for that they cannot inhale any smoke.

(D) The director of children and family services, youth, in consultation with the director of health, shall adopt rules in accordance with Chapter 119. of the Revised Code to implement the requirements of this section. These rules may prohibit smoking in a child day-care center, type A family day-care home, or licensed type B family home if its design and structure do not allow persons to smoke under the conditions described in division (C) of this section or if repeated violations of division (A) or (B) of this section have occurred there.
Sec. 5104.29. (A) As used in this section, "early learning and development program" has the same meaning as "licensed child care program" as defined in section 5104.01 of the Revised Code.

(B) There is hereby created in the department of job children and family services youth the step up to quality program, under which the department of job children and family services youth, in cooperation with the department of education, shall develop a tiered quality rating and improvement system for all early learning and development programs in this state. The step up to quality program shall include all of the following components:

(1) Quality program standards for early learning and development programs;

(4) Financial incentives for early learning and development programs that provide publicly funded child care and are linked to achieving and maintaining quality standards;

(5) Parent and consumer education to help parents learn about program quality and ratings so they can make informed choices on behalf of their children.

(C) The step up to quality program shall have the following goals:

(D) Under the step up to quality program, participating early learning and development programs may be eligible for grants, technical assistance, training, and other assistance. Programs that maintain a quality rating may be eligible for unrestricted monetary awards.

(E) The tiered ratings developed pursuant to this section shall be based on an early learning and development program's performance in meeting program standards in the following four domains:

(1) Learning and development;

(2) Administration and leadership practices;

(3) Staff quality and professional development;

(4) Family and community partnerships.

(F) The director of children and family services youth, in collaboration with the superintendent of public instruction, shall adopt rules in accordance with Chapter 119. of the Revised Code to implement the step up to quality program described in this section.

Sec. 5104.30. (A) The department of children and family services youth is hereby designated as the state agency responsible for administration and coordination of federal and state funding for publicly funded child care in this state. Publicly funded child care shall be provided to the following:

The department shall apply to the United States department of health and human services for authority to operate a coordinated program for publicly funded child care, if the director of job children and family services youth determines that the application is necessary. For purposes of this section, the department of job children and family services youth may enter into agreements with other state agencies that are involved in regulation or funding of child care. The department shall consider the special needs of migrant workers when it administers and coordinates publicly funded child care and shall develop appropriate procedures for accommodating the needs of migrant workers for publicly funded child care.

(B) The department of job children and family services youth shall distribute state and federal funds for publicly funded child care, including appropriations of state funds for publicly funded child care and appropriations of federal funds available under the child care block grant act, Title IV-A, and Title XX. The
department may use any state funds appropriated for publicly
funded child care as the state share required to match any federal
funds appropriated for publicly funded child care.

(C) In the use of federal funds available under the child
care block grant act, all of the following apply:

(1) The department may use the federal funds to hire staff to
prepare any rules required under this chapter and to administer
and coordinate federal and state funding for publicly funded child
care.

(2) Not more than five per cent of the aggregate amount of

services, designed to improve the quality, and increase the
supply, of child care;

(d) Establishing the step up to quality program pursuant to
section 5104.29 of the Revised Code.

(4) The department shall ensure that the federal funds will
be used only to supplement, and will not be used to supplant,
federal, state, and local funds available on the effective date of
the child care block grant act for publicly funded child care and
related programs. If authorized by rules adopted by the department
pursuant to section 5104.42 of the Revised Code, county
departments of job and family services may purchase child care
from funds obtained through any other means.
(D) The department shall encourage the development of suitable child care throughout the state, especially in areas with high concentrations of recipients of public assistance and families with low incomes. The department shall encourage the development of suitable child care designed to accommodate the special needs of migrant workers. On request, the department, through its employees or contracts with state or community child care resource and referral service organizations, shall provide consultation to groups and individuals interested in developing child care. The department of children and family services may enter into interagency agreements with the department of education, the chancellor of higher education, the department of development, and other state agencies and entities whenever the cooperative efforts of the other state agencies and entities are necessary for the department of children and family services youth to fulfill its duties and responsibilities under this chapter.

The department shall develop and maintain a registry of persons providing child care. The director shall adopt rules in accordance with Chapter 119. of the Revised Code establishing procedures and requirements for the registry's administration.

(a) Geographic location of the provider;

(b) Type of care provided;

(c) Age of the child served;

(d) Special needs of the child served;

(e) Whether the expanded hours of service are provided;

(h) Any other factors the director considers appropriate.

Sec. 5104.301. A county department of job and family services may establish a program to encourage the organization of parent cooperative child day-care centers and parent cooperative type A family day-care homes for recipients of publicly funded child care. A program established under this section may include any of the following:

Parents of children enrolled in a parent cooperative child day-care center or parent cooperative type A family day-care home pursuant to this section shall be required to work in the center or home a minimum of four hours per week.

The director of children and family services youth shall adopt rules governing the establishment and operation of programs under this section.

Sec. 5104.31. (A) Publicly funded child care may be provided only by the following:

(B) Publicly funded child day-care may be provided in a child's own home only by an in-home aide.

(C)(1) Except as provided in division (C)(2) of this section, a licensed child care program may provide publicly funded child care only if the program is rated through the step up to quality program established pursuant to section 5104.29 of the Revised Code.

(2) A licensed child care program that is any of the following may provide publicly funded child care without being rated through the step up to quality program:

(g) A program that provides publicly funded child care to less than twenty-five per cent of the program's license capacity;

(h) A program that is a type A family day-care home or licensed type B family day-care home.

Sec. 5104.32. (A) All purchases of publicly funded child care shall be made under a contract entered into by a licensed child day-care center, licensed type A family day-care home, licensed type B family day-care home, certified in-home aide, approved child day camp, licensed preschool program, licensed school child program, or border state child care provider and the department of children and family services youth. All contracts for publicly funded child care shall be contingent upon the availability of state and federal funds. The department shall prescribe a standard form to be used for all contracts for the purchase of publicly funded child care, regardless of the source of public funds used to purchase the child care. To the extent permitted by federal law and notwithstanding any other provision of the Revised Code that regulates state contracts or contracts involving the expenditure of state or federal funds, all contracts for publicly funded child care shall be entered into in accordance with the provisions of this chapter and are exempt from any other provision of the Revised Code that regulates state contracts or contracts involving the expenditure of state or federal funds.
(B) Each contract for publicly funded child care shall specify at least the following:

(1) That the provider of publicly funded child care agrees to be paid for rendering services at the lower of the rate customarily charged by the provider for children enrolled for child care or the reimbursement rate of payment established pursuant to section 5104.30 of the Revised Code;

(2) That, if a provider provides child care to an individual potentially eligible for publicly funded child care who is subsequently determined to be eligible, the department agrees to pay for all child care provided between the date the county department of job and family services receives the individual's completed application and the date the individual's eligibility is determined;

(3) Whether the county department of job and family services, the provider, or a child care resource and referral service organization will make eligibility determinations, whether the provider or a child care resource and referral service organization will be required to collect information to be used by the county department to make eligibility determinations, and the time period within which the provider or child care resource and referral service organization is required to complete required eligibility determinations or to transmit to the county department any information collected for the purpose of making eligibility determinations;

(4) That the provider, other than a border state child care provider, shall continue to be licensed, approved, or certified pursuant to this chapter and shall comply with all standards and other requirements in this chapter and in rules adopted pursuant to this chapter for maintaining the provider's license, approval, or certification;
(5) That, in the case of a border state child care provider, the provider shall continue to be licensed, certified, or otherwise approved by the state in which the provider is located and shall comply with all standards and other requirements established by that state for maintaining the provider's license, certificate, or other approval;

(6) Whether the provider will be paid by the state department of job children and family services youth or in some other manner as prescribed by rules adopted under section 5104.42 of the Revised Code;

(7) That the contract is subject to the availability of state and federal funds.

(C)(1) The department shall establish an automated child care system to track attendance and calculate payments for publicly funded child care.

(2) Each eligible provider that provides publicly funded child care shall participate in the automated child care system. A provider participating in the system shall not do any of the following:

(a) Use or have possession of a personal identification number or password issued to a caretaker parent under the automated child care system;

(b) Falsify attendance records;

(c) Knowingly seek or accept payment for publicly funded child care that was not provided or for which the provider was not eligible;

(d) Knowingly seek or accept payment for child care provided to a child who resides in the provider's own home.

(D) The department may withhold any money due under this chapter and may recover through any appropriate method any money
erroneously paid under this chapter if evidence demonstrates that a provider of publicly funded child care failed to comply with either of the following:

(1) The terms of the contract entered into under this section;

(2) This chapter or any rules adopted under it.

(E) If the department has evidence that a provider has employed an individual who is ineligible for employment under section 5104.013 of the Revised Code and the provider has not released the individual from employment upon notice that the individual is ineligible, the department may terminate immediately the contract entered into under this section to provide publicly funded child care.

(F) Any decision by the department concerning publicly funded child care, including the recovery of funds, overpayment determinations, and contract terminations is final and is not subject to appeal, hearing, or further review under Chapter 119 of the Revised Code.

Sec. 5104.33. (A) The department of job children and family services youth shall prescribe an application form for use in making eligibility determinations for publicly funded child care. The form shall be as brief and simple as practicable.

(B) In administering the process of applying for publicly funded child care, the county department of job and family services shall implement policies designed to ensure that the application process is as accessible to the public as possible. These policies shall include making the application forms available at appropriate locations selected by the county department and making arrangements that enable applicants to complete the application process at times outside their normal
working hours, and at locations, convenient for them. The arrangements may include stationing certain of their employees at various sites in the county for the purpose of assisting applicants in completing the application process and of making eligibility determinations at those locations. The arrangements may also include providing training and technical assistance to appropriate entities that qualify them to provide assistance in completing the application process and, to the extent permitted by federal law, to make eligibility determinations.

Each county department of job and family services shall submit to the department of job children and family services youth for approval its plan for ensuring that the application process is as accessible to the public as possible and complies with this division. The county department shall make any changes to its plan that the department determines are necessary for compliance with this division and with any state standards adopted for the administration of this division.

Sec. 5104.34. (A)(1) Each county department of job and family services shall implement procedures for making determinations of eligibility for publicly funded child care. Under those procedures, the eligibility determination for each applicant shall be made no later than thirty calendar days from the date the county department receives a completed application for publicly funded child care. Each applicant shall be notified promptly of the results of the eligibility determination. An applicant aggrieved by a decision or delay in making an eligibility determination may appeal the decision or delay to the department of job children and family services youth in accordance with section 5101.35 of the Revised Code. The due process rights of applicants shall be protected.

To the extent permitted by federal law, the county department
may make all determinations of eligibility for publicly funded child care, may contract with child care providers or child care resource and referral service organizations for the providers or resource and referral service organizations to make all or any part of the determinations, and may contract with child care providers or child care resource and referral service organizations for the providers or resource and referral service organizations to collect specified information for use by the county department in making determinations. If a county department contracts with a child care provider or a child care resource and referral service organization for eligibility determinations or for the collection of information, the contract shall require the provider or resource and referral service organization to make each eligibility determination no later than thirty calendar days from the date the provider or resource and referral organization receives a completed application that is the basis of the determination and to collect and transmit all necessary information to the county department within a period of time that enables the county department to make each eligibility determination no later than thirty days after the filing of the application that is the basis of the determination.

The county department may station employees of the department in various locations throughout the county to collect information relevant to applications for publicly funded child care and to make eligibility determinations. The county department, child care provider, and child care resource and referral service organization shall make each determination of eligibility for publicly funded child care no later than thirty days after the filing of the application that is the basis of the determination, shall make each determination in accordance with any relevant rules adopted pursuant to section 5104.38 of the Revised Code, and shall notify promptly each applicant for publicly funded child care of the results of the determination of the applicant's
eligibility.

The director of children and family services youth shall adopt rules in accordance with Chapter 119. of the Revised Code for monitoring the eligibility determination process. In accordance with those rules, the state department shall monitor eligibility determinations made by county departments of job and family services and shall direct any entity that is not in compliance with this division or any rule adopted under this division to implement corrective action specified by the department.

(2)(a) All eligibility determinations for publicly funded child care shall be made in accordance with rules adopted pursuant to division (A) of section 5104.38 of the Revised Code. Except as otherwise provided in this section, all of the following apply:

(i) Publicly funded child care may be provided only to eligible infants, toddlers, preschool-age children, school-age children under age thirteen, or children receiving special needs child care.

(ii) For an applicant to be eligible for publicly funded child care, the caretaker parent must be employed or participating in a program of education or training for an amount of time reasonably related to the time that the parent's children are receiving publicly funded child care. This restriction does not apply to families whose children are eligible for protective child care.

(iii) The eligibility period for publicly funded child care shall be at least twelve months.

(b) In accordance with rules adopted under division (B) of section 5104.38 of the Revised Code, an applicant may receive publicly funded child care while the county department determines eligibility. An applicant may receive publicly funded child care
while a county department determines eligibility only once during a twelve-month period. If the county department determines that an applicant is not eligible for publicly funded child care, the child care provider shall be paid for providing publicly funded child care for up to five days after that determination if the county department received a completed application with all required documentation. A program may appeal a denial of payment under this division.

(c) If a caretaker parent who has been determined eligible to receive publicly funded child care no longer meets the requirements of division (A)(2)(a)(ii) of this section, the caretaker parent may continue to receive publicly funded child care for a period of at least three but not more than four months not to extend beyond the caretaker parent's eligibility period.

(d) If a child turns thirteen, or if a child receiving special needs child care turns eighteen, during the eligibility period, the caretaker parent may continue to receive publicly funded child care until the end of that eligibility period.

Subject to available funds, the department of job children and family services youth shall allow a family to receive publicly funded child care unless the family's income exceeds the maximum income eligibility limit. Initial and continued eligibility for publicly funded child care is subject to available funds unless the family is receiving child care pursuant to division (A)(1), (2), (3), or (4) of section 5104.30 of the Revised Code. If the department must limit eligibility due to lack of available funds, it shall give first priority for publicly funded child care to an assistance group whose income is not more than the maximum income eligibility limit that received transitional child care in the previous month but is no longer eligible because the eligibility period has expired. Such an assistance group shall continue to receive priority for publicly funded child care until its income
exceeds the maximum income eligibility limit.

(3) An assistance group that ceases to participate in the Ohio works first program established under Chapter 5107. of the Revised Code is eligible for transitional child care at any time during the immediately following twelve-month period that both of the following apply:

(a) The assistance group requires child care due to employment;

(b) The assistance group's income is not more than one hundred fifty per cent of the federal poverty line.

Sec. 5153.163. (A) As used in this section:

(1) "Adoptive parent" means, as the context requires, a prospective adoptive parent or an adoptive parent.

(2) "Relative" has the same meaning as in section 5101.141 of the Revised Code.

(B)(1) Before a child's adoption is finalized, a public children services agency may enter into an agreement with the child's adoptive parent under which the agency, to the extent state funds are available, may make state adoption maintenance...
subsidy payments as needed on behalf of the child when all of the following apply:

(a) The child is a child with special needs.

(b) The child was placed in the adoptive home by a public children services agency or a private child placing agency and may legally be adopted.

(c) The adoptive parent has the capability of providing the permanent family relationships needed by the child.

(d) The needs of the child are beyond the economic resources of the adoptive parent.

(e) Acceptance of the child as a member of the adoptive parent's family would not be in the child's best interest without payments on the child's behalf under this section.

(f) The gross income of the adoptive parent's family does not exceed one hundred twenty per cent of the median income of a family of the same size, including the child, as most recently determined for this state by the secretary of health and human services under Title XX of the "Social Security Act," 88 Stat. 2337, 42 U.S.C.A. 1397, as amended.

(2) State adoption maintenance subsidy payment agreements must be made by either the public children services agency that has permanent custody of the child or the public children services agency of the county in which the private child placing agency that has permanent custody of the child is located.

(3) State adoption maintenance subsidy payments shall be made in accordance with the agreement between the public children services agency and the adoptive parent and are subject to an
annual redetermination of need.

(4) Payments under this division may begin either before or after issuance of the final adoption decree, except that payments made before issuance of the final adoption decree may be made only while the child is living in the adoptive parent's home. Preadoption payments may be made for not more than twelve months, unless the final adoption decree is not issued within that time because of a delay in court proceedings. Payments that begin before issuance of the final adoption decree may continue after its issuance.

(C)(1) A public children services agency may enter into an agreement with a child's relative under which the agency, to the extent state funds are available, may provide state kinship guardianship assistance as needed on behalf of the child when all of the following apply:

(a) The relative has cared for the eligible child as a foster caregiver as defined by section 5103.02 of the Revised Code for at least six consecutive months.

(b) Both of the following apply:

(i) A juvenile court issued an order granting legal custody of the child to the relative, or a probate court issued an order granting guardianship of the child to the relative, and the order is not a temporary court order.

(ii) The relative has committed to care for the child on a permanent basis.

(c) The relative signed a state kinship guardianship assistance agreement prior to assuming legal guardianship or legal custody of the child.

(d) The child had been removed from home pursuant to a voluntary placement agreement or as a result of a judicial
determination to the effect that continuation in the home would be contrary to the welfare of the child.

(e) Returning the child home or adoption are not appropriate permanency options for the child.

(f) The child demonstrates a strong attachment to the relative and the relative has a strong commitment to caring permanently for the child.

(g) With respect to a child who has attained fourteen years of age, the child has been consulted regarding the state kinship guardianship assistance arrangement.

(h) The child is not eligible for kinship guardianship assistance payments under Title IV-E of the "Social Security Act," 42 U.S.C. 673(d), as amended.

(2) The public children services agency that had custody of a child immediately prior to a court granting legal custody or guardianship of the child to a relative of the child described in division (C)(1) of this section is authorized to enter into a state kinship guardianship assistance agreement with that relative.

(3) State kinship guardianship assistance for a child shall be provided in accordance with a state kinship guardianship assistance agreement entered into between the public children services agency and relative of the child described in division (C)(1) of this section and is subject to an annual redetermination of need.

(4) Not later than fifteen months after the effective date of this section September 30, 2021, if the amended state plan submitted under Title IV-E to implement 42 U.S.C. 673(d) as described in section 5101.1416 of the Revised Code is approved, division (C) of this section shall be implemented.
(D) No payment shall be made under division (B) or (C) of this section on behalf of any person eighteen years of age or older beyond the end of the school year during which the person attains the age of eighteen or on behalf of a person with a mental or physical disability twenty-one years of age or older.

(E) The director of children and family services youth shall adopt rules in accordance with Chapter 119. of the Revised Code that are needed to implement this section. The rules shall establish all of the following:

1) The application process for all forms of assistance provided under this section;

2) The method to determine the amount of assistance payable under division (B) of this section;

3) The definition of "child with special needs" for this section;

4) The process whereby a child's continuing need for services provided under division (B) or (C) of this section is annually redetermined;

5) Any other rule, requirement, or procedure the department considers appropriate for the implementation of this section.

(F) The state adoption special services subsidy program ceases to exist on July 1, 2004, except that, subject to the findings of the annual redetermination process established under division (E) of this section and the child's individual need for services, a public children services agency may continue to provide state adoption special services subsidy payments on behalf of a child for whom payments were being made prior to July 1, 2004.

(G) Benefits and services provided under this section are inalienable whether by way of assignment, charge, or otherwise and
exempt from execution, attachment, garnishment, and other like processes.

Sec. 5153.166. In addition to other rules specifically authorized by the Revised Code, the director of children and family services may adopt rules governing public children services agencies' performance of their family services duties, including the family services duties that public children services agencies have under sections 5153.16 to 5153.19 of the Revised Code.

Sec. 5153.17. The public children services agency shall prepare and keep written records of investigations of families, children, and foster homes, and of the care, training, and treatment afforded children, and shall prepare and keep such other records as are required by the department of children and family services. Such records shall be confidential, but, except as provided by division (B) of section 3107.17 of the Revised Code, shall be open to inspection by the agency, the director of children and family services, and the director of the county department of job and family services, and by other persons upon the written permission of the executive director.

Sec. 5153.175. (A) Notwithstanding division (I)(1) of section 2151.421, section 5153.17, and any other section of the Revised Code pertaining to confidentiality, when a public children services agency has determined that child abuse or neglect occurred and that abuse or neglect involves a person who has applied for licensure as a type A family day-care home or type B family day-care home, the agency shall promptly provide to the department of children and family services any information the agency determines to be relevant for the purpose...
of evaluating the fitness of the person, including, but not limited to, both of the following:

(1) A summary report of the chronology of abuse and neglect reports made pursuant to section 2151.421 of the Revised Code of which the person is the subject where the agency determined that abuse or neglect occurred and the final disposition of the investigation of the reports or, if the investigations have not been completed, the status of the investigations;

(2) Any underlying documentation concerning those reports.

(B) The agency shall not include in the information provided to the department under division (A) of this section the name of the person or entity that made the report or participated in the making of the report of child abuse or neglect.

(C) Upon provision of information under division (A) of this section, the agency shall notify the department of both of the following:

(1) That the information is confidential;

(2) That unauthorized dissemination of the information is a violation of division (I)(2) of section 2151.421 of the Revised Code and any person who permits or encourages unauthorized dissemination of the information is guilty of a misdemeanor of the fourth degree pursuant to section 2151.99 of the Revised Code.

Sec. 5153.20. (A)(1) Except as provided in division (B) of this section, the cost of care furnished by the public children services agency or the board of county commissioners to any child having a legal residence in another county shall be charged to the county of legal residence. No expense shall be incurred by the agency or the board of county commissioners, on account of such care, except for temporary or emergency care, without the consent of the agency or board of county commissioners, or as provided by
this section. If such consent cannot be obtained the board of
county commissioners may file a petition in the court of common
pleas of the county in which the child is found for a
determination of legal residence of such child. Summons in such a
proceeding shall be served, as in other civil actions, upon the
board of county commissioners and the executive director of the
agency of the county alleged to be the county of legal residence,
but the answer day shall be the tenth day after the issuance of
such summons. The return day shall be the fifth day after issuance
of the summons. The cause shall be set for hearing not less than
ten nor more than thirty days after the issuance of the summons.
The finding and determination by the court upon such application,
subject to the right of appeal, shall be final and conclusive as
to the county chargeable under this section with the costs of the
care of such child. The board of county commissioners out of its
general funds shall reimburse the agency furnishing such care,
upon receipt of itemized statements.

(2) Any moneys received by the agency furnishing such care
from persons liable for the cost of any part of such care, by
agreement or otherwise, shall be credited to the county of legal
residence.

(3) The agency may remove and deliver any child, having legal
residence in another county in Ohio and deemed to be in need of
public care, to the public children services agency of the county
of legal residence. All cost incidental to the transportation of
such child and of any escort required shall be paid by the public
children services agency which delivers back the child. With the
approval of the department of job children and family services
youth, any child whose legal residence has been found to be in
another state or country may be transferred to the department for
return to the place of legal residence, or such child may be
returned by the agency. All costs incidental to the transportation
of such child and of any escort required shall be paid by the
department of children and family services if it returns the
child, otherwise the cost shall be paid by the agency, subject
in either case to such reimbursement as may be obtained from the
responsible persons or authorities of the place of legal
residence. The department of children and family services
youth may enter into agreements with the authorities of other
states relative to the placement and return of children.

(B)(1) If a court determines that reasonable efforts have
been made to prevent removal of an adopted child from the child's
home pursuant to section 2151.419 of the Revised Code and an
adopted child is placed in the temporary or permanent custody of a
public children services agency or a private child placing agency
within thirty-six months of the date that the child's adoption was
finalized, the agency that previously held permanent custody of the
child when the child was placed with the adoptive parent shall
be given opportunity to participate in planning for the child's
care and treatment and shall assume fifty per cent of the
financial responsibility for the care and treatment. Shared
planning and financial responsibility shall cease on the first day
of the thirty-seventh month after the date that the child's
adoption was finalized and, on this date, the custodial agency
shall then assume full planning and financial responsibility. The
custodial agency and the agency that previously held permanent
custody of the child may enter into a written agreement for shared
financial responsibility that differs from the responsibilities
allocated in this division.

(2) Division (B)(1) of this section does not apply to any of
the following:

(a) An adoption by a stepparent whose spouse is a biological
or adoptive parent of the child;

(b) An international adoption;
(c) An adoption where either the custodial agency or agency that previously held permanent custody of the child is not in this state.

(3) Nothing in division (B) of this section shall prevent a court or a child support enforcement agency from issuing a child support order.

**Sec. 5153.21.** The board of county commissioners may establish a children's home upon the recommendation of the public children services agency and subject to certification by the department of job children and family services youth under section 5103.03 of the Revised Code and the requirements of sections 5103.05 and 5103.051 of the Revised Code.

**Sec. 5153.22.** If there is no children's home in the county or if the facilities for institutional care are inadequate, the public children services agency may, subject to the approval of the department of job children and family services youth and the board of county commissioners, enter into an agreement with the public children services agency of, or a certified organization located in, another county, or with the board of trustees of any district or semipublic children's home, or with any agency or institution outside the state for the furnishing of institutional care to children of the county.

**Sec. 5153.27.** A public children services agency operating a children's home or other institution is subject to sections 5103.03 and 5103.04 of the Revised Code respecting certification by the department of job children and family services youth.

**Sec. 5153.29.** The board of county commissioners of any county having a county children's home, may, upon the recommendation of the public children services agency and with the approval of the
department of job children and family services youth, abandon the use of such home and proceed to sell or lease the site, building, furniture, and equipment of such home in the manner most advantageous to the county, or it may use the home for other necessary and proper purposes. The net proceeds of any such sale or lease shall be paid into the county treasury.

Sec. 5153.30. The public children services agency may accept and receive bequests, donations, and gifts of funds or property, real or personal, for child care and services. The facilities or services to be established or maintained through any such gift shall be subject to the approval of the department of job children and family services youth.

Sec. 5153.32. Any corporation, organized under the laws of this state for the purpose of establishing, conducting, and maintaining a child welfare institution or agency, which is unable, for any reason, to conduct and maintain such institution or agency, and which has not, for a period of three consecutive years, conducted or maintained a place or establishment for the care of children, and which has in its hands funds or properties acquired by it for the purpose of establishing, conducting, and maintaining such institution or agency, may, subject to the approval of the department of job children and family services youth, and subject to the terms of any deed, will, or other instrument pursuant to which such funds or properties were acquired, transfer such funds or properties to the public children services agency, to be used for the purposes for which such funds or property were acquired. The transfer of such funds or properties to the agency shall be a full discharge of the obligation or liability of such corporation and its trustees with respect to the funds and properties so transferred.
Sec. 5153.35. The boards of county commissioners shall levy taxes and make appropriations sufficient to enable the public children services agency to perform its functions and duties under this chapter. If the board of county commissioners levies a tax for children services and the children services functions are transferred from a county children services board to the department of job children and family services youth, or from the department of job children and family services youth to a county children services board, the levy shall continue in effect for the period for which it was approved by the electors for the use by the public children services agency that provides children services pursuant to the transfer.

In addition to making the usual appropriations, there may be allowed annually to the executive director an amount not to exceed one-half the executive director's official salary to provide for necessary expenses which are incurred by the executive director or the executive director's staff in the performance of their official duties. Upon the order of the executive director, the county auditor shall draw a warrant on the county treasurer payable to the executive director or such other person as the order designates, for such amount as the order requires, not exceeding the amount provided for in this section, and to be paid out of the general fund of the county. The bond of the executive director provided for by section 5153.13 of the Revised Code shall at all times be in sufficient amount to cover the additional appropriations provided for by this section.

The executive director, annually, before the first Monday of January, shall file with the auditor a detailed and itemized statement, verified by the executive director, as to the manner in which the fund has been expended during the current year, and if any part of such fund remains in the executive director's hands unexpended, forthwith shall pay that amount into the county
Sec. 5153.36. The boards of county commissioners of two or more adjoining counties, not to exceed four, may, upon the recommendation of the public children services agencies of such counties, and subject to the approval of the department of job children and family services youth form themselves into a joint board, and proceed to organize a district for the establishment and support of a children's home, by using a site and buildings already established in one such county, or by providing for the purchase of a site and the erection of necessary buildings thereon.

Sec. 5153.38. When any person donates or bequeaths the person's real or personal estate, or any part thereof, to the use and benefit of a district children's home, the board of trustees of the home may accept and use such donation or bequest as they deem for the best interests of the institution, and consistent with the conditions of such bequest. The facilities or services to be established or maintained through any such gift shall be subject to the approval of the department of job children and family services youth.

Sec. 5153.49. The board of county commissioners of any county within a children's home district may, upon the recommendation of the public children services agency, and subject to the approval of the department of job children and family services youth, withdraw from such district and dispose of its interest in such home by selling or leasing its right, title, and interest in the site, buildings, furniture, and equipment to any counties in the district, at such price and on such terms as are agreed upon among the boards of county commissioners of the counties concerned. Section 307.10 of the Revised Code does not apply to this section.
The net proceeds of any such sale or lease shall be paid into the county treasury of the withdrawing county.

purchase, and if such corporation fails to maintain, manage, and control such home so as to subserve the purpose of a children's home for which it was incorporated, the board may enforce such lien or, if it prefers may, upon approval of the department of job children and family services, youth first being obtained, organize such home into a county children's home. In making the determination of whether a person would have been subject to the notification provisions under prior law as described in this division, the court shall consider the following factors:

sentencing judge or that judge's successor in office, the judge may schedule a hearing to determine whether the interests of justice would be served by suspending the community notification requirement under this section in relation to the offender. The judge may dismiss the motion without a hearing but may not issue an order suspending the community notification requirement without a hearing. At the hearing, all parties are entitled to be heard, and the judge shall consider all of the factors set forth in division (K) of this section. If, at the conclusion of the hearing, the judge finds that the offender has proven by clear and convincing evidence that the offender is unlikely to commit in the future a sexually oriented offense or a child-victim oriented offense and if the judge finds that suspending the community notification requirement is in the interests of justice, the judge may suspend the application of this section in relation to the offender. The order shall contain both of these findings.

The judge promptly shall serve a copy of the order upon the sheriff with whom the offender most recently registered under section 2950.04, 2950.041, or 2950.05 of the Revised Code and upon the bureau of criminal identification and investigation.

(2) A prosecuting attorney, a sentencing judge or that judge's successor in office, and an offender who is subject to the community notification requirement under this section may initially make a motion under division (H)(1) of this section upon the expiration of twenty years after the offender's duty to comply with division (A)(2), (3), or (4) of section 2950.04, division (A)(2), (3), or (4) of section 2950.041 and sections 2950.05 and 2950.06.
2950.06 of the Revised Code begins in relation to the offense for which the offender is subject to community notification. After the initial making of a motion under division (H)(1) of this section, thereafter, the prosecutor, judge, and offender may make a subsequent motion under that division upon the expiration of five years after the judge has entered an order denying the initial motion or the most recent motion made under that division.

notification area" means the geographic area or areas within which 129554
the attorney general, by rule adopted under section 2950.13 of the 129555

Code; 129683

(9) In consultation with the director of education, the 129684

rehabilitation and correction, adopt rules that contain guidelines 129686
to be followed by boards of education of a school district, 129687
chartered nonpublic schools or other schools not operated by a 129688
board of education, preschool programs, child day-care care 129689
centers, type A family day-care child care homes, licensed type B 129690

information received pursuant to section 2950.11 of the Revised Code relative to an offender or delinquent child who has committed a sexually oriented offense or a child-victim oriented offense and is in a category specified in division (F)(1) of that section;

(10) In consultation with local law enforcement representatives and no later than July 1, 1997, adopt rules that designate a geographic area or areas within which the notice described in division (B) of section 2950.11 of the Revised Code must be given to the persons identified in divisions (A)(2) to (8) and (A)(10) of that section;

(11) Through the bureau of criminal identification and investigation, not later than January 1, 2004, establish and operate on the internet a sex offender and child-victim offender database that contains information for every offender who has committed a sexually oriented offense or a child-victim oriented offense and registers in any county in this state pursuant to section 2950.04 or 2950.041 of the Revised Code and for every delinquent child who has committed a sexually oriented offense, is a public registry-qualified juvenile offender registrant, and registers in any county in this state pursuant to either such section. The bureau shall not include on the database the identity of any offender's or public registry-qualified juvenile offender registrant's victim, any offender's or public registry-qualified juvenile offender registrant's social security number, the name of any school or institution of higher education attended by any offender or public registry-qualified juvenile offender registrant, the name of the place of employment of any offender or public registry-qualified juvenile offender registrant, any tracking or identification number described in division (A)(1)(f) of this section, or any information described in division (C)(7) of section 2950.04 or 2950.041 of the Revised Code. The bureau shall provide on the database, for each offender and each public
registry-qualified juvenile offender registrant, at least the
information specified in divisions (A)(11)(a) to (h) of this
section. Otherwise, the bureau shall determine the information to
be provided on the database for each offender and public
registry-qualified juvenile offender registrant and shall obtain
that information from the information contained in the state
registry of sex offenders and child-victim offenders described in
division (A)(1) of this section, which information, while in the
possession of the sheriff who provided it, is a public record open
for inspection as described in section 2950.081 of the Revised
Code. The database is a public record open for inspection under
section 149.43 of the Revised Code, and it shall be searchable by
offender or public registry-qualified juvenile offender registrant
name, by county, by zip code, and by school district. The database
shall provide a link to the web site of each sheriff who has
established and operates on the internet a sex offender and
child-victim offender database that contains information for
offenders and public registry-qualified juvenile offender
registrants who register in that county pursuant to section
2950.04 or 2950.041 of the Revised Code, with the link being a
direct link to the sex offender and child-victim offender database
for the sheriff. The bureau shall provide on the database, for
each offender and public registry-qualified juvenile offender
registrant, at least the following information:

(a) The information described in divisions (A)(1)(a), (b),
(c), and (d) of this section relative to the offender or public
registry-qualified juvenile offender registrant;

(b) The address of the offender's or public

(d) A chart describing which sexually oriented offenses and child-victim oriented offenses are included in the definitions of tier I sex offender/child-victim offender, tier II sex offender/child-victim offender, and tier III sex offender/child-victim offender;

(e) Fingerprints and palmprints of the offender or public registry-qualified juvenile offender registrant and a DNA specimen from the offender or public registry-qualified juvenile offender registrant;

(f) The information set forth in division (B) of section 2950.11 of the Revised Code;

(g) Any outstanding arrest warrants for the offender or public registry-qualified juvenile offender registrant;

(h) The offender's or public registry-qualified juvenile offender registrant's compliance status with duties under this chapter.

(12) Develop software to be used by sheriffs in establishing on the internet a sex offender and child-victim offender database for the public dissemination of some or all of the information and materials described in division (A) of section 2950.081 of the Revised Code that are public records under that division, that are not prohibited from inclusion by division (B) of that section, and that pertain to offenders and public registry-qualified juvenile offender registrants who register in the sheriff's county pursuant to section 2950.04 or 2950.041 of the Revised Code and for the public dissemination of information the sheriff receives pursuant to section 2950.14 of the Revised Code and, upon the request of any sheriff, provide technical guidance to the requesting sheriff in establishing on the internet such a database;

(13) Through the bureau of criminal identification and
investigation, not later than January 1, 2004, establish and operate on the internet a database that enables local law enforcement representatives to remotely search by electronic means the state registry of sex offenders and child-victim offenders described in division (A)(1) of this section and any information and materials the bureau receives pursuant to sections 2950.04, 2950.041, 2950.05, 2950.06, and 2950.14 of the Revised Code. The database shall enable local law enforcement representatives to obtain detailed information regarding each offender and delinquent child who is included in the registry, including, but not limited to the offender's or delinquent child's name, aliases, residence address, name and address of any place of employment, school, institution of higher education, if applicable, license plate number of each vehicle identified in division (C)(5) of section 2950.04 or 2950.041 of the Revised Code to the extent applicable, victim preference if available, date of most recent release from confinement if applicable, fingerprints, and palmprints, all of the information and material described in divisions (A)(1)(a) to (h) of this section regarding the offender or delinquent child, and other identification parameters the bureau considers appropriate. The database is not a public record open for inspection under section 149.43 of the Revised Code and shall be available only to law enforcement representatives as described in this division. Information obtained by local law enforcement representatives through use of this database is not open to inspection by the public or by any person other than a person identified in division (A) of section 2950.08 of the Revised Code.

(14) Through the bureau of criminal identification and investigation, maintain a list of requests for notice about a specified offender or delinquent child or specified geographical notification area made pursuant to division (J) of section 2950.11 of the Revised Code and, when an offender or delinquent child changes residence to another county, forward any requests for
information about that specific offender or delinquent child to the appropriate sheriff;

(15) Through the bureau of criminal identification and investigation, establish and operate a system for the immediate notification by electronic means of the appropriate officials in other states specified in this division each time an offender or delinquent child registers a residence, school, institution of higher education, or place of employment address under section 2950.04 or 2950.041 of the Revised Code or provides a notice of a change of address or registers a new address under division (A) or (B) of section 2950.05 of the Revised Code. The immediate notification by electronic means shall be provided to the appropriate officials in each state in which the offender or delinquent child is required to register a residence, school, institution of higher education, or place of employment address. The notification shall contain the offender's or delinquent child's name and all of the information the bureau receives from the sheriff with whom the offender or delinquent child registered the address or provided the notice of change of address or registered the new address.

(B) The attorney general in consultation with local law enforcement representatives, may adopt rules that establish one or more categories of neighbors of an offender or delinquent child who, in addition to the occupants of residential premises and other persons specified in division (A)(1) of section 2950.11 of the Revised Code, must be given the notice described in division (B) of that section.

(C) No person, other than a local law enforcement representative, shall knowingly do any of the following:

(1) Gain or attempt to gain access to the database established and operated by the attorney general, through the bureau of criminal identification and investigation, pursuant to
division (A)(13) of this section.

(2) Permit any person to inspect any information obtained through use of the database described in division (C)(1) of this section, other than as permitted under that division.

(D) As used in this section, "local law enforcement representatives" means representatives of the sheriffs of this state, representatives of the municipal chiefs of police and marshals of this state, and representatives of the township constables and chiefs of police of the township police departments or police district police forces of this state.

Sec. 3109.051. (A) If a divorce, dissolution, legal separation, or annulment proceeding involves a child and if the court has not issued a shared parenting decree, the court shall consider any mediation report filed pursuant to section 3109.052 of the Revised Code and, in accordance with division (C) of this section, shall make a just and reasonable order or decree permitting each parent who is not the residential parent to have parenting time with the child at the time and under the conditions that the court directs, unless the court determines that it would not be in the best interest of the child to permit that parent to have parenting time with the child and includes in the journal its findings of fact and conclusions of law. Whenever possible, the order or decree permitting the parenting time shall ensure the opportunity for both parents to have frequent and continuing contact with the child, unless frequent and continuing contact by either parent with the child would not be in the best interest of the child. The court shall include in its final decree a specific schedule of parenting time for that parent. Except as provided in division (E)(6) of section 3113.31 of the Revised Code, if the court, pursuant to this section, grants parenting time to a parent or companionship or visitation rights to any other person with
respect to any child, it shall not require the public children services agency to provide supervision of or other services related to that parent's exercise of parenting time or that person's exercise of companionship or visitation rights with respect to the child. This section does not limit the power of a juvenile court pursuant to Chapter 2151. of the Revised Code to issue orders with respect to children who are alleged to be abused, neglected, or dependent children or to make dispositions of children who are adjudicated abused, neglected, or dependent children or of a common pleas court to issue orders pursuant to section 3113.31 of the Revised Code.

(B)(1) In a divorce, dissolution of marriage, legal separation, annulment, or child support proceeding that involves a child, the court may grant reasonable companionship or visitation rights to any grandparent, any person related to the child by consanguinity or affinity, or any other person other than a parent, if all of the following apply:

(a) The grandparent, relative, or other person files a motion with the court seeking companionship or visitation rights.

(b) The court determines that the grandparent, relative, or other person has an interest in the welfare of the child.

(c) The court determines that the granting of the companionship or visitation rights is in the best interest of the child.

(2) A motion may be filed under division (B)(1) of this section during the pendency of the divorce, dissolution of marriage, legal separation, annulment, or child support proceeding or, if a motion was not filed at that time or was filed at that time and the circumstances in the case have changed, at any time after a decree or final order is issued in the case.
(C) When determining whether to grant parenting time rights to a parent pursuant to this section or section 3109.12 of the Revised Code or to grant companionship or visitation rights to a grandparent, relative, or other person pursuant to this section or section 3109.11 or 3109.12 of the Revised Code, when establishing a specific parenting time or visitation schedule, and when determining other parenting time matters under this section or section 3109.12 of the Revised Code or visitation matters under this section or section 3109.11 or 3109.12 of the Revised Code, the court shall consider any mediation report that is filed pursuant to section 3109.052 of the Revised Code and shall consider all other relevant factors, including, but not limited to, all of the factors listed in division (D) of this section. In considering the factors listed in division (D) of this section for purposes of determining whether to grant parenting time or visitation rights, establishing a specific parenting time or visitation schedule, determining other parenting time matters under this section or section 3109.12 of the Revised Code or visitation matters under this section or under section 3109.11 or 3109.12 of the Revised Code, and resolving any issues related to the making of any determination with respect to parenting time or visitation rights or the establishment of any specific parenting time or visitation schedule, the court, in its discretion, may interview in chambers any or all involved children regarding their wishes and concerns. If the court interviews any child concerning the child's wishes and concerns regarding those parenting time or visitation matters, the interview shall be conducted in chambers, and no person other than the child, the child's attorney, the judge, any necessary court personnel, and, in the judge's discretion, the attorney of each parent shall be permitted to be present in the chambers during the interview. No person shall obtain or attempt to obtain from a child a written or recorded statement or affidavit setting forth the wishes and concerns of
the child regarding those parenting time or visitation matters. A court, in considering the factors listed in division (D) of this section for purposes of determining whether to grant any parenting time or visitation rights, establishing a parenting time or visitation schedule, determining other parenting time matters under this section or section 3109.12 of the Revised Code or visitation matters under this section or under section 3109.11 or 3109.12 of the Revised Code, or resolving any issues related to the making of any determination with respect to parenting time or visitation rights or the establishment of any specific parenting time or visitation schedule, shall not accept or consider a written or recorded statement or affidavit that purports to set forth the child's wishes or concerns regarding those parenting time or visitation matters.

(D) In determining whether to grant parenting time to a parent pursuant to this section or section 3109.12 of the Revised Code or companionship or visitation rights to a grandparent, relative, or other person pursuant to this section or section 3109.11 or 3109.12 of the Revised Code, in establishing a specific parenting time or visitation schedule, and in determining other parenting time matters under this section or section 3109.12 of the Revised Code or visitation matters under this section or section 3109.11 or 3109.12 of the Revised Code, the court shall consider all of the following factors:

(1) The prior interaction and interrelationships of the child with the child's parents, siblings, and other persons related by consanguinity or affinity, and with the person who requested companionship or visitation if that person is not a parent, sibling, or relative of the child;

(2) The geographical location of the residence of each parent and the distance between those residences, and if the person is not a parent, the geographical location of that person's residence.
and the distance between that person's residence and the child's residence;

(3) The child's and parents' available time, including, but not limited to, each parent's employment schedule, the child's school schedule, and the child's and the parents' holiday and vacation schedule;

(4) The age of the child;

(5) The child's adjustment to home, school, and community;

(6) If the court has interviewed the child in chambers, pursuant to division (C) of this section, regarding the wishes and concerns of the child as to parenting time by the parent who is not the residential parent or companionship or visitation by the grandparent, relative, or other person who requested companionship or visitation, as to a specific parenting time or visitation schedule, or as to other parenting time or visitation matters, the wishes and concerns of the child, as expressed to the court;

(7) The health and safety of the child;

(8) The amount of time that will be available for the child to spend with siblings;

(9) The mental and physical health of all parties;

(10) Each parent's willingness to reschedule missed parenting time and to facilitate the other parent's parenting time rights, and with respect to a person who requested companionship or visitation, the willingness of that person to reschedule missed visitation;

(11) In relation to parenting time, whether either parent previously has been convicted of or pleaded guilty to any criminal offense involving any act that resulted in a child being an abused child or a neglected child; whether either parent, in a case in which a child has been adjudicated an abused child or a neglected
child, previously has been determined to be the perpetrator of the abusive or neglectful act that is the basis of the adjudication; and whether there is reason to believe that either parent has acted in a manner resulting in a child being an abused child or a neglected child;

12) In relation to requested companionship or visitation by a person other than a parent, whether the person previously has been convicted of or pleaded guilty to any criminal offense involving any act that resulted in a child being an abused child or a neglected child; whether the person, in a case in which a child has been adjudicated an abused child or a neglected child, previously has been determined to be the perpetrator of the abusive or neglectful act that is the basis of the adjudication; whether either parent previously has been convicted of or pleaded guilty to a violation of section 2919.25 of the Revised Code involving a victim who at the time of the commission of the offense was a member of the family or household that is the subject of the current proceeding; whether either parent previously has been convicted of an offense involving a victim who at the time of the commission of the offense was a member of the family or household that is the subject of the current proceeding and caused physical harm to the victim in the commission of the offense; and whether there is reason to believe that the person has acted in a manner resulting in a child being an abused child or a neglected child;

13) Whether the residential parent or one of the parents subject to a shared parenting decree has continuously and willfully denied the other parent's right to parenting time in accordance with an order of the court;

14) Whether either parent has established a residence or is planning to establish a residence outside this state;

15) In relation to requested companionship or visitation by
a person other than a parent, the wishes and concerns of the child's parents, as expressed by them to the court;

(16) Any other factor in the best interest of the child.

(E) The remarriage of a residential parent of a child does not affect the authority of a court under this section to grant parenting time rights with respect to the child to the parent who is not the residential parent or to grant reasonable companionship or visitation rights with respect to the child to any grandparent, any person related by consanguinity or affinity, or any other person.

(F)(1) If the court, pursuant to division (A) of this section, denies parenting time to a parent who is not the residential parent or denies a motion for reasonable companionship or visitation rights filed under division (B) of this section and the parent or movant files a written request for findings of fact and conclusions of law, the court shall state in writing its findings of fact and conclusions of law in accordance with Civil Rule 52.

(2) On or before July 1, 1991, each court of common pleas, by rule, shall adopt standard parenting time guidelines. A court shall have discretion to deviate from its standard parenting time guidelines based upon factors set forth in division (D) of this section.

(G)(1) If the residential parent intends to move to a residence other than the residence specified in the parenting time order or decree of the court, the parent shall file a notice of intent to relocate with the court that issued the order or decree. Except as provided in divisions (G)(2), (3), and (4) of this section, the court shall send a copy of the notice to the parent who is not the residential parent. Upon receipt of the notice, the court, on its own motion or the motion of the parent who is not
the residential parent, may schedule a hearing with notice to both 130072
parents to determine whether it is in the best interest of the 130073
child to revise the parenting time schedule for the child. 130074
(2) When a court grants parenting time rights to a parent who 130075
is not the residential parent, the court shall determine whether 130076
that parent has been convicted of or pleaded guilty to a violation 130077
of section 2919.25 of the Revised Code involving a victim who at 130078
the time of the commission of the offense was a member of the 130079
family or household that is the subject of the proceeding, has 130080
been convicted of or pleaded guilty to any other offense involving 130081
a victim who at the time of the commission of the offense was a 130082
member of the family or household that is the subject of the 130083
proceeding and caused physical harm to the victim in the 130084
commission of the offense, or has been determined to be the 130085
perpetrator of the abusive act that is the basis of an 130086
adjudication that a child is an abused child. If the court 130087
determines that that parent has not been so convicted and has not 130088
been determined to be the perpetrator of an abusive act that is 130089
the basis of a child abuse adjudication, the court shall issue an 130090
order stating that a copy of any notice of relocation that is 130091
filed with the court pursuant to division (G)(1) of this section 130092
will be sent to the parent who is given the parenting time rights 130093
in accordance with division (G)(1) of this section. 130094

If the court determines that the parent who is granted the 130095
parenting time rights has been convicted of or pleaded guilty to a 130096
violation of section 2919.25 of the Revised Code involving a 130097
victim who at the time of the commission of the offense was a 130098
member of the family or household that is the subject of the 130099
proceeding, has been convicted of or pleaded guilty to any other 130100
offense involving a victim who at the time of the commission of 130101
the offense was a member of the family or household that is the 130102
subject of the proceeding and caused physical harm to the victim 130103
in the commission of the offense, or has been determined to be the perpetrator of the abusive act that is the basis of an adjudication that a child is an abused child, it shall issue an order stating that that parent will not be given a copy of any notice of relocation that is filed with the court pursuant to division (G)(1) of this section unless the court determines that it is in the best interest of the children to give that parent a copy of the notice of relocation, issues an order stating that that parent will be given a copy of any notice of relocation filed pursuant to division (G)(1) of this section, and issues specific written findings of fact in support of its determination.

(3) If a court, prior to April 11, 1991, issued an order granting parenting time rights to a parent who is not the residential parent and did not require the residential parent in that order to give the parent who is granted the parenting time rights notice of any change of address and if the residential parent files a notice of relocation pursuant to division (G)(1) of this section, the court shall determine if the parent who is granted the parenting time rights has been convicted of or pleaded guilty to a violation of section 2919.25 of the Revised Code involving a victim who at the time of the commission of the offense was a member of the family or household that is the subject of the proceeding, has been convicted of or pleaded guilty to any other offense involving a victim who at the time of the commission of the offense was a member of the family or household that is the subject of the proceeding and caused physical harm to the victim in the commission of the offense, or has been determined to be the perpetrator of the abusive act that is the basis of an adjudication that a child is an abused child. If the court determines that the parent who is granted the parenting time rights has not been so convicted and has not been determined to be the perpetrator of an abusive act that is the basis of a child abuse adjudication, the court shall issue an order stating that a
copy of any notice of relocation that is filed with the court pursuant to division (G)(1) of this section will be sent to the parent who is granted parenting time rights in accordance with division (G)(1) of this section.

If the court determines that the parent who is granted the parenting time rights has been convicted of or pleaded guilty to a violation of section 2919.25 of the Revised Code involving a victim who at the time of the commission of the offense was a member of the family or household that is the subject of the proceeding, has been convicted of or pleaded guilty to any other offense involving a victim who at the time of the commission of the offense was a member of the family or household that is the subject of the proceeding and caused physical harm to the victim in the commission of the offense, or has been determined to be the perpetrator of the abusive act that is the basis of an adjudication that a child is an abused child, it shall issue an order stating that that parent will not be given a copy of any notice of relocation that is filed with the court pursuant to division (G)(1) of this section unless the court determines that it is in the best interest of the children to give that parent a copy of the notice of relocation, issues an order stating that that parent will be given a copy of any notice of relocation filed pursuant to division (G)(1) of this section, and issues specific written findings of fact in support of its determination.

(4) If a parent who is granted parenting time rights pursuant to this section or any other section of the Revised Code is authorized by an order issued pursuant to this section or any other court order to receive a copy of any notice of relocation that is filed pursuant to division (G)(1) of this section or pursuant to court order, if the residential parent intends to move to a residence other than the residence address specified in the parenting time order, and if the residential parent does not want
the parent who is granted the parenting time rights to receive a copy of the relocation notice because the parent with parenting time rights has been convicted of or pleaded guilty to a violation of section 2919.25 of the Revised Code involving a victim who at the time of the commission of the offense was a member of the family or household that is the subject of the proceeding, has been convicted of or pleaded guilty to any other offense involving a victim who at the time of the commission of the offense was a member of the family or household that is the subject of the proceeding and caused physical harm to the victim in the commission of the offense, or has been determined to be the perpetrator of the abusive act that is the basis of an adjudication that a child is an abused child, the residential parent may file a motion with the court requesting that the parent who is granted the parenting time rights not receive a copy of any notice of relocation. Upon the filing of the motion, the court shall schedule a hearing on the motion and give both parents notice of the date, time, and location of the hearing. If the court determines that the parent who is granted the parenting time rights has been so convicted or has been determined to be the perpetrator of an abusive act that is the basis of a child abuse adjudication, the court shall issue an order stating that the parent who is granted the parenting time rights will not be given a copy of any notice of relocation that is filed with the court pursuant to division (G)(1) of this section or that the residential parent is no longer required to give that parent a copy of any notice of relocation unless the court determines that it is in the best interest of the children to give that parent a copy of the notice of relocation, issues an order stating that that parent will be given a copy of any notice of relocation filed pursuant to division (G)(1) of this section, and issues specific written findings of fact in support of its determination. If it does not so find, it shall dismiss the motion.
(H)(1) Subject to section 3125.16 and division (F) of section 3319.321 of the Revised Code, a parent of a child who is not the residential parent of the child is entitled to access, under the same terms and conditions under which access is provided to the residential parent, to any record that is related to the child and to which the residential parent of the child legally is provided access, unless the court determines that it would not be in the best interest of the child for the parent who is not the residential parent to have access to the records under those same terms and conditions. If the court determines that the parent of a child who is not the residential parent should not have access to records related to the child under the same terms and conditions as provided for the residential parent, the court shall specify the terms and conditions under which the parent who is not the residential parent is to have access to those records, shall enter its written findings of facts and opinion in the journal, and shall issue an order containing the terms and conditions to both the residential parent and the parent of the child who is not the residential parent. The court shall include in every order issued pursuant to this division notice that any keeper of a record who knowingly fails to comply with the order or division (H) of this section is in contempt of court.

(2) Subject to section 3125.16 and division (F) of section 3319.321 of the Revised Code, subsequent to the issuance of an order under division (H)(1) of this section, the keeper of any record that is related to a particular child and to which the residential parent legally is provided access shall permit the parent of the child who is not the residential parent to have access to the record under the same terms and conditions under which access is provided to the residential parent, unless the residential parent has presented the keeper of the record with a copy of an order issued under division (H)(1) of this section that limits the terms and conditions under which the parent who is not
the residential parent is to have access to records pertaining to the child and the order pertains to the record in question. If the residential parent presents the keeper of the record with a copy of that type of order, the keeper of the record shall permit the parent who is not the residential parent to have access to the record only in accordance with the most recent order that has been issued pursuant to division (H)(1) of this section and presented to the keeper by the residential parent or the parent who is not the residential parent. Any keeper of any record who knowingly fails to comply with division (H) of this section or with any order issued pursuant to division (H)(1) of this section is in contempt of court.

(3) The prosecuting attorney of any county may file a complaint with the court of common pleas of that county requesting the court to issue a protective order preventing the disclosure pursuant to division (H)(1) or (2) of this section of any confidential law enforcement investigatory record. The court shall schedule a hearing on the motion and give notice of the date, time, and location of the hearing to all parties.

(I) A court that issues a parenting time order or decree pursuant to this section or section 3109.12 of the Revised Code shall determine whether the parent granted the right of parenting time is to be permitted access, in accordance with section 5104.039 of the Revised Code, to any child day-care center that is, or that in the future may be, attended by the children with whom the right of parenting time is granted. Unless the court determines that the parent who is not the residential parent should not have access to the center to the same extent that the residential parent is granted access to the center, the parent who is not the residential parent and who is granted parenting time rights is entitled to access to the center to the same extent that the residential parent is granted access to the center. If the
court determines that the parent who is not the residential parent should not have access to the center to the same extent that the residential parent is granted such access under section 5104.039 of the Revised Code, the court shall specify the terms and conditions under which the parent who is not the residential parent is to have access to the center, provided that the access shall not be greater than the access that is provided to the residential parent under section 5104.039 of the Revised Code, the court shall enter its written findings of fact and opinions in the journal, and the court shall include the terms and conditions of access in the parenting time order or decree.

If the court determines that the parent of the child who is not the residential parent should not have access to any student activity that is related to the child under the same terms and conditions as provided for the residential parent, the court shall specify the terms and conditions under which the parent who is not the residential parent is to have access to those student activities, shall enter its written findings of facts and opinion in the journal, and shall issue an order containing the terms and conditions to both the residential parent and the parent of the child who is not the residential parent. If the residential parent presents the school official or employee, the board of education of the school, or the governing body of the chartered nonpublic school with a copy of that type of order, the school official or employee shall permit the parent who is not the residential parent to have access to the student activity only in accordance with the most recent order that has been issued pursuant to division (J)(1) of this section and presented to the school official or employee, the board of education of the school, or the governing body of the chartered nonpublic school by the residential parent or the parent who is not the residential parent. Any school official or employee who knowingly fails to comply with division (J) of this section or with any order issued pursuant to division (J)(1) of this section is in contempt of court.

Any compensatory parenting time or visitation awarded under this division shall be included in an order issued by the court and, to the extent possible, shall be governed by the same terms and conditions as was the parenting time or visitation that was affected by the failure or interference.

(L) Any parent who requests reasonable parenting time rights with respect to a child under this section or section 3109.12 of the Revised Code or any person who requests reasonable companionship or visitation rights with respect to a child under this section, section 3109.11 or 3109.12 of the Revised Code, or any other provision of the Revised Code may file a motion with the court requesting that it waive all or any part of the costs that may accrue in the proceedings. If the court determines that the movant is indigent and that the waiver is in the best interest of the child, the court, in its discretion, may waive payment of all or any part of the costs of those proceedings.

(M)(1) A parent who receives an order for active military service in the uniformed services and who is subject to a parenting time order may apply to the court for any of the

No hearing shall be required if both parents agree to the terms of the requested temporary order and the court determines that the order is in the child's best interest.

(c) In determining whether a delegation under division (M)(1)(a) of this section is in the child's best interest, the court shall consider all relevant factors, including the factors set forth in division (D) of this section.
(d) An order delegating all or part of the parent's parenting time pursuant to division (M)(1)(a) of this section does not create standing on behalf of the person to whom parenting time is delegated to assert visitation or companionship rights independent of the order.

(3) At the request of a parent who is ordered for active military service in the uniformed services and who is a subject of a proceeding pertaining to a parenting time order or pertaining to a request for companionship rights or visitation with a child, the court shall permit the parent to participate in the proceeding and present evidence by electronic means, including communication by telephone, video, or internet to the extent permitted by rules of the supreme court of Ohio.

(B)(1)(a) In any civil action to enforce any local building, housing, air pollution, sanitation, health, fire, zoning, or safety code, ordinance, resolution, or regulation applicable to buildings, that is commenced in a court of common pleas, municipal court, housing or environmental division of a municipal court, or county court, or in any civil action for abatement commenced in a court of common pleas, municipal court, housing or environmental division of a municipal court, or county court, by a municipal corporation or township in which the building involved is located, by any neighbor, tenant, or by a nonprofit corporation that is duly organized and has as one of its goals the improvement of housing conditions in the county or municipal corporation in which the building involved is located, if a building is alleged to be a public nuisance, the municipal corporation, township, neighbor, tenant, or nonprofit corporation may apply in its complaint for an injunction or other order as described in division (C)(1) of this section, or for the relief described in division (C)(2) of this section, including, if necessary, the appointment of a receiver as described in divisions (C)(2) and (3) of this section, or for both such an injunction or other order and such relief. The municipal corporation, township, neighbor, tenant, or nonprofit corporation commencing the action is not liable for the costs, expenses, and fees of any receiver appointed pursuant to divisions (C)(2) and (3) of this section.

(b) Prior to commencing a civil action for abatement when the property alleged to be a public nuisance is subsidized housing, the municipal corporation, township, neighbor, tenant, or
nonprofit corporation commencing the action shall provide the landlord of that property with written notice that specifies one or more defective conditions that constitute a public nuisance as that term applies to subsidized housing and states that if the landlord fails to remedy the condition within sixty days of the service of the notice, a claim pursuant to this section may be brought on the basis that the property constitutes a public nuisance in subsidized housing. Any party authorized to bring an action against the landlord shall make reasonable attempts to serve the notice in the manner prescribed in the Rules of Civil Procedure to the landlord or the landlord's agent for the property at the property's management office, or at the place where the tenants normally pay or send rent. If the landlord is not the owner of record, the party bringing the action shall make a reasonable attempt to serve the owner. If the owner does not receive service the person bringing the action shall certify the attempts to serve the owner.

(2)(a) In a civil action described in division (B)(1) of this section, a copy of the complaint and a notice of the date and time of a hearing on the complaint shall be served upon the owner of the building and all other interested parties in accordance with the Rules of Civil Procedure. If certified mail service, personal service, or residence service of the complaint and notice is refused or certified mail service of the complaint and notice is not claimed, and if the municipal corporation, township, neighbor, tenant, or nonprofit corporation commencing the action makes a written request for ordinary mail service of the complaint and notice, or uses publication service, in accordance with the Rules of Civil Procedure, then a copy of the complaint and notice shall be posted in a conspicuous place on the building.

(b) The judge in a civil action described in division (B)(1) of this section shall conduct a hearing at least twenty-eight days
after the owner of the building and the other interested parties have been served with a copy of the complaint and the notice of the date and time of the hearing in accordance with division (B)(2)(a) of this section.

(c) In considering whether subsidized housing is a public nuisance, the judge shall construe the standards set forth in division (A)(2)(b) of this section in a manner consistent with department of housing and urban development and judicial interpretations of those standards. The judge shall deem that the property is not a public nuisance if during the twelve months prior to the service of the notice that division (B)(1)(b) of this section requires, the department of housing and urban development's real estate assessment center issued a score of seventy-five or higher out of a possible one hundred points pursuant to its regulations governing the physical condition of multifamily properties pursuant to 24 C.F.R. part 200, subpart P, and since the most recent inspection, there has been no significant change in the property's conditions that would create a serious threat to the health, safety, or welfare of the property's tenants.

(C)(1) If the judge in a civil action described in division (B)(1) of this section finds at the hearing required by division (B)(2) of this section that the building involved is a public nuisance, if the judge additionally determines that the owner of the building previously has not been afforded a reasonable opportunity to abate the public nuisance or has been afforded such an opportunity and has not refused or failed to abate the public nuisance, and if the complaint of the municipal corporation, township, neighbor, tenant, or nonprofit corporation commencing the action requested the issuance of an injunction as described in this division, then the judge may issue an injunction requiring the owner of the building to abate the public nuisance or issue
any other order that the judge considers necessary or appropriate
to cause the abatement of the public nuisance. If an injunction is
issued pursuant to this division, the owner of the building
involved shall be given no more than thirty days from the date of
the entry of the judge's order to comply with the injunction,
unless the judge, for good cause shown, extends the time for
compliance.

(2) If the judge in a civil action described in division
(B)(1) of this section finds at the hearing required by division
(B)(2) of this section that the building involved is a public
nuisance, if the judge additionally determines that the owner of
the building previously has been afforded a reasonable opportunity
to abate the public nuisance and has refused or failed to do so,
and if the complaint of the municipal corporation, township,
neighbor, tenant, or nonprofit corporation commencing the action
requested relief as described in this division, then the judge
shall offer any mortgagee, lienholder, or other interested party
associated with the property on which the building is located, in
the order of the priority of interest in title, the opportunity to
undertake the work and to furnish the materials necessary to abate
the public nuisance. Prior to selecting any interested party, the
judge shall require the interested party to demonstrate the
ability to promptly undertake the work and furnish the materials
required, to provide the judge with a viable financial and
construction plan for the rehabilitation of the building as
described in division (D) of this section, and to post security
for the performance of the work and the furnishing of the
materials.

If the judge determines, at the hearing, that no interested
party is willing or able to undertake the work and to furnish the
materials necessary to abate the public nuisance, or if the judge
determines, at any time after the hearing, that any party who is
undertaking corrective work pursuant to this division cannot or
will not proceed, or has not proceeded with due diligence, the
judge may appoint a receiver pursuant to division (C)(3) of this
section to take possession and control of the building.

(3)(a) The judge in a civil action described in division
(B)(1) of this section shall not appoint any person as a receiver
unless the person first has provided the judge with a viable
financial and construction plan for the rehabilitation of the
building involved as described in division (D) of this section and
has demonstrated the capacity and expertise to perform the
required work and to furnish the required materials in a
satisfactory manner. An appointed receiver may be a financial
institution that possesses an interest of record in the building
or the property on which it is located, a nonprofit corporation as
described in divisions (B)(1) and (C)(3)(b) of this section,
including, but not limited to, a nonprofit corporation that
commenced the action described in division (B)(1) of this section,
or any other qualified property manager.

(b) To be eligible for appointment as a receiver, no part of
the net earnings of a nonprofit corporation shall inure to the
benefit of any private shareholder or individual. Membership on
the board of trustees of a nonprofit corporation appointed as a
receiver does not constitute the holding of a public office or
employment within the meaning of sections 731.02 and 731.12 or any
other section of the Revised Code and does not constitute a direct
or indirect interest in a contract or expenditure of money by any
municipal corporation. A member of a board of trustees of a
nonprofit corporation appointed as a receiver shall not be
disqualified from holding any public office or employment, and
shall not forfeit any public office or employment, by reason of
membership on the board of trustees, notwithstanding any law to
the contrary.
(D) Prior to ordering any work to be undertaken, or the furnishing of any materials, to abate a public nuisance under this section, the judge in a civil action described in division (B)(1) of this section shall review the submitted financial and construction plan for the rehabilitation of the building involved and, if it specifies all of the following, shall approve that plan:

1. The estimated cost of the labor, materials, and any other development costs that are required to abate the public nuisance;
2. The estimated income and expenses of the building and the property on which it is located after the furnishing of the materials and the completion of the repairs and improvements;
3. The terms, conditions, and availability of any financing that is necessary to perform the work and to furnish the materials;
4. If repair and rehabilitation of the building are found not to be feasible, the cost of demolition of the building or of the portions of the building that constitute the public nuisance.

(E) Upon the written request of any of the interested parties to have a building, or portions of a building, that constitute a public nuisance demolished because repair and rehabilitation of the building are found not to be feasible, the judge may order the demolition. However, the demolition shall not be ordered unless the requesting interested parties have paid the costs of demolition and, if any, of the receivership, and, if any, all notes, certificates, mortgages, and fees of the receivership.

(F) Before proceeding with the duties of receiver, any receiver appointed by the judge in a civil action described in division (B)(1) of this section may be required by the judge to post a bond in an amount fixed by the judge, but not exceeding the value of the building involved as determined by the judge.
The judge may empower the receiver to do any or all of the following:

(1) Take possession and control of the building and the property on which it is located, operate and manage the building and the property, establish and collect rents and income, lease and rent the building and the property, and evict tenants;

(2) Pay all expenses of operating and conserving the building and the property, including, but not limited to, the cost of electricity, gas, water, sewerage, heating fuel, repairs and supplies, custodian services, taxes and assessments, and insurance premiums, and hire and pay reasonable compensation to a managing agent;

(3) Pay pre-receivership mortgages or installments of them and other liens;

(4) Perform or enter into contracts for the performance of all work and the furnishing of materials necessary to abate, and obtain financing for the abatement of, the public nuisance;

(5) Pursuant to court order, remove and dispose of any personal property abandoned, stored, or otherwise located in or on the building and the property that creates a dangerous or unsafe condition or that constitutes a violation of any local building, housing, air pollution, sanitation, health, fire, zoning, or safety code, ordinance, or regulation;

(6) Obtain mortgage insurance for any receiver's mortgage from any agency of the federal government;

(7) Enter into any agreement and do those things necessary to maintain and preserve the building and the property and comply with all local building, housing, air pollution, sanitation, health, fire, zoning, or safety codes, ordinances, resolutions, and regulations;
(8) Give the custody of the building and the property, and
the opportunity to abate the nuisance and operate the property, to
its owner or any mortgagee or lienholder of record;

(9) Issue notes and secure them by a mortgage bearing
interest, and upon terms and conditions, that the judge approves.
When sold or transferred by the receiver in return for valuable
consideration in money, material, labor, or services, the notes or
certificates shall be freely transferable. Any mortgages granted
by the receiver shall be superior to any claims of the receiver.
Priority among the receiver's mortgages shall be determined by the
order in which they are recorded.

(G) A receiver appointed pursuant to this section is not
personally liable except for misfeasance, malfeasance, or
nonfeasance in the performance of the functions of the office of
receiver.

(H)(1) The judge in a civil action described in division
(B)(1) of this section may assess as court costs, the expenses
described in division (F)(2) of this section, and may approve
receiver's fees to the extent that they are not covered by the
income from the property. Subject to that limitation, a receiver
appointed pursuant to divisions (C)(2) and (3) of this section is
entitled to receive fees in the same manner and to the same extent
as receivers appointed in actions to foreclose mortgages.

(2)(a) Pursuant to the police powers vested in the state, all
expenditures of a mortgagee, lienholder, or other interested party
that has been selected pursuant to division (C)(2) of this section
to undertake the work and to furnish the materials necessary to
abate a public nuisance, and any expenditures in connection with
the foreclosure of the lien created by this division, is a first
lien upon the building involved and the property on which it is
located and is superior to all prior and subsequent liens or other
cencumbrances associated with the building or the property,
including, but not limited to, those for taxes and assessments, upon the occurrence of both of the following:

(i) The prior approval of the expenditures by, and the entry of a judgment to that effect by, the judge in the civil action described in division (B)(1) of this section;

(ii) The recordation of a certified copy of the judgment entry and a sufficient description of the property on which the building is located with the county recorder in the county in which the property is located within sixty days after the date of the entry of the judgment.

(b) Pursuant to the police powers vested in the state, all expenses and other amounts paid in accordance with division (F) of this section by a receiver appointed pursuant to divisions (C)(2) and (3) of this section, the amounts of any notes issued by the receiver in accordance with division (F) of this section, all mortgages granted by the receiver in accordance with that division, the fees of the receiver approved pursuant to division (H)(1) of this section, and any amounts expended in connection with the foreclosure of a mortgage granted by the receiver in accordance with division (F) of this section or with the foreclosure of the lien created by this division, are a first lien upon the building involved and the property on which it is located and are superior to all prior and subsequent liens or other encumbrances associated with the building or the property, including, but not limited to, those for taxes and assessments, upon the occurrence of both of the following:

(i) The approval of the expenses, amounts, or fees by, and the entry of a judgment to that effect by, the judge in the civil action described in division (B)(1) of this section; or the approval of the mortgages in accordance with division (F)(9) of this section by, and the entry of a judgment to that effect by, that judge;
(ii) The recordation of a certified copy of the judgment entry and a sufficient description of the property on which the building is located, or, in the case of a mortgage, the recordation of the mortgage, a certified copy of the judgment entry, and such a description, with the county recorder of the county in which the property is located within sixty days after the date of the entry of the judgment.

(c) Priority among the liens described in divisions (H)(2)(a) and (b) of this section shall be determined as described in division (I) of this section. Additionally, the creation pursuant to this section of a mortgage lien that is prior to or superior to any mortgage of record at the time the mortgage lien is so created, does not disqualify the mortgage of record as a legal investment under Chapter 1107. or any other chapter of the Revised Code.

(I)(1) If a receiver appointed pursuant to divisions (C)(2) and (3) of this section files with the judge in the civil action described in division (B)(1) of this section a report indicating that the public nuisance has been abated, if the judge confirms that the receiver has abated the public nuisance, and if the receiver or any interested party requests the judge to enter an order directing the receiver to sell the building and the property on which it is located, the judge may enter that order after holding a hearing as described in division (I)(2) of this section and otherwise complying with that division.

(2)(a) The receiver or interested party requesting an order as described in division (I)(1) of this section shall cause a notice of the date and time of a hearing on the request to be served on the owner of the building involved and all other interested parties in accordance with division (B)(2)(a) of this section. The judge in the civil action described in division (B)(1) of this section shall conduct the scheduled hearing. At the
hearing, if the owner or any interested party objects to the sale of the building and the property, the burden of proof shall be upon the objecting person to establish, by a preponderance of the evidence, that the benefits of not selling the building and the property outweigh the benefits of selling them. If the judge determines that there is no objecting person, or if the judge determines that there is one or more objecting persons but no objecting person has sustained the burden of proof specified in this division, the judge may enter an order directing the receiver to offer the building and the property for sale upon terms and conditions that the judge shall specify.

(b) In any sale of subsidized housing that is ordered pursuant to this section, the judge shall specify that the subsidized housing not be conveyed unless that conveyance complies with applicable federal law and applicable program contracts for that housing. Any such conveyance shall be subject to the condition that the purchaser enter into a contract with the department of housing and urban development or the rural housing service of the federal department of agriculture under which the property continues to be subsidized housing and the owner continues to operate that property as subsidized housing unless the secretary of housing and urban development or the administrator of the rural housing service terminates that property's contract prior to or upon the conveyance of the property.

(3) If a sale of a building and the property on which it is located is ordered pursuant to divisions (I)(1) and (2) of this section and if the sale occurs in accordance with the terms and conditions specified by the judge in the judge's order of sale, then the receiver shall distribute the proceeds of the sale and the balance of any funds that the receiver may possess, after the payment of the costs of the sale, in the following order of
priority and in the described manner:

(a) First, in satisfaction of any notes issued by the receiver pursuant to division (F) of this section, in their order of priority;

(b) Second, any unreimbursed expenses and other amounts paid in accordance with division (F) of this section by the receiver, and the fees of the receiver approved pursuant to division (H)(1) of this section;

(c) Third, all expenditures of a mortgagee, lienholder, or other interested party that has been selected pursuant to division (C)(2) of this section to undertake the work and to furnish the materials necessary to abate a public nuisance, provided that the expenditures were approved as described in division (H)(2)(a) of this section and provided that, if any such interested party subsequently became the receiver, its expenditures shall be paid prior to the expenditures of any of the other interested parties so selected;

(d) Fourth, the amount due for delinquent taxes, assessments, charges, penalties, and interest owed to this state or a political subdivision of this state, provided that, if the amount available for distribution pursuant to division (I)(3)(d) of this section is insufficient to pay the entire amount of those taxes, assessments, charges, penalties, and interest, the proceeds and remaining funds shall be paid to each claimant in proportion to the amount of those taxes, assessments, charges, penalties, and interest that each is due.

(e) The amount of any pre-receivership mortgages, liens, or other encumbrances, in their order of priority.

(4) Following a distribution in accordance with division (I)(3) of this section, the receiver shall request the judge in the civil action described in division (B)(1) of this section to...
enter an order terminating the receivership. If the judge determines that the sale of the building and the property on which it is located occurred in accordance with the terms and conditions specified by the judge in the judge's order of sale under division (I)(2) of this section and that the receiver distributed the proceeds of the sale and the balance of any funds that the receiver possessed, after the payment of the costs of the sale, in accordance with division (I)(3) of this section, and if the judge approves any final accounting required of the receiver, the judge may terminate the receivership.

(J)(1) A receiver appointed pursuant to divisions (C)(2) and (3) of this section may be discharged at any time in the discretion of the judge in the civil action described in division (B)(1) of this section. The receiver shall be discharged by the judge as provided in division (I)(4) of this section, or when all of the following have occurred:

(a) The public nuisance has been abated;

(b) All costs, expenses, and approved fees of the receivership have been paid;

(c) Either all receiver's notes issued and mortgages granted pursuant to this section have been paid, or all the holders of the notes and mortgages request that the receiver be discharged.

(2) If a judge in a civil action described in division (B)(1) of this section determines that, and enters of record a declaration that, a public nuisance has been abated by a receiver, and if, within three days after the entry of the declaration, all costs, expenses, and approved fees of the receivership have not been paid in full, then, in addition to the circumstances specified in division (I) of this section for the entry of such an order, the judge may enter an order directing the receiver to sell the building involved and the property on which it is located. Any
such order shall be entered, and the sale shall occur, only in compliance with division (I) of this section.

(K) The title in any building, and in the property on which it is located, that is sold at a sale ordered under division (I) or (J)(2) of this section shall be incontestable in the purchaser and shall be free and clear of all liens for delinquent taxes, assessments, charges, penalties, and interest owed to this state or any political subdivision of this state, that could not be satisfied from the proceeds of the sale and the remaining funds in the receiver's possession pursuant to the distribution under division (I)(3) of this section. All other liens and encumbrances with respect to the building and the property shall survive the sale, including, but not limited to, a federal tax lien notice properly filed in accordance with section 317.09 of the Revised Code prior to the time of the sale, and the easements and covenants of record running with the property that were created prior to the time of the sale.

(L)(1) Nothing in this section shall be construed as a limitation upon the powers granted to a court of common pleas, a municipal court or a housing or environmental division of a municipal court under Chapter 1901. of the Revised Code, or a county court under Chapter 1907. of the Revised Code.

(2) The monetary and other limitations specified in Chapters 1901. and 1907. of the Revised Code upon the jurisdiction of municipal and county courts, and of housing or environmental divisions of municipal courts, in civil actions do not operate as limitations upon any of the following:

(a) Expenditures of a mortgagee, lienholder, or other interested party that has been selected pursuant to division (C)(2) of this section to undertake the work and to furnish the materials necessary to abate a public nuisance;
(b) Any notes issued by a receiver pursuant to division (F) of this section;

(c) Any mortgage granted by a receiver in accordance with division (F) of this section;

(d) Expenditures in connection with the foreclosure of a mortgage granted by a receiver in accordance with division (F) of this section;

(e) The enforcement of an order of a judge entered pursuant to this section;

(f) The actions that may be taken pursuant to this section by a receiver or a mortgagee, lienholder, or other interested party that has been selected pursuant to division (C)(2) of this section to undertake the work and to furnish the materials necessary to abate a public nuisance.

(3) A judge in a civil action described in division (B)(1) of this section, or the judge's successor in office, has continuing jurisdiction to review the condition of any building that was determined to be a public nuisance pursuant to this section.

(4) Nothing in this section shall be construed to limit or prohibit a municipal corporation or township that has filed with the superintendent of insurance a certified copy of an adopted resolution, ordinance, or regulation authorizing the procedures described in divisions (C) and (D) of section 3929.86 of the Revised Code from receiving insurance proceeds under section 3929.86 of the Revised Code.

Sec. 3781.06. (A)(1) Any building that may be used as a place of resort, assembly, education, entertainment, lodging, dwelling, trade, manufacture, repair, storage, traffic, or occupancy by the public, any residential building, and all other buildings or parts and appurtenances of those buildings erected within this state,
shall be so constructed, erected, equipped, and maintained that they shall be safe and sanitary for their intended use and occupancy.

(2) Nothing in sections 3781.06 to 3781.18, 3781.40, and 3791.04 of the Revised Code shall be construed to limit the power of the division of industrial compliance of the department of commerce to adopt rules of uniform application governing manufactured home parks pursuant to section 4781.26 of the Revised Code.

(B) Sections 3781.06 to 3781.18, 3781.40, and 3791.04 of the Revised Code do not apply to any of the following:

(2) Existing single-family, two-family, and three-family detached dwelling houses for which applications have been submitted to the director of job and family services pursuant to section 5104.03 of the Revised Code for the purposes of operating type A family day-care child care homes as defined in section 5104.01 of the Revised Code;

To the extent permitted by federal law and notwithstanding any other provision of the Revised Code that regulates state contracts or contracts involving the expenditure of state or federal funds, all contracts for publicly funded child care shall be entered into in accordance with the provisions of this chapter and are exempt from any other provision of the Revised Code that regulates state contracts or contracts involving the expenditure of state or federal funds.

completed application and the date the individual's eligibility is 136276
determined;

(3) Whether the county department of job and family services, 136277
the provider, or a child care resource and referral service 136278
organization will make eligibility determinations, whether the 136279
provider or a child care resource and referral service 136280
organization will be required to collect information to be used by 136281
the county department to make eligibility determinations, and the 136282
time period within which the provider or child care resource and 136283
referral service organization is required to complete required 136284
eligibility determinations or to transmit to the county department 136285
any information collected for the purpose of making eligibility 136286
determinations;

(4) That the provider, other than a border state child care 136287
provider, shall continue to be licensed, approved, or certified 136288
pursuant to this chapter and shall comply with all standards and 136289
other requirements in this chapter and in rules adopted pursuant 136290
to this chapter for maintaining the provider's license, approval, 136291
or certification;

(5) That, in the case of a border state child care provider, 136292
the provider shall continue to be licensed, certified, or 136293
otherwise approved by the state in which the provider is located 136294
and shall comply with all standards and other requirements 136295
established by that state for maintaining the provider's license,
certificate, or other approval;

(1) The terms of the contract entered into under this section;

(2) This chapter or any rules adopted under it.
(E) If the department has evidence that a provider has employed an individual who is ineligible for employment under section 5104.013 of the Revised Code and the provider has not released the individual from employment upon notice that the individual is ineligible, the department may terminate immediately the contract entered into under this section to provide publicly funded child care.

(F) Any decision by the department concerning publicly funded child care, including the recovery of funds, overpayment determinations, and contract terminations is final and is not subject to appeal, hearing, or further review under Chapter 119. of the Revised Code.

(2) Recruit individuals and groups interested in certification as in-home aides or in developing and operating suitable licensed child day-care centers, type A family day-care child care homes, or licensed type B family day-care child care homes, especially in areas with high concentrations of recipients of public assistance, and for that purpose provide consultation to interested individuals and groups on request;

(3) Inform clients of the availability of child care services.

(B) A county department of job and family services may, to
the extent permitted by federal law, use public child care funds
to extend the hours of operation of the county department to
accommodate the needs of working caretaker parents and enable
those parents to apply for publicly funded child care.

**Sec. 5104.36.** The licensee or administrator of a child
care center, type A family child care home, or
licensed type B family child care home, an in-home aide
providing child care services, the director or administrator of an

(A)(1)(a) Except as provided in division (A)(1)(b) of this section, no person or government entity shall operate an opioid treatment program requiring certification, as certification is defined in 42 C.F.R. 8.2, unless the person or government entity is a community addiction services provider and the program is licensed under this section.

(b) Division (A)(1)(a) of this section does not apply to a program operated by the United States department of veterans
affairs.

(2) No community addiction services provider licensed under this section shall operate an opioid treatment program in a manner inconsistent with this section and the rules adopted under it.

(B) A community addiction services provider seeking a license to operate an opioid treatment program shall apply to the department of mental health and addiction services. The department shall review all applications received.

(C) The department may issue a license to operate an opioid treatment program to a community addiction services provider only if all of the following apply:

(1) During the three-year period immediately preceding the date of application, the provider or any owner, sponsor, medical director, administrator, or principal of the provider has been in good standing to operate an opioid treatment program in all other locations where the provider or such other person has been operating a similar program, as evidenced by both of the following:

(2) It affirmatively appears to the department that the
provider is adequately staffed and equipped to operate an opioid
treatment program.

(3) It affirmatively appears to the department that the
provider will operate an opioid treatment program in strict
compliance with all laws relating to drug abuse and the rules
adopted by the department.

(4) Except as provided in division (D) of this section and
section 5119.371 of the Revised Code, if the provider is seeking
an initial license for a particular location, the proposed opioid
treatment program is not located on a parcel of real estate that
is within a radius of five hundred linear feet of the boundaries
of a parcel of real estate having situated on it a public or
private school, child care center licensed under Chapter 5104. of the Revised Code, or child-serving agency regulated by
the department under this chapter.

(5) The provider meets any additional requirements
established by the department in rules adopted under division (F)

(D) The department may waive the requirement of division
(C)(4) of this section if it receives, from each public or private
school, child care center, or child-serving agency that
is within the five hundred linear feet radius described in that
division, a letter of support for the location. The department
shall determine whether a letter of support is satisfactory for
purposes of waiving the requirement.

(E)(1) Except as provided in division (E)(2) of this section,
a license to operate an opioid treatment program shall expire two 136542
years from the date of issuance. Licenses may be renewed. 136543

(2) In circumstances in which the director of mental health 136544
and addiction services has concerns regarding compliance of a 136545
community addiction services provider licensed as an opioid 136546
treatment program, the department shall notify the provider of 136547
those concerns and stipulate that the provider's license expires 136548
annually on a date determined by the department. 136549

(F) The department shall establish procedures and adopt rules 136550
for licensing, inspection, and supervision of community addiction 136551
services providers that operate an opioid treatment program. The 136552
rules shall establish standards for the control, storage, 136553
furnishing, use, dispensing, and administering of medications used 136554
in medication-assisted treatment; prescribe minimum standards for 136555
the operation of the opioid treatment program component of the 136556
provider's operations; and comply with federal laws and 136557
regulations. 136558

All rules adopted under this division shall be adopted in 136559
accordance with Chapter 119. of the Revised Code. All actions 136560
taken by the department regarding the licensing of providers to 136561
operate opioid treatment programs shall be conducted in accordance 136562
with Chapter 119. of the Revised Code, except as provided in 136563
division (L) of this section. 136564

(G)(1) The department shall inspect all community addiction 136565
services providers licensed to operate an opioid treatment 136566
program. Inspections shall be conducted at least biennially and 136567
may be conducted more frequently. 136568

In addition, the department may inspect any provider or other 136569
person that it reasonably believes to be operating an opioid 136570
treatment program without a license issued under this section. 136571

(2) When conducting an inspection, the department may do both 136572
of the following:

(a) Examine and copy all records, accounts, and other documents relating to the provider's or other person's operations, including records pertaining to patients or clients;

(b) Conduct interviews with any individual employed by or contracted or otherwise associated with the provider or person, including an administrator, staff person, patient, or client.

(3) No person or government entity shall interfere with a state or local government official acting on behalf of the department while conducting an inspection.

(H) A community addiction services provider shall not administer or dispense methadone in a tablet, powder, or intravenous form. Methadone shall be administered or dispensed only in a liquid form intended for ingestion.

A community addiction services provider shall not administer or dispense a medication used in medication-assisted treatment for pain or other medical reasons.

(I) As used in this division, "program sponsor" means a person who assumes responsibility for the operation and employees of the opioid treatment program component of a community addiction services provider's operations.

A provider shall not permit an individual to act as a program sponsor, medical director, or director of the provider if the individual is receiving a medication used in medication-assisted treatment from any community addiction services provider.

(J) The department may issue orders to ensure compliance with all laws relating to drug abuse and the rules adopted under this section. Subject to section 5119.27 of the Revised Code, the department may hold hearings, require the production of relevant matter, compel testimony, issue subpoenas, and make adjudications.
Upon failure of a person without lawful excuse to obey a subpoena or to produce relevant matter, the department may apply to a court of common pleas for an order compelling compliance.

(K) The department may refuse to issue, or may withdraw or revoke, a license to operate an opioid treatment program. A license may be refused if a community addiction services provider does not meet the requirements of division (C) of this section. A license may be withdrawn at any time the department determines that the provider no longer meets the requirements for receiving the license. A license may be revoked in accordance with division (L) of this section.

Once a license is issued under this section, the department shall not consider the requirement of division (C)(4) of this section in determining whether to renew, withdraw, or revoke the license or whether to reissue the license as a result of a change in ownership.

(L) If the department finds reasonable cause to believe that a community addiction services provider licensed under this section is in violation of any state or federal law or rule relating to drug abuse, the department may issue an order immediately revoking the license, subject to division (M) of this section. The department shall set a date not more than fifteen days later than the date of the order of revocation for a hearing on the continuation or cancellation of the revocation. For good cause, the department may continue the hearing on application of any interested party. In conducting hearings, the department has all the authority and power set forth in division (J) of this section. Following the hearing, the department shall either confirm or cancel the revocation. The hearing shall be conducted in accordance with Chapter 119. of the Revised Code, except that the provider shall not be permitted to operate an opioid treatment program pending the hearing or pending any appeal from an
adjudication made as a result of the hearing. Notwithstanding any provision of Chapter 119. of the Revised Code to the contrary, a court shall not stay or suspend any order of revocation issued by the department under this division pending judicial appeal.

(M) The department shall not revoke a license to operate an opioid treatment program unless all clients receiving medication used in medication-assisted treatment from the community addiction services provider are provided adequate substitute medication or treatment. For purposes of this division, the department may transfer the clients to other providers licensed to operate opioid treatment programs or replace any or all of the administrators and staff of the provider with representatives of the department who shall continue on a provisional basis the opioid treatment component of the provider's operations.

(N) Each time the department receives an application from a community addiction services provider for a license to operate an opioid treatment program, issues or refuses to issue a license, or withdraws or revokes a license, the department shall notify the board of alcohol, drug addiction, and mental health services of each alcohol, drug addiction, and mental health service district in which the provider operates.

(O) Whenever it appears to the department from files, upon complaint, or otherwise, that a community addiction services provider has engaged in any practice declared to be illegal or prohibited by section 3719.61 of the Revised Code, or any other state or federal laws or regulations relating to drug abuse, or when the department believes it to be in the best interest of the public and necessary for the protection of the citizens of the state, the department may request criminal proceedings by laying before the prosecuting attorney of the proper county any evidence of criminality which may come to its knowledge.

(P) The department shall maintain a current list of community
addiction services providers licensed by the department under this 136667
section and shall provide a copy of the current list to a judge of 136668
a court of common pleas who requests a copy for the use of the 136669
judge under division (H) of section 2925.03 of the Revised Code. 136670
The list of licensed community addiction services providers shall 136671
identify each licensed provider by its name, its address, and the 136672
county in which it is located.

Sec. 5119.371. (A) On application by a community addiction 136674
services provider that has purchased or leased real property to be 136675
used as the location of an opioid treatment program subject to 136676
licensure under section 5119.37 of the Revised Code, the 136677
department of mental health and addiction services shall determine 136678
whether the location of the proposed program complies with the 136679
requirements of division (C)(4) of section 5119.37 of the Revised Code by not being located on a parcel of real estate that is 136680
within a radius of five hundred linear feet of the boundaries of a 136681
parcel of real estate having situated on it a public or private day-care center licensed under Chapter 5104. of the Revised Code, or child-serving agency regulated by the department under this chapter.

If the department determines that the location is in 136687
compliance with division (C)(4) of section 5119.37 of the Revised Code, the department shall issue a declaration stating that the location is in compliance. The declaration is valid for two years from the date of issuance.

The department shall provide to the provider either a copy of 136692
the declaration or a notice that the department has determined 136693
that the location is not in compliance with division (C)(4) of section 5119.37 of the Revised Code.

If, before expiration of the declaration, a community 136696
addiction services provider applies for a license to operate an 136697
opioid treatment program, the department shall not consider the
requirement of division (C)(4) of section 5119.37 of the Revised
Code in determining whether to issue the license.

(B) A community addiction services provider seeking to
relocate an opioid treatment program licensed under section
5119.37 of the Revised Code may apply for and be granted a
declaration under division (A) of this section. If, before
expiration of the declaration, the provider applies for issuance
of a license due to relocation, the department shall not consider
the requirement of division (C)(4) of section 5119.37 of the
Revised Code in determining whether to reissue the license due to
relocation.

Sec. 5153.175. (A) Notwithstanding division (I)(1) of section
2151.421, section 5153.17, and any other section of the Revised
Code pertaining to confidentiality, when a public children
services agency has determined that child abuse or neglect
occurred and that abuse or neglect involves a person who has
applied for licensure as a type A family day-care child care home
or type B family day-care child care home, the agency shall
promptly provide to the department of job and family services any
information the agency determines to be relevant for the purpose
of evaluating the fitness of the person, including, but not
limited to, both of the following:

(1) A summary report of the chronology of abuse and neglect
reports made pursuant to section 2151.421 of the Revised Code of
which the person is the subject where the agency determined that
abuse or neglect occurred and the final disposition of the
investigation of the reports or, if the investigations have not
been completed, the status of the investigations;

(2) Any underlying documentation concerning those reports.

(B) The agency shall not include in the information provided
to the department under division (A) of this section the name of 136729
the person or entity that made the report or participated in the 136730
making of the report of child abuse or neglect.

(C) Upon provision of information under division (A) of this 136732
section, the agency shall notify the department of both of the 136733
following:

(1) That the information is confidential;

(2) That unauthorized dissemination of the information is a 136736
violation of division (I)(2) of section 2151.421 of the Revised 136737
Code and any person who permits or encourages unauthorized 136738
dissemination of the information is guilty of a misdemeanor of the 136739
fourth degree pursuant to section 2151.99 of the Revised Code.

(1) With the exception of improvements to land or tangible personal property constituting or used in the retail portion, if any, of a facility, any improvement to land or tangible personal property at a facility for which a certificate is issued, first used in business at the facility as the result of a project, shall not be considered an asset of a corporate enterprise in determining the value of its issued and outstanding stock under division (A) of section 5733.05 of the Revised Code at the end of the taxable year that includes the certificate's date of issuance.

(2) With the exception of the original cost of improvements to land or tangible personal property constituting or used in the retail portion, if any, of a facility, the original cost of any improvement to land or tangible personal property at the facility for which the certificate is issued, first used in business at the facility as a result of a project, shall be excluded from the numerator upon computation of the property factor of a corporate enterprise under division (B)(2)(a) of section 5733.05 of the Revised Code, or of a noncorporate enterprise under division (A) of section 5747.21 of the Revised Code, for the taxable year that
includes the certificate's date of issuance.

(3) Compensation paid to new employees described under divisions (A)(2)(a) to (e) of section 5709.64 of the Revised Code at the facility for which the certificate is issued, who are hired as a result of a project, shall be excluded from the numerator upon computation of the payroll factor of a corporate enterprise under division (B)(2)(b) of section 5733.05 of the Revised Code, or of a noncorporate enterprise under division (B) of section 5747.21 of the Revised Code, for the taxable year that includes the certificate's date of issuance.

Only reimbursements of amounts paid by new employees to day-care child care centers licensed by the department of job and family services for day-care child care services provided during the first twenty-four months of employment as a new employee may be applied toward the credit provided under this division. (C) All credits provided under this section to a noncorporate enterprise shall be divided pro rata among the owners of the enterprise subject to the tax imposed by section 5747.02 of the Revised Code, based upon their proportionate ownership interests in the enterprise. The enterprise shall file with the tax commissioner, on a form prescribed by the commissioner, a statement showing the total available credit and the portion thereof attributed to each owner. The statement shall identify each owner by name and social security number and shall be filed
with the tax commissioner by the date prescribed by the commissioner, which shall be no earlier than the fifteenth day of the month following the close of the enterprise's taxable year for which the credit is claimed.

(D) All state income tax or corporation franchise tax credits provided under this section shall be claimed in the order required under section 5733.98 or 5747.98 of the Revised Code. The credits, to the extent they exceed the taxpayer's aggregate tax liability for the taxable year after allowance for any other credits that precede the credits under this section in that order, shall be carried forward to the next succeeding taxable year or years until fully utilized.

**Sec. 5733.36.** This section applies only to tax years 1999, 2000, 2001, 2002, and 2003.

A nonrefundable credit is allowed against the tax imposed by sections 5733.06, 5733.065, and 5733.066 of the Revised Code for a taxpayer that enters into an agreement with a child day-care center pursuant to this section. Under the terms of the agreement, the taxpayer must make one or more support payments to the day-care center on a periodic basis, and the center must agree to serve a child of an employee of the taxpayer for the period covered by each support payment. The center must be licensed under section 5104.03 of the Revised Code. The amount of the support payment must be set forth in the agreement, and cannot exceed a reasonable charge for a child to attend a day-care center in the vicinity of the taxpayer's worksite. The agreement must specify that an employee has the option of refusing to place the employee's child in a day-care center that receives support payments from the taxpayer.

The amount of the credit equals fifty per cent of the total amount of support payments made by the taxpayer during the taxable
year. The taxpayer shall not count toward the credit any amount it paid directly or indirectly in connection with a plan or program described in section 125 of the Internal Revenue Code or under section 5733.38 of the Revised Code. The taxpayer shall claim the credit in the order required under section 5733.98 of the Revised Code.

Sec. 5733.37. (A) A nonrefundable credit is allowed against the tax imposed by sections 5733.06, 5733.065, and 5733.066 of the Revised Code equal to the lesser of one hundred thousand dollars, or fifty per cent of the amount incurred by a taxpayer for equipment, supplies, labor, and real property, including renovation of real property, used exclusively to establish a child day-care center. The credit is allowed only for the tax year immediately following the taxable year in which the child day-care center begins operations. The credit may be claimed only for tax year 1999, 2000, 2001, 2002, or 2003, but may be carried forward pursuant to division (B) of this section.

The center must be licensed under section 5104.03 of the Revised Code, used exclusively by employees of the taxpayer, and located at the employees' worksite. Amounts incurred for supplies that are to be used after the center begins operations may be included only with regard to supplies that are expected to last more than one year under normal usage. To be eligible for the credit, the taxpayer must specify that an employee has the option of refusing to place the employee's child in the child day-care center established by the taxpayer.

(B) The taxpayer shall claim the credit in the order required under section 5733.98 of the Revised Code. The taxpayer may carry forward any credit amount in excess of its tax due after allowing for any other credits that precede the credit under this section in the order required under section 5733.98 of the Revised Code,
and shall deduct the amount of the excess credit allowed in any such year from the balance carried forward to the next taxable year. The credit may be carried forward for five tax years following the tax year for which the credit is claimed under division (A) of this section. However, if the taxpayer disposes of the day-care center or ceases to operate it at any time during the five-year period, it shall not claim or carry forward any credit in connection with that property in the taxable year of disposal or cessation of operation or in any ensuing taxable year.

A nonrefundable credit is allowed against the tax imposed by sections 5733.06, 5733.065, and 5733.066 of the Revised Code equal to fifty per cent of the amount incurred by a taxpayer during the taxable year immediately preceding the tax year to reimburse employees of the taxpayer for child care expenses. The amount of the credit for a tax year shall not exceed seven hundred fifty dollars per child.

The taxpayer shall count toward the credit only reimbursements it pays to or for the benefit of employees for amounts paid by those employees for child care provided to dependents of the employees at child day-care centers licensed under section 5104.03 of the Revised Code. The taxpayer shall not count toward the credit any amount it paid directly or indirectly in connection with a plan or program described in section 125 of the Internal Revenue Code or under section 5733.36 of the Revised Code. The taxpayer shall claim the credit in the order required under section 5733.98 of the Revised Code.

(b) Not later than the end of the next business day following the day the analysis of the sample is completed, report the results of the analysis and all identifying information about where the sample was collected to the community or nontransient noncommunity water system and the director.

(15) Require the owner or operator of a community or
nontransient noncommunity water system to do all of the following, as applicable, with regard to laboratory results received under rules adopted under division (A)(14) of this section:

(a) If the laboratory results show that a sample from an individual tap is below the applicable lead threshold as established in rules adopted under this chapter, provide notice of the results of each individual tap sample to the owner and persons served at the residence or other structure where the tap was sampled within a time period specified in rules that is not more than thirty business days after the receipt of the laboratory results;

(b) If the results show that a sample from an individual tap is above the applicable lead threshold as established under rules adopted under this chapter, provide notice of the results of each individual tap sample to the owner and persons served at the residence or other structure where the tap was sampled within a time period specified in rules that is not more than two business days after the receipt of the laboratory results, and do all of the following, as applicable:

The rules governing residential buildings are uniform requirements for residential buildings in any area with a building department certified to enforce the state residential building code. In no case shall any local code or regulation differ from the state residential building code unless that code or regulation addresses subject matter not addressed by the state residential building code or is adopted pursuant to section 3781.01 of the Revised Code.

(3) The rules adopted pursuant to this section are complete, lawful alternatives to any requirements specified for buildings or industrialized units in any section of the Revised Code. Except as otherwise provided in division (I) of this section, the board shall, on its own motion or on application made under sections 3781.12 and 3781.13 of the Revised Code, formulate, propose, adopt, modify, amend, or repeal the rules to the extent necessary or desirable to effectuate the purposes of sections 3781.06 to 3781.18 of the Revised Code.

The board shall make its determination with regard to adaptability for safe and sanitary erection, use, or construction, to that described in any section of the Revised Code, wherever the use of a fixture, device, material, method of manufacture, system, or method of construction described in that section of the Revised Code is permitted by law. The board shall amend or annul any rule or issue an authorization for the use of a new material or manufactured unit on any like application. No department, officer, board, or commission of the state other than the board of building standards or the board of building appeals shall permit the use of any fixture, device, material, method of manufacture, newly designed product, system, or method of construction at variance with what is described in any rule the board of building standards adopts or issues or that is authorized by any section of the Revised Code. Nothing in this section shall be construed as requiring approval, by rule, of plans for an industrialized unit that conforms with the rules the board of building standards adopts pursuant to section 3781.11 of the Revised Code.

(D) The board shall recommend rules, codes, and standards to help carry out the purposes of section 3781.06 of the Revised Code and to help secure uniformity of state administrative rulings and local legislation and administrative action to the bureau of workers' compensation, the director of commerce, any other department, officer, board, or commission of the state, and to legislative authorities and building departments of counties, townships, and municipal corporations, and shall recommend that they audit those recommended rules, codes, and standards by any...

personnel, or person may enforce only the type of building code
for which certified.

(3) The board shall not require a building department, its
personnel, or any persons that it employs to be certified for
residential building code enforcement if that building department
does not enforce the state residential building code. The board
shall specify, in rules adopted pursuant to Chapter 119. of the
Revised Code, the requirements for certification for residential
and nonresidential building code enforcement, which shall be
consistent with this division. The requirements for residential
and nonresidential certification may differ. Except as otherwise
provided in this division, the requirements shall include, but are
not limited to, the satisfactory completion of an initial
examination and, to remain certified, the completion of a
specified number of hours of continuing building code education
within each three-year period following the date of certification

(9) A certified municipal, township, or county building department may exercise enforcement authority, accept and approve plans and specifications, and make inspections pursuant to sections 3781.03, 3791.04, and 4104.43 of the Revised Code for a park district created pursuant to Chapter 1545. of the Revised Code upon the approval, by resolution, of the board of park commissioners of the park district requesting the department to exercise that authority and conduct those activities, as applicable.

(10) Certification shall be granted upon application by the municipal corporation, the board of township trustees, or the board of county commissioners and approval of that application by the board of building standards. The application shall set forth:

(11) The board of building standards shall adopt rules governing all of the following:

(a) The certification of building department personnel and persons and employees of persons, firms, or corporations exercising authority pursuant to division (E)(7) of this section. The rules shall disqualify any employee of the department or person who contracts for services with the department from performing services for the department when that employee or person would have to pass upon, inspect, or otherwise exercise authority over any labor, material, or equipment the employee or person furnishes for the construction, alteration, or maintenance of a building or the preparation of working drawings or specifications for work within the jurisdictional area of the department. The department shall provide other similarly qualified personnel to enforce the residential and nonresidential building codes as they pertain to that work.

(b) The minimum services to be provided by a certified building department.

residential and nonresidential building codes for which it is
certified without regard to limitation upon the authority of
boards of county commissioners under Chapter 307. of the Revised
Code or boards of township trustees under Chapter 505. of the
Revised Code.

(F) In addition to hearings sections 3781.06 to 3781.18 and
3791.04 of the Revised Code require, the board of building
standards shall make investigations and tests, and require from
other state departments, officers, boards, and commissions
information the board considers necessary or desirable to assist
it in the discharge of any duty or the exercise of any power.
mentioned in this section or in sections 3781.06 to 3781.18, 3791.04, and 4104.43 of the Revised Code.

(G) The board shall adopt rules and establish reasonable fees for the review of all applications submitted where the applicant applies for authority to use a new material, assembly, or product of a manufacturing process. (H) The residential construction advisory committee shall provide the board with a proposal for a state residential building code that the committee recommends pursuant to division (D)(1) of section 4740.14 of the Revised Code. Such transfers among items shall not alter in total the appropriation to any state agency except as otherwise provided by the general assembly. The board may not authorize the transfer of a capital appropriation item of any state agency for use by such agency for operating expenses, except as otherwise provided by the general assembly.

Sec. 173.03. (A) There is hereby created the Ohio advisory council for the aging, which shall consist of twelve members to be appointed by the governor with the advice and consent of the senate. Two ex officio members of the council shall be members of the house of representatives appointed by the speaker of the house of representatives and shall be members of two different political parties. The council shall carry out its role as defined under the "Older Americans Act of 1965," 79 Stat. 219, 42 U.S.C. 3001, as amended.

At the first meeting of the council, and annually thereafter, the members shall select one of their members to serve as chairperson and one of their members to serve as vice-chairperson. The council may form a quorum and take votes at meetings conducted by interactive electronic medium if provisions are made for public
attendance through the interactive electronic meeting.

(B) Members of the council shall be appointed for a term of three years, except that for the first appointment members of the Ohio commission on aging who were serving on the commission immediately prior to July 26, 1984, shall become members of the council for the remainder of their unexpired terms. Thereafter, appointment to the council shall be for a three-year term by the governor. Each member shall hold office from the date of appointment until the end of the term for which the member was appointed. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which the member's predecessor was appointed shall hold office for the remainder of the term. No member shall continue in office subsequent to the expiration date of the member's term unless reappointed under the provisions of this section, and no member shall serve more than three consecutive terms on the council.

(C) Membership of the council shall represent all areas of Ohio and shall be as follows:

1. A majority of members of the council shall have attained the age of fifty and have a knowledge of and continuing interest in the affairs and welfare of the older citizens of Ohio. The fields of business, labor, health, law, and human services shall be represented in the membership.

2. No more than seven members shall be of the same political party.

(D) Any member of the council may be removed from office by the governor for neglect of duty, misconduct, or malfeasance in office after being informed in writing of the charges and afforded an opportunity for a hearing. Two consecutive unexcused absences from regularly scheduled meetings constitute neglect of duty.

(E) The director of aging may reimburse a member for actual
and necessary traveling and other expenses incurred in the discharge of official duties. But reimbursement shall be made in the manner and at rates that do not exceed those prescribed by the director of budget and management for any officer, member, or employee of, or consultant to, any state agency.

(F) Council members are not limited as to the number of terms they may serve.

(G)(1) The department of aging may award grants to or enter into contracts with a member of the advisory council or an entity that the member represents if any of the following apply:

(a) The department determines that the member or the entity the member represents is capable of providing the goods or services specified under the terms of the grant or contract.

(b) The member has not taken part in any discussion or vote of the council related to whether the council should recommend that the department of aging award the grant to or enter into the contract with the member of the advisory council or the entity that the member represents.

(2) A member of the advisory council is not in violation of Chapter 102. or section 2921.42 of the Revised Code with regard to receiving a grant or entering into a contract under this section if the conditions of division (G)(1)(a) and (b) of this section have been met.

Sec. 753.19. (A) If a person who was convicted of or pleaded guilty to an offense or was indicted or otherwise charged with the commission of an offense escapes from a jail or workhouse of a municipal corporation or otherwise escapes from the custody of a municipal corporation, the chief of police or other chief law enforcement officer of that municipal corporation immediately after the escape shall report the escape, by telephone and in
writing, to all local law enforcement agencies with jurisdiction
over the place where the person escaped from custody, to the state
highway patrol, to the department of rehabilitation and correction
if the escaped person is a prisoner under the custody of the
department who is in the jail or workhouse, to the prosecuting
attorney of the county, and to a newspaper of general circulation
in the municipal corporation in a newspaper of general circulation
in each county in which part of the municipal corporation is
located. The written notice may be by either facsimile
transmission, electronic mail, or mail. A failure to comply with
this requirement is a violation of section 2921.22 of the Revised
Code.

(B) Upon the apprehension of the escaped person, the chief
law enforcement officer shall give notice of the apprehension of
the escaped person by telephone and in writing to the persons
notified under division (A) of this section.

Sec. 1121.38. (A)(1) An administrative hearing provided for
in section 1121.32, 1121.33, 1121.35, or 1121.41 of the Revised
Code shall be held in the county in which the principal place of
business of the bank or trust company or residence of the
regulated person is located, unless the bank, trust company, or
regulated person requesting the hearing consents to another place.
Within ninety days after the hearing, the superintendent of
financial institutions shall render a decision, which shall
include findings of fact upon which the decision is predicated,
and shall issue and serve on the bank, trust company, or regulated
person the decision and an order consistent with the decision.
Judicial review of the order is exclusively as provided in
division (B) of this section. Unless a notice of appeal is filed
in a court of common pleas within thirty days after service of the
superintendent's order as provided in division (B) of this
section, and until the record of the administrative hearing has
been filed, the superintendent may, at anytime, upon the notice and in the manner the superintendent considers proper, modify, terminate, or set aside the superintendent's order. After filing the record, the superintendent may modify, terminate, or set aside the superintendent's order with permission of the court.

(a) A hearing provided for in section 1121.32, 1121.35, or 1121.41 of the Revised Code shall be confidential, unless the superintendent determines that holding an open hearing would be in the public interest. Within twenty days after service of the notice of a hearing, a respondent may file a written request for a public hearing with the superintendent. A respondent's failure to file such a request constitutes a waiver of any objections to a confidential hearing.

(b) A hearing provided for in section 1121.33 of the Revised Code shall be an open hearing. Within twenty days after service of the notice of a hearing, a respondent may file a written request for a confidential hearing with the superintendent. If such a request is received by the superintendent, the hearing shall be confidential unless the superintendent determines that holding an open hearing would be in the public interest.

(2) In the course of, or in connection with, an administrative hearing governed by this section, the superintendent, or a person designated by the superintendent to conduct the hearing, may administer oaths and affirmations, take or cause depositions to be taken, and issue, revoke, quash, or modify subpoenas and subpoenas duces tecum. At any administrative hearing required by section 1121.32, 1121.33, 1121.35, or 1121.41 of the Revised Code, the record of which may be the basis of an appeal to court, a stenographic record of the testimony and other evidence submitted shall be taken at the expense of the division of financial institutions. The record shall include all of the testimony and other evidence, and any rulings on the admissibility.
thereof, presented at the hearing. The superintendent may adopt
rules regarding these hearings. The attendance of witnesses and
the production of documents provided for in this section may be
required from any place within or outside the state. A party to a
hearing governed by this section may apply to the court of common
pleas of Franklin county, or the court of common pleas of the
county in which the hearing is being conducted or the witness
resides or carries on business, for enforcement of a subpoena or
subpoena duces tecum issued pursuant to this section, and the
courts have jurisdiction and power to order and require compliance
with the subpoena. Witnesses subpoenaed under this section shall
be paid the fees and mileage provided for under section 119.094 of
the Revised Code.

As used in this division, "stenographic record" means a
record provided by stenographic means or by the use of audio
electronic recording devices, as the division of financial
institutions determines.

(B)(1) A bank, trust company, or regulated person against
whom the superintendent issues an order upon the record of a
hearing under the authority of section 1121.32, 1121.33, 1121.35,
or 1121.41 of the Revised Code may obtain a review of the order by
filing a notice of appeal in the court of common pleas in the
county in which the principal place of business of the bank, trust
company, or regulated person, or residence of the regulated
person, is located, or in the court of common pleas of Franklin
county, within thirty days after the date of service of the
superintendent's order. The clerk of the court shall promptly
transmit a copy of the notice of appeal to the superintendent.
Within thirty days after receiving the notice of appeal, the
superintendent shall file a certified copy of the record of the
administrative hearing with the clerk of the court. In the event
of a private hearing, the record of the administrative hearing
shall be filed under seal with the clerk of the court. Upon the filing of the notice of appeal, the court has jurisdiction, which upon the filing of the record of the administrative hearing is exclusive, to affirm, modify, terminate, or set aside, in whole or in part, the superintendent's order.

(2) The commencement of proceedings for judicial review pursuant to division (B) of this section does not, unless specifically ordered by the court, operate as a stay of any order issued by the superintendent. If it appears to the court an unusual hardship to the appellant bank, trust company, or regulated person will result from the execution of the superintendent's order pending determination of the appeal, and the interests of depositors and the public will not be threatened by a stay of the order, the court may grant a stay and fix its terms.

(C) The superintendent may, in the sole discretion of the superintendent, apply to the court of common pleas of the county in which the principal place of business of the bank, trust company, or regulated person, or residence of the regulated person, is located, or the court of common pleas of Franklin county, for the enforcement of an effective and outstanding superintendent's order issued under section 1121.32, 1121.33, 1121.34, 1121.35, or 1121.41 of the Revised Code, and the court has jurisdiction and power to order and require compliance with the superintendent's order. In an action by the superintendent pursuant to this division to enforce an order assessing a civil penalty issued under section 1121.35 of the Revised Code, the validity and appropriateness of the civil penalty is not subject to review.

(D) No court has jurisdiction to affect, by injunction or otherwise, the issuance or enforcement of an order issued under section 1121.32, 1121.33, 1121.34, 1121.35, or 1121.41 of the Revised Code.
Revised Code or to review, modify, suspend, terminate, or set aside an order issued under section 1121.32, 1121.33, 1121.34, 1121.35, or 1121.41 of the Revised Code, except as provided in this section, in division (G) of section 1121.32 of the Revised Code for an order issued pursuant to division (C)(3) or (4) of section 1121.32 of the Revised Code, or in division (A)(3) of section 1121.34 of the Revised Code for an order issued pursuant to division (A)(1) of section 1121.34 of the Revised Code.

(E) Nothing in this section or in any other section of the Revised Code or rules implementing this or any other section of the Revised Code shall prohibit or limit the superintendent from doing any of the following:

(1) Issuing orders pursuant to section 1121.32, 1121.33, 1121.34, 1121.35, or 1121.41 of the Revised Code;

(2) Individually or contemporaneously taking any other action provided by law or rule with respect to a bank, trust company, or regulated person;

(3) Taking any action provided by law or rule with respect to a bank, trust company, or regulated person, whether alone or in conjunction with another regulatory agency or authority.

**Sec. 1509.031.** (A) Notwithstanding any other provision of law to the contrary and other than a statement of production, the chief of the division of oil and gas resources management may require the electronic submission of any application, report, test result, fee, or document that is required to be submitted under this chapter. The chief shall require the submission of statements of production to be made electronically regardless of well type and the number of wells owned.

(B) For good cause, a person may request to be excluded from any requirement to make an electronic submission under division...
(A) of this section other than the requirement to submit a
statement of production electronically. The chief shall establish the procedure and form by which a person may request such exclusion.

Sec. 1509.06. (A) An application for a permit to drill a new
well, drill an existing well deeper, reopen a well, convert a well to any use other than its original purpose, or plug back a well to a different source of supply, including associated production operations, shall be filed with the chief of the division of oil and gas resources management upon such form as the chief prescribes and shall contain each of the following that is applicable:

(1) The name and address of the owner and, if a corporation, the name and address of the statutory agent;

(3) The names and addresses of all persons holding the royalty interest in the tract upon which the well is located or is to be drilled or within a proposed drilling unit;

(4) The location of the tract or drilling unit on which the well is located or is to be drilled identified by section or lot number, city, village, township, and county;

(5) Designation of the well by name and number;

The identification of each proposed source of water shall indicate if the water will be withdrawn from the Lake Erie watershed or the Ohio river watershed. In addition, the owner shall provide, to the best of the owner's knowledge, the proposed estimated rate and volume of the water withdrawal for the production operations. If recycled water will be used in the production operations, the owner shall provide the estimated volume of recycled water to be used. The owner shall submit to the chief an update of any of the information that is required by division (A)(8)(a) of this section if any of that information changes before the chief issues a permit for the application.

(b) Except as provided in division (A)(8)(c) of this section, for an application for a permit to drill a new well within an urbanized area, the results of sampling of water wells within three hundred feet of the proposed well prior to commencement of drilling. In addition, the owner shall include a list that identifies the location of each water well where the owner of the property on which the water well is located denied the owner access to sample the water well. The sampling shall be conducted in accordance with the guidelines established in "Best Management Practices For Pre-drilling Water Sampling" in effect at the time that the application is submitted. The division shall furnish those guidelines upon request and shall make them available on the division's web site. If the chief determines that conditions at the proposed well site warrant a revision, the chief may revise the distance established in this division for purposes of pre-drilling water sampling.

(c) For an application for a permit to drill a new horizontal well, the results of sampling of water wells within one thousand
five hundred feet of the proposed horizontal wellhead prior to commencement of drilling. In addition, the owner shall include a list that identifies the location of each water well where the owner of the property on which the water well is located denied the owner access to sample the water well. The sampling shall be conducted in accordance with the guidelines established in "Best Management Practices For Pre-drilling Water Sampling" in effect at the time that the application is submitted. The division shall furnish those guidelines upon request and shall make them available on the division's web site. If the chief determines that conditions at the proposed well site warrant a revision, the chief may revise the distance established in this division for purposes of pre-drilling water sampling.

(9) For an application for a permit to drill a new well within an urbanized area, a sworn statement that the applicant has provided notice by regular mail of the application to the owner of each parcel of real property that is located within five hundred feet of the surface location of the well and to the executive authority of the municipal corporation or the board of township trustees of the township, as applicable, in which the well is to be located. In addition, the notice shall contain a statement that informs an owner of real property who is required to receive the notice under division (A)(9) of this section that within five days of receipt of the notice, the owner is required to provide notice under section 1509.60 of the Revised Code to each residence in an occupied dwelling that is located on the owner's parcel of real property. The notice shall contain a statement that an application has been filed with the division of oil and gas resources management, identify the name of the applicant and the proposed well location, include the name and address of the division, and contain a statement that comments regarding the application may be sent to the division. The notice may be provided by hand delivery or regular mail. The identity of the owners of parcels of real

(11)(a) A description by name or number of the county, township, and municipal corporation roads, streets, and highways that the applicant anticipates will be used for access to and egress from the well site;

(b) For an application for a permit for a horizontal well, a copy of an agreement concerning maintenance and safe use of the roads, streets, and highways described in division (A)(11)(a) of this section entered into on reasonable terms with the public official that has the legal authority to enter into such maintenance and use agreements for each county, township, and municipal corporation, as applicable, in which any such road, street, or highway is located or an affidavit on a form prescribed by the chief attesting that the owner attempted in good faith to enter into an agreement under division (A)(11)(b) of this section with the applicable public official of each such county, township, or municipal corporation, but that no agreement was executed.

(12) Such other relevant information as the chief prescribes by rule.

Each application shall be accompanied by a map, on a scale not smaller than four hundred feet to the inch, prepared by an Ohio registered surveyor, showing the location of the well and containing such other data as may be prescribed by the chief. If the well is or is to be located within the excavations and...
workings of a mine, the map also shall include the location of the mine, the name of the mine, and the name of the person operating the mine.

(B) The chief shall cause a copy of the weekly circular prepared by the division to be provided to the county engineer of each county that contains active or proposed drilling activity. The weekly circular shall contain, in the manner prescribed by the chief, the names of all applicants for permits, the location of each well or proposed well, the information required by division (A)(11) of this section, and any additional information the chief prescribes. In addition, the chief promptly shall transfer an electronic copy or facsimile, or if those methods are not available to a municipal corporation or township, a copy via regular mail, of a drilling permit application to the clerk of the legislative authority of the municipal corporation or to the clerk of the township in which the well or proposed well is or is to be located if the legislative authority of the municipal corporation or the board of township trustees has asked to receive copies of such applications and the appropriate clerk has provided the chief an accurate, current electronic mailing address or facsimile number, as applicable.

(C)(1) Except as provided in division (C)(2) of this section, the chief shall not issue a permit for at least ten days after the date of filing of the application for the permit unless, upon reasonable cause shown, the chief waives that period or a request for expedited review is filed under this section. However, the chief shall issue a permit within twenty-one days of the filing of the application unless the chief denies the application by order.

(2) If the location of a well or proposed well will be or is within an urbanized area, the chief shall not issue a permit for at least eighteen days after the date of filing of the application for the permit unless, upon reasonable cause shown, the chief.
waives that period or the chief at the chief's discretion grants a request for an expedited review. However, the chief shall issue a permit for a well or proposed well within an urbanized area within thirty days of the filing of the application unless the chief denies the application by order.

(D) An applicant may file a request with the chief for expedited review of a permit application if the well is not or is not to be located in a gas storage reservoir or reservoir protective area, as "reservoir protective area" is defined in section 1571.01 of the Revised Code. If the well is or is to be located in a coal bearing township, the application shall be accompanied by the affidavit of the landowner prescribed in section 1509.08 of the Revised Code.

In addition to a complete application for a permit that meets the requirements of this section and the permit fee prescribed by this section, a request for expedited review shall be accompanied by a separate nonrefundable filing fee of two hundred fifty dollars. Upon the filing of a request for expedited review, the chief shall cause the county engineer of the county in which the well is or is to be located to be notified of the filing of the permit application and the request for expedited review by telephone or other means that in the judgment of the chief will provide timely notice of the application and request. The chief shall issue a permit within seven days of the filing of the request unless the chief denies the application by order. Notwithstanding the provisions of this section governing expedited review of permit applications, the chief may refuse to accept requests for expedited review if, in the chief's judgment, the acceptance of the requests would prevent the issuance, within twenty-one days of their filing, of permits for which applications are pending.

(E) A well shall be drilled and operated in accordance with
the plans, sworn statements, and other information submitted in

the approved application.

(F) The chief shall issue an order denying a permit if the chief finds that there is a substantial risk that the operation will result in violations of this chapter or rules adopted under it that will present an imminent danger to public health or safety or damage to the environment, provided that where the chief finds that terms or conditions to the permit can reasonably be expected to prevent such violations, the chief shall issue the permit subject to those terms or conditions, including, if applicable, terms and conditions regarding subjects identified in rules adopted under section 1509.03 of the Revised Code. The issuance of a permit shall not be considered an order of the chief.

The chief shall post notice of each permit that has been approved under this section on the division's web site not later than two business days after the application for a permit has been approved.

(G) Each application for a permit required by section 1509.05 of the Revised Code, except an application for a well drilled or reopened for purposes of section 1509.22 of the Revised Code, also shall be accompanied by a nonrefundable fee as follows:

(1) Five hundred dollars for a permit to conduct activities in a township with a population of fewer than ten thousand;

(2) Seven hundred fifty dollars for a permit to conduct activities in a township with a population of ten thousand or more, but fewer than fifteen thousand;

(3) One thousand dollars for a permit to conduct activities in either of the following:

(a) A township with a population of fifteen thousand or more;

(b) A municipal corporation regardless of population.
(4) If the application is for a permit that requires mandatory pooling, an additional five thousand dollars.

For purposes of calculating fee amounts, populations shall be determined using the most recent federal decennial census.

Each application for the revision or reissuance of a permit shall be accompanied by a nonrefundable fee of two hundred fifty dollars.

(H)(1) Prior to the commencement of well pad construction and prior to the issuance of a permit to drill a proposed horizontal well or a proposed well that is to be located in an urbanized area, the division shall conduct a site review to identify and evaluate any site-specific terms and conditions that may be attached to the permit. At the site review, a representative of the division shall consider fencing, screening, and landscaping requirements, if any, for similar structures in the community in which the well is proposed to be located. The terms and conditions that are attached to the permit shall include the establishment of fencing, screening, and landscaping requirements for the surface facilities of the proposed well, including a tank battery of the well.

(2) Prior to the issuance of a permit to drill a proposed well, the division shall conduct a review to identify and evaluate any site-specific terms and conditions that may be attached to the permit if the proposed well will be located in a one-hundred-year floodplain or within the five-year time of travel associated with a public drinking water supply.

(I) A permit shall be issued by the chief in accordance with this chapter. A permit issued under this section for a well that is or is to be located in an urbanized area shall be valid for twelve months, and all other permits issued under this section shall be valid for twenty-four months.
(J) An applicant or a permittee, as applicable, shall submit to the chief an update of the information that is required under division (A)(8)(a) of this section if any of that information changes prior to commencement of production operations.

(K) A permittee or a permittee's authorized representative shall notify an inspector from the division at least twenty-four hours, or another time period agreed to by the chief's authorized representative, prior to the commencement of well pad construction and of drilling, reopening, converting, well stimulation, or plugback operations.

Sec. 1513.071. (A) Simultaneously with the filing of an application for a permit or significant revision of an existing permit under section 1513.07 of the Revised Code, the applicant shall submit to the chief of the division of mineral resources management a copy of the applicant's advertisement of the ownership, precise location, and boundaries of the land to be affected. At the time of submission, the advertisement shall be placed by the applicant in a newspaper of general circulation in the locality of the proposed coal mine at least once a week for four consecutive weeks. The chief shall notify, in each county or part of a county in which a proposed area to be permitted is located, the board of county commissioners, the board of township trustees, the legislative authorities of municipal corporations, private water companies, regional councils of governments, and the boards of directors of conservancy districts informing them of the operator's intention to conduct a coal mining operation on a particularly described tract of land and indicating the permit application number and where a copy of the proposed mining and reclamation plan may be inspected. The chief shall also notify the planning commissions with jurisdiction over all or part of the area to be permitted. These agencies, authorities, or companies may submit written comments on the application with respect to the
effects of the proposed operation on the environment that are
within their area of responsibility in quadruplicate to the chief
within thirty days after notification by the chief of receipt of
the application. The chief shall immediately transmit these
comments to the applicant and make them available to the public at
the same locations at which the mining application is available
for inspection.

(B) A person having an interest that is or may be adversely
affected or the officer or head of any federal, state, or local
governmental agency or authority may file written objections to
the proposed initial or revised application for a coal mining and
reclamation permit with the chief within thirty days after the
last publication of the notice required by division (A) of this
section. The objections shall immediately be transmitted to the
applicant by the chief and shall be made available to the public.
If written objections are filed and an informal conference
requested, the chief or the chief's representative shall then hold
an informal conference on the application for a permit within a
reasonable time in the county where the largest area of the area
to be permitted is located. The date, time, and location of the
informal conference shall be advertised by the chief in a
newspaper of general circulation in the locality at least two
weeks prior to the scheduled conference date. The chief may
arrange with the applicant, upon request by any objecting party,
access to the proposed mining area for the purpose of gathering
information relevant to the proceeding. An electronic or
stenographic record shall be made of the conference proceeding
unless waived by all parties. The record shall be maintained and
shall be accessible to the parties until final release of the
applicant's performance security. If all parties requesting the
informal conference stipulate agreement prior to the requested
informal conference and withdraw their request, the informal
cconference need not be held.
Sec. 1513.08. (A) After a coal mining and reclamation permit application has been approved, the applicant shall file with the chief of the division of mineral resources management, on a form prescribed and furnished by the chief, the performance security required under this section that shall be payable to the state and conditioned on the faithful performance of all the requirements of this chapter and rules adopted under it and the terms and conditions of the permit.

(B) Using the information contained in the permit application; the requirements contained in the approved permit and reclamation plan; and, after considering the topography, geology, hydrology, and revegetation potential of the area of the approved permit, the probable difficulty of reclamation; the chief shall determine the estimated cost of reclamation under the initial term of the permit if the reclamation has to be performed by the division of mineral resources management in the event of forfeiture of the performance security by the applicant. The chief shall send either written notice by certified mail or electronic notice with acknowledgment of receipt of the amount of the estimated cost of reclamation by certified mail to the applicant. The applicant shall send either written notice or electronic notice with acknowledgment of receipt to the chief indicating the method by which the applicant will provide the performance security pursuant to division (C) of this section.

(C) The applicant shall provide the performance security in an amount using one of the following:

(1) If the applicant elects to provide performance security without reliance on the reclamation forfeiture fund created in section 1513.18 of the Revised Code, the amount of the estimated cost of reclamation as determined by the chief under division (B) of this section for the increments of land on which the operator
will conduct a coal mining and reclamation operation under the initial term of the permit as indicated in the application;

(2) If the applicant elects to provide performance security together with reliance on the reclamation forfeiture fund through payment of the additional tax on the severance of coal that is levied under division (A)(8) of section 5749.02 of the Revised Code, an amount of twenty-five hundred dollars per acre of land on which the operator will conduct coal mining and reclamation under the initial term of the permit as indicated in the application. In order for an applicant to be eligible to provide performance security in accordance with division (C)(2) of this section, the applicant, an owner and controller of the applicant, or an affiliate of the applicant shall have held a permit issued under this chapter for any coal mining and reclamation operation for a period of not less than five years.

If a permit is transferred, assigned, or sold, the transferee is not eligible to provide performance security under division (C)(2) of this section if the transferee has not held a permit issued under this chapter for any coal mining and reclamation operation for a period of not less than five years. This restriction applies even if the status or name of the permittee otherwise remains the same after the transfer, assignment, or sale.

In the event of forfeiture of performance security that was provided in accordance with division (C)(2) of this section, the difference between the amount of that performance security and the estimated cost of reclamation as determined by the chief under division (B) of this section shall be obtained from money in the reclamation forfeiture fund as needed to complete the reclamation.

The performance security provided under division (C) of this section for the entire area to be mined under one permit issued under this chapter shall not be less than ten thousand dollars.
The performance security shall cover areas of land affected by mining within or immediately adjacent to the permitted area, so long as the total number of acres does not exceed the number of acres for which the performance security is provided. However, the authority for the performance security to cover areas of land immediately adjacent to the permitted area does not authorize a permittee to mine areas outside an approved permit area. As succeeding increments of coal mining and reclamation operations are to be initiated and conducted within the permit area, the permittee shall file with the chief additional performance security to cover the increments in accordance with this section. If a permittee intends to mine areas outside the approved permit area, the permittee shall provide additional performance security in accordance with this section to cover the areas to be mined.

If an applicant or permittee is not eligible to provide performance security in accordance with division (C)(2) of this section, the applicant or permittee shall provide performance security in accordance with division (C)(1) of this section in the full amount of the estimated cost of reclamation as determined by the chief for a permitted coal preparation plant or coal refuse disposal area that is not located within a permitted area of a mine. If an applicant for a permit for a coal preparation plant or coal refuse disposal area or a permittee of a permitted coal preparation plant or coal refuse disposal area that is not located within a permitted area of a mine has held a permit issued under this chapter for any coal mining and reclamation operation for a period of five years or more, the applicant or permittee may provide performance security for the coal preparation plant or coal refuse disposal area either in accordance with division (C)(1) of this section in the full amount of the estimated cost of reclamation as determined by the chief or in accordance with division (C)(2) of this section in an amount of twenty-five hundred dollars per acre of land with reliance on the reclamation...
forfeiture fund. If a permittee has previously provided performance security under division (C)(1) of this section for a coal preparation plant or coal refuse disposal area that is not located within a permitted area of a mine and elects to provide performance security in accordance with division (C)(2) of this section, the permittee shall submit written notice to the chief indicating that the permittee elects to provide performance security in accordance with division (C)(2) of this section. Upon receipt of such a written notice, the chief shall release to the permittee the amount of the performance security previously provided under division (C)(1) of this section that exceeds the amount of performance security that is required to be provided under division (C)(2) of this section.

(D) A permittee's liability under the performance security shall be limited to the obligations established under the permit, which include completion of the reclamation plan in order to make the land capable of supporting the postmining land use that was approved in the permit. The period of liability under the performance security shall be for the duration of the coal mining and reclamation operation and for a period coincident with the operator's responsibility for revegetation requirements under section 1513.16 of the Revised Code.

(E) The amount of the estimated cost of reclamation determined under division (B) of this section and the amount of a permittee's performance security provided in accordance with division (C)(1) of this section shall be adjusted by the chief as the land that is affected by mining increases or decreases or if the cost of reclamation increases or decreases. If the performance security was provided in accordance with division (C)(2) of this section and the chief has issued a cessation order under division (D)(2) of section 1513.02 of the Revised Code for failure to abate a violation of the contemporaneous reclamation requirement under.
division (A)(15) of section 1513.16 of the Revised Code, the chief may require the permittee to increase the amount of performance security from twenty-five hundred dollars per acre of land to five thousand dollars per acre of land.

The chief shall notify the permittee, each surety, and any person who has a property interest in the performance security and who has requested to be notified of any proposed adjustment to the performance security. The permittee may request an informal conference with the chief concerning the proposed adjustment, and the chief shall provide such an informal conference.

If the chief increases the amount of performance security under this division, the permittee shall provide additional performance security in an amount determined by the chief. If the chief decreases the amount of performance security under this division, the chief shall determine the amount of the reduction of the performance security and send either written notice or electronic notice with acknowledgment of receipt of the amount of reduction to the permittee. The permittee may reduce the amount of the performance security in the amount determined by the chief.

(F) A permittee may request a reduction in the amount of the performance security by submitting to the chief documentation proving that the amount of the performance security provided by the permittee exceeds the estimated cost of reclamation if the reclamation would have to be performed by the division in the event of forfeiture of the performance security. The chief shall examine the documentation and determine whether the permittee's performance security exceeds the estimated cost of reclamation. If the chief determines that the performance security exceeds that estimated cost, the chief shall determine the amount of the reduction of the performance security and send either written notice or electronic notice with acknowledgment of receipt of the amount to the permittee. The permittee may reduce the amount of
the performance security in the amount determined by the chief. Adjustments in the amount of performance security under this division shall not be considered release of performance security and are not subject to section 1513.16 of the Revised Code.

(G) If the performance security is a bond, it shall be executed by the operator and a corporate surety licensed to do business in this state. If the performance security is a cash deposit or negotiable certificates of deposit of a bank or savings and loan association, the bank or savings and loan association shall be licensed and operating in this state. The cash deposit or market value of the securities shall be equal to or greater than the amount of the performance security required under this section. The chief shall review any documents pertaining to the performance security and approve or disapprove the documents. The chief shall notify the applicant of the chief's determination.

(H) If the performance security is a bond, the chief may accept the bond of the applicant itself without separate surety when the applicant demonstrates to the satisfaction of the chief the existence of a suitable agent to receive service of process and a history of financial solvency and continuous operation sufficient for authorization to self-insure or bond the amount.

(I) Performance security provided under this section may be held in trust, provided that the state is the primary beneficiary of the trust and the custodian of the performance security held in trust is a bank, trust company, or other financial institution that is licensed and operating in this state. The chief shall review the trust document and approve or disapprove the document. The chief shall notify the applicant of the chief's determination.

(J) If a surety, bank, savings and loan association, trust company, or other financial institution that holds the performance security required under this section becomes insolvent, the permittee shall notify the chief of the insolvency, and the chief
shall order the permittee to submit a plan for replacement performance security within thirty days after receipt of notice from the chief. If the permittee provided performance security in accordance with division (C)(1) of this section, the permittee shall provide the replacement performance security within ninety days after receipt of notice from the chief. If the permittee provided performance security in accordance with division (C)(2) of this section, the permittee shall provide the replacement performance security within one year after receipt of notice from the chief, and, for a period of one year after the permittee's receipt of notice from the chief or until the permittee provides the replacement performance security, whichever occurs first, money in the reclamation forfeiture fund shall be the permittee's replacement performance security in an amount not to exceed the estimated cost of reclamation as determined by the chief.

(K) If a permittee provided performance security in accordance with division (C)(1) of this section, the permittee's responsibility for repairing material damage and replacement of water supply resulting from subsidence shall be satisfied by either of the following:

(1) The purchase prior to mining of a noncancelable premium-prepaid liability insurance policy in lieu of the permittee's performance security for subsidence damage. The insurance policy shall contain terms and conditions that specifically provide coverage for repairing material damage and replacement of water supply resulting from subsidence.

(2) The provision of additional performance security in the amount of the estimated cost to the division of mineral resources management to repair material damage and replace water supplies resulting from subsidence until the repair or replacement is completed. However, if such repair or replacement is completed, or compensation for structures that have been damaged by subsidence
is provided, by the permittee within ninety days of the occurrence of the subsidence, additional performance security is not required. In addition, the chief may extend the ninety-day period for a period not to exceed one year if the chief determines that the permittee has demonstrated in writing that subsidence is not complete and that probable subsidence-related damage likely will occur and, as a result, the completion of repairs of subsidence-related material damage to lands or protected structures or the replacement of water supply within ninety days of the occurrence of the subsidence would be unreasonable.

(L) If the performance security provided in accordance with this section exceeds the estimated cost of reclamation, the chief may authorize the amount of the performance security that exceeds the estimated cost of reclamation together with any interest or other earnings on the performance security to be paid to the permittee.

(M) A permittee that held a valid coal mining and reclamation permit immediately prior to April 6, 2007, shall provide, not later than a date established by the chief, performance security in accordance with division (C)(1) or (2) of this section, rather than in accordance with the law as it existed prior to that date, by filing it with the chief on a form that the chief prescribes and furnishes. Accordingly, for purposes of this section, "applicant" is deemed to include such a permittee.

(N) As used in this section:

(1) "Affiliate of the applicant" means an entity that has a parent entity in common with the applicant.

(2) "Owner and controller of the applicant" means a person that has any relationship with the applicant that gives the person authority to determine directly or indirectly the manner in which the applicant conducts coal mining operations.
Sec. 1513.16. (A) Any permit issued under this chapter to conduct coal mining operations shall require that the operations meet all applicable performance standards of this chapter and such other requirements as the chief of the division of mineral resources management shall adopt by rule. General performance standards shall apply to all coal mining and reclamation operations and shall require the operator at a minimum to do all of the following:

(1) Conduct coal mining operations so as to maximize the utilization and conservation of the solid fuel resource being recovered so that reaffecting the land in the future through coal mining can be minimized;

(2) Restore the land affected to a condition capable of supporting the uses that it was capable of supporting prior to any mining, or higher or better uses of which there is reasonable likelihood, so long as the uses do not present any actual or probable hazard to public health or safety or pose any actual or probable threat of diminution or pollution of the waters of the state, and the permit applicants' declared proposed land uses following reclamation are not considered to be impractical or unreasonable, to be inconsistent with applicable land use policies and plans, to involve unreasonable delay in implementation, or to violate federal, state, or local law;

(3) Except as provided in division (B) of this section, with respect to all coal mining operations, backfill, compact where advisable to ensure stability or to prevent leaching of toxic materials, and grade in order to restore the approximate original contour of the land with all highwalls, spoil piles, and depressions eliminated unless small depressions are needed in order to retain moisture to assist revegetation or as otherwise authorized pursuant to this chapter, provided that if the operator
demonstrates that due to volumetric expansion the amount of overburden and the spoil and waste materials removed in the course of the mining operation are more than sufficient to restore the approximate original contour, the operator shall backfill, grade, and compact the excess overburden and other spoil and waste materials to attain the lowest grade, but not more than the angle of repose, and to cover all acid-forming and other toxic materials in order to achieve an ecologically sound land use compatible with the surrounding region in accordance with the approved mining plan. The overburden or spoil shall be shaped and graded in such a way as to prevent slides, erosion, and water pollution and shall be revegetated in accordance with this chapter.

(4) Stabilize and protect all surface areas, including spoil piles affected by the coal mining and reclamation operation, to control erosion and attendant air and water pollution effectively;

(5) Remove the topsoil from the land in a separate layer, replace it on the backfill area, or, if not utilized immediately, segregate it in a separate pile from the spoil, and when the topsoil is not replaced on a backfill area within a time short enough to avoid deterioration of the topsoil, maintain a successful cover by quick-growing plants or other means thereafter so that the topsoil is preserved from wind and water erosion, remains free of any contamination by acid or other toxic material, and is in a usable condition for sustaining vegetation when restored during reclamation. If the topsoil is of insufficient quantity or of poor quality for sustaining vegetation or if other strata can be shown to be more suitable for vegetation requirements, the operator shall remove, segregate, and preserve in a like manner such other strata as are best able to support vegetation.

(6) Restore the topsoil or the best available subsoil that is best able to support vegetation;
(7) For all prime farmlands as identified in division (B)(1)(p) of section 1513.07 of the Revised Code to be mined and reclaimed, perform soil removal, storage, replacement, and reconstruction in accordance with specifications established by the secretary of the United States department of agriculture under the "Surface Mining Control and Reclamation Act of 1977," 91 Stat. 445, 30 U.S.C.A. 1201. The operator, at a minimum, shall be required to do all of the following:

(a) Segregate the A horizon of the natural soil, except where it can be shown that other available soil materials will create a final soil having a greater productive capacity, and, if not utilized immediately, stockpile this material separately from the spoil and provide needed protection from wind and water erosion or contamination by acid or other toxic material;

(b) Segregate the B horizon of the natural soil, or underlying C horizons or other strata, or a combination of such horizons or other strata that are shown to be both texturally and chemically suitable for plant growth and that can be shown to be equally or more favorable for plant growth than the B horizon, in sufficient quantities to create in the regraded final soil a root zone of comparable depth and quality to that which existed in the natural soil, and, if not utilized immediately, stockpile this material separately from the spoil and provide needed protection from wind and water erosion or contamination by acid or other toxic material;

(c) Replace and regrade the root zone material described in division (A)(7)(b) of this section with proper compaction and uniform depth over the regraded spoil material;

(d) Redistribute and grade in a uniform manner the surface soil horizon described in division (A)(7)(a) of this section.

(8) Create, if authorized in the approved mining and
reclamation plan and permit, permanent impoundments of water on mining sites as part of reclamation activities only when it is adequately demonstrated by the operator that all of the following conditions will be met:

(a) The size of the impoundment is adequate for its intended purposes.

(b) The impoundment dam construction will be so designed as to achieve necessary stability with an adequate margin of safety compatible with that of structures constructed under the "Watershed Protection and Flood Prevention Act," 68 Stat. 666 (1954), 16 U.S.C. 1001, as amended.

(c) The quality of impounded water will be suitable on a permanent basis for its intended use and discharges from the impoundment will not degrade the water quality below water quality standards established pursuant to applicable federal and state law in the receiving stream.

(d) The level of water will be reasonably stable.

(e) Final grading will provide adequate safety and access for proposed water users.

(f) The water impoundments will not result in the diminution of the quality or quantity of water utilized by adjacent or surrounding landowners for agricultural, industrial, recreational, or domestic uses.

(9) Conduct any augering operation associated with strip mining in a manner to maximize recoverability of mineral reserves remaining after the operation and reclamation are complete and seal all auger holes with an impervious and noncombustible material in order to prevent drainage, except where the chief determines that the resulting impoundment of water in such auger holes may create a hazard to the environment or the public health or safety. The chief may prohibit augering if necessary to
maximize the utilization, recoverability, or conservation of the solid fuel resources or to protect against adverse water quality impacts.

(10) Minimize the disturbances to the prevailing hydrologic balance at the mine site and in associated offsite areas and to the quality and quantity of water in surface and ground water systems both during and after coal mining operations and during reclamation by doing all of the following:

(a) Avoiding acid or other toxic mine drainage by such measures as, but not limited to:

(i) Preventing or removing water from contact with toxic producing deposits;

(ii) Treating drainage to reduce toxic content that adversely affects downstream water upon being released to water courses in accordance with rules adopted by the chief in accordance with section 1513.02 of the Revised Code;

(iii) Casing, sealing, or otherwise managing boreholes, shafts, and wells, and keeping acid or other toxic drainage from entering ground and surface waters.

(b)(i) Conducting coal mining operations so as to prevent, to the extent possible using the best technology currently available, additional contributions of suspended solids to streamflow or runoff outside the permit area, but in no event shall contributions be in excess of requirements set by applicable state or federal laws;

(ii) Constructing any siltation structures pursuant to division (A)(10)(b)(i) of this section prior to commencement of coal mining operations. The structures shall be certified by persons approved by the chief to be constructed as designed and as approved in the reclamation plan.
(c) Cleaning out and removing temporary or large settling ponds or other siltation structures from drainways after disturbed areas are revegetated and stabilized, and depositing the silt and debris at a site and in a manner approved by the chief;

(d) Restoring recharge capacity of the mined area to approximate premining conditions;

(e) Avoiding channel deepening or enlargement in operations requiring the discharge of water from mines;

(f) Such other actions as the chief may prescribe.

(11) With respect to surface disposal of mine wastes, tailings, coal processing wastes, and other wastes in areas other than the mine working areas or excavations, stabilize all waste piles in designated areas through construction in compacted layers, including the use of noncombustible and impervious materials if necessary, and ensure that the final contour of the waste pile will be compatible with natural surroundings and that the site can and will be stabilized and revegetated according to this chapter;

(12) Refrain from coal mining within five hundred feet of active and abandoned underground mines in order to prevent breakthroughs and to protect the health or safety of miners. The chief shall permit an operator to mine near, through, or partially through an abandoned underground mine or closer than five hundred feet to an active underground mine if both of the following conditions are met:

(a) The nature, timing, and sequencing of the approximate coincidence of specific strip mine activities with specific underground mine activities are approved by the chief.

(b) The operations will result in improved resource recovery, abatement of water pollution, or elimination of hazards to the health and safety of the public.
(13) Design, locate, construct, operate, maintain, enlarge, modify, and remove or abandon, in accordance with the standards and criteria developed pursuant to rules adopted by the chief, all existing and new coal mine waste piles consisting of mine wastes, tailings, coal processing wastes, or other liquid and solid wastes, and used either temporarily or permanently as dams or embankments;

(14) Ensure that all debris, acid-forming materials, toxic materials, or materials constituting a fire hazard are treated or buried and compacted or otherwise disposed of in a manner designed to prevent contamination of ground or surface waters and that contingency plans are developed to prevent sustained combustion;

(15) Ensure that all reclamation efforts proceed in an environmentally sound manner and as contemporaneously as practicable with the coal mining operations, except that where the applicant proposes to combine strip mining operations with underground mining operations to ensure maximum practical recovery of the mineral resources, the chief may grant a variance for specific areas within the reclamation plan from the requirement that reclamation efforts proceed as contemporaneously as practicable to permit underground mining operations prior to reclamation if:

(a) The chief finds in writing that:

(i) The applicant has presented, as part of the permit application, specific, feasible plans for the proposed underground mining operations.

(ii) The proposed underground mining operations are necessary or desirable to ensure maximum practical recovery of the mineral resource and will avoid multiple disturbance of the surface.

(iii) The applicant has satisfactorily demonstrated that the plan for the underground mining operations conforms to
requirements for underground mining in this state and that permits
necessary for the underground mining operations have been issued
by the appropriate authority.

(iv) The areas proposed for the variance have been shown by
the applicant to be necessary for the implementing of the proposed
underground mining operations.

(v) No substantial adverse environmental damage, either
on-site or off-site, will result from the delay in completion of
reclamation as required by this chapter.

(vi) Provisions for the off-site storage of spoil will comply
with division (A)(21) of this section.

(b) The chief has adopted specific rules to govern the
granting of such variances in accordance with this division and
has imposed such additional requirements as the chief considers
necessary.

(c) Variances granted under this division shall be reviewed
by the chief not more than three years from the date of issuance
of the permit.

(d) Liability under the performance security filed by the
applicant with the chief pursuant to section 1513.08 of the
Revised Code shall be for the duration of the underground mining
operations and until the requirements of this section and section
1513.08 of the Revised Code have been fully complied with.

(16) Ensure that the construction, maintenance, and
postmining conditions of access roads into and across the site of
operations will control or prevent erosion and siltation,
pollution of water, and damage to fish or wildlife or their
habitat, or to public or private property;

(17) Refrain from the construction of roads or other access
ways up a stream bed or drainage channel or in such proximity to
the channel as to seriously alter the normal flow of water;

(18) Establish, on the regraded areas and all other lands affected, a diverse, effective, and permanent vegetative cover of the same seasonal variety native to the area of land to be affected and capable of self-regeneration and plant succession at least equal in extent of cover to the natural vegetation of the area, except that introduced species may be used in the revegetation process where desirable and necessary to achieve the approved postmining land use plan;

(19)(a) Assume the responsibility for successful revegetation, as required by division (A)(18) of this section, for a period of five full years after the last year of augmented seeding, fertilizing, irrigation, or other work in order to ensure compliance with that division, except that when the chief approves a long-term intensive agricultural postmining land use, the applicable five-year period of responsibility for revegetation shall commence at the date of initial planting for that long-term intensive agricultural postmining land use, and except that when the chief issues a written finding approving a long-term intensive agricultural postmining land use as part of the mining and reclamation plan, the chief may grant an exception to division (A)(18) of this section;

(b) On lands eligible for remining, assume the responsibility for successful revegetation, as required by division (A)(18) of this section, for a period of two full years after the last year of augmented seeding, fertilizing, irrigation, or other work in order to ensure compliance with that division.

(20) Protect off-site areas from slides or damage occurring during the coal mining and reclamation operations and not deposit spoil material or locate any part of the operations or waste accumulations outside the permit area;
(21) Place all excess spoil material resulting from coal mining and reclamation operations in such a manner that all of the following apply:

(a) Spoil is transported and placed in a controlled manner in position for concurrent compaction and in such a way as to ensure mass stability and to prevent mass movement.

(b) The areas of disposal are within the permit areas for which performance security has been provided. All organic matter shall be removed immediately prior to spoil placement except in the zoned concept method.

(c) Appropriate surface and internal drainage systems and diversion ditches are used so as to prevent spoil erosion and mass movement.

(d) The disposal area does not contain springs, natural watercourses, or wet weather seeps unless lateral drains are constructed from the wet areas to the main underdrains in such a manner that filtration of the water into the spoil pile will be prevented unless the zoned concept method is used.

(e) If placed on a slope, the spoil is placed upon the most moderate slope among those slopes upon which, in the judgment of the chief, the spoil could be placed in compliance with all the requirements of this chapter and is placed, where possible, upon, or above, a natural terrace, bench, or berm if that placement provides additional stability and prevents mass movement.

(f) Where the toe of the spoil rests on a downslope, a rock toe buttress of sufficient size to prevent mass movement is constructed.

(g) The final configuration is compatible with the natural drainage pattern and surroundings and suitable for intended uses.

(h) Design of the spoil disposal area is certified by a
qualified registered professional engineer in conformance with professional standards.

(i) All other provisions of this chapter are met.

(22) Meet such other criteria as are necessary to achieve reclamation in accordance with the purpose of this chapter, taking into consideration the physical, climatological, and other characteristics of the site;

(23) To the extent possible, using the best technology currently available, minimize disturbances and adverse impacts of the operation on fish, wildlife, and related environmental values, and achieve enhancement of such resources where practicable;

(24) Provide for an undisturbed natural barrier beginning at the elevation of the lowest coal seam to be mined and extending from the outslope for such distance as the chief shall determine to be retained in place as a barrier to slides and erosion;

(25) Restore on the permit area streams and wetlands affected by mining operations unless the chief approves restoration off the permit area without a permit required by section 1513.07 or 1513.074 of the Revised Code, instead of restoration on the permit area, of a stream or wetland or a portion of a stream or wetland, provided that the chief first makes all of the following written determinations:

(a) A hydrologic and engineering assessment of the affected lands, submitted by the operator, demonstrates that restoration on the permit area is not possible.

(b) The proposed mitigation plan under which mitigation activities described in division (A)(25)(c) of this section will be conducted is limited to a stream or wetland, or a portion of a stream or wetland, for which restoration on the permit area is not possible.
(c) Mitigation activities off the permit area, including mitigation banking and payment of in-lieu mitigation fees, will be performed pursuant to a permit issued under sections 401 and 404 of the "Federal Water Pollution Control Act" as defined in section 6111.01 of the Revised Code or an isolated wetland permit issued under Chapter 6111. of the Revised Code or pursuant to a no-cost reclamation contract for the restoration of water resources affected by past mining activities pursuant to section 1513.37 of the Revised Code.

(d) The proposed mitigation plan and mitigation activities comply with the standards established in this section.

If the chief approves restoration off the permit area in accordance with this division, the operator shall complete all mitigation construction or other activities required by the mitigation plan.

Performance security for reclamation activities on the permit area shall be released pursuant to division (F) of this section, except that the release of the remaining portion of performance security under division (F)(3)(c) of this section shall not be approved prior to the construction of required mitigation activities off the permit area.

(B)(1) The chief may permit mining operations for the purposes set forth in division (B)(3) of this section.

(2) When an applicant meets the requirements of divisions (B)(3) and (4) of this section, a permit without regard to the requirement to restore to approximate original contour known as mountain top removal set forth in divisions (A)(3) or (C)(2) and (3) of this section may be granted for the mining of coal where the mining operation will remove an entire coal seam or seams running through the upper fraction of a mountain, ridge, or hill, except as provided in division (B)(4)(a) of this section, by
removing all of the overburden and creating a level plateau or a gently rolling contour with no highwalls remaining, and capable of supporting postmining uses in accordance with this division.

(3) In cases where an industrial, commercial, agricultural, residential, or public facility use, including recreational facilities, is proposed for the postmining use of the affected land, the chief may grant a permit for a mining operation of the nature described in division (B)(2) of this section when all of the following apply:

(a) After consultation with the appropriate land use planning agencies, if any, the proposed postmining land use is considered to constitute an equal or better economic or public use of the affected land, as compared with premining use.

(b) The applicant presents specific plans for the proposed postmining land use and appropriate assurances that the use will be all of the following:

(i) Compatible with adjacent land uses;

(ii) Obtainable according to data regarding expected need and market;

(iii) Assured of investment in necessary public facilities;

(iv) Supported by commitments from public agencies where appropriate;

(v) Practicable with respect to private financial capability for completion of the proposed use;

(vi) Planned pursuant to a schedule attached to the reclamation plan so as to integrate the mining operation and reclamation with the postmining land use;

(vii) Designed by a registered engineer in conformity with professional standards established to ensure the stability, drainage, and configuration necessary for the intended use of the
(c) The proposed use is consistent with adjacent land uses and existing state and local land use plans and programs.

(d) The chief provides the governing body of the unit of general-purpose local government in which the land is located, and any state or federal agency that the chief, in the chief's discretion, determines to have an interest in the proposed use, an opportunity of not more than sixty days to review and comment on the proposed use.

(e) All other requirements of this chapter will be met.

(4) In granting a permit pursuant to this division, the chief shall require that each of the following is met:

(a) The toe of the lowest coal seam and the overburden associated with it are retained in place as a barrier to slides and erosion.

(b) The reclaimed area is stable.

(c) The resulting plateau or rolling contour drains inward from the outslopes except at specified points.

(d) No damage will be done to natural watercourses.

(e) Spoil will be placed on the mountaintop bench as is necessary to achieve the planned postmining land use, except that all excess spoil material not retained on the mountaintop bench shall be placed in accordance with division (A)(21) of this section.

(f) Stability of the spoil retained on the mountaintop bench is ensured and the other requirements of this chapter are met.

(5) The chief shall adopt specific rules to govern the granting of permits in accordance with divisions (B)(1) to (4) of this section and may impose such additional requirements as the chief considers necessary.
(6) All permits granted under divisions (B)(1) to (4) of this section shall be reviewed not more than three years from the date of issuance of the permit unless the applicant affirmatively demonstrates that the proposed development is proceeding in accordance with the terms of the approved schedule and reclamation plan.

(C) All of the following performance standards apply to steep-slope coal mining and are in addition to those general performance standards required by this section, except that this division does not apply to those situations in which an operator is mining on flat or gently rolling terrain on which an occasional steep slope is encountered through which the mining operation is to proceed, leaving a plain or predominantly flat area, or where an operator is in compliance with division (B) of this section:

(1) The operator shall ensure that when performing coal mining on steep slopes, no debris, abandoned or disabled equipment, spoil material, or waste mineral matter is placed on the downslope below the bench or mining cut. Spoil material in excess of that required for the reconstruction of the approximate original contour under division (A)(3) or (C)(2) of this section shall be permanently stored pursuant to division (A)(21) of this section.

(2) The operator shall complete backfilling with spoil material to cover completely the highwall and return the site to the approximate original contour, which material will maintain stability following mining and reclamation.

(3) The operator shall not disturb land above the top of the highwall unless the chief finds that the disturbance will facilitate compliance with the environmental protection standards of this section, except that any such disturbance involving land above the highwall shall be limited to that amount of land necessary to facilitate compliance.
(D)(1) The chief may permit variances for the purposes set forth in division (D)(3) of this section, provided that the watershed control of the area is improved and that complete backfilling with spoil material shall be required to cover completely the highwall, which material will maintain stability following mining and reclamation.

(2) Where an applicant meets the requirements of divisions (D)(3) and (4) of this section, a variance from the requirement to restore to approximate original contour set forth in division (C)(2) of this section may be granted for the mining of coal when the owner of the surface knowingly requests in writing, as a part of the permit application, that such a variance be granted so as to render the land, after reclamation, suitable for an industrial, commercial, residential, or public use, including recreational facilities, in accordance with divisions (D)(3) and (4) of this section.

(3) A variance pursuant to division (D)(2) of this section may be granted if:

(a) After consultation with the appropriate land use planning agencies, if any, the potential use of the affected land is considered to constitute an equal or better economic or public use.

(b) The postmining land condition is designed and certified by a registered professional engineer in conformity with professional standards established to ensure the stability, drainage, and configuration necessary for the intended use of the site.

(c) After approval of the appropriate state environmental agencies, the watershed of the affected land is considered to be improved.

(4) In granting a variance pursuant to division (D) of this
section, the chief shall require that only such amount of spoil will be placed off the mine bench as is necessary to achieve the planned postmining land use, ensure stability of the spoil retained on the bench, and meet all other requirements of this chapter. All spoil placement off the mine bench shall comply with division (A)(21) of this section.

(5) The chief shall adopt specific rules to govern the granting of variances under division (D) of this section and may impose such additional requirements as the chief considers necessary.

(6) All variances granted under division (D) of this section shall be reviewed not more than three years from the date of issuance of the permit unless the permittee affirmatively demonstrates that the proposed development is proceeding in accordance with the terms of the reclamation plan.

(E) The chief shall establish standards and criteria regulating the design, location, construction, operation, maintenance, enlargement, modification, removal, and abandonment of new and existing coal mine waste piles referred to in division (A)(13) of this section and division (A)(5) of section 1513.35 of the Revised Code. The standards and criteria shall conform to the standards and criteria used by the chief of the United States army corps of engineers to ensure that flood control structures are safe and effectively perform their intended function. In addition to engineering and other technical specifications, the standards and criteria developed pursuant to this division shall include provisions for review and approval of plans and specifications prior to construction, enlargement, modification, removal, or abandonment; performance of periodic inspections during construction; issuance of certificates of approval upon completion of construction; performance of periodic safety inspections; and issuance of notices for required remedial or maintenance work.
(F)(1) The permittee may file a request with the chief for release of a part of a performance security under division (F)(3) of this section. Within thirty days after any request for performance security release under this section has been filed with the chief, the operator shall submit a copy of an advertisement placed at least once a week for four successive weeks in a newspaper of general circulation in the locality of the coal mining operation. The advertisement shall be considered part of any performance security release application and shall contain a notification of the precise location of the land affected, the number of acres, the permit number and the date approved, the amount of the performance security filed and the portion sought to be released, the type and appropriate dates of reclamation work performed, and a description of the results achieved as they relate to the operator's approved reclamation plan and, if applicable, the operator's pollution abatement plan. In addition, as part of any performance security release application, the applicant shall submit copies of the letters sent to adjoining property owners, local governmental bodies, planning agencies, and sewage and water treatment authorities or water companies in the locality in which the coal mining and reclamation activities took place, notifying them of the applicant's intention to seek release from the performance security.

(2) Upon receipt of a copy of the advertisement and request for release of a performance security under division (F)(3)(c) of this section, the chief, within thirty days, shall conduct an inspection and evaluation of the reclamation work involved. The evaluation shall consider, among other things, the degree of difficulty to complete any remaining reclamation, whether pollution of surface and subsurface water is occurring, the probability of continuation or future occurrence of the pollution, and the estimated cost of abating the pollution. The chief shall notify the permittee in writing of the decision to release or not...
to release all or part of the performance security within sixty
days after the filing of the request if no public hearing is held
pursuant to division (F)(6) of this section or, if there has been
a public hearing held pursuant to division (F)(6) of this section,
within thirty days thereafter.

(3) The chief may release the performance security if the
reclamation covered by the performance security or portion thereof
has been accomplished as required by this chapter and rules
adopted under it according to the following schedule:

(a) When the operator completes the backfilling, regrading,
and drainage control of an area for which performance security has
been provided in accordance with the approved reclamation plan,
and, if the area covered by the performance security is one for
which an authorization was made under division (E)(7) of section
1513.07 of the Revised Code, the operator has complied with the
approved pollution abatement plan and all additional requirements
established by the chief in rules adopted under section 1513.02 of
the Revised Code governing coal mining and reclamation operations
on pollution abatement areas, the chief shall grant a release of
fifty per cent of the performance security for the applicable
permit area.

(b) After resoiling and revegetation have been established on
the regraded mined lands in accordance with the approved
reclamation plan, the chief shall grant a release in an amount not
exceeding thirty-five per cent of the original performance
security for all or part of the affected area under the permit.
When determining the amount of performance security to be released
after successful revegetation has been established, the chief
shall retain that amount of performance security for the
revegetated area that would be sufficient for a third party to
cover the cost of reestablishing revegetation for the period
specified for operator responsibility in this section for
reestablishing revegetation. No part of the performance security shall be released under this division so long as the lands to which the release would be applicable are contributing suspended solids to streamflow or runoff outside the permit area in excess of the requirements of this section or until soil productivity for prime farmlands has returned to equivalent levels of yield as nonmined land of the same soil type in the surrounding area under equivalent management practices as determined from the soil survey performed pursuant to section 1513.07 of the Revised Code. If the area covered by the performance security is one for which an authorization was made under division (E)(7) of section 1513.07 of the Revised Code, no part of the performance security shall be released under this division until the operator has complied with the approved pollution abatement plan and all additional requirements established by the chief in rules adopted under section 1513.02 of the Revised Code governing coal mining and reclamation operations on pollution abatement areas. Where a silt dam is to be retained as a permanent impoundment pursuant to division (A)(10) of this section, the portion of performance security may be released under this division so long as provisions for sound future maintenance by the operator or the landowner have been made with the chief.

(c) When the operator has completed successfully all coal mining and reclamation activities, including, if applicable, all additional requirements established in the pollution abatement plan approved under division (E)(7) of section 1513.07 of the Revised Code and all additional requirements established by the chief in rules adopted under section 1513.02 of the Revised Code governing coal mining and reclamation operations on pollution abatement areas, the chief shall release all or any of the remaining portion of the performance security for all or part of the affected area under a permit, but not before the expiration of the period specified for operator responsibility in this section,
except that the chief may adopt rules for a variance to the
operator period of responsibility considering vegetation success and probability of continued growth and consent of the landowner, provided that no performance security shall be fully released until all reclamation requirements of this chapter are fully met.

(4) If the chief disapproves the application for release of the performance security or portion thereof, the chief shall notify the permittee, in writing, stating the reasons for disapproval and recommending corrective actions necessary to secure the release, and allowing the opportunity for a public adjudicatory hearing.

(5) When any application for total or partial performance security release is filed with the chief under this section, the chief shall notify the municipal corporation in which the coal mining operation is located by certified mail at least thirty days prior to the release of all or a portion of the performance security.

(6) A person with a valid legal interest that might be adversely affected by release of a performance security under this section or the responsible officer or head of any federal, state, or local government agency that has jurisdiction by law or special expertise with respect to any environmental, social, or economic impact involved in the operation or is authorized to develop and enforce environmental standards with respect to such operations may file written objections to the proposed release from the performance security with the chief within thirty days after the last publication of the notice required by division (F)(1) of this section. If written objections are filed and an informal conference is requested, the chief shall inform all interested parties of the time and place of the conference. The date, time, and location of the informal conference shall be advertised by the chief in a newspaper of general circulation in the locality of the
coal mining operation proposed for performance security release for at least once a week for two consecutive weeks. The informal conference shall be held in the locality of the coal mining operation proposed for performance security release or in Franklin county, at the option of the objector, within thirty days after the request for the conference. An electronic or stenographic record shall be made of the conference proceeding unless waived by all parties. The record shall be maintained and shall be accessible to the parties until final release of the performance security at issue. In the event all parties requesting the informal conference stipulate agreement prior to the requested informal conference and withdraw their request, the informal conference need not be held.

(7) If an informal conference has been held pursuant to division (F)(6) of this section, the chief shall issue and furnish the applicant and persons who participated in the conference with the written decision regarding the release within sixty days after the conference. Within thirty days after notification of the final decision of the chief regarding the performance security release, the applicant or any person with an interest that is or may be adversely affected by the decision may appeal the decision to the reclamation commission pursuant to section 1513.13 of the Revised Code.

(8)(a) If the chief determines that a permittee is responsible for mine drainage that requires water treatment after reclamation is completed under the terms of the permit or that a permittee must provide an alternative water supply after reclamation is completed under the terms of the permit, the permittee shall provide alternative financial security in an amount determined by the chief prior to the release of the remaining portion of performance security under division (F)(3)(c) of this section. The alternative financial security shall be in an
amount that is equal to or greater than the present value of the estimated cost over time to develop and implement mine drainage plans and provide water treatment or in an amount that is necessary to provide and maintain an alternative water supply, as applicable. The alternative financial security shall include a contract, trust, or other agreement or mechanism that is enforceable under law to provide long-term water treatment or a long-term alternative water supply, or both. The contract, trust, or other agreement or mechanism included with the alternative financial security may provide for the funding of the alternative financial security incrementally over a period of time, not to exceed five years, with reliance on guarantees or other collateral provided by the permittee and approved by the chief for the balance of the alternative financial security required until the alternative financial security has been fully funded by the permittee.

(b) The chief shall adopt rules in accordance with Chapter 119. of the Revised Code that are necessary for the administration of division (F)(8)(a) of this section.

(c) If the chief determines that a permittee must provide alternative financial security under division (F)(8)(a) of this section and the performance security for the permit was provided under division (C)(2) of section 1513.08 of the Revised Code, the permittee may fund the alternative financial security incrementally over a period of time, not to exceed five years, with reliance on the reclamation forfeiture fund created in section 1513.18 of the Revised Code for the balance of the alternative financial security required until the alternative financial security has been fully funded by the permittee. The permittee semiannually shall pay to the division of mineral resources management a fee that is equal to seven and one-half percent of the average balance of the alternative financial security.
that is being provided by reliance on the reclamation forfeiture fund over the previous six months. All money received from the fee shall be credited to the reclamation forfeiture fund.

(9) Final release of the performance security in accordance with division (F)(3)(c) of this section terminates the jurisdiction of the chief under this chapter over the reclaimed site of a surface coal mining and reclamation operation or applicable portion of an operation. However, the chief shall reassert jurisdiction over such a site if the release was based on fraud, collusion, or misrepresentation of a material fact and the chief, in writing, demonstrates evidence of the fraud, collusion, or misrepresentation. Any person with an interest that is or may be adversely affected by the chief's determination may appeal the determination to the reclamation commission in accordance with section 1513.13 of the Revised Code.

(G) The chief shall adopt rules governing the criteria for forfeiture of performance security, the method of determining the forfeited amount, and the procedures to be followed in the event of forfeiture. Cash received as the result of such forfeiture is the property of the state.

Sec. 1565.12. When a loss of life is occasioned by accident in any mine, the operator thereof shall forthwith give notice thereof to the chief of the division of mineral resources management, and to the deputy mine inspector in charge of the district. Such notice shall be given by telephone or electronic format. The operator of such mine shall, within twenty-four hours after such accident causing loss of life, send a written report of the accident to the chief. Such written report shall specify the character and cause of the accident, the names of the persons killed, and the nature of the injuries that caused death. In the case of injury thereafter resulting in death, the
operator shall send a written notice thereof to the chief, and to the deputy mine inspector of such district, at such time as such death comes to the operator's knowledge.

No operator of a mine shall refuse or neglect to comply with this section.

Sec. 1571.05. (A) Whenever any part of a gas storage reservoir or any part of its protective area underlies any part of a coal mine, or is, or within nine months is expected or intended to be, within two thousand linear feet of the boundary of a coal mine that is operating in a coal seam any part of which extends over any part of the storage reservoir or its protective area, the operator of the reservoir, if the reservoir operator or some other reservoir operator has not theretofore done so, shall:

(1) Use every known method that is reasonable under the circumstance for discovering and locating all wells drilled within the area of the reservoir or its protective area that underlie any part of the coal mine or its protective area;

(2) Plug or recondition all known wells drilled within the area of the reservoir or its protective area that underlie any part of the coal mine.

(B) Whenever an operator of a gas storage reservoir is notified by the operator of a coal mine, as provided in division (B) of section 1571.03 of the Revised Code, that the coal mine operator believes that part of the boundary of the mine is within two thousand linear feet of a well that is drilled through the horizon of the coal mine and into or through the storage stratum or strata of the reservoir within the boundary of the reservoir or within its protective area, the reservoir operator shall plug or recondition the well as in this section prescribed, unless it is agreed in a conference or is ordered by the chief of the division of oil and gas resources management after a hearing, as provided
in section 1571.10 of the Revised Code, that the well referred to in the notice is not such a well as is described in division (B) of section 1571.03 of the Revised Code.

Whenever an operator of a gas storage reservoir is notified by the operator of a coal mine as provided in division (C) or (D) of section 1571.03 of the Revised Code, that part of the boundary of the mine is, or within nine months is intended or expected to be, within two thousand linear feet of a well that is drilled through the horizon of the mine and into or through the storage stratum or strata of the reservoir within the boundary of the reservoir or within its protective area, the reservoir operator shall plug or recondition the well as in this section prescribed.

Whenever the operator of a coal mine considers that the use of a well such as in this section described, if used for injecting gas into, or storing gas in, or removing gas from, a gas storage reservoir, would be hazardous to the safety of persons or property on or in the vicinity of the premises of the coal mine or the reservoir or well, the coal mine operator may file with the division objections to the use of the well for such purposes, and a request that a conference be held as provided in section 1571.10 of the Revised Code, to discuss and endeavor to resolve by mutual agreement whether or not the well shall or shall not be used for such purposes, and whether or not the well shall be reconditioned, inactivated, or plugged. The request shall set forth the mine operator's reasons for such objections. If no approved agreement is reached in the conference, the gas storage well inspector shall within ten days after the termination of the conference, file with the chief a request that the chief hear and determine the matters considered at the conference as provided in section 1571.10 of the Revised Code. Upon conclusion of the hearing, the chief shall find and determine whether or not the safety of persons or of the property on or in the vicinity of the premises of the coal mine,
or the reservoir, or the well requires that the well be reconditioned, inactivated, or plugged, and shall make an order consistent with that determination, provided that the chief shall not order a well plugged unless the chief first finds that there is underground leakage of gas therefrom.

The plugging or reconditioning of each well described in a notice from a coal mine operator to a reservoir operator as provided in division (B) of section 1571.03 of the Revised Code, which must be plugged or reconditioned, shall be completed within such time as the gas storage well inspector may fix in the case of each such well. The plugging or reconditioning of each well described in a notice from a coal mine operator to a reservoir operator as provided in division (C) of section 1571.03 of the Revised Code, which must be plugged or reconditioned, shall be completed by the time the well, by reason of the extension of the boundary of the coal mine, is within two thousand linear feet of any part of the boundary of the mine. The plugging or reconditioning of each well described in a notice from a coal mine operator to a reservoir operator, as provided in division (D) of section 1571.03 of the Revised Code, which must be plugged or reconditioned, shall be completed by the time the well, by reason of the opening of the new mine, is within two thousand linear feet of any part of the boundary of the new mine. A reservoir operator who is required to complete the plugging or reconditioning of a well within a period of time fixed as in this division prescribed, may prior to the end of that period of time, notify the division and the mine operator from whom the reservoir operator received a notice as provided in division (B), (C), or (D) of section 1571.03 of the Revised Code, in writing by registered certified mail or electronic format, that the completion of the plugging or reconditioning of the well referred to in the notice will be delayed beyond the end of the period of time fixed therefor as in this section provided, and that the reservoir operator requests
that a conference be held for the purpose of endeavoring to reach an agreement establishing a date subsequent to the end of that period of time, on or before which the reservoir operator may complete the plugging or reconditioning without incurring any penalties for failure to do so as provided in this chapter. If such a reservoir operator sends to such a mine operator and to the division a notice and request for a conference as in this division provided, the reservoir operator shall not incur any penalties for failure to complete the plugging or reconditioning of the well within the period of time fixed as in this division prescribed, unless the reservoir operator fails to complete the plugging or reconditioning of the well within the period of time fixed by an approved agreement reached in the conference, or fixed by an order by the chief upon a hearing held in the matter in the event of failure to reach an approved agreement in the conference.

Whenever, in compliance with this division, a well is to be plugged by a reservoir operator, the operator shall give to the division notice thereof, as many days in advance as will be necessary for the gas storage well inspector or a deputy mine inspector to be present at the plugging. The notification shall be made on blanks furnished by the division and shall show the following information:

1. Name and address of the applicant;
2. The location of the well identified by section or lot number, city or village, and township and county;
3. The well name and number of each well to be plugged.

(C) The operator shall give written notice at the same time to the owner of the land upon which the well is located, the owners or agents of the adjoining land, and adjoining well owners or agents of the operator's intention to abandon the well, and of the time when the operator will be prepared to commence plugging.
and filling the same. In addition to giving such notices, the reservoir operator shall also at the same time send a copy of the notice by registered or certified mail or electronic format to the coal mine operator, if any, who sent to the reservoir operator the notice as provided in division (B), (C), or (D) of section 1571.03 of the Revised Code, in order that the coal mine operator or the coal mine operator's designated representative may attend and observe the manner in which the plugging of the well is done.

If the reservoir operator plugs the well without the gas storage well inspector or a deputy mine inspector being present to supervise the plugging, the reservoir operator shall send to the division and to the coal mine operator a copy of the report of the plugging of the well, including in the report:

(1) The date of abandonment;

(2) The name of the owner or operator of the well at the time of abandonment and the well owner's or operator's post office address;

(3) The location of the well as to township and county and the name of the owner of the surface upon which the well is drilled, with the address thereof;

(4) The date of the permit to drill;

(5) The date when drilled;

(6) Whether the well has been mapped;

(7) The depth of the well;

(8) The depth of the top of the sand to which the well was drilled;

(9) The depth of each seam of coal drilled through;

(10) A detailed report as to how the well was plugged, giving in particular the manner in which the coal and various sands were plugged, and the date of the plugging of the well, including
therein the names of those who witnessed the plugging of the well.

The report shall be signed by the operator or the operator's agent who plugged the well and verified by the oath of the party so signing. For the purposes of this section, a deputy mine inspector may take acknowledgements and administer oaths to the parties signing the report.

Whenever, in compliance with this division, a well is to be reconditioned by a reservoir operator, the operator shall give to the division notice thereof as many days before the reconditioning is begun as will be necessary for the gas storage well inspector, or a deputy mine inspector, to be present at the reconditioning. No well shall be reconditioned if an inspector of the division is not present unless permission to do so has been granted by the chief. The reservoir operator, at the time of giving notice to the division as in this section required, also shall send a copy of the notice by registered certified mail or electronic format to the coal mine operator, if any, who sent to the reservoir operator the notice as provided in division (B), (C), or (D) of section 1571.03 of the Revised Code, in order that the coal mine operator or the coal mine operator's designated representative may attend and observe the manner in which the reconditioning of the well is done.

If the reservoir operator reconditions the well when the gas storage well inspector or a deputy mine inspector is not present to supervise the reconditioning, the reservoir operator shall make written report to the division describing the manner in which the reconditioning was done, and shall send to the coal mine operator a copy of the report by registered certified mail or electronic format.

(D) Wells that are required by this section to be plugged shall be plugged in the manner specified in sections 1509.13 to 1509.17 of the Revised Code, and the operator shall give the
notifications and reports required by divisions (B) and (C) of this section. No such well shall be plugged or abandoned without the written approval of the division, and no such well shall be mudded, plugged, or abandoned without the gas storage well inspector or a deputy mine inspector present unless written permission has been granted by the chief or the gas storage well inspector. For purposes of this section, the chief of the division of mineral resources management has the authority given the chief of the division of oil and gas resources management in sections 1509.15 and 1509.17 of the Revised Code. If such a well has been plugged prior to the time plugging thereof is required by this section, and, on the basis of the data, information, and other evidence available it is determined that the plugging was done in the manner required by this section, or was done in accordance with statutes prescribing the manner of plugging wells in effect at the time the plugging was done, and that there is no evidence of leakage of gas from the well either at or below the surface, and that the plugging is sufficiently effective to prevent the leakage of gas from the well, the obligations imposed upon the reservoir operator by this section as to plugging the well shall be considered fully satisfied. The operator of a coal mine any part of the boundary of which is, or within nine months is expected or intended to be, within two thousand linear feet of the well may at any time raise a question as to whether the plugging of the well is sufficiently effective to prevent the leakage of gas therefrom, and the issue so made shall be determined by a conference or hearing as provided in section 1571.10 of the Revised Code.

(E) Wells that are to be reconditioned as required by this section shall be, or shall be made to be:

(1) Cased in accordance with the statutes of this state in effect at the time the wells were drilled, with the casing being,
or made to be, sufficiently effective in that there is no evidence of any leakage of gas therefrom;

(2) Equipped with a producing string and well head composed of new pipe, or pipe as good as new, and fittings designed to operate with safety and to contain the stored gas at maximum pressures contemplated.
