*Proudly serving Parma, Parma Heights,
and Cleveland's West Park Neighborhood!*

Dear District 14 Resident:

I went to the Statehouse to get things done for you - to get things done for Ohio. If you read this newsletter monthly, you have seen the progress I have made over the past 17 months. I work countless hours each week because I have a passion to use the position that you have entrusted to me to accomplish the most that I can to help make your life and the lives of all Ohioans better. I am very proud of my body of work, thus far. In fact, I was honored to be told recently that I have sponsored more bills than any of the 132 members of the Ohio General Assembly at 251, as of this writing. This month I want to give you a snapshot of some of the bills I have been working on.

As always, if my office may be of service, please contact us via phone or email. I also invite you to visit my website to learn more about how I am serving you and to sign up for my monthly newsletter. It is an honor to serve you!

Sincerely,

Sean Patrick Brennan

Veteran middle and high school American government teacher State Rep. Sean Patrick Brennan with his wife and children by his side, stands next to Ohio Governor Michael DeWine who signed Brennan's very first bill into law at the Ohio Statehouse in May. "This is one of the most important events in my life," Brennan said with a tear in his eye.

Create an adaptive mobility dealer license [Long Title +](#)

The diagram illustrates the legislative process for House Bill 195. It shows two parallel paths: one through the House and one through the Senate. Both paths start with 'Introduced' (In House and In Senate), followed by 'In House Committee' and 'In Senate Committee', then 'Reported By Committee', and 'Passed By House' and 'Passed By Senate'. Both paths converge at 'Signed By The Governor'.

I am very excited to announce that since last month's newsletter, Governor Michael DeWine signed my first bill into law. For those of you who read my monthly newsletter, you will recall that last May my fellow freshman Rep. Steve Demetriou (R - Bainbridge Township) and I introduced House Bill (H.B.) 195. This bipartisan bill will create an adaptive mobility car dealer license in Ohio. Currently, car dealers who retrofit vehicles for the disabled community are operating in a gray area under Ohio law. H.B. 195 will clear up this area of the law to the benefit of legitimate car dealers and those they serve. Our bill will lead to more adaptive dealers entering the market and result in better quality, lower prices, more choices, and further innovations in the adaptive automobile space. In fact, our bill will benefit disabled and senior Ohioans in many ways, including giving them peace of mind that the vehicles they purchase are safe and reliable and that the vehicle warranties will be honored.

Governor DeWine was gracious enough to grant us a signing ceremony in his historic Statehouse office. Surrounded by my wife, children, friends, and those who assisted with the bill, the Governor signed the bill and gifted me the pen he used to do so. With a tear in my eye, I told him what an honor it was for this thirty-year government teacher, who taught *how a bill becomes to law* to thousands of students, to be living my life's work.

State Rep. Brennan Top Ohio Bill Sponsor Reflecting His Goal of Furthering Bipartisan Collaboration

If you have been following me throughout the past seventeen months, you know that one of my top priorities is building relationships with my 99 colleagues in the Ohio House of Representatives and 33 colleagues in the Ohio Senate. My philosophy is that we have to communicate with one another in a civil manner for the good of those whom we serve because we serve everyone.

The result of these efforts is that I have found a multitude of issues upon which my fellow legislators and I share common ground. In fact, I am very proud that I am either primary or co-sponsor of more bills than anyone in the Ohio General Assembly. Primary sponsor means that I am the one who introduced the bill. A bill can have either one or two primary sponsors. Most of the bills on which I am primary sponsor I am joined by a Republican colleague. You can also add your name as co-sponsor to bills, which is a way of saying you support it in its current form. I am very pleased that many of my bills have quite a few co-sponsors.

Supports First Responders

I have always had a deep respect for first responders. Recently, I had the honor of speaking to the Northeast Ohio Fire Fighters. I also had the honor of catching up with the members of the Parma Police Department motorcycle contingent in the Polish Constitution Day parade.
