As Veterans Day approaches, Representative Jennifer Gross thanks all of our Veterans who sacrificed so much for our freedom. They deserve our appreciation not only on Veterans Day, but every day.

Support for Israel

Representative Jennifer Gross joined her colleagues in support of Israel. [House Resolution 292](#), passed by the Ohio House, expresses the House's unwavering support for the people of Israel and condemns the recent attacks against the State of Israel.

“We must stand in solidarity with our Israeli brothers and sisters,” said Rep. Gross. “Please join me in keeping Israel in our thoughts and prayers. I, along with my colleagues in the House, will continue to support Israel and stand up against this unprovoked and unjust act of violence.”

Protecting Butler County Homeowners from Rising Property Taxes

The Ohio House of Representatives recently passed [House Bill 187](#), the Ohio Homeowners Relief Act. Representative Jennifer Gross is a co-sponsor of the critical legislation, which will help Ohioans remain in their homes by modifying the procedures used by the Tax Commissioner to conduct property tax sales assessment ratio studies to produce fair property valuations.

“This legislation is critical in protecting the residents of the 45th House District from the burden of rising property taxes,” said Rep. Gross. “This legislation will place more control into the hands of local elected officials—the individuals who know their counties best.”

Butler County is one of many Ohio counties facing property tax increases because a projected 42% increase on property value and a 110% increase on farmland.

House Bill 187 now heads to the Ohio Senate for consideration.

Rep. Report

State Representative Jennifer Gross (R-West Chester) was thrilled to participate in the American Nurses Association Nursing Policy Hackathon at Miami University as a judge and mentor. Participants worked together to brainstorm innovative solutions to address Ohio nursing workforce shortages.

The hackathon method allows participants to brainstorm, prototype, and pitch a creative solution to a challenge over the course of a couple of days.

“I am grateful to have been chosen to take part in the first ever nurse-led policy hackathon in the nation,” said Gross. “Nurses significantly contribute to the health and well-being of our state, and we must ensure that our policy supports the nursing profession.”
