When a well that is to be reconditioned as required by this section has been reconditioned for use in the operation of the reservoir prior to the time prescribed in this section, and on the basis of the data, information, and other evidence available it is determined that at the time the well was so reconditioned the requirements prescribed in this division were met, and that there is no evidence of underground leakage of gas from the well, and that the reconditioning is sufficiently effective to prevent underground leakage from the well, the obligations imposed upon the reservoir operator by this section as to reconditioning the well shall be considered fully satisfied. Any operator of a coal mine any part of the boundary of which is, or within nine months is expected or intended to be, within two thousand linear feet of the well may at any time raise a question as to whether the reconditioning of the well is sufficiently effective to prevent underground leakage of gas therefrom, and the issue so made shall be determined by a conference or hearing as provided in section 1571.10 of the Revised Code.

If the gas storage well inspector at any time finds that a well that is drilled through the horizon of a coal mine and into or through the storage stratum or strata of a reservoir within the boundary of the reservoir or within its protective area is located within the boundary of the coal mine or within two thousand linear feet of the mine boundary, and was drilled prior to the time the statutes of this state required that wells be cased, and that the well fails to meet the casing and equipping requirements
prescribed in this division, the gas storage well inspector shall promptly notify the operator of the reservoir thereof in writing, and the reservoir operator upon receipt of the notice shall promptly recondition the well in the manner prescribed in this division for reconditioning wells, unless, in a conference or hearing as provided in section 1571.10 of the Revised Code, a different course of action is agreed upon or ordered.

(F)(1) When a well within the boundary of a gas storage reservoir or within the reservoir's protective area penetrates the storage stratum or strata of the reservoir, but does not penetrate the coal seam within the boundary of a coal mine, the gas storage well inspector may, upon application of the operator of the storage reservoir, exempt the well from the requirements of this section. Either party affected by the action of the gas storage well inspector may request a conference and hearing with respect to the exemption.

(2) When a well located within the boundary of a storage reservoir or a reservoir's protective area is a producing well in a stratum above or below the storage stratum, the obligations imposed by this section shall not begin until the well ceases to be a producing well.

(G) When retreat mining reaches a point in a coal mine when the operator of the mine expects that within ninety days retreat work will be at the location of a pillar surrounding an active storage reservoir well, the operator of the mine shall promptly send by registered certified mail or electronic format notice to that effect to the operator of the reservoir. Thereupon the operators may by agreement determine whether it is necessary or advisable to temporarily inactivate the well. If inactivated, the well shall not be reactivated until a reasonable period of time has elapsed, such period of time to be determined by agreement by the operators. In the event that the parties cannot agree upon
either of the foregoing matters, the question shall be submitted to the gas storage well inspector for a conference in accordance with section 1571.10 of the Revised Code.

(H)(1) The provisions of this section that require the plugging or reconditioning of wells shall not apply to such wells as are used to inject gas into, store gas in, or remove gas from a gas storage reservoir when the sole purpose of the injection, storage, or removal is testing. The operator of a gas storage reservoir who injects gas into, stores gas in, or removes gas from a reservoir for the sole purpose of testing shall be subject to all other provisions of this chapter that are applicable to operators of reservoirs.

(2) If the injection of gas into, or storage of gas in, a gas storage reservoir any part of which, or of the protective area of which, is within the boundary of a coal mine is begun after September 9, 1957, and if the injection or storage of gas is for the sole purpose of testing, the operator of the reservoir shall send by registered certified mail or electronic format to the operator of the coal mine, the division of oil and gas resources management, and the division of mineral resources management at least sixty days' notice of the date upon which the testing will be begun.

If at any time within the period of time during which testing of a reservoir is in progress, any part of the reservoir or of its protective area comes within any part of the boundary of a coal mine, the operator of the reservoir shall promptly send notice to that effect by registered certified mail or electronic format to the operator of the mine, the division of oil and gas resources management, and the division of mineral resources management.

(3) Any coal mine operator who receives a notice as provided for in division (H)(2) of this section may within thirty days of the receipt thereof file with the division objections to the
testing. The gas storage well inspector also may, within the time
within which a coal mine operator may file an objection, place in
the files of the division objections to the testing. The reservoir
operator shall comply throughout the period of the testing
operations with all conditions and requirements agreed upon and
approved in the conference on such objections conducted as
provided in section 1571.10 of the Revised Code, or in an order
made by the chief following a hearing in the matter as provided in
section 1571.10 of the Revised Code. If in complying with the
agreement or order either the reservoir operator or the coal mine
operator encounters or discovers conditions that were not known to
exist at the time of the conference or hearing and that materially
affect the agreement or order, or the ability of the reservoir
operator to comply therewith, either operator may apply for a
rehearing or modification of the order.

(I) In addition to complying with all other provisions of
this chapter and any lawful orders issued thereunder, the operator
of each gas storage reservoir shall keep all wells drilled into or
through the storage stratum or strata within the boundary of the
operator's reservoir or within the reservoir's protective area in
such condition, and operate the same in such manner, as to prevent
the escape of gas therefrom into any coal mine, and shall operate
and maintain the storage reservoir and its facilities in such
manner and at such pressures as will prevent gas from escaping
from the reservoir or its facilities into any coal mine.

Sec. 1571.08. (A) Whenever in this chapter, the method or
material to be used in discharging any obligations imposed by this
chapter is specified, an alternative method or material may be
used if approved by the gas storage well inspector or the chief of
the division of oil and gas resources management. A person
desiring to use such alternative method or material shall file
with the division of oil and gas resources management an
application for permission to do so. Such application shall describe such alternative method or material in reasonable detail. The gas storage well inspector shall promptly send by registered certified mail or electronic format notice of the filing of such application to any coal mine operator or reservoir operator whose mine or reservoir may be directly affected thereby. Any such coal mine operator or reservoir operator may within ten days following receipt of such notice, file with the division objections to such application. The gas storage well inspector may also file with the division an objection to such application at any time during which coal mine operators or reservoir operators are permitted to file objections. If no objections are filed within the ten-day period of time, the gas storage well inspector shall thereupon issue a permit approving the use of such alternative method or material. If any such objections are filed by any coal mine operator or reservoir operator, or by the gas storage well inspector, the question as to whether or not the use of such alternative method or material, or a modification thereof is approved, shall be determined by a conference or hearing as provided in section 1571.10 of the Revised Code.

(B) Whenever in this chapter, provision is made for the filing of objections with the division, such objections shall be in writing and shall state as definitely as is reasonably possible the reasons for such objections. Upon the filing of any such objection the gas storage well inspector shall promptly fix the time and place for holding a conference for the purpose of discussing and endeavoring to resolve by mutual agreement the issue raised by such objection. The gas storage well inspector shall send written notice thereof by registered certified mail or electronic format to each person having a direct interest therein. Thereupon the issue made by such objection shall be determined by a conference or hearing in accordance with the procedures for conferences and hearings as provided in section 1571.10 of the Revised Code.
Sec. 1571.10. (A) The gas storage well inspector or any person having a direct interest in the administration of this chapter may at any time file with the division of oil and gas resources management a written request that a conference be held for the purpose of discussing and endeavoring to resolve by mutual agreement any question or issue relating to the administration of this chapter, or to compliance with its provisions, or to any violation thereof. Such request shall describe the matter concerning which the conference is requested. Thereupon the gas storage well inspector shall promptly fix the time and place for the holding of such conference and shall send written notice thereof to each person having a direct interest therein. At such conference the gas storage well inspector or a representative of the division designated by the gas storage well inspector shall be in attendance, and shall preside at the conference, and the gas storage well inspector or designated representative may make such recommendations as the gas storage well inspector or designated representative deems proper. Any agreement reached at such conference shall be consistent with the requirements of this chapter and, if approved by the gas storage well inspector, it shall be reduced to writing and shall be effective. Any such agreement approved by the gas storage well inspector shall be kept on file in the division and a copy thereof shall be furnished to each of the persons having a direct interest therein. The conference shall be deemed terminated as of the date an approved agreement is reached or when any person having a direct interest therein refuses to confer thereafter. Such a conference shall be held in all cases prior to the holding of a hearing as provided in this section.

(B) Within ten days after the termination of a conference at which no approved agreement is reached, any person who
participated in such conference and who has a direct interest in
the subject matter thereof, or the gas storage well inspector, may
file with the chief of the division of oil and gas resources
management a request that the chief hear and determine the matter
or matters, or any part thereof considered at the conference.
Thereupon the chief shall promptly fix the time and place for the
holding of such hearing and shall send written notice thereof to
each person having a direct interest therein. The form of the
request for such hearing and the conduct of the hearing shall be
in accordance with rules that the chief adopts under section
1571.11 of the Revised Code. Consistent with the requirement for
reasonable notice each such hearing shall be held promptly after
the filing of the request therefor. Any person having a direct
interest in the matter to be heard shall be entitled to appear and
be heard in person or by attorney. The division may present at
such hearing any evidence that is material to the matter being
heard and that has come to the division's attention in any
investigation or inspection made pursuant to this chapter.

(C) For the purpose of conducting such a hearing the chief
may require the attendance of witnesses and the production of
books, records, and papers, and the chief may, and at the request
of any person having a direct interest in the matter being heard,
the chief shall, issue subpoenas for witnesses or subpoenas duces
tecum to compel the production of any books, records, or papers,
directed to the sheriffs of the counties where such witnesses are
found, which subpoenas shall be served and returned in the same
manner as subpoenas in criminal cases are served and returned. The
fees of sheriffs shall be the same as those allowed by the court
of common pleas in criminal cases. Witnesses shall be paid the
fees and mileage provided for under section 119.094 of the Revised
Code. Such fee and mileage expenses shall be paid in advance by
the persons at whose request they are incurred, and the remainder
of such expenses shall be paid out of funds appropriated for the
expenses of the division.

In case of disobedience or neglect of any subpoena served on any person, or the refusal of any witness to testify to any matter regarding which the witness may be lawfully interrogated, the court of common pleas of the county in which such disobedience, neglect, or refusal occurs, or any judge thereof, on application of the chief, shall compel obedience by attachment proceedings for contempt as in the case of disobedience of the requirements of a subpoena issued from such court or a refusal to testify therein. Witnesses at such hearings shall testify under oath, and the chief may administer oaths or affirmations to persons who so testify.

(D) With the consent of the chief, the testimony of any witness may be taken by deposition at the instance of a party to any hearing before the chief at any time after hearing has been formally commenced. The chief may, of the chief's own motion, order testimony to be taken by deposition at any stage in any hearing, proceeding, or investigation pending before the chief. Such deposition shall be taken in the manner prescribed by the laws of this state for taking depositions in civil cases in courts of record.

(E) After the conclusion of a hearing the chief shall make a determination and finding of facts. Every adjudication, determination, or finding by the chief shall be made by written order and shall contain a written finding by the chief of the facts upon which the adjudication, determination, or finding is based. Notice of the making of such order shall be given to the persons whose rights, duties, or privileges are affected thereby, by sending a certified copy thereof by registered certified mail or electronic format to each of such persons.

Adjudications, determinations, findings, and orders made by the chief shall not be governed by, or be subject to, Chapter 119 of the Revised Code.
Sec. 1571.14. Any person claiming to be aggrieved or adversely affected by an order of the chief of the division of oil and gas resources management made as provided in section 1571.10 or 1571.16 of the Revised Code may appeal to the director of natural resources for an order vacating or modifying such order. Upon receipt of the appeal, the director shall appoint an individual who has knowledge of the laws and rules regarding the underground storage of gas and who shall act as a hearing officer in accordance with Chapter 119. of the Revised Code in hearing the appeal.

The person appealing to the director shall be known as appellant and the chief shall be known as appellee. The appellant and the appellee shall be deemed parties to the appeal.

The appeal shall be in writing and shall set forth the order complained of and the grounds upon which the appeal is based. The appeal shall be filed with the director within thirty days after the date upon which appellant received notice by registered certified mail or electronic format of the making of the order complained of, as required by section 1571.10 of the Revised Code. Notice of the filing of such appeal shall be delivered by appellant to the chief within three days after the appeal is filed with the director.

Within seven days after receipt of the notice of appeal the chief shall prepare and certify to the director at the expense of appellant a complete transcript of the proceedings out of which the appeal arises, including a transcript of the testimony submitted to the chief.

Upon the filing of the appeal the director shall fix the time and place at which the hearing on the appeal will be held, and shall give appellant and the chief at least ten days' written notice thereof by mail. The director may postpone or continue any
hearing upon the director's own motion or upon application of
appellant or of the chief.

The filing of an appeal provided for in this section does not
automatically suspend or stay execution of the order appealed
from, but upon application by the appellant the director may
suspend or stay such execution pending determination of the appeal
upon such terms as the director deems proper.

The hearing officer appointed by the director shall hear the
appeal de novo, and either party to the appeal may submit such
evidence as the hearing officer deems admissible.

For the purpose of conducting a hearing on an appeal, the
hearing officer may require the attendance of witnesses and the
production of books, records, and papers, and may, and at the
request of any party shall, issue subpoenas for witnesses or
subpoenas duces tecum to compel the production of any books,
records, or papers, directed to the sheriffs of the counties where
such witnesses are found, which subpoenas shall be served and
returned in the same manner as subpoenas in criminal cases are
served and returned. The fees of sheriffs shall be the same as
those allowed by the court of common pleas in criminal cases.
Witnesses shall be paid the fees and mileage provided for under
section 119.094 of the Revised Code. Such fee and mileage expenses
incurred at the request of appellant shall be paid in advance by
appellant, and the remainder of such expenses shall be paid out of
funds appropriated for the expenses of the division of oil and gas
resources management.

In case of disobedience or neglect of any subpoena served on
any person, or the refusal of any witness to testify to any matter
regarding which the witness may be lawfully interrogated, the
court of common pleas of the county in which such disobedience,
neglect, or refusal occurs, or any judge thereof, on application
of the director, shall compel obedience by attachment proceedings
for contempt as in the case of disobedience of the requirements of a subpoena issued from such court or a refusal to testify therein. Witnesses at such hearings shall testify under oath, and the hearing officer may administer oaths or affirmations to persons who so testify.

At the request of any party to the appeal, a record of the testimony and other evidence submitted shall be taken by an official court reporter at the expense of the party making the request for the record. The record shall include all of the testimony and other evidence and the rulings on the admissibility thereof presented at the hearing. The hearing officer shall pass upon the admissibility of evidence, but any party may at the time object to the admission of any evidence and except to the ruling of the hearing officer thereon, and if the hearing officer refuses to admit evidence, the party offering same may make a proffer thereof, and such proffer shall be made a part of the record of such hearing.

If upon completion of the hearing the hearing officer finds that the order appealed from was lawful and reasonable, the hearing officer shall make a written order affirming the order appealed from. If the hearing officer finds that such order was unreasonable or unlawful, the hearing officer shall make a written order vacating the order appealed from and making the order that it finds the chief should have made. Every order made by the hearing officer shall contain a written finding by the hearing officer of the facts upon which the order is based. Notice of the making of such order shall be given forthwith to each party to the appeal by mailing a certified copy thereof to each such party by registered certified mail or electronic format.

Sec. 1571.15. Any party adversely affected by an order of the hearing officer under section 1571.14 of the Revised Code may
appeal to the court of common pleas of any county in which the
well, or part of the gas storage reservoir, or part of the coal
mine, involved in the order of the hearing officer which is being
appealed, is located. Any party desiring to so appeal shall file
with the director of natural resources a notice of appeal
designating the order appealed from and stating whether the appeal
is taken on questions of law or questions of law and fact. A copy
of such notice shall also be filed by appellant with the court and
shall be mailed or otherwise delivered to appellee. The notice
shall be filed and mailed or otherwise delivered within thirty
days after the date upon which appellant received notice from the
hearing officer by registered certified mail or electronic format
of the making of the order appealed from. No appeal bond shall be
required to make either an appeal on questions of law or an appeal
on questions of law and fact effective.

The filing of a notice of appeal shall not automatically
operate as a suspension of the order of the hearing officer. If it
appears to the court that an unjust hardship to the appellant will
result from the execution of the hearing officer's order pending
determination of the appeal, the court may grant a suspension of
such order and fix its terms.

Within fifteen days after receipt of the notice of appeal the
hearing officer shall prepare and file in the court the complete
record of proceedings out of which the appeal arises, including a
transcript of the testimony and other evidence which has been
submitted before him the hearing officer. The expense of preparing
and transcribing such record shall be taxed as a part of the costs
of the appeal. Appellant shall provide security for costs
satisfactory to the court. Upon demand by a party the director
shall furnish at the cost of the party requesting the same a copy
of such record. In the event such complete record is not filed in
the court within the time provided for in this section either
party may apply to the court to have the case docketed, and the court shall order such record filed.

Appeals taken on questions of law shall be heard upon assignments of error filed in the cause or set out in the briefs of the appellant before the hearing. Errors not argued by brief may be disregarded, but the court may consider and decide errors which are not assigned or argued. Failure to file such briefs and assignments of error within the time prescribed by the court's rules shall be a cause for dismissal of such appeal.

In appeals taken on questions of law and fact, the hearing in the court shall be a hearing de novo of the appeal heard by the hearing officer in which the order appealed from was made. In such hearings any party may offer as evidence any part of the record of the proceedings out of which the appeal arises, certified to the court as provided for in this section, and any other evidence which the court deems admissible.

If the court finds that the order of the hearing officer appealed from was lawful and reasonable, it shall affirm such order. If the court finds that such order was unreasonable or unlawful, it shall vacate such order and make the order which it finds the hearing officer should have made. The judgment of the court is final unless reversed, vacated, or modified on appeal as in civil actions.

Sec. 1571.16. (A) The gas storage well inspector or any person having a direct interest in the subject matter of this chapter may file with the division of oil and gas resources management a complaint in writing stating that a person is violating, or is about to violate, a provision or provisions of this chapter, or has done, or is about to do, an act, matter, or thing therein prohibited or declared to be unlawful, or has failed, omitted, neglected, or refused, or is about to fail, omit,
neglect, or refuse, to perform a duty enjoined upon the person by this chapter. Upon the filing of such a complaint, the chief of the division of oil and gas resources management shall promptly fix the time for the holding of a hearing on such complaint and shall send by registered certified mail or electronic format to the person so complained of, a copy of such complaint together with at least five days' notice of the time and place at which such hearing will be held. Such notice of such hearing shall also be given to all persons having a direct interest in the matters complained of in such complaint. Such hearing shall be conducted in the same manner, and the chief and persons having a direct interest in the matter being heard, shall have the same powers, rights, and duties as provided in divisions (B), (C), (D), and (E) of section 1571.10 of the Revised Code, in connection with hearings by the chief, provided that if after conclusion of the hearing the chief finds that the charges against the person complained of, as stated in such complaint, have not been sustained by a preponderance of evidence, the chief shall make an order dismissing the complaint, and if the chief finds that the charges have been so sustained, the chief shall by appropriate order require compliance with those provisions.

(B) Whenever the chief is of the opinion that any person is violating, or is about to violate, any provision of this chapter, or has done, or is about to do, any act, matter, or thing therein prohibited or declared to be unlawful, or has failed, omitted, neglected, or refused, or is about to fail, omit, neglect, or refuse, to perform any duty enjoined upon the person by this chapter, or has failed, omitted, neglected, or refused, or is about to fail, omit, neglect, or refuse, to obey any lawful requirement or order made by the chief, or any final judgment, order, or decree made by any court pursuant to this chapter, then and in every such case, the chief may institute in a court of competent jurisdiction of the county or counties wherein the
operation is situated, an action to enjoin or restrain such
violations or to enforce obedience with law or the orders of the
chief. No injunction bond shall be required to be filed in any
such proceeding. Such persons or corporations as the court may
demn necessary or proper to be joined as parties in order to make
its judgment, order, or writ effective may be joined as parties.
An appeal may be taken as in other civil actions.

(C) In addition to the other remedies as provided in
divisions (A) and (B) of this section, any reservoir operator or
coal mine operator affected by this chapter may proceed by
injunction or other appropriate remedy to restrain violations or
threatened violations of this chapter or of orders of the chief,
or of the hearing officer appointed under section 1571.14 of the
Revised Code, or the judgments, orders, or decrees of any court or
to enforce obedience therewith.

(D) Each remedy prescribed in divisions (A), (B), and (C) of
this section is deemed concurrent or contemporaneous with each
other remedy prescribed therein, and the existence or exercise of
any one such remedy shall not prevent the exercise of any other
such remedy.

(E) The provisions of this chapter providing for conferences,
hearings by the chief, appeals to the hearing officer from orders
of the chief, and appeals to the court of common pleas from orders
of the hearing officer, and the remedies prescribed in divisions
(A), (B), (C), and (D) of this section, do not constitute the
exclusive procedure that a person, who deems the person's rights
to be unlawfully affected by any official action taken thereunder,
must pursue in order to protect and preserve such rights, nor does
this chapter constitute a procedure that such a person must pursue
before the person may lawfully proceed by other actions, legal or
equitable, to protect and preserve such rights.
Sec. 1707.02. (A) "Exempt," as used in this section, means exempt from sections 1707.08 to 1707.11 and 1707.39 of the Revised Code.

(B)(1) Except as provided in division (B)(2) of this section, the following securities are exempt, if the issuer or guarantor has the power of taxation or assessment for the purpose of paying the obligation represented by the security, or is in specific terms empowered by the laws of the state of issuance to issue securities payable as to principal or interest, or as to both, out of revenues collected or administered by such issuer:

(a) Any security issued or guaranteed by the United States;

(b) Any security issued or guaranteed by, and recognized, at the time of sale, as its valid obligation by, any foreign government with which the United States is, at the time of sale, maintaining diplomatic relations;

(c) Any security issued or guaranteed, and recognized as its valid obligation, by any political subdivision or any governmental or other public body, corporation, or agency in or of the United States, any state, territory, or possession of the United States, or any foreign government with which the United States is, at the time of sale, maintaining diplomatic relations.

(2) If a security described in division (B)(1) of this section is not payable out of the proceeds of a general tax, the security is exempt only if, at the time of its first sale in this state, there is no default in the payment of any of the interest or principal of the security, and there are no adjudications or pending suits adversely affecting its validity.

(C) Any security issued or guaranteed by a state or nationally chartered bank, savings and loan association, savings bank, or credit union, or a governmental corporation or agency.
created by or under the laws of the United States or of Canada is exempt, if it is under the supervision of or subject to regulation by the government or state under whose laws it was organized.

(D) Any interim certificate is exempt, if the securities to be delivered therefor are themselves exempt, are the subject matter of an exempt transaction, have been registered by description or registered by qualification, or are the subject matter of a transaction which has been registered by description.

(E)(1) A security is exempt if it meets any of the following requirements:

(a) The security is listed, or authorized for listing, on the New York stock exchange, the American stock exchange, or the national market system of the NASDAQ stock market, or any successor to such entities.

(b) The security is listed, or authorized for listing, on a national securities exchange or system, or on a tier or segment of such exchange or system, designated by the securities and exchange commission in rule 146(b) promulgated under section 18(b)(1) of the Securities Act of 1933.

(c) The security is listed, or authorized for listing, on a national securities exchange or system, or on a tier or segment of such exchange or system, that has listing standards that the division of securities, on its own initiative or on the basis of an application, determines by rule are substantially similar to the listing standards applicable to securities described in division (E)(1)(a) of this section.

(d) The security is a security of the same issuer that is equal in seniority or that is a senior security to a security described in division (E)(1)(a), (b), or (c) of this section.

(2) Application for approval of a stock exchange or system not approved in this section may be made by any organized stock
exchange or system, or by any dealer who is a member of such exchange, in such manner and upon such forms as are prescribed by the division, accompanied by payment of an approval fee of two hundred dollars, and the division shall make such investigation and may hold such hearings as it deems necessary to determine the propriety of giving approval. The cost of such investigation shall be borne by the applicant. The division may enter an order of approval, and if it does so, it shall notify the applicant of such approval.

(3) The division may revoke the approval of an exchange or system enumerated in division (E)(1) of this section, provided that the exchange or system is not listed in section 18(b)(1) of the Securities Act of 1933 or any rule promulgated thereunder. The division may effect a revocation after due notice, investigation, a hearing, and a finding that the practices or requirements of such exchange or system have been so changed or modified, or are, in their actual operation, such that the contemplated protection is no longer afforded. The principles of res adjudicata ordinarily applicable in civil matters shall not be applicable to this matter, which is hereby declared to be administrative rather than judicial. Notice of the hearing may be given by certified electronic mail at least ten days before such hearing.

(4) The division may suspend the exemption of any security described in division (E)(1) of this section, provided that the security is listed or authorized for listing on an exchange or system that is not listed in section 18(b)(1) of the Securities Act of 1933 or any rule promulgated thereunder. The division may effect a suspension by giving notice, by certified electronic mail, to that effect to the exchange or system upon which such security is listed or designated and to the issuer of such security. After notice and hearing, the division may revoke such exemption if it appears to it that sales of such security have
been fraudulent or that future sales of it would be fraudulent.  

The division shall set such hearing not later than ten days from the date of the order of suspension, but may for good cause continue such hearing upon application of the exchange or system upon which such security is listed or designated or upon application of the issuer of such security.

(F) Any security, issued or guaranteed as to principal, interest, or dividend or distribution by a corporation owning or operating any public utility, is exempt, if such corporation is, as to its rates and charges or as to the issuance and guaranteeing of securities, under the supervision of or regulated by a public commission, board, or officer of the United States, or of Canada, or of any state, province, or municipal corporation in either of such countries. Equipment-trust securities based on chattel mortgages, leases, or agreements for conditional sale, of cars, locomotives, motor trucks, or other rolling stock or of motor vehicles mortgaged, leased, or sold to, or finished for the use of, a public utility, are exempt; and so are equipment securities where the ownership or title of such equipment is pledged or retained, in accordance with the laws of the United States or of any state, or of Canada or any province thereof, to secure the payment of such securities.

(G) Commercial paper and promissory notes are exempt when they are not offered directly or indirectly for sale to the public.

(H) Any security issued or guaranteed by an insurance company, except as provided in section 1707.32 of the Revised Code, is exempt if such company is under the supervision of, and the issuance or guaranty of such security is regulated by, a state.

(I) Any security, except notes, bonds, debentures, or other evidences of indebtedness or of promises or agreements to pay
money, which is issued by a person, corporation, or association organized not for profit, including persons, corporations, and associations organized exclusively for conducting county fairs, or for religious, educational, social, recreational, athletic, benevolent, fraternal, charitable, or reformatory purposes, and agricultural cooperatives as defined in section 1729.01 of the Revised Code, is exempt, if no part of the net earnings of such issuer inures to the benefit of any shareholder or member of such issuer or of any individual, and if the total commission, remuneration, expense, or discount in connection with the sale of such securities does not exceed two per cent of the total sale price thereof plus five hundred dollars.

(J)(1) Any securities outstanding for a period of not less than five years, on which there has occurred no default in payment of principal, interest, or dividend or distribution for the five years immediately preceding the sale, are exempt.

(2) For the purpose of division (J) of this section, the dividend, distribution, or interest rate on securities in which no such rate is specified shall be at the rate of at least four per cent annually on the aggregate of the price at which such securities are to be sold.

(K) All bonds issued under authority of Chapter 165. or 761., or section 4582.06 or 4582.31 of the Revised Code are exempt.

Sec. 1707.04. (A) The division of securities may consider and conduct hearings upon any plan of reorganization, recapitalization, or refinancing of a corporation organized under the laws of this state, or having its principal place of business within this state, when such plan is proposed by such corporation or by any of its shareholders or creditors and contains a proposal to issue securities in exchange for one or more bona fide outstanding securities, claims, or property interests, or partly
in such exchange or partly for cash. conditions are satisfied:

(1) No stop order is in effect, no proceeding is pending
under section 1707.13 of the Revised Code, and no cease and desist
order has been issued pursuant to section 1707.23 of the Revised
Code;

(2) The registration statement has been on file with the
division for at least fifteen days or for such shorter period as
the division by rule or otherwise permits; provided, that if the
registration statement is not filed with the division within five
days of the initial filing with the securities and exchange
commission, the registration statement must be on file with the
division for thirty days or for such shorter period as the
division by rule or otherwise permits.

If the issuer or
its representative proves compliance with the requirements of this division as to notice and price amendment filing, the stop order is void as of the time of its entry. The division may by rule or otherwise waive either or both of the conditions specified in divisions (C)(2) and (3) of this section. If the federal registration statement becomes effective, or if the offering may otherwise be commenced in accordance with the rules, regulations, or orders of the securities and exchange commission, before all of the conditions specified in divisions (C) and (D) of this section are satisfied and they are not waived by the division the registration statement becomes effective as soon as all of the conditions are satisfied.

If the issuer advises the division of the date when the federal registration statement is expected to become effective, or when the offering may otherwise be commenced in accordance with the rules, regulations, or orders of the securities and exchange commission, the division shall promptly advise the issuer or its representative by telephone or telegram, at the issuer's expense, whether all of the conditions have been satisfied or whether the division then contemplates the institution of a proceeding under section 1707.13 or 1707.23 of the Revised Code, but such advice does not preclude the institution of such a proceeding at any time.

Sec. 1707.11. filed in the office of the secretary of state, and the other immediately forwarded by the secretary of state by certified mail to the principal place of business of the person on whose behalf the consent is submitted or to the last known address as shown on the filing made with the division. However, failure to mail such copy does not invalidate the service.

(E) Notwithstanding any provision of this chapter, or of any rule adopted by the division of securities under this chapter, that requires the submission of a consent to service of process, the division may provide by rule for the electronic filing or submission of a consent to service of process.

A district shall continue to comply with division (E)(1)(b) or (E)(2) of this section, whichever was most recently applicable, with respect to any building formerly subject to one of those divisions until the building makes adequate yearly progress for two consecutive school years.

This division applies only to school districts that have been identified for improvement by the department pursuant to the "No Child Left Behind Act of 2001." It does not apply to any such district after June 30, 2008.

If a school district has been identified for improvement for one school year, the district shall provide a written description of the continuous improvement plan developed by the district pursuant to division (B) of this section to the parent or guardian of each student enrolled in the district. If the district
does not have a continuous improvement plan, the district shall develop such a plan in accordance with division (B) of this section and provide a written description of the plan to the parent or guardian of each student enrolled in the district.

(5) If a school district has been identified for improvement for five consecutive school years, the department shall take at least one of the corrective actions identified in division (F)(3) of this section with respect to the district, provided that the corrective action the department takes is different from the corrective action previously taken under division (F)(3) of this section with respect to the district.

(G) The department may establish a state intervention team to evaluate all aspects of a school district or building, including management, curriculum, instructional methods, resource allocation, and scheduling. Any such intervention team shall be appointed by the department and shall include teachers and administrators recognized as outstanding in their fields. The intervention team shall make recommendations regarding methods for improving the performance of the district or building.

The department shall not approve a district's request for an intervention team under division (E)(3) of this section if the department cannot adequately fund the work of the team, unless the district agrees to pay for the expenses of the team.

(H) The department shall conduct individual audits of a sampling of community schools established under Chapter 3314. of the Revised Code to determine compliance with this section.

(I) A school district in which the pilot project scholarship program is operating under sections 3313.974 to 3313.979 of the Revised Code shall report the use of funding for tutorial assistance grants under that program in the district's three-year continuous improvement plan under this section in a manner approved by the department.

(J) The state board shall adopt rules for implementing this section.

The form required under division (B) of this section may be submitted electronically.

Sec. 3313.41. (A) Except as provided in divisions (C), (D), and (F) of this section and in sections 3313.412 and 3313.413 of the Revised Code, when a board of education decides to dispose of real or personal property that it owns in its corporate capacity and that exceeds in value ten thousand dollars, it shall sell the property at public auction, after giving at least thirty days' notice of the auction by publication in a newspaper of general circulation in the school district, by publication as provided in section 7.16 of the Revised Code, or by posting notices in five of the most public places in the school district in which the property, if it is real property, is situated, or, if it is
personal property, in the school district of the board of education that owns the property. The board may offer real property for sale as an entire tract or in parcels.

(B) When the board of education has offered real or personal property for sale at public auction at least once pursuant to division (A) of this section, and the property has not been sold, the board may sell it at a private sale. Regardless of how it was offered at public auction, at a private sale, the board shall, as it considers best, sell real property as an entire tract or in parcels, and personal property in a single lot or in several lots.

(C) If a board of education decides to dispose of real or personal property that it owns in its corporate capacity and that exceeds in value ten thousand dollars, it may sell the property to the adjutant general; to any subdivision or taxing authority as respectively defined in section 5705.01 of the Revised Code, township park district, board of park commissioners established under Chapter 755. of the Revised Code, or park district established under Chapter 1545. of the Revised Code; to a wholly or partially tax-supported university, university branch, or college; to a nonprofit institution of higher education that has a certificate of authorization under Chapter 1713. of the Revised Code; to the governing authority of a chartered nonpublic school; or to the board of trustees of a school district library, upon such terms as are agreed upon. The sale of real or personal property to the board of trustees of a school district library is limited, in the case of real property, to a school district library within whose boundaries the real property is situated, or, in the case of personal property, to a school district library whose boundaries lie in whole or in part within the school district of the selling board of education.

(D) When a board of education decides to trade as a part or
an entire consideration, an item of personal property on the purchase price of an item of similar personal property, it may trade the same upon such terms as are agreed upon by the parties to the trade.

(E) The president and the treasurer of the board of education shall execute and deliver deeds or other necessary instruments of conveyance to complete any sale or trade under this section.

(F) When a board of education has identified a parcel of real property that it determines is needed for school purposes, the board may, upon a majority vote of the members of the board, acquire that property by exchanging real property that the board owns in its corporate capacity for the identified real property or by using real property that the board owns in its corporate capacity as part or an entire consideration for the purchase price of the identified real property. Any exchange or acquisition made pursuant to this division shall be made by a conveyance executed by the president and the treasurer of the board.

(G) When a school district board of education has property that the board, by resolution, finds is not needed for school district use, is obsolete, or is unfit for the use for which it was acquired, the board may donate that property in accordance with this division if the fair market value of the property is, in the opinion of the board, two thousand five hundred dollars or less.

The property may be donated to an eligible nonprofit organization that is located in this state and is exempt from federal income taxation pursuant to 26 U.S.C. 501(a) and (c)(3). Before donating any property under this division, the board shall adopt a resolution expressing its intent to make unneeded, obsolete, or unfit-for-use school district property available to these organizations. The resolution shall include guidelines and procedures the board considers to be necessary to implement the
donation program and shall indicate whether the school district will conduct the donation program or the board will contract with a representative to conduct it. If a representative is known when the resolution is adopted, the resolution shall provide contact information such as the representative's name, address, and telephone number.

The resolution shall include within its procedures a requirement that any nonprofit organization desiring to obtain donated property under this division shall submit a written notice to the board or its representative. The written notice shall include evidence that the organization is a nonprofit organization that is located in this state and is exempt from federal income taxation pursuant to 26 U.S.C. 501(a) and (c)(3); a description of the organization's primary purpose; a description of the type or types of property the organization needs; and the name, address, and telephone number of a person designated by the organization's governing board to receive donated property and to serve as its agent. The written notice may be submitted electronically to the board or its representative.

After adoption of the resolution, the board shall publish, in a newspaper of general circulation in the school district or as provided in section 7.16 of the Revised Code, notice of its intent to donate unneeded, obsolete, or unfit for use school district property to eligible nonprofit organizations. The notice shall include a summary of the information provided in the resolution and shall be published twice. The second notice shall be published not less than ten nor more than twenty days after the previous notice. A similar notice also shall be posted continually in the board's office notice of its intent to donate school district property that is unneeded, obsolete, or unfit for use to eligible nonprofit organizations. If the school district maintains a web site on the internet, the notice shall be posted continually at
that web site.

The board or its representatives shall maintain a list of all nonprofit organizations that notify the board or its representative of their desire to obtain donated property under this division and that the board or its representative determines to be eligible, in accordance with the requirements set forth in this section and in the donation program's guidelines and procedures, to receive donated property.

The board or its representative also shall maintain a list of all school district property the board finds to be unneeded, obsolete, or unfit for use and to be available for donation under this division. The list shall be posted continually in a conspicuous location in the board's office, and, if the school district maintains a web site on the internet, the list shall be posted continually at that web site. An item of property on the list shall be donated to the eligible nonprofit organization that first declares to the board or its representative its desire to obtain the item unless the board previously has established, by resolution, a list of eligible nonprofit organizations that shall be given priority with respect to the item's donation. Priority may be given on the basis that the purposes of a nonprofit organization have a direct relationship to specific school district purposes of programs provided or administered by the board. A resolution giving priority to certain nonprofit organizations with respect to the donation of an item of property shall specify the reasons why the organizations are given that priority.

Members of the board shall consult with the Ohio ethics commission, and comply with Chapters 102. and 2921. of the Revised Code, with respect to any donation under this division to a nonprofit organization of which a board member, any member of a board member's family, or any business associate of a board member.
is a trustee, officer, board member, or employee.

Sec. 3313.818. (A)(1) The department of education shall establish a program under which public schools that meet the conditions prescribed in this section shall offer breakfast to all students either before or during the school day. Each of the following shall apply:

(a) In the first 2020-2021 school year after the effective date of this section, the program shall apply to any public school in which seventy per cent or more of the students enrolled in the school during the previous school year were eligible under federal requirements for free or reduced-price breakfasts or lunches.

(b) In the second 2021-2022 school year after the effective date of this section, the program shall apply to any public school in which sixty per cent or more of the students enrolled in the school during the previous school year were eligible under federal requirements for free or reduced-price breakfasts or lunches.

(c) In the third 2022-2023 school year after the enactment date of this section and every school year thereafter, the program shall apply to any public school in which fifty per cent or more of the students enrolled in the school during the previous school year were eligible under federal requirements for free or reduced-price breakfasts or lunches.

(2) The district superintendent or building principal, in consultation with the building staff, shall determine the model for serving breakfast under the program. Each breakfast served under the program shall comply with federal meal patterns and nutritional standards and with section 3313.814 of the Revised Code. A school district board of education may make a charge in accordance with federal requirements for each meal to cover all or part of the costs incurred in operating the program.
The department shall publish a list of public schools that meet the conditions of division (A) of this section. The department shall offer technical assistance to school districts and schools regarding the implementation of a school breakfast program that complies with this section and the submission of claims for reimbursement under the federal school breakfast program.

(C)(1) The department shall monitor each school participating in the program and ensure that each participating school complies with the requirements of this section.

(2) If the board of education of a school district determines that, for financial reasons, a school under the board's control cannot comply with the requirements of this section or the board already has a successful breakfast program or partnership in place, the district board may choose not to comply with those requirements.

(D) Not later than the thirty-first day of December of each school year, the department shall provide statistical reports on its web site that specify the number and percentage of students participating in school breakfast programs disaggregated by school district and individual schools, including community schools, established under Chapter 3314. of the Revised Code, and STEM schools, established under Chapter 3326. of the Revised Code.

(E) Not later than the thirty-first day of December of each school year, the department shall prepare a report on the implementation and effectiveness of the program established under this section and submit the report to the general assembly, in accordance with section 101.68 of the Revised Code, and to the governor. The report may be submitted electronically. The report shall include:

(1) The number of students and participation rates in the
free and reduced-price breakfast programs under this section for each school building;

(2) The type of breakfast model used by each school building participating in the breakfast program;

(3) The number of students and participation rates in free or reduced-price lunch for each school building.

Sec. 3314.21. (A) As used in this section:

(1) "Harmful to juveniles" has the same meaning as in section 2907.01 of the Revised Code.

(2) "Obscene" has the same meaning as in division (F) of section 2907.01 of the Revised Code as that division has been construed by the supreme court of this state.

(3) "Teacher of record" means a teacher who is responsible for the overall academic development and achievement of a student and not merely the student's instruction in any single subject.

(B)(1) It is the intent of the general assembly that teachers employed by internet- or computer-based community schools conduct visits with their students in person throughout the school year.

(2) Each internet- or computer-based community school shall retain an affiliation with at least one full-time teacher of record licensed in accordance with division (A)(10) of section 3314.03 of the Revised Code.

(3) Each student enrolled in an internet- or computer-based community school shall be assigned to at least one teacher of record. No teacher of record shall be primarily responsible for the academic development and achievement of more than one hundred twenty-five students enrolled in the internet- or computer-based community school that has retained that teacher.

(C) For any internet- or computer-based community school, the
contract between the sponsor and the governing authority of the school described in section 3314.03 of the Revised Code shall specify each of the following:

(1) A requirement that the school use a filtering device or install filtering software that protects against internet access to materials that are obscene or harmful to juveniles on each computer provided to students for instructional use. The school shall provide such device or software at no cost to any student who works primarily from the student's residence on a computer obtained from a source other than the school.

(2) A plan for fulfilling the intent of the general assembly specified in division (B)(1) of this section. The plan shall indicate the number of times teachers will visit each student throughout the school year and the manner in which those visits will be conducted. **The visits may be conducted electronically.**

(3) That the school will set up a central base of operation and the sponsor will maintain a representative within fifty miles of that base of operation to provide monitoring and assistance.

(D)(1) Annually, each internet- or computer-based community school shall prepare and submit to the department of education, in a time and manner prescribed by the department, a report that contains information about all of the following:

(a) Classroom size;

(b) The ratio of teachers to students per classroom;

(c) The number of student-teacher meetings conducted in person or by video conference;

(d) Any other information determined necessary by the department.

(2) The department annually shall prepare and submit to the state board of education a report that contains the information
received under division (D)(1) of this section.

Sec. 3319.081. Except as otherwise provided in division (G) of this section, in all school districts wherein the provisions of Chapter 124. of the Revised Code do not apply, the following employment contract system shall control for employees whose contracts of employment are not otherwise provided by law:

(A) Newly hired regular nonteaching school employees, including regular hourly rate and per diem employees, shall enter into written contracts for their employment which shall be for a period of not more than one year. If such employees are rehired, their three subsequent contracts shall be for a period of two years each.

(B) After the termination of the third two-year contract provided in division (A) of this section, if the contract of a nonteaching employee is renewed, the employee shall be continued in employment, and the salary provided in the contract may be increased but not reduced unless such reduction is a part of a uniform plan affecting the nonteaching employees of the entire district.

(C) The contracts as provided for in this section may be terminated by a majority vote of the board of education. Except as provided in sections 3319.0810 and 3319.172 of the Revised Code, the contracts may be terminated only for violation of written rules and regulations as set forth by the board of education or for incompetency, inefficiency, dishonesty, drunkenness, immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, or any other acts of misfeasance, malfeasance, or nonfeasance. In addition to the right of the board of education to terminate the contract of an employee, the board may suspend an employee for a definite period of time or demote the employee for the reasons set forth in this division. The action of the board of
education terminating the contract of an employee or suspending or
demoting the employee shall be served upon the employee by
certified mail, regular mail with a certificate of mailing, or
other form of delivery with proof of delivery, including
electronic delivery with electronic proof of delivery. Within ten
days following the receipt of such notice by the employee, the
employee may file an appeal, in writing, with the court of common
pleas of the county in which such school board is situated. After
hearing the appeal the common pleas court may affirm, disaffirm,
or modify the action of the school board.

A violation of division (A)(7) of section 2907.03 of the
Revised Code is grounds for termination of employment of a
nonteaching employee under this division.

(D) All employees who have been employed by a school district
where the provisions of Chapter 124. of the Revised Code do not
apply, for a period of at least three years on November 24, 1967,
shall hold continuing contracts of employment pursuant to this
section.

(E) Any nonteaching school employee may terminate the
nonteaching school employee's contract of employment thirty days
subsequent to the filing of a written notice of such termination
with the treasurer of the board.

(F) A person hired exclusively for the purpose of replacing a
nonteaching school employee while such employee is on leave of
absence granted under section 3319.13 of the Revised Code is not a
regular nonteaching school employee under this section.

(G) All nonteaching employees employed pursuant to this
section and Chapter 124. of the Revised Code shall be paid for all
time lost when the schools in which they are employed are closed
owing to an epidemic or other public calamity. Nothing in this
division shall be construed as requiring payment in excess of an
employee's regular wage rate or salary for any time worked while
the school in which the employee is employed is officially closed
for the reasons set forth in this division.

Sec. 3319.11. (A) As used in this section:

(1) "Evaluation procedures" means the procedures required by
the policy adopted pursuant to division (A) of section 3319.111 of
the Revised Code.

(2) "Limited contract" means a limited contract, as described
in section 3319.08 of the Revised Code, that a school district
board of education or governing board of an educational service
center enters into with a teacher who is not eligible for
continuing service status.

(3) "Extended limited contract" means a limited contract, as
described in section 3319.08 of the Revised Code, that a board of
education or governing board enters into with a teacher who is
eligible for continuing service status.

(B) Teachers eligible for continuing service status in any
city, exempted village, local, or joint vocational school district
or educational service center shall be those teachers qualified as
described in division (D) of section 3319.08 of the Revised Code,
who within the last five years have taught for at least three
years in the district or center, and those teachers who, having
attained continuing contract status elsewhere, have served two
years in the district or center, but the board, upon the
recommendation of the superintendent, may at the time of
employment or at any time within such two-year period, declare any
of the latter teachers eligible.

(1) Upon the recommendation of the superintendent that a
teacher eligible for continuing service status be reemployed, a
continuing contract shall be entered into between the board and
the teacher unless the board by a three-fourths vote of its full membership rejects the recommendation of the superintendent. If the board rejects by a three-fourths vote of its full membership the recommendation of the superintendent that a teacher eligible for continuing service status be reemployed and the superintendent makes no recommendation to the board pursuant to division (C) of this section, the board may declare its intention not to reemploy the teacher by giving the teacher written notice on or before the first day of June of its intention not to reemploy the teacher. If evaluation procedures have not been complied with pursuant to section 3319.111 of the Revised Code or the board does not give the teacher written notice on or before the first day of June of its intention not to reemploy the teacher, the teacher is deemed reemployed under an extended limited contract for a term not to exceed one year at the same salary plus any increment provided by the salary schedule. The teacher is presumed to have accepted employment under the extended limited contract for a term not to exceed one year unless such teacher notifies the board in writing to the contrary on or before the fifteenth day of June, and an extended limited contract for a term not to exceed one year shall be executed accordingly. Upon any subsequent reemployment of the teacher only a continuing contract may be entered into.

(2) If the superintendent recommends that a teacher eligible for continuing service status not be reemployed, the board may declare its intention not to reemploy the teacher by giving the teacher written notice on or before the first day of June of its intention not to reemploy the teacher. If evaluation procedures have not been complied with pursuant to section 3319.111 of the Revised Code or the board does not give the teacher written notice on or before the first day of June of its intention not to reemploy the teacher, the teacher is deemed reemployed under an extended limited contract for a term not to exceed one year at the same salary plus any increment provided by the salary schedule.
The teacher is presumed to have accepted employment under the extended limited contract for a term not to exceed one year unless such teacher notifies the board in writing to the contrary on or before the fifteenth day of June, and an extended limited contract for a term not to exceed one year shall be executed accordingly. Upon any subsequent reemployment of a teacher only a continuing contract may be entered into.

(3) Any teacher receiving written notice of the intention of a board not to reemploy such teacher pursuant to this division is entitled to the hearing provisions of division (G) of this section.

(C)(1) If a board rejects the recommendation of the superintendent for reemployment of a teacher pursuant to division (B)(1) of this section, the superintendent may recommend reemployment of the teacher, if continuing service status has not previously been attained elsewhere, under an extended limited contract for a term not to exceed two years, provided that written notice of the superintendent's intention to make such recommendation has been given to the teacher with reasons directed at the professional improvement of the teacher on or before the first day of June. Upon subsequent reemployment of the teacher only a continuing contract may be entered into.

(2) If a board of education takes affirmative action on a superintendent's recommendation, made pursuant to division (C)(1) of this section, of an extended limited contract for a term not to exceed two years but the board does not give the teacher written notice of its affirmative action on the superintendent's recommendation of an extended limited contract on or before the first day of June, the teacher is deemed reemployed under a continuing contract at the same salary plus any increment provided by the salary schedule. The teacher is presumed to have accepted employment under such continuing contract unless such teacher
notifies the board in writing to the contrary on or before the fifteenth day of June, and a continuing contract shall be executed accordingly.

(3) A board shall not reject a superintendent's recommendation, made pursuant to division (C)(1) of this section, of an extended limited contract for a term not to exceed two years except by a three-fourths vote of its full membership. If a board rejects by a three-fourths vote of its full membership the recommendation of the superintendent of an extended limited contract for a term not to exceed two years, the board may declare its intention not to reemploy the teacher by giving the teacher written notice on or before the first day of June of its intention not to reemploy the teacher. If evaluation procedures have not been complied with pursuant to section 3319.111 of the Revised Code or if the board does not give the teacher written notice on or before the first day of June of its intention not to reemploy the teacher, the teacher is deemed reemployed under an extended limited contract for a term not to exceed one year at the same salary plus any increment provided by the salary schedule. The teacher is presumed to have accepted employment under the extended limited contract for a term not to exceed one year unless such teacher notifies the board in writing to the contrary on or before the fifteenth day of June, and an extended limited contract for a term not to exceed one year shall be executed accordingly. Upon any subsequent reemployment of the teacher only a continuing contract may be entered into.

Any teacher receiving written notice of the intention of a board not to reemploy such teacher pursuant to this division is entitled to the hearing provisions of division (G) of this section.

(D) A teacher eligible for continuing contract status employed under an extended limited contract pursuant to division
(B) or (C) of this section, is, at the expiration of such extended limited contract, deemed reemployed under a continuing contract at the same salary plus any increment granted by the salary schedule, unless evaluation procedures have been complied with pursuant to section 3319.111 of the Revised Code and the employing board, acting on the superintendent's recommendation that the teacher not be reemployed, gives the teacher written notice on or before the first day of June of its intention not to reemploy such teacher. A teacher who does not have evaluation procedures applied in compliance with section 3319.111 of the Revised Code or who does not receive notice on or before the first day of June of the intention of the board not to reemploy such teacher is presumed to have accepted employment under a continuing contract unless such teacher notifies the board in writing to the contrary on or before the fifteenth day of June, and a continuing contract shall be executed accordingly.

Any teacher receiving a written notice of the intention of a board not to reemploy such teacher pursuant to this division is entitled to the hearing provisions of division (G) of this section.

(E) The board shall enter into a limited contract with each teacher employed by the board who is not eligible to be considered for a continuing contract.

Any teacher employed under a limited contract, and not eligible to be considered for a continuing contract, is, at the expiration of such limited contract, considered reemployed under the provisions of this division at the same salary plus any increment provided by the salary schedule unless evaluation procedures have been complied with pursuant to section 3319.111 of the Revised Code and the employing board, acting upon the superintendent's written recommendation that the teacher not be reemployed, gives such teacher written notice of its intention not
to reemploy such teacher on or before the first day of June. A teacher who does not have evaluation procedures applied in compliance with section 3319.111 of the Revised Code or who does not receive notice of the intention of the board not to reemploy such teacher on or before the first day of June is presumed to have accepted such employment unless such teacher notifies the board in writing to the contrary on or before the fifteenth day of June, and a written contract for the succeeding school year shall be executed accordingly.

Any teacher receiving a written notice of the intention of a board not to reemploy such teacher pursuant to this division is entitled to the hearing provisions of division (G) of this section.

(F) The failure of a superintendent to make a recommendation to the board under any of the conditions set forth in divisions (B) to (E) of this section, or the failure of the board to give such teacher a written notice pursuant to divisions (C) to (E) of this section shall not prejudice or prevent a teacher from being deemed reemployed under either a limited or continuing contract as the case may be under the provisions of this section. A failure of the parties to execute a written contract shall not void any automatic reemployment provisions of this section.

(G)(1) Any teacher receiving written notice of the intention of a board of education not to reemploy such teacher pursuant to division (B), (C)(3), (D), or (E) of this section may, within ten days of the date of receipt of the notice, file with the treasurer of the board a written demand for a written statement describing the circumstances that led to the board's intention not to reemploy the teacher.

(2) The treasurer of a board, on behalf of the board, shall, within ten days of the date of receipt of a written demand for a written statement pursuant to division (G)(1) of this section,
provide to the teacher a written statement describing the circumstances that led to the board's intention not to reemploy the teacher.

(3) Any teacher receiving a written statement describing the circumstances that led to the board's intention not to reemploy the teacher pursuant to division (G)(2) of this section may, within five days of the date of receipt of the statement, file with the treasurer of the board a written demand for a hearing before the board pursuant to divisions (G)(4) to (6) of this section.

(4) The treasurer of a board, on behalf of the board, shall, within ten days of the date of receipt of a written demand for a hearing pursuant to division (G)(3) of this section, provide to the teacher a written notice setting forth the time, date, and place of the hearing. The board shall schedule and conclude the hearing within forty days of the date on which the treasurer of the board receives a written demand for a hearing pursuant to division (G)(3) of this section.

(5) Any hearing conducted pursuant to this division shall be conducted by a majority of the members of the board. The hearing shall be held in executive session of the board unless the board and the teacher agree to hold the hearing in public. The superintendent, assistant superintendent, the teacher, and any person designated by either party to take a record of the hearing may be present at the hearing. The board may be represented by counsel and the teacher may be represented by counsel or a designee. A record of the hearing may be taken by either party at the expense of the party taking the record.

(6) Within ten days of the conclusion of a hearing conducted pursuant to this division, the board shall issue to the teacher a written decision containing an order affirming the intention of the board not to reemploy the teacher reported in the notice given.
to the teacher pursuant to division (B), (C)(3), (D), or (E) of this section or an order vacating the intention not to reemploy and expunging any record of the intention, notice of the intention, and the hearing conducted pursuant to this division.

(7) A teacher may appeal an order affirming the intention of the board not to reemploy the teacher to the court of common pleas of the county in which the largest portion of the territory of the school district or service center is located, within thirty days of the date on which the teacher receives the written decision, on the grounds that the board has not complied with this section or section 3319.111 of the Revised Code.

Notwithstanding section 2506.04 of the Revised Code, the court in an appeal under this division is limited to the determination of procedural errors and to ordering the correction of procedural errors and shall have no jurisdiction to order a board to reemploy a teacher, except that the court may order a board to reemploy a teacher in compliance with the requirements of division (B), (C)(3), (D), or (E) of this section when the court determines that evaluation procedures have not been complied with pursuant to section 3319.111 of the Revised Code or the board has not given the teacher written notice on or before the first day of June of its intention not to reemploy the teacher pursuant to division (B), (C)(3), (D), or (E) of this section. Otherwise, the determination whether to reemploy or not reemploy a teacher is solely a board's determination and not a proper subject of judicial review and, except as provided in this division, no decision of a board whether to reemploy or not reemploy a teacher shall be invalidated by the court on any basis, including that the decision was not warranted by the results of any evaluation or was not warranted by any statement given pursuant to division (G)(2) of this section.

No appeal of an order of a board may be made except as
specified in this division.

(H)(1) In giving a teacher any notice required by division (B), (C), (D), or (E) of this section, the board or the superintendent shall do either of the following:

(a) Deliver the notice by personal service upon the teacher;
(b) Deliver the notice by certified mail, return receipt requested, regular mail with a certificate of mailing, or other form of delivery with proof of delivery, addressed to the teacher at the teacher's place of employment and deliver a copy of the notice by certified mail, return receipt requested, regular mail with a certificate of mailing, or other form of delivery with proof of delivery, addressed to the teacher at the teacher's place of residence. Delivery of the notice required under division (H)(1)(b) of this section may be satisfied by electronic delivery with electronic proof of delivery.

(2) In giving a board any notice required by division (B), (C), (D), or (E) of this section, the teacher shall do either of the following:

(a) Deliver the notice by personal delivery to the office of the superintendent during regular business hours;
(b) Deliver the notice by certified mail, return receipt requested, regular mail with a certificate of mailing, or other form of delivery with proof of delivery, addressed to the office of the superintendent and deliver a copy of the notice by certified mail, return receipt requested, regular mail with a certificate of mailing, or other form of delivery with proof of delivery, addressed to the president of the board at the president's place of residence. Delivery of the notice required under division (H)(2)(b) of this section may be satisfied by electronic delivery with electronic proof of delivery.

(3) When any notice and copy of the notice are mailed
pursuant to division (H)(1)(b) or (2)(b) of this section, the notice or copy of the notice with the earlier date of receipt shall constitute the notice for the purposes of division (B), (C), (D), or (E) of this section.

(I) The provisions of this section shall not apply to any supplemental written contracts entered into pursuant to section 3319.08 of the Revised Code.

(J) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the dates set forth in this section as "on or before the first day of June" or "on or before the fifteenth day of June" prevail over any conflicting provisions of a collective bargaining agreement entered into on or after the effective date of this amendment March 22, 2013.

Sec. 3319.16. The contract of any teacher employed by the board of education of any city, exempted village, local, county, or joint vocational school district may not be terminated except for good and just cause. Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the provisions of this section relating to the grounds for termination of the contract of a teacher prevail over any conflicting provisions of a collective bargaining agreement entered into after the effective date of this amendment October 16, 2009.

Before terminating any contract, the employing board shall furnish the teacher a written notice signed by its treasurer of its intention to consider the termination of the teacher's contract with full specification of the grounds for such consideration. The board shall not proceed with formal action to terminate the contract until after the tenth day after receipt of the notice by the teacher. Within ten days after receipt of the notice from the treasurer of the board, the teacher may file with the treasurer a written demand for a hearing before the board or
before a referee, and the board shall set a time for the hearing which shall be within thirty days from the date of receipt of the written demand, and the treasurer shall give the teacher at least twenty days' notice in writing of the time and place of the hearing. If a referee is demanded by either the teacher or board, the treasurer also shall give twenty days' notice to the superintendent of public instruction. No hearing shall be held during the summer vacation without the teacher's consent. The hearing shall be private unless the teacher requests a public hearing. The hearing shall be conducted by a referee appointed pursuant to section 3319.161 of the Revised Code, if demanded; otherwise, it shall be conducted by a majority of the members of the board and shall be confined to the grounds given for the termination. The board shall provide for a complete stenographic record of the proceedings, a copy of the record to be furnished to the teacher. The board may suspend a teacher pending final action to terminate the teacher's contract if, in its judgment, the character of the charges warrants such action.

Both parties may be present at such hearing, be represented by counsel, require witnesses to be under oath, cross-examine witnesses, take a record of the proceedings, and require the presence of witnesses in their behalf upon subpoena to be issued by the treasurer of the board. In case of the failure of any person to comply with a subpoena, a judge of the court of common pleas of the county in which the person resides, upon application of any interested party, shall compel attendance of the person by attachment proceedings as for contempt. Any member of the board or the referee may administer oaths to witnesses. After a hearing by a referee, the referee shall file a report within ten days after the termination of the hearing. After consideration of the referee's report, the board, by a majority vote, may accept or reject the referee's recommendation on the termination of the teacher's contract. After a hearing by the board, the board, by
majority vote, may enter its determination upon its minutes. Any order of termination of a contract shall state the grounds for termination. If the decision, after hearing, is against termination of the contract, the charges and the record of the hearing shall be physically expunged from the minutes, and, if the teacher has suffered any loss of salary by reason of being suspended, the teacher shall be paid the teacher's full salary for the period of such suspension.

Any teacher affected by an order of termination of contract may appeal to the court of common pleas of the county in which the school is located within thirty days after receipt of notice of the entry of such order. The appeal shall be an original action in the court and shall be commenced by the filing of a complaint against the board, in which complaint the facts shall be alleged upon which the teacher relies for a reversal or modification of such order of termination of contract. Upon service or waiver of summons in that appeal, the board immediately shall transmit to the clerk of the court for filing a transcript of the original papers filed with the board, a certified copy of the minutes of the board into which the termination finding was entered, and a certified transcript of all evidence adduced at the hearing or hearings before the board or a certified transcript of all evidence adduced at the hearing or hearings before the referee, whereupon the cause shall be at issue without further pleading and shall be advanced and heard without delay. The court shall examine the transcript and record of the hearing and shall hold such additional hearings as it considers advisable, at which it may consider other evidence in addition to the transcript and record.

Upon final hearing, the court shall grant or deny the relief prayed for in the complaint as may be proper in accordance with the evidence adduced in the hearing. Such an action is a special proceeding, and either the teacher or the board may appeal from it.
the decision of the court of common pleas pursuant to the Rules of Appellate Procedure and, to the extent not in conflict with those rules, Chapter 2505. of the Revised Code.

In any court action, the board may utilize the services of the prosecuting attorney, village solicitor, city director of law, or other chief legal officer of a municipal corporation as authorized by section 3313.35 of the Revised Code, or may employ other legal counsel.

A violation of division (A)(7) of section 2907.03 of the Revised Code is grounds for termination of a teacher contract under this section.

Sec. 3319.291. (A) The state board of education shall require each of the following persons, at the times prescribed by division (A) of this section, to undergo a criminal records check, unless the person has undergone a records check under this section or a former version of this section less than five years prior to that time.

(1) Any person initially applying for any certificate, license, or permit described in this chapter or in division (B) of section 3301.071 or in section 3301.074 of the Revised Code at the time that application is made;

(2) Any person applying for renewal of any certificate, license, or permit described in division (A)(1) of this section at the time that application is made;

(3) Any person who is teaching under a professional teaching certificate issued under former section 3319.222 of the Revised Code upon a date prescribed by the state board;

(4) Any person who is teaching under a permanent teaching certificate issued under former section 3319.22 as it existed prior to October 29, 1996, or under former section 3319.222 of the
Revised Code upon a date prescribed by the state board and every five years thereafter.

(B)(1) Except as otherwise provided in division (B)(2) of this section, the state board shall require each person subject to a criminal records check under this section to submit two complete sets of fingerprints and written permission that authorizes the superintendent of public instruction to forward the fingerprints to the bureau of criminal identification and investigation pursuant to division (F) of section 109.57 of the Revised Code and that authorizes that bureau to forward the fingerprints to the federal bureau of investigation for purposes of obtaining any criminal records that the federal bureau maintains on the person.

(2) If both of the following conditions apply to a person subject to a criminal records check under this section, the state board shall require the person to submit one complete set of fingerprints and written permission that authorizes the superintendent of public instruction to forward the fingerprints to the bureau of criminal identification and investigation so that bureau may forward the fingerprints to the federal bureau of investigation for purposes of obtaining any criminal records that the federal bureau maintains on the person:

(a) Under this section or any former version of this section, the state board or the superintendent of public instruction previously requested the superintendent of the bureau of criminal identification and investigation to determine whether the bureau has any information, gathered pursuant to division (A) of section 109.57 of the Revised Code, on the person.

(b) The person presents proof that the person has been a resident of this state for the five-year period immediately prior to the date upon which the person becomes subject to a criminal records check under this section.
(C) Except as provided in division (D) of this section, prior to issuing or renewing any certificate, license, or permit for a person described in division (A)(1) or (2) of this section who is subject to a criminal records check and in the case of a person described in division (A)(3) or (4) of this section who is subject to a criminal records check, the state board or the superintendent of public instruction shall do one of the following:

(1) If the person is required to submit fingerprints and written permission under division (B)(1) of this section, request the superintendent of the bureau of criminal identification and investigation to determine whether the bureau has any information, gathered pursuant to division (A) of section 109.57 of the Revised Code, pertaining to the person and to obtain any criminal records that the federal bureau of investigation has on the person.

(2) If the person is required to submit fingerprints and written permission under division (B)(2) of this section, request the superintendent of the bureau of criminal identification and investigation to obtain any criminal records that the federal bureau of investigation has on the person.

(D) The state board or the superintendent of public instruction may choose not to request any information about a person required by division (C) of this section if the person provides proof that a criminal records check that satisfies the requirements of that division was conducted on the person as a condition of employment pursuant to section 3319.39 of the Revised Code within the immediately preceding year. The state board or the superintendent of public instruction may accept a certified copy of records that were issued by the bureau of criminal identification and investigation and that are presented by the person in lieu of requesting that information under division (C) of this section if the records were issued by the bureau within the immediately preceding year.
(E)(1) If a person described in division (A)(3) or (4) of this section who is subject to a criminal records check fails to submit fingerprints and written permission by the date specified in the applicable division, and the state board or the superintendent of public instruction does not apply division (D) of this section to the person, or if a person who is subject to division (G) of this section fails to submit fingerprints and written permission by the date prescribed under that division, the superintendent shall prepare a written notice to be sent to the person by mail or electronically stating that if the person does not submit the fingerprints and written permission within fifteen days after the date the notice was mailed or sent electronically, the person's application will be rejected or the person's professional or permanent teaching certificate or license will be inactivated. The superintendent shall send the notification by regular mail to the person's last known residence address or last known place of employment, as indicated in the department of education's records, or both. If the notice is sent electronically, the notification shall be sent via electronic mail to the person's last known electronic mail address.

If the person fails to submit the fingerprints and written permission within fifteen days after the date the notice was mailed, the superintendent of public instruction, on behalf of the state board, shall issue a written order rejecting the application or inactivating the person's professional or permanent teaching certificate or license. The rejection or inactivation shall remain in effect until the person submits the fingerprints and written permission. The superintendent shall send the order by regular mail or electronic mail to the person's last known residence address, last known electronic mail address, or last known place of employment, as indicated in the department's records, or both. The order shall state the reason for the rejection or inactivation and shall explain that the rejection or inactivation remains in effect until the person submits the fingerprints and written permission.
effect until the person submits the fingerprints and written
permission.

The rejection or inactivation of a professional or permanent
teaching certificate or license under division (E)(1) of this
section does not constitute a suspension or revocation of the
certificate or license by the state board under section 3319.31 of
the Revised Code and the state board and the superintendent of
duration need not provide the person with an opportunity
for a hearing with respect to the rejection or inactivation.

(2) If a person whose professional or permanent teaching
certificate or license has been rejected or inactivated under
division (E)(1) of this section submits fingerprints and written
permission as required by division (B) or (G) of this section, the
superintendent of public instruction, on behalf of the state
board, shall issue a written order issuing or reactivating the
certificate or license. The superintendent shall send the order to
the person by regular mail or electronic mail.

(F) Notwithstanding divisions (A) to (C) of this section, if
a person holds more than one certificate, license, or permit
described in division (A)(1) of this section, the following shall
apply:

(1) If the certificates, licenses, or permits are of
different durations, the person shall be subject to divisions (A)
to (C) of this section only when applying for renewal of the
certificate, license, or permit that is of the longest duration.
Prior to renewing any certificate, license, or permit with a
shorter duration, the state board or the superintendent of public
instruction shall determine whether the department of education
has received any information about the person pursuant to section
109.5721 of the Revised Code, but the person shall not be subject
to divisions (A) to (C) of this section as long as the person's
certificate, license, or permit with the longest duration is
valid.

(2) If the certificates, licenses, or permits are of the same duration but do not expire in the same year, the person shall designate one of the certificates, licenses, or permits as the person's primary certificate, license, or permit and shall notify the department of that designation. The person shall be subject to divisions (A) to (C) of this section only when applying for renewal of the person's primary certificate, license, or permit. Prior to renewing any certificate, license, or permit that is not the person's primary certificate, license, or permit, the state board or the superintendent of public instruction shall determine whether the department has received any information about the person pursuant to section 109.5721 of the Revised Code, but the person shall not be subject to divisions (A) to (C) of this section as long as the person's primary certificate, license, or permit is valid.

(3) If the certificates, licenses, or permits are of the same duration and expire in the same year and the person applies for renewal of the certificates, licenses, or permits at the same time, the state board or the superintendent of public instruction shall request only one criminal records check of the person under division (C) of this section.

(G) If the department is unable to enroll a person who has submitted an application for licensure, or to whom the state board has issued a license, in the retained applicant fingerprint database established under section 109.5721 of the Revised Code because the person has not satisfied the requirements for enrollment, the department shall require the person to satisfy the requirements for enrollment, including requiring the person to submit, by a date prescribed by the department, one complete set of fingerprints and written permission that authorizes the superintendent of public instruction to forward the fingerprints.
to the bureau of criminal identification and investigation for the purpose of enrolling the person in the database. If the person fails to comply by the prescribed date, the department shall reject the application or shall take action to inactivate the person's license in accordance with division (E) of this section.

Sec. 3319.311. (A)(1) The state board of education, or the superintendent of public instruction on behalf of the board, may investigate any information received about a person that reasonably appears to be a basis for action under section 3319.31 of the Revised Code, including information received pursuant to section 3314.40, 3319.291, 3319.313, 3326.24, 3328.19, 5126.253, or 5153.176 of the Revised Code. Except as provided in division (A)(2) of this section, the board shall contract with the office of the Ohio attorney general to conduct any investigation of that nature. The board shall pay for the costs of the contract only from moneys in the state board of education licensure fund established under section 3319.51 of the Revised Code. Except as provided in division (A)(2) of this section, all information received pursuant to section 3314.40, 3319.291, 3319.313, 3326.24, 3328.19, 5126.253, or 5153.176 of the Revised Code, and all information obtained during an investigation is confidential and is not a public record under section 149.43 of the Revised Code. If an investigation is conducted under this division regarding information received about a person and no action is taken against the person under this section or section 3319.31 of the Revised Code within two years of the completion of the investigation, all records of the investigation shall be expunged.

(2) In the case of a person about whom the board has learned of a plea of guilty to, finding of guilt by a jury or court of, or a conviction of an offense listed in division (C) of section 3319.31 of the Revised Code, or substantially comparable conduct occurring in a jurisdiction outside this state, the board or the
superintendent of public instruction need not conduct any further investigation and shall take the action required by division (C) or (F) of that section. Except as provided in division (G) of this section, all information obtained by the board or the superintendent of public instruction pertaining to the action is a public record under section 149.43 of the Revised Code.

(B) The superintendent of public instruction shall review the results of each investigation of a person conducted under division (A)(1) of this section and shall determine, on behalf of the state board, whether the results warrant initiating action under division (B) of section 3319.31 of the Revised Code. The superintendent shall advise the board of such determination at a meeting of the board. Within fourteen days of the next meeting of the board, any member of the board may ask that the question of initiating action under section 3319.31 of the Revised Code be placed on the board's agenda for that next meeting. Prior to initiating that action against any person, the person's name and any other personally identifiable information shall remain confidential.

(C) The board shall take no action against a person under division (B) of section 3319.31 of the Revised Code without providing the person with written notice of the charges and with an opportunity for a hearing in accordance with Chapter 119. of the Revised Code.

(D) For purposes of an investigation under division (A)(1) of this section or a hearing under division (C) of this section or under division (E)(2) of section 3319.31 of the Revised Code, the board, or the superintendent on behalf of the board, may administer oaths, order the taking of depositions, issue subpoenas, and compel the attendance of witnesses and the production of books, accounts, papers, records, documents, and testimony. The issuance of subpoenas under this division may be by

(E) The superintendent, on behalf of the board, may enter into a consent agreement with a person against whom action is being taken under division (B) of section 3319.31 of the Revised Code. The board may adopt rules governing the superintendent's action under this division.

(F) No surrender of a license shall be effective until the board takes action to accept the surrender unless the surrender is pursuant to a consent agreement entered into under division (E) of this section.

(G) The name of any person who is not required to report information under section 3314.40, 3319.313, 3326.24, 3328.19, 5126.253, or 5153.176 of the Revised Code, but who in good faith provides information to the state board or superintendent of public instruction about alleged misconduct committed by a person who holds a license or has applied for issuance or renewal of a license, shall be confidential and shall not be released. Any such person shall be immune from any civil liability that otherwise might be incurred or imposed for injury, death, or loss to person or property as a result of the provision of that information.

(H) (1) No person shall knowingly make a false report to the superintendent of public instruction or the state board of education alleging misconduct by an employee of a public or chartered nonpublic school or an employee of the operator of a community school established under Chapter 3314. or a college-preparatory boarding school established under Chapter 3328. of the Revised Code.

(2)(a) In any civil action brought against a person in which
it is alleged and proved that the person violated division (H)(1) of this section, the court shall award the prevailing party reasonable attorney's fees and costs that the prevailing party incurred in the civil action or as a result of the false report that was the basis of the violation.

(b) If a person is convicted of or pleads guilty to a violation of division (H)(1) of this section, if the subject of the false report that was the basis of the violation was charged with any violation of a law or ordinance as a result of the false report, and if the subject of the false report is found not to be guilty of the charges brought against the subject as a result of the false report or those charges are dismissed, the court that sentences the person for the violation of division (H)(1) of this section, as part of the sentence, shall order the person to pay restitution to the subject of the false report, in an amount equal to reasonable attorney's fees and costs that the subject of the false report incurred as a result of or in relation to the charges.

The fact of the withdrawal and the reason for it shall be immediately transmitted by the teacher to the superintendent of the city, local, or exempted village school district. If the child who has withdrawn from school has done so because of change of residence, the next residence shall be ascertained and shall be included in the notice thus transmitted. The superintendent shall thereupon forward a card showing the essential facts regarding the child and stating the place of the child's new residence to the superintendent of schools of the district to which the child has moved.

The superintendent of public instruction may prescribe the

If the board of education of a school district adopts a resolution providing that the provisions of division (B)(2) of this section apply within the district, and if the superintendent of schools of that district receives information that, during any semester or term, a child of compulsory school age has been absent without legitimate excuse from the school the child is supposed to attend for more than sixty consecutive hours in a single month or for at

If an extension is granted, the superintendent shall schedule a new date, time, and place method for the appearance hearing and shall inform the child and the child's parent, guardian, or custodian of the new date, time, and place method.

(C) Encourage, participate in, or conduct studies, investigations, and research relating to air pollution, collect and disseminate information, and conduct education and training programs relating to the causes, prevention, control, and abatement of air pollution;

(D) Adopt, modify, and rescind rules prescribing ambient air quality standards for the state as a whole or for various areas of the state that are consistent with and no more stringent than the national ambient air quality standards in effect under the federal Clean Air Act;

(E) Adopt, modify, suspend, and rescind rules for the prevention, control, and abatement of air pollution, including rules prescribing for the state as a whole or for various areas of the state emission standards for air contaminants, and other necessary rules for the purpose of achieving and maintaining compliance with ambient air quality standards in all areas within the state as expeditiously as practicable, but not later than any deadlines applicable under the federal Clean Air Act; rules for
the prevention or control of the emission of hazardous or toxic air contaminants; rules prescribing fugitive dust limitations and standards that are related, on an areawide basis, to attainment and maintenance of ambient air quality standards; rules prescribing shade, density, or opacity limitations and standards for emissions, provided that with regard to air contaminant sources for which there are particulate matter emission standards in addition to a shade, density, or opacity rule, upon demonstration by such a source of compliance with those other standards, the shade, density, or opacity rule shall provide for establishment of a shade, density, or opacity limitation for that source that does not require the source to reduce emissions below the level specified by those other standards; rules for the prevention or control of odors and air pollution nuisances; rules that prevent significant deterioration of air quality to the extent required by the federal Clean Air Act; rules for the protection of visibility as required by the federal Clean Air Act; and rules prescribing open burning limitations and standards. In adopting, modifying, suspending, or rescinding any such rules, the director, to the extent consistent with the federal Clean Air Act, shall hear and give consideration to evidence relating to all of the following:

(1) Conditions calculated to result from compliance with the rules, the overall cost within this state of compliance with the rules, and their relation to benefits to the people of the state to be derived from that compliance;

(2) The quantity and characteristics of air contaminants, the frequency and duration of their presence in the ambient air, and the dispersion and dilution of those contaminants;

(3) Topography, prevailing wind directions and velocities, physical conditions, and other factors that may or may combine to affect air pollution.
Consistent with division (K) of section 3704.036 of the Revised Code, the director shall consider alternative emission limits proposed by the owner or operator of an air contaminant source that is subject to an emission limit established in rules adopted under this division and shall accept those alternative emission limits that the director determines to be equivalent to emission limits established in rules adopted under this division.

(F)(1) Adopt, modify, suspend, and rescind rules consistent with the purposes of this chapter prohibiting the location, installation, construction, or modification of any air contaminant source or any machine, equipment, device, apparatus, or physical facility intended primarily to prevent or control the emission of air contaminants unless an installation permit therefor has been obtained from the director or the director's authorized representative.

(2)(a) Applications for installation permits shall be accompanied by plans, specifications, construction schedules, and such other pertinent information and data, including data on ambient air quality impact and a demonstration of best available technology, as the director may require. Installation permits shall be issued for a period specified by the director and are transferable. The director shall specify in each permit the applicable emission standards and that the permit is conditioned upon payment of the applicable fees as required by section 3745.11 of the Revised Code and upon the right of the director's authorized representatives to enter upon the premises of the person to whom the permit has been issued, at any reasonable time and subject to safety requirements of the person in control of the premises, for the purpose of determining compliance with such standards, this chapter, the rules adopted thereunder, and the conditions of any permit, variance, or order issued thereunder. Each proposed new or modified air contaminant source shall provide
such notice of its proposed installation or modification to other states as is required under the federal Clean Air Act.

Installation permits shall include the authorization to operate sources installed and operated in accordance with terms and conditions of the installation permits for a period not to exceed one year from commencement of operation, which authorization shall constitute an operating permit under division (G) of this section and rules adopted under it.

No installation permit shall be required for activities that are subject to and in compliance with a plant-wide applicability limit issued by the director in accordance with rules adopted under this section.

No installation permit shall be issued except in accordance with all requirements of this chapter and rules adopted thereunder. No application shall be denied or permit revoked or modified without a written order stating the findings upon which denial, revocation, or modification is based. A copy of the order shall be sent to the applicant or permit holder by certified mail.

(b) An air contaminant source that is the subject of an installation permit shall be installed or modified in accordance with the permit not later than eighteen months after the permit's effective date at which point the permit shall terminate unless one of the following applies:

(i) The owner or operator has undertaken a continuing program of installation or modification during the eighteen-month period.

(ii) The owner or operator has entered into a binding contractual obligation to undertake and complete within a reasonable period of time a continuing program of installation or modification of the air contaminant source during the eighteen-month period.

(iii) The director has extended the date by which the air
contaminant source that is the subject of the installation permit must be installed or modified.

(iv) The installation permit is the subject of an appeal by a party other than the owner or operator of the air contaminant source that is the subject of the installation permit, in which case the date of termination of the permit is not later than eighteen months after the effective date of the permit plus the number of days between the date in which the permit was appealed and the date on which all appeals concerning the permit have been resolved.

(v) The installation permit has been superseded by a subsequent installation permit, in which case the original installation permit terminates on the effective date of the superseding installation permit.

Division (F)(2)(b) of this section applies to an installation permit that has not terminated as of the effective date of this amendment October 16, 2009.

The director may adopt rules in accordance with Chapter 119. of the Revised Code for the purpose of establishing additional requirements that are necessary for the implementation of division (F)(2)(b) of this section.

(3) Not later than two years after August 3, 2006, the director shall adopt a rule in accordance with Chapter 119. of the Revised Code specifying that a permit to install is required only for new or modified air contaminant sources that emit any of the following air contaminants:

(a) An air contaminant or precursor of an air contaminant for which a national ambient air quality standard has been adopted under the federal Clean Air Act;

(b) An air contaminant for which the air contaminant source is regulated under the federal Clean Air Act;
(c) An air contaminant that presents, or may present, through inhalation or other routes of exposure, a threat of adverse human health effects, including, but not limited to, substances that are known to be, or may reasonably be anticipated to be, carcinogenic, mutagenic, teratogenic, or neurotoxic, that cause reproductive dysfunction, or that are acutely or chronically toxic, or a threat of adverse environmental effects whether through ambient concentrations, bioaccumulation, deposition, or otherwise, and that is identified in the rule by chemical name and chemical abstract service number.

The director may modify the rule adopted under division (F)(3)(c) of this section for the purpose of adding or deleting air contaminants. For each air contaminant that is contained in or deleted from the rule adopted under division (F)(3)(c) of this section, the director shall include in a notice accompanying any proposed or final rule an explanation of the director's determination that the air contaminant meets the criteria established in that division and should be added to, or no longer meets the criteria and should be deleted from, the list of air contaminants. The explanation shall include an identification of the scientific evidence on which the director relied in making the determination. Until adoption of the rule under division (F)(3)(c) of this section, nothing shall affect the director's authority to issue, deny, modify, or revoke permits to install under this chapter and rules adopted under it.

(4)(a) Applications for permits to install new or modified air contaminant sources shall contain sufficient information regarding air contaminants for which the director may require a permit to install to determine conformity with the environmental protection agency's document entitled "Review of New Sources of Air Toxics Emissions, Option A," dated May 1986, which the director shall use to evaluate toxic emissions from new or
modified air contaminant sources. The director shall make copies of the document available to the public upon request at no cost and post the document on the environmental protection agency's website. Any inconsistency between the document and division (F)(4) of this section shall be resolved in favor of division (F)(4) of this section.

(b) The maximum acceptable ground level concentration of an air contaminant shall be calculated in accordance with the document entitled "Review of New Sources of Air Toxics Emissions, Option A." Modeling shall be conducted to determine the increase in the ground level concentration of an air contaminant beyond the facility's boundary caused by the emissions from a new or modified source that is the subject of an application for a permit to install. Modeling shall be based on the maximum hourly rate of emissions from the source using information including, but not limited to, any emission control devices or methods, operational restrictions, stack parameters, and emission dispersion devices or methods that may affect ground level concentrations, either individually or in combination. The director shall determine whether the activities for which a permit to install is sought will cause an increase in the ground level concentration of one or more relevant air contaminants beyond the facility's boundary by an amount in excess of the maximum acceptable ground level concentration. In making the determination as to whether the maximum acceptable ground level concentration will be exceeded, the director shall give consideration to the modeling conducted under division (F)(4)(b) of this section and other relevant information submitted by the applicant.

(c) If the modeling conducted under division (F)(4)(b) of this section with respect to an application for a permit to install demonstrates that the maximum ground level concentration from a new or modified source will be greater than or equal to
eighty per cent, but less than one hundred per cent of the maximum acceptable ground level concentration for an air contaminant, the director may establish terms and conditions in the permit to install for the air contaminant source that will require the owner or operator of the air contaminant source to maintain emissions of that air contaminant commensurate with the modeled level, which shall be expressed as allowable emissions per day. In order to calculate the allowable emissions per day, the director shall multiply the hourly emission rate modeled under division (F)(4)(b) of this section to determine the ground level concentration by the operating schedule that has been identified in the permit to install application. Terms and conditions imposed under division (F)(4)(c) of this section are not federally enforceable requirements and, if included in a Title V permit, shall be placed in the portion of the permit that is only enforceable by the state.

(d) If the modeling conducted under division (F)(4)(b) of this section with respect to an application for a permit to install demonstrates that the maximum ground level concentration from a new or modified source will be less than eighty per cent of the maximum acceptable ground level concentration, the owner or operator of the source annually shall report to the director, on a form prescribed by the director, whether operations of the source are consistent with the information regarding the operations that was used to conduct the modeling with regard to the permit to install application. The annual report to the director shall be in lieu of an emission limit or other permit terms and conditions imposed pursuant to division (F)(4) of this section. The director may consider any significant departure from the operations of the source described in the permit to install application that results in greater emissions than the emissions rate modeled to determine the ground level concentration as a modification and require the owner or operator to submit a permit to install application for...
the increased emissions. The requirements established in division (F)(4)(d) of this section are not federally enforceable requirements and, if included in a Title V permit, shall be placed in the portion of the permit that is only enforceable by the state.

(e) Division (F)(4) of this section and the document entitled "Review of New Sources of Air Toxics Emissions, Option A" shall not be included in the state implementation plan under section 110 of the federal Clean Air Act and do not apply to an air contaminant source that is subject to a maximum achievable control technology standard or residual risk standard under section 112 of the federal Clean Air Act, to a particular air contaminant identified under 40 C.F.R. 51.166, division (b)(23), for which the director has determined that the owner or operator of the source is required to install best available control technology for that particular air contaminant, or to a particular air contaminant for which the director has determined that the source is required to meet the lowest achievable emission rate, as defined in 40 C.F.R. part 51, Appendix S, for that particular air contaminant.

(f)(i) Division (F)(4) of this section and the document entitled "Review of New Sources of Air Toxics Emissions, Option A" do not apply to parking lots, storage piles, storage tanks, transfer operations, grain silos, grain dryers, emergency generators, gasoline dispensing operations, air contaminant sources that emit air contaminants solely from the combustion of fossil fuels, or the emission of wood dust, sand, glass dust, coal dust, silica, and grain dust.

(ii) Notwithstanding division (F)(4)(f)(i) of this section, the director may require an individual air contaminant source that is within one of the source categories identified in division (F)(4)(f)(i) of this section to submit information in an application for a permit to install a new or modified source in
order to determine the source's conformity to the document if the
director has information to conclude that the particular new or
modified source will potentially cause an increase in ground level
concentration beyond the facility's boundary that exceeds the
maximum acceptable ground level concentration as set forth in the
document.

(iii) The director may adopt rules in accordance with Chapter
119. of the Revised Code that are consistent with the purposes of
this chapter and that add to or delete from the source category
exemptions established in division (F)(4)(f)(i) of this section.

(5) Not later than one year after August 3, 2006, the
director shall adopt rules in accordance with Chapter 119. of the
Revised Code specifying activities that do not, by themselves,
constitute beginning actual construction activities related to the
installation or modification of an air contaminant source for
which a permit to install is required such as the grading and
clearing of land, on-site storage of portable parts and equipment,
and the construction of foundations or buildings that do not
themselves emit air contaminants. The rules also shall allow
specified initial activities that are part of the installation or
modification of an air contaminant source, such as the
installation of electrical and other utilities for the source,
prior to issuance of a permit to install, provided that the owner
or operator of the source has filed a complete application for a
permit to install, the director or the director's designee has
determined that the application is complete, and the owner or
operator of the source has notified the director that this
activity will be undertaken prior to the issuance of a permit to
install. Any activity that is undertaken by the source under those
rules shall be at the risk of the owner or operator. The rules
shall not apply to activities that are precluded prior to permit
issuance under section 111, section 112, Part C of Title I, and
Part D of Title I of the federal Clean Air Act.

(G) Adopt, modify, suspend, and rescind rules prohibiting the operation or other use of any new, modified, or existing air contaminant source unless an operating permit has been obtained from the director or the director's authorized representative, or the air contaminant source is being operated in compliance with the conditions of a variance issued pursuant to division (H) of this section. Applications for operating permits shall be accompanied by such plans, specifications, and other pertinent information as the director may require. Operating permits may be issued for a period determined by the director not to exceed ten years, are renewable, and are transferable. The director shall specify in each operating permit that the permit is conditioned upon payment of the applicable fees as required by section 3745.11 of the Revised Code and upon the right of the director's authorized representatives to enter upon the premises of the person to whom the permit has been issued, at any reasonable time and subject to safety requirements of the person in control of the premises, for the purpose of determining compliance with this chapter, the rules adopted thereunder, and the conditions of any permit, variance, or order issued thereunder. Operating permits may be denied or revoked for failure to comply with this chapter or the rules adopted thereunder. An operating permit shall be issued only upon a showing satisfactory to the director or the director's representative that the air contaminant source is being operated in compliance with applicable emission standards and other rules or upon submission of a schedule of compliance satisfactory to the director for a source that is not in compliance with all applicable requirements at the time of permit issuance, provided that the compliance schedule shall be consistent with and at least as stringent as that contained in any judicial consent decree or administrative order to which the air contaminant source is subject. The rules shall provide for the ...
issuance of conditional operating permits for such reasonable periods as the director may determine to allow the holder of an installation permit, who has constructed, installed, located, or modified a new air contaminant source in accordance with the provisions of an installation permit, to make adjustments or modifications necessary to enable the new air contaminant source to comply with applicable emission standards and other rules. Terms and conditions of operating permits issued pursuant to this division shall be federally enforceable for the purpose of establishing the potential to emit of a stationary source and shall be expressly designated as federally enforceable. Any such federally enforceable restrictions on a source's potential to emit shall include both an annual limit and a short-term limit of not more than thirty days for each pollutant to be restricted together with adequate methods for establishing compliance with the restrictions. In other respects, operating permits issued pursuant to this division are enforceable as state law only. No application shall be denied or permit revoked or modified without a written order stating the findings upon which denial, revocation, or modification is based. A copy of the order shall be sent to the applicant or permit holder by certified mail.

(H) Adopt, modify, and rescind rules governing the issuance, revocation, modification, or denial of variances that authorize emissions in excess of the applicable emission standards.

No variance shall be issued except pursuant to those rules. The rules shall prescribe conditions and criteria in furtherance of the purposes of this chapter and consistent with the federal Clean Air Act governing eligibility for issuance of variances, which shall include all of the following:

(1) Provisions requiring consistency of emissions authorized by a variance with timely attainment and maintenance of ambient air quality standards;
(2) Provisions prescribing the classes and categories of air contaminants and air contaminant sources for which variances may be issued;

(3) Provisions defining the circumstances under which an applicant shall demonstrate that compliance with applicable emission standards is technically infeasible, economically unreasonable, or impossible because of conditions beyond the control of the applicant;

(4) Other provisions prescribed in furtherance of the goals of this chapter.

The rules shall prohibit the issuance of variances from any emission limitation that was applicable to a source pursuant to an installation permit and shall prohibit issuance of variances that conflict with the federal Clean Air Act.

Applications for variances shall be accompanied by such information as the director may require. In issuing variances, the director may order the person to whom a variance is issued to furnish plans and specifications and such other information and data, including interim reports, as the director may require and to proceed to take such action within such time as the director may determine to be appropriate and reasonable to prevent, control, or abate the person's existing emissions of air contaminants. The director shall specify in each variance that the variance is conditioned upon payment of the applicable fees as required by section 3745.11 of the Revised Code and upon the right of the director's authorized representatives to enter upon the premises of the person to whom the variance has been issued, at any reasonable time and subject to safety requirements of the person in control of the premises, for the purpose of determining compliance with this chapter, the rules adopted thereunder, and the conditions of any permit, variance, or order issued thereunder.
The director may hold a public hearing on an application for a variance or renewal thereof at a location in the county where the variance is sought. The director shall give not less than twenty days' notice of the hearing to the applicant by certified mail or another type of mail accompanied by a receipt and. The director also shall cause at least one publication of notice in a newspaper with general circulation in the county where the variance is sought or may instead provide public notice by publication on the environmental protection agency's web site. The director shall keep available for public inspection at the principal office of the environmental protection agency a current schedule of pending applications for variances and a current schedule of pending variance hearings. The director shall make a complete stenographic record or electronic record of testimony and other evidence submitted at the hearing. The director shall make a written determination to issue, renew, or deny the variance and shall enter the determination and the basis therefor into the record of the hearing. The director shall issue, renew, or deny an application for a variance or renewal thereof, or issue a proposed action upon the application pursuant to section 3745.07 of the Revised Code, within six months of the date upon which the director receives a complete application with all pertinent information and data required by the director.

Any variance granted pursuant to rules adopted under this division shall be for a period specified by the director, not to exceed three years, and may be renewed from time to time on such terms and for such periods, not to exceed three years each, as the director determines to be appropriate. A variance may be revoked, or renewal denied, for failure to comply with conditions specified in the variance. No variance shall be issued, denied, revoked, or modified without a written order stating the findings upon which the issuance, denial, revocation, or modification is based. A copy of the order shall be sent to the applicant or variance holder by
certified mail.

(I) Require the owner or operator of an air contaminant source to install, employ, maintain, and operate such emissions, ambient air quality, meteorological, or other monitoring devices or methods as the director shall prescribe; to sample those emissions at such locations, at such intervals, and in such manner as the director prescribes; to maintain records and file periodic reports with the director containing information as to location, size, and height of emission outlets, rate, duration, and composition of emissions, and any other pertinent information the director prescribes; and to provide such written notice to other states as the director shall prescribe. In requiring monitoring devices, records, and reports, the director, to the extent consistent with the federal Clean Air Act, shall give consideration to technical feasibility and economic reasonableness and allow reasonable time for compliance. For sources where a specific monitoring, record-keeping, or reporting requirement is specified for a particular air contaminant from a particular air contaminant source in an applicable regulation adopted by the United States environmental protection agency under the federal Clean Air Act or in an applicable rule adopted by the director, the director shall not impose an additional requirement in a permit that is a different monitoring, record-keeping, or reporting requirement other than the requirement specified in the applicable regulation or rule for that air contaminant except as otherwise agreed to by the owner or operator of the air contaminant source and the director. If two or more regulations or rules impose different monitoring, record-keeping, or reporting requirements for the same air contaminant from the same air contaminant source, the director may impose permit terms and conditions that consolidate or streamline the monitoring, record-keeping, or reporting requirements in a manner that conforms with each applicable requirement. To the extent
consistent with the federal Clean Air Act and except as otherwise agreed to by the owner or operator of an air contaminant source and the director, the director shall not require an operating restriction that has the practical effect of increasing the stringency of an existing applicable emission limitation or standard.

(J) Establish, operate, and maintain monitoring stations and other devices designed to measure air pollution and enter into contracts with any public or private agency for the establishment, operation, or maintenance of such stations and devices;

(K) By rule adopt procedures for giving reasonable public notice and conducting public hearings on any plans for the prevention, control, and abatement of air pollution that the director is required to submit to the federal government;

(L) Through any employee, agent, or authorized representative of the director or the environmental protection agency, enter upon private or public property, including improvements thereon, at any reasonable time, to make inspections, take samples, conduct tests, and examine records or reports pertaining to any emission of air contaminants and any monitoring equipment or methods and to determine if there are any actual or potential emissions from such premises and, if so, to determine the sources, amounts, contents, and extent of those emissions, or to ascertain whether there is compliance with this chapter, any orders issued or rules adopted thereunder, or any other determination of the director. The director, at reasonable times, may have access to and copy any such records. If entry or inspection authorized by this division is refused, hindered, or thwarted, the director or the director's authorized representative may by affidavit apply for, and any judge of a court of record may issue, an appropriate inspection warrant necessary to achieve the purposes of this chapter within the court's territorial jurisdiction.
(M) Accept and administer gifts or grants from the federal government and from any other source, public or private, for carrying out any of the functions under this chapter;

(N) Obtain necessary scientific, technical, and laboratory services;

(O) Establish advisory boards in accordance with section 121.13 of the Revised Code;

(P) Delegate to any city or general health district or political subdivision of the state any of the director's enforcement and monitoring powers and duties, other than rule-making powers, as the director elects to delegate, and in addition employ, compensate, and prescribe the powers and duties of such officers, employees, and consultants as are necessary to enable the director to exercise the authority and perform duties imposed upon the director by law. Technical and other services shall be performed, insofar as practical, by personnel of the environmental protection agency.

(Q) Certify to the government of the United States or any agency thereof that an industrial air pollution facility is in conformity with the state program or requirements for control of air pollution whenever such certificate is required for a taxpayer pursuant to any federal law or requirements;

(R) Issue, modify, or revoke orders requiring abatement of or prohibiting emissions that violate applicable emission standards or other requirements of this chapter and rules adopted thereunder, or requiring emission control devices or measures in order to comply with applicable emission standards or other requirements of this chapter and rules adopted thereunder. Any such order shall require compliance with applicable emission standards by a specified date and shall not conflict with any requirement of the federal Clean Air Act. In the making of such
orders, the director, to the extent consistent with the federal Clean Air Act, shall give consideration to, and base the determination on, evidence relating to the technical feasibility and economic reasonableness of compliance with such orders and their relation to benefits to the people of the state to be derived from such compliance. If, under the federal Clean Air Act, any such order shall provide for the posting of a bond or surety to secure compliance with the order as a condition of issuance of the order, the order shall so provide, but only to the extent required by the federal Clean Air Act.

(S) To the extent provided by the federal Clean Air Act, adopt, modify, and rescind rules providing for the administrative assessment and collection of monetary penalties, not in excess of those required pursuant to the federal Clean Air Act, for failure to comply with any emission limitation or standard, compliance schedule, or other requirement of any rule, order, permit, or variance issued or adopted under this chapter or required under the applicable implementation plan whether or not the source is subject to a federal or state consent decree. The director may require the submission of compliance schedules, calculations of penalties for noncompliance, and related information. Any orders, payments, sanctions, or other requirements imposed pursuant to rules adopted under this division shall be in addition to any other permits, orders, payments, sanctions, or other requirements established under this chapter and shall not affect any civil or criminal enforcement proceedings brought under any provision of this chapter or any other provision of state or local law. This division does not apply to any requirement of this chapter regarding the prevention or abatement of odors.

(T) Require new or modified air contaminant sources to install best available technology, but only in accordance with this division. With respect to permits issued pursuant to division
(F) of this section beginning three years after August 3, 2006, best available technology for air contaminant sources and air contaminants emitted by those sources that are subject to standards adopted under section 112, Part C of Title I, and Part D of Title I of the federal Clean Air Act shall be equivalent to and no more stringent than those standards. For an air contaminant or precursor of an air contaminant for which a national ambient air quality standard has been adopted under the federal Clean Air Act, best available technology only shall be required to the extent required by rules adopted under Chapter 119. of the Revised Code for permit to install applications filed three or more years after August 3, 2006.

Best available technology requirements established in rules adopted under this division shall be expressed only in one of the following ways that is most appropriate for the applicable source or source categories:

   (1) Work practices;

   (2) Source design characteristics or design efficiency of applicable air contaminant control devices;

   (3) Raw material specifications or throughput limitations averaged over a twelve-month rolling period;

   (4) Monthly allowable emissions averaged over a twelve-month rolling period.

Best available technology requirements shall not apply to an air contaminant source that has the potential to emit, taking into account air pollution controls installed on the source, less than ten tons per year of emissions of an air contaminant or precursor of an air contaminant for which a national ambient air quality standard has been adopted under the federal Clean Air Act. In addition, best available technology requirements established in rules adopted under this division shall not apply to any existing,
new, or modified air contaminant source that is subject to a plant-wide applicability limit that has been approved by the director. Further, best available technology requirements established in rules adopted under this division shall not apply to general permits issued prior to January 1, 2006, under rules adopted under this chapter.

For permits to install issued three or more years after August 3, 2006, any new or modified air contaminant source that has the potential to emit, taking into account air pollution controls installed on the source, ten or more tons per year of volatile organic compounds or nitrogen oxides shall meet, at a minimum, the requirements of any applicable reasonably available control technology rule in effect as of January 1, 2006, regardless of the location of the source.

(U) Consistent with section 507 of the federal Clean Air Act, adopt, modify, suspend, and rescind rules for the establishment of a small business stationary source technical and environmental compliance assistance program as provided in section 3704.18 of the Revised Code;

(V) Provide for emissions trading, marketable permits, auctions of emission rights, and economic incentives that would reduce the cost or increase the efficiency of achieving a specified level of environmental protection;

(W) Provide for the construction of an air contaminant source prior to obtaining a permit to install pursuant to division (F) of this section if the applicant demonstrates that the source will be installed to comply with all applicable emission limits and will not adversely affect public health or safety or the environment and if the director determines that such an action will avoid an unreasonable hardship on the owner or operator of the source. Any such determination shall be consistent with the federal Clean Air Act.
(X) Exercise all incidental powers, including adoption of rules, required to carry out this chapter.

The environmental protection agency shall develop a plan to control air pollution resulting from state-operated facilities and property.

Sec. 3734.02. (A) The director of environmental protection, in accordance with Chapter 119. of the Revised Code, shall adopt and may amend, suspend, or rescind rules having uniform application throughout the state governing solid waste facilities and the inspections of and issuance of permits and licenses for all solid waste facilities in order to ensure that the facilities will be located, maintained, and operated, and will undergo closure and post-closure care, in a sanitary manner so as not to create a nuisance, cause or contribute to water pollution, create a health hazard, or violate 40 C.F.R. 257.3-2 or 40 C.F.R. 257.3-8, as amended. The rules may include, without limitation, financial assurance requirements for closure and post-closure care and corrective action and requirements for taking corrective action in the event of the surface or subsurface discharge or migration of explosive gases or leachate from a solid waste facility, or of ground water contamination resulting from the transfer or disposal of solid wastes at a facility, beyond the boundaries of any area within a facility that is operating or is undergoing closure or post-closure care where solid wastes were disposed of or are being disposed of. The rules shall not concern or relate to personnel policies, salaries, wages, fringe benefits, or other conditions of employment of employees of persons owning or operating solid waste facilities. The director, in accordance with Chapter 119. of the Revised Code, shall adopt and may amend, suspend, or rescind rules governing the issuance, modification, revocation, suspension, or denial of variances from the director's solid waste rules, including, without limitation, rules adopted...
under this chapter governing the management of scrap tires.

Variances shall be issued, modified, revoked, suspended, or rescinded in accordance with this division, rules adopted under it, and Chapter 3745. of the Revised Code. The director may order the person to whom a variance is issued to take such action within such time as the director may determine to be appropriate and reasonable to prevent the creation of a nuisance or a hazard to the public health or safety or the environment. Applications for variances shall contain such detail plans, specifications, and information regarding objectives, procedures, controls, and other pertinent data as the director may require. The director shall grant a variance only if the applicant demonstrates to the director's satisfaction that construction and operation of the solid waste facility in the manner allowed by the variance and any terms or conditions imposed as part of the variance will not create a nuisance or a hazard to the public health or safety or the environment. In granting any variance, the director shall state the specific provision or provisions whose terms are to be varied and also shall state specific terms or conditions imposed upon the applicant in place of the provision or provisions.

The director may hold a public hearing on an application for a variance or renewal of a variance at a location in the county where the operations that are the subject of the application for the variance are conducted. The director shall give not less than twenty days' notice of the hearing to the applicant by certified mail or by another type of mail accompanied by a receipt and. The director shall publish at least one notice of the hearing in a newspaper with general circulation in the county where the hearing is to be held or may instead provide public notice by publication on the environmental protection agency's web site. The director shall make available for public inspection at the principal office of the environmental protection agency a current list of pending
applications for variances and a current schedule of pending variance hearings. The director shall make a complete stenographic record or electronic record of testimony and other evidence submitted at the hearing.

Within ten days after the hearing, the director shall make a written determination to issue, renew, or deny the variance and shall enter the determination and the basis for it into the record of the hearing. The director shall issue, renew, or deny an application for a variance or renewal of a variance within six months of the date upon which the director receives a complete application with all pertinent information and data required. No variance shall be issued, revoked, modified, or denied until the director has considered the relative interests of the applicant, other persons and property affected by the variance, and the general public. Any variance granted under this division shall be for a period specified by the director and may be renewed from time to time on such terms and for such periods as the director determines to be appropriate. No application shall be denied and no variance shall be revoked or modified without a written order stating the findings upon which the denial, revocation, or modification is based. A copy of the order shall be sent to the applicant or variance holder by certified mail or by another type of mail accompanied by a receipt.

(B) The director shall prescribe and furnish the forms necessary to administer and enforce this chapter. The director may cooperate with and enter into agreements with other state, local, or federal agencies to carry out the purposes of this chapter. The director may exercise all incidental powers necessary to carry out the purposes of this chapter.

(C) Except as provided in this division and divisions (N)(2) and (3) of this section, no person shall establish a new solid waste facility or infectious waste treatment facility, or modify
an existing solid waste facility or infectious waste treatment facility, without submitting an application for a permit with accompanying detail plans, specifications, and information regarding the facility and method of operation and receiving a permit issued by the director, except that no permit shall be required under this division to install or operate a solid waste facility for sewage sludge treatment or disposal when the treatment or disposal is authorized by a current permit issued under Chapter 3704. or 6111. of the Revised Code.

No person shall continue to operate a solid waste facility for which the director has disapproved plans and specifications required to be filed by an order issued under division (A)(3) of section 3734.05 of the Revised Code, after the date prescribed for commencement of closure of the facility in the order issued under division (A)(4) of that section denying the permit application or approval.

On and after the effective date of the rules adopted under division (A) of this section and division (D) of section 3734.12 of the Revised Code governing solid waste transfer facilities, no person shall establish a new, or modify an existing, solid waste transfer facility without first submitting an application for a permit with accompanying engineering detail plans, specifications, and information regarding the facility and its method of operation to the director and receiving a permit issued by the director.

No person shall establish a new compost facility or continue to operate an existing compost facility that accepts exclusively source separated yard wastes without submitting a completed registration for the facility to the director in accordance with rules adopted under divisions (A) and (N)(3) of this section.

This division does not apply to a generator of infectious wastes that does any of the following:
(1) Treats, by methods, techniques, and practices established by rules adopted under division (B)(2)(a) of section 3734.021 of the Revised Code, any of the following:

(a) Infectious wastes that are generated on any premises that are owned or operated by the generator;

(b) Infectious wastes that are generated by a generator who has staff privileges at a hospital as defined in section 3727.01 of the Revised Code;

(c) Infectious wastes that are generated in providing care to a patient by an emergency medical services organization as defined in section 4765.01 of the Revised Code.

(2) Holds a license or renewal of a license to operate a crematory facility issued under Chapter 4717. and a permit issued under Chapter 3704. of the Revised Code;

(3) Treats or disposes of dead animals or parts thereof, or the blood of animals, and is subject to any of the following:

(b) Chapter 918. of the Revised Code;

(c) Chapter 953. of the Revised Code.

(D) Neither this chapter nor any rules adopted under it apply to single-family residential premises; to infectious wastes generated by individuals for purposes of their own care or treatment; to the temporary storage of solid wastes, other than scrap tires, prior to their collection for disposal; to the storage of one hundred or fewer scrap tires unless they are stored in such a manner that, in the judgment of the director or the board of health of the health district in which the scrap tires are stored, the storage causes a nuisance, a hazard to public health or safety, or a fire hazard; or to the collection of solid
wastes, other than scrap tires, by a political subdivision or a person holding a franchise or license from a political subdivision of the state; to composting, as defined in section 1511.01 of the Revised Code, conducted in accordance with section 1511.022 of the Revised Code; or to any person who is licensed to transport raw rendering material to a compost facility pursuant to section 953.23 of the Revised Code.

(E)(1) As used in this division:

(a) "On-site facility" means a facility that stores, treats, or disposes of hazardous waste that is generated on the premises of the facility.

(b) "Off-site facility" means a facility that stores, treats, or disposes of hazardous waste that is generated off the premises of the facility and includes such a facility that is also an on-site facility.

(c) "Satellite facility" means any of the following:

(i) An on-site facility that also receives hazardous waste from other premises owned by the same person who generates the waste on the facility premises;

(ii) An off-site facility operated so that all of the hazardous waste it receives is generated on one or more premises owned by the person who owns the facility;

(iii) An on-site facility that also receives hazardous waste that is transported uninterrupted and directly to the facility through a pipeline from a generator who is not the owner of the facility.

(2) Except as provided in division (E)(3) of this section, no person shall establish or operate a hazardous waste facility, or use a solid waste facility for the storage, treatment, or disposal of any hazardous waste, without a hazardous waste facility.
installation and operation permit issued in accordance with section 3734.05 of the Revised Code and subject to the payment of an application fee not to exceed one thousand five hundred dollars, payable upon application for a hazardous waste facility installation and operation permit and upon application for a renewal permit issued under division (H) of section 3734.05 of the Revised Code, to be credited to the hazardous waste facility management fund created in section 3734.18 of the Revised Code. The term of a hazardous waste facility installation and operation permit shall not exceed ten years.

In addition to the application fee, there is hereby levied an annual permit fee to be paid by the permit holder upon the anniversaries of the date of issuance of the hazardous waste facility installation and operation permit and of any subsequent renewal permits and to be credited to the hazardous waste facility management fund. Annual permit fees totaling forty thousand dollars or more for any one facility may be paid on a quarterly basis with the first quarterly payment each year being due on the anniversary of the date of issuance of the hazardous waste facility installation and operation permit and of any subsequent renewal permits. The annual permit fee shall be determined for each permit holder by the director in accordance with the following schedule:

A hazardous waste disposal facility that disposes of hazardous waste by deep well injection and that pays the annual permit fee established in section 6111.046 of the Revised Code is not subject to the permit fee established in this division for disposal facilities using deep well injection unless the director determines that the facility is not in compliance with applicable requirements established under this chapter and rules adopted under it.

In determining the annual permit fee required by this section, the director shall not require additional payments for multiple units of the same method of storage, treatment, or disposal or for individual units that are used for both storage
and treatment. A facility using more than one method of storage, treatment, or disposal shall pay the permit fee indicated by the schedule for each such method.

The director shall not require the payment of that portion of an annual permit fee of any permit holder that would apply to a hazardous waste management unit for which a permit has been issued, but for which construction has not yet commenced. Once construction has commenced, the director shall require the payment of a part of the appropriate fee indicated by the schedule that bears the same relationship to the total fee that the number of days remaining until the next anniversary date at which payment of the annual permit fee is due bears to three hundred sixty-five.

The director, by rules adopted in accordance with Chapters 119. and 3745. of the Revised Code, shall prescribe procedures for collecting the annual permit fee established by this division and may prescribe other requirements necessary to carry out this division.

(3) The prohibition against establishing or operating a hazardous waste facility without a hazardous waste facility installation and operation permit does not apply to either of the following:

(a) A facility that is operating in accordance with a permit renewal issued under division (H) of section 3734.05 of the Revised Code, a revision issued under division (I) of that section as it existed prior to August 20, 1996, or a modification issued by the director under division (I) of that section on and after August 20, 1996;

(b) Except as provided in division (J) of section 3734.05 of the Revised Code, a facility that will operate or is operating in accordance with a permit by rule, or that is not subject to permit requirements, under rules adopted by the director.
with Chapter 119. of the Revised Code, the director shall adopt, and subsequently may amend, suspend, or rescind, rules for the purposes of division (E)(3)(b) of this section. Any rules so adopted shall be consistent with and equivalent to regulations pertaining to interim status adopted under the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, except as otherwise provided in this chapter.

If a modification is requested or proposed for a facility described in division (E)(3)(a) or (b) of this section, division (I)(7) of section 3734.05 of the Revised Code applies.

(F) No person shall store, treat, or dispose of hazardous waste identified or listed under this chapter and rules adopted under it, regardless of whether generated on or off the premises where the waste is stored, treated, or disposed of, or transport or cause to be transported any hazardous waste identified or listed under this chapter and rules adopted under it to any other premises, except at or to any of the following:

(1) A hazardous waste facility operating under a permit issued in accordance with this chapter;

(2) A facility in another state operating under a license or permit issued in accordance with the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended;

(3) A facility in another nation operating in accordance with the laws of that nation;

(5) A hazardous waste facility as described in division (E)(3)(a) or (b) of this section.
(G) The director, by order, may exempt any person generating, collecting, storing, treating, disposing of, or transporting solid wastes, infectious wastes, or hazardous waste, or processing solid wastes that consist of scrap tires, in such quantities or under such circumstances that, in the determination of the director, are unlikely to adversely affect the public health or safety or the environment from any requirement to obtain a registration certificate, permit, or license or comply with the manifest system or other requirements of this chapter. Such an exemption shall be consistent with and equivalent to any regulations adopted by the administrator of the United States environmental protection agency under the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, except as otherwise provided in this chapter.

(H) No person shall engage in filling, grading, excavating, building, drilling, or mining on land where a hazardous waste facility, or a solid waste facility, was operated without prior authorization from the director, who shall establish the procedure for granting such authorization by rules adopted in accordance with Chapter 119. of the Revised Code.

A public utility that has main or distribution lines above or below the land surface located on an easement or right-of-way across land where a solid waste facility was operated may engage in any such activity within the easement or right-of-way without prior authorization from the director for purposes of performing emergency repair or emergency replacement of its lines; of the poles, towers, foundations, or other structures supporting or sustaining any such lines; or of the appurtenances to those structures, necessary to restore or maintain existing public utility service. A public utility may enter upon any such easement or right-of-way without prior authorization from the director for purposes of performing necessary or routine maintenance of those
portions of its existing lines; of the existing poles, towers, foundations, or other structures sustaining or supporting its lines; or of the appurtenances to any such supporting or sustaining structure, located on or above the land surface on any such easement or right-of-way. Within twenty-four hours after commencing any such emergency repair, replacement, or maintenance work, the public utility shall notify the director or the director's authorized representative of those activities and shall provide such information regarding those activities as the director or the director's representative may request. Upon completion of the emergency repair, replacement, or maintenance activities, the public utility shall restore any land of the solid waste facility disturbed by those activities to the condition existing prior to the commencement of those activities.

(I) No owner or operator of a hazardous waste facility, in the operation of the facility, shall cause, permit, or allow the emission therefrom of any particulate matter, dust, fumes, gas, mist, smoke, vapor, or odorous substance that, in the opinion of the director, unreasonably interferes with the comfortable enjoyment of life or property by persons living or working in the vicinity of the facility, or that is injurious to public health. Any such action is hereby declared to be a public nuisance.

(J) Notwithstanding any other provision of this chapter, in the event the director finds an imminent and substantial danger to public health or safety or the environment that creates an emergency situation requiring the immediate treatment, storage, or disposal of hazardous waste, the director may issue a temporary emergency permit to allow the treatment, storage, or disposal of the hazardous waste at a facility that is not otherwise authorized by a hazardous waste facility installation and operation permit to treat, store, or dispose of the waste. The emergency permit shall not exceed ninety days in duration and shall not be renewed. The
director shall adopt, and may amend, suspend, or rescind, rules in accordance with Chapter 119. of the Revised Code governing the issuance, modification, revocation, and denial of emergency permits.

(K) Except for infectious wastes generated by a person who produces fewer than fifty pounds of infectious wastes at a premises during any one month, no owner or operator of a sanitary landfill shall knowingly accept for disposal, or dispose of, any infectious wastes that have not been treated to render them noninfectious.

(L) The director, in accordance with Chapter 119. of the Revised Code, shall adopt, and may amend, suspend, or rescind, rules having uniform application throughout the state establishing a training and certification program that shall be required for employees of boards of health who are responsible for enforcing the solid waste and infectious waste provisions of this chapter and rules adopted under them and for persons who are responsible for the operation of solid waste facilities or infectious waste treatment facilities. The rules shall provide all of the following, without limitation:

(1) The program shall be administered by the director and shall consist of a course on new solid waste and infectious waste technologies, enforcement procedures, and rules;

(2) The course shall be offered on an annual basis;

(3) Those persons who are required to take the course under division (L) of this section shall do so triennially;

(4) Persons who successfully complete the course shall be certified by the director;

(5) Certification shall be required for all employees of boards of health who are responsible for enforcing the solid waste or infectious waste provisions of this chapter and rules adopted under them.
under them and for all persons who are responsible for the operation of solid waste facilities or infectious waste treatment facilities;

(6)(a) All employees of a board of health who, on the effective date of the rules adopted under this division, are responsible for enforcing the solid waste or infectious waste provisions of this chapter and the rules adopted under them shall complete the course and be certified by the director not later than January 1, 1995;

(b) All employees of a board of health who, after the effective date of the rules adopted under division (L) of this section, become responsible for enforcing the solid waste or infectious waste provisions of this chapter and rules adopted under them and who do not hold a current and valid certification from the director at that time shall complete the course and be certified by the director within two years after becoming responsible for performing those activities.

No person shall fail to obtain the certification required under this division.

(M) The director shall not issue a permit under section 3734.05 of the Revised Code to establish a solid waste facility, or to modify a solid waste facility operating on December 21, 1988, in a manner that expands the disposal capacity or geographic area covered by the facility, that is or is to be located within the boundaries of a state park established or dedicated under Chapter 1546. of the Revised Code, a state park purchase area established under section 1546.06 of the Revised Code, any unit of the national park system, or any property that lies within the boundaries of a national park or recreation area, but that has not been acquired or is not administered by the secretary of the United States department of the interior, located in this state, or any candidate area located in this state and identified for
potential inclusion in the national park system in the edition of
the "national park system plan" submitted under paragraph (b) of
section 8 of "The Act of August 18, 1970," 84 Stat. 825, 16
U.S.C.A. 1a-5, as amended, current at the time of filing of the
application for the permit, unless the facility or proposed
facility is or is to be used exclusively for the disposal of solid
wastes generated within the park or recreation area and the
director determines that the facility or proposed facility will
not degrade any of the natural or cultural resources of the park
or recreation area. The director shall not issue a variance under
division (A) of this section and rules adopted under it, or issue
an exemption order under division (G) of this section, that would
authorize any such establishment or expansion of a solid waste
facility within the boundaries of any such park or recreation
area, state park purchase area, or candidate area, other than a
solid waste facility exclusively for the disposal of solid wastes
generated within the park or recreation area when the director
determines that the facility will not degrade any of the natural
or cultural resources of the park or recreation area.

(N)(1) The rules adopted under division (A) of this section, other than those governing variances, do not apply to scrap tire
collection, storage, monocell, monofill, and recovery facilities. Those facilities are subject to and governed by rules adopted
under sections 3734.70 to 3734.73 of the Revised Code, as
applicable.

(2) Division (C) of this section does not apply to scrap tire
collection, storage, monocell, monofill, and recovery facilities. The establishment and modification of those facilities are subject
to sections 3734.75 to 3734.78 and section 3734.81 of the Revised
Code, as applicable.

(3) The director may adopt, amend, suspend, or rescind rules
under division (A) of this section creating an alternative system
for authorizing the establishment, operation, or modification of a solid waste compost facility in lieu of the requirement that a person seeking to establish, operate, or modify a solid waste compost facility apply for and receive a permit under division (C) of this section and section 3734.05 of the Revised Code and a license under division (A)(1) of that section. The rules may include requirements governing, without limitation, the classification of solid waste compost facilities, the submittal of operating records for solid waste compost facilities, and the creation of a registration or notification system in lieu of the issuance of permits and licenses for solid waste compost facilities. The rules shall specify the applicability of divisions (A)(1) and (2)(a) of section 3734.05 of the Revised Code to a solid waste compost facility.

(O)(1) As used in this division, "secondary aluminum waste" means waste material or byproducts, when disposed of, containing aluminum generated from secondary aluminum smelting operations and consisting of dross, salt cake, baghouse dust associated with aluminum recycling furnace operations, or dry-milled wastes.

(2) The owner or operator of a sanitary landfill shall not dispose of municipal solid waste that has been commingled with secondary aluminum waste.

(3) The owner or operator of a sanitary landfill may dispose of secondary aluminum waste, but only in a monocell or monofill that has been permitted for that purpose in accordance with this chapter and rules adopted under it.

(P)(1) As used in divisions (P) and (Q) of this section:

(a) "Natural background" means two picocuries per gram or the actual number of picocuries per gram as measured at an individual solid waste facility, subject to verification by the director of health.
(b) "Drilling operation" includes a production operation as defined in section 1509.01 of the Revised Code.

(2) The owner or operator of a solid waste facility shall not accept for transfer or disposal technologically enhanced naturally occurring radioactive material if that material contains or is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations equal to or greater than five picocuries per gram above natural background.

(3) The owner or operator of a solid waste facility may receive and process for purposes other than transfer or disposal technologically enhanced naturally occurring radioactive material that contains or is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations equal to or greater than five picocuries per gram above natural background, provided that the owner or operator has obtained and maintains all other necessary authorizations, including any authorization required by rules adopted by the director of health under section 3748.04 of the Revised Code.

(4) The director of environmental protection may adopt rules in accordance with Chapter 119. of the Revised Code governing the receipt, acceptance, processing, handling, management, and disposal by solid waste facilities of material that contains or is contaminated with radioactive material, including, without limitation, technologically enhanced naturally occurring radioactive material that contains or is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations less than five picocuries per gram above natural background. Rules adopted by the director may include at a minimum both of the following:

(a) Requirements in accordance with which the owner or operator of a solid waste facility must monitor leachate and ground water for radium-226, radium-228, and other radionuclides;
(b) Requirements in accordance with which the owner or operator of a solid waste facility must develop procedures to ensure that technologically enhanced naturally occurring radioactive material accepted at the facility neither contains nor is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations equal to or greater than five picocuries per gram above natural background.

(Q) Notwithstanding any other provision of this section, the owner or operator of a solid waste facility shall not receive, accept, process, handle, manage, or dispose of technologically enhanced naturally occurring radioactive material associated with drilling operations without first obtaining representative analytical results to determine compliance with divisions (P)(2) and (3) of this section and rules adopted under it.

Sec. 3734.021. (A) Infectious wastes shall be segregated, managed, treated, and disposed of in accordance with rules adopted under this section.

(B) The director of environmental protection, in accordance with Chapter 119. of the Revised Code, shall adopt rules necessary or appropriate to protect human health or safety or the environment that do both of the following:

(1) Establish standards for generators of infectious wastes that include, without limitation, the following requirements and authorizations that:

(a) All generators of infectious wastes:

(i) Either treat all specimen cultures and cultures of viable infectious agents on the premises where they are generated to render them noninfectious by methods, techniques, or practices prescribed by rules adopted under division (B)(2)(a) of this section before they are transported off that premises for disposal
or ensure that such wastes are treated to render them noninfectious at an infectious waste treatment facility off that premises prior to disposal of the wastes;

(ii) Transport and dispose of infectious wastes, if a generator produces fewer than fifty pounds of infectious wastes during any one month that are subject to and packaged and labeled in accordance with federal requirements, in the same manner as solid wastes. Such generators who treat specimen cultures and cultures of viable infectious agents on the premises where they are generated shall not be considered treatment facilities as "treatment" and "facility" are defined in section 3734.01 of the Revised Code.

(iii) Dispose of infectious wastes subject to and treated in accordance with rules adopted under division (B)(1)(a)(i) of this section in the same manner as solid wastes;

(iv) May take wastes generated in providing care to a patient by an emergency medical services organization, as defined in section 4765.01 of the Revised Code, to and leave them at a hospital, as defined in section 3727.01 of the Revised Code, for treatment at a treatment facility owned or operated by the hospital or, in conjunction with infectious wastes generated by the hospital, at another treatment facility regardless of whether the wastes were generated in providing care to the patient at the scene of an emergency or during the transportation of the patient to a hospital;

(v) May take wastes generated by an individual for purposes of the individual's own care or treatment to and leave them at a hospital, as defined in section 3727.01 of the Revised Code, for treatment at a treatment facility owned or operated by the hospital or, in conjunction with infectious wastes generated by the hospital, at another treatment facility.
(b) Each generator of fifty pounds or more of infectious wastes during any one month:

    (i) Register with the environmental protection agency as a generator of infectious wastes and obtain a registration certificate. The fee for issuance of a generator registration certificate is one hundred forty dollars payable at the time of application. The registration certificate applies to all the premises owned or operated by the generator in this state where infectious wastes are generated and shall list the address of each such premises. If a generator owns or operates facilities for the treatment of infectious wastes it generates, the certificate shall list the address and method of treatment used at each such facility.

    A generator registration certificate is valid for three years from the date of issuance and shall be renewed for a term of three years upon the generator's submission of an application for renewal and payment of a one hundred forty dollar renewal fee.

    The rules may establish a system of staggered renewal dates with approximately one-third of such certificates subject to renewal each year. The applicable renewal date shall be prescribed on each registration certificate. Registration fees shall be prorated according to the time remaining in the registration cycle to the nearest year.

    The registration and renewal fees collected under division (B)(1)(b)(i) of this section shall be deposited in the state treasury to the credit of the waste management fund created in section 3734.061 of the Revised Code.

    (ii) Segregate infectious wastes from other wastes at the point of generation. Nothing in this section and rules adopted under it prohibits a generator of infectious wastes from designating and managing any wastes, in addition to those defined...
as infectious wastes under section 3734.01 of the Revised Code, as
infectious wastes. After designating any such other wastes as
infectious, the generator shall manage those wastes in compliance
with the requirements of this chapter and rules adopted under it
applicable to the management of infectious wastes.

(iii) Either treat the infectious wastes that it generates at
a facility owned or operated by the generator by methods,
techniques, or practices prescribed by rules adopted under
division (B)(2)(a) of this section to render them noninfectious,
or designate the wastes for treatment off that premises at an
infectious waste treatment facility holding a license issued under
division (B) of section 3734.05 of the Revised Code, at an
infectious waste treatment facility that is located in another
state that is in compliance with applicable state and federal
laws, or at a treatment facility authorized by rules adopted under
division (B)(2)(d) of this section, prior to disposal of the
wastes. After being treated to render them noninfectious, the
wastes shall be disposed of at a solid waste disposal facility
holding a license issued under division (A) of section 3734.05 of
the Revised Code or at a disposal facility in another state that
is in compliance with applicable state and federal laws.

(iv) Not compact or grind any type of infectious wastes prior
to treatment in accordance with rules adopted under division
(B)(2)(a) of this section;

(v) May discharge untreated liquid or semiliquid infectious
wastes consisting of blood, blood products, body fluids, and
excreta into a disposal system, as defined in section 6111.01 of
the Revised Code, unless the discharge of those wastes into a
disposal system is inconsistent with the terms and conditions of
the permit for the system issued under Chapter 6111. of the
Revised Code;

(vi) May transport or cause to be transported infectious
wastes that have been treated to render them noninfectious in the same manner as solid wastes are transported.

(2) Establish standards for owners and operators of infectious waste treatment facilities that include, without limitation, the following requirements and authorizations that:

(a) Require treatment of all wastes received to be performed in accordance with methods, techniques, and practices approved by the director;

(b) Govern the location, design, construction, and operation of infectious waste treatment facilities. The rules adopted under division (B)(2)(b) of this section shall require that a new infectious waste incineration facility be located so that the incinerator unit and all areas where infectious wastes are handled on the premises where the facility is proposed to be located are at least three hundred feet inside the property line of the tract of land on which the facility is proposed to be located and are at least one thousand feet from any domicile, school, prison, or jail that is in existence on the date on which the application for the permit to establish the incinerator is submitted under division (B)(2)(b) of section 3734.05 of the Revised Code.

(c) Establish quality control and testing procedures to ensure compliance with the rules adopted under division (B)(2)(b) of this section;

(d) Authorize infectious wastes to be treated at a facility that holds a license or renewal of a license to operate a crematory facility issued under Chapter 4717., and a permit issued under Chapter 3704., of the Revised Code to the extent that the treatment of those wastes is consistent with that permit and its terms and conditions. The rules adopted under divisions (B)(2)(b) and (c) of this section do not apply to a facility holding such a license and permit.
In adopting the rules required by divisions (B)(2)(a) to (d) of this section, the director shall consider and, to the maximum feasible extent, utilize existing standards and guidelines established by professional and governmental organizations having expertise in the fields of infection control and infectious wastes management.

(e) Require shipping papers to accompany shipments of wastes that have been treated to render them noninfectious. The shipping papers shall include only the following elements:

(i) The name of the owner or operator of the facility where the wastes were treated and the address of the treatment facility;

(ii) A certification by the owner or operator of the treatment facility where the wastes were treated indicating that the wastes have been treated by the methods, techniques, and practices prescribed in rules adopted under division (B)(2)(a) of this section.

(C) This section and rules adopted under it do not apply to the treatment or disposal of wastes consisting of dead animals or parts thereof, or the blood of animals:

(1) By the owner of the animal after slaughter by the owner on the owner's premises to obtain meat for consumption by the owner and the members of the owner's household;

(2) In accordance with Chapter 941. of the Revised Code; or

(3) By persons who are subject to any of the following:

(b) Chapter 918. of the Revised Code;

(c) Chapter 953. of the Revised Code.
(D) As used in this section, "generator" means a person who produces infectious wastes at a specific premises.

(E) Rules adopted under this section shall not concern or relate to personnel policies, salaries, wages, fringe benefits, or other conditions of employment of employees of persons owning or operating infectious waste treatment facilities.

Annually by not earlier than the first day of April, the director shall submit a compilation of the individual district reports received during the preceding calendar year to the speaker of the house of representatives and the president of the senate. In submitting the compilation, the director's sole responsibility shall be to compile the information submitted by the boards under this division.

Sec. 3746.09. (A) A person who proposes to enter into or who is participating in the voluntary action program under this chapter and rules adopted under it, in accordance with this section and rules adopted under division (B)(10) of section 3746.04 of the Revised Code, may apply to the director of environmental protection for a variance from applicable standards otherwise established in this chapter and rules adopted under it. The application for a variance shall be prepared by a certified professional. The director shall issue a variance from those applicable standards only if the application makes all of the following demonstrations to the director's satisfaction:

(1) Either or both of the following:

(a) It is technically infeasible to comply with the applicable standards otherwise established at the property named in the application;

(b) The costs of complying with the applicable standards otherwise established at the property substantially exceed the economic benefits.

(2) The proposed alternative standard or set of standards and terms and conditions set forth in the application will result in an improvement of environmental conditions at the property and ensure that public health and safety will be protected.

(3) The establishment of and compliance with the alternative standard or set of standards and terms and conditions are necessary to promote, protect, preserve, or enhance employment opportunities or the reuse of the property named in the application.

A variance issued under this section shall state the specific standard or standards whose terms are being varied and shall set forth the specific alternative standard or set of standards and
the terms and conditions imposed on the applicant in their place. A variance issued under this section shall include only standards and terms and conditions proposed by the applicant in the application, except that the director may impose any additional or alternative terms and conditions that the director determines to be necessary to ensure that public health and safety will be protected. If the director finds that compliance with any standard or term or condition proposed by the applicant will not protect public health and safety and that the imposition of additional or alternative terms and conditions will not ensure that public health or safety will be protected, the director shall disapprove the application and shall include in the order of denial the specific findings on which the denial was based.

(B) Variances shall be issued or denied in accordance with this section, rules adopted under division (B)(10) of section 3746.04 of the Revised Code, and Chapter 3745. of the Revised Code. Concurrently with the publication of the notice of the public meeting, the director shall mail notice of the application, comment period, and public meeting to the owner of each parcel of land that is adjacent to the affected property and to the legislative authority of the municipal corporation or township, and county, in which the affected property is located. The notices mailed to the adjacent land owners and legislative authorities shall contain the same information as the published notice.

(D) At the public meeting on an application for a variance, the applicant, or a representative of the applicant who is knowledgeable about the affected property and the application, shall present information regarding the application and the basis of the request for the variance and shall respond to questions from the public regarding the affected property and the application. A representative of the environmental protection agency who is familiar with the affected property and the application shall attend the public meeting to hear the public's comments and to respond to questions from the public regarding the affected property and the application. A stenographic record or electronic record of the proceedings at the public meeting shall be kept and shall be made a part of the administrative record regarding the application.

(E) Within ninety days after conducting the public meeting on an application for a variance under division (D) of this section, the director shall issue a proposed action to the applicant in
accordance with section 3745.07 of the Revised Code that indicates the director's intent with regard to the issuance or denial of the application. When considering whether to issue or deny the application or whether to impose terms and conditions of the variance that are in addition or alternative to those proposed by the applicant, the director shall consider comments on the application made by the public at the public meeting and written comments on the application received from the public.

Sec. 3752.11. (A) As used in this section:

(1) "Reporting facility" means a reporting facility at which all regulated operations have been temporarily or permanently discontinued.

(2) "Abandoned by the owner" means either of the following that occurs on or after the effective date of this section July 1, 1996:

   (a) All of the fee owners of a reporting facility have indicated affirmatively in writing to the holder of the first mortgage on the real property at the facility that they, and all tenants claiming possession under those owners, have abandoned all rights of possession to the reporting facility;

   (b) The first mortgage loan on the real property at the reporting facility is in default, the property is not occupied by any tenants, and the holder of the first mortgage has been unable to contact the mortgagor under the mortgage regarding the default within the earlier of ninety days after the default or sixty days after the first time the first mortgage holder has attempted unsuccessfully to contact the mortgagor following the default if the first mortgage holder is unable to contact the mortgagor within the sixty-day period.

(3) "Default" means the failure of the mortgagor to make any
payment to the holder of the first mortgage required by the terms of the mortgage documents that is not cured by the mortgagor within any applicable cure periods, deferred with the consent of the holder of the first mortgage, or waived by the holder of the first mortgage.

(4) "Contact" means actual person to person, telephonic, or similar direct voice conversation between the holder of the first mortgage and the mortgagor or written correspondence from the mortgagor to the holder of the first mortgage by mail, telegraph, telefax, or any other method capable of documenting the intended recipient's receipt of the document or notice, or similar means of communication.

(B) Not later than fifteen days after a reporting facility has been abandoned by the owner, the holder of the first mortgage on real property at the reporting facility shall do both of the following:

(1) Secure against unauthorized entry each building or structure at the facility where regulated operations were conducted and that contains or is contaminated with regulated substances and each outdoor location of operation. The holder shall secure each such building, structure, or outdoor location of operation by boarding windows, doors, and other potential means of entry, by providing security personnel, or by other methods prescribed in rules adopted under section 3752.03 of the Revised Code. Within that period, the holder also shall post about each such building, structure, or outdoor location of operation in publicly visible locations warning signs that prohibit trespassing and state that the building, structure, or outdoor location of operation contains or is contaminated with regulated substances that may endanger public health or safety if released into the environment. The holder shall continue the security measures, and maintain the warning signs, as required at each such building,
structure, or outdoor location of operation until title to the
facility has been transferred or until the holder files a release
of the mortgage with the county recorder of the county in which
the facility is located. Promptly after discovering that any of
the entry barriers or warning signs installed pursuant to division
(B)(1) of this section have been damaged, lost, or removed, the
holder shall repair or replace them in order to maintain the
security of the building, structure, or outdoor location of
operation.

(2) Submit to the director of environmental protection, the
local emergency planning committee of the emergency planning
district in which the facility is located, and the fire department
having jurisdiction where the facility is located a notice of the
abandonment of the facility by the owner and of the holder's
compliance with division (B)(1) of this section. The holder shall
submit the notice on a form prescribed by the director.

(C) Within thirty days before the date when the holder of a
mortgage will cease to maintain security and warning signs at a
reporting facility pursuant to the filing of a release of the
mortgage as provided in division (B)(1) of this section, the
holder shall so notify the director, the local emergency planning
committee of the emergency planning district in which the facility
is located, and the fire department having jurisdiction where the
facility is located. The holder shall submit the notice on a form
prescribed by the director.

(D) Actions undertaken by a holder of a mortgage under
division (B) of this section, and the undertaking of any other
activities relating to protecting and securing the facility, do
not cause the holder to be an owner, operator, or mortgagee in
possession of the facility or subject the holder to this chapter
or any other provision of state law imposing liability or
responsibility for the cleanup, removal, or remediation of
regulated substances, provided that all activities not specified in that division shall be performed in compliance with the applicable requirements of Chapters 3704., 3714., 3734., 3737., 3750., 3751., 6109., and 6111. of the Revised Code and rules adopted under them.

(E) The holder of a mortgage who proceeds in good faith under divisions (B) and (C) of this section is not liable to the owner of the facility or the mortgagor, as appropriate, for damages suffered by the owner or mortgagor due to actions taken by the holder under those divisions.

(F) Nothing in this section prevents the holder of a first mortgage from applying to the court for the appointment of a receiver. If a receiver is appointed, the receiver shall succeed to the obligations of the holder of the first mortgage under divisions (B) and (C) of this section.

(G) No person shall fail to comply with this section.

Sec. 3772.031. (4) A sports gaming proprietor shall take steps necessary to ensure that its appropriate agents and employees are aware of and understand the sports gaming exclusion list and its function, and the content of the sports gaming exclusion list as it is issued and thereafter revised from time to time.

(B) The casino exclusion list may include any person whose presence in a casino facility is determined by the commission to pose a threat to the interests of the state, to achieving the intents and purposes of this chapter, or to the strict and effective regulation of casino gaming. The sports gaming exclusion list may include any person whose presence in a sports gaming facility or whose participation in the play or operation of sports gaming in this state is determined by the commission to pose a threat to the interests of the state, to achieving the intents and purposes of Chapter 3775. of the Revised Code, or to the strict and effective regulation of sports gaming. In determining whether to include a person on an exclusion list, the commission may consider:

(a) A failure to disclose an interest in a gaming facility or a sports gaming-related person or entity for which the person must obtain a license;

(b) Purposeful evasion of taxes or fees;

(c) A notorious or unsavory reputation that would adversely affect public confidence and trust that casino gaming or sports gaming is free from criminal or corruptive elements; or

(d) A violation of an order of the commission or of any other governmental agency that warrants exclusion or ejection of the person from a casino facility, from a sports gaming facility, or from participating in the play or operation of sports gaming in this state.

(3) If the person has pending charges or indictments for a gaming or gambling crime or a crime related to the integrity of gaming operations in any state;

(4) If the person's conduct or reputation is such that the person's presence within a casino facility or in the sports gaming industry in this state may call into question the honesty and integrity of the casino gaming or sports gaming operations or interfere with the orderly conduct of the casino gaming or sports gaming operations;

(5) If the person is a career or professional offender whose presence in a casino facility or in the sports gaming industry in this state would be adverse to the interest of licensed gaming in this state;

(6) If the person has a known relationship or connection with a career or professional offender whose presence in a casino
facility or in the sports gaming industry in this state would be adverse to the interest of licensed gaming in this state;

(10) If the person has a history of conduct involving the disruption of gaming operations within a casino facility or in the sports gaming industry in this state.

Race, color, creed, national origin or ancestry, or sex are not grounds for placing a person on an exclusion list.

(C) The commission shall notify a person of the commission's intent to include such person on one or both exclusion lists. The notice shall be provided by personal service, by certified mail to the person's last known address, by commercial carrier utilizing a method of delivery that provides confirmation of delivery, or, if service cannot be accomplished by personal service or certified mail, by publication daily for two weeks in a newspaper of general circulation within the county in which the person resides and in a newspaper of general circulation within each county in which a casino facility or sports gaming facility, as applicable, is located.

(D)(1) Except as otherwise provided in this section, a person who receives notice of intent to include the person on an exclusion list is entitled, upon the person's request, to an adjudication hearing under Chapter 119. of the Revised Code, in which the person may demonstrate why the person should not be included on the exclusion list or lists. The person shall request
such an adjudication hearing not later than thirty days after the person receives the notice by personal service, certified mail, or commercial carrier, or not later than thirty days after the last newspaper publication of the notice.

(2) If the person does not request a hearing in accordance with division (D)(1) of this section, the commission may, but is not required to, conduct an adjudication hearing under Chapter 119. of the Revised Code. The commission may reopen an adjudication under this section at any time.

(3) If the adjudication hearing, order, or any appeal thereof under Chapter 119. of the Revised Code results in an order that the person should not be included on the exclusion list or lists, the commission shall publish a revised exclusion list that does not include the person. The commission also shall notify casino operators or sports gaming proprietors, as applicable, that the person has been removed from the exclusion list or lists. A casino operator shall take all steps necessary to ensure its key employees and casino gaming employees are made aware that the person has been removed from the casino exclusion list. A sports gaming proprietor shall take all steps necessary to ensure its appropriate agents and employees are made aware that the person has been removed from the sports gaming exclusion list.

(E) This section does not apply to any voluntary exclusion list created as part of a voluntary exclusion program under this chapter or Chapter 3775. of the Revised Code.

Sec. 3772.04. (A)(1) If the commission concludes that an applicant, licensee, or other person subject to the commission's jurisdiction under this chapter should be fined or penalized, or that a license required by this chapter or Chapter 3775. of the Revised Code should be limited, conditioned, restricted, suspended, revoked, denied, or not renewed, the commission may,
and if so requested by the licensee, applicant, or other person, shall, conduct a hearing in an adjudication under Chapter 119. of the Revised Code. After notice and opportunity for a hearing, the commission may fine or penalize the applicant, licensee, or other person or limit, condition, restrict, suspend, revoke, deny, or not renew a license under rules adopted by the commission. The commission may reopen an adjudication under this section at any time.

(2) The commission shall appoint a hearing examiner to conduct the hearing in the adjudication. A party to the adjudication may file written objections to the hearing examiner's report and recommendations not later than the thirtieth day after they are served upon the party or the party's attorney or other representative of record. The commission shall not take up the hearing examiner's report and recommendations earlier than the thirtieth day after the hearing examiner's report and recommendations were submitted to the commission.

(3) If the commission finds that a person fails or has failed to meet any requirement under this chapter or Chapter 3775. of the Revised Code or a rule adopted thereunder, or violates or has violated this chapter or Chapter 3775. of the Revised Code or a rule adopted thereunder, the commission may issue an order:

(c) Fining a licensee or other person according to the
penalties adopted by the commission.

(4) An order may be judicially reviewed under section 119.12 of the Revised Code.

(B) Without in any manner limiting the authority of the commission to impose the level and type of discipline the commission considers appropriate, the commission may take into consideration the following:

(3) If the licensee has previously been subject to discipline by the commission concerning the violation of any law, rule, or condition of the licensee's license;

(5) If the licensee or the licensee's employer had a reasonably constituted and functioning compliance program;

(7) If the licensee realized a pecuniary gain from the violation;

(8) If the amount of any fine or other penalty imposed would result in disgorgement of any gains unlawfully realized by the
licensee;

(9) If the violation was caused by an officer or employee of the licensee, the level of authority of the individual who caused the violation;

(10) If the individual who caused the violation acted within the scope of the individual's authority as granted by the licensee;

(12) If the licensee's action substantially deviated from industry standards and customs;

(13) The extent to which the licensee cooperated with the commission during the investigation of the violation;

(14) If the licensee has initiated remedial measures to prevent similar violations;

(17) The extent to which the amount of any fine imposed would punish the licensee for the conduct and deter future violations;

(18) Any mitigating factors offered by the licensee; and

(19) Any other factors the commission considers relevant.

(C) For the purpose of conducting any study or investigation, the commission may direct that public hearings be held at a time and place, prescribed by the commission, in accordance with section 121.22 of the Revised Code. The commission shall give notice of all public hearings in such manner as will give actual
notice to all interested parties.

(D)(1) For the purpose of conducting the hearing in an adjudication under division (A) of this section, or in the discharge of any duties imposed by this chapter or Chapter 3775 of the Revised Code, the commission may require that testimony be given under oath and administer such oath, issue subpoenas compelling the attendance of witnesses and the production of any papers, books, and accounts, directed to the sheriffs of the counties where such witnesses or papers, books, and accounts are found and cause the deposition of any witness. The subpoenas shall be served and returned in the same manner as subpoenas in criminal cases are served and returned. The fees of sheriffs shall be the same as those allowed by the court of common pleas in criminal cases.

(2) In the event of the refusal of any person without good cause to comply with the terms of a subpoena issued by the commission or refusal to testify on matters about which the person may lawfully be questioned, the prosecuting attorney of the county in which such person resides, upon the petition of the commission, may bring a proceeding for contempt against such person in the court of common pleas of that county.

(3) Witnesses shall be paid the fees and mileage provided for in section 119.094 of the Revised Code.

(4) All fees and mileage expenses incurred at the request of a party shall be paid in advance by the party.

(E) When conducting a public hearing, the commission shall not limit the number of speakers who may testify. However, the commission may set reasonable time limits on the length of an individual's testimony or the total amount of time allotted to proponents and opponents of an issue before the commission.

(F) The commission may rely, in whole or in part, upon
investigations, conclusions, or findings of other casino gaming or
sports gaming commissions, as applicable, or other government
regulatory bodies in connection with licensing, investigations, or
other matters relating to an applicant or licensee under this
chapter.

(G) Notwithstanding anything to the contrary in this chapter
or Chapter 3775. of the Revised Code, and except with respect to a
license issued under this chapter to a casino operator, management
company, or holding company, the executive director may issue an
emergency order for the suspension, limitation, or conditioning of
any license, registration, approval, or certificate issued,
approved, granted, or otherwise authorized by the commission under
Chapter 3772. or 3775. of the Revised Code or the rules adopted
thereunder, requiring the inclusion of persons on the casino
exclusion list or sports gaming exclusion list provided for under
section 3772.031 of the Revised Code or Chapter 3775. of the
Revised Code and the rules adopted thereunder, and requiring a
casino facility not to pay a licensee, registrant, or approved or
certified person any remuneration for services or any share of
profits, income, or accruals on that person's investment in the
casino facility.

(1) An emergency order may be issued when the executive
director finds either of the following:

(a) A licensee, registrant, or approved or certified person
has been charged with a violation of any of the criminal laws of
this state, another state, or the federal government;

(b) Such an action is necessary to prevent a violation of
this chapter or Chapter 3775. of the Revised Code or a rule
adopted thereunder.

(2) An emergency order issued under division (G) of this
section shall state the reasons for the commission's action, cite
the law or rule directly involved, and state that the party will be afforded a hearing if the party requests it within thirty days after the time of mailing or personal delivery of the order.

(3)(a) Not later than the next business day after the issuance of the emergency order, the order shall be sent by registered or certified mail, return receipt requested, or by commercial carrier utilizing any form of delivery requiring a signed receipt, to the party at the party's last known mailing address appearing in the commission's records or personally delivered at any time to the party by an employee or agent of the commission.

(b) A copy of the order shall be mailed or an electronic copy provided to the attorney or other representative of record representing the party.

(c) If the order sent by registered or certified mail or by commercial carrier is returned because the party fails to claim the order, the commission shall send the order by ordinary mail to the party at the party's last known address and shall obtain a certificate of mailing. Service by ordinary mail is complete when the certificate of mailing is obtained unless the order is returned showing failure of delivery.

(d) If the order sent by commercial carrier or registered, certified, or ordinary mail is returned for failure of delivery, the commission shall either make personal delivery of the order by an employee or agent of the commission or cause a summary of the substantive provisions of the order to be published once a week for three consecutive weeks in a newspaper of general circulation in the county where the last known address of the party is located.

(i) Failure of delivery occurs only when a mailed order is returned by the postal authorities or commercial carrier marked
undeliverable, address or addressee unknown, or forwarding address unknown or expired.

(ii) When service is completed by publication, a proof of publication affidavit, with the first publication of the summary set forth in the affidavit, shall be mailed by ordinary mail to the party at the party's last known address and the order shall be deemed received as of the date of the last publication.

(e) Refusal of delivery of the order sent by mail or personally delivered to the party is not failure of delivery and service is deemed to be complete.

(4) The emergency order shall be effective immediately upon service of the order on the party. The emergency order shall remain effective until further order of the executive director or the commission.

(5) The commission may, and if so requested by the person affected by the emergency order shall, promptly conduct a hearing in an adjudication under Chapter 119. of the Revised Code.

Sec. 3772.11. (A) A person may apply to the commission for a casino operator, management company, or holding company license to conduct casino gaming at a casino facility as provided in this chapter. The application shall be made under oath certified as true on forms provided by the commission and shall contain information as prescribed by rule, including, but not limited to, all of the following:

Any such contract or other agreement is deemed to include a term authorizing its termination without further liability on the part of the casino operator, management company, or holding company upon receiving notice under division (G)(1) of this section. That a contract or other agreement does not expressly include such a term is not a defense in any action brought to terminate the contract or other agreement, and is not grounds for relief in any action brought questioning termination of the contract or other agreement.

(3) A casino operator, management company, or holding company, without having obtained the prior approval of the commission, shall not enter into any contract or other agreement with a person who has been found unsuitable, who has been denied a license, or whose license has been revoked under division (G)(1) of this section, or with any business enterprise under the control of such a person, after the date on which the casino operator, management company, or holding company receives notice under that division.

to recorded personal information about the individual that is reasonably described by the individual and reasonably locatable and retrievable by the insurance institution, agent, or insurance support organization, the insurance institution, agent, or insurance support organization, within thirty business days from the date such request is received, shall do all of the following:

(1) Inform the individual of the nature and substance of such recorded personal information in writing, by telephone, or by other oral communication, whichever the insurance institution, agent, or insurance support organization prefers;

(2) Permit the individual to see and copy, in person, such recorded personal information pertaining to him or to obtain a copy of such recorded personal information by mail, whichever the individual prefers in a manner agreed upon by the individual and insurance institution, agent, or insurance support organization, unless such recorded personal information is in coded form, in which case an accurate translation in plain language shall be provided in writing;

(3) Disclose to the individual the identity, if recorded, of those persons to whom the insurance institution, agent, or insurance support organization has disclosed such personal information within two years prior to such request, and if the identity is not recorded, the names of those insurance institutions, agents, insurance support organizations, or other persons to whom such information is normally disclosed;

(4) Provide the individual with a summary of the procedures by which the individual may request correction, amendment, or deletion of recorded personal information.

(B) Any personal information provided pursuant to division (A) of this section shall identify the source of the information if such source is an institutional source.

and is collected in connection with or in reasonable anticipation
of a claim or civil or criminal proceeding involving them.

agency.

**Sec. 4121.19.** A full and complete record shall be kept of all
proceedings had before the bureau of workers' compensation on any
investigation, and all testimony shall be taken down by a
stenographer appointed by the bureau.

**Sec. 4123.512.** (A) The claimant or the employer may appeal an
order of the industrial commission made under division (E) of
section 4123.511 of the Revised Code in any injury or occupational
disease case, other than a decision as to the extent of disability
to the court of common pleas of the county in which the injury was
inflicted or in which the contract of employment was made if the
injury occurred outside the state, or in which the contract of
employment was made if the exposure occurred outside the state. If
no common pleas court has jurisdiction for the purposes of an
appeal by the use of the jurisdictional requirements described in
this division, the appellant may use the venue provisions in the
Rules of Civil Procedure to vest jurisdiction in a court. If the
claim is for an occupational disease, the appeal shall be to the
court of common pleas of the county in which the exposure which
caused the disease occurred. Like appeal may be taken from an
order of a staff hearing officer made under division (D) of
section 4123.511 of the Revised Code from which the commission has
refused to hear an appeal. Except as otherwise provided in this
division, the appellant shall file the notice of appeal with a
court of common pleas within sixty days after the date of the
receipt of the order appealed from or the date of receipt of the
order of the commission refusing to hear an appeal of a staff hearing officer's decision under division (D) of section 4123.511 of the Revised Code. Either the claimant or the employer may file a notice of an intent to settle the claim within thirty days after the date of the receipt of the order appealed from or of the order of the commission refusing to hear an appeal of a staff hearing officer's decision. The claimant or employer shall file notice of intent to settle with the administrator of workers' compensation, and the notice shall be served on the opposing party and the party's representative. The filing of the notice of intent to settle extends the time to file an appeal to one hundred fifty days, unless the opposing party files an objection to the notice of intent to settle within fourteen days after the date of the receipt of the notice of intent to settle. The party shall file the objection with the administrator, and the objection shall be served on the party that filed the notice of intent to settle and the party's representative. The filing of the notice of the appeal with the court is the only act required to perfect the appeal.

If an action has been commenced in a court of a county other than a court of a county having jurisdiction over the action, the court, upon notice by any party or upon its own motion, shall transfer the action to a court of a county having jurisdiction.

Notwithstanding anything to the contrary in this section, if the commission determines under section 4123.522 of the Revised Code that an employee, employer, or their respective representatives have not received written notice of an order or decision which is appealable to a court under this section and which grants relief pursuant to section 4123.522 of the Revised Code, the party granted the relief has sixty days from receipt of the order under section 4123.522 of the Revised Code to file a notice of appeal under this section.
The notice of appeal shall state the names of the administrator of workers' compensation, the claimant, and the employer; the number of the claim; the date of the order appealed from; and the fact that the appellant appeals therefrom.

The administrator, the claimant, and the employer shall be parties to the appeal and the court, upon the application of the commission, shall make the commission a party. The party filing the appeal shall serve a copy of the notice of appeal on the administrator at the central office of the bureau of workers' compensation in Columbus. The administrator shall notify the employer that if the employer fails to become an active party to the appeal, then the administrator may act on behalf of the employer and the results of the appeal could have an adverse effect upon the employer's premium rates or may result in a recovery from the employer if the employer is determined to be a noncomplying employer under section 4123.75 of the Revised Code.

The attorney general or one or more of the attorney general's assistants or special counsel designated by the attorney general shall represent the administrator and the commission. In the event the attorney general or the attorney general's designated assistants or special counsel are absent, the administrator or the commission shall select one or more of the attorneys in the employ of the administrator or the commission as the administrator's attorney or the commission's attorney in the appeal. Any attorney so employed shall continue the representation during the entire period of the appeal and in all hearings thereof except where the continued representation becomes impractical.

Upon receipt of notice of appeal, the clerk of courts shall provide notice to all parties who are appellees and to the commission.

The claimant shall, within thirty days after the filing of the notice of appeal, file a petition containing a statement of
facts in ordinary and concise language showing a cause of action
to participate or to continue to participate in the fund and
setting forth the basis for the jurisdiction of the court over the
action. Further pleadings shall be had in accordance with the
Rules of Civil Procedure, provided that service of summons on such
petition shall not be required and provided that the claimant may
not dismiss the complaint without the employer's consent if the
employer is the party that filed the notice of appeal to court
pursuant to this section. The clerk of the court shall, upon
receipt thereof, transmit by certified mail a copy thereof to each
party named in the notice of appeal other than the claimant. Any
party may file with the clerk prior to the trial of the action a
deposition of any physician taken in accordance with the
provisions of the Revised Code, which deposition may be read in
the trial of the action even though the physician is a resident of
or subject to service in the county in which the trial is had. The
bureau of workers' compensation shall pay the cost of the
stenographic deposition filed in court and of copies of the
stenographic deposition for each party from the surplus fund and
charge the costs thereof against the unsuccessful party if the
claimant's right to participate or continue to participate is
finally sustained or established in the appeal. In the event the
deposition is taken and filed, the physician whose deposition is
taken is not required to respond to any subpoena issued in the
trial of the action. The court, or the jury under the instructions
of the court, if a jury is demanded, shall determine the right of
the claimant to participate or to continue to participate in the
fund upon the evidence adduced at the hearing of the action.

(E) The court shall certify its decision to the commission
and the certificate shall be entered in the records of the court.
Appeals from the judgment are governed by the law applicable to
the appeal of civil actions.
(F) The cost of any legal proceedings authorized by this section, including an attorney's fee to the claimant's attorney to be fixed by the trial judge, based upon the effort expended, in the event the claimant's right to participate or to continue to participate in the fund is established upon the final determination of an appeal, shall be taxed against the employer or the commission if the commission or the administrator rather than the employer contested the right of the claimant to participate in the fund. The attorney's fee shall not exceed five thousand dollars.

(G) If the finding of the court or the verdict of the jury is in favor of the claimant's right to participate in the fund, the commission and the administrator shall thereafter proceed in the matter of the claim as if the judgment were the decision of the commission, subject to the power of modification provided by section 4123.52 of the Revised Code.

(H)(1) An appeal from an order issued under division (E) of section 4123.511 of the Revised Code or any action filed in court in a case in which an award of compensation or medical benefits has been made shall not stay the payment of compensation or medical benefits under the award, or payment for subsequent periods of total disability or medical benefits during the pendency of the appeal. If, in a final administrative or judicial action, it is determined that payments of compensation or benefits, or both, made to or on behalf of a claimant should not have been made, the amount thereof shall be charged to the surplus fund account under division (B) of section 4123.34 of the Revised Code. In the event the employer is a state risk, the amount shall not be charged to the employer's experience, and the administrator shall adjust the employer's account accordingly. In the event the employer is a self-insuring employer, the self-insuring employer shall deduct the amount from the paid compensation the
self-insuring employer reports to the administrator under division (L) of section 4123.35 of the Revised Code. If an employer is a state risk and has paid an assessment for a violation of a specific safety requirement, and, in a final administrative or judicial action, it is determined that the employer did not violate the specific safety requirement, the administrator shall reimburse the employer from the surplus fund account under division (B) of section 4123.34 of the Revised Code for the amount of the assessment the employer paid for the violation.

(2)(a) Notwithstanding a final determination that payments of benefits made to or on behalf of a claimant should not have been made, the administrator or self-insuring employer shall award payment of medical or vocational rehabilitation services submitted for payment after the date of the final determination if all of the following apply:

(i) The services were approved and were rendered by the provider in good faith prior to the date of the final determination.

(ii) The services were payable under division (I) of section 4123.511 of the Revised Code prior to the date of the final determination.

(iii) The request for payment is submitted within the time limit set forth in section 4123.52 of the Revised Code.

(b) Payments made under division (H)(1) of this section shall be charged to the surplus fund account under division (B) of section 4123.34 of the Revised Code. If the employer of the employee who is the subject of a claim described in division (H)(2)(a) of this section is a state fund employer, the payments made under that division shall not be charged to the employer's experience. If that employer is a self-insuring employer, the self-insuring employer shall deduct the amount from the paid
compensation the self-insuring employer reports to the 
administrator under division (L) of section 4123.35 of the Revised 
Code.

(c) Division (H)(2) of this section shall apply only to a 
claim under this chapter or Chapter 4121., 4127., or 4131. of the 
Revised Code arising on or after July 29, 2011.

(3) A self-insuring employer may elect to pay compensation 
and benefits under this section directly to an employee or an 
employee's dependents by filing an application with the bureau of 
workers' compensation not more than one hundred eighty days and 
not less than ninety days before the first day of the employer's 
ext six-month coverage period. If the self-insuring employer 
timely files the application, the application is effective on the 
first day of the employer's next six-month coverage period, 
provided that the administrator shall compute the employer's 
assessment for the surplus fund account due with respect to the 
period during which that application was filed without regard to 
the filing of the application. On and after the effective date of 
the employer's election, the self-insuring employer shall pay 
directly to an employee or to an employee's dependents 
compensation and benefits under this section regardless of the 
date of the injury or occupational disease, and the employer shall 
receive no money or credits from the surplus fund account on 
account of those payments and shall not be required to pay any 
amounts into the surplus fund account on account of this section. 
The election made under this division is irrevocable.

(I) All actions and proceedings under this section which are 
the subject of an appeal to the court of common pleas or the court 
of appeals shall be preferred over all other civil actions except 
election causes, irrespective of position on the calendar.

This section applies to all decisions of the commission or 
the administrator on November 2, 1959, and all claims filed
thereafter are governed by sections 4123.511 and 4123.512 of the Revised Code.

Any action pending in common pleas court or any other court on January 1, 1986, under this section is governed by former sections 4123.514, 4123.515, 4123.516, and 4123.519 and section 4123.522 of the Revised Code.

Sec. 4123.52. (A) The jurisdiction of the industrial commission and the authority of the administrator of workers' compensation over each case is continuing, and the commission may make such modification or change with respect to former findings or orders with respect thereto, as, in its opinion is justified. No modification or change nor any finding or award in respect of any claim shall be made with respect to disability, compensation, dependency, or benefits, after five years from the date of injury in the absence of medical benefits being provided under this chapter or in the absence of payment of compensation under section 4123.57, 4123.58, or division (A) or (B) of section 4123.56 of the Revised Code or wages in lieu of compensation in a manner so as to satisfy the requirements of section 4123.84 of the Revised Code, in which event the modification, change, finding, or award shall be made within five years from the date of the last medical services being rendered or the date of the last payment of compensation or from the date of death, nor unless written notice of claim for the specific part or parts of the body injured or disabled has been given as provided in section 4123.84 or 4123.85 of the Revised Code. The commission shall not make any modification, change, finding, or award which shall award compensation for a back period in excess of two years prior to the date of filing application therefor.

(B) Notwithstanding division (A) of this section, and except as otherwise provided in a rule that shall be adopted by the
administrator, with the advice and consent of the bureau of workers' compensation board of directors, neither the administrator nor the commission shall make any finding or award for payment of medical or vocational rehabilitation services submitted for payment more than one year after the date the services were rendered or more than one year after the date the services became payable under division (I) of section 4123.511 of the Revised Code, whichever is later. No medical or vocational rehabilitation provider shall bill a claimant for services rendered if the administrator or commission is prohibited from making that payment under this division.

(C) Division (B) of this section does not apply to requests made by the centers for medicare and medicaid services in the United States department of health and human services for reimbursement of conditional payments made pursuant to section 1395y(b)(2) of title 42, United States Code (commonly known as the "Medicare Secondary Payer Act").

(D) This section does not affect the right of a claimant to compensation accruing subsequent to the filing of any such application, provided the application is filed within the time limit provided in this section.

(E) This section does not deprive the commission of its continuing jurisdiction to determine the questions raised by any application for modification of award which has been filed with the commission after June 1, 1932, and prior to the expiration of the applicable period but in respect to which no award has been granted or denied during the applicable period.

(F) The commission may, by general rules, provide for the destruction of files of cases in which no further action may be taken.

(G) The commission and administrator of workers' compensation
each may, by general rules, provide for the retention and
destruction of all other records in their possession or under
their control pursuant to section 121.211 and sections 149.34 to
149.36 of the Revised Code. The bureau of workers' compensation
may purchase or rent required equipment for the document retention
media, as determined necessary to preserve the records.
Photographs, microphotographs, microfilm, films, or other direct
or electronic document retention media, when properly identified,
have the same effect as the original record and may be offered in
like manner and may be received as evidence in proceedings before
the industrial commission, staff hearing officers, and district
hearing officers, and in any court where the original record could
have been introduced.

Sec. 4141.09. (A) There is hereby created an unemployment compensation fund to be administered by the state without liability on the part of the state beyond the amounts paid into the fund and earned by the fund. The unemployment compensation fund shall consist of all contributions, payments in lieu of contributions described in sections 4141.241 and 4141.242 of the Revised Code, reimbursements of the federal share of extended benefits described in section 4141.301 of the Revised Code, collected under sections 4141.01 to 4141.56 of the Revised Code, and the amount required under division (A)(4) of section 4141.35 of the Revised Code, together with all interest earned upon any moneys deposited with the secretary of the treasury of the United

(B) The treasurer of state shall be the custodian of the unemployment compensation fund and shall administer such fund in accordance with the directions of the director of job and family services. All disbursements therefrom shall be paid by the treasurer of state on warrants drawn by the director. Such warrants may have the signature of the director printed thereon and that of a deputy or other employee of the director charged with the duty of keeping the account of the unemployment compensation fund and with the preparation of warrants for the payment of benefits to the persons entitled thereto. Moneys in the clearing and benefit accounts shall not be commingled with other state funds, except as provided in division (C) of this section, but shall be maintained in separate accounts on the books of the depositary bank. Such money shall be secured by the depositary bank to the same extent and in the same manner as required by sections 135.01 to 135.21 of the Revised Code; and collateral pledged for this purpose shall be kept separate and distinct from any collateral pledged to secure other funds of this state. All sums recovered for losses sustained by the unemployment compensation fund shall be deposited therein. The treasurer of state shall be liable on the treasurer's official bond for the faithful performance of the treasurer's duties in connection with the unemployment compensation fund, such liability to exist in addition to any liability upon any separate bond.
(C) The treasurer of state shall maintain within the unemployment compensation fund three separate accounts which shall be a clearing account, a trust fund account, and a benefit account. All moneys payable to the unemployment compensation fund, upon receipt by the director, shall be forwarded to the treasurer of state, who shall immediately deposit them in the clearing account. Refunds of contributions, or payments in lieu of contributions, payable pursuant to division (E) of this section may be paid from the clearing account upon warrants signed by a deputy or other employee of the director charged with the duty of keeping the record of the clearing account and with the preparation of warrants for the payment of refunds to persons entitled thereto. After clearance thereof, all moneys in the clearing account shall be deposited with the secretary of the treasury of the United States to the credit of the account of this state in the unemployment trust fund established and maintained pursuant to section 904 of the "Social Security Act," in accordance with requirements of the "Federal Unemployment Tax Act," 53 Stat. 183 (1939), 26 U.S.C.A. 3301, 3304(a)(3), any law in this state relating to the deposit, administration, release, or disbursement of moneys in the possession or custody of this state to the contrary notwithstanding. The benefit account shall consist of all moneys requisitioned from this state's account in the unemployment trust fund. Federal funds may be deposited, at the director's discretion, into the benefit account. Any funds deposited into the benefit account shall be disbursed solely for payment of benefits under a federal program administered by this state and for no other purpose. Moneys in the clearing and benefit accounts may be deposited by the treasurer of state, under the direction of the director, in any bank or public depositary in which general funds of the state may be deposited, but no public deposit insurance charge or premium shall be paid out of the fund.

Upon receipt thereof, the treasurer of state shall deposit such moneys in the benefit account. Expenditures of such money in the benefit account and refunds from the clearing account shall not require specific appropriations or other formal release by state officers of money in their custody. Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned shall either be deducted from estimates for and may be utilized for the payment of benefits during succeeding periods, or, in the discretion of the director, shall be redeposited with the secretary of the treasury of the United States to the credit of this state's account in the unemployment trust fund, as provided in division (C) of this section. If the director determines that such contribution, payment in lieu of contributions, interest, or forfeiture, or any portion thereof, was erroneously collected, the director shall allow such employer
to make an adjustment thereof without interest in connection with subsequent contribution payments, or payments in lieu of contributions, by the employer, or the director may refund said amount, without interest, from the clearing account of the unemployment compensation fund, except as provided in division (B) of section 4141.11 of the Revised Code. For like cause and within the same period, adjustment or refund may be so made on the director's own initiative. An overpayment of contribution, payment in lieu of contributions, interest, or forfeiture for which an employer has not made application for refund prior to the date of sale of the employer's business shall accrue to the employer's successor in interest.

An application for an adjustment or a refund, or any portion thereof, that is rejected is binding upon the employer unless, within thirty days after the mailing of a written notice of rejection to the employer's last known address, or, in the absence of mailing of such notice, within thirty days after the delivery of such notice, the employer files an application for a review and redetermination setting forth the reasons therefor. The director shall promptly examine the application for review and redetermination, and if a review is granted, the employer shall be promptly notified thereof, and shall be granted an opportunity for a prompt hearing.

(F) If the director finds that contributions have been paid to the director in error, and that such contributions should have been paid to a department of another state or of the United States charged with the administration of an unemployment compensation law, the director may upon request by such department or upon the director's own initiative transfer to such department the amount of such contributions, less any benefits paid to claimants whose wages were the basis for such contributions. The director may request and receive from such department any contributions or
adjusted contributions paid in error to such department which should have been paid to the director.

(G) In accordance with section 303(c)(3) of the Social Security Act, and section 3304(a)(17) of the Internal Revenue Code of 1954 for continuing certification of Ohio unemployment compensation laws for administrative grants and for tax credits, any interest required to be paid on advances under Title XII of the Social Security Act shall be paid in a timely manner and shall not be paid, directly or indirectly, by an equivalent reduction in the Ohio unemployment taxes or otherwise, by the state from amounts in the unemployment compensation fund.

(H) The treasurer of state, under the direction of the director and in accordance with the "Cash Management Improvement Act of 1990," 104 Stat. 1061, 31 U.S.C.A. 335, 6503, shall deposit amounts of interest earned by the state on funds in the benefit account established pursuant to division (C) of this section into the unemployment trust fund.

The treasurer of state, under the direction of the director, may transfer funds from the Trade Act training and administration account to the benefit account for the purpose of making any payments directly to claimants for benefits, job search, relocation, transportation, and subsistence...
allowances, as specified by those acts.

**Sec. 4141.47.** (A) There is hereby created the auxiliary services personnel unemployment compensation fund, which shall not be a part of the state treasury. The fund shall consist of moneys paid into the fund pursuant to section 3317.06 of the Revised Code. The treasurer of state shall administer it in accordance with the directions of the director of job and family services. The director shall establish procedures under which school districts that are charged and have paid for unemployment benefits as reimbursing employers pursuant to this chapter for personnel employed pursuant to section 3317.06 of the Revised Code may apply for and receive reimbursement for those payments under this section. School districts are not entitled to reimbursement for any delinquency charges, except as otherwise provided by law. In the case of school districts electing to pay contributions under section 4141.242 of the Revised Code, the director shall establish procedures for reimbursement of the district from the fund of contributions made on wages earned by any auxiliary service personnel.

(B) In the event of the termination of the auxiliary services program established pursuant to section 3317.06 of the Revised Code, and after the director has made reimbursement to school districts for all possible unemployment compensation claims of persons who were employed pursuant to section 3317.06 of the Revised Code, the director shall certify that fact to the treasurer of state, who shall then transfer all unexpended moneys in the auxiliary services personnel unemployment compensation fund to the general revenue fund. In the event the auxiliary services personnel unemployment compensation fund contains insufficient moneys to pay all valid claims by school districts for reimbursement pursuant to this section, the director shall estimate the total additional amount necessary to meet the
liabilities of the fund and submit a request to the general assembly for an appropriation of that amount of money from the general revenue fund to the auxiliary services personnel unemployment compensation fund.

(C) All disbursements from the auxiliary services personnel unemployment compensation fund shall be paid by the treasurer of state on warrants drawn by the director. The warrants may bear the facsimile signature of the director printed thereon or that of a deputy or other employee of the director charged with the duty of keeping the account of the fund. Moneys in the fund shall be maintained in a separate account on the books of the depositary bank. The money shall be secured by the depositary bank to the same extent and in the same manner as required by Chapter 135. of the Revised Code. All sums recovered for losses sustained by the fund shall be deposited therein. The treasurer of state is liable on the treasurer of state's official bond for the faithful performance of the treasurer of state's duties in connection with the fund.

(D) All necessary and proper expenses incurred in administering this section shall be paid to the director from the auxiliary services personnel unemployment compensation fund. For this purpose, there is hereby created in the state treasury the auxiliary services program administrative fund. The treasurer of state, pursuant to the warrant procedures specified in division (C) of this section, shall advance moneys as requested by the director from the auxiliary services personnel unemployment compensation fund to the auxiliary services program administrative fund. The director periodically may request the advance of such moneys as in the treasurer of state's opinion are needed to meet anticipated administrative expenses and may make disbursements from the auxiliary services program administrative fund to pay those expenses.
(E) Upon receipt of a certification from the department of education regarding a refund to a board of education pursuant to section 3317.06 of the Revised Code, the director shall issue a refund in the amount certified to the board from the auxiliary services personnel unemployment compensation fund.

Sec. 4167.10. The administrator or the administrator's designee may investigate and inspect any other area of the premises where there is reason to believe that a violation or danger exists. In addition, if the administrator or the administrator's designee detects any obvious or apparent violation at any temporary place of employment while en route to the premises to be inspected or investigated, and that violation presents a substantial probability that the condition or practice could result in death or serious physical harm, the administrator or the administrator's designee may use any of the enforcement mechanisms provided in this section to correct or remove the condition or practice.

(4) If, during an inspection or investigation, the administrator or the administrator's designee finds any condition or practice in any place of employment that presents a substantial probability that the condition or practice could result in death or serious physical harm, the administrator or the administrator's designee may use any of the enforcement mechanisms provided in this section to correct or remove the condition or practice.
or serious physical harm, after notifying the employer of the administrator's intent to issue an order, the administrator shall issue an order, or the administrator's designee shall issue an order after consultation either by telephone or in person with the administrator and upon the recommendation of the administrator, which prohibits the employment of any public employee or any continuing operation or process under such condition or practice until necessary steps are taken to correct or remove the condition or practice. The order shall not be effective for more than fifteen days, unless a court of competent jurisdiction otherwise orders as provided in section 4167.14 of the Revised Code.

(C) In making any inspections or investigations under this chapter, the administrator or the administrator's designee may administer oaths and require, by subpoena, the attendance and testimony of witnesses and the production of evidence under oath. Witnesses shall receive the fees and mileage provided for under section 119.094 of the Revised Code. In the case of contumacy, failure, or refusal of any person to comply with an order or any subpoena lawfully issued, or upon the refusal of any witness to testify to any matter regarding which the witness may lawfully be interrogated, a judge of the court of common pleas of any county in this state, on the application of the administrator or the administrator's designee, shall issue an order requiring the person to appear and to produce evidence if, as, and when so ordered, and to give testimony relating to the matter under investigation or in question. The court may punish any failure to obey the order of the court as a contempt thereof.

(D) If, upon inspection or investigation, the administrator or the administrator's designee believes that a public employer has violated any requirement of this chapter or any rule, Ohio employment risk reduction standard, or order adopted or issued pursuant thereto, the administrator or the administrator's
designee shall, with reasonable promptness, issue a citation to
the public employer. The citation shall be in writing and describe
with particularity the nature of the alleged violation, including
a reference to the provision of law, Ohio employment risk
reduction standard, rule, or order alleged to have been violated.
In addition, the citation shall fix a time for the abatement of
the violation, as provided in division (H) of this section. The
administrator may prescribe procedures for the issuance of a
notice with respect to minor violations and for enforcement of
minor violations that have no direct or immediate relationship to
safety or health.

(E) Upon receipt of any citation under this section, the
public employer shall immediately post the citation, or a copy
thereof, at or near each place an alleged violation referred to in
the citation occurred.

(F) The administrator may not issue a citation under this
section after the expiration of six months following the final
occurrence of any violation.

(G) If the administrator issues a citation pursuant to this
section, the administrator shall mail the citation to the public
employer by certified mail, return receipt requested. The public
employer has fourteen days after receipt of the citation within
which to notify the administrator that the employer wishes to
contest the citation. If the employer notifies the administrator
within the fourteen days that the employer wishes to contest the
citation, or if within fourteen days after the issuance of a
citation a public employee or public employee representative files
notice that the time period fixed in the citation for the
abatement of the violation is unreasonable, the administrator
shall hold an adjudication hearing in accordance with Chapter 119.
of the Revised Code.

(H) In establishing the time limits in which a public
employer must abate a violation under this section, the
administrator shall consider the costs to the public employer, the
size and financial resources of the public employer, the severity
of the violation, the technological feasibility of the public
employer's ability to comply with requirements of the citation,
the possible present and future detriment to the health and safety
of any public employee for failure of the public employer to
comply with requirements of the citation, and such other factors
as the administrator determines appropriate. The administrator
may, after considering the above factors, permit the public
employer to comply with the citation over a period of up to two
years and may extend that period an additional one year, as the
administrator determines appropriate.

(I) Any public employer may request the administrator to
conduct an employment risk reduction inspection of the public
employer's place of employment. The administrator or the
administrator's designee shall conduct the inspection within a
reasonable amount of time following the request. Neither the
administrator nor any other person may use any information
obtained from the inspection for a period not to exceed three
years in any proceeding for a violation of this chapter or any
rule or order issued thereunder nor in any other action in any
court in this state.

Sec. 4301.17. (A)(1) Subject to local option as provided in
sections 4301.32 to 4301.40 of the Revised Code, five state liquor
stores or agencies may be established in each county. One
additional store may be established in any county for each twenty
thousand of population of that county or major fraction thereof in
excess of the first forty thousand, according to the last
preceding federal decennial census or according to the population
estimates certified by the department of development between
decennial censuses. A person engaged in a mercantile business may
act as the agent for the division of liquor control for the sale of spirituous liquor in a municipal corporation, in the unincorporated area of a township, or in an area designated and approved as a resort area under section 4303.262 of the Revised Code. The division shall fix the compensation for such an agent in the manner it considers best, but the compensation shall not exceed seven per cent of the gross sales made by the agent in any one year.

(2) The division shall adopt rules in accordance with Chapter 119. of the Revised Code governing the allocation and equitable distribution of agency store contracts. The division shall comply with the rules when awarding a contract under division (A)(1) of this section.

(3) Pursuant to an agency store's contract, an agency store may be issued a D-1 permit to sell beer, a D-2 permit to sell wine and mixed beverages, and a D-5 permit to sell beer, wine, mixed beverages, and spirituous liquor.

(4) Pursuant to an agency store's contract, an agency store may be issued a D-3 permit to sell spirituous liquor if the agency store contains at least ten thousand square feet of sales floor area. A D-3 permit issued to an agency store shall not be transferred to a new location. The division shall revoke any D-3 permit issued to an agency store under division (A)(4) of this section if the agent no longer operates the agency store. The division shall not issue a D-3a permit to an agency store.

(5) An agency store to which a D-8 permit has been issued may allow the sale of tasting samples of spirituous liquor in accordance with section 4301.171 of the Revised Code.

(6) An agency store may sell beer, wine, mixed beverages, and spirituous liquor only between the hours of nine a.m. and eleven p.m.
(B) When an agency contract is proposed, when an existing agency contract is assigned, when an existing agency proposes to relocate, or when an existing agency is relocated and assigned, before entering into any contract, consenting to any assignment, or consenting to any relocation, the division shall notify the legislative authority of the municipal corporation in which the agency store is to be located, or the board of county commissioners and the board of township trustees of the county and the township in which the agency store is to be located if the agency store is to be located outside the corporate limits of a municipal corporation, of the proposed contract, assignment, or relocation, and an opportunity shall be provided officials or employees of the municipal corporation or county and township for a complete hearing upon the advisability of entering into the contract or consenting to the assignment or relocation. When the division sends notice to the legislative authority of the political subdivision, the division shall notify, by certified mail or by personal service, the chief peace officer of the political subdivision, who may appear and testify, either in person or through a representative, at any hearing held on the advisability of entering into the contract or consenting to the assignment or relocation.

If the proposed agency store, the assignment of an agency contract, or the relocation of an agency store would be located within five hundred feet of a school, church, library, public playground, or township park, the division shall not enter into an agency contract until it has provided notice of the proposed contract to the authorities in control of the school, church, library, public playground, or township park and has provided those authorities with an opportunity for a complete hearing upon the advisability of entering into the contract. If an agency store so located is operating under an agency contract, the division may consent to relocation of the agency store or to the assignment of...
that contract to operate an agency store at the same location. The division may also consent to the assignment of an existing agency contract simultaneously with the relocation of the agency store. In any such assignment or relocation, the assignee and the location shall be subject to the same requirements that the existing location met at the time that the contract was first entered into as well as any additional requirements imposed by the division in rules adopted by the superintendent of liquor control. The division shall not consent to an assignment or relocation of an agency store until it has notified the authorities in control of the school, church, library, public playground, or township park and has provided those authorities with an opportunity for a complete hearing upon the advisability of consenting to the assignment or relocation.

Any hearing provided for in this division shall be held in the central office of the division, except that upon written request of the legislative authority of the municipal corporation, the board of county commissioners, the board of township trustees, or the authorities in control of the school, church, library, public playground, or township park, the hearing shall be held in the county seat of the county where the proposed agency store is to be located.

(C) All agency contracts entered into by the division pursuant to this section shall be in writing and shall contain a clause providing for the termination of the contract at will by the division upon its giving ninety days' notice in writing to the agent of its intention to do so. Any agency contract may include a clause requiring the agent to report to the appropriate law enforcement agency the name and address of any individual under twenty-one years of age who attempts to make an illegal purchase.

The division shall issue a C-1 and C-2 permit to each agent who prior to November 1, 1994, had not been issued both of these
permits, notwithstanding the population quota restrictions contained in section 4303.29 of the Revised Code or in any rule of the liquor control commission and notwithstanding the requirements of section 4303.31 of the Revised Code. The location of a C-1 or C-2 permit issued to such an agent shall not be transferred. The division shall revoke any C-1 or C-2 permit issued to an agent under this paragraph if the agent no longer operates an agency store.

The division may enter into agreements with the department of development to implement a minority loan program to provide low-interest loans to minority business enterprises, as defined in section 122.71 of the Revised Code, that are awarded liquor agency contracts or assignments.

(D) If the division closes a state liquor store and replaces that store with an agency store, any employees of the division employed at that state liquor store who lose their jobs at that store as a result shall be given preference by the agent who operates the agency store in filling any vacancies that occur among the agent's employees, if that preference does not conflict with the agent's obligations pursuant to a collective bargaining agreement.

If the division closes a state liquor store and replaces the store with an agency store, any employees of the division employed at the state liquor store who lose their jobs at that store as a result may displace other employees as provided in sections 124.321 to 124.328 of the Revised Code. If an employee cannot displace other employees and is laid off, the employee shall be reinstated in another job as provided in sections 124.321 to 124.328 of the Revised Code, except that the employee's rights of reinstatement in a job at a state liquor store shall continue for a period of two years after the date of the employee's layoff and shall apply to jobs at state liquor stores located in the
employee's layoff jurisdiction and any layoff jurisdiction adjacent to the employee's layoff jurisdiction.

(E) The division shall require every agent to give bond with surety to the satisfaction of the division, in the amount the division fixes, conditioned for the faithful performance of the agent's duties as prescribed by the division.

**Sec. 4301.30.** (A) All fees collected by the division of liquor control shall be deposited in the state treasury to the credit of the undivided liquor permit fund, which is hereby created, at the time prescribed under section 4301.12 of the Revised Code. Each payment shall be accompanied by a statement showing separately the amount collected for each class of permits in each municipal corporation and in each township outside the limits of any municipal corporation in such township.

(B)(1) An amount equal to forty-five per cent of the fund shall be paid from the fund into the state liquor regulatory fund, which is hereby created in the state treasury. The state liquor regulatory fund shall be used to pay the operating expenses of the division of liquor control in administering and enforcing Title XLIII of the Revised Code and the operating expenses of the liquor control commission. Investment earnings of the fund shall be credited to the fund.

(2) Whenever, in the judgment of the director of budget and management, the amount of money that is in the state liquor regulatory fund is in excess of the amount that is needed to pay the operating expenses of the division in administering and enforcing Title XLIII of the Revised Code and the operating expenses of the commission, the director shall credit the excess amount to the general revenue fund.

(C) Twenty per cent of the undivided liquor permit fund shall be paid into the statewide treatment and prevention fund, which is
hereby created in the state treasury. This amount shall be appropriated by the general assembly, together with an amount equal to one and one-half per cent of the gross profit of the division of liquor control derived under division (B)(4) of section 4301.10 of the Revised Code, to the department of mental health and addiction services. In planning for the allocation of and in allocating these amounts for the purposes of Chapter 5119. of the Revised Code, the department shall comply with the nondiscrimination provisions of Title VI of the Civil Rights Act of 1964, and any rules adopted under that act.

(D) Thirty-five per cent of the undivided liquor permit fund shall be distributed by the superintendent of liquor control at quarterly calendar periods as follows:

(1) To each municipal corporation, the aggregate amount shown by the statements to have been collected from permits in the municipal corporation, for the use of the general fund of the municipal corporation;

(2) To each township, the aggregate amount shown by the statements to have been collected from permits in its territory, outside the limits of any municipal corporation located in the township, for the use of the general fund of the township, or for fire protection purposes, including buildings and equipment in the township or in an established fire district within the township, to the extent that the funds are derived from liquor permits within the territory comprising such fire district.

(E) For the purpose of the distribution required by this section, E, H, and D permits covering boats or vessels are deemed to have been issued in the municipal corporation or township wherein the owner or operator of the vehicle, boat, vessel, or dining car equipment to which the permit relates has the owner's or operator's principal office or place of business within the state.
If the liquor control commission division determines that the police or other officers of any municipal corporation or township entitled to share in distributions under this section are refusing or culpably neglecting to enforce this chapter and Chapter 4303. of the Revised Code, or the penal laws of this state relating to the manufacture, importation, transportation, distribution, and sale of beer and intoxicating liquors, or if the prosecuting officer of a municipal corporation or a municipal court fails to comply with the request of the commission division authorized by division (A)(4) of section 4301.10 of the Revised Code, the commission division, by certified mail or by electronic means as determined by the superintendent to provide proper notice under the laws of this state, may notify the chief executive officer of the municipal corporation or the board of township trustees of the township of the failure and require the immediate cooperation of the responsible officers of the municipal corporation or township with the division of liquor control in the enforcement of those chapters and penal laws. Within thirty days after the notice is served, the commission division shall determine whether the requirement has been complied with. If the commission division determines that the requirement has not been complied with, it may issue an order to the superintendent to withhold the distributive share of the municipal corporation or township until further order of the commission. This action of the commission division is reviewable within thirty days thereafter in the court of common pleas of Franklin county.

All fees collected by the division of liquor control from the issuance or renewal of B-2a, S-1, and S-2 permits, and paid by B-2a, S-1, and S-2 permit holders who do not also hold A-1 or A-1c permits or A-2 or A-2f permits, shall be deposited in the state treasury to the credit of the state liquor regulatory fund. Once during each fiscal year, an amount equal to fifty per cent of the fees collected shall be paid from the state liquor regulatory fund.
into the general revenue fund.

**Sec. 4303.24.** All application processing fees shall be remitted to the division of liquor control when applications are filed. The pendency, priority, or validity of an application for a permit or duplicate permit received by the division shall not be affected because the division did not issue the permit applied for or the applicant failed to appeal to the liquor control commission.

The division, prior to the granting of a permit or duplicate permit applied for, shall notify, by certified mail, the applicant or the applicant's authorized agent. The applicant or the applicant's authorized agent, within thirty days after the mailing of that notice, shall pay to the division the entire amount of any unpaid requisite permit fee required by sections 4303.02 to 4303.231 or, in the case of a duplicate permit, section 4303.30 of the Revised Code, if the permit or duplicate permit is issued during the first six months of the year the permit or duplicate permit covers, or one-half of the amount of the requisite permit fee, if the permit or duplicate permit is issued during the last six months of the year the permit or duplicate permit covers. If the notice is returned because of failure or refusal of delivery, the division shall send another notice, by regular mail or by electronic means as determined by the division to provide proper notice under the laws of this state, to the applicant or the applicant's agent. If the applicant fails to pay the applicable amount of that requisite permit fee within those thirty days of the mailing of the last notice, the division shall cancel the applicant's application.

All other fees shall be paid at the time and in the manner prescribed by the division. The liquor control commission may adopt rules requiring reports or returns for the purpose of
determining the amounts of additional permit fees.

Sec. 4507.081. (A) Upon the expiration of a restricted license issued under division (D)(3) of section 4507.08 of the Revised Code and submission of a statement as provided in division (C) of this section, the registrar of motor vehicles may issue a driver's license to the person to whom the restricted license was issued. A driver's license issued under this section, unless otherwise suspended or canceled, shall be effective for one year.

(B) A driver's license issued under this section may be renewed annually, for no more than three consecutive years, whenever the person to whom the license has been issued submits to the registrar, by certified mail and no sooner than thirty days prior to the expiration date of the license or renewal thereof, a statement as provided in division (C) of this section. A renewal of a driver's license, unless the license is otherwise suspended or canceled, shall be effective for one year following the expiration date of the license or renewal thereof, and shall be evidenced by a validation sticker. The renewal validation sticker shall be in a form prescribed by the registrar and shall be affixed to the license.

(C) No person may be issued a driver's license under this section, and no such driver's license may be renewed, unless the person presents a signed statement from a licensed physician that the person's condition either is dormant or is under effective medical control, that the control has been maintained continuously for at least one year prior to the date on which application for the license is made, and that, if continued medication is prescribed to control the condition, the person may be depended upon to take the medication.

The statement shall be made on a form provided by the registrar, shall be in not less than duplicate, and shall contain...
any other information the registrar considers necessary. The duplicate copy of the statement may be retained by the person requesting the license renewal and, when in the person's immediate possession and used in conjunction with the original license, shall entitle the person to operate a motor vehicle during a period of no more than thirty days following the date of submission of the statement to the registrar, except when the registrar denies the request for the license renewal and so notifies the person.

(D) Whenever the registrar receives a statement indicating that the condition of a person to whom a driver's license has been issued under this section no longer is dormant or under effective medical control, the registrar shall cancel the person's driver's license.

(E) Nothing in this section shall require a person submitting a signed statement from a licensed physician to obtain a medical examination prior to the submission of the statement.

(F) Any person whose driver's license has been canceled under this section may apply for a subsequent restricted license according to the provisions of section 4507.08 of the Revised Code.

Sec. 4508.021. (A) As used in this section:

(1) "State agency" has the same meaning as in section 1.60 of the Revised Code.

(2) "Electronic medium" means a video cassette tape, CD-ROM, interactive videodisc web site, electronic mail communication, compact disc media, or other electronic format used to convey information to students through electronic means which information is sent or conveyed.

(B) The classroom instruction required by division (C) of...
section 4508.02 of the Revised Code shall include the dissemination of information regarding anatomical gifts and anatomical gift procedures or a presentation and discussion of such gifts and procedures in accordance with this section. The second chance trust fund advisory committee created under section 2108.35 of the Revised Code shall approve any brochure, written material, or electronic medium used by a driver training school to provide information to students regarding anatomical gifts and anatomical gift procedures. However, the committee shall not approve any such brochure, written material, or electronic medium that contains religious content for use in a driver education course conducted by a school district or educational service center.

(C)(1) If any brochure or other written material approved by the committee under division (B) of this section is made available to a driver training school at no cost, the instructor shall provide such brochure or material to students.

(2) If any electronic medium that is less than twenty minutes in length and that is approved by the committee under division (B) of this section is made available to a driver training school at no cost, the instructor shall show the electronic medium to students, provided that the school maintains operable viewing equipment. If more than one such electronic medium is made available to a school in accordance with this division, the instructor shall select one electronic medium from among those received by the school to show to students.

(3) If no electronic medium is shown to students as specified in division (C)(2) of this section, the instructor shall organize a classroom presentation and discussion regarding anatomical gifts and anatomical gift procedures. The instructor may arrange for the presentation to be conducted by an employee of the department of health or any other state agency, an employee or volunteer of the
second chance trust fund, an employee or volunteer of any
organization involved in the procurement of organ donations, an
organ donor, an organ recipient, an employee or volunteer of a
tissue or eye bank, or a tissue or corneal transplant recipient,
provided that no such person charges a fee to the school for the
presentation. However, no such presentation that contains
religious content shall be made to students of a driver education
course conducted by a school district or educational service
center. Students shall be granted the opportunity to ask questions
on anatomical gifts and anatomical gift procedures during the
presentation and discussion.

Nothing in this section shall prohibit an instructor from
also organizing a classroom presentation and discussion regarding
anatomical gifts and anatomical gift procedures in accordance with
this division if the instructor shows an electronic medium to
students pursuant to division (C)(2) of this section.

(D) No student shall be required to participate in any
instruction in anatomical gifts or anatomical gift procedures
conducted under this section upon written notification from the
student's parent or guardian, or the student if the student is
over eighteen years of age, that such instruction conflicts with
the religious convictions of the student or the student's parent
or guardian. If a student is excused from such instruction, the
instructor shall give the student an alternative assignment.

Sec. 4509.101. (A)(1) No person shall operate, or permit the
operation of, a motor vehicle in this state, unless proof of
financial responsibility is maintained continuously throughout the
registration period with respect to that vehicle, or, in the case
of a driver who is not the owner, with respect to that driver's
operation of that vehicle.

(2) Whoever violates division (A)(1) of this section shall be
subject to the following civil penalties:

(a) Subject to divisions (A)(2)(b) and (c) of this section, a class (F) suspension of the person's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege for the period of time specified in division (B)(6) of section 4510.02 of the Revised Code and impoundment of the person's license. The court may grant limited driving privileges to the person, but only if the person presents proof of financial responsibility and is enrolled in a reinstatement fee payment plan pursuant to section 4510.10 of the Revised Code.

(b) If, within five years of the violation, the person's operating privileges are again suspended and the person's license again is impounded for a violation of division (A)(1) of this section, a class C suspension of the person's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege for the period of time specified in division (B)(3) of section 4510.02 of the Revised Code. The court may grant limited driving privileges to the person only if the person presents proof of financial responsibility and has complied with division (A)(5) of this section, and no court may grant limited driving privileges for the first fifteen days of the suspension.

(c) If, within five years of the violation, the person's operating privileges are suspended and the person's license is impounded two or more times for a violation of division (A)(1) of this section, a class B suspension of the person's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege for the period of time specified in division (B)(2) of section 4510.02 of the Revised Code. The court may grant limited driving privileges to the person only if the person presents proof of financial responsibility.
financial responsibility and has complied with division (A)(5) of this section, except that no court may grant limited driving privileges for the first thirty days of the suspension.

(d) In addition to the suspension of an owner's license under division (A)(2)(a), (b), or (c) of this section, the suspension of the rights of the owner to register the motor vehicle and the impoundment of the owner's certificate of registration and license plates until the owner complies with division (A)(5) of this section.

The clerk of court shall waive the cost of filing a petition for limited driving privileges if, pursuant to section 2323.311 of the Revised Code, the petitioner applies to be qualified as an indigent litigant and the court approves the application.

(3) A person to whom this state has issued a certificate of registration for a motor vehicle or a license to operate a motor vehicle or who is determined to have operated any motor vehicle or permitted the operation in this state of a motor vehicle owned by the person shall be required to verify the existence of proof of financial responsibility covering the operation of the motor vehicle or the person's operation of the motor vehicle under either of the following circumstances:

(a) The person or a motor vehicle owned by the person is involved in a traffic accident that requires the filing of an accident report under section 4509.06 of the Revised Code.

(b) The person receives a traffic ticket indicating that proof of the maintenance of financial responsibility was not produced upon the request of a peace officer or state highway patrol trooper made in accordance with division (D)(2) of this section.

(4) An order of the registrar that suspends and impounds a license or registration, or both, shall state the date on or
before which the person is required to surrender the person's license or certificate of registration and license plates. The person is deemed to have surrendered the license or certificate of registration and license plates, in compliance with the order, if the person does either of the following:

(a) On or before the date specified in the order, personally delivers the license or certificate of registration and license plates, or causes the delivery of the items, to the registrar;

(b) Mails the license or certificate of registration and license plates to the registrar in an envelope or container bearing a postmark showing a date no later than the date specified in the order.

(5) Except as provided in division (L) of this section, the registrar shall not restore any operating privileges or registration rights suspended under this section, return any license, certificate of registration, or license plates impounded under this section, or reissue license plates under section 4503.232 of the Revised Code, if the registrar destroyed the impounded license plates under that section, or reissue a license under section 4510.52 of the Revised Code, if the registrar destroyed the suspended license under that section, unless the rights are not subject to suspension or revocation under any other law and unless the person, in addition to complying with all other conditions required by law for reinstatement of the operating privileges or registration rights, complies with all of the following:

(a) Pays to the registrar or an eligible deputy registrar a financial responsibility reinstatement fee of one hundred dollars for the first violation of division (A)(1) of this section, three hundred dollars for a second violation of that division, and six hundred dollars for a third or subsequent violation of that division;
(b) If the person has not voluntarily surrendered the license, certificate, or license plates in compliance with the order, pays to the registrar or an eligible deputy registrar a financial responsibility nonvoluntary compliance fee in an amount, not to exceed fifty dollars, determined by the registrar;

(c) Files and continuously maintains proof of financial responsibility under sections 4509.44 to 4509.65 of the Revised Code;

(d) Pays a deputy registrar a service fee of ten dollars to compensate the deputy registrar for services performed under this section. The deputy registrar shall retain eight dollars of the service fee and shall transmit the reinstatement fee, any nonvoluntary compliance fee, and two dollars of the service fee to the registrar in the manner the registrar shall determine.

(B)(1) Every party required to file an accident report under section 4509.06 of the Revised Code also shall include with the report a document described in division (G)(1)(a) of this section or shall present proof of financial responsibility through use of an electronic wireless communications device as permitted by division (G)(1)(b) of this section.

If the registrar determines, within forty-five days after the report is filed, that an operator or owner has violated division (A)(1) of this section, the registrar shall do all of the following:

(a) Order the impoundment, with respect to the motor vehicle involved, required under division (A)(2)(d) of this section, of the certificate of registration and license plates of any owner who has violated division (A)(1) of this section;

(b) Order the suspension required under division (A)(2)(a), (b), or (c) of this section of the license of any operator or owner who has violated division (A)(1) of this section;
(c) Record the name and address of the person whose certificate of registration and license plates have been impounded or are under an order of impoundment, or whose license has been suspended or is under an order of suspension; the serial number of the person's license; the serial numbers of the person's certificate of registration and license plates; and the person's social security account number, if assigned, or, where the motor vehicle is used for hire or principally in connection with any established business, the person's federal taxpayer identification number. The information shall be recorded in such a manner that it becomes a part of the person's permanent record, and assists the registrar in monitoring compliance with the orders of suspension or impoundment.

(d) Send written notification to every person to whom the order pertains, at the person's last known address as shown on the records of the bureau. The person, within ten days after the date of the mailing of the notification, shall surrender to the registrar, in a manner set forth in division (A)(4) of this section, any certificate of registration and registration plates under an order of impoundment, or any license under an order of suspension.

(2) The registrar shall issue any order under division (B)(1) of this section without a hearing. Any person adversely affected by the order, within ten days after the issuance of the order, may request an administrative hearing before the registrar, who shall provide the person with an opportunity for a hearing in accordance with this paragraph. A request for a hearing does not operate as a suspension of the order. The scope of the hearing shall be limited to whether the person in fact demonstrated to the registrar proof of financial responsibility in accordance with this section. The registrar shall determine the date, time, and place of any hearing, provided that the hearing shall be held, and an order
issued or findings made, within thirty days after the registrar receives a request for a hearing. If requested by the person in writing, the registrar may designate as the place of hearing the county seat of the county in which the person resides or a place within fifty miles of the person's residence. The person shall pay the cost of the hearing before the registrar, if the registrar's order of suspension or impoundment is upheld.

(C) Any order of suspension or impoundment issued under this section or division (B) of section 4509.37 of the Revised Code may be terminated at any time if the registrar determines upon a showing of proof of financial responsibility that the operator or owner of the motor vehicle was in compliance with division (A)(1) of this section at the time of the traffic offense, motor vehicle inspection, or accident that resulted in the order against the person. A determination may be made without a hearing. This division does not apply unless the person shows good cause for the person's failure to present satisfactory proof of financial responsibility to the registrar prior to the issuance of the order.

(D)(1)(a) For the purpose of enforcing this section, every peace officer is deemed an agent of the registrar.

(b) Any peace officer who, in the performance of the peace officer's duties as authorized by law, becomes aware of a person whose license is under an order of suspension, or whose certificate of registration and license plates are under an order of impoundment, pursuant to this section, may confiscate the license, certificate of registration, and license plates, and return them to the registrar.

(2) A peace officer shall request the owner or operator of a motor vehicle to produce proof of financial responsibility in a manner described in division (G) of this section at the time the peace officer acts to enforce the traffic laws of this state and
during motor vehicle inspections conducted pursuant to section 4513.02 of the Revised Code.

(3) A peace officer shall indicate on every traffic ticket whether the person receiving the traffic ticket produced proof of the maintenance of financial responsibility in response to the officer's request under division (D)(2) of this section. The peace officer shall inform every person who receives a traffic ticket and who has failed to produce proof of the maintenance of financial responsibility that the person must submit proof to the traffic violations bureau with any payment of a fine and costs for the ticketed violation or, if the person is to appear in court for the violation, the person must submit proof to the court.

(4)(a) If a person who has failed to produce proof of the maintenance of financial responsibility appears in court for a ticketed violation, the court may permit the defendant to present evidence of proof of financial responsibility to the court at such time and in such manner as the court determines to be necessary or appropriate. In a manner prescribed by the registrar, the clerk of courts shall provide the registrar with the identity of any person who fails to submit proof of the maintenance of financial responsibility pursuant to division (D)(3) of this section.

(b) If a person who has failed to produce proof of the maintenance of financial responsibility also fails to submit that proof to the traffic violations bureau with payment of a fine and costs for the ticketed violation, the traffic violations bureau, in a manner prescribed by the registrar, shall notify the registrar of the identity of that person.

(5)(a) Upon receiving notice from a clerk of courts or traffic violations bureau pursuant to division (D)(4) of this section, the registrar shall order the suspension of the license of the person required under division (A)(2)(a), (b), or (c) of this section and the impoundment of the person's certificate of
registration and license plates required under division (A)(2)(d) of this section, effective thirty days after the date of the mailing of notification. The registrar also shall notify the person that the person must present the registrar with proof of financial responsibility in accordance with this section, surrender to the registrar the person's certificate of registration, license plates, and license, or submit a statement subject to section 2921.13 of the Revised Code that the person did not operate or permit the operation of the motor vehicle at the time of the offense. Notification shall be in writing and shall be sent to the person at the person's last known address as shown on the records of the bureau of motor vehicles. The person, within fifteen days after the date of the mailing of notification, shall present proof of financial responsibility, surrender the certificate of registration, license plates, and license to the registrar in a manner set forth in division (A)(4) of this section, or submit the statement required under this section together with other information the person considers appropriate.

If the registrar does not receive proof or the person does not surrender the certificate of registration, license plates, and license, in accordance with this division, the registrar shall permit the order for the suspension of the license of the person and the impoundment of the person's certificate of registration and license plates to take effect.

(b) In the case of a person who presents, within the fifteen-day period, proof of financial responsibility, the registrar shall terminate the order of suspension and the impoundment of the registration and license plates required under division (A)(2)(d) of this section and shall send written notification to the person, at the person's last known address as shown on the records of the bureau.

(c) Any person adversely affected by the order of the
registrar under division (D)(5)(a) or (b) of this section, within ten days after the issuance of the order, may request an administrative hearing before the registrar, who shall provide the person with an opportunity for a hearing in accordance with this paragraph. A request for a hearing does not operate as a suspension of the order. The scope of the hearing shall be limited to whether, at the time of the hearing, the person presents proof of financial responsibility covering the vehicle and whether the person is eligible for an exemption in accordance with this section or any rule adopted under it. The registrar shall determine the date, time, and place of any hearing; provided, that the hearing shall be held, and an order issued or findings made, within thirty days after the registrar receives a request for a hearing. The hearing may be held remotely by electronic means. If requested by the person in writing, the registrar may designate as the place of hearing the county seat of the county in which the person resides or a place within fifty miles of the person's residence. Such person shall pay the cost of the hearing before the registrar, if the registrar's order of suspension or impoundment under division (D)(5)(a) or (b) of this section is upheld.

(6) A peace officer may charge an owner or operator of a motor vehicle with a violation of section 4510.16 of the Revised Code when the owner or operator fails to show proof of the maintenance of financial responsibility pursuant to a peace officer's request under division (D)(2) of this section, if a check of the owner or operator's driving record indicates that the owner or operator, at the time of the operation of the motor vehicle, is required to file and maintain proof of financial responsibility under section 4509.45 of the Revised Code for a previous violation of this chapter.

(7) Any forms used by law enforcement agencies in
administering this section shall be prescribed, supplied, and paid
for by the registrar.

(8) No peace officer, law enforcement agency employing a
peace officer, or political subdivision or governmental agency
that employs a peace officer shall be liable in a civil action for
damages or loss to persons arising out of the performance of any
duty required or authorized by this section.

(9) As used in this section, "peace officer" has the meaning
set forth in section 2935.01 of the Revised Code.

(E) All fees, except court costs, fees paid to a deputy
registrar, and those portions of the financial responsibility
reinstatement fees as otherwise specified in this division,
collected under this section shall be paid into the state treasury
to the credit of the public safety - highway purposes fund
established in section 4501.06 of the Revised Code and used to
cover costs incurred by the bureau in the administration of this
section and sections 4503.20, 4507.212, and 4509.81 of the Revised
Code, and by any law enforcement agency employing any peace
officer who returns any license, certificate of registration, and
license plates to the registrar pursuant to division (C) of this
section.

Of each financial responsibility reinstatement fee the
registrar collects pursuant to division (A)(5)(a) of this section
or receives from a deputy registrar under division (A)(5)(d) of
this section, the registrar shall deposit twenty-five dollars of
each one-hundred-dollar reinstatement fee, fifty dollars of each
three-hundred-dollar reinstatement fee, and one hundred dollars of
each six-hundred-dollar reinstatement fee into the state treasury
to the credit of the indigent defense support fund created by
section 120.08 of the Revised Code.

(F) Chapter 119. of the Revised Code applies to this section
only to the extent that any provision in that chapter is not clearly inconsistent with this section.

(G)(1)(a) The registrar, court, traffic violations bureau, or peace officer may require proof of financial responsibility to be demonstrated by use of a standard form prescribed by the registrar. If the use of a standard form is not required, a person may demonstrate proof of financial responsibility under this section by presenting to the traffic violations bureau, court, registrar, or peace officer any of the following documents or a copy of the documents:

(i) A financial responsibility identification card as provided in section 4509.103 of the Revised Code;

(ii) A certificate of proof of financial responsibility on a form provided and approved by the registrar for the filing of an accident report required to be filed under section 4509.06 of the Revised Code;

(iii) A policy of liability insurance, a declaration page of a policy of liability insurance, or liability bond, if the policy or bond complies with section 4509.20 or sections 4509.49 to 4509.61 of the Revised Code;

(iv) A bond or certification of the issuance of a bond as provided in section 4509.59 of the Revised Code;

(v) A certificate of deposit of money or securities as provided in section 4509.62 of the Revised Code;

(vi) A certificate of self-insurance as provided in section 4509.72 of the Revised Code.

(b) A person also may present proof of financial responsibility under this section to the traffic violations bureau, court, registrar, or peace officer through use of an electronic wireless communications device as specified under...
section 4509.103 of the Revised Code.

(2) If a person fails to demonstrate proof of financial responsibility in a manner described in division (G)(1) of this section, the person may demonstrate proof of financial responsibility under this section by any other method that the court or the bureau, by reason of circumstances in a particular case, may consider appropriate.

(3) A motor carrier certificated by the interstate commerce commission or by the public utilities commission may demonstrate proof of financial responsibility by providing a statement designating the motor carrier's operating authority and averring that the insurance coverage required by the certificating authority is in full force and effect.

(4)(a) A finding by the registrar or court that a person is covered by proof of financial responsibility in the form of an insurance policy or surety bond is not binding upon the named insurer or surety or any of its officers, employees, agents, or representatives and has no legal effect except for the purpose of administering this section.

(b) The preparation and delivery of a financial responsibility identification card or any other document authorized to be used as proof of financial responsibility and the generation and delivery of proof of financial responsibility to an electronic wireless communications device that is displayed on the device as text or images does not do any of the following:

(i) Create any liability or estoppel against an insurer or surety, or any of its officers, employees, agents, or representatives;

(ii) Constitute an admission of the existence of, or of any liability or coverage under, any policy or bond;

(iii) Waive any defenses or counterclaims available to an
insurer, surety, agent, employee, or representative in an action commenced by an insured or third-party claimant upon a cause of action alleged to have arisen under an insurance policy or surety bond or by reason of the preparation and delivery of a document for use as proof of financial responsibility or the generation and delivery of proof of financial responsibility to an electronic wireless communications device.

(c) Whenever it is determined by a final judgment in a judicial proceeding that an insurer or surety, which has been named on a document or displayed on an electronic wireless communications device accepted by a court or the registrar as proof of financial responsibility covering the operation of a motor vehicle at the time of an accident or offense, is not liable to pay a judgment for injuries or damages resulting from such operation, the registrar, notwithstanding any previous contrary finding, shall forthwith suspend the operating privileges and registration rights of the person against whom the judgment was rendered as provided in division (A)(2) of this section.

(H) In order for any document or display of text or images on an electronic wireless communications device described in division (G)(1) of this section to be used for the demonstration of proof of financial responsibility under this section, the document or words or images shall state the name of the insured or obligor, the name of the insurer or surety company, and the effective and expiration dates of the financial responsibility, and designate by explicit description or by appropriate reference all motor vehicles covered which may include a reference to fleet insurance coverage.

(I) For purposes of this section, "owner" does not include a licensed motor vehicle leasing dealer as defined in section 4517.01 of the Revised Code, but does include a motor vehicle renting dealer as defined in section 4549.65 of the Revised Code.
Nothing in this section or in section 4509.51 of the Revised Code shall be construed to prohibit a motor vehicle renting dealer from entering into a contractual agreement with a person whereby the person renting the motor vehicle agrees to be solely responsible for maintaining proof of financial responsibility, in accordance with this section, with respect to the operation, maintenance, or use of the motor vehicle during the period of the motor vehicle's rental.

(J) The purpose of this section is to require the maintenance of proof of financial responsibility with respect to the operation of motor vehicles on the highways of this state, so as to minimize those situations in which persons are not compensated for injuries and damages sustained in motor vehicle accidents. The general assembly finds that this section contains reasonable civil penalties and procedures for achieving this purpose.

(K) Nothing in this section shall be construed to be subject to section 4509.78 of the Revised Code.

(L)(1) The registrar may terminate any suspension imposed under this section and not require the owner to comply with divisions (A)(5)(a), (b), and (c) of this section if the registrar with or without a hearing determines that the owner of the vehicle has established by clear and convincing evidence that all of the following apply:

   (a) The owner customarily maintains proof of financial responsibility.

   (b) Proof of financial responsibility was not in effect for the vehicle on the date in question for one of the following reasons:

      (i) The vehicle was inoperable.

      (ii) The vehicle is operated only seasonally, and the date in question was outside the season of operation.
(iii) A person other than the vehicle owner or driver was at fault for the lapse of proof of financial responsibility through no fault of the owner or driver.

(iv) The lapse of proof of financial responsibility was caused by excusable neglect under circumstances that are not likely to recur and do not suggest a purpose to evade the requirements of this chapter.

(2) The registrar may grant an owner or driver relief for a reason specified in division (L)(1)(b)(iii) or (iv) of this section only if the owner or driver has not previously been granted relief under division (L)(1)(b)(iii) or (iv) of this section.

(M) The registrar shall adopt rules in accordance with Chapter 119. of the Revised Code that are necessary to administer and enforce this section. The rules shall include procedures for the surrender of license plates upon failure to maintain proof of financial responsibility and provisions relating to reinstatement of registration rights, acceptable forms of proof of financial responsibility, the use of an electronic wireless communications device to present proof of financial responsibility, and verification of the existence of financial responsibility during the period of registration.

(N)(1) When a person utilizes an electronic wireless communications device to present proof of financial responsibility, only the evidence of financial responsibility displayed on the device shall be viewed by the registrar, peace officer, employee or official of the traffic violations bureau, or the court. No other content of the device shall be viewed for purposes of obtaining proof of financial responsibility.

(2) When a person provides an electronic wireless communications device to the registrar, a peace officer, an
employee or official of a traffic violations bureau, or the court, the person assumes the risk of any resulting damage to the device unless the registrar, peace officer, employee, or official, or court personnel purposely, knowingly, or recklessly commits an action that results in damage to the device.

Sec. 4510.03. (A) Every county court judge, mayor of a mayor's court, and clerk of a court of record shall keep a full record of every case in which a person is charged with any violation of any provision of sections 4511.01 to 4511.771 or 4513.01 to 4513.36 of the Revised Code or of any other law or ordinance regulating the operation of vehicles, streetcars, and trackless trolleys on highways or streets.

(B) If a person is convicted of or forfeits bail in relation to a violation of any section listed in division (A) of this section or a violation of any other law or ordinance regulating the operation of vehicles, streetcars, and trackless trolleys on highways or streets, the county court judge, mayor of a mayor's court, or clerk, within seven days after the conviction or bail forfeiture, shall prepare and immediately forward to the bureau of motor vehicles, in a secure electronic format, an abstract certified by the preparer to be true and correct, of the court record covering the case in which the person was convicted or forfeited bail. Every court of record also shall forward to the bureau of motor vehicles, in a secure electronic format, an abstract of the court record as described in division (C) of this section upon the conviction of any person of aggravated vehicular homicide or vehicular homicide or of a felony in the commission of which a vehicle was used.

(C) Each abstract required by this section shall be made upon a form approved and furnished by the bureau and shall include the name and address of the person charged, the number of the person's
driver's or commercial driver's license, probationary driver's license, or temporary instruction permit, the registration number of the vehicle involved, the nature of the offense, the date of the offense, the date of hearing, the plea, the judgment, or whether bail was forfeited, and the amount of the fine or forfeiture.

Sec. 4510.41. (A) As used in this section:

(1) "Arrested person" means a person who is arrested for a violation of section 4510.14 or 4511.203 of the Revised Code, or a municipal ordinance that is substantially equivalent to either of those sections, and whose arrest results in a vehicle being seized under division (B) of this section.

(2) "Vehicle owner" means either of the following:

(a) The person in whose name is registered, at the time of the seizure, a vehicle that is seized under division (B) of this section;

(b) A person to whom the certificate of title to a vehicle that is seized under division (B) of this section has been assigned and who has not obtained a certificate of title to the vehicle in that person's name, but who is deemed by the court as being the owner of the vehicle at the time the vehicle was seized under division (B) of this section.

(3) "Interested party" includes the owner of a vehicle seized under this section, all lienholders, the arrested person, the owner of the place of storage at which a vehicle seized under this section is stored, and the person or entity that caused the vehicle to be removed.

(B)(1) If a person is arrested for a violation of section 4510.14 or 4511.203 of the Revised Code or a municipal ordinance that is substantially equivalent to either of those sections, the
arresting officer or another officer of the law enforcement agency that employs the
arresting officer, in addition to any action that the arresting officer is required or
authorized to take by any other provision of law, shall seize the vehicle that the person
was operating at the time of, or that was involved in, the alleged offense if the vehicle is registered in the arrested person's name and its license plates. A law enforcement agency that employs a law enforcement officer who makes an arrest of a type that is described in this division and that involves a rented or leased vehicle that is being rented or leased for a period of thirty days or less shall notify, within twenty-four hours after the officer makes the arrest, the lessor or owner of the vehicle regarding the circumstances of the arrest and the location at which the vehicle may be picked up. At the time of the seizure of the vehicle, the law enforcement officer who made the arrest shall give the arrested person written notice that the vehicle and its license plates have been seized; that the vehicle either will be kept by the officer's law enforcement agency or will be immobilized at least until the person's initial appearance on the charge of the offense for which the arrest was made; that, at the initial appearance, the court in certain circumstances may order that the vehicle and license plates be released to the arrested person until the disposition of that charge; that, if the arrested person is convicted of that charge, the court generally must order the immobilization of the vehicle and the impoundment of its license plates or the forfeiture of the vehicle; and that the arrested person may be charged expenses or charges incurred under this section and section 4503.233 of the Revised Code for the removal and storage of the vehicle.

(2) The arresting officer or a law enforcement officer of the agency that employs the arresting officer shall give written notice of the seizure under division (B)(1) of this section to the court that will conduct the initial appearance of the arrested person.
person on the charges arising out of the arrest. Upon receipt of
the notice, the court promptly shall determine whether the
arrested person is the vehicle owner. If the court determines that
the arrested person is not the vehicle owner, it promptly shall
send by regular mail written notice of the seizure to the
vehicle's registered owner. The written notice shall contain all
of the information required by division (B)(1) of this section to
be in a notice to be given to the arrested person and also shall
specify the date, time, and place of the arrested person's initial
appearance. The notice also shall inform the vehicle owner that if
title to a motor vehicle that is subject to an order for criminal
forfeiture under this section is assigned or transferred and
division (B)(2) or (3) of section 4503.234 of the Revised Code
applies, the court may fine the arrested person the value of the
vehicle. The notice also shall state that if the vehicle is
immobilized under division (A) of section 4503.233 of the Revised
Code, seven days after the end of the period of immobilization a
law enforcement agency will send the vehicle owner a notice,
informing the owner that if the release of the vehicle is not
obtained in accordance with division (D)(3) of section 4503.233 of
the Revised Code, the vehicle shall be forfeited. The notice also
shall inform the vehicle owner that the owner may be charged
expenses or charges incurred under this section and section
4503.233 of the Revised Code for the removal and storage of the
vehicle.

The written notice that is given to the arrested person also
shall state that if the person is convicted of or pleads guilty to
the offense and the court issues an immobilization and impoundment
order relative to that vehicle, division (D)(4) of section
4503.233 of the Revised Code prohibits the vehicle from being sold
during the period of immobilization without the prior approval of
the court.
(3) At or before the initial appearance, the vehicle owner may file a motion requesting the court to order that the vehicle and its license plates be released to the vehicle owner. Except as provided in this division and subject to the payment of expenses or charges incurred in the removal and storage of the vehicle, the court, in its discretion, then may issue an order releasing the vehicle and its license plates to the vehicle owner. Such an order may be conditioned upon such terms as the court determines appropriate, including the posting of a bond in an amount determined by the court. If the arrested person is not the vehicle owner and if the vehicle owner is not present at the arrested person's initial appearance, and if the court believes that the vehicle owner was not provided with adequate notice of the initial appearance, the court, in its discretion, may allow the vehicle owner to file a motion within seven days of the initial appearance. If the court allows the vehicle owner to file such a motion after the initial appearance, the extension of time granted by the court does not extend the time within which the initial appearance is to be conducted. If the court issues an order for the release of the vehicle and its license plates, a copy of the order shall be made available to the vehicle owner. If the vehicle owner presents a copy of the order to the law enforcement agency that employs the law enforcement officer who arrested the arrested person, the law enforcement agency promptly shall release the vehicle and its license plates to the vehicle owner upon payment by the vehicle owner of any expenses or charges incurred in the removal or storage of the vehicle.

(4) A vehicle seized under division (B)(1) of this section either shall be towed to a place specified by the law enforcement agency that employs the arresting officer to be safely kept by the agency at that place for the time and in the manner specified in this section or shall be otherwise immobilized for the time and in the manner specified in this section.
that agency shall remove the identification license plates of the vehicle, and they shall be safely kept by the agency for the time and in the manner specified in this section. The license plates shall remain on the seized vehicle unless otherwise ordered by the court. No vehicle that is seized and either towed or immobilized pursuant to this division shall be considered contraband for purposes of Chapter 2981. of the Revised Code. The vehicle shall not be immobilized at any place other than a commercially operated private storage lot, a place owned by a law enforcement or other government agency, or a place to which one of the following applies:

(a) The place is leased by or otherwise under the control of a law enforcement or other government agency.

(b) The place is owned by the arrested person, the arrested person's spouse, or a parent or child of the arrested person.

(c) The place is owned by a private person or entity, and, prior to the immobilization, the private entity or person that owns the place, or the authorized agent of that private entity or person, has given express written consent for the immobilization to be carried out at that place.

(d) The place is a public street or highway on which the vehicle is parked in accordance with the law.

(C)(1) A vehicle seized under division (B)(1) of this section shall be safely kept at the place to which it is towed or otherwise moved by the law enforcement agency that employs the arresting officer until the initial appearance of the arrested person relative to the charge in question. The license plates of that are removed pursuant to division (B)(1) of this section shall be safely kept by the law enforcement agency that employs the arresting officer until at least the initial appearance of the arrested person relative to
the charge in question unless otherwise ordered by the court.

(2)(a) At the initial appearance or not less than seven days prior to the date of final disposition, the court shall notify the arrested person that, if title to a motor vehicle that is subject to an order for criminal forfeiture under this section is assigned or transferred and division (B)(2) or (3) of section 4503.234 of the Revised Code applies, the court may fine the arrested person the value of the vehicle. If, at the initial appearance, the arrested person pleads guilty to the violation of section 4510.14 or 4511.203 of the Revised Code, or a municipal ordinance that is substantially equivalent to either of those sections or pleads no contest to and is convicted of the violation, the following sentencing provisions apply:

(i) If the person violated section 4510.14 of the Revised Code or a municipal ordinance that is substantially equivalent to that section, the court shall impose sentence upon the person as provided by law or ordinance; the court shall order the immobilization of the vehicle the arrested person was operating at the time of, or that was involved in, the offense if registered in the arrested person's name and the impoundment of its license plates under sections 4503.233 and 4510.14 of the Revised Code or the criminal forfeiture to the state of the vehicle if registered in the arrested person's name under sections 4503.234 and 4510.14 of the Revised Code, whichever is applicable; and the vehicle and its license plates shall not be returned or released to the arrested person.

(ii) If the person violated section 4511.203 of the Revised Code or a municipal ordinance that is substantially equivalent to that section, the court shall impose sentence upon the person as provided by law or ordinance; the court may order the immobilization of the vehicle the arrested person was operating at the time of, or that was involved in, the offense if registered in
the arrested person's name and the impoundment of its license plates under section 4503.233 and section 4511.203 of the Revised Code or the criminal forfeiture to the state of the vehicle if registered in the arrested person's name under section 4503.234 and section 4511.203 of the Revised Code, whichever is applicable; and the vehicle and its license plates shall not be returned or released to the arrested person.

(b) If, at any time, the charge that the arrested person violated section 4510.14 or 4511.203 of the Revised Code, or a municipal ordinance that is substantially equivalent to either of those sections is dismissed for any reason, the court shall order that the vehicle seized at the time of the arrest and its license plates immediately be released to the person.

(D) If a vehicle and its license plates are seized under division (B)(1) of this section and are not returned or released to the arrested person pursuant to division (C) of this section, the vehicle and its license plates shall be retained until the final disposition of the charge in question. Upon the final disposition of that charge, the court shall do whichever of the following is applicable:

(1) If the arrested person is convicted of or pleads guilty to the violation of section 4510.14 of the Revised Code or a municipal ordinance that is substantially equivalent to that section, the court shall impose sentence upon the person as provided by law or ordinance and shall order the immobilization of the vehicle the person was operating at the time of, or that was involved in, the offense if it is registered in the arrested person's name and the impoundment of its license plates under sections 4503.233 and 4510.14 of the Revised Code or the criminal forfeiture of the vehicle if it is registered in the arrested person's name under sections 4503.234 and 4510.14 of the Revised Code, whichever is applicable.
(2) If the arrested person is convicted of or pleads guilty to the violation of section 4511.203 of the Revised Code, or a municipal ordinance that is substantially equivalent to that section, the court shall impose sentence upon the person as provided by law or ordinance and may order the immobilization of the vehicle the person was operating at the time of, or that was involved in, the offense if it is registered in the arrested person's name and the impoundment of its license plates under section 4503.233 and section 4511.203 of the Revised Code or the criminal forfeiture of the vehicle if it is registered in the arrested person's name under section 4503.234 and section 4511.203 of the Revised Code, whichever is applicable.

(3) If the arrested person is found not guilty of the violation of section 4510.14 or 4511.203 of the Revised Code, or a municipal ordinance that is substantially equivalent to either of those sections, the court shall order that the vehicle and its license plates immediately be released to the arrested person.

(4) If the charge that the arrested person violated section 4510.14 or 4511.203 of the Revised Code, or a municipal ordinance that is substantially equivalent to either of those sections is dismissed for any reason, the court shall order that the vehicle and its license plates immediately be released to the arrested person.

(5) If the impoundment of the vehicle was not authorized under this section, the court shall order that the vehicle and its license plates be returned immediately to the arrested person or, if the arrested person is not the vehicle owner, to the vehicle owner and shall order that the state or political subdivision of the law enforcement agency served by the law enforcement officer who seized the vehicle pay all expenses and charges incurred in its removal and storage.

(E) If a vehicle is seized under division (B)(2) of this
section, the time between the seizure of the vehicle and either
its release to the arrested person pursuant to division (C) of
this section or the issuance of an order of immobilization of the
vehicle under section 4503.233 of the Revised Code shall be
credited against the period of immobilization ordered by the
court.

(F)(1) Except as provided in division (D)(4) of this section,
the arrested person may be charged expenses or charges incurred in
the removal and storage of the immobilized vehicle. The court with
jurisdiction over the case, after notice to all interested
parties, including lienholders, and after an opportunity for them
to be heard, if the court finds that the arrested person does not
intend to seek release of the vehicle at the end of the period of
immobilization under section 4503.233 of the Revised Code or that
the arrested person is not or will not be able to pay the expenses
and charges incurred in its removal and storage, may order that
title to the vehicle be transferred, in order of priority, first
into the name of the person or entity that removed it, next into
the name of a lienholder, or lastly into the name of the owner of
the place of storage.

Any lienholder that receives title under a court order shall
do so on the condition that it pay any expenses or charges
incurred in the vehicle's removal and storage. If the person or
entity that receives title to the vehicle is the person or entity
that removed it, the person or entity shall receive title on the
condition that it pay any lien on the vehicle. The court shall not
order that title be transferred to any person or entity other than
the owner of the place of storage if the person or entity refuses
to receive the title. Any person or entity that receives title
either may keep title to the vehicle or may dispose of the vehicle
in any legal manner that it considers appropriate, including
assignment of the certificate of title to the motor vehicle to a
salvage dealer or a scrap metal processing facility. The person or entity shall not transfer the vehicle to the person who is the vehicle's immediate previous owner.

If the person or entity that receives title assigns the motor vehicle to a salvage dealer or scrap metal processing facility, the person or entity shall send the assigned certificate of title to the motor vehicle to the clerk of the court of common pleas of the county in which the salvage dealer or scrap metal processing facility is located. The person or entity shall mark the face of the certificate of title with the words "FOR DESTRUCTION" and shall deliver a photocopy of the certificate of title to the salvage dealer or scrap metal processing facility for its records.

(2) Whenever a court issues an order under division (F)(1) of this section, the court also shall order removal of the license plates from the vehicle and cause them to be sent to the registrar if they have not already been sent to the registrar. Thereafter, no further proceedings shall take place under this section or under section 4503.233 of the Revised Code.

(3) Prior to initiating a proceeding under division (F)(1) of this section, and upon payment of the fee under division (B) of section 4505.14, any interested party may cause a search to be made of the public records of the bureau of motor vehicles or the clerk of the court of common pleas, to ascertain the identity of any lienholder of the vehicle. The initiating party shall furnish this information to the clerk of the court with jurisdiction over the case, and the clerk shall provide notice to the arrested person, any lienholder, and any other interested parties listed by the initiating party, at the last known address supplied by the initiating party, by certified mail, or, at the option of the initiating party, by personal service or ordinary mail.

Sec. 4735.13. (A) Every real estate broker licensed under
this chapter shall have and maintain a definite place of business in this state. A post office box address is not a definite place of business for purposes of this section. The license of a real estate broker shall be prominently displayed in the office or place of business of the broker, and no license shall authorize the licensee to do business except from the location specified in it. If the broker maintains more than one place of business within the state, the broker shall apply for and procure a duplicate license for each branch office maintained by the broker. Each branch office shall be in the charge of a licensed broker or salesperson. The branch office license shall be prominently displayed at the branch office location.

(B) The license of each real estate salesperson shall be electronically mailed to and remain in the possession of the licensed broker with whom the salesperson is or is to be associated until the licensee places the license on inactive or resigned status or until the salesperson leaves the brokerage or is terminated. The broker shall keep a copy of each salesperson's license in a way that it can, and shall on request, be made immediately available for public inspection at the office or place of business of the broker. Except as provided in divisions (G) and (H) of this section, immediately upon the salesperson's leaving the association or termination of the association of a real estate salesperson with the broker, the broker shall return the salesperson's license to notify the superintendent of real estate by electronic mail to the division of real estate's general electronic mail address. The broker shall keep a copy of the written notification for three years after it is sent.

The failure of a broker to return the license notify the superintendent of real estate in writing of a real estate salesperson or broker who leaves or who is terminated, via certified electronic mail return receipt requested, within three
business days of the receipt of a written request from the superintendent for the return of the license such notification, is prima-facie evidence of misconduct under division (A)(6) of section 4735.18 of the Revised Code.

(C) A licensee shall notify the superintendent in writing within fifteen days of any of the following occurrences:

(1) The licensee is convicted of a felony.

(2) The licensee is convicted of a crime involving moral turpitude.

(3) The licensee is found to have violated any federal, state, or municipal civil rights law pertaining to discrimination in housing.

(4) The licensee is found to have engaged in a discriminatory practice pertaining to housing accommodations described in division (H) of section 4112.02 of the Revised Code.

(5) The licensee is the subject of an order by the department of commerce, the department of insurance, or the department of agriculture revoking or permanently surrendering any professional license, certificate, or registration.

(6) The licensee is the subject of an order by any government agency concerning real estate, financial matters, or the performance of fiduciary duties with respect to any license, certificate, or registration.

If a licensee fails to notify the superintendent within the required time, the superintendent immediately may suspend the license of the licensee.

Any court that convicts a licensee of a violation of any municipal civil rights law pertaining to housing discrimination also shall notify the Ohio civil rights commission within fifteen days of the conviction.
(D) In case of any change of business location, a broker shall give notice to the superintendent, on a form prescribed by the superintendent, within thirty days after the change of location, whereupon the superintendent shall issue new licenses for the unexpired period without charge. If a broker changes a business location without giving the required notice and without receiving new licenses that action is prima-facie evidence of misconduct under division (A)(6) of section 4735.18 of the Revised Code.

(E) If a real estate broker desires to associate with another real estate broker in the capacity of a real estate salesperson, the broker shall apply to the superintendent to deposit the broker's real estate broker's license with the superintendent and for the issuance of a real estate salesperson's license. The application shall be made on a form prescribed by the superintendent and shall be accompanied by the recommendation of the real estate broker with whom the applicant intends to become associated and a fee of thirty-four dollars for the real estate salesperson's license. One dollar of the fee shall be credited to the real estate education and research fund. If the superintendent is satisfied that the applicant is honest and truthful, has not been convicted of a disqualifying offense as determined in accordance with section 9.79 of the Revised Code, and has not been finally adjudged by a court to have violated any municipal, state, or federal civil rights laws relevant to the protection of purchasers or sellers of real estate, and that the association of the real estate broker and the applicant will be in the public interest, the superintendent shall grant the application and issue a real estate salesperson's license to the applicant. Any license so deposited with the superintendent shall be subject to this chapter. A broker who intends to deposit the broker's license with the superintendent, as provided in this section, shall give written notice of this fact in a format prescribed by the
superintendent to all salespersons associated with the broker when applying to place the broker's license on deposit.

(F) If a real estate broker desires to become a member or officer of a partnership, association, limited liability company, limited liability partnership, or corporation that is or intends to become a licensed real estate broker, the broker shall notify the superintendent of the broker's intentions. The notice of intention shall be on a form prescribed by the superintendent and shall be accompanied by a fee of thirty-four dollars. One dollar of the fee shall be credited to the real estate education and research fund.

A licensed real estate broker who is a member or officer of a partnership, association, limited liability company, limited liability partnership, or corporation shall only act as a real estate broker for such partnership, association, limited liability company, limited liability partnership, or corporation.

(G)(1) If a real estate broker or salesperson enters the armed forces, the broker or salesperson may place the broker's or salesperson's license on deposit with the Ohio real estate commission. The licensee shall not be required to renew the license until the renewal date that follows the date of discharge from the armed forces. Any license deposited with the commission shall be subject to this chapter.

Any licensee whose license is on deposit under this division and who fails to meet the continuing education requirements of section 4735.141 of the Revised Code because the licensee is in the armed forces shall satisfy the commission that the licensee has complied with the continuing education requirements within twelve months of the licensee's first birthday after discharge or within the amount of time equal to the total number of months the licensee spent on active duty, whichever is greater. The licensee shall submit proper documentation of active duty service and the
length of that active duty service to the superintendent. The extension shall not exceed the total number of months that the licensee served in active duty. The superintendent shall notify the licensee of the licensee's obligations under section 4735.141 of the Revised Code at the time the licensee applies for reactivation of the licensee's license.

(2) If a licensee is a spouse of a member of the armed forces and the spouse's service resulted in the licensee's absence from this state, both of the following apply:

(a) The licensee shall not be required to renew the license until the renewal date that follows the date of the spouse's discharge from the armed forces.

(b) If the licensee fails to meet the continuing education requirements of section 4735.141 of the Revised Code, the licensee shall satisfy the commission that the licensee has complied with the continuing education requirements within twelve months after the licensee's first birthday after the spouse's discharge or within the amount of time equal to the total number of months the licensee's spouse spent on active duty, whichever is greater. The licensee shall submit proper documentation of the spouse's active duty service and the length of that active duty service. This extension shall not exceed the total number of months that the licensee's spouse served in active duty.

(3) In the case of a licensee as described in division (G)(2) of this section, who holds the license through a reciprocity agreement with another state, the spouse's service shall have resulted in the licensee's absence from the licensee's state of residence for the provisions of that division to apply.

(4) As used in this division, "armed forces" means the armed forces of the United States or reserve component of the armed forces of the United States including the Ohio national guard or
the national guard of any other state.

(H) If a licensed real estate salesperson submits an application to the superintendent to leave the association of one broker to associate with a different broker, the broker possessing the licensee's license need not return the salesperson's license to notify the superintendent pursuant to division (B) of this section. The superintendent may process the application regardless of whether the licensee's license is returned to the superintendent or the superintendent is notified pursuant to division (B) of this section.

Sec. 4735.14. (A) Each license issued under this chapter, shall be valid without further recommendation or examination until it is placed in an inactive or resigned status, is revoked or suspended, or such license expires by operation of law.

(B) Except for a licensee who has placed the licensee's license in resigned status pursuant to section 4735.142 of the Revised Code, each licensed broker, brokerage, or salesperson shall file, on or before the date the Ohio real estate commission has adopted by rule for that licensee in accordance with division (A)(2)(f) of section 4735.10 of the Revised Code, a notice of renewal on a form prescribed by the superintendent of real estate. The notice of renewal shall be mailed by the superintendent two months prior to the filing deadline to the personal residence electronic mail address of each broker or salesperson that is on file with the division. If the licensee is a partnership, association, limited liability company, limited liability partnership, or corporation, the notice of renewal shall be mailed by the superintendent two months prior to the filing deadline to the brokerage's business electronic mail address on file with the division. A licensee shall not renew the licensee's license any earlier than two months prior to the filing deadline.
(C) Except as otherwise provided in division (B) of this section, the license of any real estate broker, brokerage, or salesperson that fails to file a notice of renewal on or before the filing deadline of each ensuing year shall be suspended automatically without the taking of any action by the superintendent. A suspended license may be reactivated within twelve months of the date of suspension, provided that the renewal fee plus a penalty fee of fifty per cent of the renewal fee is paid to the superintendent. Failure to reactivate the license as provided in this division shall result in automatic revocation of the license without the taking of any action by the superintendent. No person, partnership, association, corporation, limited liability company, or limited partnership shall engage in any act or acts for which a real estate license is required while that entity's license is placed in an inactive or resigned status, or is suspended, or revoked. The commission shall adopt rules in accordance with Chapter 119. of the Revised Code to provide to licensees notice of suspension or revocation or both.

(D) Each licensee shall notify the superintendent of a change in personal residence address within thirty days after the change of location. A licensee's failure to notify the superintendent of a change in personal residence address does not negate the requirement to file the license renewal by the required deadline established by the commission by rule under division (A)(2)(f) of section 4735.10 of the Revised Code. Each licensee shall maintain a valid electronic mail address on file with the division and notify the superintendent of any change in electronic mail address within thirty days after the change.

(E) The superintendent shall not renew a license if the licensee fails to comply with section 4735.141 of the Revised Code or is otherwise not in compliance with this chapter.

(F) The superintendent shall make notice of successful
renewal available electronically to licensees as soon as practicable, but not later than thirty days after receipt by the division of a complete application and renewal fee. This notice shall serve as a notice of renewal for purposes of section 4745.02 of the Revised Code.

Sec. 5107.161. Before a county department of job and family services sanctions an assistance group under section 5107.16 of the Revised Code, the state department of job and family services shall provide the assistance group written notice of the sanction in accordance with rules adopted under section 5107.05 of the Revised Code. The written notice shall include a provision printed in bold type face that informs the assistance group that, not later than fifteen calendar days after the state department mailed the written notice to the assistance group, the assistance group may request, for the purpose of explaining why the assistance group believes it should not be sanctioned, a state hearing under division (B) of section 5101.35 of the Revised Code which, at the assistance group's request, may be preceded by a face-to-face county conference with the county department. The written notice shall include either the telephone number of an Ohio works first ombudsperson provided for under section 329.07 of the Revised Code or the toll-free telephone number of the state department of job and family services that the assistance group may call to obtain the telephone number of an Ohio works first ombudsperson.

Sec. 5120.14. (A) If a person who was convicted of or pleaded guilty to an offense escapes from a correctional institution in this state under the control of the department of rehabilitation and correction or otherwise escapes from the custody of the department, the department immediately after the escape shall report the escape, by telephone and in writing, to all local law enforcement agencies with jurisdiction in the county in which the
institution from which the escape was made or to which the person was sentenced is located, to all local law enforcement agencies with jurisdiction in the county in which the person was convicted or pleaded guilty to the offense for which the escaped person was sentenced, to the state highway patrol, to the prosecuting attorney of the county in which the institution from which the escape was made or to which the person was sentenced is located, to the prosecuting attorney of the county in which the person was convicted or pleaded guilty to the offense for which the escaped person was sentenced, to a newspaper of general circulation in the county in which the institution from which the escape was made or to which the person was sentenced is located, to a newspaper of general circulation in each county in which the escaped person was indicted for an offense for which, at the time of the escape, the escaped person had been sentenced to that institution. The written notice may be by either facsimile transmission, electronic mail, or mail. A failure to comply with this requirement is a violation of section 2921.22 of the Revised Code.

(B) Upon the apprehension of the escaped person, the department shall give notice of the apprehension by telephone and in writing to the persons who were given notice of the escape under division (A) of this section.

Sec. 5165.193. (A) The department of medicaid may, pursuant to rules authorized by this section, conduct an exception review of resident assessment data submitted by a nursing facility provider under section 5165.191 of the Revised Code. The department may conduct an exception review based on the findings of a medicaid certification survey conducted by the department of health, a risk analysis, or prior performance of the provider. Exception reviews shall be conducted
by appropriate health professionals under contract with or
employed by the department. The professionals may review resident
assessment forms and supporting documentation, conduct interviews,
and observe residents to identify any patterns or trends of
inaccurate resident assessments and resulting inaccurate case-mix
scores.

(B) If an exception review is conducted before the effective
date of a nursing facility's rate for direct care costs that is
based on the resident assessment data being reviewed and the
review results in findings that exceed tolerance levels specified
in the rules authorized by this section, the department, in
accordance with those rules, may use the findings to redetermine
individual resident case-mix scores, the nursing facility's
case-mix score for the quarter, and the nursing facility's annual
average case-mix score. The department may use the nursing
facility's redetermined quarterly and annual average case-mix
scores to determine the nursing facility's rate for direct care
costs for the appropriate calendar quarter or quarters.

(C) The department shall prepare a written summary of any
exception review finding that is made after the effective date of
a nursing facility's rate for direct care costs that is based on
the resident assessment data that was reviewed. Where the provider
is pursuing judicial or administrative remedies in good faith
regarding the finding, the department shall not withhold from the
provider's current payments any amounts the department claims to
be due from the provider pursuant to section 5165.41 of the
Revised Code.

(D)(1) The medicaid director shall adopt rules under section
5165.02 of the Revised Code as necessary to implement this
section. The rules shall establish an exception review program
that does all of the following:

(a) Requires each exception review to comply with Title XVIII
and Title XIX;

(b) Requires a written summary for each exception review that states whether resident assessment forms have been completed accurately;

(c) Prohibits each health professional who conducts an exception review from doing either of the following:

(i) During the period of the professional's contract or employment with the department, having or being committed to acquire any direct or indirect financial interest in the ownership, financing, or operation of nursing facilities in this state;

(ii) Reviewing any provider that has been a client of the professional.

(2) For the purposes of division (D)(1)(c)(i) of this section, employment of a member of a health professional's family by a nursing facility that the professional does not review does not constitute a direct or indirect financial interest in the ownership, financing, or operation of the nursing facility.

Sec. 5165.86. The department of medicaid, the department of health, and any contracting agency shall deliver a written notice, statement, or order to a nursing facility under sections 5165.60 to 5165.66 and 5165.69 to 5165.89 of the Revised Code by certified mail or hand delivery, or other means reasonably calculated to provide prompt actual notice. If the notice, statement, or order is mailed, it shall be addressed to the administrator of the facility as indicated in the department's or agency's records. If it is hand delivered, it shall be delivered to a person at the facility who would appear to the average prudent person to have authority to accept it.

Delivery of written notice by a nursing facility to the
department of health, the department of medicaid, or a contracting agency under sections 5165.60 to 5165.89 of the Revised Code shall be by certified mail or, hand delivery, or other means reasonably calculated to provide prompt actual notice to the appropriate department or the agency.

**Sec. 5166.303.** A home care attendant shall do all of the following:

(A) Maintain a clinical record for each consumer to whom the attendant provides home care attendant services in a manner that protects the consumer's privacy;

(B) Participate in a face-to-face visit every ninety days with all of the following to monitor the health and welfare of each of the consumers to whom the attendant provides home care attendant services:

(1) The consumer;

(2) The consumer's authorized representative, if any;

(3) A registered nurse who agrees to answer any questions that the attendant, consumer, or authorized representative has about consumer care needs, medications, and other issues.

(C) Document the activities of each visit required by division (B) of this section in the consumer's clinical record with the assistance of the registered nurse.

(D) The face-to-face visit requirement in division (B) of this section may be satisfied by telephone or electronically if permitted by rules adopted under section 5166.02 of the Revised Code.

**Sec. 5168.08.** (A) Before or during each program year, the department of medicaid shall mail issue to each hospital by certified mail, return receipt requested, the preliminary
determination of the amount that the hospital is assessed under section 5168.06 of the Revised Code during the program year. The preliminary determination of a hospital's assessment shall be calculated for a cost-reporting period that is specified in rules adopted under section 5168.02 of the Revised Code.

The department shall consult with hospitals each year when determining the date on which it will mail issue the preliminary determinations in order to minimize hospitals' cash flow difficulties.

If no hospital submits a request for reconsideration under division (B) of this section, the preliminary determination constitutes the final reconciliation of each hospital's assessment under section 5168.06 of the Revised Code. The final reconciliation is subject to adjustments under division (D) of this section.

(B) Not later than fourteen days after the preliminary determinations are mailed issued, any hospital may submit to the department a written request to reconsider the preliminary determinations. The request shall be accompanied by written materials setting forth the basis for the reconsideration. If one or more hospitals submit a request, the department shall hold a public hearing not later than thirty days after the preliminary determinations are mailed issued to reconsider the preliminary determinations. The department shall mail issue to each hospital a written notice of the date, time, and place of the hearing at least ten days prior to the hearing. On the basis of the evidence submitted to the department or presented at the public hearing, the department shall reconsider and may adjust the preliminary determinations. The result of the reconsideration is the final reconciliation of the hospital's assessment under section 5168.06 of the Revised Code. The final reconciliation is subject to adjustments under division (D) of this section.
(C) The department shall mail issue to each hospital a written notice of its assessment for the program year under the final reconciliation. A hospital may appeal the final reconciliation of its assessment to the court of common pleas of Franklin county. While a judicial appeal is pending, the hospital shall pay, in accordance with the schedules required by division (B) of section 5168.06 of the Revised Code, any amount of its assessment that is not in dispute into the hospital care assurance program fund created in section 5168.11 of the Revised Code.

(D) In the course of any program year, the department may adjust the assessment rate or rates established in rules pursuant to section 5168.06 of the Revised Code or adjust the amounts of intergovernmental transfers required under section 5168.07 of the Revised Code and, as a result of the adjustment, adjust each hospital's assessment and intergovernmental transfer, to reflect refinements made by the United States centers for medicare and medicaid services during that program year to the limits it prescribed under the "Social Security Act," section 1923(f), 42 U.S.C. 1396r-4(f). When adjusted, the assessment rate or rates must comply with division (A) of section 5168.06 of the Revised Code. An adjusted intergovernmental transfer must comply with division (A) of section 5168.07 of the Revised Code. The department shall notify hospitals of adjustments made under this division and adjust for the remainder of the program year the installments paid by hospitals under sections 5168.06 and 5168.07 of the Revised Code in accordance with rules adopted under section 5168.02 of the Revised Code.

Sec. 5168.22. (A) Before or during each assessment program year, the department of medicaid shall mail issue to each hospital by certified mail, return receipt requested, the preliminary determination of the amount that the hospital is assessed under section 5168.21 of the Revised Code for the assessment program.
year. Except as provided in division (B) of this section, the preliminary determination becomes the final determination for the assessment program year fifteen days after the preliminary determination is mailed to the hospital.

(B) A hospital may request that the department reconsider the preliminary determination mailed to the hospital under division (A) of this section by submitting to the department a written request for a reconsideration not later than fourteen days after the hospital's preliminary determination is mailed to the hospital. The request must be accompanied by written materials setting forth the basis for the reconsideration. On receipt of the timely request, the department shall reconsider the preliminary determination and may adjust the preliminary determination on the basis of the written materials accompanying the request. The result of the reconsideration is the final determination of the hospital's assessment under section 5168.21 of the Revised Code for the assessment program year.

(C) The department shall mail to each hospital a written notice of the final determination of its assessment for the assessment program year. A hospital may appeal the final determination to the court of common pleas of Franklin county. While a judicial appeal is pending, the hospital shall pay, in accordance with section 5168.23 of the Revised Code, any amount of its assessment that is not in dispute.

Sec. 5168.23. Each hospital shall pay the amount it is assessed under section 5168.21 of the Revised Code in accordance with a payment schedule the department of medicaid shall establish for each assessment program year. The department shall consult with the Ohio hospital association before establishing the payment schedule for any assessment program year. The department shall include the payment schedule in each preliminary determination.
notice the department mails issues to hospitals under division (A) of section 5168.22 of the Revised Code.

Sec. 5525.01. Before entering into a contract, the director of transportation shall may advertise for bids for two consecutive weeks in one newspaper of general circulation published in the county in which the improvement or part thereof is located, but if there is no such newspaper then in one newspaper having general circulation in an adjacent county. In the alternative, the director may advertise for bids as provided in section 7.16 of the Revised Code. The director may shall advertise for bids in such other publications as the director considers advisable. Such notices shall state that plans and specifications for the improvement are on file in the office of the director and the district deputy director of the district in which the improvement or part thereof is located and the time within which bids therefor will be received.

Each bidder shall be required to file with the bidder's bid a bid guaranty in the form of a certified check, a cashier's check, or an electronic funds transfer to the treasurer of state that is evidenced by a receipt or by a certification to the director of transportation in a form prescribed by the director that an electronic funds transfer has been made to the treasurer of state, for an amount equal to five per cent of the bidder's bid, but in no event more than fifty thousand dollars, or a bid bond for ten per cent of the bidder's bid, payable to the director, which check, transferred sum, or bond shall be forthwith returned to the bidder in case the contract is awarded to another bidder, or, in case of a successful bidder, when the bidder has entered into a contract and furnished the bonds required by section 5525.16 of the Revised Code. In the event the contract is awarded to a bidder, and the bidder fails or refuses to furnish the bonds as
required by section 5525.16 of the Revised Code, the check, 
transferred sum, or bid bond filed with the bidder's bid shall be 
forfeited as liquidated damages. No bidder shall be required 
either to file a signed contract with the bidder's bid, to enter 
into a contract, or to furnish the contract performance bond and 
the payment bond required by that section until the bids have been 
opened and the bidder has been notified by the director that the 
bidder is awarded the contract.

The director shall permit a bidder to withdraw the bidder's 
bid from consideration, without forfeiture of the check, 
transferred sum, or bid bond filed with the bid, providing a 
written request together with a sworn statement of the grounds for 
such withdrawal is delivered within forty-eight hours after the 
time established for the receipt of bids, and if the price bid was 
substantially lower than the other bids, providing the bid was 
submitted in good faith, and the reason for the price bid being 
substantially lower was a clerical mistake evident on the face of 
the bid, as opposed to a judgment mistake, and was actually due to 
an unintentional and substantial arithmetic error or an 
unintentional omission of a substantial quantity of work, labor, 
or material made directly in the compilation of the bid. In the 
event the director decides the conditions for withdrawal have not 
been met, the director may award the contract to such bidder. If 
such bidder does not then enter into a contract and furnish the 
contract bond as required by law, the director may declare 
forfeited the check, transferred sum, or bid bond as liquidated 
damages and award the contract to the next higher bidder or reject 
the remaining bids and readvertise the project for bids. Such 
bidder, within thirty days, may appeal the decision of the 
director to the court of common pleas of Franklin county and the 
court may affirm or reverse the decision of the director and may 
order the director to refund the amount of the forfeiture. At the 
hearing before the common pleas court evidence may be introduced
for and against the decision of the director. The decision of the common pleas court may be appealed as in other cases.

There is hereby created the ODOT letting fund, which shall be in the custody of the treasurer of state but shall not be part of the state treasury. All certified checks and cashiers' checks received with bidders' bids, and all sums transferred to the treasurer of state by electronic funds transfer in connection with bidders' bids, under this section shall be credited to the fund. All such bid guaranties shall be held in the fund until a determination is made as to the final disposition of the money. If the department determines that any such bid guaranty is no longer required to be held, the amount of the bid guaranty shall be returned to the appropriate bidder. If the department determines that a bid guaranty under this section shall be forfeited, the amount of the bid guaranty shall be transferred or, in the case of money paid on a forfeited bond, deposited into the state treasury, to the credit of the highway operating fund. Any investment earnings of the ODOT letting fund shall be distributed as the treasurer of state considers appropriate.

The director shall require all bidders to furnish the director, upon such forms as the director may prescribe, detailed information with respect to all pending work of the bidder, whether with the department of transportation or otherwise, together with such other information as the director considers necessary.

In the event a bidder fails to submit anything required to be submitted with the bid and then fails or refuses to so submit such at the request of the director, the failure or refusal constitutes grounds for the director, in the director's discretion, to declare as forfeited the bid guaranty submitted with the bid.

The director may reject any or all bids. Except in regard to contracts for environmental remediation and specialty work for
which there are no classes of work set out in the rules adopted by
the director, if the director awards the contract, the director
shall award it to the lowest competent and responsible bidder as
defined by rules adopted by the director under section 5525.05 of
the Revised Code, who is qualified to bid under sections 5525.02
to 5525.09 of the Revised Code. In regard to contracts for
environmental remediation and specialty work for which there are
no classes of work set out in the rules adopted by the director,
the director shall competitively bid the projects in accordance
with this chapter and shall award the contracts to the lowest and
best bidder.

The award for all projects competitively let by the director
under this section shall be made within ten days after the date on
which the bids are opened, and the successful bidder shall enter
into a contract and furnish a contract performance bond and a
payment bond, as provided for in section 5525.16 of the Revised
Code, within ten days after the bidder is notified that the bidder
has been awarded the contract.

The director may insert in any contract awarded under this
chapter a clause providing for value engineering change proposals,
under which a contractor who has been awarded a contract may
propose a change in the plans and specifications of the project
that saves the department time or money on the project without
impairing any of the essential functions and characteristics of
the project such as service life, reliability, economy of
operation, ease of maintenance, safety, and necessary standardized
features. If the director adopts the value engineering proposal,
the savings from the proposal shall be divided between the
department and the contractor according to guidelines established
by the director, provided that the contractor shall receive at
least fifty per cent of the savings from the proposal. The
adoption of a value engineering proposal does not invalidate the
award of the contract or require the director to rebid the project.

Sec. 5703.37. (A)(1) Except as provided in division (B) of this section, whenever service of a notice or order is required in the manner provided in this section, a copy of the notice or order shall be served upon the person affected thereby either by personal service, by certified mail, or by a delivery service authorized under section 5703.056 of the Revised Code that notifies the tax commissioner of the date of delivery.

(2) In lieu of serving a copy of a notice or order through one of the means provided in division (A)(1) of this section, the commissioner may serve a notice or order upon the person affected thereby through alternative means as provided in this section, including, but not limited to, delivery by secure electronic mail as provided in division (F) of this section. Delivery by such means satisfies the requirements for delivery under this section.

(B)(1)(a) If certified mail is returned because of an undeliverable address, the commissioner shall first utilize reasonable means to ascertain a new last known address, including the use of a change of address service offered by the United States postal service or an authorized delivery service under section 5703.056 of the Revised Code. If, after using reasonable means, the commissioner is unable to ascertain a new last known address, the assessment is final for purposes of section 131.02 of the Revised Code sixty days after the notice or order sent by certified mail is first returned to the commissioner, and the commissioner shall certify the notice or order, if applicable, to the attorney general for collection under section 131.02 of the Revised Code.

(b) Notwithstanding certification to the attorney general under division (B)(1)(a) of this section, once the commissioner or
attorney general, or the designee of either, makes an initial contact with the person to whom the notice or order is directed, the person may protest an assessment by filing a petition for reassessment within sixty days after the initial contact. The certification of an assessment under division (B)(1)(a) of this section is prima-facie evidence that delivery is complete and that the notice or order is served.

(2) If mailing of a notice or order by certified mail is returned for some cause other than an undeliverable address or if a person does not access an electronic notice or order within the time provided in division (F) of this section, the commissioner shall resend the notice or order by ordinary mail. The notice or order shall show the date the commissioner sends the notice or order and include the following statement:

"This notice or order is deemed to be served on the addressee under applicable law ten days from the date this notice or order was mailed by the commissioner as shown on the notice or order, and all periods within which an appeal may be filed apply from and after that date."

Unless the mailing is returned because of an undeliverable address, the mailing of that information is prima-facie evidence that delivery of the notice or order was completed ten days after the commissioner sent the notice or order by ordinary mail and that the notice or order was served.

If the ordinary mail is subsequently returned because of an undeliverable address, the commissioner shall proceed under division (B)(1)(a) of this section. A person may challenge the presumption of delivery and service under this division in accordance with division (C) of this section.

(C)(1) A person disputing the presumption of delivery and service under division (B) of this section bears the burden of
proving by a preponderance of the evidence that the address to which the notice or order was sent was not an address with which the person was associated at the time the commissioner originally mailed the notice or order by certified mail. For the purposes of this section, a person is associated with an address at the time the commissioner originally mailed the notice or order if, at that time, the person was residing, receiving legal documents, or conducting business at the address; or if, before that time, the person had conducted business at the address and, when the notice or order was mailed, the person's agent or the person's affiliate was conducting business at the address. For the purposes of this section, a person's affiliate is any other person that, at the time the notice or order was mailed, owned or controlled at least twenty per cent, as determined by voting rights, of the addressee's business.

(2) If the person elects to protest an assessment certified to the attorney general for collection, the person must do so within sixty days after the attorney general's initial contact with the person. The attorney general may enter into a compromise with the person under sections 131.02 and 5703.06 of the Revised Code if the person does not file a petition for reassessment with the commissioner.

(D) Nothing in this section prohibits the commissioner or the commissioner's designee from delivering a notice or order by personal service.

(E) Collection actions taken pursuant to section 131.02 of the Revised Code upon any assessment being challenged under division (B)(1)(b) of this section shall be stayed upon the pendency of an appeal under this section. If a petition for reassessment is filed pursuant to this section on a claim that has been certified to the attorney general for collection, the claim shall be uncertified.
(F) The commissioner may serve a notice or order upon the person affected by the notice or order or that person's authorized representative through secure electronic means only with the person's consent associated with the person's or representative's last known address. The commissioner must inform the recipient, electronically or by mail, that a notice or order is available for electronic review and provide instructions to access and print the notice or order. The types of electronic notification the commissioner may use include electronic mail, text message, or any other form of electronic communication. The recipient's electronic access of the notice or order satisfies the requirements for delivery under this section. If the recipient fails to access the notice or order electronically within ten business days, then the commissioner shall inform the recipient a second time, electronically or by mail, that a notice or order is available for electronic review and provide instructions to access and print the notice or order. If the recipient fails to access the notice or order electronically within ten business days of the second notification, the notice or order shall be served upon the person through the means provided in division (B)(2) of this section.

(2) The tax commissioner shall establish a system to issue notification of assessments to taxpayers through secure electronic means.

(G) As used in this section:

(1) "Last known address" means the address the department has at the time the document is originally sent by certified mail, or any address the department can ascertain using reasonable means such as the use of a change of address service offered by the United States postal service or an authorized delivery service under section 5703.056 of the Revised Code. For documents sent by secure electronic means, "last known address" means an electronic
mode of communication that is identified on a form prescribed by the commissioner for such purpose or that is associated with the person or the authorized representative of the person on the Ohio business gateway, as defined in section 718.01 of the Revised Code, as of the date the notification was sent.

(2) "Undeliverable address" means an address to which the United States postal service or an authorized delivery service under section 5703.056 of the Revised Code is not able to deliver a notice or order, except when the reason for nondelivery is because the addressee fails to acknowledge or accept the notice or order.

Sec. 5709.83. (A) Except as otherwise provided in division (B) or (C) of this section, prior to taking formal action to adopt or enter into any instrument granting a tax exemption under section 725.02, 1728.06, 5709.40, 5709.41, 5709.45, 5709.62, 5709.63, 5709.632, 5709.73, 5709.78, 5709.84, or 5709.88 of the Revised Code or formally approving an agreement under section 3735.671 of the Revised Code, or prior to forwarding an application for a tax exemption for residential property under section 3735.67 of the Revised Code to the county auditor, the legislative authority of the political subdivision or housing officer shall notify the board of education of each city, local, exempted village, or joint vocational school district in which the proposed tax-exempted property is located. The notice shall include a copy of the instrument or application. The notice shall be delivered not later than fourteen days prior to the day the legislative authority takes formal action to adopt or enter into the instrument, or not later than fourteen days prior to the day the housing officer forwards the application to the county auditor. If the board of education comments on the instrument or application to the legislative authority or housing officer, the legislative authority or housing officer shall consider the
comments. If the board of education of the city, local, exempted 147553
village, or joint vocational school district so requests, the 147554
legislative authority or the housing officer shall meet in person 147555
with a representative designated by the board of education to 147556
discuss the terms of the instrument or application. 147557

(B) The notice otherwise required to be provided to boards of 147558
education under division (A) of this section is not required if 147559
the board has adopted a resolution waiving its right to receive 147560
such notices, and that resolution remains in effect. If a board of 147561
education adopts such a resolution, the board shall cause a copy 147562
of the resolution to be certified to the legislative authority. If 147563
the board of education rescinds such a resolution, it shall 147564
certify notice of the rescission to the legislative authority. A 147565
board of education may adopt such a resolution with respect to any 147566
one or more counties, townships, or municipal corporations 147567
situated in whole or in part within the school district. 147568

(C) If a legislative authority is required to provide notice 147569
to a city, local, or exempted village school district of its 147570
intent to adopt or enter into any instrument granting a tax 147571
exemption as required by section 3735.671, 5709.40, 5709.41, 147572
5709.45, 5709.62, 5709.63, 5709.632, 5709.73, or 5709.78 of the 147573
Revised Code, the legislative authority, before adopting a 147574
resolution or ordinance or entering into an agreement under that 147575
section, shall notify the board of education of each joint 147576
vocational school district in which the property to be exempted is 147577
located using the same time requirements for the notice that 147578
applies to notices to city, local, and exempted village school 147579
districts. The content of the notice and procedures for responding 147580
to the notice are the same as required in division (A) of this 147581
section.

Sec. 5736.041. The tax commissioner shall prepare and 147582
maintain a list of suppliers holding a license issued under section 5736.06 of the Revised Code that has not been revoked or canceled under section 5736.07 of the Revised Code. The list shall contain the names and addresses of all such suppliers and each supplier's account number for the tax imposed under section 5736.02 of the Revised Code. The list shall be open to public inspection in the office of the commissioner. The commissioner may shall post the list on the department of taxation's web site.

Sec. 5751.40. (A) As used in this section and division (F)(2)(z) of section 5751.01 of the Revised Code:

(1) "Qualifying distribution center receipts" means receipts of a supplier from qualified property that is delivered to a qualified distribution center, multiplied by a quantity that equals one minus the Ohio delivery percentage. If the qualified distribution center is a refining facility, "supplier" includes all dealers, brokers, processors, sellers, vendors, cosigners, and distributors of qualified property.

(2) "Qualified property" means tangible personal property delivered to a qualified distribution center that is shipped to that qualified distribution center solely for further shipping by the qualified distribution center to another location in this state or elsewhere or, in the case of gold, silver, platinum, or palladium delivered to a refining facility solely for refining to a grade and fineness acceptable for delivery to a registered commodities exchange. "Further shipping" includes storing and repackaging property into smaller or larger bundles, so long as the property is not subject to further manufacturing or processing. "Refining" is limited to extracting impurities from gold, silver, platinum, or palladium through smelting or some other process at a refining facility.

(3) "Qualified distribution center" means a warehouse, a
facility similar to a warehouse, or a refining facility in this state that, for the qualifying year, is operated by a person that is not part of a combined taxpayer group and that has a qualifying certificate. All warehouses or facilities similar to warehouses that are operated by persons in the same taxpayer group and that are located within one mile of each other shall be treated as one qualified distribution center. All refining facilities that are operated by persons in the same taxpayer group and that are located in the same or adjacent counties may be treated as one qualified distribution center.

(4) "Qualifying year" means the calendar year to which the qualifying certificate applies.

(5) "Qualifying period" means the period of the first day of July of the second year preceding the qualifying year through the thirtieth day of June of the year preceding the qualifying year.

(6) "Qualifying certificate" means the certificate issued by the tax commissioner after the operator of a distribution center files an annual application with the commissioner under division (B) of this section.

(7) "Ohio delivery percentage" means the proportion of the total property delivered to a destination inside Ohio from the qualified distribution center during the qualifying period compared with total deliveries from such distribution center everywhere during the qualifying period.

(8) "Refining facility" means one or more buildings located in a county in the Appalachian region of this state as defined by section 107.21 of the Revised Code and utilized for refining or smelting gold, silver, platinum, or palladium to a grade and fineness acceptable for delivery to a registered commodities exchange.

(9) "Registered commodities exchange" means a board of trade,
such as New York mercantile exchange, inc. or commodity exchange, inc., designated as a contract market by the commodity futures trading commission under the "Commodity Exchange Act," 7 U.S.C. 1 et seq., as amended.

(10) "Ineligible operator's supplier tax liability" means an amount equal to the tax liability of all suppliers of a distribution center had the distribution center not been issued a qualifying certificate for the qualifying year. Ineligible operator's supplier tax liability shall not include interest or penalties.

(B) For purposes of division (B) of this section, "supplier" excludes any person that is part of the consolidated elected taxpayer group, if applicable, of the operator of the qualified distribution center.

(1) An application for a qualifying certificate to be a qualified distribution center shall be filed, and an annual fee paid, for each qualified distribution center on or before the first day of September before the qualifying year or within forty-five days after the distribution center opens, whichever is later. The applicant must substantiate to the commissioner's satisfaction that, for the qualifying period, all persons operating the distribution center have more than fifty per cent of the cost of the qualified property shipped to a location such that it would be sitused outside this state under the provisions of division (E) of section 5751.033 of the Revised Code. The applicant must also substantiate that the distribution center cumulatively had costs from its suppliers equal to or exceeding five hundred million dollars during the qualifying period.

The commissioner may require an applicant to have an independent certified public accountant certify that the calculation of the minimum thresholds required for a qualified distribution center by the operator of a distribution center has
been made in accordance with generally accepted accounting principles. The commissioner shall issue or deny the issuance of a certificate within sixty days after the receipt of the application. A denial is subject to appeal under section 5717.02 of the Revised Code. If the operator files a timely appeal under section 5717.02 of the Revised Code, the operator shall be granted a qualifying certificate effective for the remainder of the qualifying year or until the appeal is finalized, whichever is earlier. If the operator does not prevail in the appeal, the operator shall pay the ineligible operator's supplier tax liability.

(2) If the distribution center is new and was not open for the entire qualifying period, the operator of the distribution center may request that the commissioner grant a qualifying certificate. If the certificate is granted and it is later determined that more than fifty per cent of the qualified property during that year was not shipped to a location such that it would be sitused outside of this state under the provisions of division (E) of section 5751.033 of the Revised Code or if it is later determined that the person that operates the distribution center had average monthly costs from its suppliers of less than forty million dollars during that year, then the operator of the distribution center shall pay the ineligible operator's supplier tax liability.

(3) The commissioner may grant a qualifying certificate to a distribution center that does not qualify as a qualified distribution center for an entire qualifying period if the operator of the distribution center demonstrates that the business operations of the distribution center have changed or will change such that the distribution center will qualify as a qualified distribution center within thirty-six months after the date the operator first applies for a certificate. If, at the end of that
thirty-six-month period, the business operations of the distribution center have not changed such that the distribution center qualifies as a qualified distribution center, the operator of the distribution center shall pay the ineligible operator's supplier tax liability for each year that the distribution center received a certificate but did not qualify as a qualified distribution center. For each year the distribution center receives a certificate under division (B)(3) of this section, the distribution center shall pay all applicable fees required under this section and shall submit an updated business plan showing the progress the distribution center made toward qualifying as a qualified distribution center during the preceding year.

(4) An operator may appeal a determination under division (B)(2) or (3) of this section that the ineligible operator is liable for the operator's supplier tax liability as a result of not qualifying as a qualified distribution center, as provided in section 5717.02 of the Revised Code.

(C)(1) When filing an application for a qualifying certificate under division (B)(1) of this section, the operator of a qualified distribution center also shall provide documentation, as the commissioner requires, for the commissioner to ascertain the Ohio delivery percentage. The commissioner, upon issuing the qualifying certificate, also shall certify the Ohio delivery percentage. The operator of the qualified distribution center may appeal the commissioner's certification of the Ohio delivery percentage in the same manner as an appeal is taken from the denial of a qualifying certificate under division (B)(1) of this section.

(2) In the case where the distribution center is new and not open for the entire qualifying period, the operator shall make a good faith estimate of an Ohio delivery percentage for use by suppliers in their reports of taxable gross receipts for the
remainder of the qualifying period. The operator of the facility shall disclose to the suppliers that such Ohio delivery percentage is an estimate and is subject to recalculation. By the due date of the next application for a qualifying certificate, the operator shall determine the actual Ohio delivery percentage for the estimated qualifying period and proceed as provided in division (C)(1) of this section with respect to the calculation and recalculation of the Ohio delivery percentage. The supplier is required to file, within sixty days after receiving notice from the operator of the qualified distribution center, amended reports for the impacted calendar quarter or quarters or calendar year, whichever the case may be. Any additional tax liability or tax overpayment shall be subject to interest but shall not be subject to the imposition of any penalty so long as the amended returns are timely filed.

(3) The operator of a distribution center that receives a qualifying certificate under division (B)(3) of this section shall make a good faith estimate of the Ohio delivery percentage that the operator estimates will apply to the distribution center at the end of the thirty-six-month period after the operator first applied for a qualifying certificate under that division. The result of the estimate shall be multiplied by a factor of one and seventy-five one-hundredths. The product of that calculation shall be the Ohio delivery percentage used by suppliers in their reports of taxable gross receipts for each qualifying year that the distribution center receives a qualifying certificate under division (B)(3) of this section, except that, if the product is less than five per cent, the Ohio delivery percentage used shall be five per cent and that, if the product exceeds forty-nine per cent, the Ohio delivery percentage used shall be forty-nine per cent.

(D) Qualifying certificates and Ohio delivery percentages
issued by the commissioner shall be open to public inspection and shall be timely published by the commissioner on the department of taxation's web site and shall be accessible on that web site for at least four years after the date of issuance. A supplier relying in good faith on a certificate issued under this section shall not be subject to tax on the qualifying distribution center receipts under this section and division (F)(2)(z) of section 5751.01 of the Revised Code. An operator receiving a qualifying certificate is liable for the ineligible operator's supplier tax liability for each year the operator received a certificate but did not qualify as a qualified distribution center.

(E) The tax commissioner shall determine an ineligible operator's supplier tax liability based on information that the commissioner may request from the operator of the distribution center. An operator shall provide a list of all suppliers of the distribution center and the corresponding costs of qualified property for the qualifying year at issue within sixty days of a request by the commissioner under this division.

(F) The annual fee for a qualifying certificate shall be one hundred thousand dollars for each qualified distribution center. If a qualifying certificate is not issued, the annual fee is subject to refund after the exhaustion of all appeals provided for in division (B)(1) of this section. The first one hundred thousand dollars of the annual application fees collected each calendar year shall be credited to the revenue enhancement fund. The remainder of the annual application fees collected shall be distributed in the same manner required under section 5751.20 of the Revised Code.

(G) The tax commissioner may require that adequate security be posted by the operator of the distribution center on appeal when the commissioner disagrees that the applicant has met the minimum thresholds for a qualified distribution center as set
forth in this section.

Section 130.31. That existing sections 127.15, 173.03, 753.19, 1121.38, 1509.06, 1513.08, 1513.16, 1565.12, 1571.05, 1571.08, 1571.10, 1571.14, 1571.15, 1571.16, 1707.02, 1707.04, 1707.042, 1707.091, 1707.11, 1707.43, 1733.16, 2941.401, 3111.23, 3301.05, 3302.04, 3310.521, 3313.41, 3313.818, 3314.21, 3319.081, 3319.11, 3319.16, 3319.291, 3319.311, 3321.13, 3321.21, 3704.03, 3734.02, 3734.021, 3734.575, 3746.09, 3752.11, 3772.031, 3772.04, 3772.11, 3772.12, 3772.13, 3772.131, 3781.08, 3781.11, 3781.25, 3781.29, 3781.342, 3904.08, 4121.19, 4123.512, 4123.52, 4125.03, 4141.09, 4141.47, 4167.10, 4301.17, 4301.30, 4303.24, 4507.081, 4508.021, 4509.101, 4510.41, 4735.13, 4735.14, 5107.161, 5120.14, 5165.193, 5165.86, 5166.303, 5168.08, 5168.22, 5168.23, 5525.01, 5703.37, 5709.83, 5736.041, and 5751.40 of the Revised Code are hereby repealed.

Section 130.32. That section 5123.195 of the Revised Code is hereby repealed.

Section 130.33. The amendment by this act of sections 5168.22 and 5168.23 of the Revised Code does not supersede the repeal of those sections on October 1, 2023, as prescribed by Section 610.20 of H.B. 110 of the 134th General Assembly.

The amendment by this act of section 5168.08 of the Revised Code does not supersede the repeal of that section on October 16, 2023, as prescribed by Section 610.20 of H.B. 110 of the 134th General Assembly.

Section 130.34. The General Assembly, applying the principle stated in division (B) of section 1.52 of the Revised Code that amendments are to be harmonized if reasonably capable of simultaneous operation, finds that the following sections,
presented in this act as composites of the sections as amended by the acts indicated, are the resulting versions of the sections in effect prior to the effective date of the sections as presented in this act:

Section 3302.04 of the Revised Code as amended by both H.B. 82 and H.B. 110 of the 134th General Assembly.

The version of section 3772.13 of the Revised Code that is scheduled to take effect December 29, 2023, as amended by both H.B. 509 and S.B. 131 of the 134th General Assembly.

The version of section 3772.131 of the Revised Code that is scheduled to take effect December 29, 2023, as amended by both H.B. 509 and S.B. 131 of the 134th General Assembly.

Section 4509.101 of the Revised Code as amended by both H.B. 62 and H.B. 158 of the 133rd General Assembly.

Section 130.35. That the versions of sections 3772.13 and 3772.131 of the Revised Code that are scheduled to take effect December 29, 2023, be amended to read as follows:

Sec. 3772.13. (A) No person may be employed as a key employee of a casino operator, management company, or holding company unless the person is the holder of a valid key employee license issued by the commission.

(B) No person may be employed as a key employee of a gaming-related vendor unless that person is either the holder of a valid key employee license issued by the commission, or the person, at least five business days prior to the first day of employment as a key employee, has filed a notification of employment with the commission and subsequently files a completed application for a key employee license within the first thirty days of employment as a key employee.
(C) Each applicant shall, before the issuance of any key employee license, produce information, documentation, and assurances as are required by this chapter and rules adopted thereunder. In addition, each applicant shall, in writing, authorize the examination of all bank accounts and records as may be deemed necessary by the commission.

(D) To be eligible for a key employee license, the applicant shall be at least twenty-one years of age and shall meet the criteria set forth by rule by the commission.

(E) Each application for a key employee license shall be on a form prescribed by the commission and shall contain all information required by the commission. The applicant shall set forth in the application if the applicant has been issued prior gambling-related licenses; if the applicant has been licensed in any other state under any other name, and, if so, the name under which the license was issued and the applicant's age at the time the license was issued; any criminal conviction the applicant has had; and if a permit or license issued to the applicant in any other state has been suspended, restricted, or revoked, and, if so, the cause and the duration of each action. The applicant also shall complete a cover sheet for the application on which the applicant shall disclose the applicant's name, the business address of the casino operator, management company, holding company, or gaming-related vendor employing the applicant, the business address and telephone number of such employer, and the county, state, and country in which the applicant's residence is located.

(F) Each applicant shall submit with each application, on a form provided by the commission, two sets of fingerprints. The commission shall charge each applicant an application fee set by the commission to cover all actual costs generated by each licensee and all background checks under this section and section
3772.07 of the Revised Code.

(G)(1) The casino operator, management company, or holding company by whom a person is employed as a key employee shall terminate the person's employment in any capacity requiring a license under this chapter and shall not in any manner permit the person to exercise a significant influence over the operation of a casino facility if:

(a) The person does not apply for and receive a key employee license within three months of being issued a provisional license, as established under commission rule.

(b) The person's application for a key employee license is denied by the commission.

(c) The person's key employee license is revoked by the commission.

The commission shall notify the casino operator, management company, or holding company who employs such a person by certified mail, personal service, common carrier service utilizing any form of delivery requiring a signed receipt, or by an electronic means that provides evidence of delivery, of any such finding, denial, or revocation.

(2) A casino operator, management company, or holding company shall not pay to a person whose employment is terminated under division (G)(1) of this section, any remuneration for any services performed in any capacity in which the person is required to be licensed, except for amounts due for services rendered before notice was received under that division. A contract or other agreement for personal services or for the conduct of any casino gaming at a casino facility between a casino operator, management company, or holding company and a person whose employment is terminated under division (G)(1) of this section may be terminated by the casino operator, management company, or holding company.
without further liability on the part of the casino operator, management company, or holding company. Any such contract or other agreement is deemed to include a term authorizing its termination without further liability on the part of the casino operator, management company, or holding company upon receiving notice under division (G)(1) of this section. That a contract or other agreement does not expressly include such a term is not a defense in any action brought to terminate the contract or other agreement, and is not grounds for relief in any action brought questioning termination of the contract or other agreement.

(3) A casino operator, management company, or holding company, without having obtained the prior approval of the commission, shall not enter into any contract or other agreement with a person who has been found unsuitable, who has been denied a license, or whose license has been revoked under division (G)(1) of this section, or with any business enterprise under the control of such a person, after the date on which the casino operator, management company, or holding company receives notice under that division.

(H) Notwithstanding the requirements for a license under this section, the commission shall issue a key employee license in accordance with Chapter 4796. of the Revised Code to an applicant if either of the following applies:

(1) The applicant holds a license in another state.

(2) The applicant has satisfactory work experience, a government certification, or a private certification as described in that chapter as a key employee of a casino operator, management company, or holding company in a state that does not issue that license.

Sec. 3772.131. (A) All casino gaming employees are required to have a casino gaming employee license. "Casino gaming employee"
means the following and their supervisors:

(1) Individuals involved in operating a casino gaming pit, including dealers, shills, clerks, hosts, and junket representatives;

(2) Individuals involved in handling money, including cashiers, change persons, count teams, and coin wrappers;

(3) Individuals involved in operating casino games;

(4) Individuals involved in operating and maintaining slot machines, including mechanics, floor persons, and change and payoff persons;

(5) Individuals involved in security, including guards and game observers;

(6) Individuals with duties similar to those described in divisions (A)(1) to (5) of this section or other persons as the commission determines. "Casino gaming employee" does not include an individual whose duties are related solely to nongaming activities such as entertainment, hotel operation, maintenance, or preparing or serving food and beverages.

(B) The commission may issue a casino gaming employee license to an applicant after it has determined that the applicant is eligible for a license under rules adopted by the commission and paid any applicable fee. All applications shall be made under oath certified as true.

(C) To be eligible for a casino gaming employee license, an applicant shall be at least twenty-one years of age.

(D) Each application for a casino gaming employee license shall be on a form prescribed by the commission and shall contain all information required by the commission. The applicant shall set forth in the application if the applicant has been issued prior gambling-related licenses; if the applicant has been

Inspector Recovery, shall be used to pay settlements, judgments, and court orders under section 4764.21 of the Revised Code. If it is determined by the Director of Commerce that additional appropriation amounts are necessary to make such payments, the Director of Commerce may request that the Director of Budget and Management approve such increases. REAL ESTATE SALESPERSON LICENSE GRANTS

Notwithstanding section 4735.06 of the Revised Code, or any other law to the contrary, the Superintendent of the Division of Real Estate and Professional Licensing may provide grants, not exceeding $2,000, to applicants for salesperson licenses to defray the costs of satisfying the educational requirements of division (F) of section 4735.09 of the Revised Code. No more than $25,000 shall be granted from the Division of Real Estate Operating Fund (Fund 5490) in any one fiscal year.

FIRE DEPARTMENT GRANTS

(A) The foregoing appropriation item 800639, Fire Department Grants, shall be used to make annual grants to the following eligible recipients: volunteer fire departments, fire departments that serve one or more small municipalities or small townships, joint fire districts comprised of fire departments that primarily serve small municipalities or small townships, local units of government responsible for such fire departments, and local units of government responsible for the provision of fire protection services for small municipalities or small townships. For the purposes of these grants, a private fire company, as that phrase is defined in section 9.60 of the Revised Code, that is providing fire protection services under a contract to a political subdivision of the state, is an additional eligible recipient for a training grant.
Eligible recipients that consist of small municipalities or small townships that all intend to contract with the same fire department or private fire company for fire protection services may jointly apply and be considered for a grant. If a joint applicant is awarded a grant, the State Fire Marshal shall, if feasible, proportionately award the grant and any equipment purchased with grant funds to each of the joint applicants based upon each applicant's contribution to and demonstrated need for fire protection services. For the purpose of this grant program, an eligible recipient or any firefighting entity that is contracted to serve an eligible recipient may only file, be listed as joint applicant, or be designated as a service provider on one grant application per fiscal year.

If the grant awarded to joint applicants is an equipment grant and the equipment to be purchased cannot be readily distributed or possessed by multiple recipients, each of the joint applicants shall be awarded by the State Fire Marshal an ownership interest in the equipment so purchased in proportion to each applicant's contribution to and demonstrated need for fire protection services. The joint applicants shall then mutually agree on how the equipment is to be maintained, operated, stored, or disposed of. If, for any reason, the joint applicants cannot agree as to how jointly owned equipment is to be maintained, operated, stored, or disposed of or any of the joint applicants no longer maintain a contract with the same fire protection service provider as the other applicants, then the joint applicants shall, with the assistance of the State Fire Marshal, mutually agree as to how the jointly owned equipment is to be maintained, operated, stored, disposed of, or owned. If the joint applicants cannot agree how the grant equipment is to be maintained, operated, stored, disposed of, or owned, the State Fire Marshal may, in its discretion, require all of the equipment acquired by the joint applicants with grant funds to be returned to the State Fire
Marshal. The State Fire Marshal may then award the returned
equipment to any eligible recipients. For this paragraph only, an
"equipment grant" also includes a MARCS Grant.

(B) Except as otherwise provided in this section, the grants
shall be used by recipients to purchase firefighting or rescue
equipment or gear or similar items, to provide full or partial
reimbursement for the documented costs of firefighter training,
or, at the discretion of the State Fire Marshal, to cover fire
department costs for providing fire protection services in that
grant recipient's jurisdiction.

(1) Of the foregoing appropriation item 800639, Fire
Department Grants, up to $1,300,000 per fiscal year may be used to
pay for the State Fire Marshal's costs of providing firefighter I
certification classes or other firefighter classes approved by the
State Fire Marshal at no cost to selected students attending the
Ohio Fire Academy or other class providers approved by the State
Fire Marshal. The State Fire Marshal may establish the
qualifications and selection processes for students to attend such
classes by written policy, and such students shall be considered
eligible recipients of fire department grants for the purposes of
this portion of the grant program.

(2) Of the foregoing appropriation item 800639, Fire
Department Grants, up to $4,000,000 in each fiscal year may be
used for MARCS Grants. MARCS Grants may be used for the payment of
user access fees by the eligible recipient to cover costs for
accessing MARCS.

For purposes of this section, a MARCS Grant is a grant for
systems, equipment, or services that are a part of, integrated
into, or otherwise interoperable with the Multi-Agency Radio
Communication System (MARCS) operated by the state.

MARCS Grant awards may be up to $50,000 in each fiscal year
per eligible recipient. Each eligible recipient may apply, as a separate entity or as a part of a joint application, for only one MARCS Grant per fiscal year. The State Fire Marshal may give a preference to MARCS Grants that will enhance the overall interoperability and effectiveness of emergency communication networks in the geographic region that includes and that is adjacent to the applicant.

Eligible recipients that are or were awarded fire department grants that are not MARCS Grants may also apply for and receive MARCS Grants in accordance with criteria for the awarding of grant funds established by the State Fire Marshal.

(3) Grant awards for firefighting or rescue equipment or gear or for fire department costs of providing fire protection services shall be up to $15,000 per fiscal year, or up to $25,000 per fiscal year if an eligible entity serves a jurisdiction in which the Governor declared a natural disaster during the preceding or current fiscal year in which the grant was awarded. In addition to any grant funds awarded for rescue equipment or gear, or for fire department costs associated with the provision of fire protection services, an eligible entity may receive a grant for up to $15,000 per fiscal year for full or partial reimbursement of the documented costs of firefighter training. For each fiscal year, the State Fire Marshal shall determine the total amounts to be allocated for each eligible purpose.

(C) The grants shall be administered by the State Fire Marshal in accordance with rules the State Fire Marshal adopts as part of the state fire code adopted pursuant to section 3737.82 of the Revised Code that are necessary for the administration and operation of the grant program. The rules may further define the entities eligible to receive grants and establish criteria for the awarding and expenditure of grant funds, including methods the State Fire Marshal may use to verify the proper use of grant funds.
or to obtain reimbursement for or the return of equipment for improperly used grant funds. To the extent consistent with this section and until the rules are updated, the existing rules in the state fire code adopted pursuant to section 3737.82 of the Revised Code for fire department grants under this section apply to MARCS Grants. Any amounts in appropriation item 800639, Fire Department Grants, in excess of the amount allocated for these grants may be used for the administration of the grant program.

DIVISION OF MARIJUANA CONTROL

The foregoing appropriation item 800650, Medical Marijuana Control Program, shall be used by the Department of Commerce to support the operation of the Division of Marijuana Control, including expenditures related to the transfer of the medical marijuana control program into the Department. If additional amounts are available in the Medical Marijuana Control Fund (Fund 5SY0), and additional amounts are necessary to transfer the program, the Director of Commerce may certify to the Director of the Office of Budget and Management the amount of additional appropriation necessary for this purpose. Upon approval by the Director of the Office of Budget and Management, that amount is hereby appropriated.

(A) In fiscal year 2024 and fiscal year 2025, the Director of Developmental Disabilities may authorize the continuation or implementation of one or more innovative pilot projects that, in the judgment of the Director, are likely to assist in promoting the objectives of Chapter 5123. or 5126. of the Revised Code. Subject to division (B) of this section and notwithstanding any provision of Chapters 5123. and 5126. of the Revised Code and any rule adopted under either chapter, a pilot project authorized by the Director may be continued or implemented in a manner inconsistent with one or more provisions of either chapter or one or more rules adopted under either chapter. Before authorizing a pilot program, the Director shall consult with entities interested in the issue of developmental disabilities, including the Ohio...
Provider Resource Association, Ohio Association of County Boards of Developmental Disabilities, Ohio Health Care Association/Ohio Centers for Intellectual Disabilities, the Values and Faith Alliance, and ARC of Ohio.

(B) The Director may not authorize a pilot project to be implemented in a manner that would cause the state to be out of compliance with any requirements for a program funded in whole or in part with federal funds.

Section 261.130. NONFEDERAL SHARE OF ICF/IID SERVICES

(A) As used in this section, "ICF/IID," "ICF/IID services," and "Medicaid-certified capacity" have the same meanings as in section 5124.01 of the Revised Code.

(B) The Director of Developmental Disabilities shall pay the nonfederal share of a claim for ICF/IID services using funds specified in division (C) of this section if all of the following apply:

(1) Medicaid covers the ICF/IID services.

(2) The ICF/IID services are provided to a Medicaid recipient to whom both of the following apply:

(a) The Medicaid recipient is eligible for the ICF/IID services.

(b) The Medicaid recipient does not occupy a bed in the ICF/IID that used to be included in the Medicaid-certified capacity of another ICF/IID certified by the Director of Health before June 1, 2003.

(3) The ICF/IID services are provided by an ICF/IID whose Medicaid certification by the Director of Health was initiated or supported by a county board of developmental disabilities.

(4) The provider of the ICF/IID services has a valid Medicaid
provider agreement for the services for the time that the services are provided.

(C) When required by division (B) of this section to pay the nonfederal share of a claim, the Director of Developmental Disabilities shall use the following funds to pay the claim:

1. Funds available from appropriation item 653407, Medicaid Services, that the Director allocates to the county board that initiated or supported the Medicaid certification of the ICF/IID that provided the ICF/IID services for which the claim is made;

2. If the amount of funds used pursuant to division (C)(1) of this section is insufficient to pay the claim in full, an amount of funds that are needed to make up the difference and available from amounts the Director allocates to other county boards from appropriation item 653407, Medicaid Services.

Section 261.140. Payment Rates for Homemaker/Personal Care Services Provided to Qualifying IO Enrollees

(A) As used in this section:

1. "Converted facility" means an ICF/IID, or former ICF/IID, that converted some or all of its beds to providing home and community-based services under the IO Waiver pursuant to section 5124.60 of the Revised Code.

2. "Developmental center" and "ICF/IID" have the same meanings as in section 5124.01 of the Revised Code.

3. "IO Waiver" means the Medicaid waiver component, as defined in section 5166.01 of the Revised Code, known as Individual Options.

4. "Medicaid provider" has the same meaning as in section 5164.01 of the Revised Code.

5. "Public hospital" has the same meaning as in section
5122.01 of the Revised Code.

(6) "Qualifying IO enrollee" means an IO Waiver enrollee to whom all of the following apply:

(a) The enrollee resided in a developmental center, converted facility, or public hospital immediately before enrolling in the IO Waiver.

(b) The enrollee did not receive before July 1, 2011, routine homemaker/personal care services from the Medicaid provider that is to be paid the Medicaid rate authorized by this section for providing such services to the enrollee during the period specified in division (C) of this section.

(c) The Director of Developmental Disabilities has determined that the enrollee's special circumstances (including the enrollee's diagnosis, service needs, or length of stay at the developmental center, converted facility, or public hospital) warrants paying the Medicaid rate authorized by this section.

(B) The total Medicaid payment rate for each fifteen minutes of routine homemaker/personal care services that a Medicaid provider provides to a qualifying IO enrollee during the period specified in division (C) of this section shall be fifty-two cents higher than the Medicaid payment rate in effect on the day the services are provided for each fifteen minutes of routine homemaker/personal care services that a Medicaid provider provides to an IO enrollee who is not a qualifying IO enrollee.

(C) Division (B) of this section applies to the first twelve months, consecutive or otherwise, that a Medicaid provider, during the period beginning July 1, 2023, and ending July 1, 2025, provides routine homemaker/personal care services to a qualifying IO enrollee.

(D) Of the foregoing appropriation items 653407, Medicaid Services, and 653654, Medicaid Services, portions shall be used to
pay the Medicaid payment rate determined in accordance with this section for routine homemaker/personal care services provided to qualifying IO enrollees.

Section 261.150. COMPETITIVE WAGES FOR DIRECT CARE WORKFORCE OF MEDICAID SERVICES

As a result of the COVID-19 pandemic and extraordinary inflationary pressures within the economy, Ohio Medicaid direct care providers have been adversely impacted. The Department of Developmental Disabilities, in collaboration with the Department of Medicaid and the Department of Aging, have included funding in the budget to be used for provider rate increases. Provider rate increases shall be used to ensure workforce stability and greater access to care for Medicaid recipients through increased wages and needed workforce supports.

Section 261.160. (A) In fiscal years 2024 and 2025, a portion of funds from appropriation item 653624, County Board Waiver Match, and appropriation item 653654, Medicaid Services, may be used to implement the Direct Support Professional Quarterly Retention Payments Program. The program shall commence July 1, 2023, and shall conclude June 30, 2025. The Director of Developmental Disabilities shall administer the program by doing all of the following:

(1) Establishing criteria for eligible home and community-based waiver providers to participate in the program;

(2) Implementing an opt-in system by which providers can elect to participate in the program;

(3) Developing provider requirements as prerequisites for program payments;

(4) Establishing quarterly provider payments based on percentage of the provider's reimbursed claims during the
preceding quarter;

(5) Collecting program data.

(B) The Director of Developmental Disabilities shall adopt rules in accordance with Chapter 119. of the Revised Code to implement the program. The Director shall consult with county boards of developmental disabilities, the Ohio Association of County Boards of Developmental Disabilities, and provider organizations to review the effectiveness of the program and make recommendations on continuing the program.

Funds may be used for personnel, maintenance, and equipment costs related to the development and implementation of these technical system projects. Implementation of these systems shall allow the Department to provide greater levels of assistance to school districts and to provide more timely information to the public, including school districts, administrators, and legislators. Funds may also be used to support data-driven decision-making and differentiated instruction, as well as to communicate academic content standards and curriculum models to schools through web-based applications.

Section 265.50. SCHOOL MANAGEMENT ASSISTANCE

The foregoing appropriation item 200422, School Management Assistance, shall be used by the Department of Education to provide fiscal technical assistance and inservice education for school district management personnel and to administer, monitor, and implement the fiscal caution, fiscal watch, and fiscal emergency provisions under Chapter 3316. of the Revised Code.

Section 265.60. POLICY ANALYSIS

The foregoing appropriation item 200424, Policy Analysis, shall be used by the Department of Education to support a system of administrative and statistical education information to be used for policy analysis. Staff supported by this appropriation shall administer the development of reports, analyses, and briefings regarding current trends in education practice, efficient and effective use of resources, and evaluation of programs to improve
education results. A portion of these funds shall be used to maintain a longitudinal database to support the assessment of the impact of policies and programs on Ohio's education and workforce development systems. The research efforts supported by this appropriation item shall be used to supply information and analysis of data to and in consultation with the General Assembly and other state policymakers, including the Office of Budget and Management and the Legislative Service Commission.

A portion of the foregoing appropriation item, 200424, Policy Analysis, may be used by the Department to support the development and implementation of an evidence-based clearinghouse to support school improvement strategies as part of the Every Student Succeeds Act.

The Department may use funding from this appropriation item to purchase or contract for the development of software systems or contract for policy studies that will assist in the provision and analysis of policy-related information. Funding from this appropriation item also may be used to monitor and enhance quality assurance for research-based policy analysis and program evaluation to enhance the effective use of education information to inform education policymakers.

Section 265.70. OHIO EDUCATIONAL COMPUTER NETWORK

The foregoing appropriation item 200426, Ohio Educational Computer Network, shall be used by the Department of Education to maintain a system of information technology throughout Ohio and to provide technical assistance for such a system.

Of the foregoing appropriation item 200426, Ohio Educational Computer Network, up to $9,686,658 in fiscal year 2024 and up to $11,926,658 in fiscal year 2025 shall be used by the Department to support connection of all public school buildings and participating chartered nonpublic schools to the state's education...
network, to each other, and to the Internet. In each fiscal year, the Department shall use these funds to assist information technology centers or school districts with the operational costs associated with this connectivity. The Department shall develop a formula and guidelines for the distribution of these funds to information technology centers or individual school districts. As used in this section, "public school building" means a school building of any city, local, exempted village, or joint vocational school district, any community school established under Chapter 3314. of the Revised Code, any college preparatory boarding school established under Chapter 3328. of the Revised Code, any STEM school established under Chapter 3326. of the Revised Code, any educational service center building used for instructional purposes, the Ohio School for the Deaf and the Ohio State School for the Blind, high schools chartered by the Ohio Department of Youth Services, or high schools operated by Ohio Department of Rehabilitation and Corrections' Ohio Central School System.

select large urban districts to connect to the state broadband
backbone managed by the Ohio Technology Consortium and for other
connectivity upgrades necessary for K-12 school buildings with
severely restricted broadband connections. "Select large urban
districts" are those districts that connect to the state broadband
backbone directly rather than through an information technology
center. Upon request of the Superintendent of Public Instruction
and approval by the Director of Budget and Management, an amount
equal to the unexpended, unencumbered balance of the amount
allocated in this paragraph at the end of fiscal year 2024 is
hereby reappropriated to the Department for the same purpose in

be restricted to, development and maintenance of adequate computer
software systems to support network activities. In order to
improve the efficiency of network activities, the Department and
information technology centers may jointly purchase equipment,

practical by the Department, may utilize the services of
appropriate state purchasing agencies.

If the Director determines that such a reallocation is required, the Director may transfer unexpended and unencumbered appropriations within the Department of Education as necessary to appropriation item 200437, Student Assessment.

Section 265.100. ACCOUNTABILITY/REPORT CARDS

Of the foregoing appropriation item 200439, Accountability/Report Cards, a portion in each fiscal year shall be used to train district and regional specialists and district educators in the use of the value-added progress dimension and in the use of data as it relates to improving student achievement. This training may include teacher and administrator professional development in the use of data to improve instruction and student learning, and teacher and administrator training in understanding teacher value-added reports and how they can be used as a component in measuring teacher and administrator effectiveness. A portion of this funding shall be provided to educational service centers to support training and professional development under this section consistent with section 3312.01 of the Revised Code.
The remainder of appropriation item 200439, Accountability/Report Cards, shall be used by the Department of Education to incorporate a statewide value-added progress dimension into performance ratings for school districts and for the development of an accountability system that includes the preparation and distribution of school report cards, funding and expenditure accountability reports under sections 3302.03 and 3302.031 of the Revised Code, the development and maintenance of teacher value-added reports, the teacher student linkage/roster verification process, and the performance management section of the Department's web site required by section 3302.26 of the Revised Code.

Section 265.110. EDUCATION MANAGEMENT INFORMATION SYSTEM

The foregoing appropriation item 200446, Education Management Information System, shall be used by the Department of Education to improve the Education Management Information System (EMIS).

Of the foregoing appropriation item 200446, Education Management Information System, up to $405,000 in each fiscal year shall be used to support grants to information technology centers to provide professional development opportunities to district and school personnel related to the EMIS, with a focus placed on data submission and data quality.

Of the foregoing appropriation item 200446, Education Management Information System, up to $950,000 in each fiscal year shall be distributed to designated information technology centers for costs relating to processing, storing, and transferring data for the effective operation of the EMIS. These costs may include, but are not limited to, personnel, hardware, software development, communications connectivity, professional development, and support services.

The remainder of appropriation item 200446, Education
Management Information System, shall be used to develop and support the data definitions and standards outlined in the EMIS guidelines adopted under section 3301.0714 of the Revised Code, to implement recommendations of the EMIS Advisory Council and the Superintendent of Public Instruction, to enhance data quality assurance practices, and to support responsibilities related to the school report cards prescribed by section 3302.03 of the Revised Code and value-added progress dimension calculations.

Section 265.120. EDUCATOR PREPARATION

(A) Of the foregoing appropriation item 200448, Educator Preparation, up to $7,500,000 in each fiscal year shall be used by the Department of Education, in consultation with the Department of Higher Education, to provide awards to support graduate coursework for high school teachers to receive credentialing to teach College Credit Plus courses in a high school setting.

The Department of Education, in consultation with the Department of Higher Education, shall develop an application process and criteria for awards. Priority shall be given to education consortia that include high schools identified as economically disadvantaged in which there are no or limited numbers of teachers currently credentialed to teach College Credit Plus courses, as determined by the Department of Education, and a public or private college or university in Ohio. (D) CALCULATION OF STATE SHARE OF INSTRUCTION FORMULA
ENTITLEMENTS AND ADJUSTMENTS FOR UNIVERSITIES

(1) Of the foregoing appropriation item 235501, State Share
of Instruction, 50 per cent of the appropriation for universities,
as established in division (A)(2) of the section of this act
entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2024 AND
2025," in each fiscal year shall be reserved for support of
associate, baccalaureate, master's, and professional level degree
attainment.

The degree attainment funding shall be allocated to
universities in proportion to each campus's share of the total
statewide degrees granted, weighted by the cost of the degree
programs. The degree cost calculations shall include the model
cost weights for the science, technology, engineering,
mathematics, and medicine models as established in division (C) of
this section.

For degrees including credits earned at multiple
institutions, degree attainment funding shall be allocated to
universities in proportion to each campus's share of the
student-specific cost of earned credits for the degree. Each
institution shall receive its prorated share of degree funding for
credits earned at that institution. Cost of credits not earned at
a university main or regional campus shall be credited to the
degree-granting institution for the first degree earned by a
student at each degree level. The cost credited to the
degree-granting institution shall not be eligible for at-risk
weights and shall be limited to 12.5 per cent of the
student-specific degree costs. However, the 12.5 per cent
limitation shall not apply if the student transferred 12 or fewer
credits into the degree granting institution.

In calculating the subsidy entitlements for degree attainment
for universities, the Chancellor shall use the following count of degrees and degree costs:

(a) The subsidy eligible undergraduate degrees shall be defined as follows:

(i) The subsidy eligible degrees conferred to students identified as residents of the state of Ohio in any term of their studies, as reported through the Higher Education Information (HEI) system student enrollment file, shall be weighted by a factor of 1.

(ii) The subsidy eligible degrees conferred to students identified as out-of-state residents during all terms of their studies, as reported through the Higher Education Information (HEI) system student enrollment file, who remain in the state of Ohio at least one year after graduation, as calculated based on the three-year average in-state residency rate using the Unemployment Wage data for out-of-state graduates at each institution, shall be weighted by a factor of 50 per cent.

(iii) Subsidy eligible associate degrees are defined as those earned by students attending any state-supported university main or regional campus.

(b) In calculating each campus's count of degrees, the Chancellor shall use the three-year average associate, baccalaureate, master's, and professional degrees awarded for the most recent completed three-year period that is practicable as agreed to by the Inter-University Council and the Chancellor.

(i) If a student is awarded an associate degree and, subsequently, is awarded a baccalaureate degree, the amount funded for the baccalaureate degree shall be limited to either the difference in cost between the cost of the baccalaureate degree and the cost of the associate degree paid previously, or if the associate degree has a higher cost than the baccalaureate degree,
the cost of the credits earned by the student after the associate degree was awarded.

(ii) If a student earns an associate degree then, subsequently, earns a baccalaureate degree, the associate degree granting institution shall only receive the prorated share of the baccalaureate degree funding for the credits earned at that institution after the associate degree is awarded.

(iii) If a student earns more than one degree at the same institution at the same degree level in the same fiscal year, the funding for the highest cost degree shall be prorated among institutions based on where the credits were earned and additional degrees shall be funded at 25 per cent of the cost of the degrees.

(c) Associate degrees and baccalaureate degrees earned by a student defined as at-risk based on academic under-preparation, age, minority status, financial status, or first generation post-secondary status based on neither parent completing any education beyond high school, shall be defined as degrees earned by an at-risk student and shall be weighted by the following:

A student-specific degree completion weight, where the weight is calculated based on the at-risk factors of the individual student, determined by calculating the difference between the percentage of students with each risk factor who earned a degree and the percentage of non-at-risk students who earned a degree.

(2) Of the foregoing appropriation item 235501, State Share of Instruction, up to 11.78 per cent of the appropriation for universities, as established in division (A)(2) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2024 AND 2025," in each fiscal year shall be reserved for support of doctoral programs to implement the funding recommendations made by representatives of the universities. The amount so reserved shall be referred to as the doctoral set-aside.
In each fiscal year, the doctoral set-aside funding allocation shall be allocated to universities as follows:

(a) 25 per cent of the doctoral set-aside shall be allocated to universities in proportion to their share of the statewide total earnings of each state institution's three-year average course completions. The subsidy eligible enrollments by model shall equal only those FTE students who successfully complete the course as defined and reported through the Higher Education Information (HEI) system course enrollment file. Course completion earnings shall be determined by multiplying the amounts listed above in divisions (B) and (C) of this section by the subsidy-eligible FTEs for the most recent completed three-year period that is practicable as agreed to by the Inter-University Council and the Chancellor for all doctoral enrollments in graduate-level models.

(b) 50 per cent of the doctoral set-aside shall be allocated to universities in proportion to each campus's share of the total statewide doctoral degrees, weighted by the cost of the doctoral discipline. In calculating each campus's doctoral degrees the Chancellor shall use the three-year average doctoral degrees awarded for the most recent completed three-year period that is practicable as agreed to by the Inter-University Council and the Chancellor.

(c) 25 per cent of the doctoral set-aside shall be allocated to universities in proportion to their share of research grant activity. Funding for this component shall be allocated to eligible universities in proportion to their share of research grant activity published by the National Science Foundation. Grant awards from the Department of Health and Human Services shall be weighted at 50 per cent.

(3) Of the foregoing appropriation item 235501, State Share of Instruction, 6.41 per cent of the appropriation for
universities, as established in division (A)(2) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2024 AND 2025," in each fiscal year shall be reserved for support of Medical II FTEs. The amount so reserved shall be referred to as the medical II set-aside.

The medical II set-aside shall be allocated to universities in proportion to their share of the statewide total of each state institution's three-year average Medical II FTEs as calculated in division (A) of this section.

In calculating the core subsidy entitlements for Medical II models only, students repeating terms may be no more than five per cent of current year enrollment.

(4) Of the foregoing appropriation item 235501, State Share of Instruction, 1.48 per cent of the appropriation for universities, as established in division (A)(2) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2024 AND 2025," in each fiscal year shall be reserved for support of Medical I FTEs. The amount so reserved shall be referred to as the medical I set-aside.

The medical I set-aside shall be allocated to universities in proportion to their share of the statewide total of each state institution's three-year average Medical I FTEs as calculated in division (A) of this section.

(5) In calculating the course completion funding for universities, the Chancellor shall use the following count of FTE students:

(a) The subsidy eligible enrollments by model shall equal only those FTE students who successfully complete the course as defined and reported through the Higher Education Information (HEI) system course enrollment file;

(b) Those undergraduate FTE students with successful course
completions, identified in division (D)(5)(a) of this section, that are defined as at-risk based on academic under-preparation or financial status shall have their eligible completions weighted by the following:

(i) Institution-specific course completion indexes, where the indexes are calculated based upon the number of at-risk students enrolled during the prior three calendar years; and

(ii) A statewide average at-risk course completion weight determined for each subsidy model. The statewide average at-risk course completion weight shall be determined by calculating the difference between the percentage of traditional students who complete a course and the percentage of at-risk students who complete the same course.

(c) The course completion earnings shall be determined by multiplying the amounts listed above in divisions (B) and (C) of this section by the subsidy-eligible FTEs for the most recent completed three-year period that is practicable as agreed to by the Inter-University Council and the Chancellor for all models except Medical I and Medical II.

(d) For universities, the Chancellor shall compute the course completion earnings by dividing the appropriation for universities, established in division (A)(2) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2024 AND 2025," less the degree attainment funding as calculated in division (D)(1) of this section, less the doctoral set-aside, less the medical I set-aside, and less the medical II set-aside, by the sum of all campuses' instructional costs as calculated in division (D)(5) of this section.

(E) CALCULATION OF STATE SHARE OF INSTRUCTION FORMULA ENTITLEMENTS AND ADJUSTMENTS FOR COMMUNITY COLLEGES

(1) Of the foregoing appropriation item 235501, State Share
of Instruction, 50 per cent of the appropriation for state-supported community colleges, state community colleges, and technical colleges as established in division (A)(1) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2024 AND 2025," in each fiscal year shall be reserved for course completion FTEs as aggregated by the subsidy models defined in division (B) of this section.

The course completion funding shall be allocated to campuses in proportion to each campus's share of the total sector's course completions, weighted by the instructional cost of the subsidy models.

To calculate the subsidy entitlements for course completions at community colleges, state community colleges, and technical colleges, the Chancellor shall use the following calculations:

(a) In calculating each campus's count of FTE course completions, the Chancellor shall use a three-year average for course completions for the three-year period ending in the prior year for students identified as residents of the state of Ohio in any term of their studies, as reported through the Higher Education Information (HEI) system student enrollment file.

(b) The subsidy eligible enrollments by model shall equal only those FTE students who successfully complete the course as defined and reported through the Higher Education Information (HEI) system course enrollment file.

(c) Those students with successful course completions, that are defined as access students based on financial status, minority status, age, or academic under-preparation shall have their eligible course completions weighted by a statewide access weight. The weight given to any student that meets any access factor shall be 15 per cent for all course completions.

(d) The model costs as used in the calculation shall be
augmented by the model weights for science, technology,  
engineering, mathematics, and medicine models as established in  
division (C) of this section.

(2) Of the foregoing appropriation item 235501, State Share  
of Instruction, 25 per cent of the appropriation for  
state-supported community colleges, state community colleges, and  
technical colleges as established in division (A)(1) of the  
section of this act entitled "STATE SHARE OF INSTRUCTION FOR  
FISCAL YEARS 2024 AND 2025," in each fiscal year shall be reserved  
for colleges in proportion to their share of college student  
success factors.

Student success factors shall be awarded at the institutional  
level for each subsidy-eligible student that successfully:

(a) Completes a college-level math course within the first 30  
hours of completed coursework.

(b) Completes a college-level English course within the first  
30 hours of completed coursework.

(c) Completes 12 semester credit hours of college-level  
coursework.

(d) Completes 24 semester credit hours of college-level  
coursework.

(e) Completes 36 semester credit hours of college-level  
coursework.

(3) Of the foregoing appropriation item 235501, State Share  
of Instruction, 25 per cent of the appropriation for  
state-supported community colleges, state community colleges, and  
technical colleges as established in division (A)(1) of the  
section of this act entitled "STATE SHARE OF INSTRUCTION FOR  
FISCAL YEARS 2024 AND 2025," in each fiscal year shall be reserved  
for completion milestones.
Completion milestones shall include baccalaureate degrees, associate degrees, technical certificates over 30 credit hours as designated by the Department of Higher Education, and students transferring to any four-year institution with at least 12 credit hours of college-level coursework earned at that community college, state community college, or technical college.

The completion milestone funding shall be allocated to colleges in proportion to each institution's share of the sector's total completion milestones, weighted by the instructional cost of the degree, certificate, or transfer models. Costs for technical certificates over 30 hours shall be weighted at one-half of the associate degree model costs and transfers with at least 12 credit hours of college-level coursework shall be weighted at one-fourth of the average cost for all associate degree model costs.

(4) To calculate the subsidy entitlements for completions at community colleges, state community colleges, and technical colleges, the Chancellor shall use the following calculations:

(a) In calculating each campus's count of completions, the Chancellor shall use a three-year average for completion milestones awarded to students identified as subsidy eligible in any term of their studies, as reported through the Higher Education Information (HEI) system student enrollment file.

(b) The subsidy eligible completion milestones by model shall equal only those students who successfully complete a baccalaureate or an associate degree, or technical certificate over 30 credit hours, or transfer to any four-year institution with at least 12 credit hours of college-level coursework as defined and reported in the Higher Education Information (HEI) system. Student completions reported in HEI shall have an accompanying course enrollment record in order to be subsidy eligible.
(c) Those students with successful completions for baccalaureate or associate degrees, technical certificates over 30 credit hours, or transfer to any four-year institution with at least 12 credit hours of college-level coursework, identified in division (E)(3) of this section, that are defined as access students based on financial status, minority status, age, or academic under-preparation shall have their eligible completions weighted by a statewide access weight. The weight shall be 25 per cent for students with one access factor, 66 per cent for students with two access factors, 150 per cent for students with three access factors, and 200 per cent for students with four access factors.

(d) For those students who complete more than one completion milestone, funding for each additional degree or technical certificate over 30 credit hours designated as such by the Department of Higher Education shall be funded at 50 per cent of the model costs as defined in division (E)(3) of this section.

(5) For purposes of the calculations made in division (E) of this section, the Chancellor shall only include subsidy-eligible students identified as residents of the state of Ohio in any term of their studies, as reported through the Higher Education Information (HEI) system student enrollment file. The Chancellor shall be prohibited from including nonresident students as subsidy-eligible except for those students otherwise identified as subsidy-eligible in division (A)(2) of this section.

(F) CAPITAL COMPONENT DEDUCTION

After all other adjustments have been made, state share of instruction earnings shall be reduced for each campus by the amount, if any, by which debt service charged in H.B. 16 of the 126th General Assembly, H.B. 699 of the 126th General Assembly, H.B. 496 of the 127th General Assembly, and H.B. 562 of the 127th General Assembly for that campus exceeds that campus's capital.
component earnings. The sum of the amounts deducted shall be transferred to appropriation item 235552, Capital Component, in each fiscal year.

(G) EXCEPTIONAL CIRCUMSTANCES

Adjustments may be made to the state share of instruction payments and other subsidies distributed by the Chancellor to state colleges and universities for exceptional circumstances. No adjustments for exceptional circumstances may be made without the recommendation of the Chancellor and the approval of the Controlling Board.

(H) APPROPRIATION REDUCTIONS TO THE STATE SHARE OF INSTRUCTION

The standard provisions of the state share of instruction calculation as described in the preceding sections of temporary law shall apply to any reductions made to appropriation item 235501, State Share of Instruction, before the Chancellor has formally approved the final allocation of the state share of instruction funds for any fiscal year.

Any reductions made to appropriation item 235501, State Share of Instruction, after the Chancellor has formally approved the final allocation of the state share of instruction funds for any fiscal year, shall be uniformly applied to each campus in proportion to its share of the final allocation.

(I) DISTRIBUTION OF STATE SHARE OF INSTRUCTION

The state share of instruction payments to the institutions shall be in substantially equal monthly amounts during the fiscal year, unless otherwise determined by the Director of Budget and Management pursuant to section 126.09 of the Revised Code. Payments during the first six months of the fiscal year may be based upon the state share of instruction appropriation estimates made for the various institutions of higher education, and
payments during the last six months of the fiscal year may be based on the final data from the Chancellor. If agreed to by the Chancellor and the Inter-University Council, payments to universities in each month of a fiscal year shall be based on final data in the higher education information system for the selected three-year period that is acceptable to both parties.

Section 381.250. STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2024 AND 2025

(A) The foregoing appropriation item 235501, State Share of Instruction, shall be distributed according to the section of this act entitled "STATE SHARE OF INSTRUCTION FORMULAS."

(1) Of the foregoing appropriation item 235501, State Share of Instruction, $484,972,000 in fiscal year 2024 and $491,887,000 in fiscal year 2025 shall be distributed to state-supported community colleges, state community colleges, and technical colleges.

(2) Of the foregoing appropriation item 235501, State Share of Instruction, $1,619,028,000 in fiscal year 2024 and $1,642,113,000 in fiscal year 2025 shall be distributed to state-supported university main and regional campuses.

(B) Any increases in the amount distributed to an institution from appropriation item 235501, State Share of Instruction, above the prior year may be used by the institution to provide need-based aid and to provide counseling, support services, and workforce preparation services to students.

TRANSFER TO OPPORTUNITIES FOR OHIOANS WITH DISABILITIES AGENCY

Notwithstanding any provision of law to the contrary, upon the request of the Chancellor of Higher Education, the Director of Budget and Management may transfer $2,000,000 in appropriations in
each fiscal year from appropriation item 235501, State Share of Instruction, to the Opportunities for Ohioans with Disabilities Agency for the College2Careers Program. Amounts transferred are hereby appropriated.

Section 381.260. RESTRICTION ON FEE INCREASES

(A) In fiscal years 2024 and 2025, the boards of trustees of state institutions of higher education shall restrain increases in in-state undergraduate instructional and general fees.

(1) For the 2023-2024 and 2024-2025 academic years, all of the following shall apply:

(a) Each state university or college, as defined in section 3345.12 of the Revised Code, and university regional campus shall not increase its in-state undergraduate instructional and general fees over what the institution charged for the previous academic year.

(b) Each community college established under Chapter 3354., state community college established under Chapter 3358., or technical college established under Chapter 3357. of the Revised Code may increase its in-state undergraduate instructional and general fees by not more than five dollars per credit hour over what the institution charged for the previous academic year.

(c) For state institutions of higher education, as defined in section 3345.011 of the Revised Code, increases for all other special fees, including the creation of new special fees, shall be subject to the approval of the Chancellor of Higher Education.

(2) The limitations under division (A)(1) of this section do not apply to student health insurance, fees for auxiliary goods or services provided to students at the cost incurred to the institution, fees assessed to students as a pass-through for licensure and certification examinations, fees in elective courses...
associated with travel experiences, elective service charges, fines, and voluntary sales transactions.

(B) The limitations under this section shall not apply to increases required to comply with institutional covenants related to their obligations or to meet unfunded legal mandates or legally binding obligations incurred or commitments made prior to the effective date of this section with respect to which the institution had identified such fee increases as the source of funds. Any increase required by such covenants and any such mandates, obligations, or commitments shall be reported by the Chancellor to the Controlling Board. These limitations may also be modified by the Chancellor, with the approval of the Controlling Board, to respond to exceptional circumstances as identified by the Chancellor.

(C) Institutions offering an undergraduate tuition guarantee pursuant to section 3345.48 of the Revised Code may increase instructional and general fees pursuant to that section.

Section 381.270. HIGHER EDUCATION - BOARD OF TRUSTEES

(A) Funds appropriated for instructional subsidies at colleges and universities may be used to provide such branch or other off-campus undergraduate courses of study and such master's degree courses of study as may be approved by the Chancellor of Higher Education.

(B) In providing instructional and other services to students, boards of trustees of state institutions of higher education shall supplement state subsidies with income from charges to students. Except as otherwise provided in this act, each board shall establish the fees to be charged to all students, including an instructional fee for educational and associated operational support of the institution and a general fee for noninstructional services, including locally financed student
services facilities used for the benefit of enrolled students. The instructional fee and the general fee shall encompass all charges for services assessed uniformly to all enrolled students. Each board may also establish special purpose fees, service charges, and fines as required; such special purpose fees and service charges shall be for services or benefits furnished individual students or specific categories of students and shall not be applied uniformly to all enrolled students. A tuition surcharge shall be paid by all students who are not residents of Ohio.

The board of trustees of a state institution of higher education shall not authorize a waiver or nonpayment of instructional fees or general fees for any particular student or any class of students other than waivers specifically authorized by law or approved by the Chancellor. This prohibition is not intended to limit the authority of boards of trustees to provide for payments to students for services rendered the institution, nor to prohibit the budgeting of income for staff benefits or for student assistance in the form of payment of such instructional and general fees.

Each board may authorize a lower differential tuition rate of instructional or general fees equal to the default rate options provided under the College Credit Plus Program pursuant to Chapter 3365. of the Revised Code or equal to rates established pursuant to an agreement for an alternative payment structure pursuant to section 3365.07 of the Revised Code for nonpublic and home schooled students participating in that program that are not publicly funded. Each board may establish a lower differential tuition rate for in-state undergraduate instructional fees or general fees for students enrolled exclusively in online courses, as well as a lower differential tuition rate for the surcharge for nonresidents enrolled exclusively in online courses, provided a surcharge is still assessed.
Each state institution of higher education in its statement of charges to students shall separately identify the instructional fee, the general fee, the tuition charge, and the tuition surcharge. Fee charges to students for instruction shall not be considered to be a price of service but shall be considered to be an integral part of the state government financing program in support of higher educational opportunity for students.

(C) The boards of trustees of state institutions of higher education shall ensure that faculty members devote a proper and judicious part of their work week to the actual instruction of students. Total class credit hours of production per academic term per full-time faculty member is expected to meet the standards set forth in the budget data submitted by the Chancellor.

(D) The authority of government vested by law in the boards of trustees of state institutions of higher education shall in fact be exercised by those boards. Boards of trustees may consult extensively with appropriate student and faculty groups. Administrative decisions about the utilization of available resources, about organizational structure, about disciplinary procedure, about the operation and staffing of all auxiliary facilities, and about administrative personnel shall be the exclusive prerogative of boards of trustees. Any delegation of authority by a board of trustees in other areas of responsibility shall be accompanied by appropriate standards of guidance concerning expected objectives in the exercise of such delegated authority and shall be accompanied by periodic review of the exercise of this delegated authority to the end that the public interest, in contrast to any institutional or special interest, shall be served.

Section 381.280. WAR ORPHANS AND SEVERELY DISABLED VETERANS' CHILDREN SCHOLARSHIPS
The foregoing appropriation item 235504, War Orphans and Severely Disabled Veterans' Children Scholarships, shall be used to reimburse state institutions of higher education for waivers of instructional fees and general fees provided by them, to provide grants to institutions that have received a certificate of authorization from the Chancellor of Higher Education under Chapter 1713. of the Revised Code, in accordance with the provisions of section 5910.04 of the Revised Code, and to fund additional scholarship benefits provided by section 5910.032 of the Revised Code.

During each fiscal year, the Chancellor, as soon as possible after cancellation, may certify to the Director of Budget and Management the amount of canceled prior-year encumbrances in appropriation item 235504, War Orphans and Severely Disabled Veterans' Children Scholarships. Upon receipt of the certification, the Director of Budget and Management may transfer cash, up to the certified amount, from the General Revenue Fund to the War Orphans and Severely Disabled Veterans' Children Scholarship Reserve Fund (Fund 5PW0).

Section 381.290. STATE SHARE OF INSTRUCTION RECONCILIATION

By the first day of September in each fiscal year, or as soon as possible thereafter, the Chancellor of Higher Education shall certify to the Director of Budget and Management the amount necessary to pay any outstanding prior-year obligations to higher education institutions under the State Share of Instruction formulas, as determined by the Chancellor. Notwithstanding any provisions of law to the contrary, the Director of Budget and Management, upon the request of the Chancellor, may transfer cash in an amount up to the amounts certified for State Share of Instruction reconciliation from the State Financial Aid Reconciliation Fund (Fund 5Y50) to the General Revenue Fund. The
amounts certified for State Share of Instruction reconciliation are hereby appropriated to appropriation item 235505, State Share of Instruction Reconciliation.

Section 381.300. OHIOLINK

The foregoing appropriation item 235507, OhioLINK, shall be used by the Chancellor of Higher Education to support OhioLINK, a consortium organized under division (T) of section 3333.04 of the Revised Code to serve as the state's electronic library information and retrieval system, which provides access statewide to an extensive set of electronic databases and resources, the library holdings of Ohio's public and participating private nonprofit colleges and universities, and the State Library of Ohio.

Section 381.310. AIR FORCE INSTITUTE OF TECHNOLOGY

(A) Of the foregoing appropriation item 235508, Air Force Institute of Technology, $75,000 in each fiscal year shall be allocated to the Aerospace Professional Development Center in Dayton for statewide workforce development services in the aerospace industry.

(B) The remainder of the foregoing appropriation item 235508, Air Force Institute of Technology, shall be used to do both of the following:

(1) Strengthen the research and educational linkages between the Wright Patterson Air Force Base and institutions of higher education in Ohio; and

(2) Support the Defense Associated Graduate Student Innovators, an engineering graduate consortium of Wright State University, the University of Dayton, and the Air Force Institute of Technology, with the participation of the University of Cincinnati and The Ohio State University.
Section 381.320. OHIO SUPERCOMPUTER CENTER

The foregoing appropriation item 235510, Ohio Supercomputer Center, shall be used by the Chancellor of Higher Education to support the operation of the Ohio Supercomputer Center, a consortium organized under division (T) of section 3333.04 of the Revised Code, located at The Ohio State University. Section 387.20. ADDITIONAL APPROPRIATIONS

Appropriation items in Section 387.10 of this act shall be used for the purpose of administering and distributing the designated revenue distribution funds according to the Revised Code. If it is determined that additional appropriations are necessary for this purpose in any appropriation items in Section 387.10 of this act, such amounts are hereby appropriated.

GENERAL REVENUE FUND TRANSFERS

Notwithstanding any provision of law to the contrary, in fiscal year 2024 and fiscal year 2025, the Director of Budget and Management may transfer from the General Revenue Fund to the Local Government Tangible Property Tax Replacement Fund (Fund 7081) and the School District Tangible Property Tax Replacement Fund (Fund 7047) in the Revenue Distribution Fund Group, those amounts
necessary to reimburse local taxing units and school districts under sections 5709.92 and 5709.93 of the Revised Code. Also, in fiscal year 2024 and fiscal year 2025, the Director of Budget and Management may make temporary transfers from the General Revenue Fund to ensure sufficient balances in the Local Government Tangible Property Tax Replacement Fund (Fund 7081) and the School District Tangible Property Tax Replacement Fund (Fund 7047) and to replenish the General Revenue Fund for such transfers.

PROPERTY TAX REIMBURSEMENT - EDUCATION

The foregoing appropriation item 200903, Property Tax Reimbursement - Education, is appropriated to pay for the state's costs incurred because of the homestead exemption, the property tax rollback, and payments required under division (C) of section 5705.2110 of the Revised Code. In cooperation with the Department of Taxation, the Department of Education shall distribute these funds directly to the appropriate school districts of the state, notwithstanding sections 321.24 and 323.156 of the Revised Code, which provide for payment of the homestead exemption and property tax rollback by the Tax Commissioner to the appropriate county treasurer and the subsequent redistribution of these funds to the appropriate local taxing districts by the county auditor.

Upon receipt of these amounts, each school district shall distribute the amount among the proper funds as if it had been paid as real or tangible personal property taxes. Payments for the costs of administration shall continue to be paid to the county treasurer and county auditor as provided for in sections 319.54, 321.26, and 323.156 of the Revised Code.

Any sums, in addition to the amount specifically appropriated in appropriation item 200903, Property Tax Reimbursement - Education, for the homestead exemption and the property tax rollback payments, and payments required under division (C) of section 5705.2110 of the Revised Code, which are determined to be
necessary for these purposes, are hereby appropriated.

HOMESTEAD EXEMPTION, PROPERTY TAX ROLLBACK

The foregoing appropriation item 110908, Property Tax Reimbursement—Local Government, is hereby appropriated to pay for the state's costs incurred due to the Homestead Exemption, the Manufactured Home Property Tax Rollback, and the Property Tax Rollback. The Tax Commissioner shall distribute these funds directly to the appropriate local taxing districts, except for school districts, notwithstanding the provisions in sections 321.24 and 323.156 of the Revised Code, which provide for payment of the Homestead Exemption, the Manufactured Home Property Tax Rollback, and Property Tax Rollback by the Tax Commissioner to the appropriate county treasurer and the subsequent redistribution of these funds to the appropriate local taxing districts by the county auditor.

Upon receipt of these amounts, each local taxing district shall distribute the amount among the proper funds as if it had been paid as real property taxes. Payments for the costs of administration shall continue to be paid to the county treasurer and county auditor as provided for in sections 319.54, 321.26, and 323.156 of the Revised Code.

Any sums, in addition to the amounts specifically appropriated in appropriation item 110908, Property Tax Allocation—Local Government, for the Homestead Exemption, the Manufactured Home Property Tax Rollback, and the Property Tax Rollback payments, which are determined to be necessary for these purposes, are hereby appropriated.

MUNICIPAL INCOME TAX

The foregoing appropriation item 110995, Municipal Income Tax, shall be used to make payments to municipal corporations under section 5745.05 of the Revised Code. If it is determined
that additional appropriations are necessary to make such payments, such amounts are hereby appropriated.

MUNICIPAL NET PROFIT TAX

The foregoing appropriation item 110902, Municipal Net Profit Tax, shall be used to make payments to municipal corporations under section 718.83 of the Revised Code. If it is determined that additional amounts are necessary to make such payments, such amounts are hereby appropriated.

During fiscal year 2024 and fiscal year 2025, if the Tax Commissioner determines that there is insufficient cash in the Municipal Net Profit Tax Fund (Fund 5VR0) to meet monthly distribution obligations under section 718.83 of the Revised Code, the Tax Commissioner shall certify to the Director of Budget and Management the amount of additional cash necessary to satisfy those obligations. In addition, the Commissioner shall submit a plan to the Director requesting the necessary cash be transferred from one or a combination of the following funds: the Municipal Income Tax Administrative Fund, the Local Sales Tax Administrative Fund, the General School District Income Tax Administrative Fund, the Motor Fuel Tax Administrative Fund, the Property Tax Administrative Fund, or the General Revenue Fund. This plan shall include a proposed repayment schedule to reimburse those funds for any cash transferred in accordance with this section. After receiving the certification and funding plan from the Tax Commissioner and if the Director determines that sufficient cash is available, the Director may transfer the cash to the Municipal Net Profit Tax Fund in accordance with the plan submitted by the Tax Commissioner or as otherwise determined by the Director of Budget and Management. The Director of Budget and Management may transfer cash from the Municipal Net Profit Tax Fund to reimburse the funds from which cash was transferred for the purpose outlined in this section.
PUBLIC LIBRARY FUND

Notwithstanding the requirement in division (B) of section 131.51 of the Revised Code that the Director of Budget and Management shall credit to the Public Library Fund one and sixty-six one-hundredths per cent of the total tax revenue credited to the General Revenue Fund during the preceding month, the Director shall instead calculate these amounts during fiscal year 2024 and fiscal year 2025 using one and seven-tenths as the percentage.

LOCAL GOVERNMENT FUND

Notwithstanding the requirement in division (A) of section 131.51 of the Revised Code that the Director of Budget and Management shall credit to the Local Government Fund one and sixty-six one-hundredths per cent of the total tax revenue credited to the General Revenue Fund during the preceding month, the Director shall instead calculate these amounts during fiscal year 2024 and fiscal year 2025 using one and seven-tenths as the percentage.

provider" means either of the following:

(a) A community school established under Chapter 3314. of the 
Revised Code that is sponsored by a sponsor rated "exemplary" in 
accordance with section 3314.016 of the Revised Code that offers a

of the Revised Code that did not receive state funding for Early 
Childhood Education in the previous fiscal year;

(b) A community school established under Chapter 3314. of the 
Revised Code that satisfies all of the following criteria:

(i) It has received, on its most recent report card, either

(5) "Early learning program standards" means early learning program standards for school readiness developed by the Department to assess the operation of Children and Youth programs.

(6) "Children and Youth programs" has the same meaning as in section 5104.29 of the Revised Code.

(B) In each fiscal year, up to two per cent of the total appropriation may be used by the Department for program support and technical assistance. The Department shall distribute the remainder of the appropriation in each fiscal year to serve eligible children.

(C) The Department of Children and Youth shall provide an annual report to the Governor, the Speaker of the House of Representatives, and the President of the Senate and post the report to the Department's web site, regarding early childhood education programs operated under this section and the early learning program standards.

(D) After setting aside the amounts to make payments due from the previous fiscal year, in fiscal year 2024, the Department shall distribute funds first to recipients of funds for early
childhood education programs under Section 265.20 of H.B. 110 of the 134th General Assembly in the previous fiscal year and the balance to new eligible providers of early childhood education programs or to existing providers to serve more eligible children pursuant to division (E) of this section or for purposes of program expansion, improvement, or special projects to promote quality and innovation, including piloting all-day programming.

After setting aside the amounts to make payments due from the previous fiscal year, in fiscal year 2025, the Department shall distribute funds first to providers of early childhood education programs under this section in the previous fiscal year and the balance to new eligible providers or to existing providers to serve more eligible children as outlined under division (E) of this section or for purposes of program expansion, improvement, or special projects to promote quality and innovation, including piloting all-day programming.

(E)(1) The Department shall distribute any new or remaining funding to existing providers of early childhood education programs or any new eligible providers in an effort to invest in high quality early childhood programs where there is a need as determined by the Department. The Department shall distribute the new or remaining funds to existing providers of early childhood education programs or any new eligible providers to serve additional eligible children based on community economic disadvantage, limited access to high quality preschool or childcare services, and demonstration of high quality preschool services.

(2) Awards under divisions (D) and (E) of this section shall be distributed on a per-pupil basis, and in accordance with division (I) of this section. The Department may adjust the per-pupil amount so that the per-pupil amount multiplied by the number of eligible children enrolled and receiving services on the
first day of December or the business day closest to that date equals the amount allocated under this section.

(F) Funds awarded under this section must be used to support expenses directly related to the operation of an early childhood education program. Costs for developing and administering an early childhood education program may not exceed fifteen per cent of the total approved costs of the program.

All providers shall maintain such fiscal control and accounting procedures as may be necessary to ensure the disbursement of, and accounting for, these funds. The control of funds provided in this program, and title to property obtained, shall be under the authority of the approved provider for purposes provided in the program unless, as described in division (K) of this section, the program waives its right for funding or a program's funding is eliminated or reduced due to its inability to meet financial or early learning program standards. The approved provider shall administer and use such property and funds for the purposes specified.

(G) The Department may examine a provider's financial and program records. If the financial practices of the program are not in accordance with standard accounting principles or do not meet financial standards outlined under division (F) of this section, or if the program fails to substantially meet the early learning program standards, meet a quality rating level in the Step Up to Quality program established pursuant to section 5104.29 of the Revised Code as prescribed by the Department, or exhibits below average performance as measured against the standards, the early childhood education program shall propose and implement a corrective action plan that has been approved by the Department. The approved corrective action plan shall be signed by the chief executive officer and the executive of the official governing body of the provider. The corrective action plan shall include a
schedule for monitoring by the Department. Such monitoring may include monthly reports, inspections, a timeline for correction of deficiencies, and technical assistance to be provided by the Department or obtained by the early childhood education program. The Department may withhold funding pending corrective action. If an early childhood education program fails to satisfactorily complete a corrective action plan, the Department may deny expansion funding to the program or withdraw all or part of the funding to the program and establish a new eligible provider through a selection process established by the Department.

(H)(1) If the early childhood education program is not highly rated, as determined by the Director of Children and Youth, under the Step Up to Quality program established pursuant to section 5104.29 of the Revised Code, the program shall do all of the following:

(a) Meet teacher qualification requirements prescribed by section 3301.311 of the Revised Code;

(b) Align curriculum to the early learning content standards developed by the Department;

(c) Meet any child or program assessment requirements prescribed by the Department;

(d) Require teachers, except teachers enrolled and working to obtain a degree pursuant to section 3301.311 of the Revised Code, to attend a minimum of twenty hours every two years of professional development as prescribed by the Department;

(f) Meet and report compliance with the early learning program standards as prescribed by the Department;

(g) Participate in the Step Up to Quality program established
pursuant to section 5104.29 of the Revised Code.

(2) If the program is highly rated, as determined by the Director of Children and Youth, under the Step Up to Quality program established pursuant to section 5104.29 of the Revised Code, the program shall comply with the requirements of that program.

(I) Per-pupil funding for programs subject to this section shall be sufficient to provide eligible children with services for a standard early childhood schedule which shall be defined in this section as a minimum of twelve and one-half hours per school week as defined in section 3313.62 of the Revised Code for the minimum school year as defined in sections 3313.48, 3313.481, and 3313.482 of the Revised Code. Nothing in this section shall be construed to prohibit program providers from utilizing other funds to serve eligible children in programs that exceed the twelve and one-half hours per week or that exceed the minimum school year. For any provider for which a standard early childhood education schedule creates a hardship or for which the provider shows evidence that the provider is working in collaboration with a preschool special education program, the provider may submit a waiver to the Department requesting an alternate schedule. If the Department approves a waiver for an alternate schedule that provides services for less time than the standard early childhood education schedule, the Department may reduce the provider's annual allocation proportionately. Under no circumstances shall an annual allocation be increased because of the approval of an alternate schedule.

(J) Each provider shall develop a sliding fee scale based on family incomes and shall charge families who earn more than two hundred per cent of the federal poverty guidelines, as defined in division (A)(3) of section 5101.46 of the Revised Code, for the early childhood education program.
The Department shall conduct an annual survey of each provider to determine whether the provider charges families tuition or fees, the amount families are charged relative to family income levels, and the number of families and students charged tuition and fees for the early childhood program.

(K) If an early childhood education program voluntarily waives its right for funding, or has its funding eliminated for not meeting financial standards or the early learning program standards, the provider shall transfer control of title to property, equipment, and remaining supplies obtained through the program to providers designated by the Department and return any unexpended funds to the Department along with any reports prescribed by the Department. The funding made available from a program that waives its right for funding or has its funding eliminated or reduced may be used by the Department for new grant awards or expansion grants. The Department may award new grants or expansion grants to eligible providers who apply. The eligible providers who apply must do so in accordance with the selection process established by the Department.

(L) Eligible expenditures for the Early Childhood Education Program shall be claimed each fiscal year to help meet the state's TANF maintenance of effort requirement. The Superintendent of Public Instruction, Director of Children and Youth, and the Director of Job and Family Services shall enter into an interagency agreement to carry out the requirements under this division, which shall include developing reporting guidelines for these expenditures.

(M)(1) The Department of Children and Youth and the Department of Job and Family Services shall continue to work toward establishing the following in common between early childhood education programs and publicly funded child care:

(a) An application;
(b) Program eligibility;
(c) Funding;
(d) An attendance policy;
(e) An attendance tracking system.
(2) In accordance with section 5104.34 of the Revised Code, eligible families may receive publicly funded child care beyond the standard early childhood schedule defined in division (I) of this section.
(3) All providers, agencies, and school districts participating in the early childhood education program or providing care to eligible families beyond the standard early childhood schedule shall follow the common policies established under this section.

Section 503.20. SATISFACTION OF JUDGMENTS AND SETTLEMENTS AGAINST THE STATE

Except as otherwise provided in this section, an appropriation in this act may be used for the purpose of satisfying judgments, settlements, or administrative awards ordered or approved by the Court of Claims or by any other court of competent jurisdiction in connection with civil actions against the state. This authorization does not apply to appropriations to be applied to or used for payment of guarantees by or on behalf of the state, or for payments under lease agreements relating to, or
debt service on, bonds, notes, or other obligations of the state. Notwithstanding any other statute to the contrary, this authorization includes appropriations from funds into which proceeds of direct obligations of the state are deposited only to the extent that the judgment, settlement, or administrative award is for, or represents, capital costs for which the appropriation may otherwise be used and is consistent with the purpose for which any related obligations were issued or entered into. Nothing contained in this section is intended to subject the state to suit in any forum in which it is not otherwise subject to suit, and is not intended to waive or compromise any defense or right available to the state in any suit against it.

**Section 503.30. CAPITAL PROJECT SETTLEMENTS**

This section specifies an additional and supplemental procedure to provide for payments of judgments and settlements if the Director of Budget and Management determines, pursuant to division (C)(4) of section 2743.19 of the Revised Code, that sufficient unencumbered moneys do not exist in the fund to support a particular appropriation to pay the amount of a final judgment rendered against the state or a state agency, including the settlement of a claim approved by a court, in an action upon and arising out of a contractual obligation for the construction or improvement of a capital facility if the costs under the contract were payable in whole or in part from a state capital projects appropriation. In such a case, the Director may either proceed pursuant to division (C)(4) of section 2743.19 of the Revised Code or apply to the Controlling Board to increase an appropriation or create an appropriation out of any unencumbered moneys in the state treasury to the credit of the capital projects fund from which the initial state appropriation was made. The amount of an increase in appropriation or new appropriation approved by the Controlling Board is hereby appropriated from the applicable
capital projects fund and made available for the payment of the 162185
judgment or settlement.

If the Director does not make the application authorized by 162186
this section or the Controlling Board disapproves the application, 162187
and the Director does not make application under division (C)(4) 162188
of section 2743.19 of the Revised Code, the Director shall for the 162189
purpose of making that payment make a request to the General 162190
Assembly as provided for in division (C)(5) of that section.

Section 503.40. RE-ISSUANCE OF VOIRED WARRANTS 162191

In order to provide funds for the reissuance of voided 162192
warrants under section 126.37 of the Revised Code, there is hereby 162193
appropriated, out of moneys in the state treasury from the fund 162194
credited as provided in section 126.37 of the Revised Code, that 162195
amount sufficient to pay such warrants when approved by the Office 162196
of Budget and Management.

Section 503.50. REAPPROPRIATION OF UNEXPENDED ENCUMBERED 162197
BALANCES OF OPERATING APPROPRIATIONS 162198

(A) Notwithstanding the original year of appropriation or 162199encumbrance, the unexpended balance of an operating appropriation 162200
or reappropriation that a state agency lawfully encumbered prior 162201
to the close of fiscal year 2023 or fiscal year 2024 is hereby 162202
reappropriated on the first day of July of the following fiscal 162203
year from the fund from which it was originally appropriated or 162204
reappropriated for the period of time listed in this section and 162205
shall remain available only for the purpose of discharging the 162206
cumbrance:

(1) For an encumbrance for personal services, maintenance, 162207
