Ohio Celebrates Manufacturing Month

This October, Ohio is recognizing Manufacturing Month. A time to celebrate the incredible innovation, hard work, and dedication of Ohio’s manufacturers, who are driving our economy forward. Manufacturing Month is a celebration that highlights the vital role of manufacturers in Ohio, and our rich industrial heritage. My office recognizes the contributions of manufacturers to the local economy, job creation, and innovation in our state. In Ohio, manufacturing employs hundreds of thousands of workers and is a key driver of economic growth. I want to thank all residents of the 44th District who work in the manufacturing sector. The significance of manufacturing in our state remains more critical than ever.

This month I had the honor of hosting the St. Marks's Church Men's Breakfast! I was joined by community leaders who are working hard to enrich our community. We shared a great meal and reflected on the work we've done and the work we need to do. Events like this help spur meaningful conversations, which in turn bring about progress.
