From the desk of Rep. Humphrey,

Dear Family,

Happy April! This month, we turn our attention to the 2024 State of the State address. We will be hard at work to guarantee that Ohioans are supported and have the ability to thrive here in Ohio. House Democrats are committed to working together to ensure all Ohioans—no matter your race, gender or economic status—have the freedom to be who they are, the dignity of a safe community and secure job, and the opportunity to thrive.

April is National Minority Health Month, a time to focus on the health disparities in minority communities across the state and country. Latina and Black women are more likely to be diagnosed with breast cancer at a later stage than white women. In addition, infant mortality rates among Black Americans and Native groups are higher than other racial or ethnic groups in the United States. Improving healthcare in minority communities is one of the most important issues facing our state. Democrats will continue to support quality, equitable healthcare so that everyone, no matter their zip code, can thrive here in Ohio.

Also in April, taxes are due by April 15th! Make sure you file your taxes and take advantage of any returns you may be offered. If you cannot file your taxes by April 15th, make sure to request an extension which will give you until October 15th to file your tax return.

Please do not hesitate to contact my office with any questions, comments, or concerns

Tax Day

April 15, 2024

Taxes are due by April 15th this year! Make sure you file your taxes and take advantage of any returns you may be offered. If you cannot file your taxes by April 15th, make sure to request an extension which will give you until October 15th to file your tax return.

Black Maternal Health Week

April 11-17, 2024

The week of April 11-17 is Black Maternal Health Week. Black mothers are 3x more likely to die from pregnancy-related complications compared to white women. We must address this injustice by removing barriers many Black mothers face to receiving quality healthcare.

State Representative Humphrey Announces Community Resource Fair aimed at enhancing Access to Vital services for Columbus families.

We're thrilled to invite you to the upcoming Community Resource Fair hosted by State Representative Humphrey in collaboration with A+ Arts Academy. **Taking place on April 25th**, this event promises to be a hub of support and connection for Columbus families. From **5:00 pm to 7:00 pm at the A+ Arts Academy, located at 270 S Napoleon Ave, Columbus, Ohio 43213**, attendees will have access to a wide range of essential resources and services. April is Minority Health Month

National Minority Health Month is observed in April and focuses on the health disparities minority communities experience in the United States. Black men are more likely to die from cancer than Caucasian men and Black women are more likely to die from breast cancer than white women.

We must provide more linguistically and culturally appropriate health education as well as remove barriers to receiving healthcare. House Democrats will continue to support quality, equitable healthcare so that everyone, no matter their zip code, can thrive.
