Dear Conn Selmer Management,

As the State Representative for Ohio's 23rd House District that includes the City of Eastlake, I am greatly concerned about the recent announcement to close the Conn Selmer plant in Eastlake and relocate the majority of its operations overseas.

This decision would eliminate 150 good-paying jobs in the area and significantly impact the hard-working employees that have contributed so much to build and maintain Conn Selmer's strong reputation and success. The closure raises serious concerns about the welfare of these workers, their families, and the broader Lake County community.

I would hope that there is some alternative path forward that can support both the company's future interests and the Eastlake facility's dedicated workforce. I urge you to reconsider this ill-advised decision and to maintain good-faith negotiations with the UAW on this matter.

I have always been proud of the fact that the excellent musical instruments produced by Conn Selmer and its outstanding workers occurs in my district and the city in which I grew up. If there is anything that I or my office can offer or do to facilitate a reconsideration of this decision, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Daniel P. Troy". The signature is stylized with a large, flowing "D" and "T".

**DANIEL P. TROY**

State Representative

Ohio's 23<sup>rd</sup> House District
