twenty-five students. For the 2018-2019 school year, the department shall not include any subgroup data in the annual measurable objectives that includes data from fewer than twenty students. Beginning with the 2019-2020 school year, the department shall not include any subgroup data in the annual measurable objectives that includes data from fewer than fifteen students.

(b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as created by the department. In adopting benchmarks for assigning letter grades under division (C)(1)(b) of this section, the state board shall designate ninety per cent or higher for an "A," at least seventy per cent but not more than eighty per cent for a "C," and less than fifty per cent for an "F."

(c) The extent to which the school district or building meets each of the applicable performance indicators established by the state board under section 3302.03 of the Revised Code and the percentage of applicable performance indicators that have been achieved. In adopting benchmarks for assigning letter grades under division (C)(1)(c) of this section, the state board shall designate ninety per cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation rates;

(e) The overall score under the value-added progress dimension, or another measure of student academic progress if adopted by the state board, of a school district or building, for which the department shall use up to three years of value-added data as available.

In adopting benchmarks for assigning letter grades for overall score on value-added progress dimension under division (C)(1)(e) of this section, the state board shall prohibit the assigning of a grade of "A" for that measure unless the district's
or building's grade assigned for value-added progress dimension for all subgroups under division (C)(1)(f) of this section is a "C" or higher.

For the metric prescribed by division (C)(1)(e) of this section, the state board may adopt a student academic progress measure to be used instead of the value-added progress dimension. If the state board adopts such a measure, it also shall prescribe a method for assigning letter grades for the new measure that is comparable to the method prescribed in division (A)(1)(e) of this section.

(f) The value-added progress dimension score of a school district or building disaggregated for each of the following subgroups: students identified as gifted in superior cognitive ability and specific academic ability fields under Chapter 3324 of the Revised Code, students with disabilities, and students whose performance places them in the lowest quintile for achievement on a statewide basis, as determined by a method prescribed by the state board. Each subgroup shall be a separate graded measure.

The state board may adopt student academic progress measures to be used instead of the value-added progress dimension. If the state board adopts such measures, it also shall prescribe a method for assigning letter grades for the new measures that is comparable to the method prescribed in division (A)(1)(e) of this section.

(g) Whether a school district or building is making progress in improving literacy in grades kindergarten through three, as determined using a method prescribed by the state board. The state board shall adopt rules to prescribe benchmarks and standards for assigning grades to a district or building for purposes of division (C)(1)(g) of this section. The state board shall designate for a "C" grade a value that is not lower than the
statewide average value for this measure. No grade shall be issued under division (C)(1)(g) of this section for a district or building in which less than five per cent of students have scored below grade level on the kindergarten diagnostic assessment under division (B)(1) of section 3313.608 of the Revised Code.

(h) For a high mobility school district or building, an additional value-added progress dimension score. For this measure, the department shall use value-added data from the most recent school year available and shall use assessment scores for only those students to whom the district or building has administered the assessments prescribed by section 3301.0710 of the Revised Code for each of the two most recent consecutive school years.

As used in this division, "high mobility school district or building" means a school district or building where at least twenty-five per cent of its total enrollment is made up of students who have attended that school district or building for less than one year.

(2) In addition to the graded measures in division (C)(1) of this section, the department shall include on a school district's or building's report card all of the following without an assigned letter grade:

(a) The percentage of students enrolled in a district or building who have taken a national standardized test used for college admission determinations and the percentage of those students who are determined to be remediation-free in accordance with the standards adopted under division (F) of section 3345.061 of the Revised Code;

(b) The percentage of students enrolled in a district or building participating in advanced placement classes and the percentage of those students who received a score of three or better on advanced placement examinations;
(c) The percentage of a district's or building's students who have earned at least three college credits through advanced standing programs, such as the college credit plus program under Chapter 3365. of the Revised Code and state-approved career-technical courses offered through dual enrollment or statewide articulation, that appear on a student's college transcript issued by the institution of higher education from which the student earned the college credit. The credits earned that are reported under divisions (B)(2)(b) and (C)(2)(c) of this section shall not include any that are remedial or developmental and shall include those that count toward the curriculum requirements established for completion of a degree.

(d) The percentage of the district's or building's students who receive an honor's diploma under division (B) of section 3313.61 of the Revised Code;

(e) The percentage of the district's or building's students who receive industry-recognized credentials as approved under section 3313.6113 of the Revised Code;

(f) The percentage of students enrolled in a district or building who are participating in an international baccalaureate program and the percentage of those students who receive a score of four or better on the international baccalaureate examinations;

(g) The results of the college and career-ready assessments administered under division (B)(1) of section 3301.0712 of the Revised Code;

(h) Whether the school district or building has implemented a positive behavior intervention and supports framework in compliance with the requirements of section 3319.46 of the Revised Code, notated as a "yes" or "no" answer.

(3) The state board shall adopt rules pursuant to Chapter 119. of the Revised Code that establish a method to assign an
overall grade for a school district or school building for the
2017–2018 school year and each school year thereafter. The rules
shall group the performance measures in divisions (C)(1) and (2)
of this section into the following components:

(a) Gap closing, which shall include the performance measure
in division (C)(1)(a) of this section;

(b) Achievement, which shall include the performance measures
in divisions (C)(1)(b) and (c) of this section;

(c) Progress, which shall include the performance measures in
divisions (C)(1)(e) and (f) of this section;

(d) Graduation, which shall include the performance measure
in division (C)(1)(d) of this section;

(e) Kindergarten through third-grade literacy, which shall
include the performance measure in division (C)(1)(g) of this
section;

(f) Prepared for success, which shall include the performance
measures in divisions (C)(2)(a), (b), (c), (d), (e), and (f) of
this section. The state board shall develop a method to determine
a grade for the component in division (C)(3)(f) of this section
using the performance measures in divisions (C)(2)(a), (b), (c),
(d), (e), and (f) of this section. When available, the state board
may incorporate the performance measure under division (C)(2)(g)
of this section into the component under division (C)(3)(f) of
this section. When determining the overall grade for the prepared
for success component prescribed by division (C)(3)(f) of this
section, no individual student shall be counted in more than one
performance measure. However, if a student qualifies for more than
one performance measure in the component, the state board may, in
its method to determine a grade for the component, specify an
additional weight for such a student that is not greater than or
equal to 1.0. In determining the overall score under division
(C)(3)(f) of this section, the state board shall ensure that the pool of students included in the performance measures aggregated under that division are all of the students included in the four-and five-year adjusted graduation cohort.

In the rules adopted under division (C)(3) of this section, the state board shall adopt a method for determining a grade for each component in divisions (C)(3)(a) to (f) of this section. The state board also shall establish a method to assign an overall grade of "A," "B," "C," "D," or "F" using the grades assigned for each component. The method the state board adopts for assigning an overall grade shall give equal weight to the components in divisions (C)(3)(b) and (c) of this section.

At least forty-five days prior to the state board's adoption of rules to prescribe the methods for calculating the overall grade for the report card, as required by this division, the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider education legislation describing the format for the report card, weights that will be assigned to the components of the overall grade, and the method for calculating the overall grade.

(D) For the 2021-2022 school year and each school year thereafter, all of the following apply:

(1) The department shall include on a school district's or building's report card all of the following performance measures without an assigned performance rating:

(a) Whether the district or building meets the gifted performance indicator under division (A)(2) of section 3302.02 of the Revised Code and the extent to which the district or building meets gifted indicator performance benchmarks;

(b) The extent to which the district or building meets the
chronic absenteeism indicator under division (A)(3) of section 3302.02 of the Revised Code;

(c) Performance index score percentage for a district or building, which shall be calculated by dividing the district's or building's performance index score according to the performance index system created by the department by the maximum performance index score for a district or building. The maximum performance index score shall be as follows:

(i) For a building, the average of the highest two per cent of performance index scores achieved by a building for the school year for which a report card is issued;

(ii) For a district, the average of the highest two per cent of performance index scores achieved by a district for the school year for which a report card is issued.

(d) The overall score under the value-added progress dimension of a district or building, for which the department shall use three consecutive years of value-added data. In using three years of value-added data to calculate the measure prescribed under division (D)(1)(d) of this section, the department shall assign a weight of fifty per cent to the most recent year's data and a weight of twenty-five per cent to the data of each of the other years. However, if three consecutive years of value-added data is not available, the department shall use prior years of value-added data to calculate the measure, as follows:

(i) If two consecutive years of value-added data is not available, the department shall use one year of value-added data to calculate the measure.

(ii) If two consecutive years of value-added data is available, the department shall use two consecutive years of value-added data to calculate the measure. In using two years of
value-added data to calculate the measure, the department shall assign a weight of sixty-seven per cent to the most recent year's data and a weight of thirty-three per cent to the data of the other year.

(e) The four-year adjusted cohort graduation rate.

(f) The five-year adjusted cohort graduation rate.

(g) The percentage of students in the district or building who score proficient or higher on the reading segment of the third grade English language arts assessment under section 3301.0710 of the Revised Code.

To the extent possible, the department shall include the results of the summer administration of the third grade reading assessment under section 3301.0710 of the Revised Code in the performance measures prescribed under divisions (D)(1)(g) and (h) of this section.

(h) Whether a district or building is making progress in improving literacy in grades kindergarten through three, as determined using a method prescribed by the department. The method shall determine progress made based on the reduction in the total percentage of students scoring below grade level, or below proficient, compared from year to year on the reading segments of the diagnostic assessments administered under section 3301.0715 of the Revised Code, including the kindergarten readiness assessment, and the third grade English language arts assessment under section 3301.0710 of the Revised Code, as applicable. The method shall not include a deduction for students who did not pass the third grade English language arts assessment under section 3301.0710 of the Revised Code and were not on a reading improvement and monitoring plan.

The performance measure prescribed under division (D)(1)(h) of this section shall not be included on the report card of a
district or building in which less than ten per cent of students have scored below grade level on the diagnostic assessment administered to students in kindergarten under division (B)(1) of section 3313.608 of the Revised Code.

(i) The percentage of students in a district or building who are promoted to the fourth grade and not subject to retention under division (A)(2) of section 3313.608 of the Revised Code;

(j) A post-secondary readiness measure. This measure shall be calculated by dividing the number of students included in the four-year adjusted graduation rate cohort who demonstrate post-secondary readiness by the total number of students included in the denominator of the four-year adjusted graduation rate cohort. Demonstration of post-secondary readiness shall include a student doing any of the following:

(i) Attaining a remediation-free score, in accordance with standards adopted under division (F) of section 3345.061 of the Revised Code, on a nationally standardized assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code;

(ii) Attaining required scores on three or more advanced placement or international baccalaureate examinations. The required score for an advanced placement examination shall be a three or better. The required score for an international baccalaureate examination shall be a four or better. A student may satisfy this condition with any combination of advanced placement or international baccalaureate examinations.

(iii) Earning at least twelve college credits through advanced standing programs, such as the college credit plus program under Chapter 3365. of the Revised Code, an early college high school program under section 3313.6013 of the Revised Code, and state-approved career-technical courses offered through dual enrollment or statewide articulation, that appear on a student's
college transcript issued by the institution of higher education from which the student earned the college credit. Earned credits reported under division (D)(1)(j)(iii) of this section shall include credits that count toward the curriculum requirements established for completion of a degree, but shall not include any remedial or developmental credits.

(iv) Meeting the additional criteria for an honors diploma under division (B) of section 3313.61 of the Revised Code;

(v) Earning an industry-recognized credential or license issued by a state agency or board for practice in a vocation that requires an examination for issuance of that license approved under section 3313.6113 of the Revised Code;

(vi) Satisfying any of the following conditions:

(I) Completing a pre-apprenticeship aligned with options established under section 3313.904 of the Revised Code in the student's chosen career field;

(II) Completing an apprenticeship registered with the apprenticeship council established under section 4139.02 of the Revised Code in the student's chosen career field;

(III) Providing evidence of acceptance into an apprenticeship program after high school that is restricted to participants eighteen years of age or older.

(vii) Earning a cumulative score of proficient or higher on three or more state technical assessments aligned with section 3313.903 of the Revised Code in a single career pathway;

(viii) Earning an OhioMeansJobs-readiness seal established under section 3313.6112 of the Revised Code and completing two hundred fifty hours of an internship or other work-based learning experience that is either:

(I) Approved by the business advisory council established
under section 3313.82 of the Revised Code that represents the student's district; or

(II) Aligned to the career-technical education pathway approved by the department in which the student is enrolled.

(ix) Providing evidence that the student has enlisted in a branch of the armed services of the United States as defined in section 5910.01 of the Revised Code.

A student who satisfies more than one of the conditions prescribed under this division shall be counted as one student for the purposes of calculating the measure prescribed under division (D)(1)(j) of this section.

(2) In addition to the performance measures under division (D)(1) of this section, the department shall report on a district's or building's report card all of the following data without an assigned performance rating:

(a) The applicable performance indicators established by the state board under division (A)(1) of section 3302.02 of the Revised Code;

(b) The overall score under the value-added progress dimension of a district or building for the most recent school year;

(c) A composite of the overall scores under the value-added progress dimension of a district or building for the previous three school years or, if only two years of value-added data are available, for the previous two years;

(d) The percentage of students included in the four- and five-year adjusted cohort graduation rates of a district or building who did not receive a high school diploma under section 3313.61 or 3325.08 of the Revised Code. To the extent possible, the department shall disaggregate that data according to the
following categories:

(i) Students who are still enrolled in the district or building and receiving general education services;

(ii) Students with an individualized education program, as defined in section 3323.01 of the Revised Code, who satisfied the conditions for a high school diploma under section 3313.61 or 3325.08 of the Revised Code, but opted not to receive a diploma and are still receiving education services;

(iii) Students with an individualized education program who have not yet satisfied conditions for a high school diploma under section 3313.61 or 3325.08 of the Revised Code and who are still receiving education services;

(iv) Students who are no longer enrolled in any district or building;

(v) Students who, upon enrollment in the district or building for the first time, had completed fewer units of high school instruction required under section 3313.603 of the Revised Code than other students in the four- or five-year adjusted cohort graduation rate.

The department may disaggregate the data prescribed under division (D)(2)(d) of this section according to other categories that the department determines are appropriate.

(e) The results of the kindergarten diagnostic assessment prescribed under division (D) of section 3301.079 of the Revised Code;

(f) Post-graduate outcomes for students who were enrolled in a district or building and received a high school diploma under section 3313.61 or 3325.08 of the Revised Code in the school year prior to the school year for which the report card is issued, including the percentage of students who:
(i) Enrolled in a post-secondary educational institution. To the extent possible, the department shall disaggregate that data according to whether the student enrolled in a four-year institution of higher education, a two-year institution of higher education, an Ohio technical center that provides adult technical education services and is recognized by the chancellor of higher education, or another type of post-secondary educational institution.

(ii) Entered an apprenticeship program registered with the apprenticeship council established under Chapter 4139. of the Revised Code. The department may include other job training programs with similar rigor and outcomes.

(g) Whether the school district or building has implemented a positive behavior intervention and supports framework in compliance with the requirements of section 3319.46 of the Revised Code, notated with a "yes" or "no";

(h) The number and percentage of high school seniors in each school year who completed the free application for federal student aid;

(i) Beginning with the report card issued under this section for the 2022-2023 school year, a student opportunity profile measure that reports data regarding the opportunities provided to students by a district or building. To the extent possible, and when appropriate, the data shall be disaggregated by grade level and subgroup. The measure also shall include data regarding the statewide average, the average for similar school districts, and, for a building, the average for the district in which the building
is located. The measure shall include all of the following data for the district or building:

(i) The average ratio of teachers of record to students in each grade level in a district or building;

(ii) The average ratio of school counselors to students in a district or building;

(xxi) The percentage of students who are transported by a school bus each school day;

(xxii) The ratio of portable technology devices that students may take home to the number of students.

The department shall include only opportunity measures at the building level for which data for buildings is available, as determined by a school district.

(j)(i) The percentage of students included in the four- and five-year adjusted cohort graduation rates of the district or
building who completed all of grades nine through twelve while

to retention under division (A)(2) of section 3313.608 of the
Revised Code.

(ii) The students completed all of the grade levels offered
prior to the fourth grade in the district or building.

(3) Except as provided in division (D)(3)(f) of this section,
the department shall use the state board's method prescribed under
rules adopted under division (D)(4) of this section to assign
performance ratings of "one star," "two stars," "three stars,"
"four stars," or "five stars," as described in division (F) of
this section, for a district or building for the individual
components prescribed under division (D)(3) of this section. The
department also shall assign an overall performance rating for a
district or building in accordance with division (D)(3)(g) of this
section. The method shall use the performance measures prescribed
under division (D)(1) of this section to calculate performance
ratings for components. The method may report data under division
(D)(2) of this section with corresponding components, but shall
not use the data to calculate performance ratings for that
component. The performance measures and reported data shall be
grouped together into components as follows:

(a) Gap closing. In addition to other criteria determined
appropriate by the department, performance ratings for the gap
closing component shall reflect whether each of the following
performance measures are met or not met:

(i) The gifted performance indicator as described in division (D)(1)(a) of this section;

(ii) The chronic absenteeism indicator as described in division (D)(1)(b) of this section;

(iii) For English learners, an English language proficiency improvement indicator established by the department;

(iv) The subgroup graduation targets;

(v) The subgroup achievement targets in both mathematics and English language arts;

(vi) The subgroup progress targets in both mathematics and English language arts.

Achievement and progress targets under division (D)(3)(a) of this section shall be calculated individually, and districts and buildings shall receive a status of met or not met on each measure. The department shall not require a subgroup of a district or building to meet both the achievement and progress targets at the same time to receive a status of met.

The department shall not include any subgroup data in this measure that includes data from fewer than fifteen students. Any penalty for failing to meet the required assessment participation rate must be partially in proportion to how close the district or building was to meeting the rate requirement.

(b) Achievement, which shall include the performance measure in division (D)(1)(c) of this section and the reported data in division (D)(2)(a) of this section. Performance ratings for the achievement component shall be awarded as a percentage of the maximum performance index score described in division (D)(1)(c) of this section.

(c) Progress, which shall include the performance measure in
division (D)(1)(d) of this section and the reported data in divisions (D)(2)(b) and (c) of this section;

(d) Graduation, which shall include the performance measures in divisions (D)(1)(e) and (f) of this section and the reported data in divisions (D)(2)(d) and (j) of this section. The four-year adjusted cohort graduation rate shall be assigned a weight of sixty per cent and the five-year adjusted cohort graduation rate shall be assigned a weight of forty per cent;

(e) Early literacy, which shall include the performance measures in divisions (D)(1)(g), (h), and (i) of this section and the reported data in divisions (D)(2)(e) and (k) of this section.

If the measure prescribed under division (D)(1)(h) of this section is included in a report card, performance ratings for the early literacy component shall give a weight of forty per cent to the measure prescribed under division (D)(1)(g) of this section, a weight of thirty-five per cent to the measure prescribed under division (D)(1)(i) of this section, and a weight of twenty-five per cent to the measure prescribed under division (D)(1)(h) of this section.

If the measure prescribed under division (D)(1)(h) of this section is not included in a report card of a district or building, performance ratings for the early literacy component shall give a weight of sixty per cent to the measure prescribed under division (D)(1)(g) of this section and a weight of forty per cent to the measure prescribed under division (D)(1)(i) of this section.

(f) College, career, workforce, and military readiness, which shall include the performance measure in division (D)(1)(j) of this section and the reported data in division (D)(2)(f) of this section.

For the 2021-2022, 2022-2023, and 2023-2024 school years, the
department only shall report the data for, and not assign a performance rating to, the college, career, workforce, and military readiness component. The reported data shall include the percentage of students who demonstrate post-secondary readiness using any of the options described in division (D)(1)(j) of this section.

The department shall analyze the data included in the performance measure prescribed in division (D)(1)(j) of this section for the 2021-2022, 2022-2023, and 2023-2024 school years. Using that data, the department shall develop and propose rules for a method to assign a performance rating to the college, career, workforce, and military readiness component based on that measure. The method to assign a performance rating shall not include a tiered structure or per student bonuses. The rules shall specify that a district or building shall not receive lower than a performance rating of three stars for the component if the district's or building's performance on the component meets or exceeds a level of improvement set by the department.

Notwithstanding division (D)(4)(b) of this section, more than half of the total districts and buildings may earn a performance rating of three stars on this component to account for the districts and buildings that earned a performance rating of three stars because they met or exceeded the level of improvement set by the department.

The department shall submit the rules to the joint committee on agency rule review. The committee shall conduct at least one public hearing on the proposed rules and approve or disapprove the rules. If the committee approves the rules, the state board shall adopt the rules in accordance with Chapter 119. of the Revised Code. If the rules are adopted, the department shall assign a performance rating to the college, career, workforce, and military readiness component under the rules beginning with the 2024-2025 school year.
school year, and for each school year thereafter. If the committee disapproves the rules, the component shall be included in the report card only as reported data for the 2024-2025 school year, and each school year thereafter.

(g)(i) Except as provided for in division (D)(3)(g)(ii) of this section, beginning with the 2022-2023 school year, under the state board's method prescribed under rules adopted in division (D)(4) of this section, the department shall use the performance ratings assigned for the components prescribed in divisions (D)(3)(a) to (e) of this section to determine and assign an overall performance rating of "one star," "one and one-half stars," "two stars," "two and one-half stars," "three stars," "three and one-half stars," "four stars," "four and one-half stars," or "five stars" for a district or building. The method shall give equal weight to the components in divisions (D)(3)(b) and (c) of this section. The method shall give equal weight to the components prescribed in divisions (D)(3)(a), (d), and (e) of this section. The individual weights of each of the components prescribed in divisions (D)(3)(a), (d), and (e) of this section shall be equal to one-half of the weight given to the component prescribed in division (D)(3)(b) of this section.

(ii) If the joint committee on agency rule review approves the department's rules regarding the college, career, workforce, and military readiness component as described in division (D)(3)(f) of this section, for the 2024-2025 school year, and each school year thereafter, the state board's method shall use the components in divisions (D)(3)(a), (b), (c), (d), (e), and (f) of this section to calculate the overall performance rating. The method shall give equal weight to the components in divisions (D)(3)(b) and (c) of this section. The method shall give equal weight to the components prescribed in divisions (D)(3)(a), (d), (e), and (f) of this section. The individual weights of each of...
the components prescribed in divisions (D)(3)(a), (d), (e), and (f) of this section shall be equal to one-half the weight given to
the component prescribed in division (D)(3)(b) of this section.

If the joint committee on agency rule review disapproves the
department's rules regarding the college, career, workforce, and
military readiness component as described in division (D)(3)(f) of
this section, division (D)(3)(g)(ii) of this section does not
apply.

(4)(a) The state board shall adopt rules in accordance with
Chapter 119. of the Revised Code to establish the performance
criteria, benchmarks, and rating system necessary to implement
divisions (D) and (F) of this section, including the method for
the department to assign performance ratings under division (D)(3)
of this section.

(b) In establishing the performance criteria, benchmarks, and
rating system, the state board shall consult with stakeholder
groups and advocates that represent parents, community members,
students, business leaders, and educators from different school
typology regions. The state board shall use data from prior school
years and simulations to ensure that there is meaningful
differentiation among districts and buildings across all
performance ratings and that, except as permitted in division
(D)(3)(f) of this section, more than half of all districts or
buildings do not earn the same performance rating in any component
or overall performance rating.

(c) The state board shall adopt the rules prescribed by
division (D)(4) of this section not later than March 31, 2022.
However, the department shall notify districts and buildings of
the changes to the report card prescribed in law not later than
one week after the effective date of this amendment September 30,
2021.
(d) Prior to adopting or updating rules under division (D)(4) of this section, the president of the state board and the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider primary and secondary education legislation describing the format for the report card and the performance criteria, benchmarks, and rating system, including the method to assign performance ratings under division (D)(3) of this section.

(E) On or after July 1, 2015, the state board may develop a measure of student academic progress for high school students using only data from assessments in English language arts and mathematics. If the state board develops this measure, each school district and applicable school building shall be assigned a separate letter grade for it not sooner than the 2017-2018 school year. The district's or building's grade for that measure shall not be included in determining the district's or building's overall letter grade.

(F)(1) The letter grades assigned to a school district or building under this section shall be as follows:
(a) "A" for a district or school making excellent progress;
(b) "B" for a district or school making above average progress;
(c) "C" for a district or school making average progress;
(d) "D" for a district or school making below average progress;
(e) "F" for a district or school failing to meet minimum progress.

(2) For the overall performance rating under division (D)(3) of this section, the department shall include a descriptor for each performance rating as follows:
(a) "Significantly exceeds state standards" for a performance rating of five stars;

(b) "Exceeds state standards" for a performance rating of four stars or four and one-half stars;

(c) "Meets state standards" for a performance rating of three stars or three and one-half stars;

(d) "Needs support to meet state standards" for a performance rating of two stars or two and one-half stars;

(e) "Needs significant support to meet state standards" for a performance rating of one star or one and one-half stars.

(3) For performance ratings for each component under divisions (D)(3)(a) to (f) of this section, the state board shall include a description of each component and performance rating. The description shall include component-specific context to each performance rating earned, estimated comparisons to other school districts and buildings if appropriate, and any other information determined by the state board. The descriptions shall be not longer than twenty-five words in length when possible. In addition to such descriptions, the state board shall include the descriptors in division (F)(2) of this section for component performance ratings.

(4) Each report card issued under this section shall include all of the following:

(a) A graphic that depicts the performance ratings of a district or school on a color scale. The color associated with a performance rating of three stars shall be green and the color associated with a performance rating of one star shall be red.

(b) An arrow graphic that shows data trends for performance ratings for school districts or buildings. The state board shall determine the data to be used for this graphic, which shall
include at least the three most recent years of data.

(c) A description regarding the weights that are assigned to each component and used to determine an overall performance rating, as prescribed under division (D)(3)(g) of this section, which shall be included in the presentation of the overall performance rating on each report card.

(G) When reporting data on student achievement and progress, the department shall disaggregate that data according to the following categories:

(1) Performance of students by grade-level;

(2) Performance of students by race and ethnic group;

(3) Performance of students by gender;

(4) Performance of students grouped by those who have been enrolled in a district or school for three or more years;

(5) Performance of students grouped by those who have been enrolled in a district or school for more than one year and less than three years;

(6) Performance of students grouped by those who have been enrolled in a district or school for one year or less;

(11) Performance of students grouped by those who are
classified as migrants;

(12) Performance of students grouped by those who are identified as gifted in superior cognitive ability and the specific academic ability fields of reading and math pursuant to Chapter 3324. of the Revised Code. In disaggregating specific academic ability fields for gifted students, the department shall use data for those students with specific academic ability in math and reading. If any other academic field is assessed, the department shall also include data for students with specific academic ability in that field as well.

(13) Performance of students grouped by those who perform in the lowest quintile for achievement on a statewide basis, as determined by a method prescribed by the state board.

The department may disaggregate data on student performance according to other categories that the department determines are appropriate. To the extent possible, the department shall disaggregate data on student performance according to any combinations of two or more of the categories listed in divisions (G)(1) to (13) of this section that it deems relevant.

In reporting data pursuant to division (G) of this section, the department shall not include in the report cards any data statistical in nature that is statistically unreliable or that could result in the identification of individual students. For this purpose, the department shall not report student performance data for any group identified in division (G) of this section that contains less than ten students. If the department does not report student performance data for a group because it contains less than ten students, the department shall indicate on the report card that is why data was not reported.

(H) The department may include with the report cards any additional education and fiscal performance data it deems
valuable.

(I) The department shall include on each report card a list of additional information collected by the department that is available regarding the district or building for which the report card is issued. When available, such additional information shall include student mobility data disaggregated by race and socioeconomic status, college enrollment data, and the reports prepared under section 3302.031 of the Revised Code.

The department shall maintain a site on the world wide web. The report card shall include the address of the site and shall specify that such additional information is available to the public at that site. The department shall also provide a copy of each item on the list to the superintendent of each school district. The district superintendent shall provide a copy of any item on the list to anyone who requests it.

(J)(1)(a) Except as provided in division (J)(1)(b) of this section, for any district that sponsors a conversion community school under Chapter 3314. of the Revised Code, the department shall combine data regarding the academic performance of students enrolled in the community school with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the report card issued for the district under this section or section 3302.033 of the Revised Code.

(b) The department shall not combine data from any conversion community school that a district sponsors if a majority of the students enrolled in the conversion community school are enrolled in a dropout prevention and recovery program that is operated by the school, as described in division (A)(4)(a) of section 3314.35 of the Revised Code. The department shall include as an addendum to the district's report card the ratings and performance measures that are required under section 3314.017 of the Revised Code for...
any community school to which division (J)(1)(b) of this section applies. This addendum shall include, at a minimum, the data specified in divisions (C)(1)(a), (C)(2), and (C)(3) of section 3314.017 of the Revised Code.

(2) Any district that leases a building to a community school located in the district or that enters into an agreement with a community school located in the district whereby the district and the school endorse each other's programs may elect to have data regarding the academic performance of students enrolled in the community school combined with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the district report card. Any district that so elects shall annually file a copy of the lease or agreement with the department.

(3) Any municipal school district, as defined in section 3311.71 of the Revised Code, that sponsors a community school located within the district's territory, or that enters into an agreement with a community school located within the district's territory whereby the district and the community school endorse each other's programs, may exercise either or both of the following elections:

(a) To have data regarding the academic performance of students enrolled in that community school combined with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the district's report card;

(b) To have the number of students attending that community school noted separately on the district's report card.

The election authorized under division (J)(3)(a) of this section is subject to approval by the governing authority of the community school.
Any municipal school district that exercises an election to combine or include data under division (J)(3) of this section, by the first day of October of each year, shall file with the department documentation indicating eligibility for that election, as required by the department.

(K) The department shall include on each report card the percentage of teachers in the district or building who are properly certified or licensed teachers, as defined in section 3319.074 of the Revised Code, and a comparison of that percentage with the percentages of such teachers in similar districts and buildings.

(L)(1) In calculating English language arts, mathematics, science, American history, or American government assessment passage rates used to determine school district or building performance under this section, the department shall include all students taking an assessment with accommodation or to whom an alternate assessment is administered pursuant to division (C)(1) or (3) of section 3301.0711 of the Revised Code and all students who take substitute examinations approved under division (B)(4) of section 3301.0712 of the Revised Code in the subject areas of science, American history and American government.

(2) In calculating performance index scores, rates of achievement on the performance indicators established by the state board under section 3302.02 of the Revised Code, and annual measurable objectives for determining adequate yearly progress for school districts and buildings under this section, the department shall do all of the following:

(a) Include for each district or building only those students who are included in the ADM certified for the first full school week of October and are continuously enrolled in the district or building through the time of the spring administration of any assessment prescribed by division (A)(1) or (B)(1) of section
3301.0710 or division (B) of section 3301.0712 of the Revised Code that is administered to the student's grade level;

(b) Include cumulative totals from both the fall and spring administrations of the third grade English language arts achievement assessment and, to the extent possible, the summer administration of that assessment;

(c) Except as required by the No Child Left Behind Act of 2001, exclude Include for each district or building any English learner who has been enrolled in United States schools for less than one full school year in accordance with the department's plan, as approved by the United States secretary of education, to comply with the "Elementary and Secondary Education Act of 1965," 20 U.S.C. 6311 to 6339.

As used in this section, "English learner" has the same meaning as in section 3301.0731 of the Revised Code.

(M) Beginning with the 2015-2016 school year and at least once every three years thereafter, the state board of education shall review and may adjust the benchmarks for assigning letter grades or performance ratings to the performance measures and components prescribed under divisions (C)(3), (D), and (E) of this section.

Sec. 3302.151. (A) Notwithstanding anything to the contrary in the Revised Code, a school district that qualifies under division (D) of this section shall be exempt from all of the following:

(1) The teacher qualification requirements under the third-grade reading guarantee, as prescribed under divisions (B)(3)(c) and (H) of section 3313.608 of the Revised Code. This exemption does not relieve a teacher from holding a valid Ohio license in a subject area and grade level determined appropriate
by the board of education of that district.

(2) The mentoring component of the Ohio teacher residency program established under division (A)(1) of section 3319.223 of the Revised Code, so long as the district utilizes a local approach to train and support new teachers;

(3) Any provision of the Revised Code or rule or standard of the state board of education prescribing a minimum or maximum class size;

(4) Any provision of the Revised Code or rule or standard of the state board requiring teachers to be licensed specifically in the grade level in which they are teaching, except unless otherwise prescribed by federal law. This exemption does not apply to special education teachers. Nor does this exemption relieve a teacher from holding a valid Ohio license in the subject area in which that teacher is teaching and at least some grade level determined appropriate by the district board.

(B)(1) Notwithstanding anything to the contrary in the Revised Code, including sections 3319.30 and 3319.36 of the Revised Code, the superintendent of a school district that qualifies under division (D) of this section may employ an individual who is not licensed as required by sections 3319.22 to 3319.30 of the Revised Code, but who is otherwise qualified based on experience, to teach classes in the district, so long as the board of education of the school district approves the individual's employment and provides mentoring and professional development opportunities to that individual, as determined necessary by the board.

(2) As a condition of employment under this section, an individual shall be subject to a criminal records check as prescribed by section 3319.391 of the Revised Code. In the manner prescribed by the department of education, the individual shall
submit the criminal records check to the department and shall register with the department during the period in which the individual is employed by the district. The department shall use the information submitted to enroll the individual in the retained applicant fingerprint database, established under section 109.5721 of the Revised Code, in the same manner as any teacher licensed under sections 3319.22 to 3319.31 of the Revised Code.

(3) An individual employed pursuant to this division is subject to Chapter 3307. of the Revised Code.

If the department receives notification of the arrest or conviction of an individual employed under division (B) of this section, the department shall promptly notify the employing district and may take any action authorized under sections 3319.31 and 3319.311 of the Revised Code that it considers appropriate. No district shall employ any individual under division (B) of this section if the district learns that the individual has plead guilty to, has been found guilty by a jury or court of, or has been convicted of any of the offenses listed in division (C) of section 3319.31 of the Revised Code.

(C) Notwithstanding anything to the contrary in the Revised Code, noncompliance with any of the requirements listed in divisions (A) or (B) of this section shall not disqualify a school district that qualifies under division (D) of this section from receiving funds under Chapter 3317. of the Revised Code.

(D) In order for a city, local, or exempted village school district to qualify for the exemptions described in this section, the school district shall meet all of the following benchmarks on the most recent report card issued for that district under section 3302.03 of the Revised Code:

(1) The district received at least eighty-five per cent of the total possible points for the performance index score
calculated under division (C)(1)(b) or (D)(1)(c) of that section; 35524

(2) The district received a grade of an "A" for performance indicators met under division (C)(1)(c) of that section. However, division (D)(2) of this section shall not apply for the 2021-2022 school year or any school year thereafter. 35525

(3) The district has a four-year adjusted cohort graduation rate of at least ninety-three per cent and a five-year adjusted cohort graduation rate of at least ninety-five per cent, as calculated under division (C)(1)(d) or divisions (D)(1)(e) and (D)(1)(f) of that section. 35526

(E) A school district that meets the requirements prescribed by division (D) of this section shall be qualified for the exemptions prescribed by this section for three school years, beginning with the school year in which the qualifying report card is issued. 35527

(F) As used in this section, "license" has the same meaning as in section 3319.31 of the Revised Code. 35528

Sec. 3310.032. (A) A student is an "eligible student" for purposes of the expansion of the educational choice scholarship pilot program under this section if the student's resident district is not a school district in which the pilot project scholarship program is operating under sections 3313.974 to 3313.979 of the Revised Code, the student is not eligible for an educational choice scholarship under section 3310.03 of the Revised Code, and either of the following apply: 35529

(1) The student's family income is at or below two four hundred fifty per cent of the federal poverty guidelines, as defined in section 5101.46 of the Revised Code, when the student applies for a scholarship under this section. 35530

(2) The student's sibling, as defined in section 3310.033 of
the Revised Code, receives a scholarship under this section for at least one of the following:

   (a) For the school year immediately prior to the school year for which the student is seeking a scholarship;

   (b) For the school year for which the student is seeking a scholarship.

   (B) In each fiscal year for which the general assembly appropriates funds for purposes of this section, the department of education shall pay scholarships to attend chartered nonpublic schools in accordance with section 3317.022 of the Revised Code. The number of scholarships awarded under this section shall not exceed the number that can be funded for that school year as authorized by the general assembly.

   (C) Scholarships under this section shall be awarded as follows:

       (1) For the 2013-2014 school year, to eligible students who are entering kindergarten in that school year for the first time;

       (2) For each subsequent school year through the 2019-2020 school year, scholarships shall be awarded to eligible students in the next grade level above the highest grade level awarded in the preceding school year, in addition to the grade levels for which students received scholarships in the preceding school year;

       (3) Beginning with the 2020-2021 school year, to eligible students who are entering any of grades kindergarten through twelve in that school year for the first time.

   (D) If the number of eligible students who apply for a scholarship under this section exceeds the scholarships available based on the appropriation for this section, the department shall award scholarships in the following order of priority:

       (1) First, to eligible students who received scholarships
under this section in the prior school year;

(2) Second, to eligible students with family incomes at or below one three hundred per cent of the federal poverty guidelines. If the number of students described in division (D)(2) of this section who apply for a scholarship exceeds the number of available scholarships after awards are made under division (D)(1) of this section, the department shall select students described in division (D)(2) of this section by lot to receive any remaining scholarships.

(3) Third, to other eligible students who qualify under this section. If the number of students described in division (D)(3) of this section exceeds the number of available scholarships after awards are made under divisions (D)(1) and (2) of this section, the department shall select students described in division (D)(3) of this section by lot to receive any remaining scholarships.

(E) A student who receives a scholarship under this section remains an eligible student and may continue to receive scholarships under this section in subsequent school years until the student completes grade twelve, so long as the student satisfies the conditions specified in divisions (D)(2) and (3) of section 3310.03 of the Revised Code.

Once a scholarship is awarded under this section, the student shall remain eligible for that scholarship for the current school year and subsequent school years even if the student's family income rises above the amount specified in division (A) of this section, provided the student remains enrolled in a chartered nonpublic school.

Sec. 3310.41. (A) As used in this section:

(1) "Alternative public provider" means either of the following providers that agrees to enroll a child in the
provider's special education program to implement the child's
individualized education program and to which the child's parent
owes fees for the services provided to the child:

(a) A school district that is not the school district in
which the child is entitled to attend school;

(b) A public entity other than a school district.

(2) "Entitled to attend school" means entitled to attend
school in a school district under section 3313.64 or 3313.65 of
the Revised Code.

(3) "Formula ADM" has the same meaning as in section 3317.02
of the Revised Code.

(4) "Preschool child with a disability" and "individualized
education program" have the same meanings as in section 3323.01 of
the Revised Code.

(5) "Parent" has the same meaning as in section 3313.64 of
the Revised Code, except that "parent" does not mean a parent
whose custodial rights have been terminated. "Parent" also
includes the custodian of a qualified special education child,
when a court has granted temporary, legal, or permanent custody of
the child to an individual other than either of the natural or
adoptive parents of the child or to a government agency.

(6) "Qualified special education child" is a child for whom
all of the following conditions apply:

(a) The school district in which the child is entitled to
attend school has identified the child as autistic. A child who
has been identified as having a "pervasive developmental disorder
- not otherwise specified (PPD-NOS)" shall be considered to be an
autistic child for purposes of this section.

(b) The school district in which the child is entitled to
attend school has developed an individualized education program
under Chapter 3323. of the Revised Code for the child.

(c) The child either:

(i) Was enrolled in the school district in which the child is entitled to attend school in any grade from preschool through twelve in the school year prior to the year in which a scholarship under this section is first sought for the child; or

(ii) Is eligible to enter school in any grade preschool through twelve in the school district in which the child is entitled to attend school in the school year in which a scholarship under this section is first sought for the child.

(7) "Registered private provider" means a nonpublic school or other nonpublic entity that has been approved by the department of education to participate in the program established under this section.

(8) "Special education program" means a school or facility that provides special education and related services to children with disabilities.

(B) There is hereby established the autism scholarship program. Under the program, the department of education shall pay a scholarship under section 3317.022 of the Revised Code to the parent of each qualified special education child upon application of that parent pursuant to procedures and deadlines established by rule of the state board of education. Each scholarship shall be used only to pay tuition for the child on whose behalf the scholarship is awarded to attend a special education program that implements the child's individualized education program and that is operated by an alternative public provider or by a registered private provider, and to pay for other services agreed to by the provider and the parent of a qualified special education child that are not included in the individualized education program but are associated with educating the child. Upon agreement with the
parent of a qualified special education child, the alternative public provider or the registered private provider may modify the services provided to the child. The purpose of the scholarship is to permit the parent of a qualified special education child the choice to send the child to a special education program, instead of the one operated by or for the school district in which the child is entitled to attend school, to receive the services prescribed in the child's individualized education program once the individualized education program is finalized and any other services agreed to by the provider and the parent of a qualified special education child. The services provided under the scholarship shall include an educational component or services designed to assist the child to benefit from the child's education.

A scholarship under this section shall not be awarded to the parent of a child while the child's individualized education program is being developed by the school district in which the child is entitled to attend school, or while any administrative or judicial mediation or proceedings with respect to the content of the child's individualized education program are pending. A scholarship under this section shall not be used for a child to attend a public special education program that operates under a contract, compact, or other bilateral agreement between the school district in which the child is entitled to attend school and another school district or other public provider, or for a child to attend a community school established under Chapter 3314. of the Revised Code. However, nothing in this section or in any rule adopted by the state board shall prohibit a parent whose child attends a public special education program under a contract, compact, or other bilateral agreement, or a parent whose child attends a community school, from applying for and accepting a scholarship under this section so that the parent may withdraw the child from that program or community school and use the
scholarship for the child to attend a special education program for which the parent is required to pay for services for the child.

Except for development of the child's individualized education program, the school district in which a qualified special education child is entitled to attend school and the child's school district of residence, as defined in section 3323.01 of the Revised Code, if different, are not obligated to provide the child with a free appropriate public education under Chapter 3323. of the Revised Code for as long as the child continues to attend the special education program operated by either an alternative public provider or a registered private provider for which a scholarship is awarded under the autism scholarship program. If at any time, the eligible applicant for the child decides no longer to accept scholarship payments and enrolls the child in the special education program of the school district in which the child is entitled to attend school, that district shall provide the child with a free appropriate public education under Chapter 3323. of the Revised Code.

A child attending a special education program with a scholarship under this section shall continue to be entitled to transportation to and from that program in the manner prescribed by law.

(C) As prescribed in division (A)(2)(h) of section 3317.03 of the Revised Code, a child who is not a preschool child with a disability for whom a scholarship is awarded under this section shall be counted in the formula ADM of the district in which the child is entitled to attend school and not in the formula ADM of any other school district.

(D) A scholarship shall not be paid under section 3317.022 of the Revised Code to a parent for payment of tuition owed to a nonpublic entity unless that entity is a registered private
provider. The department shall approve entities that meet the standards established by rule of the state board for the program established under this section.

(E) The state board shall adopt rules under Chapter 119. of the Revised Code prescribing procedures necessary to implement this section, including, but not limited to, procedures and deadlines for parents to apply for scholarships, standards for registered private providers, and procedures for approval of entities as registered private providers.

The rules also shall specify that intervention services under the autism scholarship program may be provided by a qualified, credentialed provider, including, but not limited to, all of the following:

(1) A behavior analyst certified by a nationally recognized organization that certifies behavior analysts;

(2) A psychologist licensed to practice in this state under Chapter 4732. of the Revised Code;

(3) An independent school psychologist or school psychologist licensed to practice in this state under Chapter 4732. of the Revised Code;

(4) Any person employed by a licensed psychologist, licensed independent school psychologist, or licensed school psychologist, while carrying out specific tasks, under the licensee's supervision, as an extension of the licensee's legal and ethical authority as specified under Chapter 4732. of the Revised Code who is ascribed as "psychology trainee," "psychology assistant," "psychology intern," or other appropriate term that clearly implies their supervised or training status;

(5) Unlicensed persons holding a doctoral degree in psychology or special education from a program approved by the state board;
(6) A "registered behavior technician" as described under rule 5123-9-41 of the Administrative Code;

(7) A "certified Ohio behavior analyst" under Chapter 4783. of the Revised Code;

(8) Any other qualified individual as determined by the state board.

(F) The department shall provide reasonable notice to all parents of children receiving a scholarship under the autism scholarship program, alternative public providers, and registered private providers of any amendment to a rule governing, or change in the administration of, the autism scholarship program.

Sec. 3310.43. (A) As used in this section:

(1) "Registered private provider" has the same meaning as in section 3310.41 of the Revised Code.

(2) "Two years of study" means the equivalent of forty-eight semester hours or seventy-two quarter hours.

(B) The state board of education may issue an instructional assistant permit to an individual, upon the request of a registered private provider, qualifying that individual to provide services to a child under the autism scholarship program under section 3310.41 of the Revised Code. The permit shall be valid for one year from the date of issue and shall be renewable.

For an individual to qualify for a permit under this section, the registered private provider shall assure to the state board all of the following:

(1) The individual possesses the appropriate skills necessary to perform the duties of an instructional assistant, including the supervision of children and assistance with instructional tasks.

(2) The individual demonstrates the potential to benefit from
and consents to participating in in-service training, as required by the registered private provider.

(3) The individual either:

(a) Has an associate degree or higher from an accredited institution of higher education;

(b) Has completed at least two years of study at an accredited institution of higher education.

(C) An individual issued a permit under this section may provide instructional services in the home of a child so long as the individual is subject to adequate training and supervision. The state board shall adopt rules, pursuant to Chapter 119. of the Revised Code, regarding how providers will demonstrate this supervision.

(D) An individual issued a permit under this section shall be subject to the requirements of sections 3319.291, 3319.31, 3319.311, and 3319.313 of the Revised Code.

(E) The state board shall not require any of the following providers to receive a permit under this section to qualify to provide services to a child, including in-home services, under the autism scholarship program:

(1) A registered behavior technician as described under rule 5123-9-41 of the Administrative Code;

(2) A certified Ohio behavior technician under Chapter 4783. of the Revised Code.

Sec. 3313.5310. (A) (1) This section applies to both of the following:

(a) Any school operated by a school district board of education;

(b) Any chartered or nonchartered nonpublic school that is
subject to the rules of an interscholastic conference or an organization that regulates interscholastic conferences or events.

(2) As used in this section, "athletic activity" means all of the following:

(b) An athletic contest or competition that is sponsored by or associated with a school that is subject to this section, including cheerleading, club-sponsored sports activities, and sports activities sponsored by school-affiliated organizations;

(c) Noncompetitive cheerleading that is sponsored by school-affiliated organizations;

(d) Practices, interschool practices, and scrimmages for all of the activities described in divisions (A)(2)(a), (b), and (c) of this section.

(B) Prior to the start of each athletic season, a school that is subject to this section may hold an informational meeting for students, parents, guardians, other persons having care or charge of a student, physicians, pediatric cardiologists, athletic trainers, and any other persons regarding the symptoms and warning signs of sudden cardiac arrest for all ages of students.

(C) No student shall participate in an athletic activity until the student has submitted to a designated school official a form signed by the student and the parent, guardian, or other person having care or charge of the student stating that the student and the parent, guardian, or other person having care or charge of the student have received and reviewed a copy of the information developed by the departments of health and education and posted on their respective internet web sites as required by section 3707.59 of the Revised Code. A completed form shall be submitted each school year, as defined in section 3313.62 of the Revised Code, in which the student participates in an athletic
activity.

(D) No individual shall coach an athletic activity unless the individual has completed, on an annual basis, the sudden cardiac arrest training course approved by the department of health under division (C) of section 3707.59 of the Revised Code in accordance with section 3319.303 of the Revised Code.

(E)(1) A student shall not be allowed to participate in an athletic activity if either of the following is the case:

(a) The student's biological parent, biological sibling, or biological child has previously experienced sudden cardiac arrest, and the student has not been evaluated and cleared for participation in an athletic activity by a physician authorized under Chapter 4731. of the Revised Code to practice medicine and surgery or osteopathic medicine and surgery.

(b) The student is known to have exhibited syncope or fainting at any time prior to or following an athletic activity and has not been evaluated and cleared for return under division (E)(3) of this section after exhibiting syncope or fainting.

(2) A student shall be removed by the student's coach from participation in an athletic activity if the student exhibits syncope or fainting.

(3) If a student is not allowed to participate in or is removed from participation in an athletic activity under division (E)(1) or (2) of this section, the student shall not be allowed to return to participation until the student is evaluated and cleared for return in writing by any of the following:

(a) A physician authorized under Chapter 4731. of the Revised Code to practice medicine and surgery or osteopathic medicine and surgery, including a physician who specializes in cardiology;

(b) A certified nurse practitioner, clinical nurse
specialist, or certified nurse-midwife who holds a certificate of
authority issued under Chapter 4723. of the Revised Code;

(c) A physician assistant licensed under Chapter 4730. of the
Revised Code;

(d) An athletic trainer licensed under Chapter 4755. of the
Revised Code.

The licensed health care providers specified in divisions (E)(3)(a) to (d) of this section may consult with any other
licensed or certified health care providers in order to determine
whether a student is ready to return to participation.

(F) A school that is subject to this section shall establish
penalties for a coach who violates the provisions of division (E)
of this section.

(G) Nothing in this section shall be construed to abridge or
limit any rights provided under a collective bargaining agreement
entered into under Chapter 4117. of the Revised Code prior to
March 14, 2017.

(H)(1) A school district, member of a school district board
of education, or school district employee or volunteer, including
a coach, is not liable in damages in a civil action for injury,
death, or loss to person or property allegedly arising from
providing services or performing duties under this section, unless
the act or omission constitutes willful or wanton misconduct.

This section does not eliminate, limit, or reduce any other
immunity or defense that a school district, member of a school
district board of education, or school district employee or
volunteer, including a coach, may be entitled to under Chapter
2744. or any other provision of the Revised Code or under the
common law of this state.

(2) A chartered or nonchartered nonpublic school or any
officer, director, employee, or volunteer of the school, including a coach, is not liable in damages in a civil action for injury, death, or loss to person or property allegedly arising from providing services or performing duties under this section, unless the act or omission constitutes willful or wanton misconduct.

**Sec. 3313.5318.** As used in this section, "athletic activity" has the same meaning as in section 3313.5310 of the Revised Code.

(A) No individual shall coach an athletic activity at a school operated by a school district board of education or any chartered or nonchartered nonpublic school that is subject to the rules of an interscholastic conference or an organization that regulates interscholastic conferences or events unless the individual has completed a student mental health training course approved by the department of mental health and addiction services pursuant to division (B) of this section. The mental health training course may be combined with or part of another training course.

(B) On or after the effective date of this section, an individual shall complete the training prescribed by division (A) of this section each time the individual applies for or renews a pupil-activity program permit under section 3319.303 of the Revised Code. An individual may complete the training at any time within the duration of the individual's new or renewed permit. Upon completion, the individual shall present evidence to the state board of education that the individual has successfully completed the training described in division (A) of this section.

**Sec. 3313.603.** (A) As used in this section:

(1) "One unit" means a minimum of one hundred twenty hours of course instruction, except that for a laboratory course, "one unit" means a minimum of one hundred fifty hours of course instruction.
instruction.

(2) "One-half unit" means a minimum of sixty hours of course instruction, except that for physical education courses, "one-half unit" means a minimum of one hundred twenty hours of course instruction.

(B) Beginning September 15, 2001, except as required in division (C) of this section and division (C) of section 3313.614 of the Revised Code, the requirements for graduation from every high school shall include twenty units earned in grades nine through twelve and shall be distributed as follows:

(1) English language arts, four units;

(2) Health, one-half unit;

(3) Mathematics, three units;

(4) Physical education, one-half unit;

(5) Science, two units until September 15, 2003, and three units thereafter, which at all times shall include both of the following:

(a) Biological sciences, one unit;

(b) Physical sciences, one unit.

(6) History and government, one unit, which shall comply with division (M) of this section and shall include both of the following:

(a) American history, one-half unit;

(b) American government, one-half unit.

(7) Social studies, two units.

Beginning with students who enter ninth grade for the first time on or after July 1, 2017, the two units of instruction prescribed by division (B)(7) of this section shall include at least one-half unit of instruction in the study of world history.
and civilizations.

(8) Elective units, seven units until September 15, 2003, and six units thereafter.

Each student's electives shall include at least one unit, or two half units, chosen from among the areas of business/technology, fine arts, and/or foreign language.

(C) Beginning with students who enter ninth grade for the first time on or after July 1, 2010, except as provided in divisions (D) to (F) of this section, the requirements for graduation from every public and chartered nonpublic high school shall include twenty units that are designed to prepare students for the workforce and college. The units shall be distributed as follows:

(1) English language arts, four units;

(2) Health, one-half unit, which shall include instruction in nutrition and the benefits of nutritious foods and physical activity for overall health;

(3) Mathematics, four units, which shall include one unit of algebra II or the equivalent of algebra II, or one unit of advanced computer science as described in the standards adopted pursuant to division (A)(4) of section 3301.079 of the Revised Code. However, students who enter ninth grade on or after July 1, 2015, and who are pursuing a career-technical instructional track shall not be required to take algebra II or advanced computer science, and instead may complete a career-based pathway mathematics course approved by the department of education as an alternative.

For students who choose to take advanced computer science in lieu of algebra II under division (C)(3) of this section, the school shall communicate to those students that some institutions of higher education may require algebra II for the purpose of
college admission. Also, the parent, guardian, or legal custodian of each student who chooses to take advanced computer science in lieu of algebra II shall sign and submit to the school a document containing a statement acknowledging that not taking algebra II may have an adverse effect on college admission decisions.

A student may fulfill one unit of mathematics under division (C)(3) of this section by completing one-half unit of financial literacy instruction to satisfy the requirement prescribed under division (C)(9) of this section and one-half unit of a mathematics course. The one-half unit course in mathematics shall not be in algebra II, or its equivalent, or a course for which the state board requires an end-of-course examination under section 3301.0712 of the Revised Code.

Students who choose to take one unit of advanced computer science in lieu of algebra II, as described in division (C)(3) of this section, shall not be permitted to complete one-half unit of financial literacy instruction to satisfy the mathematics unit requirements of that division. Instead, those students shall be required to complete the one-half unit of financial literacy instruction under division (C)(8) of this section.

(4) Physical education, one-half unit;

(5) Science, three units with inquiry-based laboratory experience that engages students in asking valid scientific questions and gathering and analyzing information, which shall include the following, or their equivalent:

(a) Physical sciences, one unit;

(b) Life sciences, one unit;

(c) Advanced study in one or more of the following sciences, one unit:

(i) Chemistry, physics, or other physical science;
(ii) Advanced biology or other life science;

(iii) Astronomy, physical geology, or other earth or space science;

(iv) Computer science.

No student shall substitute a computer science course for a life sciences or biology course under division (C)(5) of this section.

(6) History and government, one unit, which shall comply with division (M) of this section and shall include both of the following:

(a) American history, one-half unit;

(b) American government, one-half unit.

(7) Social studies, two units.

Beginning with students who enter ninth grade for the first time on or after July 1, 2017, the two units of instruction prescribed by division (C)(7) of this section shall include at least one-half unit of instruction in the study of world history and civilizations.

(8) Five units consisting of one or any combination of foreign language, fine arts, business, career-technical education, family and consumer sciences, technology which may include computer science, agricultural education, a junior reserve officer training corps (JROTC) program approved by the congress of the United States under title 10 of the United States Code, or English language arts, mathematics, science, or social studies courses not otherwise required under division (C) of this section.

One-half unit of instruction under division (C)(8) of this section may be instruction in financial literacy to satisfy the requirement under division (C)(9) of this section.

(9)(a) Except as provided in division (C)(9)(b) of this
section, for students who enter ninth grade for the first time on or after July 1, 2022, financial literacy, one-half unit. Each student shall elect to complete the one-half unit of instruction in financial literacy either in lieu of one-half unit of instruction in mathematics under division (C)(3) of this section or an elective under division (C)(8) of this section.

(b) A student attending a nonpublic school accredited through the independent schools association of the central states or any other chartered nonpublic school shall not be required to complete the one-half unit of financial literacy instruction prescribed in division (C)(9)(a) of this section, unless that student is attending the school under a state scholarship program as defined in section 3301.0711 of the Revised Code.

The study and instruction of financial literacy required under division (C)(9) of this section shall align with the academic content standards for financial literacy and entrepreneurship adopted under division (A)(2) of section 3301.079 of the Revised Code. Schools shall include in the curriculum for the study and instruction of financial literacy instruction on the free application for federal student aid. The content and method of such instruction shall be determined by each school. In developing the curriculum for the study and instruction of financial literacy, schools may use available public-private partnerships and resources and materials that exist in business, industry, and through the centers for economics education at institutions of higher education.

Ohioans must be prepared to apply increased knowledge and skills in the workplace and to adapt their knowledge and skills quickly to meet the rapidly changing conditions of the twenty-first century. National studies indicate that all high school graduates need the same academic foundation, regardless of the opportunities they pursue after graduation. The goal of Ohio's
system of elementary and secondary education is to prepare all 
students for and seamlessly connect all students to success in 
life beyond high school graduation, regardless of whether the next 
step is entering the workforce, beginning an apprenticeship, 
engaging in post-secondary training, serving in the military, or 
pursuing a college degree.

The requirements for graduation prescribed in division (C) of 
this section are the standard expectation for all students 
entering ninth grade for the first time at a public or chartered 
nonpublic high school on or after July 1, 2010. A student may 
satisfy this expectation through a variety of methods, including, 
but not limited to, integrated, applied, career-technical, and 
traditional coursework.

Stronger coordination between high schools and institutions 
of higher education is necessary to prepare students for more 
challenging academic endeavors and to lessen the need for academic 
remediation in college, thereby reducing the costs of higher 
education for Ohio's students, families, and the state. The state 
board and the chancellor of higher education shall develop 
policies to ensure that only in rare instances will students who 
complete the requirements for graduation prescribed in division 
(C) of this section require academic remediation after high 
school.

School districts, community schools, and chartered nonpublic 
schools shall integrate technology into learning experiences 
across the curriculum in order to maximize efficiency, enhance 
learning, and prepare students for success in the 
technology-driven twenty-first century. Districts and schools 
shall use distance and web-based course delivery as a method of 
providing or augmenting all instruction required under this 
division, including laboratory experience in science. Districts 
and schools shall utilize technology access and electronic
learning opportunities provided by the broadcast educational media commission, chancellor, the Ohio learning network, education technology centers, public television stations, and other public and private providers.

(D) Except as provided in division (E) of this section, a student who enters ninth grade on or after July 1, 2010, and before July 1, 2016, may qualify for graduation from a public or chartered nonpublic high school even though the student has not completed the requirements for graduation prescribed in division (C) of this section if all of the following conditions are satisfied:

(1) During the student's third year of attending high school, as determined by the school, the student and the student's parent, guardian, or custodian sign and file with the school a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(2) The student and parent, guardian, or custodian fulfill any procedural requirements the school stipulates to ensure the student's and parent's, guardian's, or custodian's informed consent and to facilitate orderly filing of statements under division (D)(1) of this section. Annually, each district or school shall notify the department of the number of students who choose to qualify for graduation under division (D) of this section and the number of students who complete the student's success plan and graduate from high school.

(3) The student and the student's parent, guardian, or custodian and a representative of the student's high school jointly develop a student success plan for the student in the
manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.

(4) The student's high school provides counseling and support for the student related to the plan developed under division (D)(3) of this section during the remainder of the student's high school experience.

(5)(a) Except as provided in division (D)(5)(b) of this section, the student successfully completes, at a minimum, the curriculum prescribed in division (B) of this section.

(b) Beginning with students who enter ninth grade for the first time on or after July 1, 2014, a student shall be required to complete successfully, at the minimum, the curriculum prescribed in division (B) of this section, except as follows:

(i) Mathematics, four units, one unit which shall be one of the following:

(I) Probability and statistics;

(II) Computer science;

(III) Applied mathematics or quantitative reasoning;

(IV) Any other course approved by the department using standards established by the superintendent not later than October 1, 2014.

(ii) Elective units, five units;

(iii) Science, three units as prescribed by division (B) of this section which shall include inquiry-based laboratory experience that engages students in asking valid scientific questions and gathering and analyzing information.

(E) Each school district and chartered nonpublic school retains the authority to require an even more challenging minimum...
curriculum for high school graduation than specified in division (B) or (C) of this section. A school district board of education, through the adoption of a resolution, or the governing authority of a chartered nonpublic school may stipulate any of the following:

(1) A minimum high school curriculum that requires more than twenty units of academic credit to graduate;

(2) An exception to the district's or school's minimum high school curriculum that is comparable to the exception provided in division (D) of this section but with additional requirements, which may include a requirement that the student successfully complete more than the minimum curriculum prescribed in division (B) of this section;

(3) That no exception comparable to that provided in division (D) of this section is available.

If a school district or chartered nonpublic school requires a foreign language as an additional graduation requirement under division (E) of this section, a student may apply one unit of instruction in computer coding to satisfy one unit of foreign language. If a student applies more than one computer coding course to satisfy the foreign language requirement, the courses shall be sequential and progressively more difficult.

(F) A student enrolled in a dropout prevention and recovery program, which program has received a waiver from the department, may qualify for graduation from high school by successfully completing a competency-based instructional program administered by the dropout prevention and recovery program in lieu of completing the requirements for graduation prescribed in division (C) of this section. The department shall grant a waiver to a dropout prevention and recovery program, within sixty days after the program applies for the waiver, if the program meets all of
the following conditions:

(1) The program serves only students not younger than sixteen
    years of age and not older than twenty-one years of age.

(2) The program enrolls students who, at the time of their
    initial enrollment, either, or both, are at least one grade level
    behind their cohort age groups or experience crises that
    significantly interfere with their academic progress such that
    they are prevented from continuing their traditional programs.

(3) The program requires students to attain at least the
    applicable score designated for each of the assessments prescribed
    under division (B)(1) of section 3301.0710 of the Revised Code or,
    to the extent prescribed by rule of the state board under division
    (D)(5) of section 3301.0712 of the Revised Code, division (B)(2)
    of that section.

(4) The program develops a student success plan for the
    student in the manner described in division (C)(1) of section
    3313.6020 of the Revised Code that specifies the student's
    matriculating to a two-year degree program, acquiring a business
    and industry-recognized credential, or entering an apprenticeship.

(5) The program provides counseling and support for the
    student related to the plan developed under division (F)(4) of
    this section during the remainder of the student's high school
    experience.

(6) The program requires the student and the student's
    parent, guardian, or custodian to sign and file, in accordance
    with procedural requirements stipulated by the program, a written
    statement asserting the parent's, guardian's, or custodian's
    consent to the student's graduating without completing the
    requirements for graduation prescribed in division (C) of this
    section and acknowledging that one consequence of not completing
    those requirements is ineligibility to enroll in most state
universities in Ohio without further coursework.

(7) Prior to receiving the waiver, the program has submitted to the department an instructional plan that demonstrates how the academic content standards adopted by the state board under section 3301.079 of the Revised Code will be taught and assessed.

(8) Prior to receiving the waiver, the program has submitted to the department a policy on career advising that satisfies the requirements of section 3313.6020 of the Revised Code, with an emphasis on how every student will receive career advising.

(9) Prior to receiving the waiver, the program has submitted to the department a written agreement outlining the future cooperation between the program and any combination of local job training, postsecondary education, nonprofit, and health and social service organizations to provide services for students in the program and their families.

Divisions (F)(8) and (9) of this section apply only to waivers granted on or after July 1, 2015.

If the department does not act either to grant the waiver or to reject the program application for the waiver within sixty days as required under this section, the waiver shall be considered to be granted.

(G) Every high school may permit students below the ninth grade to take advanced work. If a high school so permits, it shall award high school credit for successful completion of the advanced work and shall count such advanced work toward the graduation requirements of division (B) or (C) of this section if the advanced work was both:

(1) Taught by a person who possesses a license or certificate issued under section 3301.071, 3319.22, or 3319.222 of the Revised Code that is valid for teaching high school;
(2) Designated by the board of education of the city, local, or exempted village school district, the board of the cooperative education school district, or the governing authority of the chartered nonpublic school as meeting the high school curriculum requirements.

Each high school shall record on the student's high school transcript all high school credit awarded under division (G) of this section. In addition, if the student completed a seventh- or eighth-grade fine arts course described in division (K) of this section and the course qualified for high school credit under that division, the high school shall record that course on the student's high school transcript.

(H) The department shall make its individual academic career plan available through its Ohio career information system web site for districts and schools to use as a tool for communicating with and providing guidance to students and families in selecting high school courses.

(I) A school district or chartered nonpublic school may integrate academic content in a subject area for which the state board has adopted standards under section 3301.079 of the Revised Code into a course in a different subject area, including a career-technical education course, in accordance with guidance for integrated coursework developed by the department. Upon successful completion of an integrated course, a student may receive credit for both subject areas that were integrated into the course. Units earned for subject area content delivered through integrated academic and career-technical instruction are eligible to meet the graduation requirements of division (B) or (C) of this section.

For purposes of meeting graduation requirements, if an end-of-course examination has been prescribed under section 3301.0712 of the Revised Code for the subject area delivered through integrated instruction, the school district or school may
administer the related subject area examinations upon the 36320
student's completion of the integrated course. 36321

Nothing in division (I) of this section shall be construed to 36322
excuse any school district, chartered nonpublic school, or student 36323
from any requirement in the Revised Code related to curriculum, 36324
assessments, or the awarding of a high school diploma. 36325

(J)(1) The state board, in consultation with the chancellor, 36326
shall adopt a statewide plan implementing methods for students to 36327
earn units of high school credit based on a demonstration of 36328
subject area competency, instead of or in combination with 36329
completing hours of classroom instruction. The state board shall 36330
adopt the plan not later than March 31, 2009, and commence phasing 36331
in the plan during the 2009-2010 school year. The plan shall 36332
include a standard method for recording demonstrated proficiency 36333
on high school transcripts. Each school district and community 36334
school shall comply with the state board's plan adopted under this 36335
division and award units of high school credit in accordance with 36336
the plan. The state board may adopt existing methods for earning 36337
high school credit based on a demonstration of subject area 36338
competency as necessary prior to the 2009-2010 school year. 36339

(2) Not later than December 31, 2015, the state board shall 36340
update the statewide plan adopted pursuant to division (J)(1) of 36341
this section to also include methods for students enrolled in 36342
seventh and eighth grade to meet curriculum requirements based on 36343
a demonstration of subject area competency, instead of or in 36344
combination with completing hours of classroom instruction. 36345
Beginning with the 2017-2018 school year, each school district and 36346
community school also shall comply with the updated plan adopted 36347
pursuant to this division and permit students enrolled in seventh 36348
and eighth grade to meet curriculum requirements based on subject 36349
area competency in accordance with the plan. 36350

(3) Not later than December 31, 2017, the department shall 36351
develop a framework for school districts and community schools to
use in granting units of high school credit to students who
demonstrate subject area competency through work-based learning
experiences, internships, or cooperative education. Beginning with
the 2018-2019 school year, each district and community school
shall comply with the framework. Each district and community
school also shall review any policy it has adopted regarding the
demonstration of subject area competency to identify ways to
incorporate work-based learning experiences, internships, and
cooporative education into the policy in order to increase student
engagement and opportunities to earn units of high school credit.

(K) This division does not apply to students who qualify for
graduation from high school under division (D) or (F) of this
section, or to students pursuing a career-technical instructional
track as determined by the school district board of education or
the chartered nonpublic school's governing authority.
Nevertheless, the general assembly encourages such students to
consider enrolling in a fine arts course as an elective.

Beginning with students who enter ninth grade for the first
time on or after July 1, 2010, each student enrolled in a public
or chartered nonpublic high school shall complete two semesters or
the equivalent of fine arts to graduate from high school. The
coursework may be completed in any of grades seven to twelve. Each
student who completes a fine arts course in grade seven or eight
may elect to count that course toward the five units of electives
required for graduation under division (C)(8) of this section, if
the course satisfied the requirements of division (G) of this
section. In that case, the high school shall award the student
high school credit for the course and count the course toward the
five units required under division (C)(8) of this section. If the
course in grade seven or eight did not satisfy the requirements of
division (G) of this section, the high school shall not award the
student high school credit for the course but shall count the course toward the two semesters or the equivalent of fine arts required by this division.

(L) Notwithstanding anything to the contrary in this section, the board of education of each school district and the governing authority of each chartered nonpublic school may adopt a policy to excuse from the high school physical education requirement each student who, during high school, has participated in interscholastic athletics, marching band, show choir, or cheerleading for at least two full seasons or in the junior reserve officer training corps for at least two full school years. If the board or authority adopts such a policy, the board or authority shall not require the student to complete any physical education course as a condition to graduate. However, the student shall be required to complete one-half unit, consisting of at least sixty hours of instruction, in another course of study. In the case of a student who has participated in the junior reserve officer training corps for at least two full school years, credit received for that participation may be used to satisfy the requirement to complete one-half unit in another course of study.

(M) It is important that high school students learn and understand United States history and the governments of both the United States and the state of Ohio. Therefore, beginning with students who enter ninth grade for the first time on or after July 1, 2012, the study of American history and American government required by divisions (B)(6) and (C)(6) of this section shall include the study of all of the following documents:

(1) The Declaration of Independence;
(2) The Northwest Ordinance;
(3) The Constitution of the United States with emphasis on the Bill of Rights;
(4) The Ohio Constitution.

The study of each of the documents prescribed in divisions (M)(1) to (4) of this section shall include study of that document in its original context.

The study of American history and government required by divisions (B)(6) and (C)(6) of this section shall include the historical evidence of the role of documents such as the Federalist Papers and the Anti-Federalist Papers to firmly establish the historical background leading to the establishment of the provisions of the Constitution and Bill of Rights.

(N) A student may apply one unit of instruction in computer science to satisfy one unit of mathematics or one unit of science under division (C) of this section as the student chooses, regardless of the field of certification of the teacher who teaches the course, so long as that teacher meets the licensure requirements prescribed by section 3319.236 of the Revised Code and, prior to teaching the course, completes a professional development program determined to be appropriate by the district board.

If a student applies more than one computer science course to satisfy curriculum requirements under that division, the courses shall be sequential and progressively more difficult or cover different subject areas within computer science.

Sec. 3313.608.  (A)(1) Beginning with students who enter third grade in the school year that starts July 1, 2009, and until June 30, 2013, unless the student is excused under division (C) of section 3301.0711 of the Revised Code from taking the assessment described in this section, for any student who does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in
English language arts expected at the end of third grade, each school district, in accordance with the policy adopted under section 3313.609 of the Revised Code, shall do one of the following:

(a) Promote the student to fourth grade if the student's principal and reading teacher agree that other evaluations of the student's skill in reading demonstrate that the student is academically prepared to be promoted to fourth grade;

(b) Promote the student to fourth grade but provide the student with intensive intervention services in fourth grade;

(c) Retain the student in third grade.

(2) Beginning with students who enter third grade in the 2013-2014 school year and until the effective date of this amendment, unless the student is excused under division (C) of section 3301.0711 of the Revised Code from taking the assessment described in this section, no school district shall promote to fourth grade any student who does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, unless one of the following applies:

(a) The student is an English learner who has been enrolled in United States schools for less than three full school years and has had less than three years of instruction in an English as a second language program.

(b) The student is a child with a disability entitled to special education and related services under Chapter 3323. of the Revised Code and the student's individualized education program exempts the student from retention under this division.

(c) The student demonstrates an acceptable level of
performance on an alternative standardized reading assessment as determined by the department of education.

(d) All of the following apply:

(i) The student is a child with a disability entitled to special education and related services under Chapter 3323. of the Revised Code.

(ii) The student has taken the third grade English language arts achievement assessment prescribed under section 3301.0710 of the Revised Code.

The notification shall specify that the assessment under section 3301.0710 of the Revised Code is not the sole determinant of promotion and that additional evaluations and assessments are available to the student to assist parents and the district in knowing when a student is reading at or above grade level and ready for promotion.

(b) Provide intensive reading instruction services and regular diagnostic assessments to the student immediately following identification of a reading deficiency until the development of the reading improvement and monitoring plan required by division (C) of this section. For purposes of this division:

(1) A student shall be considered enrolled in the community school for any portion of the school year the student is participating at a college under Chapter 3365. of the Revised Code.

(2) A student shall be considered to be enrolled in a community school for the period of time beginning on the later of the date on which the school both has received documentation of
the student's enrollment from a parent and the student has
commenced participation in learning opportunities as defined in
the contract with the sponsor, or thirty days prior to the date on
which the student is entered into the education management
information system established under section 3301.0714 of the

(H)(3) and (4) of this section to a community school student,"learning opportunities" shall be defined in the contract, which
shall describe both classroom-based and non-classroom-based

Except as otherwise specified in this paragraph, beginning in
the 2011-2012 school year, any student who completed the prior
school year in an internet- or computer-based community school
shall be considered to be enrolled in the same school in the
subsequent school year until the student's enrollment has ceased
as specified in division (H)(2) of this section. The department
shall continue paying amounts for the student under section
3317.022 of the Revised Code without interruption at the start of
the subsequent school year. However, if the student without a
legitimate excuse fails to participate in the first seventy-two
consecutive hours of learning opportunities offered to the student
in that subsequent school year, the student shall be considered
not to have re-enrolled in the school for that school year and the
department shall recalculate the payments to the school for that
school year to account for the fact that the student is not
enrolled.

(3) The department shall determine each community school
student's percentage of full-time equivalency based on the
percentage of learning opportunities offered by the community
school to that student, reported either as number of hours or
number of days, is of the total learning opportunities offered by
the community school to a student who attends for the school's
entire school year. However, no internet- or computer-based
community school shall be credited for any time a student spends
participating in learning opportunities beyond ten hours within
any period of twenty-four consecutive hours. Whether it reports
hours or days of learning opportunities, each community school
shall offer not less than nine hundred twenty hours of learning
opportunities during the school year.

(4) With respect to the calculation of full-time equivalency
under division (H)(3) of this section, the department shall waive

to a student because the community school was closed during the
school year due to disease epidemic, hazardous weather conditions,
law enforcement emergencies, inoperability of school buses or
other equipment necessary to the school's operation, damage to a
school building, or other temporary circumstances due to utility
failure rendering the school building unfit for school use, so
long as the school was actually open for instruction with students
in attendance during that school year for not less than the
minimum number of hours required by this chapter. The department shall treat the school as if it were open for instruction with students in attendance during the hours or days waived under this division.

The superintendent of public instruction and the auditor of state shall jointly establish a method for auditing any community school to which this division pertains to ensure compliance with this section.

The superintendent, auditor of state, and the governor shall jointly make recommendations to the general assembly for legislative changes that may be required to assure fiscal and academic accountability for such schools.

(K)(1) If the department determines that a review of a community school's enrollment is necessary, such review shall be completed and written notice of the findings shall be provided to the governing authority of the community school and its sponsor within ninety days of the end of the community school's fiscal year, unless extended for a period not to exceed thirty additional days for one of the following reasons:

(a) The department and the community school mutually agree to the extension.

(b) Delays in data submission caused by either a community school or its sponsor.

(2) If the review results in a finding that additional funding is owed to the school, such payment shall be made within thirty days of the written notice. If the review results in a finding that the community school owes moneys to the state, the following procedure shall apply:

(a) Within ten business days of the receipt of the notice of findings, the community school may appeal the department's determination to the state board of education or its designee.

(b) The board or its designee shall conduct an informal hearing on the matter within thirty days of receipt of such an appeal and shall issue a decision within fifteen days of the conclusion of the hearing.
(c) If the board has enlisted a designee to conduct the hearing, the designee shall certify its decision to the board. The board may accept the decision of the designee or may reject the decision of the designee and issue its own decision on the matter.

(d) Any decision made by the board under this division is final.

(3) If it is decided that the community school owes moneys to the state, the department shall deduct such amount from the school's future payments in accordance with guidelines issued by the superintendent of public instruction.

The superintendent may grant a waiver only for good cause in accordance with rules adopted by the state board of education.

(4) Any student who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the

If, however, any such veteran elects to enroll in special courses organized for veterans for whom tuition is paid under federal law, or otherwise, the department shall not pay to a community school under section 3317.022 of the Revised Code any amount for that veteran.

Sec. 3317.017. This section shall apply only for fiscal years
(A) The department of education shall compute a city, local, or exempted village school district's per-pupil local capacity amount for a fiscal year as follows:

(1) Calculate the district's valuation per pupil for that fiscal year as follows:

(a) Determine the minimum of the district's three-year average valuation for the fiscal year for which the calculation is made and the district's taxable value for the most recent tax year for which data is available;

(b) Divide the amount determined under division (A)(1)(a) of this section by the district's base cost enrolled ADM for the fiscal year for which the calculation is made.

(2) Calculate the district's local share federal adjusted gross income per pupil for that fiscal year as follows:

(a) Determine the minimum of the following:

(i) The average of the total federal adjusted gross income of the district's residents for the three most recent tax years for which data is available, as certified under section 3317.021 of the Revised Code;

(ii) The total federal adjusted gross income of the district's residents for the most recent tax year for which data is available, as certified under section 3317.021 of the Revised Code.

(b) Divide the amount determined under division (A)(2)(a) of this section by the district's base cost enrolled ADM for the fiscal year for which the calculation is made.

(3) Calculate the district's adjusted local share federal adjusted gross income per pupil for that fiscal year as follows:
(a) Determine both of the following:

(c) Rank all school districts in order of the ratios calculated under division (A)(4)(b) of this section, from the district with the highest ratio calculated under division (A)(4)(b) of this section to the district with the lowest ratio calculated under division (A)(4)(b) of this section;

(d) Determine the district's per-pupil local capacity
(i) If the ratio calculated for the district under division (A)(4)(b) of this section is greater than or equal to the ratio calculated under division (A)(4)(b) of this section for the district with the fortieth highest ratio as determined under division (A)(4)(c) of this section, the district's per-pupil local capacity percentage shall be equal to 0.025.

$$\text{(The district's valuation per pupil calculated under division (A)(1) of this section for that fiscal year} \times \text{the district's per-pupil local capacity percentage calculated under division (A)(4) of this section} \times 0.60) + \text{(the district's local share adjusted federal gross income per pupil calculated under division}$$
(A)(2) of this section for that fiscal year X the district's per-pupil local capacity percentage calculated under division (A)(4) of this section X 0.20) + (the district's adjusted local share federal adjusted gross income per pupil calculated under division (A)(3) of this section for that fiscal year X the district's per-pupil local capacity percentage calculated under division (A)(4) of this section X 0.20)

(B) The department shall compute a city, local, or exempted village school district's state share for a fiscal year as follows:

(1) If the district's per-pupil local capacity amount for that fiscal year divided by the district's base cost per pupil for that fiscal year is greater than 0.95, then the district's state share shall be equal to (the district's base cost per pupil for that fiscal year X 0.05 X the district's enrolled ADM for that fiscal year).

(2) If the district's per-pupil local capacity amount for that fiscal year divided by the district's base cost per pupil for that fiscal year is less than or equal to 0.95, then the district's state share for that fiscal year shall be equal to [(the district's base cost per pupil for that fiscal year - the district's per-pupil local capacity amount for that fiscal year) X the district's enrolled ADM for that fiscal year].

(C) The department shall compute a city, local, or exempted village school district's state share percentage for a fiscal year as follows:

(the district's base cost per pupil amount for that fiscal year - the district's per pupil local capacity amount for that fiscal year)/(the district's base cost per pupil amount for that fiscal year).

If the result is less than 0.05, the state share percentage shall be 0.05.
Sec. 3317.018. (A) The statewide average base cost per pupil shall be determined as follows:

(2) For fiscal year 2023-2025, the statewide average career-technical base cost per pupil shall be equal to the amount calculated under division (B)(1) of this section.

Sec. 3317.019. (A)(1) Subject to division (C) of this section, for fiscal years 2022-2024 and 2023-2025, the department of education shall pay temporary transitional aid to each city, local, and exempted village school district according to the following formula:

(The district's funding base, as that term is defined in section
3317.02 of the Revised Code) – (the district's payment under section 3317.022 of the Revised Code – the district's payment for supplemental targeted assistance under section 3317.0218 of the Revised Code for the fiscal year for which each payment is computed)

If the computation made under division (A)(1) of this section results in a negative number, the district's funding under division (A)(1) of this section shall be zero.

(2) For fiscal years 2022 2024 and 2023 2025, the department shall pay temporary transitional transportation aid to that district according to the following formula:

(The amount calculated for the district for fiscal year 2020 under division (A)(2) of Section 265.220 of H.B. 166 of the 133rd general assembly, prior to any funding reductions authorized by Executive Order 2020-19D, "Implementing Additional Spending Controls to Balance the State Budget" issued on May 7, 2020) – (the district's payment for fiscal year 2019 under division (D)(2) of section 3314.091 of the Revised Code as that division existed prior to September 30, 2021) - (the district's payment under section 3317.0212 of the Revised Code for the fiscal year for which the payment is computed)

If the computation made under division (A)(2) of this section results in a negative number, the district's funding under division (A)(2) of this section shall be zero.

(B) If a local school district participates in the establishment of a joint vocational school district that begins receiving payments under section 3317.16 of the Revised Code for fiscal year 2022 2024 or fiscal year 2023 2025, but does not receive payments for the fiscal year immediately preceding that fiscal year, the department shall adjust, as necessary, the district's funding base, as that term is defined in section 3317.02 of the Revised Code, according to the amounts received by
the district in the immediately preceding fiscal year for career-technical education students who attend the newly established joint vocational school district.

(C)(1) For purposes of division (C) of this section, a district's "decrease threshold" for a fiscal year is the greater of the following:

(a) Twenty;

(b) Ten per cent of the number of the district's students counted under division (A)(1)(b) of section 3317.03 of the Revised Code for the previous fiscal year.

(2) For fiscal years 2022, 2024 and 2023, if a district has fewer students counted under division (A)(1)(b) of section 3317.03 of the Revised Code for that fiscal year than for the previous fiscal year and the positive difference between those two student counts is greater than or equal to the district's decrease threshold for that fiscal year, the amount paid to the district under division (A) of this section shall be reduced by the following amount:

\[
\text{The statewide average base cost per pupil} \times \left(\frac{\text{(the positive difference between the number of the district's students counted under division (A)(1)(b) of section 3317.03 of the Revised Code for that fiscal year and the number of the district's students counted under that division for the previous fiscal year) - the district's decrease threshold for that fiscal year}}{\text{}}\right)
\]

At no time, however, shall the amount paid to a district under division (A) of this section be less than zero.

**Sec. 3317.0110.** This section shall apply only for fiscal years 2022, 2024 and 2025.

For fiscal year 2024, 2026 and each fiscal year thereafter, the department shall pay a district's efficiency adjustment payment in a manner determined by the general assembly, if the general assembly authorizes such a payment to districts.

(1) The department annually shall establish a target number of qualifying riders per assigned bus for each city, local, and exempted village school district. The department shall use the most recently available data in establishing the target number. The target number shall be based on the statewide median number of riders per assigned bus as adjusted to reflect the district's density in comparison to the density of all other districts. The department shall post on the department's web site each district's target number of riders per assigned bus and a description of how
the target number was determined.

(2) The department shall determine each school district's efficiency index by dividing the district's number of riders per assigned bus by its target number of riders per assigned bus.

(3) The department shall determine each city, local, and exempted village school district's efficiency adjustment payment as follows:

(a) If the district's efficiency index is equal to or greater than 1.5, the efficiency adjustment payment shall be calculated according to the following formula:

\[ 0.15 \times \text{the district's transportation base payment calculated under division (E) of this section} \]

(b) If the district's efficiency index is less than 1.5 but greater than or equal to 1.0, the efficiency adjustment payment shall be calculated according to the following formula:

\[ \frac{\{(\text{The district's efficiency index} - 1) \times 0.15\}}{0.5} \times \text{the district's transportation base payment calculated under division (E) of this section} \]

(c) If the district's efficiency index is less than 1.0, the efficiency adjustment payment shall be zero.

(G) In addition to funds paid under divisions (E), (F), and (H) of this section, each city, local, and exempted village district shall receive in accordance with rules adopted by the state board of education a payment for students transported by means other than school bus service and whose transportation is not funded under division (C) of section 3317.024 of the Revised Code. The rules shall include provisions for school district reporting of such students.

(H)(1) For purposes of division (H) of this section, a school district's "transportation supplement percentage" means the following:
(a) For fiscal years 2022 and 2025, the following quotient:

\[
\frac{28 - \text{the district's rider density}}{100}
\]

If the result of the calculation for a district under division (H)(1)(a) of this section is less than zero, the district's transportation supplement percentage shall be zero.

(b) For fiscal years 2024 and each fiscal year thereafter, a percentage calculated in a manner determined by the general assembly.

(2) The department shall pay each district a transportation supplement calculated according to the following formula:

\[
\text{The district's transportation supplement percentage} \times \text{the amount calculated for the district under division (E)(1)(b) of this section} \times 0.55
\]

(I)(1) If a school district board and a community school governing authority elect to enter into an agreement under division (A) of section 3314.091 of the Revised Code, the department shall make payments to the community school according to the terms of the agreement for each student actually transported under division (C)(1) of that section. If a community school governing authority accepts transportation responsibility under division (B) of that section, the department shall make payments to the community school for each student actually transported or for whom transportation is arranged by the community school under division (C)(1) of that section, calculated as follows:

(a) For any fiscal year which the general assembly has specified that transportation payments to school districts be based on an across-the-board percentage of the district's payment for the previous school year, the per pupil payment to the community school shall be the following quotient:
(i) The total amount calculated for the school district in which the child is entitled to attend school for student transportation other than transportation of children with disabilities; divided by

(ii) The number of students included in the district's transportation ADM for the current fiscal year, as calculated under section 3317.03 of the Revised Code, plus the number of students enrolled in the community school not counted in the district's transportation ADM who are transported under division (B)(1) or (2) of section 3314.091 of the Revised Code.

(b) For any fiscal year which the general assembly has specified that the transportation payments to school districts be calculated in accordance with this section and any rules of the state board of education implementing this section, the payment to the community school shall be the following:

(i) For fiscal years 2022 2024 and 2023 2025, either of the following:

(I) If the school district in which the student is entitled to attend school would have used a method of transportation for the student for which payments are computed and paid under division (E) of this section, 1.0 times the statewide transportation cost per student, as calculated in division (C) of this section;

(II) If the school district in which the student is entitled to attend school would have used a method of transportation for the student for which payments are computed and paid in a manner described in division (G) of this section, the amount that would otherwise be computed for and paid to the district.

(ii) For fiscal year 2024 2026 and each fiscal year thereafter, an amount calculated in a manner determined by the general assembly.
The community school, however, is not required to use the same method to transport the student.

As used in this division, "entitled to attend school" means entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(2) A community school shall be paid under division (I)(2) of this section only for students who are eligible as specified in section 3327.01 of the Revised Code and division (C)(1) of section 3314.091 of the Revised Code, and whose transportation to and from school is actually provided, who actually utilized transportation arranged, or for whom a payment in lieu of transportation is made by the community school's governing authority. To qualify for the payments, the community school shall report to the department, in the form and manner required by the department, data on the number of students transported or whose transportation is arranged, the number of miles traveled, cost to transport, and any other information requested by the department.

Sec. 3317.0213. (A) The department of education shall compute and pay in accordance with this section additional state aid for preschool children with disabilities to each city, local, and exempted village school district and to each institution, as defined in section 3323.091 of the Revised Code. Funding shall be provided for children who are not enrolled in kindergarten and who are under age six on the thirtieth day of September of the academic year, or on the first day of August of the academic year if the school district in which the child is enrolled has adopted a resolution under division (A)(3) of section 3321.01 of the Revised Code, but not less than age three on the first day of December of the academic year.

For fiscal years 2022-2024 and 2023-2025, the additional state aid shall be calculated under the following formula:
($4,000 X the number of students who are preschool children with disabilities) + the sum of the following:

(1) The district's or institution's category one special education students who are preschool children with disabilities X the multiple specified in division (A) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share percentage X 0.50;

(2) The district's or institution's category two special education students who are preschool children with disabilities X the multiple specified in division (B) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share percentage X 0.50;

(3) The district's or institution's category three special education students who are preschool children with disabilities X the multiple specified in division (C) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share percentage X 0.50;

(4) The district's or institution's category four special education students who are preschool children with disabilities X the multiple specified in division (D) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share percentage X 0.50;

(5) The district's or institution's category five special education students who are preschool children with disabilities X the multiple specified in division (E) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share percentage X 0.50;

(6) The district's or institution's category six special education students who are preschool children with disabilities X the multiple specified in division (F) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that
fiscal year X the district's state share percentage X 0.50. For fiscal year 2024 and each fiscal year thereafter, the additional state aid shall be calculated for each category of special education students who are preschool children with disabilities using a formula specified by the general assembly.

The special education disability categories for preschool children used in this section are the same categories prescribed in section 3317.013 of the Revised Code.

As used in division (A) of this section, the state share percentage of a student enrolled in an institution is the state share percentage of the school district in which the student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(B) If an educational service center is providing services to students who are preschool children with disabilities under agreement with the city, local, or exempted village school district in which the students are entitled to attend school, that district may authorize the department to transfer funds computed under this section to the service center providing those services.

(C) If a county DD board is providing services to students who are preschool children with disabilities under agreement with the city, local, or exempted village school district in which the students are entitled to attend school, the department shall deduct from the district's payment computed under division (A) of this section the total amount of those funds that are attributable to the students served by the county DD board and pay that amount to that board.

Sec. 3317.0215. (A)(1) For fiscal years 2022 and 2023, the department of education shall withhold from the aggregate amount paid for a fiscal year to each city, local,
exempted village, and joint vocational school district, community science, technology, engineering, and mathematics school
evaluated under Chapter 3314. of the Revised Code, and
established under Chapter 3326. of the Revised Code an amount
equal to the following:

(a) In the case of a city, local, or exempted village school
district, the aggregate amount of special education funding paid
to the district under division (A)(3) of section 3317.022 of the
Revised Code times 0.10, subject to any funding limitations
enacted by the general assembly to the computation.

(b) In the case of a community school or STEM school, the
aggregate amount of special education funding paid to the school
under division (A)(1)(b) of section 3317.026 of the Revised Code
times 0.10, subject to any funding limitations enacted by the
general assembly to the computation.

(c) In the case of a joint vocational school district, the
aggregate amount of special education funding paid to the school
under division (A)(2) of section 3317.16 of the Revised Code times
0.10, subject to any funding limitations enacted by the general
assembly to the computation.

(2) For fiscal year 2024 and each fiscal year thereafter, the department of education shall withhold from the aggregate amount paid for a fiscal year to each city, local, exempted village, and joint vocational school district, community school, and science, technology, engineering, and mathematics school an amount determined by the general assembly, if any, for purposes of this section.

(B) For fiscal years 2022 and 2023, the department shall use the amount of funds withheld under division (A) of this section for purposes of division (C)(1) of section 3314.08 of the Revised Code, section 3317.0214 of the Revised Code, division (B)
of section 3317.16 of the Revised Code, and section 3326.34 of the Revised Code.

For fiscal year 2024 and each fiscal year thereafter, the department shall use the amount of funds withheld under division (A) of this section, if any, for purposes determined by the general assembly.

Sec. 3317.0217. This section shall apply only for fiscal years 2022 and 2023.

Payment of the amount calculated for a school district under this section shall be made under division (A) of section 3317.022 of the Revised Code.

(A) For each fiscal year, the department of education shall compute targeted assistance funds for city, local, and exempted village school districts, in accordance with the following formula:

A district's capacity amount for that fiscal year calculated under division (B) of this section + a district's wealth amount for that fiscal year calculated under division (C) of this section

(B) The department shall calculate each district's capacity amount for a fiscal year as follows:

(1) Calculate each district's weighted wealth for that fiscal year, which equals the following sum:

(The amount determined for the district for that fiscal year under division (A)(1)(a) of section 3317.017 of the Revised Code X 0.6) + (the amount determined for the district for that fiscal year under division (A)(2)(a) of section 3317.017 of the Revised Code X 0.4)

(2) Determine the median weighted wealth of all school districts in this state for that fiscal year;

(3) Compute each district's capacity index for that fiscal
year by dividing the median weighted wealth of all school districts in this state for that fiscal year by the district's weighted wealth for that fiscal year;

(4) Compute each district's capacity amount for that fiscal year as follows:

(a) The district's capacity amount shall be zero if the district satisfies either of the following criteria for that fiscal year:

(i) The district's capacity index is less than 1.

(ii) The district's enrolled ADM is less than 200.

(b) If the district does not satisfy either of the criteria specified in division (B)(4)(a) of this section for that fiscal year, the district's capacity amount for that fiscal year shall be calculated as follows:

(i) Compute the following amount for the district:

\[
\text{(The median weighted wealth of all school districts in this state for that fiscal year } \times 0.008) - \text{(the district's weighted wealth for that fiscal year } \times 0.008)
\]

(ii) If the district's enrolled ADM for that fiscal year is greater than or equal to 200 but less than or equal to 400, the district's capacity amount for that fiscal year shall be equal to 0.05 X the amount computed under division (B)(4)(b)(i) of this section.

(iii) If the district's enrolled ADM for that fiscal year is greater than 400 and less than 600, the district's capacity amount for that fiscal year shall be calculated in accordance with the following formula:

\[
\{[0.95 \times (\text{the district's enrolled ADM for that fiscal year } - 400)/200] + 0.05\} \times \text{the amount computed under division (B)(4)(b)(i) of this section}
\]
(iv) If the district's enrolled ADM for that fiscal year is greater than or equal to 600, the district's capacity amount for that fiscal year shall be equal to the amount computed under division (B)(4)(b)(i) of this section.

(C) The department shall calculate each district's wealth amount for a fiscal year as follows:

(1) Calculate each district's weighted wealth per pupil for that fiscal year, which equals the following quotient:

The district's weighted wealth for that fiscal year calculated under division (B)(1) of this section/ (the district's enrolled ADM for that fiscal year - the students described in division (A)(1)(b) of section 3317.03 of the Revised Code + the students described in division (A)(2)(d) of section 3317.03 of the Revised Code)

(2) Determine the median weighted wealth per pupil of all school districts in this state for that fiscal year;

(3) Compute each district's wealth index for that fiscal year by dividing the median weighted wealth per pupil of all school districts in this state for that fiscal year by the district's weighted wealth per pupil for that fiscal year;

(4) Compute each district's wealth amount for that fiscal year, as follows:

(a) If the district's wealth index computed under division (C)(3) of this section for that fiscal year is less than 0.8, the district's wealth amount for that fiscal year shall be zero.

(b) If the district's wealth index computed under division (C)(3) of this section for that fiscal year is greater than or equal to 0.8, the district's wealth amount for that fiscal year shall be calculated in accordance with the following formula:

[(The median weighted wealth per pupil of all school districts in...}
this state for that fiscal year X 0.014) – (the district's weighted wealth per pupil for that fiscal year X 0.0112)] X the district's enrolled ADM for that fiscal year

Sec. 3317.0218. This section shall apply only for fiscal years 2022, 2023, and 2024.

For each fiscal year, the department of education shall compute supplemental targeted assistance for each city, local, and exempted village school district as follows:

(A) Determine if the district satisfies both of the following criteria:

(1) The wealth index calculated for the district for fiscal year 2019 under division (A)(4) of former section 3317.0217 of the Revised Code as it existed prior to the effective date of this section is greater than 1.6;

(2) The district's enrolled ADM for fiscal year 2019 is less than eighty-eight per cent of the district's total ADM for fiscal year 2019.

(B) Determine the maximum of the wealth indices calculated under division (A)(4) of former section 3317.0217 of the Revised Code as it existed prior to the effective date of this section for all districts that satisfy both of the criteria specified under division (A) of this section;

(C) If the district satisfies both of the criteria specified under division (A) of this section, compute the district's supplemental amount as the product of the following:

(1) {(The number specified under division (A)(1) of this section – 1.6)/ (the number determined under division (B) of this section – 1.6)} X 675} + 75;

(2) The district's enrolled ADM.

(D) If the district does not satisfy both of the criteria
specified under division (A) of this section, the district's supplemental amount shall be equal to zero.

**Sec. 3317.051.** (A) The department of education shall compute and pay to a school district funds based on units for services to students identified as gifted under Chapter 3324. of the Revised Code as prescribed by this section.

(B) The department shall allocate gifted units for a school district as follows:

1. For fiscal years 2022, 2024, and 2023:
   - (a) One gifted coordinator unit shall be allocated for every 3,300 students in a district's enrolled ADM, with a minimum of 0.5 units and a maximum of 8 units allocated for the district.
   - (b) One kindergarten through eighth grade gifted intervention specialist unit shall be allocated for every 140 gifted students enrolled in grades kindergarten through eight in the district, as certified under division (B)(22) of section 3317.03 of the Revised Code, with a minimum of 0.3 units allocated for the district.
   - (c) One ninth through twelfth grade gifted intervention specialist unit shall be allocated for every 140 gifted students enrolled in grades nine through twelve in the district, as certified under division (B)(22) of section 3317.03 of the Revised Code, with a minimum of 0.3 units allocated for the district.

2. For fiscal year 2024, 2026, and each fiscal year thereafter, in the manner prescribed by the general assembly.

(C) The department shall pay an amount to a school district for gifted units as follows:

1. For fiscal years 2022, 2024, and 2025, an amount equal to the following sum:
   - ($85,776 X the number of units allocated to a school district)
under division (B)(1)(a) of this section X the district's state share percentage) + ($89,378 X the number of units allocated to a school district under division (B)(1)(b) of this section X the district's state share percentage) + ($80,974 X the number of units allocated to a school district under division (B)(1)(c) of this section X the district's state share percentage)

(2) For fiscal year 2024 2026 and each fiscal year thereafter, an amount calculated in a manner determined by the general assembly.

(D) A school district may assign gifted unit funding that it receives under division (C) of this section to another school district, an educational service center, a community school, or a STEM school as part of an arrangement to provide services to the district.

Sec. 3317.11. (A) As used in this section:

(1) For fiscal years 2022 2024 and 2023 2025, "base amount" is equal to $356,250.

(2) For fiscal years 2022 2024 and 2023 2025, "funding base" means an amount calculated by the department of education that is equal to the amount an educational service center would have received under Section 265.360 of H.B. 166 of the 133rd general assembly for fiscal year 2020 using the student counts of the school districts with which the service center has service agreements for the fiscal year for which payments under this section are being made.

(3) For fiscal years 2022 2024 and 2023 2025, "general phase-in percentage" for an educational service center means the "general phase-in percentage" for school districts as defined in section 3317.02 of the Revised Code.

(4) For fiscal years 2022 2024 and 2023 2025, "student count"
means the count calculated under division (G)(1) of section 3313.843 of the Revised Code.

(B)(1) For fiscal years 2022, 2024 and 2023, the department of education shall pay the governing board of each educational service center an amount equal to the following:

   The educational service center's funding base + [(the amount calculated for the educational service center for that fiscal year under division (C) of this section - the educational service center's funding base) X the educational service center's general phase-in percentage for that fiscal year]

(2) For fiscal year 2024, 2026 and each fiscal year thereafter, the department shall pay the governing board of each educational service center an amount calculated in a manner determined by the general assembly.

(C) For fiscal years 2022, 2024 and 2023, the department shall calculate an amount for each educational service center as follows:

   (1) If the educational service center has a student count of 5,000 students or less, the base amount.

   (2) If the educational service center has a student count greater than 5,000 students but less than or equal to 35,000 students, the following sum:

       The base amount + [(the educational service center's student count - 5,000) X $24.72]

   (3) If the educational service center has a student count greater than 35,000 students, the following sum:

       The base amount + (30,000 X $24.72) + [(the educational service center's student count - 35,000) X $30.90]

Sec. 3317.13. (A) As used in this section and section 3317.14 of the Revised Code:
(1) "Years of service" includes the following:

(a) All years of teaching service in the same school district or educational service center, regardless of training level, with each year consisting of at least one hundred twenty days under a teacher's contract;

(b) All years of teaching service in a chartered, nonpublic school located in Ohio as a teacher licensed pursuant to section 3319.22 of the Revised Code or in another public school, regardless of training level, with each year consisting of at least one hundred twenty days under a teacher's contract;

(c) All years of teaching service in a chartered school or institution or a school or institution that subsequently became chartered or a chartered special education program or a special education program that subsequently became chartered operated by the state or by a subdivision or other local governmental unit of this state as a teacher licensed pursuant to section 3319.22 of the Revised Code, regardless of training level, with each year consisting of at least one hundred twenty days; and

(d) All years of active military service in the armed forces of the United States, as defined in section 3307.75 of the Revised Code, to a maximum of five years. For purposes of this calculation, a partial year of active military service of eight continuous months or more in the armed forces shall be counted as a full year.

(2) "Teacher" means all teachers employed by the board of education of any school district, including any cooperative education or joint vocational school district and all teachers employed by any educational service center governing board.

(B) No teacher shall be paid a salary less than that provided in the schedule set forth in division (C) of this section. In calculating the minimum salary any teacher shall be paid pursuant
to this section, years of service shall include the sum of all years of the teacher's teaching service included in divisions (A)(1)(a), (b), (c), and (d) of this section; except that any school district or educational service center employing a teacher new to the district or educational service center shall grant such teacher a total of not more than ten years of service pursuant to divisions (A)(1)(b), (c), and (d) of this section.

Upon written complaint to the superintendent of public instruction that the board of education of a district or the governing board of an educational service center governing board has failed or refused to annually adopt a salary schedule or to pay salaries in accordance with the salary schedule set forth in division (C) of this section, the superintendent of public instruction shall cause to be made an immediate investigation of such complaint. If the superintendent finds that the conditions complained of exist, the superintendent shall order the board to correct such conditions within ten days from the date of the finding. No moneys shall be distributed to the district or educational service center under this chapter until the superintendent has satisfactory evidence of the board of education's full compliance with such order.

Each teacher shall be fully credited with placement in the appropriate academic training level column in the district's or educational service center's salary schedule with years of service properly credited pursuant to this section or section 3317.14 of the Revised Code. No rule shall be adopted or exercised by any board of education or educational service center governing board which restricts the placement or the crediting of annual salary increments for any teacher according to the appropriate academic training level column.

(C) Minimum salaries exclusive of retirement and sick leave for teachers shall be as follows:

district later receives the controlling board's approval for the 42264
project, subject to a new project scope and estimated costs under 42265
section 3318.054 of the Revised Code, the district's portion shall 42266
be recalculated in accordance with this section as of the date of 42267
the controlling board's subsequent approval.

(C) At no time shall a school district's portion of the basic 42268
project cost be greater than ninety-five per cent of the total 42269
basic project cost.

(D) If the controlling board approves a project under 42270
sections 3318.01 to 3318.20 of the Revised Code for a school 42271
district that previously received assistance under those sections 42272
or section 3318.37 of the Revised Code within the twenty-year 42273
period prior to the date on which the controlling board approves 42274
the new project, the district's portion of the basic project cost 42275
for the new project shall be the lesser of the following:

1. The portion calculated under division (A) of this 42276
section;

2. The greater of the following:
   a. The required percentage of the basic project costs for 42277
      the new project;
   b. The percentage of the basic project cost paid by the 42278

Sec. 3318.05. The conditional approval of the Ohio facilities construction commission for a project shall lapse and the amount reserved and encumbered for such project shall be released unless the school district board accepts such conditional approval within one hundred twenty days following the date of certification of the conditional approval to the school district board and the electors of the school district vote favorably on both of the propositions described in divisions (A) and (B) of this section within thirteen months of the date of such certification, except that a school district described in division (C) of this section does not need to submit the proposition described in division (B) of this section. The propositions described in divisions (A) and (B) of this section shall be combined in a single proposal. If the district board or the district's electors fail to meet such requirements and the amount reserved and encumbered for the district's project is released, the district shall be given first priority for project funding as such funds become available, subject to section 3318.054 of the Revised Code.

(A) On the question of issuing bonds of the school district board, for the school district's portion of the basic project cost, in an amount equal to the school district's portion of the basic project cost less the amount of the proceeds of any securities authorized or to be authorized under division (J) of section 133.06 of the Revised Code and dedicated by the school district board to payment of the district's portion of the basic project cost; and

(B) On the question of levying a tax the proceeds of which shall be used to pay the cost of maintaining or upgrading the classroom facilities included in the project. Such tax shall be at
the rate of not less than one-half mill for each dollar of valuation for a period of twenty-three years, subject to any extension approved under section 3318.061 of the Revised Code.

(C) If a school district has in place a tax levied under section 5705.21 of the Revised Code for general permanent improvements for a continuing period of time and the proceeds of such tax can be used for maintenance or upgrades, or if a district agrees to the transfers described in section 3318.051 of the Revised Code, the school district need not levy the additional tax required under division (B) of this section, provided the school district board includes in the agreement entered into under section 3318.08 of the Revised Code provisions either:

(1) Earmarking an amount from the proceeds of that permanent improvement tax for maintenance or upgrades of classroom facilities equivalent to the amount of the additional tax and for the equivalent number of years otherwise required under this section;

(2) Requiring the transfer of money in accordance with section 3318.051 of the Revised Code.

The district board subsequently may rescind the agreement to make the transfers under section 3318.051 of the Revised Code only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance or upgrades of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors.

(D) Proceeds of the tax to be used for maintenance or upgrade of the classroom facilities under either division (B) or (C)(1) of this section, and transfers of money in accordance with section 3318.051 of the Revised Code shall be deposited into a separate fund established by the school district for such purpose.
(E) Proceeds of the tax to be used for maintenance or
 upgrades of the classroom facilities under either division (B) or
 (C)(1) of this section shall not be used to upgrade classroom
 facilities, unless the district board submits to the Ohio
 facilities construction commission a proposal regarding the use of
 those proceeds for upgrades and the commission approves the
 proposal.

Sec. 3318.051. (A) Any city, exempted village, or local
 school district that commences a project under sections 3318.01 to
 3318.20, 3318.33, 3318.36, 3318.37, or 3318.38 of the Revised Code
 on or after September 5, 2006, need not levy the tax otherwise
 required under division (B) of section 3318.05 of the Revised
 Code, if the district board of education adopts a resolution
 petitioning the Ohio facilities construction commission to approve
 the transfer of money in accordance with this section and the
 commission approves that transfer. If so approved, the commission
 and the district board shall enter into an agreement under which
 the board, in each of twenty-three consecutive years beginning in
 the year in which the board and the commission enter into the
 project agreement under section 3318.08 of the Revised Code, shall
 transfer into the maintenance fund required by division (D) of
 section 3318.05 of the Revised Code not less than an amount equal
 to one-half mill for each dollar of the district's valuation
 unless and until the agreement to make those transfers is
 rescinded by the district board pursuant to division (F) of this
 section.

(B) On the first day of July each year, or on an alternative
date prescribed by the commission, the district treasurer shall
certify to the commission and the auditor of state that the amount
required for the year has been transferred. The auditor of state
shall include verification of the transfer as part of any audit of
the district under section 117.11 of the Revised Code. If the
auditor of state finds that less than the required amount has been deposited into a district's maintenance fund, the auditor of state shall notify the district board of education in writing of that fact and require the board to deposit into the fund, within ninety days after the date of the notice, the amount by which the fund is deficient for the year. If the district board fails to demonstrate to the auditor of state's satisfaction that the board has made the deposit required in the notice, the auditor of state shall notify the department of education. At that time, the department shall withhold an amount equal to ten per cent of the district's funds calculated for the current fiscal year under Chapter 3317. of the Revised Code until the auditor of state notifies the department that the auditor of state is satisfied that the board has made the required transfer.

(C) Money transferred to the maintenance fund shall be used for the maintenance or, upon approval of the Ohio facilities construction commission, upgrade of the facilities acquired under the district's project.

(D) The transfers to the maintenance fund under this section does not affect a district's obligation to establish and maintain a capital and maintenance fund under section 3315.18 of the Revised Code.

(E) Any decision by the commission to approve or not approve the transfer of money under this section is final and not subject to appeal. The commission shall not be responsible for errors or miscalculations made in deciding whether to approve a petition to make transfers under this section.

(F) If the district board determines that it no longer can continue making the transfers agreed to under this section, the board may rescind the agreement only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the
classroom facilities acquired under the district's project and
that levy continues to be collected as approved by the electors.
That levy shall be for a number of years that is equal to the
difference between twenty-three years and the number of years that
the district made transfers under this section and shall be at the
rate of not less than one-half mill for each dollar of the
district's valuation. The district board shall continue to make
the transfers agreed to under this section until that levy has
been approved by the electors.

Sec. 3318.054. (A) If conditional approval of a city,
exempted village, or local school district's project lapses as
provided in section 3318.05 of the Revised Code, or if conditional
approval of a joint vocational school district's project lapses as
provided in division (D) of section 3318.41 of the Revised Code,
because the district's electors have not approved the ballot
measures necessary to generate the district's portion of the basic
project cost, and if the district board desires to seek a new
conditional approval of the project, the district board shall
request that the Ohio facilities construction commission set the
scope, basic project cost, and school district portion of the
basic project cost prior to resubmitting the ballot measures to
the electors. To do so, the commission shall use the district's
current assessed tax valuation and the district's percentile for
the prior fiscal year. For a district that has entered into an
agreement under section 3318.36 of the Revised Code and desires to
proceed with a project under sections 3318.01 to 3318.20 of the
Revised Code, the district's portion of the basic project cost
shall be the percentage specified in that agreement. The project
scope and basic costs established under this division shall be
valid for thirteen sixteen months from the date the commission
approves them.

(B) Upon the commission's approval under division (A) of this
section, the district board may submit the ballot measures to the
district's electors for approval of the project based on the new
project scope and estimated costs. Upon electoral approval of
those measures, the district shall be given first priority for
project funding as such funds become available.

(C) When the commission determines that funds are available
for the district's project, the commission shall do all of the
following:

(1) Determine the school district portion of the basic
project cost under section 3318.032 of the Revised Code, in the
case of a city, exempted village, or local school district, or
under section 3318.42 of the Revised Code, in the case of a joint
vocational school district;

(2) Conditionally approve the project and submit it to the
controlling board for approval pursuant to section 3318.04 of the
Revised Code;

(3) Encumber funds for the project under section 3318.11 of
the Revised Code;

(4) Enter into an agreement with the district board under
section 3318.08 of the Revised Code.

Sec. 3318.055. Notwithstanding any provision to the contrary
in sections 3318.05, 3318.06, 3318.061, 3318.08, 3318.33, 3318.36,
3318.361, and 3318.38 of the Revised Code, if the amount of money
that would be raised in a school district by the twenty-three year
maintenance tax specified in those sections during the first
twelve-month period of its collection, as estimated by the
department of taxation, would be less than ten per cent of the
amount of money that the school district was required to deposit
into its capital and maintenance fund during the most recent
fiscal year under section 3315.18 of the Revised Code, the school
district shall not be required to include such maintenance tax on
a ballot proposal, as otherwise required under sections 3318.05,
3318.06, 3318.061, 3318.08, 3318.33, 3318.36, 3318.361, and
3318.38 of the Revised Code.

Sec. 3318.084. (A) Notwithstanding anything to the contrary
in Chapter 3318. of the Revised Code, a school district board may
apply any local donated contribution toward any of the following:

(1) The district's portion of the basic project cost of a
project under either sections 3318.01 to 3318.20 or sections
3318.40 to 3318.45 of the Revised Code to reduce the amount of
bonds the district otherwise must issue in order to receive state
assistance under those sections;

(2) If the school district is not a joint vocational school
district proceeding under sections 3318.40 to 3318.45 of the
Revised Code, an offset of all or part of a district's obligation
to levy the tax described in division (B) of section 3318.05 of
the Revised Code, which shall be applied only in the manner
prescribed in division (B) of this section;

(3) If the school district is a joint vocational school
district proceeding under sections 3318.40 to 3318.45 of the
Revised Code, all or part of the amount the school district is
obligated to set aside for maintenance of the classroom facilities
acquired under that project pursuant to section 3318.43 of the
Revised Code.

(B) No school district board shall apply any local donated
contribution under division (A)(2) of this section unless the Ohio
facilities construction commission first approves that
application.

 Upon the request of the school district board to apply local
donated contribution under division (A)(2) of this section, the
commission in consultation with the department of taxation shall determine the amount of total revenue that likely would be generated by one-half mill of the tax described in division (B) of section 3318.05 of the Revised Code over the entire twenty-three-year period required under that section and shall deduct from that amount any amount of local donated contribution that the board has committed to apply under division (A)(2) of this section. The commission then shall determine in consultation with the department of taxation the rate of tax over twenty-three years necessary to generate the amount of a one-half mill tax not offset by the local donated contribution. Notwithstanding anything to the contrary in section 3318.06, 3318.061, or 3318.361 of the Revised Code, the rate determined by the commission shall be the rate for which the district board shall seek elector approval under those sections to meet its obligation under division (B) of section 3318.05 of the Revised Code. In the case of a complete offset of the district's obligation under division (B) of section 3318.05 of the Revised Code, the district shall not be required to levy the tax otherwise required under that section. At the end of the twenty-three-year period of the tax required under division (B) of section 3318.05 of the Revised Code, whether or not the tax is actually levied, the commission in consultation of the department of taxation shall recalculate the amount that would have been generated by the tax if it had been levied at one-half mill. If the total amount actually generated over that period from both the tax that was actually levied and any local donated contribution applied under division (A)(2) of this section is less than the amount that would have been raised by a one-half mill tax, the district shall pay any difference. If the total amount actually raised in such manner is greater than the amount that would have been raised by a one-half mill tax the difference shall be zero and no payments shall be made by either the district or the commission.
(C) As used in this section, "local donated contribution" means any of the following:

(1) Any moneys irrevocably donated or granted to a school district board by a source other than the state which the board has the authority to apply to the school district's project under sections 3318.01 to 3318.20 of the Revised Code and which the board has pledged for that purpose by resolution adopted by a majority of its members;

(2) Any irrevocable letter of credit issued on behalf of a school district which the school district board has encumbered for payment of the school district's share of its project under sections 3318.01 to 3318.20 of the Revised Code that has been approved by the commission in consultation with the department of education;

(3) Any cash a school district has on hand that the school district board has encumbered for payment of the school district's share of its project under sections 3318.01 to 3318.20 of the Revised Code that has been approved by the commission in consultation with the department of education, including the following:

(a) Any year-end operating fund balances that can be spent for classroom facilities;

(b) Any cash resulting from a lease-purchase agreement that the school district board has entered into under section 3313.375 of the Revised Code, provided that the agreement and the related financing documents contain provisions protecting the state's superior interest in the project.

(4) Any moneys spent by a source other than the school district or the state for construction or renovation of specific classroom facilities that have been approved by the commission as part of the basic project cost of the district's project. The
school district, the commission, and the entity providing the local
contributed contribution under division (C)(4) of this section shall
enter into an agreement identifying the classroom facilities to be acquired
by the expenditures made by that entity. The agreement shall include,
but not be limited to, stipulations that require an audit by the commission
of such expenditures made on behalf of the district and that specify
the maximum amount of credit to be allowed for those expenditures.
Upon completion of the construction or renovation, the commission
shall determine the actual amount that the commission will credit,
at the request of the district board, toward the district's portion of the
basic project cost, any project cost overruns, or the basic project cost of
future segments if the project has been divided into segments under
section 3318.33 or 3318.38 of the Revised Code. The actual amount
of the credit shall not exceed the lesser of the amount specified
in the agreement or the actual cost of the construction or renovation.

(D) No state moneys shall be released for a project to which
this section applies until:

(1) Any local donated contribution authorized under division
(A)(1) of this section is first deposited into the school district's project construction fund.

(2) The school district board and the commission have included a stipulation in their agreement entered into under section 3318.08 of the Revised Code under which the board will deposit into a fund approved by the commission according to a schedule that does not extend beyond the anticipated completion date of the project the total amount of any local donated contribution authorized under division (A)(2) or (3) of this section and dedicated by the board for that purpose.

However, if any local donated contribution as described in division (C)(4) of this section has been approved under this
section, the state moneys may be released even if the entity providing that local donated contribution has not spent the moneys so dedicated as long as the agreement required under that section has been executed.

Sec. 3318.33. (A) The accelerated Appalachian school building assistance program is hereby established. Under the program, notwithstanding section 3318.02 of the Revised Code, any school district that has any territory within the Appalachian region, as defined in section 107.21 of the Revised Code, and that has not been approved to receive assistance under sections 3318.01 to 3318.20 of the Revised Code prior to the effective date of this section, may, beginning on that date, apply for approval of and be approved for such assistance. Except as otherwise provided in this section, any project approved and undertaken pursuant to this section shall comply with all provisions of sections 3318.01 to 3318.20 of the Revised Code.

(B) The Ohio facilities construction commission shall provide assistance to school districts eligible for assistance under this section in the following manner:

(1) Each fiscal biennium, the commission shall select to receive assistance under this section not fewer than three school districts eligible for such assistance until all such eligible districts have received assistance under sections 3318.01 to 3318.20 of the Revised Code.

(2) Notwithstanding section 3318.02 of the Revised Code, the commission shall conduct an on-site visit and shall assess the classroom facilities needs of each school district eligible for assistance under this section that is selected under division (B)(1) of this section.

(3) Any school district eligible for assistance under this section and selected under division (B)(1) of this section may...
apply to the commission for conditional approval of its project as determined by the assessment conducted under division (B)(2) of this section. The commission shall conditionally approve that project and submit it to the controlling board for approval pursuant to section 3318.04 of the Revised Code.

(C)(1) If the controlling board approves a project submitted under division (B)(3) of this section, the commission and the school district shall enter into an agreement as prescribed in section 3318.05 of the Revised Code.

(2) Any district to which this section applies may opt to divide the district's entire classroom facilities needs, as those needs are jointly determined by the staff of the commission and the school district, into discrete segments as prescribed in section 3318.034 of the Revised Code.

(D) Under the program, to incentivize a district's electors to vote favorably on both of the propositions described in divisions (A) and (B) of section 3318.05 of the Revised Code, the commission shall reduce the district's portion of the basic project cost, as it is determined under section 3318.032 of the Revised Code, as follows:

(1) If, in the first election in which the propositions appear on the ballot the district's electors vote favorably for the propositions, the district's portion of the basic project cost shall be reduced by twenty per cent.

(2) If, in the second election in which the propositions appear on the ballot the district's electors vote favorably for the propositions, the district's portion of the basic project cost shall be reduced by fifteen per cent.

(3) If, in the third election in which the propositions appear on the ballot the district's electors vote favorably for the propositions, the district's portion of the basic project cost
shall be reduced by twelve per cent.

(E) In the event that the electors of an eligible school district vote favorably on both provisions described in divisions (A) and (B) of this section in the fiscal year in which this section becomes effective but prior to the effective date of this section, that district is entitled to participate in the program in the same manner as a district that passes the propositions on or after the effective date of this section.

(F) If, for any fiscal year, the amount appropriated for all projects or segments approved by the commission under the program is not adequate, the commission shall proportionately reduce the amount of state funds each of the districts with an approved project or segment receives under this section for that fiscal year. However, each of those districts shall be eligible for continued assistance under this section in subsequent fiscal years until its project or segment is completed.

(G) In any fiscal year in which the general assembly does not fund the program, any eligible school district that has not yet received assistance under the program retains its eligibility to receive assistance under sections 3318.01 to 3318.20 of the Revised Code in the same order it was scheduled to receive assistance prior to becoming eligible for the program.

Sec. 3318.364. In any fiscal year, the Ohio facilities construction commission may, at its discretion, provide assistance under sections 3318.01 to 3318.20 of the Revised Code to a school district that has entered into an expedited local partnership agreement under section 3318.36 of the Revised Code before the district is otherwise eligible for that assistance based on its percentile rank, if the commission determines all of the following:

(A) The district has made an expenditure of local resources
under its expedited local partnership agreement on a discrete part of its district-wide project.

(B) The district is ready to complete its district-wide project or a segment of the project, in accordance with section 3318.034 of the Revised Code.

(C) The district is in compliance with division (D)(2) of section 3318.36 of the Revised Code.

(D) Sufficient state funds have been appropriated for classroom facilities projects for the fiscal year to pay the state share of the district's project or segment after paying the state share of projects for all of the following:

(1) Districts that previously had their conditional approval lapse pursuant to section 3318.05 of the Revised Code;

(2) Districts eligible for assistance under division (B)(2) of section 3318.04 of the Revised Code;

(3) Districts participating in the exceptional needs school facilities assistance program under section 3318.37 or 3318.371 of the Revised Code;

(4) Districts participating in the an accelerated urban school building assistance program under section 3318.33 or 3318.38 of the Revised Code.

Assistance under this section shall be offered to eligible districts in the order of their percentile rankings at the time they entered into their expedited local partnership agreements, from lowest to highest percentile. In the event that more than one district has the same percentile ranking, those districts shall be offered assistance in the order of the date they entered into their expedited local partnership agreements, from earliest to latest date.

As used in this section, "local resources" and "percentile"
Sec. 3318.37. (A) (1) As used in this section:

(a) "Full maintenance amount" has the same meaning as in section 3318.034 of the Revised Code.

(b) A "school district with an exceptional need for immediate classroom facilities assistance" means a school district with an exceptional need for new facilities in order to protect the health and safety of all or a portion of its students.

(2) No school district that participates in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code shall receive assistance under the program established under this section unless the following conditions are satisfied:

(a) The district board adopted a resolution certifying its intent to participate in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code prior to September 14, 2000.

(b) The district was selected by the Ohio facilities construction commission for participation in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code in the manner prescribed by the commission under that section as it existed prior to September 14, 2000.

(B) (1) There is hereby established the exceptional needs school facilities assistance program. Under the program, the Ohio facilities construction commission may set aside from the moneys annually appropriated to it for classroom facilities assistance projects up to twenty-five per cent for assistance to school districts with exceptional needs for immediate classroom facilities assistance. At least ten per cent of the amount set
aside shall be spent on school districts seeking facilities maintenance, repairs, or replacements described in division (E) of this section.

(2)(a) After consulting with education and construction experts, the commission shall adopt guidelines for identifying school districts with an exceptional need for immediate classroom facilities assistance.

(b) The guidelines shall include application forms and instructions for school districts to use in applying for assistance under this section.

(3) The commission shall evaluate the classroom facilities, and the need for replacement classroom facilities from the applications received under this section. The commission, utilizing the guidelines adopted under division (B)(2)(a) of this section, shall prioritize the school districts to be assessed.

Notwithstanding section 3318.02 of the Revised Code, the commission may conduct on-site evaluation of the school districts prioritized under this section and approve and award funds until such time as all funds set aside under division (B)(1) of this section have been encumbered. However, the commission need not conduct the evaluation of facilities if the commission determines that a district's assessment conducted under section 3318.36 of the Revised Code is sufficient for purposes of this section.

(4) Notwithstanding division (A) of section 3318.05 of the Revised Code, the school district's portion of the basic project cost under this section shall be the "required percentage of the basic project costs," as defined in division (K) of section 3318.01 of the Revised Code.

(5) Except as otherwise specified in this section, any project undertaken with assistance under this section shall comply with all provisions of sections 3318.01 to 3318.20 of the Revised Code.
Code. A school district may receive assistance under sections 3318.01 to 3318.20 of the Revised Code for the remainder of the district's classroom facilities needs as assessed under this section when the district is eligible for such assistance pursuant to section 3318.02 of the Revised Code, but any classroom facility constructed with assistance under this section shall not be included in a district's project at that time unless the commission determines the district has experienced the increased enrollment specified in division (B)(1) of section 3318.04 of the Revised Code.

(C) No school district shall receive assistance under this section for a classroom facility that has been included in the discrete part of the district's classroom facilities needs identified and addressed in the district's project pursuant to an agreement entered into under section 3318.36 of the Revised Code, unless the district's entire classroom facilities plan consists of only a single building designed to house grades kindergarten through twelve.

(D)(1) When undertaking a project under this section, a school district may elect to prorate its full maintenance amount by setting aside for maintenance the amount calculated under division (D)(2) of this section to maintain the classroom facilities acquired under the project, if the district will use one or more of the alternative methods authorized in sections 3318.051, 3318.052, and 3318.084 of the Revised Code to generate the entire amount calculated under that division. If the district so elects, the commission and the district shall include in the agreement entered into under section 3318.08 of the Revised Code a statement specifying that the district will use the amount calculated under that division only to maintain the classroom facilities acquired under the project under this section.

(2) The commission shall calculate the amount for a school
district to maintain the classroom facilities acquired under a project under this section as follows:

The full maintenance amount $X$ (the school district's portion of the basic project cost under this section / the school district's portion of the basic project cost for the district's entire classroom facilities needs, as determined jointly by the staff of the commission and the district)

(3) A school district may elect to prorate its full maintenance amount for any number of projects under this section, provided the district will use one or more of the alternative methods authorized in sections 3318.051, 3318.052, and 3318.084 of the Revised Code to generate the entire amount calculated under division (D)(2) of this section to maintain the classroom facilities acquired under each project for which it so elects. If the district cannot use one or more of those alternative methods to generate the entire amount calculated under that division, the district shall levy the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code in an amount necessary to generate the remainder of its full maintenance amount. The commission shall calculate the remainder of the district's full maintenance amount as follows:

The full maintenance amount - the sum of the amounts calculated for the district under division (D)(2) of this section for each of the district's prior projects under this section

(4) In no case shall the sum of the amounts calculated for a school district's maintenance of classroom facilities under divisions (D)(2) and (3) of this section exceed the amount that would have been required for maintenance if the district had elected to meet its entire classroom facilities needs with a project under sections 3318.01 to 3318.20 of the Revised Code and had not undertaken one or more projects under this section.
(5) If a school district commenced a project under this section prior to September 10, 2012, but has not completed that project, and has not levied the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code, the district may request approval from the commission to prorate its full maintenance amount in accordance with divisions (D)(1) to (4) of this section. If the commission approves the request, the commission and the district shall amend the agreement entered into under section 3318.08 of the Revised Code to reflect the change.

(E)(1) A school district that has not been invited to request assistance under this section may do so annually, provided the school district is in need of facilities maintenance, repairs, or replacement and has previously completed a classroom facilities construction project under which the twenty-three year maintenance funding requirement described in division (B) of section 3318.05 of the Revised Code has lapsed.

(2) The commission shall establish an application process for requests submitted under division (E) of this section.

Sec. 3318.41. (A)(1) The Ohio facilities construction commission annually shall assess the classroom facilities needs of the number of joint vocational school districts that the commission reasonably expects to be able to provide assistance to in a fiscal year, based on the amount set aside for that fiscal year under division (B) of section 3318.40 of the Revised Code and the order of priority prescribed in division (B) of section 3318.42 of the Revised Code, except that in fiscal year 2004 the commission shall conduct at least the five assessments prescribed in division (E) of section 3318.40 of the Revised Code.

Upon conducting an assessment of the classroom facilities needs of a school district, the commission shall make a
determination of all of the following:

(a) The number of classroom facilities to be included in a project and the basic project cost of acquiring the classroom facilities included in the project. The number of facilities and basic project cost shall be determined in accordance with the specifications adopted under section 3318.311 of the Revised Code except to the extent that compliance with such specifications is waived by the commission pursuant to the rule of the commission adopted under division (F) of section 3318.40 of the Revised Code.

(b) The school district's portion of the basic project cost as determined under division (C) of section 3318.42 of the Revised Code;

(c) The remaining portion of the basic project cost that shall be supplied by the state;

(d) The amount of the state's portion of the basic project cost to be encumbered in accordance with section 3318.11 of the Revised Code in the current and subsequent fiscal years from funds set aside under division (B) of section 3318.40 of the Revised Code.

(2) Divisions (A), (C), and (D) of section 3318.03 of the Revised Code apply to any project under sections 3318.40 to 3318.45 of the Revised Code.

(B)(1) If the commission makes a determination under division (A) of this section in favor of the acquisition of classroom facilities for a project under sections 3318.40 to 3318.45 of the Revised Code, such project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval. The controlling board shall immediately approve or reject the commission's determination, conditional approval, the amount of the state's portion of the basic project cost, and the amount of the state's portion of the basic project cost to be
encumbered in the current fiscal year. In the event of approval by the controlling board, the commission shall certify the conditional approval to the joint vocational school district board of education and shall encumber the approved funds for the current fiscal year.

(2) No school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code shall have another such project conditionally approved until the expiration of twenty years after the school district's prior project was conditionally approved, unless the school district board demonstrates to the satisfaction of the commission that the school district has experienced since conditional approval of its prior project an exceptional increase in enrollment or program requirements significantly above the school district's design capacity under that prior project as determined by rule of the commission. Any rule adopted by the commission to implement this division shall be tailored to address the classroom facilities needs of joint vocational school districts.

(C) In addition to generating the amount of the school district's portion of the basic project cost as determined under division (C) of section 3318.42 of the Revised Code, in order for a school district to receive assistance under sections 3318.40 to 3318.45 of the Revised Code, the school district board shall set aside school district moneys for the maintenance of the classroom facilities included in the school district's project in the amount and manner prescribed in section 3318.43 of the Revised Code.

(D)(1) The conditional approval for a project certified under division (B)(1) of this section shall lapse and the amount reserved and encumbered for such project shall be released unless both of the following conditions are satisfied:

(a) Within one hundred twenty days following the date of certification of the conditional approval to the joint vocational
school district board, the school district board accepts the conditional approval and certifies to the commission the school district board's plan to generate the school district's portion of the basic project cost, as determined under division (C) of section 3318.42 of the Revised Code, and to set aside moneys for maintenance of the classroom facilities acquired under the project, as prescribed in section 3318.43 of the Revised Code.

(b) Within thirteen sixteen months following the date of certification of the conditional approval to the school district board, the electors of the school district vote favorably on any ballot measures proposed by the school district board to generate the school district's portion of the basic project cost.

(2) If the school district board or electors fail to satisfy the conditions prescribed in division (D)(1) of this section and the amount reserved and encumbered for the school district's project is released, the school district shall be given first priority over other joint vocational school districts for project funding under sections 3318.40 to 3318.45 of the Revised Code as such funds become available, subject to section 3318.054 of the Revised Code.

(E) If the conditions prescribed in division (D)(1) of this section are satisfied, the commission and the school district board shall enter into an agreement as prescribed in section 3318.08 of the Revised Code and shall proceed with the development of plans, cost estimates, designs, drawings, and specifications as prescribed in section 3318.091 of the Revised Code.

(F) Costs in excess of those approved by the commission under section 3318.091 of the Revised Code shall be payable only as provided in sections 3318.042 and 3318.083 of the Revised Code.

(G) Advertisement for bids and the award of contracts for construction of any project under sections 3318.40 to 3318.45 of the Revised Code.
the Revised Code shall be conducted in accordance with section 3318.10 of the Revised Code.

(H) In accordance with division (R) of section 3318.08 of the Revised Code, the state funds reserved and encumbered and the funds provided by the school district to pay the basic project cost of a project under sections 3318.40 to 3318.45 of the Revised Code shall be spent simultaneously in proportion to the state's and the school district's respective portions of that basic project cost.

(I) Sections 3318.13, 3318.14, and 3318.16 of the Revised Code apply to projects under sections 3318.40 to 3318.45 of the Revised Code.

Sec. 3319.077. (A) As used in this section:

(1) "Dyslexia" has the same meaning as in section 3323.25 of the Revised Code.

(2) "Ohio dyslexia committee" means the committee established under section 3325.25 of the Revised Code.

(3) "Special education" has the same meaning as in section 3323.01 of the Revised Code.

(4) "Teacher" does not include any teacher who provides instruction in fine arts, music, or physical education.

(B)(1) The department of education, in collaboration with the Ohio dyslexia committee, shall maintain a list of training that fulfills the professional development requirements prescribed in division (C) of this section. The list may consist of online or classroom learning models.

(2) Each approved training shall align with the guidebook developed under section 3323.25 of the Revised Code, be evidence-based, and require instruction and training for identifying characteristics of dyslexia and understanding the
pedagogy for instructing students with dyslexia.

(3) The Ohio dyslexia committee shall prescribe a total number of clock hours of instruction in training approved under this section for a teacher to complete to satisfy the professional development requirements prescribed in division (C) of this section. The Ohio dyslexia committee shall prescribe a total number of clock hours that is not less than six clock hours and not more than eighteen clock hours.

(C)(1) Division (C)(1) of this section applies to any teacher who was employed by a local, city, or exempted village school district on April 12, 2021, and is still employed by that district on the dates specified under division (C)(1)(a), (b), or (c) of this section as follows:

(a) Not later than the beginning of the 2023-2024 school year, each district teacher employed by a local, city, or exempted village school district who provides instruction for students in kindergarten and first grade, including those providing special education instruction, shall complete the number of instructional hours in approved professional development training required by the committee under this section.

(b) Not later than the beginning of the 2024-2025 school year September 15, 2024, each district teacher employed by a school district who provides instruction for students in grades two and three, including those providing special education instruction, shall complete the number of instructional hours in approved professional development training required by the committee under this section.

(c) Not later than the beginning of the 2025-2026 school year September 15, 2025, each district teacher employed by a school district who provides special education instruction for students in grades four through twelve shall complete a
professional development training approved under division (B) of this section.

(2) Any teacher hired by a local, city, or exempted village school district after April 12, 2021, who provides instruction for students in any of grades kindergarten through three, including a teacher providing special education instruction, or who provides special education instruction for students in any of grades four through twelve shall complete professional development training in accordance with division (C)(1)(a), (b), or (c) of this section by the later of two years after the date of hire or the date specified under division (C)(1)(a), (b), or (c) of this section, unless the teacher completed the training while employed by a different district under division (C)(1) of this section.

(D) Any professional development training completed by a teacher prior to April 12, 2021, that is then included on the list of training approved under division (B)(1) of this section shall count toward the number of instructional hours in approved professional development training required under division (C) of this section.

(E) Nothing in this section shall prohibit a school district from requiring employees who are not subject to this section from completing professional development training approved under division (B) of this section.

Sec. 3319.088. As used in this section, "educational assistant" means any nonteaching employee in a school district who directly assists a teacher as defined in section 3319.09 of the Revised Code, by performing duties for which a license issued pursuant to sections 3319.22 to 3319.30 of the Revised Code is not required.

(A) The state board of education shall issue educational aide permits and educational paraprofessional licenses for educational
assistants and shall adopt rules for the issuance and renewal of
such permits and licenses which shall be consistent with the
provisions of this section. Educational aide permits and
educational paraprofessional licenses may be of several types and
the rules shall prescribe the minimum qualifications of education
and health for the service to be authorized under each type. The
prescribed minimum qualifications may require special training or
educational courses designed to qualify a person to perform
effectively the duties authorized under an educational aide permit
or educational paraprofessional license.

(B)(1) Any application for a permit or license, or a renewal
or duplicate of a permit or license, under this section shall be
accompanied by the payment of a fee in the amount established
under division (A) of section 3319.51 of the Revised Code. Any
fees received under this division shall be paid into the state
treasury to the credit of the state board of education licensure
fund established under division (B) of section 3319.51 of the
Revised Code.

(2) Any person applying for or holding a permit or license
pursuant to this section is subject to sections 3123.41 to 3123.50
of the Revised Code and any applicable rules adopted under section
3123.63 of the Revised Code and sections 3319.31 and 3319.311 of
the Revised Code.

(C) Educational assistants shall at all times while in the
performance of their duties be under the supervision and direction
of a teacher as defined in section 3319.09 of the Revised Code.
Educational assistants may assist a teacher to whom assigned in
the supervision of pupils, in assisting with instructional tasks,
and in the performance of duties which, in the judgment of the
teacher to whom the assistant is assigned, may be performed by a
person not licensed pursuant to sections 3319.22 to 3319.30 of the
Revised Code and for which a teaching license, issued pursuant to
sections 3319.22 to 3319.30 of the Revised Code is not required. The duties of an educational assistant shall not include the assignment of grades to pupils. The duties of an educational assistant need not be performed in the physical presence of the teacher to whom assigned, but the activity of an educational assistant shall at all times be under the direction of the teacher to whom assigned. The assignment of an educational assistant need not be limited to assisting a single teacher. In the event an educational assistant is assigned to assist more than one teacher the assignments shall be clearly delineated and so arranged that the educational assistant shall never be subject to simultaneous supervision or direction by more than one teacher.

Educational assistants assigned to supervise children shall, when the teacher to whom assigned is not physically present, maintain the degree of control and discipline that would be maintained by the teacher.

Educational assistants may not be used in place of classroom teachers or other employees and any payment of compensation by boards of education to educational assistants for such services is prohibited. The ratio between the number of licensed teachers and the pupils in a school district may not be decreased by utilization of educational assistants and no grouping, or other organization of pupils, for utilization of educational assistants shall be established which is inconsistent with sound educational practices and procedures. A school district may employ up to one full time equivalent educational assistant for each six full time equivalent licensed employees of the district. Educational assistants shall not be counted as licensed employees for purposes of state support in the school foundation program and no grouping or regrouping of pupils with educational assistants may be counted as a class or unit for school foundation program purposes. Neither special courses required by the regulations of the state board of...
education, prescribing minimum qualifications of education for an
educational assistant, nor years of service as an educational
assistant shall be counted in any way toward qualifying for a
teacher license, for a teacher contract of any type, or for
determining placement on a salary schedule in a school district as
a teacher.

(D) Educational assistants employed by a board of education
shall have all rights, benefits, and legal protection available to
other nonteaching employees in the school district, except that
provisions of Chapter 124. of the Revised Code shall not apply to
any person employed as an educational assistant, and shall be
members of the school employees retirement system. Educational
assistants shall be compensated according to a salary plan adopted
annually by the board.

Except as provided in this section nonteaching employees
shall not serve as educational assistants without first obtaining
an appropriate educational aide permit or educational
paraprofessional license from the state board of education. A
nonteaching employee who is the holder of a valid educational aide
permit or educational paraprofessional license shall neither
render nor be required to render services inconsistent with the
type of services authorized by the permit or license held. No
person shall receive compensation from a board of education for
services rendered as an educational assistant in violation of this
provision.

Nonteaching employees whose functions are solely
secretarial-clerical and who do not perform any other duties as
educational assistants, even though they assist a teacher and work
under the direction of a teacher shall not be required to hold a
permit or license issued pursuant to this section. Students
preparing to become licensed teachers or educational assistants
shall not be required to hold an educational aide permit or
paraprofessional license for such periods of time as such students
are assigned, as part of their training program, to work with a
teacher in a school district. Such students shall not be
compensated for such services.

Following the determination of the assignment and general job
description of an educational assistant and subject to supervision
by the teacher's immediate administrative officer, a teacher to
whom an educational assistant is assigned shall make all final
determinations of the duties to be assigned to such assistant.

Teachers shall not be required to hold a license designated for
being a supervisor or administrator in order to perform the
necessary supervision of educational assistants.

(E) No person who is, or who has been employed as an
educational assistant shall divulge, except to the teacher to whom
assigned, or the administrator of the school in the absence of the
teacher to whom assigned, or when required to testify in a court
or proceedings, any personal information concerning any pupil in
the school district which was obtained or obtainable by the
educational assistant while so employed. Violation of this
provision is grounds for disciplinary action or dismissal, or
both.

(F) Notwithstanding anything to the contrary in this section,
the superintendent of a school district may allow an employee who
does not hold a permit or license issued under this section to
work as a substitute for an educational assistant who is absent on
account of illness or on a leave of absence, or to fill a
temporary position created by an emergency, provided that the
superintendent believes the employee's application materials
indicate that the employee is qualified to obtain a permit or
license under this section.

An employee shall begin work as a substitute under this
division not earlier than on the date on which the employee files
an application with the state board for a permit or license under this section. An employee shall cease working as a substitute under this division on the earliest of the following:

(1) The date on which the employee files a valid permit or license issued under this section with the superintendent;

(2) The date on which the employee is denied a permit or license under this section;

(3) Sixty days following the date on which the employee began work as a substitute under this division.

The superintendent shall ensure that an employee assigned to work as a substitute under division (F) of this section has undergone a criminal records check in accordance with section 3319.391 of the Revised Code.

Sec. 3319.0812. (A) The state board of education shall adopt rules in accordance with Chapter 119. of the Revised Code, establishing the standards and requirements for obtaining a pre-service teacher permit. The permit shall be required for an individual who is enrolled in an educator preparation program in order to participate in any student classroom teaching or other training experience that involves students in any of grades pre-kindergarten through twelve in a public or chartered nonpublic school and that is required for completion of the program.

(B) Notwithstanding section 3319.226 of the Revised Code, a school district or school may employ an individual who holds a permit issued under this section as a substitute teacher. The individual may teach for up to the equivalent of one full semester, subject to the approval of the employing district board of education or school governing authority and may be compensated for that service. The district superintendent or chief administrator of the school may request that the board or
governing authority approve one or more additional subsequent semester-long periods of teaching for the individual.

(C) A pre-service teacher permit shall be valid for three years. The department of education, on a case-by-case basis, may extend the permit's duration as needed to enable the permit holder to complete the educator preparation program in which the permit holder is enrolled.

(D) An individual applying for a pre-service teacher permit shall be subject to a criminal records check as prescribed by section 3319.39 of the Revised Code. In the manner prescribed by the department, the individual shall submit the criminal records check to the department. The department shall use the information submitted to enroll the individual in the retained applicant fingerprint database, established under section 109.5721 of the Revised Code, in the same manner as any teacher licensed under section 3319.22 to 3319.31 of the Revised Code.

If the department receives notification of the arrest or conviction of an individual under division (D) of this section, the department shall promptly notify the applicable educator preparation program and any school district or school in which the pre-service teacher has been employed or assigned as part of the program and may take any action authorized under sections 3319.31 and 3319.311 of the Revised Code that it considers to be appropriate. Upon receiving notification from the department of an arrest or conviction of an individual under division (D) of this section, the educator preparation program shall provide to the department a list of all school districts and schools to which the pre-service teacher has been assigned as a part of the program.

Sec. 3319.22. (A)(1) The state board of education shall issue the following educator licenses:

(a) A resident educator license, which shall be valid for two
years and shall be renewable for reasons specified by rules adopted by the state board pursuant to division (A)(3) of this section. The state board, on a case-by-case basis, may extend the license's duration as necessary to enable the license holder to complete the Ohio teacher residency program established under section 3319.223 of the Revised Code;

(b) A professional educator license, which shall be valid for five years and shall be renewable;

(c) A senior professional educator license, which shall be valid for five years and shall be renewable;

(d) A lead professional educator license, which shall be valid for five years and shall be renewable.

Licenses issued under division (A)(1) of this section on and after November 2, 2018, shall specify whether the educator is licensed to teach grades pre-kindergarten through five, grades four through nine eight, or grades seven six through twelve. The changes to the grade band specifications under this amendment section shall not apply to a person who holds a license under division (A)(1) of this section prior to November 2, 2018. Further, the changes to the grade band specifications under this amendment section shall not apply to any license issued to teach in the area of computer information science, bilingual education, dance, drama or theater, world language, health, library or media, music, physical education, teaching English to speakers of other languages, career-technical education, or visual arts or to any license issued to an intervention specialist, including a gifted intervention specialist, or to any other license that does not align to the grade band specifications.

(2)(a) Except as provided in division (A)(2)(b) of this section, the state board may issue any additional educator licenses of categories, types, and levels the board elects to
provide.

(b) Not later than December 31, 2024, the state board shall cease licensing school psychologists. The state board shall coordinate with the state board of psychology to transition to licensure under Chapter 4732. of the Revised Code any school psychologists licensed under rules adopted in accordance with sections 3301.07 and 3319.22 of the Revised Code.

(3) The state board shall adopt rules establishing the standards and requirements for obtaining each educator license issued under this section. The rules shall also include the reasons for which a resident educator license may be renewed under division (A)(1)(a) of this section.

(B) The rules adopted under this section shall require at least the following standards and qualifications for the educator licenses described in division (A)(1) of this section:

(1) An applicant for a resident educator license shall hold at least a bachelor's degree from an accredited teacher preparation program or be a participant in the teach for America program and meet the qualifications required under section 3319.227 of the Revised Code.

(2) An applicant for a professional educator license shall:

(a) Hold at least a bachelor's degree from an institution of higher education accredited by a regional accrediting organization;

(b) Have successfully completed the Ohio teacher residency program established under section 3319.223 of the Revised Code, if the applicant's current or most recently issued license is a resident educator license issued under this section or an alternative resident educator license issued under section 3319.26 of the Revised Code.
(3) An applicant for a senior professional educator license shall:

(a) Hold at least a master's degree from an institution of higher education accredited by a regional accrediting organization;

(b) Have previously held a professional educator license issued under this section or section 3319.222 or under former section 3319.22 of the Revised Code;

(c) Meet the criteria for the accomplished or distinguished level of performance, as described in the standards for teachers adopted by the state board under section 3319.61 of the Revised Code.

(4) An applicant for a lead professional educator license shall:

(a) Hold at least a master's degree from an institution of higher education accredited by a regional accrediting organization;

(b) Have previously held a professional educator license or a senior professional educator license issued under this section or a professional educator license issued under section 3319.222 or former section 3319.22 of the Revised Code;

(c) Meet the criteria for the distinguished level of performance, as described in the standards for teachers adopted by the state board under section 3319.61 of the Revised Code;

(d) Either hold a valid certificate issued by the national board for professional teaching standards or meet the criteria for a master teacher or other criteria for a lead teacher adopted by the educator standards board under division (F)(4) or (5) of section 3319.61 of the Revised Code.

(C) The state board shall align the standards and
qualifications for obtaining a principal license with the standards for principals adopted by the state board under section 3319.61 of the Revised Code.

(D) If the state board requires any examinations for educator licensure, the department of education shall provide the results of such examinations received by the department to the chancellor of higher education, in the manner and to the extent permitted by state and federal law.

(E) Any rules the state board of education adopts, amends, or rescinds for educator licenses under this section, division (D) of section 3301.07 of the Revised Code, or any other law shall be adopted, amended, or rescinded under Chapter 119. of the Revised Code except as follows:

(1) Notwithstanding division (E) of section 119.03 and division (A)(1) of section 119.04 of the Revised Code, in the case of the adoption of any rule or the amendment or rescission of any rule that necessitates institutions' offering preparation programs for educators and other school personnel that are approved by the chancellor of higher education under section 3333.048 of the Revised Code to revise the curriculum of those programs, the effective date shall not be as prescribed in division (E) of section 119.03 and division (A)(1) of section 119.04 of the Revised Code. Instead, the effective date of such rules, or the amendment or rescission of such rules, shall be the date prescribed by section 3333.048 of the Revised Code.

(2) Notwithstanding the authority to adopt, amend, or rescind emergency rules in division (G) of section 119.03 of the Revised Code, this authority shall not apply to the state board of education with regard to rules for educator licenses.

(F)(1) The rules adopted under this section establishing standards requiring additional coursework for the renewal of any
educator license shall require a school district and a chartered nonpublic school to establish local professional development committees. In a nonpublic school, the chief administrative officer shall establish the committees in any manner acceptable to such officer. The committees established under this division shall determine whether coursework that a district or chartered nonpublic school teacher proposes to complete meets the requirement of the rules. The department of education shall provide technical assistance and support to committees as the committees incorporate the professional development standards adopted by the state board of education pursuant to section 3319.61 of the Revised Code into their review of coursework that is appropriate for license renewal. The rules shall establish a procedure by which a teacher may appeal the decision of a local professional development committee.

(2) In any school district in which there is no exclusive representative established under Chapter 4117. of the Revised Code, the professional development committees shall be established as described in division (F)(2) of this section.

Not later than the effective date of the rules adopted under this section, the board of education of each school district shall establish the structure for one or more local professional development committees to be operated by such school district. The committee structure so established by a district board shall remain in effect unless within thirty days prior to an anniversary of the date upon which the current committee structure was established, the board provides notice to all affected district employees that the committee structure is to be modified. Professional development committees may have a district-level or building-level scope of operations, and may be established with regard to particular grade or age levels for which an educator license is designated.
Each professional development committee shall consist of at least three classroom teachers employed by the district, one principal employed by the district, and one other employee of the district appointed by the district superintendent. For committees with a building-level scope, the teacher and principal members shall be assigned to that building, and the teacher members shall be elected by majority vote of the classroom teachers assigned to that building. For committees with a district-level scope, the teacher members shall be elected by majority vote of the classroom teachers of the district, and the principal member shall be elected by a majority vote of the principals of the district, unless there are two or fewer principals employed by the district, in which case the one or two principals employed shall serve on the committee. If a committee has a particular grade or age level scope, the teacher members shall be licensed to teach such grade or age levels, and shall be elected by majority vote of the classroom teachers holding such a license and the principal shall be elected by all principals serving in buildings where any such teachers serve. The district superintendent shall appoint a replacement to fill any vacancy that occurs on a professional development committee, except in the case of vacancies among the elected classroom teacher members, which shall be filled by vote of the remaining members of the committee so selected.

Terms of office on professional development committees shall be prescribed by the district board establishing the committees. The conduct of elections for members of professional development committees shall be prescribed by the district board establishing the committees. A professional development committee may include additional members, except that the majority of members on each such committee shall be classroom teachers employed by the district. Any member appointed to fill a vacancy occurring prior to the expiration date of the term for which a predecessor was appointed shall hold office as a member for the remainder of that term.
The initial meeting of any professional development committee, upon election and appointment of all committee members, shall be called by a member designated by the district superintendent. At this initial meeting, the committee shall select a chairperson and such other officers the committee deems necessary, and shall adopt rules for the conduct of its meetings. Thereafter, the committee shall meet at the call of the chairperson or upon the filing of a petition with the district superintendent signed by a majority of the committee members calling for the committee to meet.

(3) In the case of a school district in which an exclusive representative has been established pursuant to Chapter 4117. of the Revised Code, professional development committees shall be established in accordance with any collective bargaining agreement in effect in the district that includes provisions for such committees.

If the collective bargaining agreement does not specify a different method for the selection of teacher members of the committees, the exclusive representative of the district's teachers shall select the teacher members.

If the collective bargaining agreement does not specify a different structure for the committees, the board of education of the school district shall establish the structure, including the number of committees and the number of teacher and administrative members on each committee; the specific administrative members to be part of each committee; whether the scope of the committees will be district levels, building levels, or by type of grade or age levels for which educator licenses are designated; the lengths of terms for members; the manner of filling vacancies on the committees; and the frequency and time and place of meetings. However, in all cases, except as provided in division (F)(4) of...
this section, there shall be a majority of teacher members of any professional development committee, there shall be at least five total members of any professional development committee, and the exclusive representative shall designate replacement members in the case of vacancies among teacher members, unless the collective bargaining agreement specifies a different method of selecting such replacements.

(4) Whenever an administrator's coursework plan is being discussed or voted upon, the local professional development committee shall, at the request of one of its administrative members, cause a majority of the committee to consist of administrative members by reducing the number of teacher members voting on the plan.

(G)(1) The department of education, educational service centers, county boards of developmental disabilities, college and university departments of education, head start programs, and the Ohio education computer network may establish local professional development committees to determine whether the coursework proposed by their employees who are licensed or certificated under this section or section 3319.222 of the Revised Code, or under the former version of either section as it existed prior to October 16, 2009, meet the requirements of the rules adopted under this section. They may establish local professional development committees on their own or in collaboration with a school district or other agency having authority to establish them.

Local professional development committees established by county boards of developmental disabilities shall be structured in a manner comparable to the structures prescribed for school districts in divisions (F)(2) and (3) of this section, as shall the committees established by any other entity specified in division (G)(1) of this section that provides educational services by employing or contracting for services of classroom teachers.
licensed or certificated under this section or section 3319.222 of the Revised Code, or under the former version of either section as it existed prior to October 16, 2009. The general assembly shall support the needs-based financial aid program by such sums and in such manner as it may provide, but the chancellor also may receive funds from other sources to support the program. No student shall be eligible to receive a grant for more than ten semesters, fifteen quarters, or the equivalent of five academic years. A grant made to an eligible student on the basis of less than full-time enrollment shall be based on the number of credit hours for which the student is enrolled and shall be computed in accordance with a formula adopted by rule issued by the chancellor. (3) For a student enrolled for a semester or quarter in addition to the portion of the academic year covered by a grant under this section, the maximum grant amount shall be a percentage of the maximum specified in any table established in rules adopted by the chancellor as provided in division (A) of this section. The maximum grant for a fourth quarter shall be one-third of the maximum amount so prescribed. The maximum grant for a third semester shall be one-half of the maximum amount so prescribed.

(F)(1) Except as provided in division (F)(2) of this section,
no grant shall be made to any student for enrollment during a

(2) Division (F)(1) of this section does not apply in the
case of either of the following:

(a) The institution pursuant to federal law appeals its loss
of eligibility for federal financial aid and the United States
secretary of education determines its cohort default rate after
recalculation is lower than the rate specified in division (F)(1)
of this section or the secretary determines due to mitigating circumstances that the institution may continue to participate in federal financial aid programs. The chancellor shall adopt rules requiring any such appellant to provide information to the chancellor regarding an appeal.

(b) Any student who has previously received a grant pursuant to any provision of this section, including prior to the section's amendment by H.B. 1 of the 128th general assembly, effective July 17, 2009, and who meets all other eligibility requirements of this section.

(G) Institutions of higher education that enroll students receiving needs-based financial aid grants under this section shall report to the chancellor all students who have received such needs-based financial aid grants but are no longer eligible for all or part of those grants and shall refund any moneys due the state within thirty days after the beginning of the quarter or term immediately following the quarter or term in which the student was no longer eligible to receive all or part of the student's grant. There shall be an interest charge of one per cent per month on all moneys due and payable after such thirty-day period. The chancellor shall immediately notify the office of budget and management and the legislative service commission of all refunds so received.

(H) Division (H) of this section applies to each state.
university, private university or college, and private career college that enrolls students receiving needs-based financial aid under this section.

No state university, private university or college, or private career college shall make any change to its scholarship or financial aid programs with the goal or net effect of shifting the cost burden of those programs to the Ohio college opportunity grant program.

Each state university, private university or college, and private career college shall provide at least the same level of needs-based financial aid to its students as it provided in the immediately prior academic year in terms of either the aggregate aid to all students or on a per student basis. The chancellor may grant a university, college, or career college a temporary waiver from that requirement if the chancellor determines exceptional circumstances make it necessary. The chancellor shall determine the terms of the waiver.

(1) "Cost of attendance" has the same meaning as in 20 U.S.C. 108711.

(c) The student, while in good standing, disenrolled from a qualifying institution and did not transfer to a qualifying
institution or an institution of higher education in another state in
the two semesters or eight months immediately following the
student's disenrollment. For the purposes of this division, "good
standing" includes being in good academic standing and not having
a record of disciplinary issues, including being suspended or
expelled from the qualifying institution.

Qualifying institutions that do not use a semester calendar
shall use eight months as the metric for determining a student's
disenrollment period.

(C) Eligible students shall apply to participate in the program in a form and manner prescribed by the chancellor. The chancellor shall approve each applicant who is enrolled in a qualifying institution and who has a cost of attendance remaining for the academic year in which the application is approved after all other financial aid for which that applicant qualifies has been applied to the applicant's account at the institution. The chancellor shall approve applications in the order in which they are received.

(D) The chancellor shall pay grants to the qualifying institution in which a participant is enrolled in the academic year in which the participant's application is approved. The qualifying institution shall apply the grant to a participant's cost of attendance for that academic year. If any amount of the grant remains after it is applied to the participant's cost of attendance for that year, the qualifying institution shall apply that remaining amount to the participant's cost of attendance for any other academic year in which the student is enrolled in the institution. (F) The second chance grant program fund is hereby created in the state treasury, to consist of such amounts designated for the purposes of the fund by the general assembly. The fund shall be administered by the chancellor and shall be used to pay grants under the program established under this section. The fund also may be used by the chancellor to implement and administer the second chance grant program.  

(G) The chancellor shall adopt rules to administer the program.

(1) Establish policies and procedures applicable to all state institutions of higher education that ensure that students can begin higher education at any state institution of higher education and transfer coursework and degrees to any other state institution of higher education without unnecessary duplication or institutional barriers. The purpose of this requirement is to allow students to attain their highest educational aspirations in the most efficient and effective manner for the students and the state. These policies and procedures shall require state institutions of higher education to make changes or modifications, as needed, to strengthen course content so as to ensure equivalency for that course at any state institution of higher education.

(2) Develop and implement a universal course equivalency classification system for state institutions of higher education so that the transfer of students and the transfer and articulation of equivalent courses or specified learning modules or units completed by students are not inhibited by inconsistent judgment about the application of transfer credits. Coursework completed within such a system at one state institution of higher education and transferred to another institution shall be applied to the student's degree objective in the same manner as equivalent coursework completed at the receiving institution.

(3) Develop an electronic equivalency management tool to assist in the transfer of coursework and degrees between state institutions of higher education without unnecessary duplication or institutional barriers, to help minimize inconsistent judgment about the application of transfer credits, and to assist in allowing transfer credits to be applied to a student's degree objective in the same manner at each state institution of higher education. The electronic equivalency management tool shall include the universal documentation of course and program...
equivalencies statewide. Additionally, the electronic equivalency management tool shall be incorporated into a web site.

(4) Develop a system of transfer policies that ensure that graduates with associate degrees which include completion of approved transfer modules shall be admitted to a state institution of higher education, shall be able to compete for admission to specific programs on the same basis as students native to the institution, and shall have priority over out-of-state associate degree graduates and transfer students. To assist a student in advising and transferring, all state institutions of higher education shall fully implement the information system for advising and transferring selected by, contracted for, or developed by the chancellor.

(C) All provisions of the existing articulation and transfer policy developed by the chancellor shall remain in effect except where amended by this section.

(D) Not later than December 1, 2018, the chancellor shall
update and implement the policies and procedures established pursuant to this section to ensure that any associate degree offered at a state institution of higher education may be transferred and applied to a bachelor degree program in an equivalent field at any other state institution of higher education without unnecessary duplication or institutional barriers. The policies and procedures shall ensure that each transferred associate degree applies to the student's degree objective in the same manner as equivalent coursework completed by the student at the receiving institution.

When updating and implementing the policies and procedures pursuant to this division, the chancellor shall seek input from faculty and academic leaders in each academic field or discipline.

(E) If a state university refuses to accept and grant credit for any general education coursework that is both completed at a different state institution of higher education and subject to the policies, procedures, or systems prescribed under division (B) of this section, the state university shall provide the student that did not receive college credit for the completed general education coursework information to utilize the institution's transfer appeal process and information to utilize the department of higher education's student complaint portal.

(F) The Ohio articulation and transfer network oversight board established by the chancellor shall conduct a study of current rules regarding the transfer of college credit between state institutions of higher education. Not later than one year after the effective date of this amendment, the board shall issue a report to the general assembly, in accordance with section 101.68 of the Revised Code, that includes the findings of the board's study, as well as any recommendations regarding changes to the rules.

(2) If, for any academic year, the amounts available for support of the program are inadequate to provide grants to all eligible students, the chancellor may establish different grant amounts based on the number of applicants and the total amount of funds set aside for that purpose.

The director shall issue a ruling not later than forty-five days after receiving a request for a ruling accompanied by the information needed to make the ruling, except that if an expedited review is requested, the ruling shall be issued not later than thirty days after receiving the request for a ruling accompanied by the information needed to make the ruling. If the director does not issue a ruling in the required time, the project shall be considered to have been ruled
not a reviewable activity.

(B)(1) Each application for a certificate of need shall be submitted to the director on forms and in the manner prescribed by the director. An application for which expedited review is requested must meet the same requirements as all other applications.

Each application shall include a plan for obligating the capital expenditures or implementing the proposed project on a timely basis in accordance with section 3702.524 of the Revised Code. the Revised Code, the director shall not make more than two

expedited review process, the director shall make a final
determination regarding an application's completeness and issue a
notice of the determination not later than one hundred eighty days
after the date the director received the initial application.

The director's determination that an application is not
complete is final and not subject to appeal.

(4) Except as necessary to comply with a subpoena issued

person may supplement an application after a notice of
completeness has been received by submitting clarifying

(C) All of the following apply to the process of granting or
denying a certificate of need:

(1) If the project proposed in a certificate of need
application meets all of the applicable certificate of need
criteria for approval under sections 3702.51 to 3702.62 of the
Revised Code and the rules adopted under those sections, the
director shall grant a certificate of need for all or part of the
project that is the subject of the application by the applicable
deadline specified in division (C)(4) of this section or any
extension of it under division (C)(5) of this section.
(2) The director's grant of a certificate of need does not
affect, and sets no precedent for, the director's decision to
grant or deny other applications for similar reviewable
activities.

(3) Any affected person may submit written comments regarding
an application. The director shall consider all written comments
received by the forty-fifth day after the application is submitted
to the director, except that to be considered in an expedited
review, written comments must be received by the twenty-first day
after the application is submitted.

(4) Except as provided in division (C)(5) of this section,
the director shall grant or deny certificate of need applications
not later than sixty days after mailing the notice of completeness

application is receiving expedited review, the director shall
grant or deny the application not later than forty-five days after
mailing the notice of completeness.

(5) Except as provided in division (C)(6) of this section,
the director or the applicant may extend the deadline prescribed
in division (C)(4) of this section once, for no longer than thirty

the applicable deadline specified in division (C)(4) of this
section or any extension of it under division (C)(5) of this
section, the certificate shall be considered to have been granted.

(8) In granting a certificate of need, the director shall
specify as the maximum capital expenditure the certificate holder may obligate under the certificate a figure equal to one hundred ten per cent of the approved project cost.

(9) In granting a certificate of need, the director may grant the certificate with conditions that must be met by the holder of the certificate.

(D) When a certificate of need is granted for a project under which beds are to be relocated, upon completion of the project for which the certificate of need was granted a number of beds equal to the number of beds relocated shall cease to be operated in the long-term care facility from which they are relocated, except that the beds may continue to be operated for not more than fifteen days to allow relocation of residents to the facility to which the beds have been relocated. Notwithstanding section 3721.03 of the Revised Code, if the relocated beds are in a home licensed under Chapter 3721. of the Revised Code, the facility's license is automatically reduced by the number of beds relocated effective fifteen days after the beds are relocated. If the beds are in a facility that is certified as a skilled nursing facility or nursing facility under Title XVIII or XIX of the "Social Security Act," the certification for the beds shall be surrendered. If the beds are registered under section 3701.07 of the Revised Code as skilled nursing beds or long-term care beds, the director shall remove the beds from registration not later than fifteen days after the beds are relocated.

(E) During the period beginning with the granting of a certificate of need and ending five years after implementation of the reviewable activity for which the certificate was granted, the director shall monitor the activities of the person granted the certificate to determine whether the reviewable activity is conducted in substantial accordance with the certificate. A reviewable activity shall not be determined to be not in...
substantial accordance with the certificate of need solely because of either of the following:

(1) A decrease in bed capacity;

(2) A change in the owner or operator of the facility unless any of the circumstances specified in division (B) of section 3702.59 of the Revised Code apply to the new owner or operator.

(I) Any decision to grant or deny a certificate of need shall consider the special needs and circumstances resulting from moral and ethical values and the free exercise of religious rights of long-term care facilities administered by religious organizations, and the special needs and circumstances of inner city and rural communities.

Sec. 3702.532. When the director of health determines that a person has violated section 3702.53 of the Revised Code, the
director shall send a notice to the person by certified mail, return receipt requested, specifying the activity constituting the violation and the penalties imposed under section 3702.54 or 3702.541 of the Revised Code.

(2) Notwithstanding the one-year minimum imposed by division (B)(1) of this section, the director may establish a period of less than one year during which the director will refuse to accept certificate of need applications if, after reviewing all information available to the director, the director determines and expressly indicates in the notice mailed under section 3702.532 of the Revised Code that refusing to accept applications for a longer period would result in hardship to the community in which the person provides long-term care services. The director's finding of community hardship shall not affect the granting or denial of any future certificate of need application filed by the person.

Sec. 3702.544. Each person required by section 3702.54 or 3702.541 of the Revised Code to pay a civil penalty shall do so not later than sixty days after receiving the notice mailed under section 3702.532 of the Revised Code or, if the person appeals under section 3702.60 of the Revised Code the director of health's determination that a violation has occurred, not later than sixty days after the issuance of an order upholding the director's determination that is not subject to further appeal. The civil
penalties shall be paid to the director. The director shall deposit them into the certificate of need fund created by section 3702.52 of the Revised Code.

**Sec. 3702.55.** A person that the director of health determines has violated section 3702.53 of the Revised Code shall cease conducting the activity that constitutes the violation or utilizing the facility resulting from the violation not later than thirty days after the person receives the notice mailed under section 3702.532 of the Revised Code or, if the person appeals the director's determination under section 3702.60 of the Revised Code, thirty days after the person receives an order upholding the director's determination that is not subject to further appeal.

If any person determined to have violated section 3702.53 of the Revised Code fails to cease conducting an activity or using a facility as required by this section or if the person continues to seek payment or reimbursement for services rendered or costs incurred in conducting the activity as prohibited by section 3702.56 of the Revised Code, in addition to the penalties imposed under section 3702.54 or 3702.541 of the Revised Code:

(E) The department of medicaid may refuse to enter into a provider agreement that includes a facility, beds, or services that result from the activity.

Sec. 3702.57. (A) The director of health shall adopt rules establishing procedures and criteria for reviews of applications for certificates of need and issuance, denial, or withdrawal of certificates.

(1) In adopting rules that establish criteria for reviews of applications of certificates of need, the director shall consider the availability of and need for long-term care beds to provide care and treatment to persons diagnosed as having traumatic brain injuries and shall prescribe criteria for reviewing applications that propose to add long-term care beds to provide care and treatment to persons diagnosed as having traumatic brain injuries.

that requested a reviewability ruling may appeal to the director
with respect to the resulting ruling issued by the director.

The appeal by the applicant or person shall be made in
accordance with Chapter 119. of the Revised Code, and the director shall provide an adjudication hearing in accordance with that chapter. In the appeal, the applicant or person must prove by a preponderance of the evidence that the director's decision or ruling is not in accordance with sections 3702.52 to 3702.62 of the Revised Code or rules adopted under those sections.

The applicant or person that was a party to and participated in an adjudication hearing conducted under this division may appeal to the tenth district court of appeals the decision issued by the director following the adjudication hearing.

(B) The holder of a certificate of need may appeal to the director in accordance with Chapter 119. of the Revised Code a decision issued by the director under section 3702.52 or 3702.525 of the Revised Code to withdraw a certificate of need, and the director shall provide an adjudication hearing in accordance with that chapter. (2) In hearing the appeal, the court shall consider only the evidence contained in the record certified to it by the director. The court may remand the matter to the director for the admission of additional evidence on a finding that the additional evidence is material, newly discovered, and could not with reasonable diligence have been ascertained before the hearing before the director. Except as otherwise provided by statute, the court shall give the hearing on the appeal preference over all other civil matters, irrespective of the position of the proceedings on the calendar of the court.

(3) The court shall affirm the director's order if it finds, upon consideration of the entire record and any additional evidence admitted under division (E)(2) of this section, that the order is supported by reliable, probative, and substantial evidence and is in accordance with law. In the absence of such a finding, it shall reverse, vacate, or modify the order.

At the request of the director of health, the attorney general shall commence any necessary proceedings. The court has jurisdiction to grant and, on a showing of a violation, shall grant appropriate injunctive relief.

Sec. 3704.14. (A)(1) If the director of environmental protection determines that implementation of a motor vehicle inspection and maintenance program is necessary for the state to effectively comply with the federal Clean Air Act after June 30, 2019, the director may provide for the implementation of the program in those counties in this state in which such a program is federally mandated. Upon making such a determination, the director of environmental protection may request the director of administrative services to extend the terms of the contract that was entered into under the authority of Am. Sub. H.B. 64 of the 131st general assembly. Upon receiving the request, the director of administrative services shall extend the contract, beginning on July 1, 2019, in accordance with this section. The contract shall be extended for a period of up to twenty-four months with the contractor who conducted the motor vehicle inspection and maintenance program under that contract.

(2) Prior to the expiration of the contract extension that is authorized by division (A)(1) of this section, the director of
environmental protection shall request the director of administrative services to enter into a contract with a vendor to operate a decentralized motor vehicle inspection and maintenance program in each county in this state in which such a program is federally mandated through June 30, 2023, with an option for the state to renew the contract for a period of up to twenty-four months through June 30, 2027. The contract shall ensure that the decentralized motor vehicle inspection and maintenance program achieves at least the same emission reductions as achieved by the program operated under the authority of the contract that was extended under division (A)(1) of this section. The director of administrative services shall select a vendor through a competitive selection process in compliance with Chapter 125. of the Revised Code.

(3) Notwithstanding any law to the contrary, the director of administrative services shall ensure that a competitive selection process regarding a contract to operate a decentralized motor vehicle inspection and maintenance program in this state incorporates the following, which shall be included in the contract:

(a) For purposes of expanding the number of testing locations for consumer convenience, a requirement that the vendor utilize established local businesses, auto repair facilities, or leased properties to operate state-approved inspection and maintenance testing facilities;

(b) A requirement that the vendor selected to operate the program provide notification of the program's requirements to each owner of a motor vehicle that is required to be inspected under the program. The contract shall require the notification to be provided not later than sixty days prior to the date by which the owner of the motor vehicle is required to have the motor vehicle inspected. The director of environmental protection and the vendor
shall jointly agree on the content of the notice. However, the notice shall include at a minimum the locations of all inspection facilities within a specified distance of the address that is listed on the owner's motor vehicle registration;

(c) A requirement that the vendor comply with testing methodology and supply the required equipment approved by the director of environmental protection as specified in the competitive selection process in compliance with Chapter 125. of the Revised Code.

(4) A decentralized motor vehicle inspection and maintenance program operated under this section shall comply with division (B) of this section. The director of environmental protection shall administer the decentralized motor vehicle inspection and maintenance program operated under this section.

(B) The decentralized motor vehicle inspection and maintenance program authorized by this section, at a minimum, shall do all of the following:

(1) Comply with the federal Clean Air Act;

(3) Provide for a new car exemption for motor vehicles four years old or newer and provide that a new motor vehicle is exempt for four years regardless of whether legal title to the motor vehicle is transferred during that period;

(4) Provide for an exemption for battery electric motor vehicles.

(C) The director of environmental protection shall adopt rules in accordance with Chapter 119. of the Revised Code that the director determines are necessary to implement this section. The director may continue to implement and enforce rules pertaining to the motor vehicle inspection and maintenance program previously adopted by the director.
implemented under former section 3704.14 of the Revised Code as that section existed prior to its repeal and reenactment by Am. Sub. H.B. 66 of the 126th general assembly, provided that the rules do not conflict with this section.

(D) There is hereby created in the state treasury the auto emissions test fund, which shall consist of money received by the director from any cash transfers, state and local grants, and other contributions that are received for the purpose of funding the program established under this section. The director of environmental protection shall use money in the fund solely for the implementation, supervision, administration, operation, and enforcement of the motor vehicle inspection and maintenance program established under this section. Money in the fund shall not be used for either of the following:

1. To pay for the inspection costs incurred by a motor vehicle dealer so that the dealer may provide inspection certificates to an individual purchasing a motor vehicle from the dealer when that individual resides in a county that is subject to the motor vehicle inspection and maintenance program;

2. To provide payment for more than one free passing emissions inspection or a total of three emissions inspections for a motor vehicle in any three-hundred-sixty-five-day period. The owner or lessee of a motor vehicle is responsible for inspection fees that are related to emissions inspections beyond one free passing emissions inspection or three total emissions inspections in any three-hundred-sixty-five-day period. Inspection fees that are charged by a contractor conducting emissions inspections under a motor vehicle inspection and maintenance program shall be approved by the director of environmental protection.

(E) The motor vehicle inspection and maintenance program established under this section expires upon the termination of all contracts entered into under this section and shall not be

implemented beyond the final date on which termination occurs. 49619

The local registrar shall send a signed and notarized or witnessed acknowledgment of paternity to the office of child support in the department of job and family services pursuant to section 3111.22 of the Revised Code. The local registrar shall send the acknowledgment no later than ten days after it has been signed and notarized or witnessed. If the local registrar knows a man is presumed under section 3111.03 of the Revised Code to be the father of the child and that the presumed father is not the man who signed or is attempting to sign an acknowledgment with respect to the child, the local registrar shall not notarize, witness, or send the acknowledgment pursuant to this section. 49626

(B) The local registrar of vital statistics shall provide an acknowledgment of paternity affidavit described in division (A) of this section to any person that requests it. 49627

**Sec. 3705.17.** The body of a person whose death occurs in this state shall not be interred, deposited in a vault or tomb, cremated, or otherwise disposed of by a funeral director until a burial permit is issued by a local registrar or sub-registrar of vital statistics. No such permit shall be issued by a local registrar or sub-registrar until a satisfactory death, fetal death, or provisional death certificate is filed with the local registrar or sub-registrar. When the medical certification as to the cause of death cannot be provided by the attending physician or coroner prior to burial, for sufficient cause, as determined by rule of the director of health, the funeral director may file a provisional death certificate with the local registrar or sub-registrar for the purpose of securing a burial or burial-transit permit. When the funeral director files a provisional death certificate to secure a burial or burial-transit permit, the funeral director shall file a satisfactory and complete death certificate within five days after the date of death. The director of health, by rule, may provide additional time for filing a satisfactory death certificate. A burial permit authorizing cremation shall not be issued upon the filing of a provisional certificate of death.

The director of health, by rule, shall provide for the issuance of a burial permit without the payment of the fee required by this section if the total cost of the burial will be paid by an agency or instrumentality of the United States, the state or a state agency, or a political subdivision of the state.

The director of commerce may by rule adopted in accordance with Chapter 119. of the Revised Code reduce the total amount of the fee required by this section and that portion of the amount of the fee required to be paid to the credit of the division of real estate and professional licensing for the use of the division and the Ohio cemetery dispute resolution commission, if the director determines that the total amount of funds the fee is generating at the amount required by this section exceeds the amount of funds the division of real estate and professional licensing and the commission need to carry out their powers and duties prescribed in Chapter 4767. of the Revised Code.

No person in charge of any premises in which interments or cremations are made shall inter or cremate or otherwise dispose of a body, unless it is accompanied by a burial permit. (F) The department may establish an oversight committee to advise and monitor the department in implementing this section and to assist the department in developing short- and long-term goals for the stroke registry database.

If established, the membership of the committee shall consist of individuals with expertise or experience in data collection, data management, or stroke care, including both of the following:

(1) Individuals representing organizations advocating on behalf of those with stroke or cardiovascular conditions;

(2) Individuals representing hospitals recognized by the department under section 3727.13 of the Revised Code.

Sec. 3727.14. If an accrediting organization approved by the
federal centers for medicare and medicaid services or an organization that certifies hospitals in accordance with nationally recognized certification guidelines establishes a level of stroke certification that is in addition to the three four levels described in sections 3727.11 to 3727.13 of the Revised Code, the department of health shall recognize a hospital certified at that additional level.

For purposes of this section, the department and a hospital shall comply with sections 3727.11 to 3727.13 of the Revised Code as if the certification and recognition described in this section were one of the three four levels described in sections 3727.11 to 3727.13 of the Revised Code.

Sec. 3727.17. Each hospital shall provide a staff person to do all of the following:

(A) Meet with each unmarried mother who gave birth in or en route to the hospital within twenty-four hours after the birth or before the mother is released from the hospital;

(B) Attempt to meet with the father of the unmarried mother's child if possible;

(C) Explain to the unmarried mother and the father, if the father is present, the benefit to the child of establishing a parent and child relationship between the father and the child and the various proper procedures for establishing a parent and child relationship;

(D) Present to the unmarried mother and, if possible, the father, the pamphlet or statement regarding the rights and responsibilities of a natural parent prepared by the department of job and family services pursuant to section 3111.32 of the Revised Code;

(E) Provide the unmarried mother, and if possible the father,
all forms and statements necessary to voluntarily establish a parent and child relationship, including the acknowledgment of paternity form prepared by the department of job and family services pursuant to section 3111.31 of the Revised Code;

(G) Present to an unmarried mother who is not a recipient of medicaid or a participant in Ohio works first an application for Title IV-D services;

(H) Mail the voluntary acknowledgment of paternity, no later than ten days after it is completed, to the office of child support in the department of job and family services.

Each hospital shall provide a notary public to notarize, or witnesses to witness, an acknowledgment of paternity signed by the mother and father. If a hospital knows or determines that a man is presumed under section 3111.03 of the Revised Code to be the father of the child described in this section and that the presumed father is not the man who signed or is attempting to sign an acknowledgment with respect to the child, the hospital shall take no further action with regard to the acknowledgment and shall not mail the acknowledgment pursuant to this section.

A hospital may contract with a person or government entity to fulfill its responsibilities under this section and sections 3111.71 to 3111.74 of the Revised Code. Services provided by a hospital under this section or pursuant to a contract under sections 3111.71 and 3111.77 of the Revised Code do not constitute the practice of law. A hospital shall not be subject to criminal or civil liability for any damage or injury alleged to result from services provided pursuant to this section or sections 3111.71 to 3111.74 of the Revised Code unless the hospital acted with
malicious purpose, in bad faith, or in a wanton or reckless manner.

(E) A notice of appeal of an adverse adjudication decision shall be filed within fifteen days of the mailing of the director's order;

(F) The court shall not suspend an adjudication order pending disposition of the appeal. Any adjudication order issued by the director shall remain in force pending final disposition of the appeal.

Sec. 3733.45. (A) The licensor shall inspect all agricultural labor camps and shall require compliance with sections 3733.41 to 3733.49 of the Revised Code of this chapter and the rules adopted thereunder prior to the issuance of a license. Upon receipt of a complaint from the migrant agricultural ombudsperson state monitor advocate or upon the basis of a licensor's own information that an agricultural labor camp is operating without a license, the licensor shall inspect the camp. If the camp is operating without
a license, the licensor shall require the camp to comply with sections 3733.41 to 3733.49 of the Revised Code this chapter and the rules adopted under those sections this chapter. No person who files a report is liable for civil damages resulting from the report if the report was made on the basis of personal knowledge and belief, and not on the basis of hearsay, and was made in good faith and without recklessness as to the truth of the information contained in the report.

(B) The migrant agricultural ombudsman's office state monitor advocate shall immediately forward to the attorney general all reports that it the state monitor advocate receives under division (A) of this section. Within forty-eight hours of receiving a report alleging that conditions in violation of sections 3733.41 to 3733.49 this chapter, Chapter 4109., or Chapter 4111. of the Revised Code exist that cause a direct or serious threat to the health or safety of migrant agricultural laborers, the attorney general, or the attorney general in conjunction with the director of health, shall investigate the complaint. If after an investigation period, which shall not exceed forty-eight hours, the attorney general finds probable cause to believe that existing conditions cause a direct or serious threat to the health or safety of the laborers, the attorney general, or the attorney general in conjunction with the appropriate prosecuting attorney, shall bring an action for a temporary restraining order or a preliminary or permanent injunction.

(C) The attorney general, or the attorney general in conjunction with the director of health, shall, within seven days of receiving a complaint that does not allege a serious health or safety violation of sections 3733.41 to 3733.49 this chapter,
Chapter 4109., or Chapter 4111. of the Revised Code, begin an investigation of the complaint. If after an investigation period, which shall not exceed fourteen days, the attorney general finds probable cause to believe that a violation of sections 3733.41 to 3733.49 of this chapter, Chapter 4109., or Chapter 4111. of the Revised Code exists, the attorney general shall refer the matter to the appropriate prosecuting attorney, who shall prosecute the complaint.

(D) The migrant agricultural ombudsman’s office shall treat as confidential all information that it receives as a result of reports filed with it under division (A) of this section and shall not reveal that information to any person except under division (B) of this section or as required in the course of an investigation or prosecution.

(5) "Coal combustion residuals unit" means any coal combustion residuals landfill, coal combustion residuals surface impoundment, including any lateral expansion of a coal combustion residuals unit, or a combination thereof. "Coal combustion residuals unit" includes both new units and units existing prior to the effective date of this section unless otherwise specified in 40 C.F.R. Part 257.

(B) The director of environmental protection, in accordance with Chapter 119. of the Revised Code, shall adopt rules having uniform application throughout the state governing coal combustion residuals units. The director shall ensure that the rules are equivalent to, but not more stringent than, 40 C.F.R. Part 257. The rules shall address all of the following:

(1) Additional definitions relating to coal combustion residuals;

(2) Siting criteria;

(3) Groundwater monitoring requirements; (4) Design and construction requirements;

(5) Financial assurance requirements;

(6) Closure and post-closure requirements;

(1) Any other section of this chapter;
(2) Rules adopted under any other section of this chapter;

(3) Section 6111.04 of the Revised Code.

(D) The director may adopt rules under this section that require a coal combustion residuals unit to obtain a permit-to-install or national pollutant discharge elimination system permit under section 6111.03 of the Revised Code.

(E) The director shall prescribe and furnish any forms necessary to administer and enforce this section. The director may cooperate with and enter into agreements with other state, local, or federal agencies to carry out the purposes of this section.

Sec. 3734.57. (A) The following fees are hereby levied on the transfer or disposal of solid wastes in this state:

(1) Ninety Seventy-one cents per ton through June 30, 2024, twenty eleven cents of the proceeds of which shall be deposited in the state treasury to the credit of the hazardous waste facility management fund created in section 3734.18 of the Revised Code and seventy sixty cents of the proceeds of which shall be deposited in the state treasury to the credit of the hazardous waste clean-up fund created in section 3734.28 of the Revised Code;

(2) An additional seventy-five ninety cents per ton through June 30, 2024 2026, the proceeds of which shall be deposited in the state treasury to the credit of the waste management fund created in section 3734.061 of the Revised Code;

(3) An additional two dollars and eighty-five eighty-one cents per ton through June 30, 2024 2026, the proceeds of which
shall be deposited in the state treasury to the credit of the environmental protection fund created in section 3745.015 of the Revised Code;

(4) An additional twenty-five cents per ton through June 30, 2024, the proceeds of which shall be deposited in the state treasury to the credit of the soil and water conservation district assistance fund created in section 940.15 of the Revised Code;

(5) An additional eight cents per ton through June 30, 2026, the proceeds of which shall be deposited in the state treasury to the credit of the national priority list remedial support fund created in section 3734.579 of the Revised Code.

In the case of solid wastes that are taken to a solid waste transfer facility located in this state prior to being transported for disposal at a solid waste disposal facility located in this state or outside of this state, the fees levied under this division shall be collected by the owner or operator of the transfer facility as a trustee for the state. The amount of fees required to be collected under this division at such a transfer facility shall equal the total tonnage of solid wastes received at the facility multiplied by the fees levied under this division. In the case of solid wastes that are not taken to a solid waste transfer facility located in this state prior to being transported to a solid waste disposal facility, the fees shall be collected by the owner or operator of the solid waste disposal facility as a trustee for the state. The amount of fees required to be collected under this division at such a disposal facility shall equal the total tonnage of solid wastes received at the facility that was not previously taken to a solid waste transfer facility located in this state multiplied by the fees levied under this division. Fees levied under this division do not apply to materials separated from a mixed waste stream for recycling by a generator or materials removed from the solid waste stream through recycling,
as "recycling" is defined in rules adopted under section 3734.02 of the Revised Code.

The owner or operator of a solid waste transfer facility or disposal facility, as applicable, shall prepare and file with the director of environmental protection each month a return indicating the total tonnage of solid wastes received at the facility during that month and the total amount of the fees required to be collected under this division during that month. In addition, the owner or operator of a solid waste disposal facility shall indicate on the return the total tonnage of solid wastes received from transfer facilities located in this state during that month for which the fees were required to be collected by the transfer facilities. The monthly returns shall be filed on a form prescribed by the director. Not later than thirty days after the last day of the month to which a return applies, the owner or operator shall mail to the director the return for that month together with the fees required to be collected under this division during that month as indicated on the return or may submit the return and fees electronically in a manner approved by the director. If the return is filed and the amount of the fees due is paid in a timely manner as required in this division, the owner or operator may retain a discount of three-fourths of one per cent of the total amount of the fees that are required to be paid as indicated on the return.

The owner or operator may request an extension of not more than thirty days for filing the return and remitting the fees, provided that the owner or operator has submitted such a request in writing to the director together with a detailed description of why the extension is requested, the director has received the request not later than the day on which the return is required to be filed, and the director has approved the request. If the fees are not remitted within thirty days after the last day of the
month to which the return applies or are not remitted by the last day of an extension approved by the director, the owner or operator shall not retain the three-fourths of one per cent discount and shall pay an additional ten per cent of the amount of the fees for each month that they are late. For purposes of calculating the late fee, the first month in which fees are late begins on the first day after the deadline has passed for timely submitting the return and fees, and one additional month shall be counted every thirty days thereafter.

The owner or operator of a solid waste facility may request a refund or credit of fees levied under this division and remitted to the director that have not been paid to the owner or operator. Such a request shall be made only if the fees have not been collected by the owner or operator, have become a debt that has become worthless or uncollectable for a period of six months or more, and may be claimed as a deduction, including a deduction claimed if the owner or operator keeps accounts on an accrual basis, under the "Internal Revenue Code of 1954," 68A Stat. 50, 26 U.S.C. 166, as amended, and regulations adopted under it. Prior to making a request for a refund or credit, an owner or operator shall make reasonable efforts to collect the applicable fees. A request for a refund or credit shall not include any costs resulting from those efforts to collect unpaid fees.

A request for a refund or credit of fees shall be made in writing, on a form prescribed by the director, and shall be supported by evidence that may be required in rules adopted by the director under this chapter. After reviewing the request, and if the request and evidence submitted with the request indicate that a refund or credit is warranted, the director shall grant a refund to the owner or operator or shall permit a credit to be taken by the owner or operator on a subsequent monthly return submitted by the owner or operator. The amount of a refund or credit shall not
exceed an amount that is equal to ninety days' worth of fees owed to an owner or operator by a particular debtor of the owner or operator. A refund or credit shall not be granted by the director to an owner or operator more than once in any twelve-month period for fees owed to the owner or operator by a particular debtor.

If, after receiving a refund or credit from the director, an owner or operator receives payment of all or part of the fees, the owner or operator shall remit the fees with the next monthly return submitted to the director together with a written explanation of the reason for the submittal.

For purposes of computing the fees levied under this division or division (B) of this section, any solid waste transfer or disposal facility that does not use scales as a means of determining gate receipts shall use a conversion factor of three cubic yards per ton of solid waste or one cubic yard per ton for baled waste, as applicable.

The fees levied under this division and divisions (B) and (C) of this section are in addition to all other applicable fees and taxes and shall be paid by the customer or a political subdivision to the owner or operator of a solid waste transfer or disposal facility. In the alternative, the fees shall be paid by a customer or political subdivision to a transporter of waste who subsequently transfers the fees to the owner or operator of such a facility. The fees shall be paid notwithstanding the existence of any provision in a contract that the customer or a political subdivision may have with the owner or operator or with a transporter of waste to the facility that would not require or allow such payment regardless of whether the contract was entered prior to or after October 16, 2009. For those purposes, "customer" means a person who contracts with, or utilizes the solid waste services of, the owner or operator of a solid waste transfer or disposal facility or a transporter of solid waste to such a...
facility.

(B) For the purposes specified in division (G) of this section, the solid waste management policy committee of a county or joint solid waste management district may levy fees upon the following activities:

(1) The disposal at a solid waste disposal facility located in the district of solid wastes generated within the district;

(2) The disposal at a solid waste disposal facility within the district of solid wastes generated outside the boundaries of the district, but inside this state;

(3) The disposal at a solid waste disposal facility within the district of solid wastes generated outside the boundaries of this state.

The solid waste management plan of the county or joint district approved under section 3734.521 or 3734.55 of the Revised Code and any amendments to it, or the resolution adopted under this division, as appropriate, shall establish the rates of the fees levied under divisions (B)(1), (2), and (3) of this section, if any, and shall specify whether the fees are levied on the basis of tons or cubic yards as the unit of measurement. A solid waste management district that levies fees under this division on the basis of cubic yards shall do so in accordance with division (A) of this section.

The fee levied under division (B)(1) of this section shall be not less than one dollar per ton nor more than two dollars per ton, the fee levied under division (B)(2) of this section shall be not less than two dollars per ton nor more than four dollars per ton, and the fee levied under division (B)(3) of this section shall be not more than the fee levied under division (B)(1) of this section.

Prior to the approval of the solid waste management plan of a
district under section 3734.55 of the Revised Code, the solid waste management policy committee of a district may levy fees under this division by adopting a resolution establishing the proposed amount of the fees. Upon adopting the resolution, the committee shall deliver a copy of the resolution to the board of county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district and shall prepare and publish the resolution and a notice of the time and location where a public hearing on the fees will be held. Upon adopting the resolution, the committee shall deliver written notice of the adoption of the resolution; of the amount of the proposed fees; and of the date, time, and location of the public hearing to the director and to the fifty industrial, commercial, or institutional generators of solid wastes within the district that generate the largest quantities of solid wastes, as determined by the committee, and to their local trade associations. The committee shall make good faith efforts to identify those generators within the district and their local trade associations, but the nonprovision of notice under this division to a particular generator or local trade association does not invalidate the proceedings under this division. The publication shall occur at least thirty days before the hearing. After the hearing, the committee may make such revisions to the proposed fees as it considers appropriate and thereafter, by resolution, shall adopt the revised fee schedule. Upon adopting the revised fee schedule, the committee shall deliver a copy of the resolution doing so to the board of county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district. Within sixty days after the delivery of a copy of the resolution adopting the proposed revised fees by the policy committee, each such board and legislative authority, by ordinance or resolution,
shall approve or disapprove the revised fees and deliver a copy of the ordinance or resolution to the committee. If any such board or legislative authority fails to adopt and deliver to the policy committee an ordinance or resolution approving or disapproving the revised fees within sixty days after the policy committee delivered its resolution adopting the proposed revised fees, it shall be conclusively presumed that the board or legislative authority has approved the proposed revised fees. The committee shall determine if the resolution has been ratified in the same manner in which it determines if a draft solid waste management plan has been ratified under division (B) of section 3734.55 of the Revised Code.

The committee may amend the schedule of fees levied pursuant to a resolution adopted and ratified under this division by adopting a resolution establishing the proposed amount of the amended fees. The committee may repeal the fees levied pursuant to such a resolution by adopting a resolution proposing to repeal them. Upon adopting such a resolution, the committee shall proceed to obtain ratification of the resolution in accordance with this division.

Not later than fourteen days after declaring the new fees to be ratified or the fees to be repealed under this division, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the ratification and the amount of the fees or of the repeal of the fees. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

Fees levied under this division also may be established, amended, or repealed by a solid waste management policy committee through the adoption of a new district solid waste management
plan, the adoption of an amended plan, or the amendment of the plan or amended plan in accordance with sections 3734.55 and 3734.56 of the Revised Code or the adoption or amendment of a district plan in connection with a change in district composition under section 3734.521 of the Revised Code.

Not later than fourteen days after the director issues an order approving a district's solid waste management plan, amended plan, or amendment to a plan or amended plan that establishes, amends, or repeals a schedule of fees levied by the district, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the approval of the plan or amended plan, or the amendment to the plan, as appropriate, and the amount of the fees, if any. In the case of an initial or amended plan approved under section 3734.521 of the Revised Code in connection with a change in district composition, other than one involving the withdrawal of a county from a joint district, the committee, within fourteen days after the change takes effect pursuant to division (G) of that section, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees that the change has taken effect and of the amount of the fees, if any. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, forty-five days or more before the beginning of a calendar year, the policy committee of each of the districts resulting from the change that obtained the director's approval of an initial or amended plan in
connection with the change, within fourteen days after the
director's completion of the required actions, shall notify by
certified mail the owner or operator of each solid waste disposal
facility that is required to collect the district's fees that the
change is to take effect on the first day of January immediately
following the issuance of the notice and of the amount of the fees
or amended fees levied under divisions (B)(1) to (3) of this
section pursuant to the district's initial or amended plan as so
approved or, if appropriate, the repeal of the district's fees by
that initial or amended plan. Collection of any fees set forth in
such a plan or amended plan shall commence on the first day of
January immediately following the issuance of the notice. If such
an initial or amended plan repeals a schedule of fees, collection
of the fees shall cease on that first day of January.

If, in the case of a change in district composition involving
the withdrawal of a county from a joint district, the director
completes the actions required under division (G)(1) or (3) of
section 3734.521 of the Revised Code, as appropriate, less than
forty-five days before the beginning of a calendar year, the
director, on behalf of each of the districts resulting from the
change that obtained the director's approval of an initial or
amended plan in connection with the change proceedings, shall
notify by certified mail the owner or operator of each solid waste
disposal facility that is required to collect the district's fees
that the change is to take effect on the first day of January
immediately following the mailing of the notice and of the amount
of the fees or amended fees levied under divisions (B)(1) to (3)
of this section pursuant to the district's initial or amended plan
as so approved or, if appropriate, the repeal of the district's
fees by that initial or amended plan. Collection of any fees set
forth in such a plan or amended plan shall commence on the first
day of the second month following the month in which notification
is sent to the owner or operator. If such an initial or amended
plan repeals a schedule of fees, collection of the fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If the schedule of fees that a solid waste management district is levying under divisions (B)(1) to (3) of this section is amended or repealed, the fees in effect immediately prior to the amendment or repeal shall continue to be collected until collection of the amended fees commences or collection of the repealed fees ceases, as applicable, as specified in this division. In the case of a change in district composition, money so received from the collection of the fees of the former districts shall be divided among the resulting districts in accordance with division (B) of section 343.012 of the Revised Code and the agreements entered into under division (B) of section 343.01 of the Revised Code to establish the former and resulting districts and any amendments to those agreements.

For the purposes of the provisions of division (B) of this section establishing the times when newly established or amended fees levied by a district are required to commence and the collection of fees that have been amended or repealed is required to cease, "fees" or "schedule of fees" includes, in addition to fees levied under divisions (B)(1) to (3) of this section, those levied under section 3734.573 or 3734.574 of the Revised Code.

(C) For the purposes of defraying the added costs to a municipal corporation or township of maintaining roads and other public facilities and of providing emergency and other public services, and compensating a municipal corporation or township for reductions in real property tax revenues due to reductions in real property valuations resulting from the location and operation of a solid waste disposal facility within the municipal corporation or township, a municipal corporation or township in which such a solid waste disposal facility is located may levy a fee of not
more than twenty-five cents per ton on the disposal of solid
wastes at a solid waste disposal facility located within the
boundaries of the municipal corporation or township regardless of
where the wastes were generated.

The legislative authority of a municipal corporation or
township may levy fees under this division by enacting an
ordinance or adopting a resolution establishing the amount of the
fees. Upon so doing the legislative authority shall mail a
certified copy of the ordinance or resolution to the board of
county commissioners or directors of the county or joint solid
waste management district in which the municipal corporation or
township is located or, if a regional solid waste management
authority has been formed under section 343.011 of the Revised
Code, to the board of trustees of that regional authority, the
owner or operator of each solid waste disposal facility in the
municipal corporation or township that is required to collect the
fee by the ordinance or resolution, and the director of
environmental protection. Although the fees levied under this
division are levied on the basis of tons as the unit of
measurement, the legislative authority, in its ordinance or
resolution levying the fees under this division, may direct that
the fees be levied on the basis of cubic yards as the unit of
measurement based upon a conversion factor of three cubic yards
per ton generally or one cubic yard per ton for baled wastes.

Not later than five days after enacting an ordinance or
adopting a resolution under this division, the legislative
authority shall so notify by certified mail the owner or operator
of each solid waste disposal facility that is required to collect
the fee. Collection of any fee levied on or after March 24, 1992,
shall commence on the first day of the second month following the
month in which notification is sent to the owner or operator.

(D)(1) The fees levied under divisions (A), (B), and (C) of
this section do not apply to the disposal of solid wastes that:

(a) Are disposed of at a facility owned by the generator of the wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated;

(b) Are generated from the combustion of coal, or from the combustion of primarily coal, regardless of whether the disposal facility is located on the premises where the wastes are generated;

(c) Are asbestos or asbestos-containing materials or products disposed of at a construction and demolition debris facility that is licensed under Chapter 3714. of the Revised Code or at a solid waste facility that is licensed under this chapter.

(2) Except as provided in section 3734.571 of the Revised Code, any fees levied under division (B)(1) of this section apply to solid wastes originating outside the boundaries of a county or joint district that are covered by an agreement for the joint use of solid waste facilities entered into under section 343.02 of the Revised Code by the board of county commissioners or board of directors of the county or joint district where the wastes are generated and disposed of.

(3) When solid wastes, other than solid wastes that consist of scrap tires, are burned in a disposal facility that is an incinerator or energy recovery facility, the fees levied under divisions (A), (B), and (C) of this section shall be levied upon the disposal of the fly ash and bottom ash remaining after burning of the solid wastes and shall be collected by the owner or operator of the sanitary landfill where the ash is disposed of.

(4) When solid wastes are delivered to a solid waste transfer facility, the fees levied under divisions (B) and (C) of this subsection apply on a solids basis.
section shall be levied upon the disposal of solid wastes transported off the premises of the transfer facility for disposal and shall be collected by the owner or operator of the solid waste disposal facility where the wastes are disposed of.

(5) The fees levied under divisions (A), (B), and (C) of this section do not apply to sewage sludge that is generated by a waste water treatment facility holding a national pollutant discharge elimination system permit and that is disposed of through incineration, land application, or composting or at another resource recovery or disposal facility that is not a landfill.

(6) The fees levied under divisions (A), (B), and (C) of this section do not apply to solid wastes delivered to a solid waste composting facility for processing. When any unprocessed solid waste or compost product is transported off the premises of a composting facility and disposed of at a landfill, the fees levied under divisions (A), (B), and (C) of this section shall be collected by the owner or operator of the landfill where the unprocessed waste or compost product is disposed of.

(7) When solid wastes that consist of scrap tires are processed at a scrap tire recovery facility, the fees levied under divisions (A), (B), and (C) of this section shall be levied upon the disposal of the fly ash and bottom ash or other solid wastes remaining after the processing of the scrap tires and shall be collected by the owner or operator of the solid waste disposal facility where the ash or other solid wastes are disposed of.

(8) The director of environmental protection may issue an order exempting from the fees levied under this section solid wastes, including, but not limited to, scrap tires, that are generated, transferred, or disposed of as a result of a contract providing for the expenditure of public funds entered into by the administrator or regional administrator of the United States environmental protection agency, the director of environmental protection, or the United States environmental protection agency.

An order issued by the director of environmental protection under division (D)(8) of this section shall include a determination that the amount of the fees not received by a solid waste management district as a result of the order will not adversely impact the implementation and financing of the district's approved solid waste management plan and any approved amendments to the plan. Such an order is a final action of the director of environmental protection.

(E) The fees levied under divisions (B) and (C) of this section shall be collected by the owner or operator of the solid waste disposal facility where the wastes are disposed of as a trustee for the county or joint district and municipal corporation or township where the wastes are disposed of. Prior to the approval of the district's solid waste management plan under section 3734.55 of the Revised Code, moneys in the special fund of the district arising from the fees shall be expended for those purposes in the manner prescribed by the solid
waste management policy committee by resolution.

Notwithstanding division (G)(6) of this section as it existed prior to October 29, 1993, or any provision in a district's solid waste management plan prepared in accordance with division (B)(2)(e) of section 3734.53 of the Revised Code as it existed prior to that date, any moneys arising from the fees levied under division (B)(3) of this section prior to January 1, 1994, may be expended for any of the purposes authorized in divisions (G)(1) to (10) of this section.

A registration certificate issued under this section is valid for one year from its effective date and may be renewed annually for a term of one year by submission to the director of a renewal application on a form prescribed by the director and payment of the registration fee established in rules adopted under this section. The registration and renewal fees shall be credited to the scrap tire management fund created in section 3734.82 of the Revised Code.

A transporter registered under this division shall maintain a copy of the registration certificate in each motor vehicle used by the registrant to transport scrap tires.

(B) The director may issue an order in accordance with Chapter 119. of the Revised Code denying, suspending, or revoking the registration certificate of a person who is registered under this section and who has violated, or whose employee has violated, any of the scrap tire provisions of this chapter or a rule adopted under them while transporting scrap tires. A transporter whose...
registration certificate has been denied, suspended, or revoked shall immediately notify each of his the transporter's customers of that fact by certified mail.

(C) Except as provided in division (D) of this section, no person who possesses scrap tires shall cause them to be transported by any person who is not registered as a transporter under this section.

Sec. 3734.85. (A) On and after the effective date of the
rules adopted under sections 3734.70, 3734.71, 3734.72, and
3734.73 of the Revised Code, the director of environmental
protection may take action under this section to abate
accumulations of scrap tires. If the director determines that an
accumulation of scrap tires constitutes a danger to the public
health or safety or to the environment, the director shall issue
an order under section 3734.13 of the Revised Code to the person
responsible for the accumulation of scrap tires directing that
person, within one hundred twenty days after the issuance of the
order, to remove the accumulation of scrap tires from the premises
on which it is located and transport the tires to a scrap tire
storage, monocell, monofill, or recovery facility licensed under
section 3734.81 of the Revised Code, to such a facility in another
state operating in compliance with the laws of the state in which
it is located, or to any other solid waste disposal facility in
another state that is operating in compliance with the laws of
that state. If the person responsible for causing the accumulation
of scrap tires is a person different from the owner of the land on
which the accumulation is located, the director may issue such an
order to the landowner.

If the director is unable to ascertain immediately the
identity of the person responsible for causing the accumulation of
scrap tires, the director shall examine the records of the
applicable board of health and law enforcement agencies to
ascertain that person's identity. Before initiating any
enforcement or removal actions under this division against the
owner of the land on which the accumulation is located, the
director shall initiate any such actions against the person that
the director has identified as responsible for causing the
accumulation of scrap tires. Failure of the director to make
diligent efforts to ascertain the identity of the person
responsible for causing the accumulation of scrap tires or to
initiate an action against the person responsible for causing the
accumulation shall not constitute an affirmative defense by a
landowner to an enforcement action initiated by the director under
this division requiring immediate removal of any accumulation of
scrap tires.

Upon the written request of the recipient of an order issued
under this division, the director may extend the time for
compliance with the order if the request demonstrates that the
recipient has acted in good faith to comply with the order. If the
recipient of an order issued under this division fails to comply
with each milestone established in the order within one hundred
twenty days after the issuance of the period of time specified in
the order or, if the time for compliance with the order was so
extended, within that time, the director shall take such actions
as the director considers reasonable and necessary to remove and
properly manage the scrap tires located on the land named in the
order. The director, through employees of the environmental protection agency or a contractor, may enter upon the land on which the accumulation of scrap tires is located and remove and transport them to a scrap tire recovery facility for processing, to a scrap tire storage facility for storage, or to a scrap tire monocell or monofill facility for storage or disposal.

When performing a removal action under this section, the director also may remove, transport, and dispose of any of the following if the removal is required by the order issued under this division:

(1) Any additional solid wastes that were open dumped on the land named in the order;

(2) Any construction and demolition debris that was illegally disposed of on the land named in the order.

The director shall enter into contracts for the storage, disposal, or processing of scrap tires removed through removal operations conducted under this section.

If a person to whom a removal order is issued under this division fails to comply with the order and if the director performs a removal action under this section, the person to whom the removal order is issued is liable to the director for the costs incurred by the director for conducting the removal operation. The costs incurred include the storage at a scrap tire storage facility, storage, transportation, processing, or disposal at a scrap tire monocell or monofill facility, or processing of the scrap tires so removed, the transportation of the scrap tires from the site of the accumulation to the scrap tire storage, monocell, monofill, or recovery facility where the scrap tires were stored, disposed of, or processed or any additional solid wastes or construction and demolition debris removed in accordance with this division, and the administrative and legal expenses.
incurred by the director in connection with the removal operation. The director shall keep an itemized record of those costs. Upon completion of the actions for which the costs were incurred, the director shall may record the costs at the office of the county recorder of the county in which the accumulation of scrap tires was, additional solid wastes, and construction and demolition debris were located. The costs so recorded constitute a lien on the property on which the accumulation of scrap tires was, additional solid wastes, and construction and demolition debris were located until discharged. Upon the written request of the director, the attorney general shall bring a civil action against the person responsible for the accumulation of the scrap tires that were the subject of the removal operation to recover the costs for which the person is liable under this division. Any money so received or recovered shall be credited to the scrap tire management fund created in section 3734.82 of the Revised Code.

If, in a civil action brought under this division, an owner of real property is ordered to pay to the director the costs of a removal action that removed an accumulation of scrap tires from the person's land or if a lien is placed on the person's land for the costs of such a removal action, and, in either case, if the landowner was not the person responsible for causing the accumulation of scrap tires so removed, the landowner may bring a civil action against the person who was responsible for causing the accumulation to recover the amount of the removal costs that the court ordered the landowner to pay to the director or the amount of the removal costs certified to the county recorder as a lien on the landowner's property, whichever is applicable. If the landowner prevails in the civil action against the person who was responsible for causing the accumulation of scrap tires, the court, as it considers appropriate, may award to the landowner the reasonable attorney's fees incurred by the landowner for bringing the action, court costs, and other reasonable expenses incurred by
the landowner in connection with the civil action. A landowner shall bring such a civil action within two years after making the final payment of the removal costs to the director pursuant to the judgment rendered against the landowner in the civil action brought under this division upon the director's request or within two years after the director certified the costs of the removal action to the county recorder, as appropriate. A person who, at the time that a removal action was conducted under this division, owned the land on which the removal action was performed may bring an action under this division to recover the costs of the removal action from the person responsible for causing the accumulation of scrap tires so removed regardless of whether the person owns the land at the time of bringing the action.

Subject to the limitations set forth in division (G) of section 3734.82 of the Revised Code, the director may use moneys in the scrap tire management fund for conducting removal actions under this division. Any moneys recovered under this division shall be credited to the scrap tire management fund.

(B) The director shall initiate enforcement and removal actions under division (A) of this section in accordance with the following descending listing of priorities:

1. Accumulations of scrap tires that the director finds constitute a fire hazard or threat to public health;
2. Accumulations of scrap tires determined by the director to contain more than one million scrap tires;
3. Accumulations of scrap tires in densely populated areas;
4. Other accumulations of scrap tires that the director or board of health of the health district in which the accumulation is located determines constitute a public nuisance;
5. Any other accumulations of scrap tires present on premises operating without a valid license issued under section Sub. H. B. No. 33 Page 1725
3734.05 or 3734.81 of the Revised Code.

(C) The director shall not take enforcement and removal actions under division (A) of this section against the owner or operator of, or the owner of the land on which is located, any of the following:

(1) A premises where not more than one hundred scrap tires are present at any time;

(2) The premises of a business engaging in the sale of tires at retail that meets either of the following criteria:
   (a) Not more than one thousand scrap tires are present on the premises at any time in an unsecured, uncovered outdoor location.
   (b) Any number of scrap tires are secured in a building or a covered, enclosed container, trailer, or installation.

(3) The premises of a tire retreading business, a tire manufacturing finishing center, or a tire adjustment center on which is located a single, covered scrap tire storage area where not more than four thousand scrap tires are stored;

(4) The premises of a business that removes tires from motor vehicles in the ordinary course of business and on which is located a single scrap tire storage area that occupies not more than twenty-five hundred square feet;

(5) A solid waste facility licensed under section 3734.05 of the Revised Code that stores scrap tires on the surface of the ground if the total land area on which scrap tires are actually stored does not exceed ten thousand square feet;

(6) A premises where not more than two hundred fifty scrap tires are stored or kept for agricultural use;

(7) A construction site where scrap tires are stored for use or used in road resurfacing or the construction of embankments;

(8) A scrap tire collection, storage, monocell, monofill, or...
recovery facility licensed under section 3734.81 of the Revised Code;

(9) A solid waste incineration or energy recovery facility that is subject to regulation under this chapter and that burns scrap tires;

(10) A premises where scrap tires are beneficially used and for which the notice required by rules adopted under section 3734.84 of the Revised Code has been given;

(11) A transporter registered under section 3734.83 of the Revised Code that collects and holds scrap tires in a covered trailer or vehicle for not longer than thirty days prior to transporting them to their final destination.

(D) Nothing in this section restricts any right any person may have under statute or common law to enforce or seek enforcement of any law applicable to the management of scrap tires, abate a nuisance, or seek any other appropriate relief.

(E) An owner of real property is not liable under division (A) of this section for the cost of the removal of up to ten thousand scrap tires on the owner's property, or more at the director's discretion, and no lien shall attach to the property under this section, if all of the following conditions are met:

(1) The tires were placed on the property after the owner acquired title to the property, or the tires were placed on the property before the owner acquired title to the property and the owner acquired title to the property by bequest or devise.

(2) The owner of the property did not have knowledge that the tires were being placed on the property, or the owner posted on the property signs prohibiting dumping or took other action to prevent the placing of tires on the property.

(3) The owner of the property did not participate in or
consent to the placing of the tires on the property.

(4) The owner of the property received no financial benefit from the placing of the tires on the property or otherwise having the tires on the property.

With respect to the adoption of minimum standards of flammability, this division shall supersede any authority granted a political subdivision by any other section of the Revised Code.

If that fire code official grants a temporary permit, the permit is valid for fourteen calendar days.

Sec. 3737.88. (A)(1) The fire marshal shall have responsibility for implementation of the underground storage tank program and corrective action program for releases of petroleum from underground storage tanks established by the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2795, 42 U.S.C.A. 6901, as amended. To implement the programs, the fire marshal may adopt, amend, and rescind such rules, conduct such inspections, require annual registration of underground storage tanks, issue such citations and orders to enforce those rules, enter into environmental covenants in accordance with sections 5301.80 to 5301.92 of the Revised Code, and perform such other duties, as are consistent with those programs. and release detection for underground storage tanks adopted under division (A)(1) of this section, the fire marshal, by rule, shall designate areas as being sensitive for the protection of human health and the environment and adopt alternative rules regarding release containment and release detection methods for new and upgraded underground storage tank systems located in those areas. In designating such areas, the fire marshal shall take into consideration such factors as soil conditions, hydrogeology, water use, and the location of public and private water supplies. Not later than July 11, 1990, the fire marshal shall file the rules required under this division with the secretary of state, director of the legislative service commission, and joint committee on agency rule review in accordance with divisions (B) and (C) of section 119.03 of the Revised Code.

(ii) The fire marshal has not issued an administrative order concerning the release or referred the release to the attorney...
The director of environmental protection, pursuant to section 3746.12 of the Revised Code, may issue a covenant not to sue to any person who properly completes a voluntary action with respect to any such release in accordance with Chapter 3746. of the Revised Code and rules adopted under it.

(B) Before adopting any rule under this section or section 3737.881 or 3737.882 of the Revised Code, the fire marshal shall file written notice of the proposed rule with the chairperson of the state fire council, and, within sixty days after notice is filed, the council may file responses to or comments on and may recommend alternative or supplementary rules to the fire marshal. At the end of the sixty-day period or upon the filing of responses, comments, or recommendations by the council, the fire marshal may adopt the rule filed with the council or any alternative or supplementary rule recommended by the council.

(C) The state fire council may recommend courses of action to be taken by the fire marshal in carrying out the fire marshal's duties under this section. The council shall file its recommendations in the office of the fire marshal, and, within sixty days after the recommendations are filed, the fire marshal shall file with the chairperson of the council comments on, and proposed action in response to, the recommendations.

(D) For the purpose of sections 3737.87 to 3737.89 of the Revised Code, the fire marshal shall adopt, and may amend and rescind, rules identifying or listing hazardous substances. Sec. 3737.882. (A) If, after an examination or inspection, the fire marshal or an assistant fire marshal finds that a release of petroleum is suspected, the fire marshal shall take such action as the fire marshal considers necessary to ensure that a suspected release is confirmed or disproved and, if the occurrence of a release is confirmed, to correct the release. These actions may include one or more of the following:

(1) Issuance of a citation and order requiring the responsible person to undertake, in a manner consistent with the requirements of section 9003 of the "Resource Conservation and Recovery Act of 1976," 98 Stat. 3279, 42 U.S.C.A. 6991b, as amended, applicable regulations adopted thereunder, and rules adopted under division (B) of this section, such actions as are necessary to protect human health and the environment, including, without limitation, the investigation of a suspected release;

In granting any such relief, the court shall ensure that the terms of the temporary restraining order or injunction are sufficient to provide comprehensive corrective action to protect human health and the environment.

(3) Entry onto premises and undertaking corrective action with respect to a release of petroleum if, in the fire marshal's judgment, such action is necessary to protect human health and the environment. Any corrective action undertaken by the fire marshal or assistant fire marshal under division (A)(3) of this section shall be consistent with the requirements of sections 9003 and 9005 of the "Resource Conservation and Recovery Act of 1976," 98 Stat. 3279, 42 U.S.C.A. 6991b, and 98 Stat. 3284, 42 U.S.C.A. 6991e, respectively, as amended, applicable regulations adopted thereunder, and rules adopted under division (B) of this section.

(B) The fire marshal shall adopt, and may amend and rescind, such rules as the fire marshal considers necessary to establish standards for corrective actions for suspected and confirmed releases of petroleum and standards for the recovery of costs incurred for undertaking corrective or enforcement actions with respect to such releases. The rules also shall include requirements for financial responsibility for the cost of corrective actions for and compensation of bodily injury and property damage incurred by third parties that are caused by releases of petroleum. Rules regarding financial responsibility shall, without limitation, require responsible persons to provide evidence that the parties guaranteeing payment of the deductible amount established under division (E) or (F) of section 3737.91 of the Revised Code are, at a minimum, secondarily liable for all

For the purpose of division (D) of this section, emissions of air contaminants may be calculated using engineering calculations, emission factors, material balance calculations, or performance testing procedures, as authorized by the director. The director, by rule, may require persons who are required to pay the fees assessed under division (D) of this section to pay those fees biennially rather than annually.

(E)(1) Consistent with the need to cover the reasonable costs of the Title V permit program, the director annually shall increase the fees prescribed in division (B) of this section by the percentage, if any, by which the consumer price index for the most recent calendar year ending before the beginning of a year exceeds the consumer price index for calendar year 1989. Upon calculating an increase in fees authorized by division (E)(1) of
this section, the director shall compile revised fee schedules for
the purposes of division (B) of this section and shall make the
revised schedules available to persons required to pay the fees
assessed under that division and to the public.

(2) For the purposes of division (E)(1) of this section:

(a) The consumer price index for any year is the average of
the consumer price index for all urban consumers published by the
United States department of labor as of the close of the
twelve-month period ending on the thirty-first day of August of
that year.

(b) If the 1989 consumer price index is revised, the director
shall use the revision of the consumer price index that is most
consistent with that for calendar year 1989.

(F) Each person who is issued a permit to install pursuant to
rules adopted under division (F) of section 3704.03 of the Revised
Code on or after July 1, 2003, shall pay the fees specified in the
following schedules:

(1) Fuel-burning equipment (boilers, furnaces, or process
heaters used in the process of burning fuel for the primary
purpose of producing heat or power by indirect heat transfer)

(K)(1) Money received under division (B) of this section shall be deposited in the state treasury to the credit of the Title V clean air fund created in section 3704.035 of the Revised Code. Annually, not more than fifty cents per ton of each fee assessed under division (B) of this section on actual emissions from a source and received by the environmental protection agency pursuant to that division may be transferred by the director using an interstate transfer voucher to the state treasury to the credit of the small business assistance fund created in section 3706.19 of the Revised Code. In addition, annually, the amount of money necessary for the operation of the office of ombudsperson as determined under division (B) of that section shall be transferred to the state treasury to the credit of the small business ombudsperson fund created by that section.

sewage sludge facility treats or disposes of in this state. The
annual volume of sewage sludge treated or disposed of by a sewage
sludge facility shall be calculated using the first day of January
through the thirty-first day of December of the calendar year
preceding the date on which payment of the fee is due.

(Y)(2)(a) Except as provided in division (Y)(2)(d) of this
section, each sewage sludge facility shall pay a minimum annual
sewage sludge fee of one hundred dollars.

(b) The annual sludge fee required to be paid by a sewage

In the case of a sewage sludge facility that treats sewage sludge in this state and transfers it out of this state to another entity for disposal, the sewage sludge facility in this state shall be required to pay the annual sludge fee for the tons of sewage sludge that have been transferred.

(d) A sewage sludge facility that generates sewage sludge resulting from an average daily discharge flow of less than five thousand gallons per day is not subject to the fees assessed under division (Y) of this section.

(3) No sewage sludge facility required to pay the annual sludge fee shall be required to pay more than the maximum annual fee for each disposal method that the sewage sludge facility uses. The maximum annual fee does not include the additional amount that
may be charged under division (Y)(5) of this section for late payment of the annual sludge fee. The maximum annual fee for the following methods of disposal of sewage sludge is as follows:

(a) Incineration: five thousand dollars;

(b) Preexisting land reclamation project or disposal in a landfill: five thousand dollars;

(c) Land application, land reclamation, surface disposal, or any other disposal method not specified in division (Y)(3)(a) or (b) of this section: twenty thousand dollars.

However, the entity or facility generating or treating the sewage sludge shall pay the one-hundred-dollar minimum fee required under division (Y)(2)(a) of this section.

(b) In the case of an entity that generates sewage sludge and transfers the sewage sludge to a landfill for disposal or to a sewage sludge facility for land reclamation or surface disposal, the entity generating the sewage sludge, and not the landfill or sewage sludge facility, shall pay the annual sludge fee for the tons of sewage sludge that are transferred.

(5) Not later than the first day of April of the calendar year following March 17, 2000, and each first day of April thereafter, the director shall issue invoices to persons who are required to pay the annual sludge fee. The invoice shall identify the nature and amount of the annual sludge fee assessed and state the first day of May as the deadline for receipt by the director.
of objections regarding the amount of the fee and the first day of July as the deadline for payment of the fee.

Not later than the first day of May following receipt of an invoice, a person required to pay the annual sludge fee may submit objections to the director concerning the accuracy of information regarding the number of dry tons of sewage sludge used to calculate the amount of the annual sludge fee or regarding whether the sewage sludge qualifies for the exceptional quality sludge discount established in division (Y)(2)(b) of this section. The director may consider the objections and adjust the amount of the fee to ensure that it is accurate.

If the director does not adjust the amount of the annual sludge fee in response to a person's objections, the person may appeal the director's determination in accordance with Chapter 119. of the Revised Code.

Not later than the first day of June, the director shall notify the objecting person regarding whether the director has found the objections to be valid and the reasons for the finding. If the director finds the objections to be valid and adjusts the amount of the annual sludge fee accordingly, the director shall issue with the notification a new invoice to the person identifying the amount of the annual sludge fee assessed and stating the first day of July as the deadline for payment.

Not later than the first day of July, any person who is required to do so shall pay the annual sludge fee. Any person who is required to pay the fee, but who fails to do so on or before that date shall pay an additional amount that equals ten per cent of the required annual sludge fee.

(6) The director shall transmit all moneys collected under division (Y) of this section to the treasurer of state for deposit into the surface water protection fund created in section 6111.038.

Revised Code and rules adopted under it that govern the use,
storage, treatment, or disposal of sewage sludge.

(7) Beginning in fiscal year 2001, and every two years
thereafter, the director shall review the total amount of moneys
generated by the annual sludge fees to determine if that amount
exceeded six hundred thousand dollars in either of the two
preceding fiscal years. If the total amount of moneys in the fund
exceeded six hundred thousand dollars in either fiscal year, the
director, after review of the fee structure and consultation with
affected persons, shall issue an order reducing the amount of the
fees levied under division (Y) of this section so that the
estimated amount of moneys resulting from the fees will not exceed
six hundred thousand dollars in any fiscal year.

If, upon review of the fees under division (Y)(7) of this
section and after the fees have been reduced, the director
determines that the total amount of moneys collected and
accumulated is less than six hundred thousand dollars, the
director, after review of the fee structure and consultation with
affected persons, may issue an order increasing the amount of the
fees levied under division (Y) of this section so that the
estimated amount of moneys resulting from the fees will be
approximately six hundred thousand dollars. Fees shall never be
increased to an amount exceeding the amount specified in division
(Y)(7) of this section.

Notwithstanding section 119.06 of the Revised Code, the
director may issue an order under division (Y)(7) of this section
without the necessity to hold an adjudicatory hearing in
connection with the order. The issuance of an order under this

(10) Failed to report a felony conviction as required under section 3959.13 of the Revised Code.

(C) Any person whose license is revoked or whose application is denied pursuant to sections 3959.01 to 3959.16 of the Revised Code is ineligible to apply for an administrators license for two years.

(D) The superintendent may impose a monetary fine against a licensee if, upon investigation and after notice and opportunity for hearing in accordance with Chapter 119. of the Revised Code, the superintendent finds that the licensee has done either of the following:

(1) Committed fraud or engaged in any illegal or dishonest activity in connection with the administration of pharmacy benefit management services;
(2) Violated any provision of section 3959.111 of the Revised Code or any rule adopted by the superintendent pursuant to or to implement that section.

Sec. 3964.03. (A) A captive insurance company shall be organized under Chapter 1701., 1702., 1705., or 1706. of the Revised Code.

(B) A captive insurance company shall not operate in this state unless all of the following are met:

(2) The captive insurance company's board of directors holds at least one meeting each year in this state.

(3) The captive insurance company maintains its principal place of business in this state.

(D) A captive insurance company seeking a license to be a captive insurance company in this state shall file an application with the superintendent and shall submit all of the following along with the application:

(1) A certified copy of its articles of incorporation,
(2) A statement, made under oath by the president and
secretary, in a form prescribed by the superintendent, showing the
captive insurance company's financial condition;

(3) A statement of the captive insurance company's assets
relative to its risks, detailing the amount of assets and their
liquidity;

(4) An account of the adequacy of the expertise, experience,
and character of the person or persons who will manage the captive
insurance company;

(5) An account of the loss prevention programs of the persons
that the captive insurance company insures;

(E)(1) A special purpose financial captive insurance company
shall follow the national association of insurance commissioner's
accounting practices and procedures manual.

(2)(a) Upon request, the superintendent may allow a special
purpose financial captive insurance company to use a reserve basis
other than that found in the national association of insurance
commissioner's accounting practices and procedures manual.

(b) The superintendent, in accordance with Chapter 119. of
the Revised Code, shall adopt rules that define acceptable
alternative reserve bases.

(c) Such rules shall be adopted prior to availability for use
of any such alternative reserve basis and shall ensure that the
resulting reserves meet all of the following conditions:
(i) Quantify the benefits and guarantees, and the funding, associated with the contracts and their risks at a level of conservatism that reflects conditions that include unfavorable events that have a reasonable probability of occurring during the lifetime of the contracts. For policies or contracts with significant tail risk, reflects conditions appropriately adverse to quantify the tail risk.

(ii) Incorporate assumptions, risk analysis methods, and financial models and management techniques that are consistent with, but not necessarily identical to, those utilized within the company's overall risk assessment process, while recognizing potential differences in financial reporting structures and any prescribed assumptions or methods;

(iii) Provide margins for uncertainty including adverse deviation and estimation error, such that the greater the uncertainty the larger the margin and resulting reserve.

(d) An alternative basis for calculating a reserve approved by the superintendent shall be treated as a public document after the date the alternative basis for calculating the reserve has been approved, regardless of the application of the uniform trade secrets act set forth in sections 1333.61 to 1333.69 of the Revised Code.

(3) The special purpose financial captive insurance company shall submit a request for an alternative reserve basis in writing, and affirmed by the company's appointed actuary, that includes, at a minimum, the following information for the superintendent to consider in evaluating the request:

(a) The reserves based on the national association of insurance commissioner's accounting practices and procedures manual and the reserves based on the proposed alternative method for calculation and the difference between these two calculations;
(b) A detailed analysis of the proposed alternative method explaining why the use of an alternative basis for calculating the reserve is appropriate;

(c) All assumptions utilized within the proposed alternative method, together with the source of the assumptions, as well as information, satisfactory to the superintendent, supporting the appropriateness of the assumptions and analysis and identifying the assumptions that result in the greatest variability in the reserve and how that analysis was used in setting those assumptions;

(d) A detailed overview of the corporate governance and oversight of the actuarial valuation function;

(e) Any other information the superintendent may require to assess the proposed alternative method for approval or disapproval.

(4) At the expense of the special purpose financial captive insurance company, the superintendent may require the company to secure the affirmation of an independent qualified actuary in support of any alternative basis for calculating the reserve that is requested pursuant to this section or to assist the superintendent in the review of said request.

(5) If the superintendent approves the use of an alternative basis for calculating a reserve, the special purpose financial captive insurance company, and the ceding insurer shall each include a note in its financial statements disclosing the use of a basis other than the national association of insurance commissioner's accounting practices and procedures manual and the difference between the reserve amount determined under the alternative basis and the reserve amount that would have been determined had the company utilized the national association of insurance commissioner's accounting practices and procedures manual.
(6) (a) The superintendent shall establish an acceptable total capital and surplus requirement for each insurance company that will cede risks and obligations to a special purpose financial captive insurance company. The total capital and surplus requirement must be met at the time the special purpose financial captive insurance company applies for a license to do the business of captive insurance. The total capital and surplus requirement shall be determined in accordance with a minimum required total capital and surplus methodology that meets both of the following requirements:

(i) Is consistent with current risk-based capital principles;

(ii) Takes into account all material risks and obligations, as well as the assets, of the insurance company.

(b) An insurance company ceding risks and obligations to a special purpose financial captive insurance company shall fully disclose all material risks and obligations, as well as its assets and all affiliated captive insurance company risks. The ceding insurance company shall advise the superintendent whenever there is a material change to such risks, obligations, or assets.

(F) In determining whether to approve an application for a license, the superintendent shall consider all of the following:

(1) The character, reputation, financial standing, and purposes of the incorporators, or other founders, of the captive insurance company;

(2) The character, reputation, financial responsibility, experience relating to insurance, and business qualifications of the officers and directors of the captive insurance company;

(3) The amount of liquidity and assets of the captive insurance company relative to the risks to be assumed;
(4) The adequacy of the expertise, experience, and character of the person or persons who will manage the captive insurance company;

(5) The overall soundness of the plan of operation;

(6) The adequacy of the loss prevention programs of the persons that the captive insurance company insures.

(G)(1) Each captive insurance company that offers direct insurance to its parent shall submit to the superintendent for approval a detailed description of the coverages, deductibles, coverage limits, proposed rates or rating plans, documentation from a qualified actuary that demonstrates the actuarial soundness of the proposed rates or rating plans, and other such additional information as the superintendent may require.

(2)(a) Any captive insurance company licensed under the provisions of this chapter that seeks to make any material change to any item described in division (G)(1) of this section shall submit to the superintendent for approval a detailed description of the revision, documentation from a qualified actuary that demonstrates the actuarial soundness of the revised rates or rating plans, and other such additional information as the superintendent may require.

(b) Each filing under division (G)(2)(a) of this section is deemed approved thirty days after the filing is received by the superintendent of insurance, unless the filing is disapproved by the superintendent during that thirty-day period.

(c) If at any time subsequent to the thirty-day review period the superintendent finds that a filing does not demonstrate actuarial soundness, the superintendent shall hold a hearing requiring the captive insurance company to show cause why an order should not be made by the superintendent to disapprove the revised rates or rating plans.
(d) If, upon such a hearing, the superintendent finds that the captive insurance company failed to demonstrate the actuarial soundness of the rates or rating plans, the superintendent shall issue an order directing the captive insurance company to cease and desist from using the revised rates or rating plans and to use rates or rating plans as determined appropriate by the superintendent.

(H) Except as otherwise provided in this division, documents and information submitted by a captive insurance company pursuant to this section are not subject to section 149.43 of the Revised Code, and are confidential, and may not be disclosed by the superintendent or any employee of the department of insurance without the written consent of the company.

(1) Such documents and information may be discoverable in a civil action in which the captive insurance company filing the material is a party upon a finding by a court of competent jurisdiction that the information sought is relevant and necessary to the case and the information sought is unavailable from other, nonconfidential sources.

(2) The superintendent may, at the superintendent's sole discretion, share documents required under this section with the chief deputy rehabilitator, the chief deputy liquidator, other deputy rehabilitators and liquidators, and any other person employed by, or acting on behalf of the superintendent pursuant to Chapter 3901. or 3903. of the Revised Code, with other local, state, federal, and international regulatory and law enforcement agencies, with local, state, and federal prosecutors, and with the national association of insurance commissioners and its affiliates and subsidiaries provided that the recipient agrees to maintain the confidential or privileged status of the documents and has authority to do so.

(I)(1) Each applicant for a license to do the business of a
captive insurance company in this state shall pay to the superintendent a nonrefundable fee of five hundred dollars for processing its application for a license. The superintendent is authorized to retain legal, financial, and examination services from outside the department, at the expense of the applicant. Each captive insurance company shall annually pay a license renewal fee of five hundred dollars.

(2) The fees collected pursuant to division (I)(1) of this section shall be deposited into the state treasury to the credit of the captive department of insurance regulation and supervision operating fund created under section 3964.15 of the Revised Code.

(2) The annual minimum aggregate fee to be paid by a captive insurance company calculated under this division shall be seven thousand five hundred dollars. The annual maximum aggregate fee to be paid by a captive insurance company calculated under this division shall be two hundred fifty thousand dollars.

(B) The fee on reinsurance premiums set forth under division (A)(1)(b) of this section shall not be levied on premiums for risks or portions of risks that are subject to the fee under division (A)(1)(a) of this section.

(C) A captive insurance company shall not pay any reinsurance fee pursuant to division (A)(1)(b) of this section on revenue related to the receipt of assets by the captive insurance company.

liabilities of another insurance company that is under common 57786
ownership and control with the captive insurance company, if the 57787
transaction is part of a plan to discontinue the operation of the 57788
other insurance company and the intent of the exchange is to renew 57789
or maintain such business with the captive insurance company. 57790

(D)(1) The fee imposed in division (A) of this section shall 57791
be calculated on an annual basis, notwithstanding policies, 57792
contracts, insurance, or contracts of reinsurance issued on a 57793
multi-year basis.

(2) In the case of multi-year policies or contracts, the 57794
premium shall be prorated for purposes of determining the fee 57795
required under division (A) of this section.

(E) All fees collected under this section shall be deposited 57796
into the state treasury to the credit of the captive department of 57797
insurance regulation and supervision operating fund.

Sec. 3964.15. (A) There is hereby created in the state 57801
treasury the captive insurance regulation and supervision fund, 57802
which shall consist of all fees, fines, penalties, and assessments 57803
received by the superintendent under this chapter.

(B) The superintendent may charge captive insurance companies 57804
for any of the following expenses incurred in carrying out this 57805

worked by all personnel, including those who are not employees of 57807

(a) The conduct of an examination, calculated at the rates 57808
provided in the financial condition examiners' handbook published 57809
by the national association of insurance commissioners;

(d) The determination and review of the premium franchise fee liability of a captive insurance company;

(e) The training and continuing education costs of examiners and analysts.

(2) Travel and living expenses of all personnel, including those who are not employees of the department of insurance, directly engaged in the conduct of an examination calculated at rates not to exceed the rates provided in the financial condition examiners' handbook published by the national association of insurance commissioners;

(3) All other incidental expenses incurred by or on behalf of such personnel in the conduct of such examination;

(4) An allocated share of all expenses not described in division (B)(1)(A)(1), (2), or (3) of this section, but that are necessarily incurred in carrying out the duties of the superintendent under this chapter, including the expenses of direct overhead and support staff for the examiners and persons appointed or employed pursuant to section 3964.08 of the Revised Code.

(C) All amounts collected by the superintendent under division (B)(A) of this section shall be deposited into the state treasury to the credit of the captive department of insurance regulation and supervision operating fund.

(D) At the discretion of the superintendent, the expenses of the captive insurance regulation and supervision fund may be
covered by the department of insurance operating fund created
under section 3901.021 of the Revised Code.

(E)(C) As used in this section, "examination" means the
examination required under section 3964.08 of the Revised Code.

Sec. 4117.14. (A) The procedures contained in this section
govern the settlement of disputes between an exclusive
representative and a public employer concerning the termination or
modification of an existing collective bargaining agreement or
negotiation of a successor agreement, or the negotiation of an
initial collective bargaining agreement.

(B)(1) In those cases where there exists a collective
bargaining agreement, any public employer or exclusive
representative desiring to terminate, modify, or negotiate a
successor collective bargaining agreement shall:

(a) Serve written notice upon the other party of the proposed
termination, modification, or successor agreement. The party must
serve the notice not less than sixty days prior to the expiration
date of the existing agreement or, in the event the existing
collective bargaining agreement does not contain an expiration
date, not less than sixty days prior to the time it is proposed to
make the termination or modifications or to make effective a
successor agreement.

(b) Offer to bargain collectively with the other party for
the purpose of modifying or terminating any existing agreement or
negotiating a successor agreement;

(c) Notify the state employment relations board of the offer
by serving upon the board a copy of the written notice to the
other party and a copy of the existing collective bargaining
agreement.

(2) In the case of initial negotiations between a public
employer and an exclusive representative, where a collective bargain-
ing agreement has not been in effect between the parties, any party may serve notice upon the board and the other party setting forth the names and addresses of the parties and offering to meet, for a period of ninety days, with the other party for the purpose of negotiating a collective bargaining agreement.

If the settlement procedures specified in divisions (B), (C), and (D) of this section govern the parties, where those procedures refer to the expiration of a collective bargaining agreement, it means the expiration of the sixty-day period to negotiate a collective bargaining agreement referred to in this subdivision, or in the case of initial negotiations, it means the ninety-day period referred to in this subdivision.

(3) The parties shall continue in full force and effect all the terms and conditions of any existing collective bargaining agreement, without resort to strike or lock-out, for a period of sixty days after the party gives notice or until the expiration date of the collective bargaining agreement, whichever occurs later, or for a period of ninety days where applicable.

(4) Upon receipt of the notice, the parties shall enter into collective bargaining.

(C) In the event the parties are unable to reach an agreement, they may submit, at any time prior to forty-five days before the expiration date of the collective bargaining agreement, the issues in dispute to any mutually agreed upon dispute settlement procedure which supersedes the procedures contained in this section.

(1) The procedures may include:

(a) Conventional arbitration of all unsettled issues;

(b) Arbitration confined to a choice between the last offer of each party to the agreement as a single package;
(c) Arbitration confined to a choice of the last offer of each party to the agreement on each issue submitted;

(d) The procedures described in division (C)(1)(a), (b), or (c) of this section and including among the choices for the arbitrator, the recommendations of the fact finder, if there are recommendations, either as a single package or on each issue submitted;

(e) Settlement by a citizens' conciliation council composed of three residents within the jurisdiction of the public employer. The public employer shall select one member and the exclusive representative shall select one member. The two members selected shall select the third member who shall chair the council. If the two members cannot agree upon a third member within five days after their appointments, the board shall appoint the third member. Once appointed, the council shall make a final settlement of the issues submitted to it pursuant to division (G) of this section.

(f) Any other dispute settlement procedure mutually agreed to by the parties.

(2) If, fifty days before the expiration date of the collective bargaining agreement, the parties are unable to reach an agreement, any party may request the state employment relations board to intervene. The request shall set forth the names and addresses of the parties, the issues involved, and, if applicable, the expiration date of any agreement.

The board shall intervene and investigate the dispute to determine whether the parties have engaged in collective bargaining.

If an impasse exists or forty-five days before the expiration date of the collective bargaining agreement if one exists, the board shall appoint a mediator to assist the parties in the
collective bargaining process.

(3) Any time after the appointment of a mediator, either party may request the appointment of a fact-finding panel. Within fifteen days after receipt of a request for a fact-finding panel, the board shall appoint a fact-finding panel of not more than three members who have been selected by the parties in accordance with rules established by the board, from a list of qualified persons maintained by the board.

(a) The fact-finding panel shall, in accordance with rules and procedures established by the board that include the regulation of costs and expenses of fact-finding, gather facts and make recommendations for the resolution of the matter. The board shall by its rules require each party to specify in writing the unresolved issues and its position on each issue to the fact-finding panel. The fact-finding panel shall make final recommendations as to all the unresolved issues.

(b) The board may continue mediation, order the parties to engage in collective bargaining until the expiration date of the agreement, or both.

(4) The following guidelines apply to fact-finding:

(a) The fact-finding panel may establish times and place of hearings which shall be, where feasible, in the jurisdiction of the state.

(b) The fact-finding panel shall conduct the hearing pursuant to rules established by the board.

(c) Upon request of the fact-finding panel, the board shall issue subpoenas for hearings conducted by the panel.

(d) The fact-finding panel may administer oaths.

(e) The board shall prescribe guidelines for the fact-finding panel to follow in making findings. In making its recommendations,
the fact-finding panel shall take into consideration the factors listed in divisions (G)(7)(a) to (f) of this section.

(f) The fact-finding panel may attempt mediation at any time during the fact-finding process. From the time of appointment until the fact-finding panel makes a final recommendation, it shall not discuss the recommendations for settlement of the dispute with parties other than the direct parties to the dispute.

(5) The fact-finding panel, acting by a majority of its members, shall transmit its findings of fact and recommendations on the unresolved issues to the public employer and employee organization involved and to the board no later than fourteen days after the appointment of the fact-finding panel, unless the parties mutually agree to an extension. The parties shall share the cost of the fact-finding panel in a manner agreed to by the parties.

(6)(a) Not later than seven days after the findings and recommendations are sent, the legislative body, by a three-fifths vote of its total membership, and in the case of the public employee organization, the membership, by a three-fifths vote of the total membership, may reject the recommendations; if neither rejects the recommendations, the recommendations shall be deemed agreed upon as the final resolution of the issues submitted and a collective bargaining agreement shall be executed between the parties, including the fact-finding panel's recommendations, except as otherwise modified by the parties by mutual agreement. If either the legislative body or the public employee organization rejects the recommendations, the board shall publicize the findings of fact and recommendations of the fact-finding panel. The board shall adopt rules governing the procedures and methods for public employees to vote on the recommendations of the fact-finding panel.

(b) As used in division (C)(6)(a) of this section,
"legislative body" means the controlling board when the state or any of its agencies, authorities, commissions, boards, or other branch of public employment is party to the fact-finding process.

(D) If the parties are unable to reach agreement within seven days after the publication of findings and recommendations from the fact-finding panel or the collective bargaining agreement, if one exists, has expired, then the:

(1) Public employees, who are members of a police or fire department, members of the state highway patrol, deputy sheriffs, dispatchers employed by a police, fire, or sheriff's department or the state highway patrol or civilian dispatchers employed by a public employer other than a police, fire, or sheriff's department to dispatch police, fire, sheriff's department, or emergency medical or rescue personnel and units, an exclusive nurse's unit, employees of Ohio deaf and blind education services, employees of any public employee retirement system, corrections officers, guards at penal or mental institutions, special police officers appointed in accordance with sections 5119.08 and 5123.13 of the Revised Code, psychiatric attendants employed at mental health forensic facilities, youth leaders employed at juvenile correctional facilities, or members of a law enforcement security force that is established and maintained exclusively by a board of county commissioners and whose members are employed by that board, shall submit the matter to a final offer settlement procedure pursuant to a board order issued forthwith to the parties to settle by a conciliator selected by the parties. The parties shall request from the board a list of five qualified conciliators and the parties shall select a single conciliator from the list by alternate striking of names. If the parties cannot agree upon a conciliator within five days after the board order, the board shall on the sixth day after its order appoint a conciliator from
a list of qualified persons maintained by the board or shall request a list of qualified conciliators from the American arbitration association and appoint therefrom.

(2) Public employees other than those listed in division (D)(1) of this section have the right to strike under Chapter 4117. of the Revised Code provided that the employee organization representing the employees has given a ten-day prior written notice of an intent to strike to the public employer and to the board, and further provided that the strike is for full, consecutive work days and the beginning date of the strike is at least ten work days after the ending date of the most recent prior strike involving the same bargaining unit; however, the board, at its discretion, may attempt mediation at any time.

(E) Nothing in this section shall be construed to prohibit the parties, at any time, from voluntarily agreeing to submit any or all of the issues in dispute to any other alternative dispute settlement procedure. An agreement or statutory requirement to arbitrate or to settle a dispute pursuant to a final offer settlement procedure and the award issued in accordance with the agreement or statutory requirement is enforceable in the same manner as specified in division (B) of section 4117.09 of the Revised Code.

(F) Nothing in this section shall be construed to prohibit a party from seeking enforcement of a collective bargaining agreement or a conciliator's award as specified in division (B) of section 4117.09 of the Revised Code.

(G) The following guidelines apply to final offer settlement proceedings under division (D)(1) of this section:

(1) The parties shall submit to final offer settlement those issues that are subject to collective bargaining as provided by section 4117.08 of the Revised Code and upon which the parties
have not reached agreement and other matters mutually agreed to by the public employer and the exclusive representative; except that the conciliator may attempt mediation at any time.

(2) The conciliator shall hold a hearing within thirty days of the board's order to submit to a final offer settlement procedure, or as soon thereafter as is practicable.

(3) The conciliator shall conduct the hearing pursuant to rules developed by the board. The conciliator shall establish the hearing time and place, but it shall be, where feasible, within the jurisdiction of the state. Not later than five calendar days before the hearing, each of the parties shall submit to the conciliator, to the opposing party, and to the board, a written report summarizing the unresolved issues, the party's final offer as to the issues, and the rationale for that position.

(4) Upon the request by the conciliator, the board shall issue subpoenas for the hearing.

(5) The conciliator may administer oaths.

(6) The conciliator shall hear testimony from the parties and provide for a written record to be made of all statements at the hearing. The board shall submit for inclusion in the record and for consideration by the conciliator the written report and recommendation of the fact-finders.

(7) After hearing, the conciliator shall resolve the dispute between the parties by selecting, on an issue-by-issue basis, from between each of the party's final settlement offers, taking into consideration the following:

(a) Past collectively bargained agreements, if any, between the parties;

(b) Comparison of the issues submitted to final offer settlement relative to the employees in the bargaining unit.
involved with those issues related to other public and private employees doing comparable work, giving consideration to factors peculiar to the area and classification involved;

(c) The interests and welfare of the public, the ability of the public employer to finance and administer the issues proposed, and the effect of the adjustments on the normal standard of public service;

(d) The lawful authority of the public employer;

(e) The stipulations of the parties;

(f) Such other factors, not confined to those listed in this section, which are normally or traditionally taken into consideration in the determination of the issues submitted to final offer settlement through voluntary collective bargaining, mediation, fact-finding, or other impasse resolution procedures in the public service or in private employment.

(8) Final offer settlement awards made under Chapter 4117. of the Revised Code are subject to Chapter 2711. of the Revised Code.

(9) If more than one conciliator is used, the determination must be by majority vote.

(10) The conciliator shall make written findings of fact and promulgate a written opinion and order upon the issues presented to the conciliator, and upon the record made before the conciliator and shall mail or otherwise deliver a true copy thereof to the parties and the board.

(11) Increases in rates of compensation and other matters with cost implications awarded by the conciliator may be effective only at the start of the fiscal year next commencing after the date of the final offer settlement award; provided that if a new fiscal year has commenced since the issuance of the board order to submit to a final offer settlement procedure, the awarded
increases may be retroactive to the commencement of the new fiscal year. The parties may, at any time, amend or modify a conciliator's award or order by mutual agreement.

(12) The parties shall bear equally the cost of the final offer settlement procedure.

(13) Conciliators appointed pursuant to this section shall be residents of the state.

(H) All final offer settlement awards and orders of the conciliator made pursuant to Chapter 4117. of the Revised Code are subject to review by the court of common pleas having jurisdiction over the public employer as provided in Chapter 2711. of the Revised Code. If the public employer is located in more than one court of common pleas district, the court of common pleas in which the principal office of the chief executive is located has jurisdiction.

(B) An unfair labor practice by a public employer is not a defense to the injunction proceeding noted in division (A) of this section. Allegations of unfair labor practices during the settlement procedures set forth in section 4117.14 of the Revised Code shall receive priority by the state employment relations board.

(C) No public employee is entitled to pay or compensation from the public employer for the period engaged in any strike.

Sec. 4121.443. (A) The bureau of workers' compensation may summarily suspend the certification of a provider to participate in the health partnership program created under sections 4121.44 and 4121.441 of the Revised Code without a prior hearing if the bureau determines any of the following apply to the provider:

to a violation of section 2913.48 or sections 2923.31 to 2923.36 of the Revised Code or has been convicted of or pleaded guilty to any other criminal offense related to the delivery of or billing for health care services.

(3) The bureau determines, by clear and convincing evidence, that the continued participation by the provider in the health partnership program presents a danger of immediate and serious harm to claimants.

(B) The bureau shall issue a written order of summary suspension by certified mail or in person in accordance with section sections 119.05 and 119.07 of the Revised Code. If the provider subject to the summary suspension requests an adjudicatory hearing by the bureau, the date set for the hearing shall be not later than fifteen days, but not earlier than seven days, after the provider requests the hearing, unless otherwise agreed to by both the bureau and the provider.

(C) If an order issued pursuant to this section is appealed, the court may stay execution of the order and fix the terms of the stay, if the court finds both of the following:

(1) That an unusual hardship to the appellant will result from execution of the order pending appeal;

(2) That the health, safety, and welfare of the public will not be threatened by staying execution of the order pending appeal.

(D) A court or agency order staying the suspension of a professional license, certification, or registration shall not affect the ability of the bureau to suspend the certification of a provider to participate in the health partnership program under this section.

(E) The summary suspension of a certification of a provider under this section shall not affect the ability of that provider
to receive payment for services rendered prior to the effective
date of the suspension.

(F) Any summary suspension imposed under this section shall
remain in effect, unless reversed on appeal, until a final
adjudication order issued by the bureau pursuant to this section
and Chapter 119. of the Revised Code takes effect. The bureau
shall issue its final adjudication order within seventy-five days
after completion of its hearing. A failure to issue the order
within the seventy-five-day time period shall result in
dissolution of the summary suspension order but shall not
invalidate any subsequent, final adjudication order.

(G) As used in this section, "provider" does not include a
hospital.

Sec. 4123.543. (A) As used in this section, "customer model

chapter and Chapters 4121., 4127., and 4131. of the Revised Code
if the inmate works in a customer model enterprise.

(2) If the enterprise for which an inmate works is an
employer model enterprise, the private participant of the
enterprise shall be considered the employer of the inmate for
purposes of this chapter.

(C)(1) An inmate who is injured or who contracts an
occupational disease arising out of participation in authorized

custody of the department shall receive medical treatment and have
medical determinations for purposes of this chapter and Chapter
4121. of the Revised Code made by the department's medical
providers. Medical determinations made by the department's
providers shall be limited to initial claim allowances and
requests for additional conditions. The claimant may request a
review by the department's chief medical officer. In the event of
an appeal, the claimant may receive a medical evaluation from a
medical practitioner affiliated within the department's network of
third-party medical contractors or a medical practitioner in a
managed care organization certified by the bureau of workers'
compensation under section 4121.44 of the Revised Code and located
in Franklin county.

(E) In accordance with division (J) of section 4123.54 of the
Revised Code, compensation or benefits are not payable to a
claimant during the period of confinement of the claimant in any
correctional institution or county jail. Any remaining amount of
an award of compensation or benefits for an injury or occupational
disease arising out of participation in authorized work activity
in the federal prison industries enhancement certification program
shall be paid to or on behalf of a claimant after the claimant is
released from imprisonment. If a claimant is reimprisoned, compensation and benefits shall be suspended during the claimant's imprisonment but shall resume on the claimant's release from imprisonment.

amount of regular benefits plus one half of extended benefits paid from that fund that is attributable to service in the employ of the nonprofit organization to individuals whose service, during the base period of the claims, was within the effective period of such election.

(2) Any nonprofit organization which becomes subject to this chapter after January 1, 1972, may elect to become liable for payments in lieu of contributions for a period of not less than the remainder of that calendar year and the next calendar year, beginning with the date on which such subjectivity begins, by filing a written notice of its election with the director not later than thirty days immediately following the date of the determination of such subjectivity.

(3) Any nonprofit organization which makes an election in accordance with this division will continue to be liable for payments in lieu of contributions for the period described in this division and until it files with the director a written notice terminating its election. The notice shall be filed not later than thirty days prior to the beginning of the calendar year for which the termination is to become effective.

(4) Any nonprofit organization which has been paying contributions for a period subsequent to January 1, 1972, may change to a reimbursable basis by filing with the director, not later than thirty days prior to the beginning of any calendar year, a written notice of election to become liable for payments in lieu of contributions. The election shall not be terminable by the organization during that calendar year and the next calendar year.

(5) The director, in accordance with any rules the director prescribes, shall notify each nonprofit organization of any determination which the director may make of its status as an employer and of the effective date of any election which it makes.
and of any termination of the election. Any determinations shall be subject to reconsideration, appeal, and review in accordance with section 4141.26 of the Revised Code.

(B) Except as provided in division (I) of section 4141.29 of the Revised Code, benefits based on service with a nonprofit organization granted a reimbursing status under this section shall be payable in the same amount, on the same terms, and subject to the same conditions, as benefits payable on the basis of other service subject to this chapter. Payments in lieu of contributions shall be made in accordance with this division and division (D) of section 4141.24 of the Revised Code.

(1)(a) At the end of each calendar quarter, or at the end of any other period as determined by the director under division (D)(4) of section 4141.24 of the Revised Code, the director shall bill each nonprofit organization or group of such organizations which has elected to make payments in lieu of contributions for an amount equal to the full amount of regular benefits plus one half of the amount of extended benefits paid during such quarter or other prescribed period which is attributable to service in the employ of such organization.

(b) In the computation of the amount of benefits to be charged to employers liable for payments in lieu of contributions, all benefits attributable to service described in division (B)(1)(a) of this section shall be computed and charged to such organization as described in division (D) of section 4141.24 of the Revised Code, and, except as provided in division (D)(2) of section 4141.24 of the Revised Code, no portion of the amount may be charged to the mutualized account established by division (B) of section 4141.25 of the Revised Code.

(c) The director may prescribe regulations under which organizations, which have elected to make payments in lieu of contributions, may request permission to make such payments in
equal installments throughout the year with an adjustment at the end of the year for any excess or shortage of the amount of such installment payments compared with the total amount of benefits actually charged the organization's account during the year. In making any adjustment, where the total installment payments are less than the actual benefits charged, the organization shall be liable for payment of the unpaid balance in accordance with division (B)(2) of this section. If the total installment payments exceed the actual benefits charged, all or part of the excess may, at the discretion of the director, be refunded or retained in the fund as part of the payments which may be required in the next year.

(2) Payment of any bill rendered under division (B)(1) of this section shall be made not later than thirty days after the bill was mailed to the last known address of the organization or was otherwise delivered to it, unless there has been an application for review and redetermination in accordance with division (B)(4) of this section.

(3) Payments made by an organization under this section shall not be deducted or deductible, in whole or in part, from the remuneration of individuals in the employ of the organization.

(4) An organization may file an application for review and redetermination of the amounts appearing on any bill rendered to such organization under division (B)(1) of this section. The application shall be filed and determined under division (D)(4) of section 4141.24 of the Revised Code.

(5) Past-due payments of amounts in lieu of contributions shall be subject to the same interest rates and collection procedures that apply to past-due contributions under sections 4141.23 and 4141.27 of the Revised Code. In case of failure to file a required quarterly report within the time prescribed by the director, the nonprofit organization shall be subject to a
forfeiture pursuant to section 4141.20 of the Revised Code for each quarterly report that is not timely filed.

All interest and forfeitures collected under this division shall be paid into the unemployment compensation special administrative fund as provided in section 4141.11 of the Revised Code.

(6) All payments in lieu of contributions collected under this section shall be paid into the unemployment compensation fund as provided in section 4141.09 of the Revised Code. Any refunds of such payments shall be paid from the unemployment compensation fund, as provided in section 4141.09 of the Revised Code.

(C)(1) Any nonprofit organization, or group of such organizations approved under division (D) of this section, that elects to become liable for payments in lieu of contributions shall be required within thirty days after the effective date of its election, to execute and file with the director a surety bond approved by the director or it may elect instead to deposit with the director approved municipal or other bonds, or approved securities, or a combination thereof, or other forms of collateral security approved by the director.

(2)(a) The amount of the bond or deposit required shall be equal to three per cent of the organization's wages paid for employment as defined in section 4141.01 of the Revised Code that would have been taxable had the organization been a subject employer during the four calendar quarters immediately preceding the effective date of the election, or the amount established by the director within the limitation provided in division (C)(2)(c) of this section, whichever is the less. The effective date of the amount of the bond or other collateral security required after the employer initially is determined by the director to be liable for payments in lieu of contributions shall be the renewal date in the case of a the bond or the
biennial anniversary of the effective date of election in the case of deposit of securities or other forms of collateral security approved by the director, whichever date shall be most recent and applicable. The director shall require adjustments to be made in a previously filed bond or other form of collateral security as the director considers appropriate. If the bond or other form of collateral security is to be increased, the adjusted bond or collateral security shall be filed by the organization within thirty days of the date that notice of the required adjustment was mailed or otherwise delivered to it. Failure by any organization covered by such bond or collateral security to pay the full amount of payments in lieu of contributions when due, together with any applicable interest provided for in division (B)(5) of this section, shall render the surety liable on the bond or collateral security to the extent of the bond or collateral security, as though the surety was the organization.

(c) Any securities accepted in lieu of surety bond by the director shall be deposited with the treasurer of state who shall have custody thereof and retain the same in the treasurer of state's possession, or release them, according to conditions prescribed by regulations of the director. Income from the securities, held in custody by the treasurer of state, shall
Accrue to the benefit of the depositor and shall be distributed to the depositor in the absence of any notification from the director that the depositor is in default on any payment owed to the director. The director may require the sale of any such bonds to the extent necessary to satisfy any unpaid payments in lieu of contributions, together with any applicable interest or forfeitures provided for in division (B)(5) of this section. The director shall require the employer within thirty days following any sale of deposited securities, under this subdivision, to deposit additional securities, surety bond, or combination of both, to make whole the employer's security deposit at the approved level. Any cash remaining from the sale of such securities may, at the discretion of the director, be refunded in whole or in part, or be paid into the unemployment compensation fund to cover future payments required of the organization.

(d) The required bond or deposit for any nonprofit organization, or group of such organizations approved by the director under division (D) of this section, that is determined by the director to be liable for payments in lieu of contributions effective beginning on and after January 1, 1996, but prior to January 1, 1998, and the required bond or deposit for any renewed elections under division (C)(2)(b) of this section effective during that period shall not exceed one million two hundred fifty thousand dollars. The required bond or deposit for any nonprofit organization, or group of such organizations approved by the director under division (D) of this section, that is determined to be liable for payments in lieu of contributions effective on and after January 1, 1998, and the required bond or deposit for any renewed elections effective on and after January 1, 1998, shall not exceed two million dollars.

(3) If any nonprofit organization fails to file a bond or make a deposit, or to file a bond in an increased amount or to
make the amount of a previously made deposit, as provided under this division, the director may terminate the organization's election to make payments in lieu of contributions effective for the quarter following such failure and the termination shall continue for not less than the remainder of that calendar year and the next calendar year, beginning with the quarter in which the termination becomes effective; except that the director may extend for good cause the applicable filing, deposit, or adjustment period by not more than thirty days.

(D)(1) Two or more nonprofit organizations that have become liable for payments in lieu of contributions, in accordance with division (A) of this section, may file a joint application to the director for the establishment of the group account for the purpose of sharing the cost of benefits paid that are attributable to service in the employ of those employers. Notwithstanding division (E) of section 4141.242 of the Revised Code, hospitals operated by this state or a political subdivision may participate in a group account with nonprofit organizations under the procedures set forth in this section. Each application shall identify and authorize a group representative to act as the group's agent for the purposes of this division.

(2) Upon the director's approval of the application, the director shall establish a group account for the employers effective as of the beginning of the calendar quarter in which the director receives the application and shall notify the group's representative of the effective date of the account. The account shall remain in effect for not less than two years and thereafter until terminated by the director or upon application by the group.

(3) Upon establishment of the account, each member of the group shall be liable, in the event that the group representative fails to pay any bill issued to it pursuant to division (B) of this section, for payments in lieu of contributions with respect
to each calendar quarter in the amount that bears the same ratio
to the total benefits paid in the quarter that are attributable to
service performed in the employ of all members of the group as the
total wages paid for service in employment by the member in the
quarter bear to the total wages paid during the quarter for
service performed in the employ of all members of the group.

(4) The director shall adopt regulations as considered
necessary with respect to the following: applications for
establishment, bonding, maintenance, and termination of group
accounts that are authorized by this section; addition of new
members to and withdrawal of active members from such accounts;
and the determination of the amounts that are payable under this
division by the group representative and in the event of default
in payment by the group representative, members of the group, and
the time and manner of payments.

Sec. 4141.28. BENEFITS

(A) FILINGS

Applications for determination of benefit rights and claims
for benefits shall be filed with the director of job and family
services. Such applications and claims also may be filed with an
employee of another state or federal agency charged with the duty
of accepting applications and claims for unemployment benefits or
with an employee of the unemployment insurance commission of
Canada.

When an unemployed individual files an application for
determination of benefit rights, the director shall furnish the
individual with an explanation of the individual's appeal rights.
The explanation shall describe clearly the different levels of
appeal and explain where and when each appeal must be filed.

(B) APPLICATION FOR DETERMINATION OF BENEFIT RIGHTS
In filing an application, an individual shall furnish the director with the name and address of the individual's most recent separating employer and the individual's statement of the reason for separation from the employer. The director shall promptly notify the individual's most recent separating employer of the filing and request the reason for the individual's unemployment, unless that notice is not necessary under conditions the director establishes by rule. The director may request from the individual or any employer information necessary for the determination of the individual's right to benefits. The employer shall provide the information requested within ten working days after the request is sent. If an employer fails to provide requested information within ten working days, the director shall provide to the tax commissioner the individual's and employer's names, addresses, taxpayer identification numbers if available, and any additional information required by the tax commissioner. The tax commissioner shall confirm to the director whether the individual was included on the most recent annual return filed by the employer pursuant to division (F) of section 5747.07 of the Revised Code. The tax commissioner shall inform the director if the tax commissioner is unable to provide the requested confirmation. If necessary to ensure prompt determination and payment of benefits, the director shall base the determination on the information that is available.

An individual filing an application for determination of benefit rights shall disclose, at the time of filing, whether or not the individual owes child support obligations.

An individual filing an application for determination of benefit rights shall furnish proof of identity at the time of filing in the manner prescribed by the director. The director shall adopt rules to prescribe the manner in which an applicant shall furnish proof of identity.

(C) MASS LAYOFFS
An employer who lays off or separates within any seven-day period fifty or more individuals because of lack of work shall furnish notice to the director of the dates of layoff or separation and the approximate number of individuals being laid off or separated. The notice shall be furnished at least three working days prior to the date of the first day of such layoff or separation. In addition, at the time of the layoff or separation the employer shall furnish to the individual and to the director information necessary to determine the individual's eligibility for unemployment compensation.

(D) DETERMINATION OF BENEFIT RIGHTS

The director shall promptly examine any application for determination of benefit rights. On the basis of the information available to the director under this chapter, the director shall determine whether or not the application is valid, and if valid, the date on which the benefit year shall commence and the weekly benefit amount. The director shall promptly notify the applicant, employers in the applicant's base period, and any other interested parties of the determination and the reasons for it. In addition, the determination issued to the claimant shall include the total amount of benefits payable. The determination issued to each chargeable base period employer shall include the total amount of benefits that may be charged to the employer's account.

(E) CLAIM FOR BENEFITS

The director shall examine the first claim and any additional claim for benefits. On the basis of the information available, the director shall determine whether the claimant's most recent separation and, to the extent necessary, prior separations from work, allow the claimant to qualify for benefits. Written notice of the determination granting or denying benefits shall be sent to the claimant, the most recent separating employer, and any other employer involved in the determination, except that written notice
is not required to be sent to the claimant if the reason for separation is lack of work and the claim is allowed.

If the director identifies an eligibility issue, the director shall immediately send notice to the claimant of the issue identified, specify the week or weeks involved, and identify what the claimant must do to address the issue or who the claimant may contact for more information. The claimant has a minimum of five business days after the notice is sent to respond to the information included in the notice, and after the time allowed as determined by the director, the director shall make a determination. The claimant's response may include a request for a fact-finding interview when the eligibility issue is raised by an informant or source other than the claimant, or when the eligibility issue, if determined adversely, disqualifies the claimant for the duration of the claimant's period of unemployment.

When the determination of a continued claim for benefits results in a disallowed claim, the director shall notify the claimant of the disallowance and the reasons for it.

(F) ELIGIBILITY NOTICE

Any base period or subsequent employer of a claimant who has knowledge of specific facts affecting the claimant's right to receive benefits for any week may notify the director in writing of those facts. The director shall prescribe a form for such eligibility notice, but failure to use the form shall not preclude the director's examination of any notice.

To be considered valid, an eligibility notice must: contain in writing, a statement that identifies either a source who has firsthand knowledge of the information or an informant who can identify the source; provide specific and detailed information that may potentially disqualify the claimant; provide the name and
address of the source or the informant; and appear to the director to be reliable and credible.

An eligibility notice is timely filed if received or postmarked prior to or within forty-five calendar days after the end of the week with respect to which a claim for benefits is filed by the claimant. An employer who timely files a valid eligibility notice shall be an interested party to the claim for benefits which is the subject of the notice.

The director shall consider the information contained in the eligibility notice, together with other available information. After giving the claimant notice and an opportunity to respond, the director shall make a determination and inform the notifying employer, the claimant, and other interested parties of the determination.

(G) CORRECTED DETERMINATION

If the director finds within the two hundred eight calendar weeks beginning with the Sunday of the week during which an application for benefit rights was filed that a determination made by the director was erroneous due to an error in an employer's report or any typographical or clerical error in the director's determination, or as shown by correct remuneration information received by the director, the director shall issue a corrected determination to all interested parties. The corrected determination shall take precedence over and void the prior determination of the director. The director shall not issue a corrected determination when the commission or a court has jurisdiction with respect to that determination.

(H) EFFECT OF COMMISSION DECISIONS

In making determinations, the director shall follow decisions of the unemployment compensation review commission which have become final with respect to claimants similarly situated.
(I) PROMPT PAYMENTS

If benefits are allowed by the director, a hearing officer, the commission, or a court, the director shall pay benefits promptly, notwithstanding any further appeal, provided that if benefits are denied on appeal, of which the parties have notice and an opportunity to be heard, the director shall withhold payment of benefits pending a decision on any further appeal.

Sec. 4141.31. (A) Benefits otherwise payable for any week shall be reduced by the amount of remuneration or other payments a claimant receives with respect to such week as follows:

(1) Remuneration in lieu of notice;

(2) Compensation for wage loss under division (B) of section 4123.56 of the Revised Code or a similar provision under the workers' compensation law of any state or the United States;

(3) Payments in the form of retirement, or pension allowances as provided under section 4141.312 of the Revised Code;

(4) Except as otherwise provided in division (D) of this section, remuneration in the form of separation or termination pay paid to an employee at the time of the employee's separation from employment;

(5) Vacation pay or allowance. Amounts payable under the law, terms of a labor-management contract or agreement, or other contract of hire, which payments are allocated to designated weeks, for either of the following:

(a) Vacation pay or allowance;

(b) Holiday pay or allowance.

(6) Bonuses payable under the law, terms of a labor-management contract or agreement, or other contract of hire;

(7) The determinable value of cost savings days.
If payments under this division are paid with respect to a month then the amount of remuneration deemed to be received with respect to any week during such month shall be computed by multiplying such monthly amount by twelve and dividing the product by fifty-two. If there is no designation of the period with respect to which payments to an individual are made under this section then an amount equal to such individual's normal weekly wage shall be attributed to and deemed paid with respect to the first and each succeeding week following the individual's separation or termination from the employment of the employer making the payment until such amount so paid is exhausted.

If benefits for any week, when reduced as provided in this division, result in an amount not a multiple of one dollar, such benefits shall be rounded to the next lower multiple of one dollar.

Any payment allocated by the employer or the director of job and family services to weeks under division (A)(1), (4), or (5) of this section shall be deemed to be remuneration for the purposes of establishing a qualifying week and a benefit year under divisions (O)(1) and (R) of section 4141.01 of the Revised Code.

(B) Benefits payable for any week shall not be reduced by the amount of remuneration a claimant receives with respect to such week in the form of drill or reserve pay received by a member of the Ohio national guard or the armed forces reserve for attendance at a regularly scheduled drill or meeting.

(D) The F-11 permit holder shall clearly define and sufficiently restrict the premises of the event to allow proper enforcement of the permit by state and local law enforcement officers. If an F-11 permit is issued for all or a portion of the same premises for which another class of permit is issued, that permit holder's privileges are suspended in that portion of the premises in which the F-11 permit is in effect.

(E)(1) No F-11 permit is effective for more than seventy-two consecutive hours. However, for purposes of an exposition at the state fairgrounds, an F-11 permit is effective for the duration of the exposition.

(2) No sales of beer shall take place under an F-11 permit after one a.m.
(F) The division shall not issue more than six F-11 permits to the same nonprofit organization in any one calendar year.

(G) An applicant for an F-11 permit shall apply for the permit not later than thirty days prior to the first day of the event for which the permit is sought. In the application, the applicant shall list all of the A-1 and A-1c permit holders that will participate in the event. The fee for the F-11 permit is sixty dollars for each day of the event.

The division shall prepare and make available an F-11 permit application form and may require applicants for and holders of the F-11 permit to provide information that is in addition to that required by this section and that is necessary for the administration of this section.

(H)(1) An F-11 permit holder is responsible, and is subject to penalties, for any violations of this chapter or Chapter 4301. of the Revised Code that occur during the event.

(2) An F-11 permit holder shall not allow an A-1 or A-1c permit holder to participate in the event if the A-1 or A-1c permit or, if applicable, the A-1-A permit of that A-1 or A-1c permit holder is under suspension.

(3) The division may refuse to issue an F-11 permit to an applicant if both of the following apply:

(a) The applicant has pleaded guilty to or has been convicted of violating this chapter or Chapter 4301. of the Revised Code while operating under a previously issued F-11 permit.

(b) The violation occurred within the two years preceding the filing of the new F-11 permit application.

(I) Notwithstanding any provision of section 4301.24 of the Revised Code or any rule adopted by the liquor control commission to the contrary, employees of an A-1 or A-1c permit holder or B-1
permit holder, or employees or agents of a B-1 permit holder may
assist an F-11 permit holder in serving beer at an event for which
an F-11 permit is issued.

Sec. 4303.271. (A) Except as provided in divisions (B) and
(D) of this section, the holder of a permit issued under sections
4303.02 to 4303.232 of the Revised Code, who files an application
for the renewal of the same class of permit for the same premises,
shall be entitled to the renewal of the permit. The division of
liquor control shall renew the permit unless the division rejects
for good cause any renewal application, subject to the right of
the applicant to appeal the rejection to the liquor control
commission.

(B) The legislative authority of the municipal corporation,
the board of township trustees, or the board of county
commissioners of the county in which a permit premises is located
may object to the renewal of a permit issued under sections
4303.11 to 4303.183 of the Revised Code for any of the reasons
contained in division (A) of section 4303.292 of the Revised Code.
Any objection shall be made no later than thirty days prior to the
expiration of the permit, and the division shall accept the
objection if it is postmarked no later than thirty days prior to
the expiration of the permit. The objection shall be made by a
resolution specifying the reasons for objecting to the renewal and
requesting a hearing, but no objection shall be based upon
noncompliance of the permit premises with local zoning regulations
that prohibit the sale of beer or intoxicating liquor in an area
zoned for commercial or industrial uses, for a permit premises
that would otherwise qualify for a proper permit issued by the
division. The resolution shall be accompanied by a statement by
the chief legal officer of the political subdivision that, in the
chief legal officer's opinion, the objection is based upon
substantial legal grounds within the meaning and intent of
division (A) of section 4303.292 of the Revised Code.

Upon receipt of a resolution of a legislative authority or board objecting to the renewal of a permit and a statement from the chief legal officer, the division shall set a time for the hearing and send by certified mail to the permit holder, at the permit holder's usual place of business, a copy of the resolution and notice of the hearing. The division shall then hold a hearing in the central office of the division, except that, upon written request of the legislative authority or board, the hearing shall be held in the county seat of the county in which the permit premises is located, to determine whether the renewal shall be denied for any of the reasons contained in division (A) of section 4303.292 of the Revised Code. Only the reasons for refusal contained in division (A) of section 4303.292 of the Revised Code and specified in the resolution of objection shall be considered at the hearing.

The permit holder and the objecting legislative authority or board shall be parties to the proceedings under this section and shall have the right to be present, to be represented by counsel, to offer evidence, to require the attendance of witnesses, and to cross-examine witnesses at the hearing.

(C) An application for renewal of a permit shall be filed with the division at least fifteen days prior to the expiration of an existing permit, and the existing permit shall continue in effect as provided in section 119.06 of the Revised Code until the application is approved or rejected by the division. Any holder of a permit, which has expired through failure to be renewed as provided in this section, shall obtain a renewal of the permit, upon filing an application for renewal with the division, at any time within thirty days from the date of the expired permit. A penalty of ten per cent of the permit fee shall be paid by the permit holder if the application for renewal is not filed at least
fifteen days prior to the expiration of the permit.

(D)(1) Annually, the tax commissioner shall examine the
department of taxation's records for the horse-racing, alcoholic
beverage, motor fuel, petroleum activity, sales or use, cigarette,
other tobacco products, employer withholding, commercial activity,
and gross casino revenue tax and gross receipts taxes levied
pursuant to section 5739.101 of the Revised Code for each holder
of a permit issued under sections 4303.02 to 4303.232 of the
Revised Code to determine if the permit holder is delinquent in
filing any returns, submitting any information required by the
commissioner, or remitting any payments with respect to those
taxes or any fees, charges, penalties, or interest related to
those taxes.

If any delinquency or liability exists, the commissioner
shall send a notice of that fact by certified mail, return receipt
requested, to the permit holder in the manner provided in section
5703.37 of the Revised Code. The notice shall specify, in as much
detail as is possible, the periods for which returns have not been
filed and the nature and amount of unpaid assessments and other
liabilities and shall be sent on or before the first day of the
third month preceding the month in which the permit expires. The
commissioner also shall notify the division of liquor control of
the delinquency or liability, identifying the permit holder by
name and permit number.

(2)(a) Except as provided in division (D)(4) of this section,
the division of liquor control shall not renew the permit of any
permit holder the tax commissioner has identified as being
delinquent in filing any returns, providing any information, or
remitting any payments with respect to the taxes listed in
division (D)(1) of this section as of the first day of the sixth
month preceding the month in which the permit expires, or of any
permit holder the commissioner has identified as having been
assessed by the department on or before the first day of the third
month preceding the month in which the permit expires, until the
division is notified by the commissioner that the delinquency,
liability, or assessment has been resolved.

(b)(i) Within ninety days after the date on which the permit
expires, any permit holder whose permit is not renewed under this
division may file an appeal with the liquor control commission. The
commission shall notify the tax commissioner regarding the
filing of any such appeal. During the period in which the appeal
is pending, the permit shall not be renewed by the division. The
permit shall be reinstated if the permit holder and the
commissioner or the attorney general demonstrate to the liquor
control commission that the commissioner's notification of a
delinquency or assessment was in error or that the issue of the
delinquency or assessment has been resolved.

(ii) A permit holder who has filed an appeal under division
(D)(2)(b)(i) of this section may file a motion to withdraw the
appeal. The division of liquor control may renew a permit holder's
permit if the permit holder has withdrawn such an appeal and the
division receives written certification from the tax commissioner
that the permit holder's delinquency or assessment has been
resolved.

(3) A permit holder notified of delinquency or liability
under this section may protest the notification to the tax
commissioner on the basis that no return or information is
delinquent and no tax, fee, charge, penalty, or interest is
outstanding. The commissioner shall expeditiously consider any
evidence submitted by the permit holder and, if it is determined
that the notification was in error, immediately shall inform the
division of liquor control that the renewal application may be
granted. The renewal shall not be denied if the delinquency or
unreported liability is the subject of a bona fide dispute as to
the validity of the delinquency or unreported liability and is the subject of an assessment and of an appeal properly filed by the permit holder.

(4) If the commissioner concludes that under the circumstances the permit holder's delinquency or liability has been conditionally resolved, the commissioner shall allow the permit to be renewed, conditioned upon the permit holder's continuing performance in satisfying the delinquency and liability. The conditional nature of the renewal shall be specified in the notification given to the division of liquor control under division (D)(1) of this section. Upon receipt of notice of the resolution, the division shall issue a conditional renewal. If the taxpayer defaults on any agreement to pay the delinquency or liability or fails to keep subsequent tax or fee payments current, the liquor control commission, upon request and proof of the default or failure to keep subsequent tax or fee payments current, shall indefinitely suspend the permit holder's permit until all taxes or fees and interest due are paid.

(5) The commissioner may adopt rules to assist in administering the duties imposed by this section.

for the award of a deputy registrar contract by applying in the
same manner as any other person. All fees collected and retained
by a clerk for conducting deputy registrar services shall be paid
into the county treasury to the credit of the certificate of title
administration fund created under section 325.33 of the Revised
Code.

Notwithstanding the county population restrictions in
division (A)(1)(b) of this section, if no person applies to act
under contract as a deputy registrar in a county and the county
auditor is not designated as a deputy registrar, the registrar may
ask the clerk of a court of common pleas to serve as the deputy
registrar for that county.

(c)(b) As part of the selection process in awarding a deputy
registrar contract, the registrar shall consider the customer
service performance record of any person previously awarded a
deputy registrar contract pursuant to division (A)(1) of this
section.

(o) Establish such other requirements as the registrar and director consider necessary to provide a high level of service.

rules may allow both of the following:

(a) The registrar to award a contract to a deputy registrar

credit to a deputy registrar the amount established under section

4503.038 of the Revised Code for each damaged license plate or

member of the public.

(4)(a) With the prior approval of the registrar, each deputy
registrar may conduct at the location of the deputy registrar's
office any business that is consistent with the functions of a
deputy registrar and that is not specifically mandated or
authorized by this or another chapter of the Revised Code or by
implementing rules of the registrar.

(b) In accordance with guidelines the director of public

safety shall establish, a deputy registrar may operate or contract
for the operation of a vending machine at a deputy registrar

location if products of the vending machine are consistent with

the functions of a deputy registrar.

(c) A deputy registrar may enter into an agreement with the
Ohio turnpike and infrastructure commission pursuant to division
(A)(11) of section 5537.04 of the Revised Code for the purpose of
allowing the general public to acquire from the deputy registrar
the electronic toll collection devices that are used under the
multi-jurisdiction electronic toll collection agreement between
the Ohio turnpike and infrastructure commission and any other
entities or agencies that participate in such an agreement. The
approval of the registrar is not necessary if a deputy registrar
engages in this activity.

(5) Not later than July 1, 2025, the registrar shall provide
every deputy registrar access to an internet-based application
programming interface that does all of the following:

(a) Assigns each deputy registrar a unique credential for use
of the interface;

(b) Allows each deputy registrar to provide online services
and transactions for bureau of motor vehicle services otherwise
provided at a deputy registrar agency;

(c) Limits the use of the interface to the deputy registrars,
the authorized agents of the deputy registrars, and the authorized
agents of the registrar necessary for technical support.

The registrar may adopt rules in accordance with Chapter 119.
of the Revised Code to implement and administer division (D)(5)
of this section. Notwithstanding any provision of section 121.95 of
the Revised Code to the contrary, a regulatory restriction
contained in a rule adopted under division (D)(5) of this section
is not subject to sections 121.95 to 121.953 of the Revised Code.

(6) As used in this section and in section 4507.01 of the
Revised Code, "nonprofit corporation" has the same meaning as in
section 1702.01 of the Revised Code.

(E)(1) Unless otherwise terminated and except for interim
contracts lasting not longer than one year, contracts with deputy
registrars shall be entered into through a competitive selection
process and shall be limited in duration as follows:

29, 2014, for a period of not less than two years, but not more

The registrar, with the approval of the director, shall immediately remove a deputy who violates any provision of the Revised Code related to the duties as a deputy, any rule adopted by the registrar, or a term of the deputy's contract with the registrar. The registrar also may remove a deputy who, in the opinion of the registrar, has engaged in any conduct that is either unbecoming to one representing this state or is inconsistent with the efficient operation of the deputy's office.

(b) If the registrar, with the approval of the director, determines that there is good cause to believe that a deputy registrar or a person proposing for a deputy registrar contract has engaged in any conduct that would require the denial or termination of the deputy registrar contract, the registrar may require the production of books, records, and papers as the registrar determines are necessary, and may take the depositions of witnesses residing within or outside the state in the same manner as is prescribed by law for the taking of depositions in civil actions in the court of common pleas, and for that purpose the registrar may issue a subpoena for any witness or a subpoena
duces tecum to compel the production of any books, records, or
papers, directed to the sheriff of the county where the witness
resides or is found. Such a subpoena shall be served and returned
in the same manner as a subpoena in a criminal case is served and
returned. The fees of the sheriff shall be the same as that
allowed in the court of common pleas in criminal cases. Witnesses
shall be paid the fees and mileage provided for under section
119.094 of the Revised Code. The fees and mileage shall be paid
from the fund in the state treasury for the use of the agency in
the same manner as other expenses of the agency are paid.

In any case of disobedience or neglect of any subpoena served
on any person or the refusal of any witness to testify to any
matter regarding which the witness lawfully may be interrogated,
the court of common pleas of any county where the disobedience,
neglect, or refusal occurs or any judge of that court, on
application by the registrar, shall compel obedience by attachment
proceedings for contempt, as in the case of disobedience of the
requirements of a subpoena issued from that court, or a refusal to
testify in that court.

(4) Nothing in division (E) of this section shall be
construed to require a hearing of any nature prior to the
termination of any deputy registrar contract by the registrar,
with the approval of the director, for cause.

(F) Except as provided in section 2743.03 of the Revised
Code, no court, other than the court of common pleas of Franklin
county, has jurisdiction of any action against the department of
public safety, the director, the bureau, or the registrar to
restrain the exercise of any power or authority, or to entertain
any action for declaratory judgment, in the selection and
appointment of, or contracting with, deputy registrars. Neither
the department, the director, the bureau, nor the registrar is
liable in any action at law for damages sustained by any person
because of any acts of the department, the director, the bureau, or the registrar, or of any employee of the department or bureau, in the performance of official duties in the selection and appointment of, and contracting with, deputy registrars.

(G) The registrar shall assign to each deputy registrar a series of numbers sufficient to supply the demand at all times in the area the deputy registrar serves, and the registrar shall keep a record in the registrar's office of the numbers within the series assigned. Except as otherwise provided in section 3.061 of the Revised Code, each deputy shall be required to give bond in the amount of at least twenty-five thousand dollars, or in such higher amount as the registrar determines necessary, based on a uniform schedule of bond amounts established by the registrar and determined by the volume of registrations handled by the deputy. (10) If the other party also is a driver training school, prohibits its skills test examiners from administering skills tests to applicants that the examiner personally trained;

(11) Requires each skills test examiner to administer a complete skills test to a minimum of thirty-two ten different individuals per calendar year;

(12) Reserves to this state the right to take prompt and appropriate remedial action against the other party and its skills test examiners if the other party or its skills test examiners fail to comply with standards of this state or federal standards for the testing program or with any other terms of the contract.
(C) The director shall enter into an agreement with the department of education authorizing the skills test specified in this section to be administered by the department at any location operated by the department for purposes of training and testing school bus drivers, provided that the agreement between the director and the department complies with the requirements of division (B) of this section. Skills tests administered by the department shall be limited to persons applying for a commercial driver's license with a school bus endorsement.

(D)(1) The director shall adopt rules, in accordance with Chapter 119. of the Revised Code, authorizing waiver of the skills test specified in this section for any applicant for a commercial driver's license who meets all of the following requirements:

(iv) The applicant has not had more than one conviction for
any type of motor vehicle for a serious traffic violation.

(v) The applicant has not had any violation of a state or
local law relating to motor vehicle traffic control other than a
parking violation arising in connection with any traffic accident
and has no record of an accident in which the applicant was at
fault.

(c) In accordance with rules adopted by the director, the
applicant certifies and also provides evidence of all of the
following:

(2) No applicant is eligible to take the skills test until a minimum of fourteen days have elapsed since the initial issuance of a commercial driver's license temporary instruction permit to the applicant. The director may require an applicant for a commercial driver's license who schedules an appointment with the highway patrol or other authorized employee of the department of public safety to take all portions of the skills test and to pay an appointment fee of fifty dollars at the time of scheduling the appointment. If the applicant appears at the time and location specified for the appointment and takes all portions of the skills test during that appointment, the appointment fee serves as the skills test fee. If the applicant schedules an appointment to take all portions of the skills test and fails to appear at the time and location specified for the appointment, the director shall not refund any portion of the appointment fee. If the applicant schedules an appointment to take all portions of the skills test and appears at the time and location specified for the appointment, but declines or is unable to take all portions of the skills test, the director shall not refund any portion of the appointment fee. If the applicant cancels a scheduled appointment forty-eight hours or more prior to the time of the appointment, the applicant shall not forfeit the appointment fee.

An applicant for a commercial driver's license who schedules an appointment to take one or more, but not all, portions of the skills test is required to pay an appointment fee equal to the costs of each test scheduled, as prescribed in division (E)(1) of this section, when scheduling such an appointment. If the applicant appears at the time and location specified for the appointment and takes all the portions of the skills test during that appointment that the applicant was scheduled to take, the
appointment fee serves as the skills test fee. If the applicant schedules an appointment to take one or more, but not all, portions of the skills test and fails to appear at the time and location specified for the appointment, the director shall not refund any portion of the appointment fee. If the applicant schedules an appointment to take one or more, but not all, portions of the skills test and appears at the time and location specified for the appointment, but declines or is unable to take all portions of the skills test that the applicant was scheduled to take, the director shall not refund any portion of the appointment fee. If the applicant cancels a scheduled appointment forty-eight hours or more prior to the time of the appointment time, the applicant shall not forfeit the appointment fee.

(3) The department of public safety shall deposit all fees it collects under division (E) of this section in the public safety-highway purposes fund established in section 4501.06 of the Revised Code.

(F)(1) Unless an applicant for a commercial driver's license has successfully completed the training required under 49 C.F.R. 380, subpart F, the applicant is not eligible to do any of the following:

Upon the person's completion of the skills test, this state shall electronically transmit the applicant's results to the state where the person is domiciled. If a person who is domiciled in this state takes a skills test in another state, this state shall accept the results of the skills test from the other state. If the person passed the other state's skills test and meets all of the other licensing requirements set forth in this chapter and rules adopted under this chapter, the registrar of motor vehicles or a deputy registrar shall issue a commercial driver's license to that person.

(H) Unless otherwise specified, the director or the director's representative shall conduct the examinations, inspections, audits, and test monitoring set forth in divisions (B)(2), (3), and (4) of this section at least annually. If the other party or any of its skills test examiners fail to comply

Remedial action may include termination of the agreement or revocation of a skills test examiner's certification.

(3) The individual who performed an examination conducted pursuant to this section shall complete any written documentation of a physical examination on a form that substantially complies with the requirements of 49 C.F.R. 391.43(h).

(D) Whenever good cause appears, the registrar, upon issuing a commercial driver's license or commercial driver's license temporary instruction permit under this chapter, may impose restrictions suitable to the licensee's driving ability with respect to the type of motor vehicle or special mechanical control devices required on a motor vehicle that the licensee may operate, or such other restrictions applicable to the licensee as the registrar determines to be necessary.

The registrar may either issue a special restricted license or may set forth upon the usual license form the restrictions imposed.

The registrar, upon receiving satisfactory evidence of any violation of the restrictions of the license, may impose a class D license suspension of the license for the period of time specified in division (B)(4) of section 4510.02 of the Revised Code.

The registrar, upon receiving satisfactory evidence that an applicant or holder of a commercial driver's license or commercial driver's license temporary instruction permit has violated division (A)(4) or (A)(5) of section 4506.04 of the Revised Code and knowingly given false information in any application or

(c) If a county, juvenile, or municipal court, in consultation with the board of alcohol, drug addiction, and mental health services serving the alcohol, drug addiction, and mental health service district in which the court is located, determines that the amount of money in its county IDATF, county juvenile IDATF, or municipal IDATF, as applicable, is more than sufficient to satisfy the purposes of the fund, the court may take one or more of the following actions:

(i) Transfer an amount determined appropriate by the court from that fund to another court in the same county to be used as specified in division (H)(3)(b) of this section. If funds are so
transferred, the court initiating the transfer shall notify the board it consulted with pursuant to division (H)(3)(c) of this section.

(ii) Transfer an amount determined appropriate by the court from that fund to the board of alcohol, drug addiction, and mental health services it consulted with pursuant to division (H)(3)(c) of this section. Such money shall be used by the board in a manner consistent with division (H)(3)(b) of this section.

(iii) Spend an amount determined appropriate by the court to cover part or all of the cost of purchasing alcohol monitoring devices to be used in conjunction with division (H)(3)(d) of this section, upon exhaustion of moneys in the indigent drivers interlock and alcohol monitoring fund for the use of an alcohol monitoring device.

(iv) Spend an amount determined appropriate by the court for staffing, equipment, supplies, training, drug testing, or any other expenses associated with the administration of any specialized docket program established within the court and certified by the supreme court.

(d) Upon exhaustion of moneys in the indigent drivers interlock and alcohol monitoring fund for the use of an alcohol monitoring device, a county, juvenile, or municipal court judge may use moneys in the county indigent drivers alcohol treatment fund IDATF, county juvenile indigent drivers alcohol treatment fund IDATF, or municipal indigent drivers alcohol treatment fund IDATF in either of the following manners:

(i) If the source of the moneys was an appropriation of the general assembly, a portion of a fee that was paid under division (F) of this section, a portion of a fine that was specified for deposit into the fund by section 4511.193 of the Revised Code, or a portion of a fine that was paid for a violation of section
4511.19 of the Revised Code or of a provision contained in Chapter 4510. of the Revised Code that was required to be deposited into the fund, to pay for the continued use of an alcohol monitoring device by an offender or juvenile traffic offender, in conjunction with a treatment program approved by the department of mental health and addiction services, when such use is determined clinically necessary by the treatment program and when the court determines that the offender or juvenile traffic offender is unable to pay all or part of the daily monitoring or cost of the device;

(ii) If the source of the moneys was a portion of an additional court cost imposed under section 2949.094 of the Revised Code, to pay for the continued use of an alcohol monitoring device by an offender or juvenile traffic offender when the court determines that the offender or juvenile traffic offender is unable to pay all or part of the daily monitoring or cost of the device. The moneys may be used for a device as described in this division if the use of the device is in conjunction with a treatment program approved by the department of mental health and addiction services, when the use of the device is determined clinically necessary by the treatment program, but the use of a device is not required to be in conjunction with a treatment program approved by the department in order for the moneys to be used for the device as described in this division.

(4) If a county, juvenile, or municipal court determines, in consultation with the alcohol and drug addiction services board or the board of alcohol, drug addiction, and mental health services established pursuant to section 340.02 or 340.021 of the Revised Code and serving the alcohol, drug addiction, and mental health district in which the court is located, that the funds in the county indigent drivers alcohol treatment fund, the county juvenile indigent drivers alcohol treatment fund, or the municipal
indigent drivers alcohol treatment fund under the control of the court are more than sufficient to satisfy the purpose for which the fund was established, as specified in divisions (H)(1) to (3) of this section, the court may declare a surplus in the fund. If the court declares a surplus in the fund, the court may take one or more of the following actions with regard to the amount of the surplus in the fund:

(a) Expend any of the surplus amount for alcohol and drug abuse assessment and treatment, and for the cost of transportation related to assessment and treatment, of persons who are charged in the court with committing a criminal offense or with being a delinquent child or juvenile traffic offender and in relation to whom both of the following apply:

(i) The court determines that substance abuse was a contributing factor leading to the criminal or delinquent activity or the juvenile traffic offense with which the person is charged.

(ii) The court determines that the person is unable to pay the cost of the alcohol and drug abuse assessment and treatment for which the surplus money will be used.

(b) Expend any of the surplus amount to pay all or part of the cost of purchasing alcohol monitoring devices to be used in conjunction with division (H)(3)(c) of this section, upon exhaustion of moneys in the indigent drivers interlock and alcohol monitoring fund for the use of an alcohol monitoring device.

(c) Transfer to another court in the same county any of the surplus amount to be utilized in a manner consistent with division (H)(3) of this section. If surplus funds are transferred to another court, the court that transfers the funds shall notify the alcohol and drug addiction services board or the board of alcohol, drug addiction, and mental health services that serves the alcohol, drug addiction, and mental health service district in...
which that court is located.

(d) Transfer to the alcohol and drug addiction services board or the board of alcohol, drug addiction, and mental health services that serves the alcohol, drug addiction, and mental health service district in which the court is located any of the surplus amount to be utilized in a manner consistent with division (H)(3) of this section or for board contracted recovery support services.

(e) Expend any of the surplus amount for the cost of staffing, equipment, training, drug testing, supplies, and other expenses of any specialized docket program established within the court and certified by the supreme court.

(5) In order to determine if an offender does not have the means to pay for the offender's attendance at an alcohol and drug addiction treatment program for purposes of division (H)(3) of this section or if an alleged offender or delinquent child is unable to pay the costs specified in division (H)(4) of this section, the

The court shall use the indigent client eligibility guidelines and the standards of indigency established by the state public defender to make the determination if an offender, juvenile traffic offender, or delinquent child is indigent and does not have the means to pay for any item specified in divisions (H)(3)(b)(i) to (H)(3)(b)(iv) of this section.

(6) The court shall identify and refer any community addiction services provider that intends to provide alcohol and drug addiction services and has not had its alcohol and drug addiction services certified under section 5119.36 of the Revised Code and that is interested in receiving amounts from the surplus in the fund declared under division (H)(4) of this section to the department of mental health and addiction services in order for
the community addiction services provider to have its alcohol and drug addiction services certified by the department. The department shall keep a record of applicant referrals received pursuant to this division and shall submit a report on the referrals each year to the general assembly. If a community addiction services provider interested in having its alcohol and drug addiction services certified makes an application pursuant to section 5119.36 of the Revised Code, the community addiction services provider is eligible to receive surplus funds as long as the application is pending with the department. The department of mental health and addiction services must offer technical assistance to the applicant. If the interested community addiction services provider withdraws the certification application, the department must notify the court, and the court shall not provide the interested community addiction services provider with any further surplus funds.

(7)(a) Not later than the fifteenth day of July of each year, each court with a county IDATF, county juvenile IDATF, or municipal IDATF, as applicable, shall submit all of the following information to the board of alcohol, drug addiction, and mental health services serving the alcohol, drug addiction, and mental health service district in which the court is located:

(i) The balance of funds in each fund specified in division (H)(5)(a) of this section under the court's control on the thirtieth day of June of that year;

(ii) The amount, if any, the court transferred from each fund specified in division (H)(5)(a) of this section to another court in its same county;

(iii) The amount the court spent in the state fiscal year that ended on the thirtieth day of June of that year from each fund specified in division (H)(5)(a) of this section;
(iv) The number of indigent persons served in the state fiscal year that ended on the thirtieth day of June of that year from each fund specified in division (H)(5)(a) of this section.

(b) Each alcohol and drug addiction services board and board of alcohol, drug addiction, and mental health services established pursuant to section 340.02 or 340.021 of the Revised Code shall compile the information submitted by each court under division (H)(5)(a) of this section into an annual report for that board's area, clearly delineating the items specified in that division for each court. A board shall submit to the department of mental health and addiction services an its annual report for each indigent drivers alcohol treatment fund in that board's area to the department of mental health and addiction services not later than the first day of September of each year.

(b) The report, which shall be submitted not later than sixty days after the end of the state fiscal year, shall provide the total payment that was made from the fund, including the number of indigent consumers that received treatment services and the number of indigent consumers that received an alcohol monitoring device. The report shall identify the treatment program and expenditure for an alcohol monitoring device for which that payment was made. The report shall include the fiscal year balance of each indigent drivers alcohol treatment fund located in that board's area. In the event that a surplus is declared in the fund pursuant to division (H)(4) of this section, the report also shall provide the total payment that was made from the surplus moneys and identify the authorized purpose for which that payment was made.

(c) If a board is unable to obtain adequate information to develop the report to submit to the department for any particular indigent drivers alcohol treatment fund court for purposes of preparing its annual report, the board shall submit a report detailing the effort made in obtaining the information.
specify that fact in the annual report.

(I)(1) Each county shall establish an indigent drivers interlock and alcohol monitoring fund and a juvenile indigent drivers interlock and alcohol treatment fund. Each municipal corporation in which there is a municipal court shall establish an indigent drivers interlock and alcohol monitoring fund. All revenue that the general assembly appropriates to the indigent drivers interlock and alcohol monitoring fund for transfer to a county indigent drivers interlock and alcohol monitoring fund, a county juvenile indigent drivers interlock and alcohol monitoring fund, or a municipal indigent drivers interlock and alcohol monitoring fund, all portions of license reinstatement fees that are paid under division (F)(2) of this section and that are credited under that division to the indigent drivers interlock and alcohol monitoring fund shall be deposited into a county indigent drivers interlock and alcohol monitoring fund, a county juvenile indigent drivers interlock and alcohol monitoring fund, or a municipal indigent drivers interlock and alcohol monitoring fund in accordance with division (I)(2) of this section.

(2) That portion of the license reinstatement fee that is paid under division (F) of this section and that portion of the fine paid under division (G) of section 4511.19 of the Revised Code and that is credited under either division to the indigent drivers interlock and alcohol monitoring fund shall be deposited into a county indigent drivers interlock and alcohol monitoring fund, a county juvenile indigent drivers interlock and alcohol monitoring fund, or a municipal indigent drivers interlock and alcohol monitoring fund as follows:

(a) If the fee or fine is paid by a person who was charged in a county court with the violation that resulted in the suspension or fine, the portion shall be deposited into the county indigent
drivers interlock and alcohol monitoring fund under the control of that court.

(b) If the fee or fine is paid by a person who was charged in a juvenile court with the violation that resulted in the suspension or fine, the portion shall be deposited into the county juvenile indigent drivers interlock and alcohol monitoring fund established in the county served by the court.

(c) If the fee or fine is paid by a person who was charged in a municipal court with the violation that resulted in the suspension, the portion shall be deposited into the municipal indigent drivers interlock and alcohol monitoring fund under the control of that court.

(3) If a county, juvenile, or municipal court determines that the funds in the county indigent drivers interlock and alcohol monitoring fund, the county juvenile indigent drivers interlock and alcohol monitoring fund, or the municipal indigent drivers interlock and alcohol monitoring fund under the control of that court are more than sufficient to satisfy the purpose for which the fund was established as specified in division (F)(2)(h) of this section, the court may declare a surplus in the fund. The court then may order the transfer of a specified amount into the county indigent drivers alcohol treatment fund IDATF, the county juvenile indigent drivers alcohol treatment fund IDATF, or the municipal indigent drivers alcohol treatment fund IDATF under the control of that court to be utilized in accordance with division (H) of this section.

(13) A person storing an electronic wireless communications device in a holster, harness, or article of clothing on the person's body.

(C)(1) On January 31 of each year, the department of public safety shall issue a report to the general assembly that specifies the number of citations issued for violations of this section during the previous calendar year.

(2) If a law enforcement officer issues an offender a ticket, citation, or summons for a violation of division (A) of this section, the officer shall do both of the following:

(a) Report the issuance of the ticket, citation, or summons to the officer's law enforcement agency;

(b) Ensure that such report indicates the offender's race.

(D)(1) Whoever violates division (A) of this section is guilty of operating a motor vehicle while using an electronic wireless communication device, an unclassified misdemeanor.

(a) Except as provided in divisions (D)(1)(b), (c), (d), and (2) of this section, the court shall impose upon the offender a fine of not more than one hundred fifty dollars.

(b) If, within two years of the violation, the offender has been convicted of or pleaded guilty to one prior violation of this section or a substantially equivalent municipal ordinance, the court shall impose upon the offender a fine of not more than two hundred fifty dollars.

(c) If, within two years of the violation, the offender has been convicted of or pleaded guilty to two or more prior
violations of this section or a substantially equivalent municipal ordinance, the court shall impose upon the offender a fine of not more than five hundred dollars. The court also may impose a suspension of the offender's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege for ninety days.

(d) Notwithstanding divisions (D)(1)(a) to (c) of this section, if the offender was operating the motor vehicle at the time of the violation in a construction zone where a sign was posted in accordance with section 4511.98 of the Revised Code, the court, in addition to all other penalties provided by law, shall impose upon the offender a fine of two times the amount imposed for the violation under division (D)(1)(a), (b), or (c) of this section, as applicable.

(2) In lieu of payment of the fine of one hundred fifty dollars under division (D)(1)(a) of this section and the assessment of points under division (D)(4) of this section, the offender instead may elect to attend the distracted driving safety course, as described in section 4511.991 of the Revised Code. If the offender attends and successfully completes the course within ninety days of the violation of division (A) of this section, the offender shall be issued written evidence that the offender successfully completed the course. The offender shall not be required to pay the fine and shall not have the points assessed against that offender's driver's license if the offender submits the written evidence to the court. However, successful completion of the course does not result in a dismissal of the charges for the violation, and the violation is a prior offense under divisions (D)(1)(b) and (c) of this section if the offender commits a subsequent violation or violations of division (A) of this section within two years of the offense for which the course was completed.
(3) The court may impose any other penalty authorized under sections 2929.21 to 2929.28 of the Revised Code. (4) Except as provided in division (D)(2) of this section, points shall be assessed for a violation of division (A) of this section in accordance with section 4510.036 of the Revised Code.

(5) The offense established under this section is a strict liability offense and section 2901.20 of the Revised Code does not apply. The designation of this offense as a strict liability offense shall not be construed to imply that any other offense, for which there is no specified degree of culpability, is not a strict liability offense.

(E) This section shall not be construed as invalidating, preempting, or superseding a substantially equivalent municipal ordinance that prescribes penalties for violations of that ordinance that are greater than the penalties prescribed in this section for violations of this section.

(F) A prosecution for an offense in violation of this section does not preclude a prosecution for an offense in violation of a substantially equivalent municipal ordinance based on the same conduct. However, the two offenses are allied offenses of similar import under section 2941.25 of the Revised Code.

(G)(1) A law enforcement officer does not have probable cause and shall not stop the operator of a motor vehicle for purposes of enforcing this section unless the officer visually observes the operator using, holding, or physically supporting with any part of the person's body the electronic wireless communications device.

(2) A law enforcement officer who stops the operator of a motor vehicle, trackless trolley, or streetcar for a violation of
division (A) of this section shall inform the operator that the operator may decline a search of the operator's electronic wireless communications device. The officer shall not do any of the following:

(a) Access the device without a warrant, unless the operator voluntarily and unequivocally gives consent for the officer to access the device;

(b) Confiscate the device while awaiting the issuance of a warrant to access the device;

(c) Obtain consent from the operator to access the device through coercion or any other improper means. Any consent by the operator to access the device shall be voluntary and unequivocal before the officer may access the device without a warrant.

An "electronic wireless communications device" does not include a two-way radio transmitter or receiver used by a person who is licensed by the federal communications commission to
participate in the amateur radio service.

(2) "Vehicle platoon" means the linking of two or more connected vehicles using electronic vehicle-to-vehicle communication technology where the first connected vehicle in the platoon sets the speed and direction for the rest of the connected vehicles enabling all connected vehicles in the platoon to follow at a close distance.

(B)(1) The operator of a motor vehicle, streetcar, or trackless trolley shall not follow another vehicle, streetcar, or trackless trolley more closely than is reasonable and prudent, having due regard for the speed of such vehicle, streetcar, or trackless trolley, and the traffic upon and the condition of the highway.

(2) The driver of any truck, or motor vehicle drawing another vehicle, when traveling upon a roadway outside a business or residence district shall maintain a sufficient space, whenever
conditions permit, between such vehicle and another vehicle ahead so an overtaking motor vehicle may enter and occupy such space without danger. This paragraph does not prevent overtaking and passing nor does it apply to any lane specially designated for use by trucks.

(3) Outside a municipal corporation, the driver of any truck, or motor vehicle when drawing another vehicle, while ascending to the crest of a grade beyond which the driver's view of a roadway is obstructed, shall not follow within three hundred feet of another truck, or motor vehicle drawing another vehicle. This paragraph shall not apply to any either of the following:

(a) Any lane specially designated for use by trucks;

(b) A vehicle platoon.

(4) Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade, shall maintain a sufficient space between such vehicles so an overtaking vehicle may enter and occupy such space without danger. (D) (C) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under section 4511.991 of the Revised Code.
Sec. 4511.69. (A) Every vehicle stopped or parked upon a roadway where there is an adjacent curb shall be stopped or parked with the right-hand wheels of the vehicle parallel with and not more than twelve inches from the right-hand curb, unless it is impossible to approach so close to the curb; in such case the stop shall be made as close to the curb as possible and only for the time necessary to discharge and receive passengers or to load or unload merchandise. Local authorities by ordinance may permit angle parking on any roadway under their jurisdiction, except that angle parking shall not be permitted on a state route within a municipal corporation unless an unoccupied roadway width of not less than twenty-five feet is available for free-moving traffic.

(B) Local authorities by ordinance may permit parking of vehicles with the left-hand wheels adjacent to and within twelve inches of the left-hand curb of a one-way roadway.

(C)(1)(a) Except as provided in division (C)(1)(b) of this section, no vehicle or trackless trolley shall be stopped or parked on a road or highway with the vehicle or trackless trolley facing in a direction other than the direction of travel on that side of the road or highway.

Not more than two motorcycles at a time shall be parked in a parking space as described in division (C)(2) of this section irrespective of whether or not the space is metered.

(D) Notwithstanding any statute or any rule, resolution, or
ordinance adopted by any local authority, air compressors, tractors, trucks, and other equipment, while being used in the construction, reconstruction, installation, repair, or removal of facilities near, on, over, or under a street or highway, may stop, stand, or park where necessary in order to perform such work, provided a flagperson is on duty or warning signs or lights are displayed as may be prescribed by the director of transportation.

(E) Accessible parking locations and privileges for persons with disabilities that limit or impair the ability to walk shall be provided and designated by all political subdivisions and by the state and all agencies and instrumentalities thereof at all offices and facilities, where parking is provided, whether owned, rented, or leased, and at all publicly owned parking garages. The locations shall be designated through the posting of an elevated sign, whether permanently affixed or movable, imprinted with the international symbol of access and shall be reasonably close to exits, entrances, elevators, and ramps. All elevated signs posted in accordance with this division and division (C) of section 3781.111 of the Revised Code shall be mounted on a fixed or movable post, and the distance from the ground to the bottom edge of the sign shall measure not less than five feet. If a new sign or a replacement sign designating an accessible parking location is posted on or after October 14, 1999, there also shall be affixed upon the surface of that sign or affixed next to the designating sign a notice that states the fine applicable for the offense of parking a motor vehicle in the designated accessible parking location if the motor vehicle is not legally entitled to be parked in that location.

(F)(1)(a) No person shall stop, stand, or park any motor vehicle at accessible parking locations provided under division (E) of this section or at accessible clearly marked parking locations provided in or on privately owned parking lots, parking
garages, or other parking areas and designated in accordance with that division, unless one of the following applies:

(i) The motor vehicle is being operated by or for the transport of a person with a disability that limits or impairs the ability to walk and is displaying a valid removable windshield placard or accessible license plates;

(ii) The motor vehicle is being operated by or for the transport of a person with a disability and is displaying a parking card or accessible license plates.

(b) Any motor vehicle that is parked in an accessible marked parking location in violation of division (F)(1)(a)(i) or (ii) of this section may be towed or otherwise removed from the parking location by the law enforcement agency of the political subdivision in which the parking location is located. A motor vehicle that is so towed or removed shall not be released to its owner until the owner presents proof of ownership of the motor vehicle and pays all towing and storage fees normally imposed by that political subdivision for towing and storing motor vehicles. If the motor vehicle is a leased vehicle, it shall not be released to the lessee until the lessee presents proof that that person is the lessee of the motor vehicle and pays all towing and storage fees normally imposed by that political subdivision for towing and storing motor vehicles.

(c) If a person is charged with a violation of division (F)(1)(a)(i) or (ii) of this section, it is an affirmative defense to the charge that the person suffered an injury not more than seventy-two hours prior to the time the person was issued the ticket or citation and that, because of the injury, the person meets at least one of the criteria contained in division (A)(1) of section 4503.44 of the Revised Code.

(2) No person shall stop, stand, or park any motor vehicle in
an area that is commonly known as an access aisle, which area is
marked by diagonal stripes and is located immediately adjacent to
an accessible parking location provided under division (E) of this
section or at an accessible clearly marked parking location
provided in or on a privately owned parking lot, parking garage,
or other parking area and designated in accordance with that
division.

(G) When a motor vehicle is being operated by or for the
transport of a person with a disability that limits or impairs the
ability to walk and is displaying a removable windshield placard
or a temporary removable windshield placard or accessible license
plates, or when a motor vehicle is being operated by or for the
transport of a person with a disability and is displaying a
parking card or accessible license plates, the motor vehicle is
permitted to park for a period of two hours in excess of the legal
parking period permitted by local authorities, except where local
ordinances or police rules provide otherwise or where the vehicle
is parked in such a manner as to be clearly a traffic hazard.

(H) No owner of an office, facility, or parking garage where
accessible parking locations are required to be designated in
accordance with division (E) of this section shall fail to
properly mark the accessible parking locations in accordance with
that division or fail to maintain the markings of the accessible
locations, including the erection and maintenance of the fixed or
movable signs.

(I) Nothing in this section shall be construed to require a
person or organization to apply for a removable windshield placard
or accessible license plates if the parking card or accessible
license plates issued to the person or organization under prior
law have not expired or been surrendered or revoked.

(J)(1) Whoever violates division (A) or (C) of this section
is guilty of a minor misdemeanor.
(2)(a) Whoever violates division (F)(1)(a)(i) or (ii) of this section is guilty of a misdemeanor and shall be punished as provided in division (J)(2)(a) and (b) of this section. Except as otherwise provided in division (J)(2)(a) of this section, an offender who violates division (F)(1)(a)(i) or (ii) of this section shall be fined not less than two hundred fifty nor more than five hundred dollars. An offender who violates division (F)(1)(a)(i) or (ii) of this section shall be fined not more than one hundred dollars if the offender, prior to sentencing, proves either of the following to the satisfaction of the court:

(i) At the time of the violation of division (F)(1)(a)(i) of this section, the offender or the person for whose transport the motor vehicle was being operated had been issued a removable windshield placard that then was valid or accessible license plates that then were valid but the offender or the person neglected to display the placard or license plates as described in division (F)(1)(a)(i) of this section.

(ii) At the time of the violation of division (F)(1)(a)(ii) of this section, the offender or the person for whose transport the motor vehicle was being operated had been issued a parking card that then was valid or accessible license plates that then were valid but the offender or the person neglected to display the card or license plates as described in division (F)(1)(a)(ii) of this section.

(b) In no case shall an offender who violates division (F)(1)(a)(i) or (ii) of this section be sentenced to any term of imprisonment.

An arrest or conviction for a violation of division (F)(1)(a)(i) or (ii) of this section does not constitute a criminal record and need not be reported by the person so arrested or convicted in response to any inquiries contained in any application for employment, license, or other right or privilege,
or made in connection with the person's appearance as a witness.

The clerk of the court shall pay every fine collected under divisions (J)(2) and (3) of this section to the political subdivision in which the violation occurred. If the board determines that the investigative items contain such personal identifying information, or any other information that would reveal the complainant's identity, the board shall redact the information from the copies it provides to the individual.
(4) The board shall not provide either of the following:

   (a) Any information that is subject to the attorney-client privilege or work product doctrine, or that would reveal the investigatory processes or methods of investigation used by the board;

   (b) Any information that would constitute a confidential law enforcement investigatory record.

   (D) If a request for copies of investigative items is made pursuant to this section, the board in its scheduling of a hearing for the individual shall, notwithstanding section 119.07 of the Revised Code, schedule the hearing for a date that is at least sixty-one days after the board provides the individual with the copies of the items.

   (E)(1) After the board notifies an individual of an opportunity for a hearing, the individual may ask the board to issue either or both of the following:

      (a) A subpoena to compel the attendance and testimony of any witness at the hearing;

      (b) A subpoena for the production of books, records, papers, or other tangible items.

   (2) On receipt of an individual's request under division (E)(1) of this section, the board shall issue the subpoena.

   In the case of a subpoena for the production of books, records, papers, or other tangible items, the person or government entity subject to the subpoena shall comply with the subpoena at least thirty days prior to the date the individual's hearing is scheduled to be held.

Sec. 4715.30. (A) Except as provided in division (K) of this section, an applicant for or holder of a certificate or license issued under this chapter is subject to disciplinary action by the
state dental board for any of the following reasons:

(1) Employing or cooperating in fraud or material deception in applying for or obtaining a license or certificate;

(8) Selling, prescribing, giving away, or administering drugs for other than legal and legitimate therapeutic purposes, or conviction of, a plea of guilty to, a judicial finding of guilt of, a judicial finding of guilt resulting from a plea of no contest to, or a judicial finding of eligibility for intervention in lieu of conviction for, a violation of any federal or state law regulating the possession, distribution, or use of any drug;

(9) Providing or allowing dental hygienists, expanded
function dental auxiliaries, or other practitioners of auxiliary dental occupations working under the certificate or license holder's supervision, or a dentist holding a temporary limited continuing education license under division (C) of section 4715.16 of the Revised Code working under the certificate or license holder's direct supervision, to provide dental care that departs from or fails to conform to accepted standards for the profession, whether or not injury to a patient results;

(10) Inability to practice under accepted standards of the profession because of physical or mental disability, dependence on alcohol or other drugs, or excessive use of alcohol or other drugs;

(11) Violation of any provision of this chapter or any rule adopted thereunder;

(12) Failure to use universal blood and body fluid precautions established by rules adopted under section 4715.03 of the Revised Code;

(13) Except as provided in division (H) of this section, either of the following:

(a) Waiving the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers dental services, would otherwise be required to pay if the waiver is used as an enticement to a patient or group of patients to receive health care services from that certificate or license holder;

(b) Advertising that the certificate or license holder will waive the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers dental services, would otherwise be required to pay.

(14) Failure to comply with section 4715.302 or 4729.79 of
the Revised Code, unless the state board of pharmacy no longer maintains a drug database pursuant to section 4729.75 of the Revised Code;

(15) Any of the following actions taken by an agency responsible for authorizing, certifying, or regulating an individual to practice a health care occupation or provide health care services in this state or another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(16) Failure to cooperate in an investigation conducted by the board under division (D) of section 4715.03 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(17) Failure to comply with the requirements in section 3719.061 of the Revised Code before issuing for a minor a prescription for an opioid analgesic, as defined in section 3719.01 of the Revised Code;

(18) Failure to comply with the requirements of sections 4715.71 and 4715.72 of the Revised Code regarding the operation of a mobile dental facility.

(B) A manager, proprietor, operator, or conductor of a dental facility shall be subject to disciplinary action if any dentist,
dental hygienist, expanded function dental auxiliary, or qualified personnel providing services in the facility is found to have committed a violation listed in division (A) of this section and the manager, proprietor, operator, or conductor knew of the violation and permitted it to occur on a recurring basis.

(C) Subject to Chapter 119. of the Revised Code, the board may take one or more of the following disciplinary actions if one or more of the grounds for discipline listed in divisions (A) and (B) of this section exist:

(1) Censure the license or certificate holder;

(2) Place the license or certificate on probationary status for such period of time the board determines necessary and require the holder to:

   (a) Report regularly to the board upon the matters which are the basis of probation;

   (b) Limit practice to those areas specified by the board;

   (c) Continue or renew professional education until a satisfactory degree of knowledge or clinical competency has been attained in specified areas.

(3) Suspend the certificate or license;

(4) Revoke the certificate or license.

Where the board places a holder of a license or certificate on probationary status pursuant to division (C)(2) of this section, the board may subsequently suspend or revoke the license or certificate if it determines that the holder has not met the requirements of the probation or continues to engage in activities that constitute grounds for discipline pursuant to division (A) or (B) of this section.

Any order suspending a license or certificate shall state the conditions under which the license or certificate will be
restored, which may include a conditional restoration during which the holder is in a probationary status pursuant to division (C)(2) of this section. The board shall restore the license or certificate unconditionally when such conditions are met.

(D) If the physical or mental condition of an applicant or a license or certificate holder is at issue in a disciplinary proceeding, the board may order the license or certificate holder to submit to reasonable examinations by an individual designated or approved by the board and at the board's expense. The physical examination may be conducted by any individual authorized by the Revised Code to do so, including a physician assistant, a clinical nurse specialist, a certified nurse practitioner, or a certified nurse-midwife. Any written documentation of the physical examination shall be completed by the individual who conducted the examination.

Failure to comply with an order for an examination shall be grounds for refusal of a license or certificate or summary suspension of a license or certificate under division (E) of this section.

(E) If a license or certificate holder has failed to comply with an order under division (D) of this section, the board may apply to the court of common pleas of the county in which the holder resides for an order temporarily suspending the holder's license or certificate, without a prior hearing being afforded by the board, until the board conducts an adjudication hearing pursuant to Chapter 119. of the Revised Code. If the court temporarily suspends a holder's license or certificate, the board shall give written notice of the suspension personally or by certified mail to the license or certificate holder. Such notice shall inform the license or certificate holder of the right to a hearing pursuant to Chapter 119. of the Revised Code.

(F) Any holder of a certificate or license issued under this
chapter who has pleaded guilty to, has been convicted of, or has had a judicial finding of eligibility for intervention in lieu of conviction entered against the holder in this state for aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary, or who has pleaded guilty to, has been convicted of, or has had a judicial finding of eligibility for treatment or intervention in lieu of conviction entered against the holder in another jurisdiction for any substantially equivalent criminal offense, is automatically suspended from practice under this chapter in this state and any certificate or license issued to the holder under this chapter is automatically suspended, as of the date of the guilty plea, conviction, or judicial finding, whether the proceedings are brought in this state or another jurisdiction.

Continued practice by an individual after the suspension of the individual's certificate or license under this division shall be considered practicing without a certificate or license. The board shall notify the suspended individual of the suspension of the individual's certificate or license under this division by certified mail or in person in accordance with sections \(119.05\) and \(119.07\) of the Revised Code. If an individual whose certificate or license is suspended under this division fails to make a timely request for an adjudicatory hearing, the board shall enter a final order revoking the individual's certificate or license.

(G) If the supervisory investigative panel determines both of the following, the panel may recommend that the board suspend an individual's certificate or license without a prior hearing:

(1) That there is clear and convincing evidence that an individual has violated division (A) of this section;

(2) That the individual's continued practice presents a
danger of immediate and serious harm to the public.

Written allegations shall be prepared for consideration by the board. The board, upon review of those allegations and by an affirmative vote of not fewer than four dentist members of the board and seven of its members in total, excluding any member on the supervisory investigative panel, may suspend a certificate or license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with sections 119.05 and 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency or any appeal filed under section 119.12 of the Revised Code. If the individual subject to the summary suspension requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the individual requests the hearing, unless otherwise agreed to by both the board and the individual.

Any summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within seventy-five days after completion of its hearing. A failure to issue the order within seventy-five days shall result in dissolution of the summary suspension order but shall not invalidate any subsequent, final adjudicative order.

(H) Sanctions shall not be imposed under division (A)(13) of this section against any certificate or license holder who waives deductibles and copayments as follows:
(1) In compliance with the health benefit plan that expressly allows such a practice. Waiver of the deductibles or copayments shall be made only with the full knowledge and consent of the plan purchaser, payer, and third-party administrator. Documentation of the consent shall be made available to the board upon request.

(2) For professional services rendered to any other person who holds a certificate or license issued pursuant to this chapter to the extent allowed by this chapter and the rules of the board.

(I) In no event shall the board consider or raise during a hearing required by Chapter 119. of the Revised Code the circumstances of, or the fact that the board has received, one or more complaints about a person unless the one or more complaints are the subject of the hearing or resulted in the board taking an action authorized by this section against the person on a prior occasion.

(J) The board may share any information it receives pursuant to an investigation under division (D) of section 4715.03 of the Revised Code, including patient records and patient record information, with law enforcement agencies, other licensing boards, and other governmental agencies that are prosecuting, adjudicating, or investigating alleged violations of statutes or administrative rules. An agency or board that receives the information shall comply with the same requirements regarding confidentiality as those with which the state dental board must comply, notwithstanding any conflicting provision of the Revised Code or procedure of the agency or board that applies when it is dealing with other information in its possession. In a judicial proceeding, the information may be admitted into evidence only in accordance with the Rules of Evidence, but the court shall require that appropriate measures are taken to ensure that confidentiality is maintained with respect to any part of the information that contains names or other identifying information about patients or
complainants whose confidentiality was protected by the state dental board when the information was in the board's possession. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

(K) The board shall not refuse to issue a license or certificate to an applicant for either of the following reasons unless the refusal is in accordance with section 9.79 of the Revised Code:

(1) A conviction or plea of guilty to an offense;
(2) A judicial finding of eligibility for treatment or intervention in lieu of a conviction.

Sec. 4717.04. (A) The board of embalmers and funeral directors shall adopt rules in accordance with Chapter 119. of the Revised Code for the government, transaction of the business, and the management of the affairs of the board of embalmers and funeral directors and the crematory review board, and for the administration and enforcement of this chapter. These rules shall include all of the following:

(1) The nature, scope, content, and form of the application that must be completed and license examination that must be passed in order to receive an embalmer's license or a funeral director's license under section 4717.05 of the Revised Code. The rules shall ensure both of the following:

(a) That the embalmer's license examination tests the applicant's knowledge through at least a comprehensive section and an Ohio laws section;
(b) That the funeral director's license examination tests the applicant's knowledge through at least a comprehensive section, an Ohio laws section, and a sanitation section.
(2) The minimum license examination score necessary to be licensed under section 4717.05 of the Revised Code as an embalmer or as a funeral director;

(5) A determination of whether completion of a nationally recognized embalmer's or funeral director's examination sufficiently meets the license requirements for the comprehensive section of either the embalmer's or the funeral director's license examination administered under this chapter;

(6) Continuing education requirements for licensed embalmers and funeral directors;

(7) Requirements for the licensing and operation of funeral homes;

(8) Requirements for the licensing and operation of embalming facilities;

(9) A schedule that lists, and specifies a forfeiture commensurate with, each of the following types of conduct which, for the purposes of division (A)(9) of this section and section 4717.15 of the Revised Code, are violations of this chapter:

(a) Obtaining a license under this chapter by fraud or misrepresentation either in the application or in passing the required examination for the license;

(b) Purposely violating any provision of sections 4717.01 to
4717.15 of the Revised Code or a rule adopted under any of those sections; division (A) or (B) of section 4717.23; division (B)(1) or (2), (C)(1) or (2), (D), (E), or (F)(1) or (2), or divisions (H) to (K) of section 4717.26; division (D)(1) of section 4717.27; or divisions (A) to (C) of section 4717.28 of the Revised Code;

(c) Committing unprofessional conduct;

(d) Knowingly permitting an unlicensed person, other than a person serving an apprenticeship, to engage in the profession or business of embalming or funeral directing under the licensee's supervision;

(e) Refusing to promptly submit the custody of a dead human body or cremated remains upon the express order of the person legally entitled to the body;

(g) Misleading the public using false or deceptive advertising;

(h) Failing to forward to the board on or before its due date the annual report of preneed funeral sales required by division (J) of section 4717.31 of the Revised Code. If the annual report is sent to the board by United States mail, it shall be postmarked on or before the due date for the submission of the annual report in order to be timely filed with the board. Mail that is not postmarked shall be considered filed on the date it is received by the board.

Each instance of the commission of any of the types of conduct described in division (A)(9) of this section is a separate violation. The rules adopted under division (A)(9) of this section
shall establish the amount of the forfeiture for a violation of each of those divisions. The forfeiture for a first violation shall not exceed five thousand dollars, and the forfeiture for a second or subsequent violation shall not exceed ten thousand dollars. The amount of the forfeiture may differ among the types of violations according to what the board considers the seriousness of each violation.

(10) Requirements for the licensing and operation of crematory facilities;

(11) Procedures for the board to take possession of and to arrange the lawful disposition of unclaimed cremated remains that were held or stored at a funeral home or crematory that has been closed;

(12) Procedures for the issuance of duplicate licenses;

(14) The amount and content of corrective action courses required by the board under section 4717.14 of the Revised Code.

(B) The board may adopt rules governing the educational standards for licensure as an embalmer or funeral director, or obtaining a permit to be a crematory operator, and the standards of service and practice to be followed in embalming, funeral directing, and cremation, and in the operation of funeral homes, embalming facilities, and crematory facilities in this state.

(C) Nothing in this chapter authorizes the board of embalmers and funeral directors to regulate cemeteries, except that the board shall license and regulate funeral homes, embalming facilities, and crematory facilities located at cemeteries in accordance with this chapter.

(D) If the executive director of the board has knowledge or
notice of a violation of division (A)(1), (3), (5), or (6) of section 4717.13 of the Revised Code or that a person is engaging in the business or profession of funeral directing in violation of division (A)(14) of that section, the executive director shall investigate the matter, and, upon probable cause appearing, cause an attorney employed by or contracting with the board to file a complaint and prosecute the offender. When requested by the executive director, the prosecuting attorney of the proper county or the attorney general shall take charge of and conduct such prosecution notify the appropriate law enforcement authority for investigation.

Sec. 4717.14. (A) The board of embalmers and funeral directors may, except as provided in division (G) of this section, refuse to grant or renew, or may suspend or revoke, any license or permit issued under this chapter or may require the holder of a license or permit to take corrective action courses for any of the following reasons:

(1) The holder of a license or permit obtained the license or permit by fraud or misrepresentation either in the application or in passing the examination.

(2) The licensee or permit holder has been convicted of or has pleaded guilty to a felony or of any crime involving moral turpitude.

(3) The applicant, licensee, or permit holder has recklessly violated any provision of sections 4717.01 to 4717.15 or a rule adopted under any of those sections; division (A) or (B) of section 4717.23; division (B)(1) or (2), (C)(1) or (2), (D), (E), or (F)(1) or (2), or divisions (H) to (K) of section 4717.26; division (D)(1) of section 4717.27; or divisions (A) to (C) of section 4717.28 of the Revised Code; or any provisions of sections 4717.31 to 4717.38 of the Revised Code; any rule or order of the
department of health or a board of health of a health district

governing the disposition of dead human bodies; or any other rule

or order applicable to the applicant or licensee.

(4) The licensee or permit holder has committed immoral or

unprofessional conduct.

(5) The applicant or licensee knowingly permitted an

unlicensed person, other than a person serving an apprenticeship,

to engage in the profession or business of embalming or funeral

directing under the applicant's or licensee's supervision.

(6) The applicant, licensee, or permit holder has been

habitually intoxicated, or is addicted to the use of morphine,

cocaine, or other habit-forming or illegal drugs.

(7) The applicant, licensee, or permit holder has refused to

promptly submit the custody of a dead human body or cremated

remains upon the express order of the person legally entitled to

the body or cremated remains.

(8) The licensee or permit holder loaned the licensee's own

license or the permit holder's own permit, or the applicant,

licensee, or permit holder borrowed or used the license or permit

of another person, or knowingly aided or abetted the granting of

an improper license or permit.

(9) The applicant, licensee, or permit holder misled the

public by using false or deceptive advertising. As used in this

division, "false and deceptive advertising" includes, but is not

limited to, any of the following:

(a) Using the names of persons who are not licensed to

practice funeral directing in a way that leads the public to

believe that such persons are engaging in funeral directing;

(b) Using any name for the funeral home other than the name

under which the funeral home is licensed;
(c) Using in the funeral home's name the surname of an individual who is not directly, actively, or presently associated with the funeral home, unless such surname has been previously and continuously used by the funeral home.

(B)(1) The board of embalmers and funeral directors shall refuse to grant or renew, or shall suspend or revoke a license or permit only in accordance with Chapter 119. of the Revised Code.

(2) The board shall send to the crematory review board written notice that it proposes to refuse to issue or renew, or proposes to suspend or revoke, a license to operate a crematory facility. If, after the conclusion of the adjudicatory hearing on the matter conducted under division (F) of section 4717.03 of the Revised Code, the board of embalmers and funeral directors finds that any of the circumstances described in divisions (A)(1) to (9) of this section apply to the person named in its proposed action, the board may issue a final order under division (F) of section 4717.03 of the Revised Code refusing to issue or renew, or suspending or revoking, the person's license to operate a crematory facility.

(C) If the board of embalmers and funeral directors determines that there is clear and convincing evidence that any of the circumstances described in divisions (A)(1) to (9) of this section apply to the holder of a license or permit issued under this chapter and that the licensee's or permit holder's continued practice presents a danger of immediate and serious harm to the public, the board may suspend the licensee's license or permit holder's permit without a prior adjudicatory hearing. The executive director of the board shall prepare written allegations for consideration by the board.

The board, after reviewing the written allegations, may suspend a license or permit without a prior hearing.
Notwithstanding section 121.22 of the Revised Code, the board may suspend a license or permit under this division by utilizing a telephone conference call to review the allegations and to take a vote.

The board shall issue a written order of suspension by a delivery system or in person in accordance with sections 119.05 and 119.07 of the Revised Code. Such an order is not subject to suspension by the court during the pendency of any appeal filed under section 119.12 of the Revised Code. If the licensee or permit holder requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the licensee or permit holder has requested a hearing, unless the board and the licensee or permit holder agree to a different time for holding the hearing.

Upon issuing a written order of suspension to the holder of a license to operate a crematory facility, the board of embalmers and funeral directors shall send written notice of the issuance of the order to the crematory review board. The crematory review board shall hold an adjudicatory hearing on the order under division (F) of section 4717.03 of the Revised Code within fifteen days, but not earlier than seven days, after the issuance of the order, unless the crematory review board and the licensee agree to a different time for holding the adjudicatory hearing.

Any summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicatory order issued by the board of embalmers and funeral directors pursuant to this division and Chapter 119. of the Revised Code, or division (F) of section 4717.03 of the Revised Code, as applicable, becomes effective. The board of embalmers and funeral directors shall issue its final adjudicatory order within sixty days after the completion of its hearing or, in the case of
the summary suspension of a license to operate a crematory facility, within sixty days after completion of the adjudicatory hearing by the crematory review board. A failure to issue the order within that time results in the dissolution of the summary suspension order, but does not invalidate any subsequent final adjudicatory order.

(D) If the board of embalmers and funeral directors suspends or revokes a funeral director's license or a license to operate a funeral home for any reason identified in division (A) of this section, the board may file a complaint with the court of common pleas in the county where the violation occurred requesting appointment of a receiver and the sequestration of the assets of the funeral home that held the suspended or revoked license or the licensed funeral home that employs the funeral director that held the suspended or revoked license. If the court of common pleas is satisfied with the application for a receivership, the court may appoint a receiver.

The board or a receiver may employ and procure whatever assistance or advice is necessary in the receivership or liquidation and distribution of the assets of the funeral home, and, for that purpose, may retain officers or employees of the funeral home as needed. All expenses of the receivership or liquidation shall be paid from the assets of the funeral home and shall be a lien on those assets, and that lien shall be a priority to any other lien.

(E) Any holder of a license or permit issued under this chapter who has pleaded guilty to, has been found by a judge or jury to be guilty of, or has had a judicial finding of eligibility for treatment in lieu of conviction entered against the individual in this state for aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or
aggravated burglary, or who has pleaded guilty to, has been found by a judge or jury to be guilty of, or has had a judicial finding of eligibility for treatment in lieu of conviction entered against the individual in another jurisdiction for any substantially equivalent criminal offense, is hereby suspended from practice under this chapter by operation of law, and any license or permit issued to the individual under this chapter is hereby suspended by operation of law as of the date of the guilty plea, verdict or finding of guilt, or judicial finding of eligibility for treatment in lieu of conviction, regardless of whether the proceedings are brought in this state or another jurisdiction. The board shall notify the suspended individual of the suspension of the individual's license or permit by the operation of this division by a delivery system or in person law in accordance with sections 119.05 and 119.07 of the Revised Code. If an individual whose license or permit is suspended under this division fails to make a timely request for an adjudicatory hearing, the board shall enter a final order revoking the license.

(F) No person whose license or permit has been suspended or revoked under or by the operation of this section shall knowingly practice embalming, funeral directing, or cremation, or operate a funeral home, embalming facility, or crematory facility until the board has reinstated the person's license or permit.

(G) The board shall not refuse to issue a license or permit to an applicant because of a conviction of or plea of guilty to a criminal offense unless the refusal is in accordance with section 9.79 of the Revised Code.

Sec. 4717.26. (A) The crematory facility may schedule the time for the cremation of a dead human body to occur at the crematory facility's own convenience at any time after the conditions set forth in division (A) or (B) of section 4717.23 of
the Revised Code, as applicable, have been met and the decedent or body parts have been delivered to the facility, unless, in the case of a dead human body, the crematory facility has received specific instructions to the contrary on the cremation authorization form authorizing the cremation of the decedent executed under section 4717.21, 4717.24, or 4717.25 of the Revised Code. The crematory facility becomes responsible for a dead human body or body parts when the body or body parts have been delivered to or accepted by the facility or an employee or agent of the facility.

(B) No crematory operator or crematory facility shall fail to do either of the following:

(1) Upon receipt at the crematory facility of any dead human body that has not been embalmed, and subject to the prohibition set forth in division (C)(1) of this section, place the body in a holding or refrigerated facility at the crematory facility and keep the body in the holding or refrigerated facility until near the time the cremation process commences or until the body is held at the facility for eight hours or longer. If the body is held for eight hours or longer, place the body in a refrigerated facility at the crematory facility and keep the body in the refrigerated facility until near the time the cremation process commences;

(2) Upon receipt of any dead human body that has been embalmed, place the body in a holding facility at the crematory facility and keep the body in the holding facility until the cremation process commences.

(C) No crematory operator or crematory facility shall do either of the following, unless the instructions contained in the cremation authorization form authorizing the cremation of the decedent executed under section 4717.21, 4717.24, or 4717.25 of the Revised Code specifically provide otherwise:
(1) Remove any dead human body from the casket or alternative container in which the body was delivered to or accepted by the crematory facility;

(2) Fail to cremate the casket or alternative container in which the body was delivered or accepted, in its entirety with the body.

(D) No crematory facility shall simultaneously cremate more than one decedent or body parts removed from more than one decedent or living person in the same cremation chamber unless the cremation authorization forms executed under section 4717.21, 4717.24, or 4717.25 of the Revised Code authorizing the cremation of each of the decedents or body parts removed from each decedent or living person specifically authorize such a simultaneous cremation. This division does not prohibit the use of cremation equipment that contains more than one cremation chamber.

(E) No crematory facility shall permit any persons other than employees of the crematory facility, the authorizing agent for the cremation of the decedent who is to be, is being, or was cremated, persons designated to be present at the cremation of the decedent on the cremation authorization form executed under section 4717.21 or 4717.24 of the Revised Code, and persons authorized by the individual who is actually in charge of the crematory facility, to be present in the holding facility or cremation room while any dead human bodies or body parts are being held there prior to cremation or are being cremated or while any cremated remains are being removed from the cremation chamber.

(F)(1) No crematory facility shall remove any dental gold, body parts, organs, or other items of value from a dead human body prior to the cremation or from the cremated remains after cremation unless the cremation authorization form authorizing the cremation of the decedent executed under section 4717.21 or 4717.24 of the Revised Code specifically authorizes the removal
thereof.

(2) No crematory facility that removes any dental gold, body parts, organs, or other items from a dead human body or assists in such removal shall charge a fee for doing so that exceeds the actual cost to the crematory facility for performing or assisting in the removal.

(G) Upon the completion of each cremation, the crematory facility shall remove from the cremation chamber all of the cremation residue that is practicably recoverable. If the cremation authorization form executed under section 4717.21, 4717.24, or 4717.25 of the Revised Code specifies that the cremated remains are to be placed in an urn, the crematory facility shall place them in the type of urn specified on the authorization form. If the authorization form does not specify that the cremated remains are to be placed in an urn, the crematory facility shall place them in a temporary container. If not all of the recovered cremated remains will fit in the urn selected or the temporary container, the crematory facility shall place the remainder in a separate temporary container, and the cremated remains placed in the separate temporary container shall be delivered, released, or disposed of along with those in the urn or other temporary container. Nothing in this section requires a crematory facility to recover any specified quantity or quality of cremated remains upon the completion of a cremation, but only requires a crematory facility to recover from the cremation chamber all of the cremation residue that is practicably recoverable.

(H) No crematory facility shall knowingly represent to an authorizing agent or a designee of an authorizing agent that an urn or temporary container contains the recovered cremated remains of a specific decedent or of body parts removed from a specific decedent or living person when it does not. This division does not
prohibit the making of such a representation because of the presence in the recovered cremated remains of de minimus amounts of the cremated remains of another decedent or of body parts removed from another decedent or living person that were not practicably recoverable and that remained in the cremation chamber after the cremated remains from previous cremations were removed.

(I) No crematory facility or funeral director shall ship or cause to be shipped any cremated remains by a class or method of mail, common carrier service, or delivery service that does not have an internal system for tracing the location of the cremated remains during shipment and that does not require a signed receipt from the person accepting delivery of the cremated remains.

(J) No crematory facility shall fail to establish and maintain a system for accurately identifying each dead human body in the facility's possession, and for identifying each decedent or living person from which body parts in the facility's possession were removed, throughout all phases of the holding and cremation process.

(K) No crematory facility shall knowingly use or allow the use of the same cremation chamber for the cremation of dead human bodies, or human body parts, and animals.

Sec. 4723.281. (A) As used in this section, with regard to offenses committed in Ohio, "aggravated murder," "murder," "voluntary manslaughter," "felonious assault," "kidnapping," "rape," "sexual battery," "gross sexual imposition," "aggravated arson," "aggravated robbery," and "aggravated burglary" mean such offenses as defined in Title XXIX of the Revised Code; with regard to offenses committed in other jurisdictions, the terms mean offenses comparable to offenses defined in Title XXIX of the Revised Code.

(B) When there is clear and convincing evidence that
continued practice by an individual licensed under this chapter presents a danger of immediate and serious harm to the public, as determined on consideration of the evidence by the president and the executive director of the board of nursing, the president and director shall impose on the individual a summary suspension without a hearing. An individual serving as president or executive director in the absence of the president or executive director may take any action that this section requires or authorizes the president or executive director to take.

Immediately following the decision to impose a summary suspension, the board shall issue a written order of suspension and cause it to be delivered by certified mail or in person in accordance with sections 119.05 and 119.07 of the Revised Code. The order shall not be subject to suspension by the court during the pendency of any appeal filed under section 119.12 of the Revised Code. If the individual subject to the suspension requests an adjudication, the date set for the adjudication shall be within fifteen days but not earlier than seven days after the individual makes the request, unless another date is agreed to by both the individual and the board. The summary suspension shall remain in effect, unless reversed by the board, until a final adjudication order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective.

The board shall issue its final adjudication order within ninety days after completion of the adjudication. If the board does not issue a final order within the ninety-day period, the summary suspension shall be void, but any final adjudication order issued subsequent to the ninety-day period shall not be affected.

(C) The license or certificate issued to an individual under this chapter is automatically suspended on that individual's conviction of, plea of guilty to, or judicial finding with regard
to any of the following: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. The suspension shall remain in effect from the date of the conviction, plea, or finding until an adjudication is held under Chapter 119. of the Revised Code. If the board has knowledge that an automatic suspension has occurred, it shall notify the individual subject to the suspension. If the individual is notified and either fails to request an adjudication within the time periods established by Chapter 119. of the Revised Code or fails to participate in the adjudication, the board shall enter a final order permanently revoking the person's license or certificate.

Sec. 4723.90. (A) For the period of the program operated under section 5164.071 of the Revised Code, there is hereby established within the board of nursing the doula advisory board.

(B)(1) The advisory board shall consist of at least thirteen but not more than fifteen members appointed by the board of nursing, including at least one representative from birthing beautiful communities and one representative from restoring our own through transformation.

(b) Priority shall be given to individuals with direct service experience providing care to infants and pregnant and postpartum women.

(C) The advisory board, by a majority vote of a quorum of its members, shall select an individual to serve as its chairperson. The advisory board may replace a chairperson in the same manner.

(3) Make recommendations to the medicaid director regarding the adoption of rules for purposes of section 5164.071 of the Revised Code.

Sec. 4725.24. If the secretary of the state vision professionals board and the board's supervising member of investigations determine that there is clear and convincing evidence that an optometrist has violated division (B) of section 4725.19 of the Revised Code and that the optometrist's continued practice presents a danger of immediate and serious harm to the public, they may recommend that the board suspend without a prior hearing the optometrist's certificate of licensure. Written allegations shall be prepared for consideration by the full board.

The board, upon review of those allegations and by an affirmative vote of three members other than the secretary and supervising member may order the suspension without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue serve a written order of suspension by certified mail or in person in accordance with sections 119.05 and 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal.
filed under section 119.12 of the Revised Code. If the individual subject to the summary suspension requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the individual requests the hearing, unless otherwise agreed to by both the board and the individual.

Any summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to section 4725.19 of the Revised Code and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. A failure to issue the order within sixty days shall result in dissolution of the summary suspension order but shall not invalidate any subsequent, final adjudicative order.

Sec. 4730.25. (A) The state medical board, by an affirmative vote of not fewer than six members, may revoke or may refuse to grant a license to practice as a physician assistant to a person found by the board to have committed fraud, misrepresentation, or deception in applying for or securing the license.

(B) Except as provided in division (N) of this section, the board, by an affirmative vote of not fewer than six members, shall, to the extent permitted by law, limit, revoke, or suspend an individual's license to practice as a physician assistant or prescriber number, refuse to issue a license to an applicant, refuse to renew a license, refuse to reinstate a license, or reprimand or place on probation the holder of a license for any of the following reasons:

(1) Failure to practice in accordance with the supervising physician's supervision agreement with the physician assistant, including, if applicable, the policies of the health care facility
in which the supervising physician and physician assistant are practicing;

(2) Failure to comply with the requirements of this chapter, Chapter 4731. of the Revised Code, or any rules adopted by the board;

(3) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter, Chapter 4731. of the Revised Code, or the rules adopted by the board;

(4) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including physical deterioration that adversely affects cognitive, motor, or perceptive skills;

(5) Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice;

(6) Administering drugs for purposes other than those authorized under this chapter;

(8) Making a false, fraudulent, deceptive, or misleading statement in soliciting or advertising for employment as a physician assistant; in connection with any solicitation or advertisement for patients; in relation to the practice of medicine as it pertains to physician assistants; or in securing or attempting to secure a license to practice as a physician assistant.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because
of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(9) Representing, with the purpose of obtaining compensation or other advantage personally or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured;

(10) The obtaining of, or attempting to obtain, money or anything of value by fraudulent misrepresentations in the course of practice;

(11) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(12) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(14) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(15) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(16) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;
(17) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for violating any state or federal law regulating the possession, distribution, or use of any drug, including trafficking in drugs;

(18) Any of the following actions taken by the state agency responsible for regulating the practice of physician assistants in another state, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(19) A departure from, or failure to conform to, minimal standards of care of similar physician assistants under the same or similar circumstances, regardless of whether actual injury to a patient is established;

(20) Violation of the conditions placed by the board on a license to practice as a physician assistant;

(21) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(22) Failure to cooperate in an investigation conducted by the board under section 4730.26 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;
(23) Assisting suicide, as defined in section 3795.01 of the Revised Code;

(24) Prescribing any drug or device to perform or induce an abortion, or otherwise performing or inducing an abortion;

(27) Having certification by the national commission on certification of physician assistants or a successor organization expire, lapse, or be suspended or revoked;

(28) The revocation, suspension, restriction, reduction, or termination of clinical privileges by the United States department of defense or department of veterans affairs or the termination or suspension of a certificate of registration to prescribe drugs by the drug enforcement administration of the United States department of justice;

(29) Failure to comply with terms of a consult agreement entered into with a pharmacist pursuant to section 4729.39 of the Revised Code.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with a physician assistant or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute
the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

(D) For purposes of divisions (B)(12), (15), and (16) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal upon technical or procedural grounds.

(E) The sealing or expungement of conviction records by any court shall have no effect upon a prior board order entered under the provisions of this section or upon the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(F) For purposes of this division, any individual who holds a license issued under this chapter, or applies for a license issued under this chapter, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.
(1) In enforcing division (B)(4) of this section, the board, upon a showing of a possible violation, may compel any individual who holds a license issued under this chapter or who has applied for a license pursuant to this chapter to submit to a mental examination, physical examination, including an HIV test, or both a mental and physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds a physician assistant unable to practice because of the reasons set forth in division (B)(4) of this section, the board shall require the physician assistant to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed license. An individual affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(5) of this section, if the board has reason to believe that any individual who holds a license issued under this chapter or any applicant for a license suffers such impairment, the board may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and chosen by the board.
Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or deny the individual's application and shall require the individual, as a condition for initial, continued, reinstated, or renewed licensure, to submit to treatment.

Before being eligible to apply for reinstatement of a license suspended under this division, the physician assistant shall demonstrate to the board the ability to resume practice or prescribing in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired physician assistant resumes practice or prescribing, the board shall require continued monitoring of the
physician assistant. The monitoring shall include compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the physician assistant has maintained sobriety.

(G) If the secretary and supervising member determine that there is clear and convincing evidence that a physician assistant has violated division (B) of this section and that the individual's continued practice or prescribing presents a danger of immediate and serious harm to the public, they may recommend that the board suspend the individual's license without a prior hearing. Written allegations shall be prepared for consideration by the board.

The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with sections 119.05 and 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the physician assistant requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the physician assistant requests the hearing, unless otherwise agreed to by both the board and the license holder.

A summary suspension imposed under this division shall remain

66871 66872 66873 66874 66875 66876 66877 66878 66879 66880 66881 66882 66883 66884 66885 66886 66887 66888 66889 66890 66891 66892 66893 66894 66895 66896 66897 66898 66899 66900 66901 66902
in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. Failure to issue the order within sixty days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(H) If the board takes action under division (B)(11), (13), or (14) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition and supporting court documents, the board shall reinstate the individual's license. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any of the sanctions identified under division (B) of this section.

(I) The license to practice issued to a physician assistant and the physician assistant's practice in this state are automatically suspended as of the date the physician assistant pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another state for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder,
murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a license.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.05 and 119.07 of the Revised Code. If an individual whose license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license to practice.

(J) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In that final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(K) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the physician assistant's license may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(L) When the board refuses to grant or issue to an applicant a license to practice as a physician assistant, revokes an
individual's license, refuses to renew an individual's license, or refuses to reinstate an individual's license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold the license and the board shall not accept an application for reinstatement of the license or for issuance of a new license.

(M) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license issued under this chapter is not effective unless or until accepted by the board. Reinstatement of a license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application made under this chapter for a license may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license in accordance with section 4730.14 of the Revised Code shall not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

(N) The board shall not refuse to issue a license to an applicant because of a conviction, plea of guilty, judicial finding of guilt, judicial finding of eligibility for intervention in lieu of conviction, or the commission of an act that constitutes a criminal offense, unless the refusal is in accordance with section 9.79 of the Revised Code.

Sec. 4731.22. (A) The state medical board, by an affirmative vote of not fewer than six of its members, may limit, revoke, or suspend a license or certificate to practice or certificate to recommend, refuse to grant a license or certificate, refuse to renew a license or certificate, refuse to reinstate a license or
certificate, or reprimand or place on probation the holder of a license or certificate if the individual applying for or holding the license or certificate is found by the board to have committed fraud during the administration of the examination for a license or certificate to practice or to have committed fraud, misrepresentation, or deception in applying for, renewing, or securing any license or certificate to practice or certificate to recommend issued by the board.

(B) Except as provided in division (P) of this section, the board, by an affirmative vote of not fewer than six members, shall, to the extent permitted by law, limit, revoke, or suspend a license or certificate to practice or certificate to recommend, refuse to issue a license or certificate, refuse to renew a license or certificate, refuse to reinstate a license or certificate, or reprimand or place on probation the holder of a license or certificate for one or more of the following reasons:

1) Permitting one's name or one's license or certificate to practice to be used by a person, group, or corporation when the individual concerned is not actually directing the treatment given;

2) Failure to maintain minimal standards applicable to the selection or administration of drugs, or failure to employ acceptable scientific methods in the selection of drugs or other modalities for treatment of disease;

3) Except as provided in section 4731.97 of the Revised Code, selling, giving away, personally furnishing, prescribing, or administering drugs for other than legal and legitimate therapeutic purposes or a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction of, a violation of any federal or state law regulating the possession, distribution, or use of any drug;
(4) Willfully betraying a professional confidence.

For purposes of this division, "willfully betraying a professional confidence" does not include providing any information, documents, or reports under sections 307.621 to 307.629 of the Revised Code to a child fatality review board; does not include providing any information, documents, or reports under sections 307.631 to 307.6410 of the Revised Code to a drug overdose fatality review committee, a suicide fatality review committee, or hybrid drug overdose fatality and suicide fatality review committee; does not include providing any information, documents, or reports under sections 307.651 to 307.659 of the Revised Code to a domestic violence fatality review board; does not include providing any information, documents, or reports to the director of health pursuant to guidelines established under section 3701.70 of the Revised Code; does not include written notice to a mental health professional under section 4731.62 of the Revised Code; and does not include the making of a report of an employee's use of a drug of abuse, or a report of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by section 2305.33 or 4731.62 of the Revised Code upon a physician who makes a report in accordance with section 2305.33 or notifies a mental health professional in accordance with section 4731.62 of the Revised Code. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(5) Making a false, fraudulent, deceptive, or misleading statement in the solicitation of or advertising for patients; in relation to the practice of medicine and surgery, osteopathic medicine and surgery, podiatric medicine and surgery, or a limited
branch of medicine; or in securing or attempting to secure any license or certificate to practice issued by the board.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(6) A departure from, or the failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances, whether or not actual injury to a patient is established;

(7) Representing, with the purpose of obtaining compensation or other advantage as personal gain or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured;

(8) The obtaining of, or attempting to obtain, money or anything of value by fraudulent misrepresentations in the course of practice;

(9) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(10) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(11) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;
(12) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Violation of the conditions of limitation placed by the board upon a license or certificate to practice;

(16) Failure to pay license renewal fees specified in this chapter;

(17) Except as authorized in section 4731.31 of the Revised Code, engaging in the division of fees for referral of patients, or the receiving of a thing of value in return for a specific referral of a patient to utilize a particular service or business;

(18) Subject to section 4731.226 of the Revised Code, violation of any provision of a code of ethics of the American medical association, the American osteopathic association, the American podiatric medical association, or any other national professional organizations that the board specifies by rule. The state medical board shall obtain and keep on file current copies of the codes of ethics of the various national professional organizations. The individual whose license or certificate is being suspended or revoked shall not be found to have violated any provision of a code of ethics of an organization not appropriate to the individual's profession.

For purposes of this division, a "provision of a code of ethics of a national professional organization" does not include any provision that would preclude the making of a report by a
physician of an employee's use of a drug of abuse, or of a
condition of an employee other than one involving the use of a
drug of abuse, to the employer of the employee as described in
division (B) of section 2305.33 of the Revised Code. Nothing in
this division affects the immunity from civil liability conferred
by that section upon a physician who makes either type of report
in accordance with division (B) of that section. As used in this
division, "employee," "employer," and "physician" have the same
meanings as in section 2305.33 of the Revised Code.

(19) Inability to practice according to acceptable and
prevailing standards of care by reason of mental illness or
physical illness, including, but not limited to, physical
deterioration that adversely affects cognitive, motor, or
perceptive skills.

In enforcing this division, the board, upon a showing of a
possible violation, may compel any individual authorized to
practice by this chapter or who has submitted an application
pursuant to this chapter to submit to a mental examination,
physical examination, including an HIV test, or both a mental and
a physical examination. The expense of the examination is the
responsibility of the individual compelled to be examined. Failure
to submit to a mental or physical examination or consent to an HIV
test ordered by the board constitutes an admission of the
allegations against the individual unless the failure is due to
circumstances beyond the individual's control, and a default and
final order may be entered without the taking of testimony or
presentation of evidence. If the board finds an individual unable
to practice because of the reasons set forth in this division, the
board shall require the individual to submit to care, counseling,
or treatment by physicians approved or designated by the board, as
a condition for initial, continued, reinstated, or renewed
authority to practice. An individual affected under this division
shall be afforded an opportunity to demonstrate to the board the 
ability to resume practice in compliance with acceptable and 
prevailing standards under the provisions of the individual's 
license or certificate. For the purpose of this division, any 
individual who applies for or receives a license or certificate to 
practice under this chapter accepts the privilege of practicing in 
this state and, by so doing, shall be deemed to have given consent 

(20) Except as provided in division (F)(1)(b) of section 4731.282 of the Revised Code or when civil penalties are imposed 
under section 4731.225 of the Revised Code, and subject to section 4731.226 of the Revised Code, violating or attempting to violate, 
directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provisions of this chapter or 
any rule promulgated by the board.

This division does not apply to a violation or attempted 
violation of, assisting in or abetting the violation of, or a 
conspiracy to violate, any provision of this chapter or any rule 
adopted by the board that would preclude the making of a report by 
a physician of an employee's use of a drug of abuse, or of a 
condition of an employee other than one involving the use of a 
drug of abuse, to the employer of the employee as described in 
division (B) of section 2305.33 of the Revised Code. Nothing in 
this division affects the immunity from civil liability conferred 
by that section upon a physician who makes either type of report 
in accordance with division (B) of that section. As used in this 
division, "employee," "employer," and "physician" have the same 
meanings as in section 2305.33 of the Revised Code.

(21) The violation of section 3701.79 of the Revised Code or
of any abortion rule adopted by the director of health pursuant to
section 3701.341 of the Revised Code;

(22) Any of the following actions taken by an agency
responsible for authorizing, certifying, or regulating an
individual to practice a health care occupation or provide health
care services in this state or another jurisdiction, for any
reason other than the nonpayment of fees: the limitation,
revocation, or suspension of an individual's license to practice;
acceptance of an individual's license surrender; denial of a
license; refusal to renew or reinstate a license; imposition of
probation; or issuance of an order of censure or other reprimand;

(23) The violation of section 2919.12 of the Revised Code or
the performance or inducement of an abortion upon a pregnant woman
with actual knowledge that the conditions specified in division
(B) of section 2317.56 of the Revised Code have not been satisfied
or with a heedless indifference as to whether those conditions
have been satisfied, unless an affirmative defense as specified in
division (H)(2) of that section would apply in a civil action
authorized by division (H)(1) of that section;

(24) The revocation, suspension, restriction, reduction, or
termination of clinical privileges by the United States department
of defense or department of veterans affairs or the termination or
suspension of a certificate of registration to prescribe drugs by
the drug enforcement administration of the United States
department of justice;

(25) Termination or suspension from participation in the
medicare or medicaid programs by the department of health and
human services or other responsible agency;

(26) Impairment of ability to practice according to
acceptable and prevailing standards of care because of habitual or
excessive use or abuse of drugs, alcohol, or other substances that
impair ability to practice.

For the purposes of this division, any individual authorized

to practice by this chapter accepts the privilege of practicing in

this state subject to supervision by the board. By filing an

application for or holding a license or certificate to practice

under this chapter, an individual shall be deemed to have given

consent to submit to a mental or physical examination when ordered

to do so by the board in writing, and to have waived all

objections to the admissibility of testimony or examination

reports that constitute privileged communications.

If it has reason to believe that any individual authorized to

practice by this chapter or any applicant for licensure or

certification to practice suffers such impairment, the board may

compel the individual to submit to a mental or physical

examination, or both. The expense of the examination is the

responsibility of the individual compelled to be examined. Any

mental or physical examination required under this division shall

be undertaken by a treatment provider or physician who is

qualified to conduct the examination and who is chosen by the

board.

Failure to submit to a mental or physical examination ordered

by the board constitutes an admission of the allegations against

the individual unless the failure is due to circumstances beyond

the individual's control, and a default and final order may be

entered without the taking of testimony or presentation of

evidence. If the board determines that the individual's ability to

practice is impaired, the board shall suspend the individual's

license or certificate or deny the individual's application and

shall require the individual, as a condition for initial,

continued, reinstated, or renewed licensure or certification to

practice, to submit to treatment.

Before being eligible to apply for reinstatement of a license
or certificate suspended under this division, the impaired practitioner shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care under the provisions of the practitioner's license or certificate. The demonstration shall include, but shall not be limited to, the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making the assessments and shall describe the basis for their determination.

The board may reinstate a license or certificate suspended under this division after that demonstration and after the individual has entered into a written consent agreement.

When the impaired practitioner resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of perjury stating whether the individual has maintained sobriety.

(27) A second or subsequent violation of section 4731.66 or 4731.69 of the Revised Code;
(28) Except as provided in division (N) of this section:

(a) Waiving the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers the individual's services, otherwise would be required to pay if the waiver is used as an enticement to a patient or group of patients to receive health care services from that individual;

(b) Advertising that the individual will waive the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers the individual's services, otherwise would be required to pay.

(29) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(30) Failure to provide notice to, and receive acknowledgment of the notice from, a patient when required by section 4731.143 of the Revised Code prior to providing nonemergency professional services, or failure to maintain that notice in the patient's medical record;

(31) Failure of a physician supervising a physician assistant to maintain supervision in accordance with the requirements of Chapter 4730. of the Revised Code and the rules adopted under that chapter;

(32) Failure of a physician or podiatrist to enter into a standard care arrangement with a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner with whom the physician or podiatrist is in collaboration pursuant to section 4731.27 of the Revised Code or failure to fulfill the responsibilities of collaboration after entering into a standard care arrangement;
(33) Failure to comply with the terms of a consult agreement entered into with a pharmacist pursuant to section 4729.39 of the Revised Code;

(34) Failure to cooperate in an investigation conducted by the board under division (F) of this section, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board in an investigative interview, an investigative office conference, at a deposition, or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(35) Failure to supervise an acupuncturist in accordance with Chapter 4762. of the Revised Code and the board's rules for providing that supervision;

(36) Failure to supervise an anesthesiologist assistant in accordance with Chapter 4760. of the Revised Code and the board's rules for supervision of an anesthesiologist assistant;

(37) Assisting suicide, as defined in section 3795.01 of the Revised Code;

(38) Failure to comply with the requirements of section 2317.561 of the Revised Code;

(39) Failure to supervise a radiologist assistant in accordance with Chapter 4774. of the Revised Code and the board's rules for supervision of radiologist assistants;

(40) Performing or inducing an abortion at an office or facility with knowledge that the office or facility fails to post the notice required under section 3701.791 of the Revised Code;

(41) Failure to comply with the standards and procedures
established in rules under section 4731.054 of the Revised Code for the operation of or the provision of care at a pain management clinic;

(42) Failure to comply with the standards and procedures established in rules under section 4731.054 of the Revised Code for providing supervision, direction, and control of individuals at a pain management clinic;

(43) Failure to comply with the requirements of section 4729.79 or 4731.055 of the Revised Code, unless the state board of pharmacy no longer maintains a drug database pursuant to section 4729.75 of the Revised Code;

(44) Failure to comply with the requirements of section 2919.171, 2919.202, or 2919.203 of the Revised Code or failure to submit to the department of health in accordance with a court order a complete report as described in section 2919.171 or 2919.202 of the Revised Code;

(45) Practicing at a facility that is subject to licensure as a category III terminal distributor of dangerous drugs with a pain management clinic classification unless the person operating the facility has obtained and maintains the license with the classification;

(46) Owning a facility that is subject to licensure as a category III terminal distributor of dangerous drugs with a pain management clinic classification unless the facility is licensed with the classification;

(47) Failure to comply with any of the requirements regarding making or maintaining medical records or documents described in division (A) of section 2919.192, division (C) of section 2919.193, division (B) of section 2919.195, or division (A) of section 2919.196 of the Revised Code;

(48) Failure to comply with the requirements in section...
3719.061 of the Revised Code before issuing for a minor a
prescription for an opioid analgesic, as defined in section
3719.01 of the Revised Code;

(49) Failure to comply with the requirements of section
4731.30 of the Revised Code or rules adopted under section
4731.301 of the Revised Code when recommending treatment with
medical marijuana;

(50) Practicing at a facility, clinic, or other location that
is subject to licensure as a category III terminal distributor of
dangerous drugs with an office-based opioid treatment
classification unless the person operating that place has obtained
and maintains the license with the classification;

(51) Owning a facility, clinic, or other location that is
subject to licensure as a category III terminal distributor of
dangerous drugs with an office-based opioid treatment
classification unless that place is licensed with the
classification;

(52) A pattern of continuous or repeated violations of
division (E)(2) or (3) of section 3963.02 of the Revised Code;

(53) Failure to fulfill the responsibilities of a
collaboration agreement entered into with an athletic trainer as
described in section 4755.621 of the Revised Code;

(54) Failure to take the steps specified in section 4731.911
of the Revised Code following an abortion or attempted abortion in
an ambulatory surgical facility or other location that is not a
hospital when a child is born alive.

(C) Disciplinary actions taken by the board under divisions
(A) and (B) of this section shall be taken pursuant to an
adjudication under Chapter 119. of the Revised Code, except that
in lieu of an adjudication, the board may enter into a consent
agreement with an individual to resolve an allegation of a
violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

A telephone conference call may be utilized for ratification of a consent agreement that revokes or suspends an individual's license or certificate to practice or certificate to recommend. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code.

If the board takes disciplinary action against an individual under division (B) of this section for a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 or 2919.124 of the Revised Code, the disciplinary action shall consist of a suspension of the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, a more serious sanction involving the individual's license or certificate to practice. Any consent agreement entered into under this division with an individual that pertains to a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of that section shall provide for a suspension of the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, a more serious sanction involving the individual's license or certificate to practice.

(D) For purposes of divisions (B)(10), (12), and (14) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the individual committed the act. The board does not have jurisdiction under those divisions if the trial
court renders a final judgment in the individual's favor and that the judgment is based upon an adjudication on the merits. The board has jurisdiction under those divisions if the trial court issues an order of dismissal upon technical or procedural grounds.

(E) The sealing or expungement of conviction records by any court shall have no effect upon a prior board order entered under this section or upon the board's jurisdiction to take action under this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, expunge, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

(F)(1) The board shall investigate evidence that appears to show that a person has violated any provision of this chapter or any rule adopted under it. Any person may report to the board in a signed writing any information that the person may have that appears to show a violation of any provision of this chapter or any rule adopted under it. In the absence of bad faith, any person who reports information of that nature or who testifies before the board in any adjudication conducted under Chapter 119. of the Revised Code shall not be liable in damages in a civil action as a result of the report or testimony. Each complaint or allegation of a violation received by the board shall be assigned a case number and shall be recorded by the board.

(2) Investigations of alleged violations of this chapter or any rule adopted under it shall be supervised by the supervising member elected by the board in accordance with section 4731.02 of the Revised Code and by the secretary as provided in section 4731.39 of the Revised Code. The president may designate another member of the board to supervise the investigation in place of the
supervising member. No member of the board who supervises the
investigation of a case shall participate in further adjudication
of the case.

(3) In investigating a possible violation of this chapter or
any rule adopted under this chapter, or in conducting an
inspection under division (E) of section 4731.054 of the Revised
Code, the board may question witnesses, conduct interviews,
administer oaths, order the taking of depositions, inspect and
copy any books, accounts, papers, records, or documents, issue
subpoenas, and compel the attendance of witnesses and production
of books, accounts, papers, records, documents, and testimony,
except that a subpoena for patient record information shall not be
issued without consultation with the attorney general's office and
approval of the secretary and supervising member of the board.

(a) Before issuance of a subpoena for patient record
information, the secretary and supervising member shall determine
whether there is probable cause to believe that the complaint
filed alleges a violation of this chapter or any rule adopted
under it and that the records sought are relevant to the alleged
violation and material to the investigation. The subpoena may
apply only to records that cover a reasonable period of time
surrounding the alleged violation.

(b) On failure to comply with any subpoena issued by the
board and after reasonable notice to the person being subpoenaed,
the board may move for an order compelling the production of
persons or records pursuant to the Rules of Civil Procedure.

(c) A subpoena issued by the board may be served by a
sheriff, the sheriff's deputy, or a board employee or agent
designated by the board. Service of a subpoena issued by the board
may be made by delivering a copy of the subpoena to the person
named therein, reading it to the person, or leaving it at the
person's usual place of residence, usual place of business, or
address on file with the board. When serving a subpoena to an applicant for or the holder of a license or certificate issued under this chapter, service of the subpoena may be made by certified mail, return receipt requested, and the subpoena shall be deemed served on the date delivery is made or the date the person refuses to accept delivery. If the person being served refuses to accept the subpoena or is not located, service may be made to an attorney who notifies the board that the attorney is representing the person.

(d) A sheriff's deputy who serves a subpoena shall receive the same fees as a sheriff. Each witness who appears before the board in obedience to a subpoena shall receive the fees and mileage provided for under section 119.094 of the Revised Code.

(4) All hearings, investigations, and inspections of the board shall be considered civil actions for the purposes of section 2305.252 of the Revised Code.

(5) A report required to be submitted to the board under this chapter, a complaint, or information received by the board pursuant to an investigation or pursuant to an inspection under division (E) of section 4731.054 of the Revised Code is confidential and not subject to discovery in any civil action.

The board shall conduct all investigations or inspections and proceedings in a manner that protects the confidentiality of patients and persons who file complaints with the board. The board shall not make public the names or any other identifying information about patients or complainants unless proper consent is given or, in the case of a patient, a waiver of the patient privilege exists under division (B) of section 2317.02 of the Revised Code, except that consent or a waiver of that nature is not required if the board possesses reliable and substantial evidence that no bona fide physician-patient relationship exists.
The board may share any information it receives pursuant to an investigation or inspection, including patient records and patient record information, with law enforcement agencies, other licensing boards, and other governmental agencies that are prosecuting, adjudicating, or investigating alleged violations of statutes or administrative rules. An agency or board that receives the information shall comply with the same requirements regarding confidentiality as those with which the state medical board must comply, notwithstanding any conflicting provision of the Revised Code or procedure of the agency or board that applies when it is dealing with other information in its possession. In a judicial proceeding, the information may be admitted into evidence only in accordance with the Rules of Evidence, but the court shall require that appropriate measures are taken to ensure that confidentiality is maintained with respect to any part of the information that contains names or other identifying information about patients or complainants whose confidentiality was protected by the state medical board when the information was in the board's possession. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

(6) On a quarterly basis, the board shall prepare a report that documents the disposition of all cases during the preceding three months. The report shall contain the following information for each case with which the board has completed its activities:

(a) The case number assigned to the complaint or alleged violation;

(b) The type of license or certificate to practice, if any, held by the individual against whom the complaint is directed;

(c) A description of the allegations contained in the complaint;
(d) The disposition of the case.

The report shall state how many cases are still pending and shall be prepared in a manner that protects the identity of each person involved in each case. The report shall be a public record under section 149.43 of the Revised Code.

(G) If the secretary and supervising member determine both of the following, they may recommend that the board suspend an individual's license or certificate to practice or certificate to recommend without a prior hearing:

(1) That there is clear and convincing evidence that an individual has violated division (B) of this section;

(2) That the individual's continued practice presents a danger of immediate and serious harm to the public.

Written allegations shall be prepared for consideration by the board. The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license or certificate without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall serve a written order of suspension by certified mail or in person in accordance with sections 119.05 and 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the individual subject to the summary suspension requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the individual requests the hearing, unless otherwise agreed to by both the board and the individual.

Any summary suspension imposed under this division shall
remain in effect, unless reversed on appeal, until a final
adjudicative order issued by the board pursuant to this section
and Chapter 119. of the Revised Code becomes effective. The board
shall issue its final adjudicative order within seventy-five days
after completion of its hearing. A failure to issue the order
within seventy-five days shall result in dissolution of the
summary suspension order but shall not invalidate any subsequent,
final adjudicative order.

(H) If the board takes action under division (B)(9), (11), or
(13) of this section and the judicial finding of guilt, guilty
plea, or judicial finding of eligibility for intervention in lieu
of conviction is overturned on appeal, upon exhaustion of the
criminal appeal, a petition for reconsideration of the order may
be filed with the board along with appropriate court documents.
Upon receipt of a petition of that nature and supporting court
documents, the board shall reinstate the individual's license or
certificate to practice. The board may then hold an adjudication
under Chapter 119. of the Revised Code to determine whether the
individual committed the act in question. Notice of an opportunity
for a hearing shall be given in accordance with Chapter 119. of
the Revised Code. If the board finds, pursuant to an adjudication
held under this division, that the individual committed the act or
if no hearing is requested, the board may order any of the
sanctions identified under division (B) of this section.

(I) The license or certificate to practice issued to an
individual under this chapter and the individual's practice in
this state are automatically suspended as of the date of the
individual's second or subsequent plea of guilty to, or judicial
finding of guilt of, a violation of section 2919.123 or 2919.124
of the Revised Code. In addition, the license or certificate to
practice or certificate to recommend issued to an individual under
this chapter and the individual's practice in this state are
automatically suspended as of the date the individual pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after suspension shall be considered practicing without a license or certificate.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section sections 119.05 and 119.07 of the Revised Code. If an individual whose license or certificate is automatically suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall do whichever of the following is applicable:

(1) If the automatic suspension under this division is for a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 or 2919.124 of the Revised Code, the board shall enter an order suspending the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, imposing a more serious sanction involving the individual's license or certificate to practice.

(2) In all circumstances in which division (I)(1) of this section does not apply, enter a final order permanently revoking the individual's license or certificate to practice.

(J) If the board is required by Chapter 119. of the Revised Code to give notice of an opportunity for a hearing and if the

**Sec. 4734.161.** No chiropractor shall do either of the following:

to or is convicted of any substantially equivalent criminal
offense, is automatically suspended from practice in this state
and the license issued under this chapter to practice chiropractic
is automatically suspended as of the date of the guilty plea or
conviction. If applicable, the chiropractor's certificate issued
under this chapter to practice acupuncture is automatically

individual of the suspension under this section by certified mail
or in person in accordance with section sections 119.05 and 119.07

The board shall **issue** serve a written order of suspension by certified mail or in person in accordance with sections 119.05 and 119.07 of the Revised Code. If the person subject to the suspension requests an adjudication by the board, the date set for the adjudication shall be within twenty days, but not earlier than seven days, after the request, unless otherwise agreed to by both the board and the person subject to the suspension.

Any summary suspension imposed under this section shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to section 4734.31 and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its adjudication. A failure to issue the order within sixty days shall result in dissolution of the summary suspension order but shall not invalidate any subsequent, final adjudicative order.

directly to the testing service, each applicant shall submit to
the superintendent a processing fee in an amount determined by the
Ohio real estate commission pursuant to division (A)(1) of section
4735.10 of the Revised Code.

(E) The superintendent shall issue a real estate
salesperson's license when satisfied that the applicant has
received a passing score on each portion of the salesperson's
examination as determined by rule by the real estate commission,
except that the superintendent may waive one or more of the
requirements of this section in the case of an applicant who is a
licensed real estate salesperson in another state pursuant to a
reciprocity agreement with the licensing authority of the state
from which the applicant holds a valid real estate salesperson's
license.

(F) No applicant for a salesperson's license shall take the
salesperson's examination who has not established to the
satisfaction of the superintendent that the applicant:

(1) Is honest and truthful;

(2)(a) Has not been convicted of a disqualifying offense as
determined in accordance with section 9.79 of the Revised Code;

(b) Has not been finally adjudged by a court to have violated
any municipal, state, or federal civil rights laws relevant to the
protection of purchasers or sellers of real estate or, if the
applicant has been so adjudged, at least two years have passed
since the court decision and the superintendent has disregarded
the adjudication because the applicant has proven, by a
preponderance of the evidence, that the applicant is honest and
truthful, and there is no basis in fact for believing that the
applicant again will violate the laws involved.

(3) Has not, during any period in which the applicant was
licensed under this chapter, violated any provision of, or any
rule adopted pursuant to this chapter, or, if the applicant has
violated such provision or rule, has established to the
satisfaction of the superintendent that the applicant will not
again violate such provision or rule;

(4) Is at least eighteen years of age;

(5) If born after the year 1950, has a high school diploma or a certificate of high school equivalence issued by the department of education;

(6) Has successfully completed at an institution of higher education all of the following credit-eligible courses by either classroom instruction or distance education:

(a) Forty hours of instruction in real estate practice;

(b) Forty hours of instruction that includes the subjects of Ohio real estate law, municipal, state, and federal civil rights law, new case law on housing discrimination, desegregation issues, and methods of eliminating the effects of prior discrimination. If feasible, the instruction in Ohio real estate law shall be taught by a member of the faculty of an accredited law school. If feasible, the instruction in municipal, state, and federal civil rights law, new case law on housing discrimination, desegregation issues, and methods of eliminating the effects of prior discrimination shall be taught by a staff member of the Ohio civil rights commission who is knowledgeable with respect to those subjects. The requirements of this division do not apply to an applicant who is admitted to practice before the supreme court.

(c) Twenty hours of instruction in real estate appraisal;

(d) Twenty hours of instruction in real estate finance.

(G)(1) Successful completion of the instruction required by division (F)(6) of this section shall be determined by the law in effect on the date the instruction was completed.

(2) Division (F)(6)(c) of this section does not apply to any new applicant who holds a valid Ohio real estate appraiser license or certificate issued prior to the date of application for a real
estate salesperson's license.

(H) Only for noncredit course offerings, an institution of higher education shall obtain approval from the appropriate state authorizing entity prior to offering a real estate course that is designed and marketed as satisfying the salesperson license education requirements of division (F)(6) of this section. The state authorizing entity may consult with the superintendent in reviewing the course for compliance with this section.

(I) Any person who has not been licensed as a real estate salesperson or broker within a four-year period immediately preceding the person's current application for the salesperson's examination shall have successfully completed the prelicensure instruction required by division (F)(6) of this section within a ten-year period immediately preceding the person's current application for the salesperson's examination.

(J) Not earlier than the date of issue of a real estate salesperson's license to a licensee, but not later than twelve months after the date of issue of a real estate salesperson license to a licensee, the licensee shall submit proof satisfactory to the superintendent, on forms made available by the superintendent, of the completion of twenty hours of instruction that shall be completed in schools, seminars, and educational institutions approved by the commission. The instruction shall include, but is not limited to, current practices relating to commercial real estate, property management, short sales, and land contracts; contract law; federal and state programs; economic conditions; and fiduciary responsibility. Approval of the curriculum and providers shall be granted according to rules adopted pursuant to section 4735.10 of the Revised Code and may be taken through classroom instruction or distance education.

If proof of completion of the required instruction is not submitted within twelve months of the date a license is issued...
under this section, the licensee's license is suspended automatically without the taking of any action by the superintendent. The superintendent immediately shall notify the broker with whom such salesperson is associated of the suspension of the salesperson's license. A salesperson whose license has been suspended under this division shall have twelve months after the date of the suspension of the salesperson's license to submit proof of successful completion of the instruction required under this division. No such license shall be reactivated by the superintendent until it is established, to the satisfaction of the superintendent, that the requirements of this division have been met and that the licensee is in compliance with this chapter. A licensee's license is revoked automatically without the taking of any action by the superintendent when the licensee fails to submit the required proof of completion of the education requirements under division (I) of this section within twelve months of the date the license is suspended.

(K) Examinations shall be administered with reasonable accommodations in accordance with the requirements of the "Americans with Disabilities Act of 1990," 104 Stat. 327, 42 U.S.C. 12189. The contents of an examination shall be consistent with the classroom instructional requirements of division (F)(6) of this section. An applicant who has completed the classroom instructional requirements of division (F)(6) of this section at the time of application shall be examined no later than twelve months after the applicant is notified of the applicant's admission to the examination.

Sec. 4735.12. (A) The real estate recovery fund is hereby created in the state treasury, to be administered by the superintendent of real estate. Amounts collected by the superintendent as prescribed in this section and interest earned on the assets of the fund shall be credited by the treasurer of
state to the fund. The amount of money in the fund shall be 
ascertained by the superintendent as of the first day of July of 
each year.

The commission, in accordance with rules adopted under 
division (A)(2)(g) of section 4735.10 of the Revised Code, shall 
impose a special assessment not to exceed ten dollars per year for 
each year of a licensing period on each licensee filing a notice 
of renewal under section 4735.14 of the Revised Code if the amount 
available in the fund is less than two hundred fifty thousand 
dollars on the first day of July preceding that filing. The 
commission shall not impose a special assessment if the amount 
available in the fund exceeds two hundred fifty thousand dollars 
on the first day of July preceding that filing.

(B)(1) Any person who obtains a final judgment in any court 
of competent jurisdiction against any broker or salesperson 
licensed under this chapter, on the grounds of conduct that is in 
violation of this chapter or the rules adopted under it, and that 
is associated with an act or transaction that only a licensed real 
estate broker or licensed real estate salesperson is authorized to 
perform as specified in division (A) or (C) of section 4735.01 of 
the Revised Code, may file a verified application, as described in 
division (B)(3) of this section, in the court of common pleas of 
Franklin county for an order directing payment out of the real 
estate recovery fund of the portion of the judgment that remains 
unpaid and that represents the actual and direct loss sustained by 
the applicant.

(2) Punitive damages, attorney's fees, and interest on a 
judgment are not recoverable from the fund. In the discretion of 
the superintendent of real estate, court costs may be recovered 
from the fund, and, if the superintendent authorizes the recovery 
of court costs, the order of the court of common pleas then may 
direct their payment from the fund.
(3) The application shall specify the nature of the act or transaction upon which the underlying judgment was based, the activities of the applicant in pursuit of remedies available under law for the collection of judgments, and the actual and direct losses, attorney's fees, and the court costs sustained or incurred by the applicant. The applicant shall attach to the application a copy of each pleading and order in the underlying court action.

(4) The court shall order the superintendent to make such payments out of the fund when the person seeking the order has shown all of the following:

(a) The person has obtained a judgment, as provided in this division;

(b) All appeals from the judgment have been exhausted and the person has given notice to the superintendent, as required by division (C) of this section;

(c) The person is not a spouse of the judgment debtor, or the personal representative of such spouse;

(d) The person has diligently pursued the person's remedies against all the judgment debtors and all other persons liable to the person in the transaction for which the person seeks recovery from the fund;

(e) The person is making the person's application not more than one year after termination of all proceedings, including appeals, in connection with the judgment.

(5) Divisions (B)(1) to (4) of this section do not apply to any of the following:

(a) Actions arising from property management accounts maintained in the name of the property owner;

(b) A bonding company when it is not a principal in a real estate transaction;
(c) A person in an action for the payment of a commission or fee for the performance of an act or transaction specified or comprehended in division (A) or (C) of section 4735.01 of the Revised Code;

(d) Losses incurred by investors in real estate if the applicant and the licensee are principals in the investment.

(C) A person who applies to a court of common pleas for an order directing payment out of the fund shall file notice of the application with the superintendent. The superintendent may defend any such action on behalf of the fund and shall have recourse to all appropriate means of defense and review, including examination of witnesses, verification of actual and direct losses, and challenges to the underlying judgment required in division (B)(4)(a) of this section to determine whether the underlying judgment is based on activity only a licensed broker or licensed salesperson is permitted to perform. The superintendent may move the court at any time to dismiss the application when it appears there are no triable issues and the application is without merit. The motion may be supported by affidavit of any person having knowledge of the facts and may be made on the basis that the application, including the judgment referred to in it, does not form the basis for a meritorious recovery claim; provided, that the superintendent shall give written notice to the applicant at least ten days before such motion. The superintendent may, subject to court approval, compromise a claim based upon the application of an aggrieved party. The superintendent shall not be bound by any prior compromise or stipulation of the judgment debtor.

(D) Notwithstanding any other provision of this section, the liability of the fund shall not exceed forty thousand dollars for any one licensee. If a licensee's license is reactivated as provided in division (E) of this section, the liability of the fund for the licensee under this section shall again be forty
thousand dollars, but only for transactions that occur subsequent to the time of reactivation.

If the forty-thousand-dollar liability of the fund is insufficient to pay in full the valid claims of all aggrieved persons by whom claims have been filed against any one licensee, the forty thousand dollars shall be distributed among them in the ratio that their respective claims bear to the aggregate of valid claims or in such other manner as the court finds equitable. Distribution of moneys shall be among the persons entitled to share in it, without regard to the order of priority in which their respective judgments may have been obtained or their claims have been filed. Upon petition of the superintendent, the court may require all claimants and prospective claimants against one licensee to be joined in one action, to the end that the respective rights of all such claimants to the fund may be equitably adjudicated and settled.

(E) If the superintendent pays from the fund any amount in settlement of a claim or toward satisfaction of a judgment against a licensed broker or salesperson, the license of the broker or salesperson shall be automatically suspended upon the date of payment from the fund. The superintendent shall not reactivate the suspended license of that broker or salesperson until the broker or salesperson has repaid in full, plus interest per annum at the rate specified in division (A) of section 1343.03 of the Revised Code, the amount paid from the fund on the broker's or salesperson's account. A discharge in bankruptcy does not relieve a person from the suspension and requirements for reactivation provided in this section unless the underlying judgment has been included in the discharge and has not been reaffirmed by the debtor.

(F) If, at any time, the money deposited in the fund is insufficient to satisfy any duly authorized claim or portion of a
claim, the superintendent shall, when sufficient money has been deposited in the fund, satisfy such unpaid claims or portions, in the order that such claims or portions were originally filed, plus accumulated interest per annum at the rate specified in division (A) of section 1343.03 of the Revised Code.

(G) When, upon the order of the court, the superintendent has paid from the fund any sum to the judgment creditor, the superintendent shall be subrogated to all of the rights of the judgment creditor to the extent of the amount so paid, and the judgment creditor shall assign all the judgment creditor's right, title, and interest in the judgment to the superintendent to the extent of the amount so paid. Any amount and interest so recovered by the superintendent on the judgment shall be deposited in the fund.

(H) Nothing contained in this section shall limit the authority of the superintendent to take disciplinary action against any licensee under other provisions of this chapter; nor shall the repayment in full of all obligations to the fund by any licensee nullify or modify the effect of any other disciplinary proceeding brought pursuant to this chapter.

(I) The superintendent may collect from the fund a service fee in an amount equivalent to the interest rate specified in division (A) of section 1343.03 of the Revised Code multiplied by the annual interest earned on the assets of the fund, to defray the expenses incurred in the administration of the fund.

Sec. 4735.13. (A) Every real estate broker licensed under this chapter shall have and maintain a definite place of business in this state. A post office box address is not a definite place of business for purposes of this section. The license of a real estate broker shall be prominently displayed in the office or place of business of the broker, and no license shall authorize
the licensee to do business except from the location specified in it. If the broker maintains more than one place of business within the state, the broker shall apply for and procure a duplicate license for each branch office maintained by the broker. Each branch office shall be in the charge of a licensed broker or salesperson. The branch office license shall be prominently displayed at the branch office location.

(B) The license of each real estate salesperson shall be mailed to and remain in the possession of the licensed broker with whom the salesperson is or is to be associated until the licensee places the license on inactive or resigned status or until the salesperson leaves the brokerage or is terminated. The broker shall keep each salesperson's license in a way that it can, and shall on request, be made immediately available for public inspection at the office or place of business of the broker. Except as provided in divisions (G) and (H) of this section, immediately upon the salesperson's leaving the association or termination of the association of a real estate salesperson with the broker, the broker shall return the salesperson's license to the superintendent of real estate.

The failure of a broker to return the license of a real estate salesperson or broker who leaves or who is terminated, via certified mail return receipt requested, within three business days of the receipt of a written request from the superintendent for the return of the license, is prima-facie evidence of misconduct under division (A)(6) of section 4735.18 of the Revised Code.

(C) A licensee shall notify the superintendent in writing within fifteen days of any of the following occurrences:

(1) The licensee is convicted of a felony.

(2) The licensee is convicted of a crime involving moral
turpitude.

(3) The licensee is found to have violated any federal, state, or municipal civil rights law pertaining to discrimination in housing.

(4) The licensee is found to have engaged in a discriminatory practice pertaining to housing accommodations described in division (H) of section 4112.02 of the Revised Code.

(5) The licensee is the subject of an order by the department of commerce, the department of insurance, or the department of agriculture revoking or permanently surrendering any professional license, certificate, or registration.

(6) The licensee is the subject of an order by any government agency concerning real estate, financial matters, or the performance of fiduciary duties with respect to any license, certificate, or registration.

If a licensee fails to notify the superintendent within the required time, the superintendent immediately may suspend the license of the licensee.

Any court that convicts a licensee of a violation of any municipal civil rights law pertaining to housing discrimination also shall notify the Ohio civil rights commission within fifteen days of the conviction.

(D) In case of any change of business location, a broker shall give notice to the superintendent, on a form prescribed by the superintendent, within thirty days after the change of location, whereupon the superintendent shall issue new licenses for the unexpired period without charge. If a broker changes a business location without giving the required notice and without receiving new licenses that action is prima-facie evidence of misconduct under division (A)(6) of section 4735.18 of the Revised Code.
(E) If a real estate broker desires to associate with another real estate broker in the capacity of a real estate salesperson, the broker shall apply to the superintendent to deposit the broker's real estate broker's license with the superintendent and for the issuance of a real estate salesperson's license. The application shall be made on a form prescribed by the superintendent and shall be accompanied by the recommendation of the real estate broker with whom the applicant intends to become associated and a fee of thirty-four dollars for the real estate salesperson's license. One dollar of the fee shall be credited to the real estate education and research fund. If the superintendent is satisfied that the applicant is honest and truthful, has not been convicted of a disqualifying offense as determined in accordance with section 9.79 of the Revised Code, and has not been finally adjudged by a court to have violated any municipal, state, or federal civil rights laws relevant to the protection of purchasers or sellers of real estate, and that the association of the real estate broker and the applicant will be in the public interest, the superintendent shall grant the application and issue a real estate salesperson's license to the applicant. Any license so deposited with the superintendent shall be subject to this chapter. A broker who intends to deposit the broker's license with the superintendent, as provided in this section, shall give written notice of this fact in a format prescribed by the superintendent to all salespersons associated with the broker when applying to place the broker's license on deposit.

(F) If a real estate broker desires to become a member or officer of a partnership, association, limited liability company, limited liability partnership, or corporation that is or intends to become a licensed real estate broker, the broker shall notify the superintendent of the broker's intentions. The notice of intention shall be on a form prescribed by the superintendent and shall be accompanied by a fee of thirty-four dollars. One dollar
of the fee shall be credited to the real estate education and research fund.

A licensed real estate broker who is a member or officer of a partnership, association, limited liability company, limited liability partnership, or corporation shall only act as a real estate broker for such partnership, association, limited liability company, limited liability partnership, or corporation.

(G)(1) If a real estate broker or salesperson enters the armed forces, the broker or salesperson may place the broker's or salesperson's license on deposit with the Ohio real estate commission. The licensee shall not be required to renew the license until the renewal date that follows the date of discharge from the armed forces. Any license deposited with the commission shall be subject to this chapter.

Any licensee whose license is on deposit under this division and who fails to meet the continuing education requirements of section 4735.141 of the Revised Code because the licensee is in the armed forces shall satisfy the commission that the licensee has complied with the continuing education requirements within twelve months of the licensee's first birthday after discharge or within the amount of time equal to the total number of months the licensee spent on active duty, whichever is greater. The licensee shall submit proper documentation of active duty service and the length of that active duty service to the superintendent. The extension shall not exceed the total number of months that the licensee served in active duty. The superintendent shall notify the licensee of the licensee's obligations under section 4735.141 of the Revised Code at the time the licensee applies for reactivation of the licensee's license.

(2) If a licensee is a spouse of a member of the armed forces and the spouse's service resulted in the licensee's absence from this state, both of the following apply:
(a) The licensee shall not be required to renew the license until the renewal date that follows the date of the spouse's discharge from the armed forces.

(b) If the licensee fails to meet the continuing education requirements of section 4735.141 of the Revised Code, the licensee shall satisfy the commission that the licensee has complied with the continuing education requirements within twelve months after the licensee's first birthday after the spouse's discharge or within the amount of time equal to the total number of months the licensee's spouse spent on active duty, whichever is greater. The licensee shall submit proper documentation of the spouse's active duty service and the length of that active duty service. This extension shall not exceed the total number of months that the licensee's spouse served in active duty.

(3) In the case of a licensee as described in division (G)(2) of this section, who holds the license through a reciprocity agreement with another state, the spouse's service shall have resulted in the licensee's absence from the licensee's state of residence for the provisions of that division to apply.

(4) As used in this division, "armed forces" means the armed forces of the United States or reserve component of the armed forces of the United States including the Ohio national guard or the national guard of any other state.

(H) If a licensed real estate salesperson submits an application to the superintendent to leave the association of one broker to associate with a different broker, the broker possessing the licensee's license need not return the salesperson's license to the superintendent. The superintendent may process the application regardless of whether the licensee's license is returned to the superintendent.

Sec. 4735.143. (A) Each person applying for a license
pursuant to section 4735.07 or 4735.09 of the Revised Code shall submit one complete set of fingerprint impressions directly to the superintendent of the bureau of criminal identification and investigation for the purpose of conducting a criminal records check. The applicant shall provide the fingerprint impressions using a method the superintendent of the bureau of criminal identification and investigation prescribes and fill out the form the superintendent prescribes pursuant to division (C) of section 109.572 of the Revised Code. Upon receiving an application under this section, the superintendent of real estate and professional licensing shall request the superintendent of the bureau of criminal identification and investigation, or a vendor approved by the bureau, to conduct a criminal records check based on the applicant's fingerprint impressions in accordance with division (A)(16) of section 109.572 of the Revised Code. Notwithstanding division (K)-(L) of section 121.08 of the Revised Code, the superintendent of real estate and professional licensing shall request that criminal record information based on the applicant's fingerprints be obtained from the federal bureau of investigation as part of the criminal records check. Any fee required under division (C)(3) of section 109.572 of the Revised Code shall be paid by the applicant.

(B) An applicant who disclosed on the application that the applicant has been convicted of any criminal offense shall only be permitted to take the examination after the results of the criminal records check have been received by the superintendent and the superintendent has made a determination to disregard the conviction because the applicant has proven to the superintendent, by a preponderance of the evidence, that the applicant's activities and employment record since the conviction show that the applicant is honest, truthful, and of good reputation, and there is no basis in fact for believing that the applicant again
will violate the laws involved.

(C) Persons who have indicated on the application that they have not been convicted of any criminal offense, shall, if all other requirements for licensure have been satisfied, be permitted to take the real estate examination for which the applicant has applied prior to the superintendent's receipt of the results of the criminal records check. If the applicant receives a passing score on the examination and meets the other requirements for the license, the superintendent shall issue a provisional license pending the results of the criminal records check. During this provisional status, the licensee may perform acts that require a real estate license. If the results of the criminal records check subsequently confirm that the licensee has no convictions, the provisional status shall be removed. If it is determined that the licensee has been convicted of any criminal offense, the superintendent may immediately suspend the license of the licensee.

(D) Any entity offering the prelicensure education required to obtain a real estate license in this state shall, prior to a student's enrollment in a class, notify the student of both of the following:

(1) That a conviction of a criminal offense may disqualify an individual from obtaining a real estate license;

(2) The student's rights under section 9.78 of the Revised Code to request a determination as to whether such a conviction will disqualify the student.

Sec. 4735.15. (A) The nonrefundable fees for reactivation or transfer of a license shall be as follows:

(1) Reactivation or transfer of a broker's license into or out of a partnership, association, limited liability company,
limited liability partnership, or corporation or from one partnership, association, limited liability company, limited liability partnership, or corporation to another partnership, association, limited liability company, limited liability partnership, or corporation, thirty-four dollars. An application for such transfer shall be made to the superintendent of real estate on forms provided by the superintendent.

(2) Reactivation or transfer of a license by a real estate salesperson, thirty-four dollars.

(B) Except as may otherwise be specified pursuant to division (F) of this section or any rules adopted by the Ohio real estate commission pursuant to division (A)(2)(b) of section 4735.10 of the Revised Code, the nonrefundable fees are as follows for each licensing period:

(1) Branch office license, twenty dollars;

(2) Renewal of a three-year real estate broker's license, two hundred forty-three dollars. If the licensee is a partnership, association, limited liability company, limited liability partnership, or corporation, the full broker's renewal fee shall be required for each member of such partnership, association, limited liability company, limited liability partnership, or corporation that is a real estate broker. If the real estate broker has not less than eleven nor more than twenty real estate salespersons associated with the broker, an additional fee of sixty-four dollars shall be assessed to the brokerage. For every additional ten real estate salespersons or fraction of that number, the brokerage assessment fee shall be increased in the amount of thirty-seven dollars.

(3) Renewal of a three-year real estate salesperson's license, one hundred eighty-two dollars;

(4) Renewal of a real estate broker's or salesperson's
license filed within twelve months after the licensee's renewal date, an additional late filing penalty of fifty per cent of the required three-year fee;

(5) Foreign real estate dealer's license and each renewal of the license, thirty dollars per salesperson employed by the dealer, but not less than two hundred three dollars;

(6) Foreign real estate salesperson's license and each renewal of the license, sixty-eight dollars.

(C) All fees collected under this section shall be paid to the treasurer of state. One dollar of each such fee shall be credited to the real estate education and research fund, except that for fees that are assessed only once every three years, one dollar and fifty cents of each triennial fee shall be credited to the real estate education and research fund.

(D) In all cases, the fee and any penalty shall accompany the application for the license, license transfer, or license reactivation or shall accompany the filing of the renewal.

(E) The commission may establish by rule reasonable fees for services not otherwise established by this chapter.

(F) The commission may adopt rules that provide for a reduction in the fees established in divisions (B)(2) and (3) of this section.

Sec. 4735.18. (A) Subject to section 4735.32 of the Revised Code, the superintendent of real estate, upon the superintendent's own motion, may investigate the conduct of any licensee. Subject to division (E) of this section and section 4735.32 of the Revised Code, the Ohio real estate commission shall impose disciplinary sanctions upon any licensee who, whether or not acting in the licensee's capacity as a real estate broker or salesperson, or in handling the licensee's own property, is found to have been
convicted of a felony or a crime of moral turpitude, and may 
impose disciplinary sanctions upon any licensee who, in the 
licensee's capacity as a real estate broker or salesperson, or in 
handling the licensee's own property, is found guilty of:

(1) Knowingly making any misrepresentation;

(2) Making any false promises with intent to influence, 
persuade, or induce;

(3) A continued course of misrepresentation or the making of 
false promises through agents, salespersons, advertising, or 
otherwise;

(4) Acting for more than one party in a transaction except as 
permitted by and in compliance with section 4735.71 of the Revised 
Code;

(5) Failure within a reasonable time to account for or to 
remit any money coming into the licensee's possession which 
belongs to others;

(6) Dishonest or illegal dealing, gross negligence, 
incompetency, or misconduct;

(7)(a) By final adjudication by a court, a violation of any 
municipal or federal civil rights law relevant to the protection
